Form 10-K for the fiscal year ended March 1, 2009

Note 5. Debt, page 30

1. We note your response to our prior comment number one and the revised disclosures in your amended Form 10-K for the fiscal year ended March 1, 2009. However, we refer to your disclosure included in Note 3 on page 7 of Form 10-Q for the quarter ended May 24, 2009 that states "As of May 24, 2009, the Company entered into a loan modification agreement covering a portion of its debt which reduced the consolidated fixed charge coverage ratio to 1.15 to 1 from 1.20 to 1 and increased the funded debt to EBITDAR ratio to 6.15 from 5.5 for the first, second and third quarters of fiscal 2010 and was in compliance with those requirements". Based on the loan modifications and your compliance with the revised covenants at May 24, 2009, it appears that the related debt has been classified as long-term. In this regard, it is unclear to us why you believe such debt should be classified according to its contractual payment terms at May 24, 2009 when it appears that the loan modification changes the terms of the covenants with which you must comply for a period of less than 12 months. Please tell us and explain in the notes to your financial statements in future filings how the guidance in EITF 86-30 was considered in classifying this debt as long-term debt in your financial statements at May 24, 2009.

Note 7. Net Income (Loss) Per Common Share, page 35

2. We note your response to our prior comment number two. Please confirm that you will provide the disclosures required by paragraphs 40(c) of SFAS No. 128 for each period an income statement is presented.

You may contact Effie Simpson at (202) 551-3346 or myself at (202) 551-3813 if you have questions regarding comments on the financial statements and related matters.

Sincerely,
