PART I. FINANCIAL INFORMATION

ITEM 4. Controls and Procedures

As required by Rule 13a-15 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), the Corporation carried out an evaluation under the supervision and with the participation of the Corporation’s management, including the Corporation’s principal executive officer and principal financial and accounting officer, of the effectiveness of the design and operation of the Corporation’s disclosure controls and procedures as of the end of the quarter ended June 30, 2007. Based upon that evaluation, the Corporation’s principal executive officer and principal financial and accounting officer concluded that the Corporation’s disclosure controls and procedures are effective and designed to ensure that information required to be disclosed by the Corporation in the reports it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms.

In connection with the restatement of the Corporation’s financial statements for the quarter ended June 30, 2007, as discussed in Note 1 of the Condensed Notes to its Consolidated Financial Statements included in Item 1 of Amendment No. 1 to its Quarterly Report on Form 10-Q for the period ended June 30, 2007 (the “Amendment No. 1”), the Corporation re-evaluated its original conclusions regarding the effectiveness of its disclosure controls and procedures as of June 30, 2007. As part of this re-evaluation, the Corporation considered the circumstances surrounding the restatement. As discussed in Note 1 of the Condensed Notes to the Corporation’s Consolidated Financial Statements, the restatement arose primarily from the selection of an inappropriate accounting principle with respect to an isolated set of securities transactions conducted in the quarter ended June 30, 2007 (the “Transactions”). After re-evaluating the Corporation’s disclosure controls and procedures as they related to the accounting for the Transactions, the principal executive officer and the principal financial and accounting officer concluded that the Corporation’s disclosure controls and procedures were effective at the end of the period covered by this quarterly report, notwithstanding the restatement. The Corporation will continue to review and document its disclosure controls and procedures and consider such changes in future evaluations of the effectiveness of such controls and procedures, as it deems appropriate.

There has been no change in our internal control over financial reporting during the period ended June 30, 2007 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting. We have considered the circumstances surrounding the restatement of our financial statements as disclosed in Note 1 of the Condensed Notes to the Consolidated Financial Statements included in Item 1 of the Second Quarter Amendment No. 1. After reviewing and analyzing our internal control over financial reporting as they related the accounting for the Transactions, we have concluded that the restatement of the financial statements was not caused by a material weakness in our internal control over financial reporting.
