ITEM 7. FINANCIAL STATEMENTS, PRO FORMA FINANCIAL INFORMATION AND EXHIBITS.

(c) Exhibits

99.1 Press Release dated May 14, 2003

ITEM 9. REGULATION FD DISCLOSURE.

See Item 12. Results of Operations and Financial Condition.

ITEM 12. RESULTS OF OPERATIONS AND FINANCIAL CONDITION.

On May 14, 2003, Acxiom Corporation (the "Company") issued a press release reporting its revenue and earnings for the fourth quarter and fiscal year ended March 31, 2003. The press release is furnished herewith as Exhibit 99.1 and incorporated by reference herein.

The Company's press release and other communications from time to time include certain non-GAAP financial measures. A "non-GAAP financial measure" is defined as a numerical measure of a company's financial performance, financial position or cash flows that excludes (or includes) amounts that are included in (or excluded from) the most directly comparable measure calculated and presented in accordance with GAAP in the Company's financial statements. The attached press release utilizes measures of earnings per share before giving effect to certain write-offs that were taken during the relevant periods and measures of free cash flow.

The Company's management believes that the presentation of earnings per share (before write-offs) provides useful information regarding the Company's financial performance and earnings potential by calculating and quantifying the effect of certain write-offs on earnings per share calculated in accordance with GAAP and gives investors insight into the profitability of the Company's operating business. Management also believes that the presentation of the non-GAAP financial measure is consistent with its past practice, as well as industry practice in general, and will enable investors and analysts to compare current non-GAAP measures with non-GAAP measures presented in prior periods.

Free cash flow is defined as operating cash flow less cash used by investing activities excluding the impact of investments in joint ventures and other business alliances and cash paid and/or received in acquisitions and dispositions. The Company's management believes that free cash flow provides a useful measure of operating performance for assessing the amount of cash available for general corporate and strategic purposes after funding operating activities and capital expenditures, capitalized software expenses, and deferred costs.

The attached press release contains a quantitative reconciliation of each non-GAAP financial measure used by the Company to the comparable GAAP measure. The non-GAAP financial measures used by the Company in the attached press release may not be comparable to

similarly titled measures used by other companies and should not be considered in isolation or as a substitute for measures of performance prepared in accordance with GAAP.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

Acxiom® Reports Fourth-Quarter Results

Fiscal 2003 Revenue, Earnings Improved; Highlights Include Cash Flow, New Contracts

LITTLE ROCK, Ark. – May 14, 2003 – Acxiom® Corporation (Nasdaq:ACXM), today reported revenue and earnings for the fourth quarter of fiscal 2003 ended March 31, 2003, that were substantially in line with the expectations the Company announced April 8, 2003. Revenue of \$239 million is slightly above the estimate of \$238 million, and the loss per share of \$.27 is slightly more than the loss of \$.22 to \$.26 the Company had projected, due to larger-than-expected non-cash charges in the quarter. These non-cash charges totaled \$43.1 million, compared to expectations of \$35 million to \$40 million.

Fiscal 2003 revenue of \$958 million and earnings per share of \$.24 compare to \$866 million in revenue and a loss per share of \$.36 in fiscal 2002. Acxiom will hold a conference call at 4:30 p.m. CDT today to discuss this information further. Interested parties are invited to listen to the call, which will be broadcast via the Internet at www.acxiom.com.

"As we discussed in April, the war in Iraq and the continued sluggish economy negatively impacted our data sales, project and volume-based revenue. Despite our fourth quarter performance, we made positive strides in fiscal 2003 that position Acxiom for success going forward," Company Leader Charles D. Morgan said. "We generated record cash flow, signed many strategic new contracts and renewed large deals while growing our revenue more than 10 percent in a tough economic climate."

Highlights of Acxiom's fourth quarter include:

- Revenue of \$239 million, up 6 percent from \$225 million in the same quarter a year ago.
- A loss per share of \$.27 compared to earnings of \$.15 per share in the fourth quarter last year.
- Included in the quarter's earnings are the non-cash charges of \$43.1 million, which negatively impacted EPS by \$.31.
- Operating cash flow of \$63.1 million and free cash flow of \$48.7 million, which exceeded free cash flow projections of \$25 million and is 15 percent higher than free cash flow in the fourth quarter last year.
- New contracts that will deliver \$25 million in incremental annual revenue and renewals that are expected to generate \$103 million in annual revenue.
- Committed new deals in the pipeline that are expected to add, when closed, \$47 million in annual revenue.

Highlights of Acxiom's fiscal 2003 include:

- Revenue of \$958 million, up 11 percent from \$866 million a year ago.
- Earnings per share (EPS) of \$.24 compared to a loss per share of \$.36 in fiscal 2002.
- Operating cash flow of \$253.8 million, which represents a 69 percent improvement over fiscal 2002. Free cash flow of \$199.0 million, almost triple the amount generated last year. Both fiscal 2003 cash flow numbers are Company records.
- New contracts that will contribute an annual value of \$96 million and contract renewals that will generate \$137 million in annual revenue.
- Acxiom continued to purchase company stock as part of the buyback program announced November 14, 2002. During fiscal 2003, the Company bought 1.8 million shares of common stock, and since March 31, 2003 has purchased an additional 2.2 million shares for a total of approximately 4 million shares.

In the fourth quarter, Acxiom completed new contracts with many large companies, including Wells Fargo, J.C. Penney and Federal Express. Other new business highlights in the year included new contracts with IBM; Visa USA; General Motors Corporation; Bank of America Corporation; Charles Schwab & Co., Inc.; Staples, Inc.; MasterCard International; Sun Microsystems; MGM Mirage; and Jet Blue Airways Corp., and contract renewals with Microsoft Corp.; E*TRADE Group; Canadian Tire Financial Services; the GM Card; Unilever; Bank One, NA (Ohio); and Ameritrade, Inc.

Fiscal 2003 Recognition

- Acxiom was ranked for the fifth time on Fortune magazine's list of "100 Best Companies to Work For in America."
- Acxiom was named to the inaugural *Fortune 40*, a list of companies the magazine calls "a powerful group one we think has a strong chance of beating the market."
- Acxiom was recognized by Intelligent Enterprise magazine editors as one of the leading "Companies to Watch" in 2003 and beyond.
- The Company received a "Best Practices in Storage Award" from Computerworld and the Storage Networking Industry Association for "Innovation and Promise" in the implementation and design of a large data storage area network.
- Bank Technology News named Acxiom one of 10 tech companies "whose innovations are raising the bar in banking."
- American Demographics magazine named Josh Herman, product manager for Acxiom's Personicx[®] segmentation product, among "the ones to watch" for future developments in the science of demographics.
- The United States Postal Service awarded technical unit leader Chris Bennett its Special Service Achievement Award at the USPS' Spring 2003 National Postal Forum.

Outlook

The financial projections stated today are based on the Company's current expectations. These projections are forward looking, and actual results may differ materially. These projections do not include the potential impact of any mergers, acquisitions, divestitures or other business combinations that may be completed in the future.

This forecast is conditioned upon a modest improvement in the general economic environment during the 2004 fiscal year ending March 31, 2004, during which the Company expects to generate revenue of approximately \$1.03 billion and earnings per share of approximately \$.70. The Company is raising its free cash flow projection from \$100 million to \$125 million for the 2004 fiscal year. The Company reiterates its previous projections for the first quarter ending June 30, 2003 of \$235 million to \$240 million in revenue and earnings in the range of \$.05 to \$.10 per share.

About Acxiom

Acxiom Corporation (Nasdaq: ACXM) integrates data, services and technology to create and deliver customer and information management solutions for many of the largest, most respected companies in the world. The core components of Acxiom's innovative solutions are Customer Data Integration (CDI) technology, data, database services, IT outsourcing, consulting and analytics, and privacy leadership. Founded in 1969, Acxiom is headquartered in Little Rock, Arkansas, with locations throughout the United States, and in the United Kingdom, France, Australia and Japan.

This release and the scheduled conference call will include certain non-GAAP financial measures. We have included reconciliations of these measures to comparable GAAP measures for each non-GAAP measure as attachments to this press release.

This release and today's conference call contain forward-looking statements that are subject to certain risks and uncertainties that could cause actual results to differ materially; such statements include but are not necessarily limited to the following: 1) that the business pipeline and that our current cost structure will allow the Company to continue to meet or exceed revenue, earnings and free cash flow projections; 2) that new contracts and contract renewals will generate the indicated amounts of revenue; 3) that the Company has committed new deals in the pipeline that are expected to deliver the indicated amounts; 4) that Acxiom is well positioned for success going forward; 5) that the future results of the Company will be within the indicated ranges; 6) that the forecasts for the Company are conditioned upon modest improvement in the general economic environment and 7) that the Company will continue to use cash to repurchase stock and reduce debt. The following are important factors, among others, that could cause actual results to differ materially from these forward-looking statements: The possibility that certain contracts may not be closed or closed within the anticipated time frames; the possibility that certain contracts may not generate the anticipated revenue or profitability; the possibility that economic or other conditions might lead to a reduction in demand for the Company's products and services; the possibility that the current economic slowdown may worsen and/or persist for an unpredictable period of time; the possibility that economic conditions will not improve as expected; the possibility that significant customers may experience extreme, severe economic difficulty; the possibility that the fair value of certain assets of the company may not be equal to the carrying value of those assets now or in future time periods; the possibility that sales cycles may lengthen; the continued ability to attract and retain qualified technical and leadership associates and the possible loss of associates to other organizations; the ability to properly motivate the sales force and other associates of the Company; the ability to achieve cost reductions and avoid unanticipated costs; the continued availability of credit upon satisfactory terms and conditions; the introduction of competent, competitive products, technologies or services by other companies; potential pricing pressure due to market conditions and/or competitive products and services; changes in consumer or business information industries and markets; the Company's ability to protect proprietary information and technology or to obtain necessary licenses on commercially reasonable terms; the difficulties encountered when entering new markets or industries; changes in the legislative, accounting, regulatory and consumer environments affecting the Company's business including but not limited to litigation, legislation, regulations and customs relating to the Company's ability to collect, manage, aggregate and use data; data suppliers might withdraw data from the Company, leading to the

Company's inability to provide certain products and services; short-term contracts affect the predictability of the Company's revenues; the possibility that the amount of ad hoc, volume based and project work will not be as expected; the potential loss of data center capacity or interruption of telecommunication links or power sources; postal rate increases that could lead to reduced volumes of business; customers that may cancel or modify their agreements with the Company; the potential disruption of the services of the United States Postal Service, their global counterparts and other delivery systems; the successful integration of any acquired businesses; and other competitive factors. With respect to the providing of products or services outside the Company's primary base of operations in the U.S., all of the above factors and the difficulty of doing business in numerous sovereign jurisdictions due to differences in culture, laws and regulations. Other factors are detailed from time to time in the Company's periodic reports and registration statements filed with the United States Securities and Exchange Commission. Acxiom believes that it has the product and technology offerings, facilities, associates and competitive and financial resources for continued business success, but future revenues, costs, margins and profits are all influenced by a number of factors, including those discussed above, all of which are inherently difficult to forecast. Acxiom undertakes no obligation to update the information contained in this press release or any other forward-looking statement.
