**Re: General Mills, Inc.  
Form 10-K for the Fiscal Year Ended May 31, 2015  
Filed July 6, 2015  
File No. 1-01185**

Dear Mr. Mulligan:

We have limited our review of your filing to your contacts with countries that have been identified as state sponsors of terrorism, and we have the following comments. Our review with respect to this issue does not preclude further review by the Assistant Director group with respect to other issues. In our comments, we ask you to provide us with information so we may better understand your disclosure.

Please respond to these comments within ten business days by providing the requested information or advise us as soon as possible when you will respond. If you do not believe our comments apply to your facts and circumstances, please tell us why in your response.

After reviewing your response to these comments, we may have additional comments.

General

1. In your letter to us dated March 29, 2013, you discussed contacts with Syria and certain contacts by Cereal Partners Worldwide, your joint venture with Nestle S.A. We note that your website states that your products are sold in Syria, and Nestle S.A.'s website also discusses sales to Syria. As you are aware, Syria is designated by the State Department as a state sponsor of terrorism and is subject to U.S. economic sanctions and export controls. Your Form 10-K does not provide disclosure about contacts with Syria. Please describe to us the nature and extent of your past, current, and anticipated contacts with Syria since your 2013 letter, whether through subsidiaries, affiliates, distributors, resellers or other direct or indirect arrangements. We also note that your website states that you sell products in North Africa. Sudan, located in North Africa, is also designated as a state sponsor of terrorism. Please

provide the same information requested above for any contacts with Sudan since your prior letter. You should describe any products or services you have provided to Syria and Sudan, directly or indirectly, and any agreements, commercial arrangements, or other contacts with the governments of those countries or entities they control.

2. Please discuss the materiality of any contacts with Syria and Sudan you describe in response to the comment above, and whether those contacts constitute a material investment risk for your security holders. You should address materiality in quantitative terms, including the approximate dollar amounts of any associated revenues, assets, and liabilities for the last three fiscal years and the subsequent interim period. Also, address materiality in terms of qualitative factors that a reasonable investor would deem important in making an investment decision, including the potential impact of corporate activities upon a company's reputation and share value. As you know, various state and municipal governments, universities, and other investors have proposed or adopted divestment or similar initiatives regarding investment in companies that do business with U.S.-designated state sponsors of terrorism. You should address the potential impact of the investor sentiment evidenced by such actions directed toward companies that have operations associated with Syria and Sudan.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes the information the Securities Exchange Act of 1934 and all applicable Exchange Act rules require. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In responding to our comments, please provide a written statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filing; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.
