# Forward Looking Statements

## Safe Harbor Statement

This conference call contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 including, without limitation, statements regarding the expected impact and timing of strategic initiatives and related benefits, future financial performance, operating performance, growth in free operating cash flow, organic and total revenue growth, operating margin growth, growth in diluted income per share from continuing operations, restructuring expenses and related benefits, tax rates, exchange rates, timing and amount of share repurchases, end market economic conditions, and the Company's related 2015 guidance. These statements are subject to certain risks, uncertainties, and other factors which could cause actual results to differ materially from those anticipated. Important risks that could cause actual results to differ materially from the Company's expectations include those that are detailed in ITW's Form 10-K for 2014 and Form 10-Q for the first quarter of 2015.

## Non-GAAP Measures

The Company uses certain non-GAAP measures in discussing the Company's performance. The reconciliation of those measures to the most comparable GAAP measures are detailed in ITW's press release for the second quarter of 2015, which is available at [www.itw.com](http://www.itw.com), together with this presentation.
