Healthpeak Properties™ Reports Third Quarter 2020 Results

IRVINE, Calif., November 2, 2020 -- Healthpeak Properties, Inc. (NYSE: PEAK) today announced results for the third quarter ended September 30, 2020. For the quarter, we generated a net loss of (\$0.12) per share, NAREIT FFO of \$0.31 per share, FFO as Adjusted of \$0.40 per share and blended Total Same-Store Portfolio Cash NOI results of 2.8%.

THIRD QUARTER 2020 FINANCIAL PERFORMANCE AND RECENT HIGHLIGHTS

- The COVID-19 pandemic continues to evolve. In order to provide more up-to-date information about the impact of COVID-19 on Healthpeak, we have provided certain key operating metrics through October 2020 in a separate presentation posted on the investor relations section of our website at <https://ir.healthpeak.com/investor-presentations>.
- Dispositions:
 - In various stages on the sales of more than \$4 billion of SHOP and NNN transactions:
 - In July - November 2020, closed on the sales of 14 SHOP and NNN assets generating proceeds of approximately \$100 million.
 - Approximately \$1.5 billion under binding and non-binding purchase agreements across 8 separate transactions.
 - Approximately \$2 billion under letters of intent across 6 separate transactions.
 - The majority of the remaining SHOP and NNN assets are actively being marketed for sale.
 - If the various sales are completed, we expect:
 - SHOP assets: a Trailing Twelve Month Pre-COVID (04/01/19 - 03/31/20) weighted average cash capitalization rate in the high 5% range and a third quarter annualized weighted average cash capitalization rate of approximately 3%.
 - NNN assets: a third quarter annualized weighted average lease yield in the high 7% range and EBITDAR yield in the high 5% range.
 - During the quarter, closed on the sales of \$15 million of medical office and other assets.
- Acquisitions:
 - In October 2020, executed a definitive agreement to acquire Cambridge Discovery Park, a 607,000 square foot life science campus in the West Cambridge submarket of Boston, MA for \$664 million in an off-market transaction, which represents stabilized cash and GAAP capitalization rates of 5% and 6.5%, respectively. The site includes a future densification opportunity of approximately 100,000 square feet.
 - In October 2020, executed a definitive agreement to acquire approximately 12 acres of land for \$128 million in an off-market transaction. The acquisition sites are located in South San Francisco, CA, adjacent to two sites currently held by Healthpeak as land for future development: Forbes Research Center ("Forbes") and Modular Labs III. Healthpeak intends to entitle the acquisition sites for a new development of at least 500,000 square feet, which could join with our adjacent sites to create a multi-phase, scalable development campus totaling 1 million square feet or more.
 - In October 2020, acquired a 7-property medical office portfolio, totaling 439,000 square feet, for \$169 million, which represents year-one cash and GAAP capitalization rates of 5.5% and 5.6%, respectively. Six of the seven properties are on-campus and all the properties are anchored by a #1 or #2 local health system.
 - In July 2020, acquired a two-story, 107,000 square foot medical office building in Scottsdale, AZ for \$27 million in an off-market transaction, which represents year-one cash and GAAP capitalization rates of 7.1% and 7.7%, respectively.
- Development:
 - In September 2020, signed a 10-year 118,000 square feet lease at our Boardwalk development project in San Diego, CA. The development is now 100% pre-leased, with initial occupancy expected in late 2021.
 - In September 2020, commenced construction on 101 CambridgePark Drive, a 159,000 square foot life science development project, located in the West Cambridge submarket of Boston, MA, with estimated total spend of approximately \$174 million.
 - In September 2020, delivered a 119,000 square foot, six-story medical office building in Brentwood, TN. The development was 49% leased to HCA Healthcare ("HCA") upon delivery.
 - In August 2020, delivered a 70,000 square foot, four-story Class A medical office building located on the Ogden Regional Medical Center campus in Ogden, Utah. The development was 69% leased upon delivery and is 78% leased today.
- As of October 30, 2020, had \$2.6 billion of liquidity including \$2.4 billion of availability on Healthpeak's \$2.5 billion revolving credit facility and approximately \$150 million of cash and cash equivalents.
- Replaced Board of Directors age 75 retirement policy with a Director term limit of 15 years.
- Declared quarterly common stock cash dividend of \$0.37 per share to be paid on November 23, 2020, to stockholders of record as of the close of business on November 12, 2020.
- Established new corporate headquarters in Denver, Colorado.
- Received "Prime" rating from ISS ESG Corporate Rating, recognizing top ESG performance within our sector; nominated for the Corporate Governance Awards 2020 - Best Proxy Statement (Large Cap Company) by Corporate Secretary and IR Magazine; and for the ninth consecutive year, named a constituent in the FTSE4Good Index.

THIRD QUARTER COMPARISON

<i>(in thousands, except per share amounts)</i>	Three Months Ended September 30, 2020		Three Months Ended September 30, 2019	
	Amount	Per Share	Amount	Per Share
Net income (loss), diluted	\$ (63,768)	\$ (0.12)	\$ (46,249)	\$ (0.09)
NAREIT FFO, diluted	164,603	0.31	183,266	0.37
FFO as Adjusted, diluted	215,381	0.40	222,160	0.44
AFFO, diluted	183,791		191,922	

NAREIT FFO, FFO as Adjusted, AFFO, Same-Store Cash NOI, Net Debt and Adjusted EBITDA are supplemental non-GAAP financial measures that we believe are useful in evaluating the operating performance and financial position of real estate investment trusts (see the "Funds From Operations" and "Adjusted Funds From Operations" sections of this release for additional information). See "September 30, 2020 Discussion and Reconciliation of Non-GAAP Financial Measures" for definitions, discussions of their uses and inherent limitations, and reconciliations to the most directly comparable financial measures calculated and presented in accordance with GAAP on the Investor Relations section of our website at <http://ir.healthpeak.com/quarterly-results>.

SAME-STORE ("SS") OPERATING SUMMARY

The table below outlines the year-over-year three-month and year-to-date SS Cash NOI growth:

Year-Over-Year Total SS Portfolio Cash NOI Growth			
	Three Month	Year-To-Date	% of SS
Medical office	3.3%	2.3%	46.8%
Life science	5.5%	5.7%	38.5%
Senior housing ⁽¹⁾⁽²⁾	(6.3%)	(5.8%)	10.5%
Other non-reportable segments ("Other")	0.8%	3.0%	4.1%
Total Portfolio⁽¹⁾⁽²⁾	2.8%	2.7%	100.0%

(1) Same-Store year-over-year three-month Portfolio Cash NOI growth includes identifiable COVID-19 expenses of \$0.6 million in the SHOP portfolio.

(2) Same-Store year-over-year year-to-date Portfolio Cash NOI growth includes identifiable COVID-19 expenses of \$1.5 million in the SHOP portfolio.

ACQUISITIONS

CAMBRIDGE DISCOVERY PARK ACQUISITION

In October 2020, executed a definitive agreement to acquire Cambridge Discovery Park, a four-building Class A life science and research campus, for a \$664 million purchase price (\$720 million gross valuation), which represents stabilized cash and GAAP capitalization rates of 5% and 6.5%, respectively. In conjunction with the transaction, Healthpeak entered into a 49% / 51% minority joint venture on 1 of the 4 buildings with The Bulfinch Companies, Inc., a well-established Boston-based owner, manager and developer of life science and medical office real estate. Healthpeak will own a 100% interest in the other 3 buildings.

The 607,000 square foot campus is located walking distance from Healthpeak's CambridgePark Drive holdings in the West Cambridge submarket of Boston, MA. The campus is 94% leased to a diversified tenant base of biotechnology, pharmaceutical and research companies with a weighted average remaining lease term of approximately 7.5 years. The site also includes a future densification opportunity of approximately 100,000 square feet.

The transaction strengthens Healthpeak's leading market share in West Cambridge, and expands our greater Boston footprint to 2.4 million square feet (including the 101 CambridgePark Drive development). The transaction is expected to close in the fourth quarter 2020.

SOUTH SAN FRANCISCO LAND SITE ACQUISITION

In October 2020, executed definitive agreements to acquire approximately 12 acres of land in South San Francisco for \$128 million. Located directly adjacent to Healthpeak's Forbes development site and Healthpeak's Modular Labs III development site, the assemblage includes sites that are currently utilized as industrial buildings that are subject to short-term leases, as well as a vacant land parcel.

Upon closing of the acquisition, Healthpeak intends to entitle the sites for future development as a life science campus that, when combined with Healthpeak's Forbes and Modular Labs III sites, could allow for a campus with an estimated minimum size of approximately 1 million square feet over 20 acres. The future developments will strengthen Healthpeak's leading market position in South San Francisco and provide an opportunity to build another campus of significant scale to meet the growth needs of Healthpeak's existing and potential tenants.

MIDWEST MEDICAL OFFICE PORTFOLIO ACQUISITION

In October 2020, acquired a 7-property medical office portfolio, totaling 439,000 square feet, for \$169 million, which represents year-one cash and GAAP capitalization rates of 5.5% and 5.6%, respectively. The properties are located across 3 states: Indiana (5), Missouri (1) and Illinois (1). The portfolio is 92% leased with a weighted average lease term of 4.1 years and 2.5% average annual escalators. Additionally, 6 of the 7 properties are located on-campus with a physical connection to the host hospital.

The transaction supports Healthpeak's MOB growth strategy of investing in on-campus and highly anchored properties affiliated with #1 or #2 local hospitals and health systems.

SCOTTSDALE GATEWAY ACQUISITION

In July 2020, acquired a two-story, 107,000 square foot medical office building in Scottsdale, AZ for \$27 million, which represents year-one cash and GAAP capitalization rates of 7.1% and 7.7%, respectively.

The property is currently 96% leased to four tenants and has a weighted average remaining lease term of 5 years with 2% average annual escalators.

Located adjacent to the HonorHealth Scottsdale Shea Medical Center, where Healthpeak already owns 173,000 square feet, the transaction will expand Healthpeak's presence to approximately 800,000 square feet in the Phoenix MSA.

DEVELOPMENT UPDATES

101 CAMBRIDGEPARK DRIVE

In September 2020, Healthpeak and its joint venture partner, King Street Properties, commenced construction on 101 CambridgePark Drive, a \$174 million life science development project located in the West Cambridge submarket of Boston, MA.

Totaling approximately 159,000 square feet, the five-story Class A laboratory building will allow Healthpeak to create a 450,000 square foot flagship campus in West Cambridge, when considered with our holdings at 35 and 87 CambridgePark Drive.

Completion is expected in third quarter of 2022, and upon stabilization, the development is projected to generate an estimated yield on cost of 7.5%.

MEDICAL OFFICE DEVELOPMENT PROGRAM WITH HCA

- **Brentwood:** In September 2020, delivered a 119,000 square foot, six-story medical office building in Brentwood, TN. The \$37 million development was 49% leased to HCA upon delivery and is projected to generate a stabilized yield in the low to mid 8% range.
- **Ogden:** In August 2020, delivered a 70,000 square foot, four-story Class A medical office building located on the Ogden Regional Medical Center campus in Ogden, Utah. The \$18 million development was 69% leased upon delivery and is 78% leased today. The property is projected to generate a stabilized yield in the low to mid 7% range.

THE BOARDWALK DEVELOPMENT LEASING

In September 2020, signed a 10-year, 118,000 square foot lease with a publicly-traded biotechnology company at our Boardwalk life science development project in San Diego, CA. The 192,000 square foot development project is now 100% pre-leased to two tenants, with a weighted average lease term of over 13 years.

Initial occupancy is expected in the fourth quarter of 2021, and upon stabilization, the campus is projected to generate an estimated yield on cost of 7.1%.

BOARD OF DIRECTORS RETIREMENT POLICY UPDATE

In October 2020, Healthpeak revised its Board of Directors retirement policy by providing for a Director term limit of 15 years, replacing the prior policy mandating retirement at the age of 75. One Director who has been on our Board for more than 15 years will be allowed to remain on our Board until the age of 75, so as not to accelerate retirement due to the revised policy. The revised policy maintains diversity across Healthpeak's Board and further promotes long-term Board refreshment.

DIVIDEND

On November 2, 2020, Healthpeak announced that its Board declared quarterly common stock cash dividend of \$0.37 per share to be paid on November 23, 2020, to stockholders of record as of the close of business on November 12, 2020.

NEW CORPORATE HEADQUARTERS

In November 2020, Healthpeak established a new corporate headquarters in Denver, CO to create a more centralized geographic location relative to Healthpeak's portfolio locations and existing offices in Irvine, CA and Franklin, TN, which will continue to operate.

ESG

Healthpeak's position as a leader in environmental, social and governance (ESG) performance has been recognized by various organizations around the world. For the ninth consecutive year, Healthpeak was named a constituent in the FTSE4Good Index. Healthpeak also received "Prime" rating from ISS ESG Corporate Rating for its top ESG performance. Healthpeak was also nominated for the Corporate Governance Awards 2020 - Best Proxy Statement (Large Cap Company) by Corporate Secretary and IR Magazine for its best-in-class proxy disclosure. More information about Healthpeak's ESG efforts, including a link to our ESG Report, is available on our website at www.healthpeak.com/esg.

2020 OUTLOOK UPDATE

Please see pages 45-47 in the Third Quarter 2020 Supplemental Report for a revised outlook and earnings framework.

COMPANY INFORMATION

Healthpeak has scheduled a conference call and webcast for Tuesday, November 3, 2020, at 9:00 a.m. Pacific Time (12:00 p.m. Eastern Time) to present its performance and operating results for the third quarter ended September 30, 2020. The conference call is accessible by dialing (888) 317-6003 (U.S.) or (412) 317-6061 (international). The conference ID number is 4391911. You may also access the conference call via webcast in the Investor Relations section of our website at <http://ir.healthpeak.com>. An archive of the webcast will be available on Healthpeak's website through November 3, 2021, and a telephonic replay can be accessed through November 17, 2020, by dialing (877) 344-7529 (U.S.) or (412) 317-0088 (international) and entering conference ID number 10147622. Our Supplemental Report for the current period is also available, with this earnings release, in the Investor Relations section of our website.

ABOUT HEALTHPEAK

Healthpeak Properties, Inc. is a fully integrated real estate investment trust (REIT) and S&P 500 company. Healthpeak owns and develops high-quality real estate in the three private-pay healthcare asset classes of Life Science, Medical Office and Senior Housing, designed to provide stability through the inevitable industry cycles. At Healthpeak, we pair our deep understanding of the healthcare real estate market with a strong vision for long-term growth. For more information regarding Healthpeak, visit www.healthpeak.com.

FORWARD-LOOKING STATEMENTS

Statements in this release that are not historical facts are "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements include, among other things, statements regarding our and our officers' intent, belief or expectation as identified by the use of words such as "may," "will," "project," "expect," "believe," "intend," "anticipate," "seek," "target," "forecast," "plan," "potential," "estimate," "could," "would," "should" and other comparable and derivative terms or the negatives thereof. Examples of forward-looking statements include, among other things: (i) statements regarding timing, outcomes and other details relating to current, pending or contemplated acquisitions, dispositions, transitions, developments, redevelopments, joint venture transactions, leasing activity, capital recycling plans, financing activities, or other transactions discussed in this release; (ii) the payment of a quarterly cash dividend; and (iii) statements regarding the impact of the COVID-19 pandemic on our business, financial condition and results of operations. Pending dispositions, including those subject to binding agreements, remain subject to closing conditions and may not close within the anticipated timeframes or at all. Forward-looking statements reflect our current expectations and views about future events and are subject to risks and uncertainties that could significantly affect our future financial condition and results of operations. While forward-looking statements reflect our good faith belief and assumptions we believe to be reasonable based upon current information, we can give no assurance that our expectations or forecasts will be attained. Further, we cannot guarantee the accuracy of any such forward-looking statement contained in this release, and such forward-looking statements are subject to known and unknown risks and uncertainties that are difficult to predict. These risks and uncertainties include, but are not limited to: the severity and duration of the COVID-19 pandemic; actions that have been taken and may continue to be taken by governmental authorities to contain the COVID-19 outbreak or to treat its impact; the impact of the COVID-19 pandemic and health and safety measures taken to reduce the spread; operational risks associated with third party management contracts, including the additional regulation and liabilities of our RIDEA lease structures; the ability of our existing and future tenants, operators and borrowers to conduct their respective businesses in a manner sufficient to maintain or increase their revenues and manage their expenses in order to generate sufficient income to make rent and loan payments to us and our ability to recover investments made, if applicable, in their operations; the imposition of laws or regulations prohibiting the eviction of our tenants, including new governmental efforts in response to COVID-19; the financial condition of our existing and future tenants, operators and borrowers, including potential bankruptcies and downturns in their businesses, and their legal and regulatory proceedings, which results in uncertainties regarding our ability to continue to realize the full benefit of such tenants' and operators' leases and borrowers' loans; our concentration in the healthcare property sector, particularly in senior housing, life sciences and medical office buildings, which makes our profitability more vulnerable to a downturn in a specific sector than if we were investing in multiple industries; the effect on us and our tenants and operators of legislation, executive orders and other legal requirements, including compliance with the Americans with Disabilities Act, fire, safety and health regulations, environmental laws, the Affordable Care Act, licensure, certification and inspection requirements, and laws addressing entitlement programs and related services, including Medicare and Medicaid, which may result in future reductions in reimbursements or fines for noncompliance; our ability to identify replacement tenants and operators and the potential renovation costs and regulatory approvals associated therewith; the risks associated with property development and redevelopment, including costs above original estimates, project delays and lower occupancy rates and rents than expected; the potential impact of uninsured or underinsured losses, including as a result of hurricanes, earthquakes and other natural disasters, pandemics such as COVID-19, acts of war and/or terrorism and other events that may cause such losses and/or performance declines by us or our tenants and operators; the risks associated with our investments in joint ventures and unconsolidated entities, including our lack of sole decision making authority and our reliance on our partners' financial condition and continued cooperation; competition for the acquisition and financing of suitable healthcare properties as well as competition for tenants and operators, including with respect to new leases and mortgages and the renewal or rollover of existing leases; our or our counterparties' ability to fulfill obligations, such as financing conditions and/or regulatory approval requirements, required to successfully consummate acquisitions, dispositions, transitions, developments, redevelopments, joint venture transactions or other transactions; our ability to achieve the benefits of acquisitions or other investments within expected time frames or at all, or within expected cost projections; the potential impact on us and our tenants, operators and borrowers from current and future litigation matters, including the possibility of larger than expected litigation costs, adverse results and related developments; changes in federal, state or local laws and regulations, including those affecting the healthcare industry that affect our costs of compliance or increase the costs, or otherwise affect the operations, of our tenants and operators; our ability to foreclose on collateral securing our real estate-related loans; volatility or uncertainty in the capital markets, the availability and cost of capital as impacted by interest rates, changes in our credit ratings, the value of our common stock, and other conditions that may adversely impact our ability to fund our obligations or consummate transactions, or reduce the earnings from potential transactions; changes in global, national and local economic and other conditions, including the ongoing economic downturn, volatility in the financial markets and high unemployment rates; our ability to manage our indebtedness level and changes in the terms of such indebtedness; competition for skilled management and other key personnel; our reliance on information technology systems and the potential impact of system failures, disruptions or breaches; our ability to maintain our qualification as a real estate investment trust; and other risks and uncertainties described from time to time in our Securities and Exchange Commission filings. Except as required by law, we do not undertake, and hereby disclaim, any obligation to update any forward-looking statements, which speak only as of the date on which they are made.

- (1) For the nine months ended September 30, 2020, relates to the gain on consolidation of 13 continuing care retirement communities ("CCRCs") in which we acquired Brookdale's interest and began consolidating during the first quarter of 2020. For the nine months ended September 30, 2019, represents the gain related to the acquisition of the outstanding equity interests in a previously unconsolidated senior housing joint venture. Gains upon change of control are included in other income (expense), net in the consolidated statements of operations.
- (2) For the three and nine months ended September 30, 2019, includes a \$6 million impairment charge related to depreciable real estate held by the CCRC JV, which is recognized in equity income (loss) from unconsolidated joint ventures in the consolidated statement of operations.
- (3) For the nine months ended September 30, 2020, includes the termination fee and transition fee expenses related to terminating the management agreements with Brookdale for 13 CCRCs and transitioning those communities to LCS, partially offset by the tax benefit recognized related to those expenses. The expense related to terminating the CCRC management agreements with Brookdale is included in operating expenses in the consolidated statement of operations for the nine months ended September 30, 2020.
- (4) For the three and nine months ended September 30, 2020, includes reserves for loan losses under the current expected credit losses accounting standard in accordance with Accounting Standards Codification 326, *Financial Instruments – Credit Losses ("ASC 326")*. The nine months ended September 30, 2020 also includes a gain on sale of a hospital that was in a direct financing lease ("DFL"), and the impairment of an undeveloped MOB land parcel, which was sold during the third quarter. For the nine months ended September 30, 2019, represents the impairment of 13 senior housing triple-net facilities under DFLs recognized as a result of entering into sales agreements.
- (5) For the three and nine months ended September 30, 2020, represents the valuation allowance and corresponding income tax expense related to deferred tax assets that are no longer expected to be realized as a result of our plan to dispose of a significant portion of our SHOP portfolio. We determined we were unlikely to hold the assets long enough to realize the future value of certain deferred tax assets generated by the net operating losses of its taxable REIT subsidiaries.
- (6) For the nine months ended September 30, 2020, represents the tax benefit from the CARES Act, which extended the net operating loss carryback period to five years.

- (1) In connection with the acquisition of the remaining 51% interest in the CCRC JV in January 2020, we consolidated the 13 communities in the CCRC JV and recorded the assets and liabilities at their acquisition date relative fair values, including the CCRC contract liabilities associated with previously collected non-refundable entrance fees. In conjunction with increasing those CCRC contract liabilities to their fair value, we concluded that we will no longer adjust for the timing difference between non-refundable entrance fees collected and amortized as we believe the amortization of these fees is a meaningful representation of how we satisfy the performance obligations of the fees. As such, upon consolidation of the CCRC assets, we no longer exclude the difference between CCRC entrance fees collected and amortized from the calculation of AFFO. For comparative periods presented, the adjustment continues to represent our 49% share of non-refundable entrance fees collected by the CCRC JV, net of reserves and net of CCRC JV entrance fee amortization.
- (2) Primarily includes our share of AFFO capital expenditures from unconsolidated joint ventures, partially offset by noncontrolling interests' share of AFFO capital expenditures from consolidated joint ventures.

(1) Reconciliations, definitions, and important discussions regarding the usefulness and limitations of the non-GAAP financial measures used in this report can be found at <http://ir.healthpeak.com/quarterly-results>. Totals throughout this Earnings Release and Supplemental Report may not add due to rounding.

(2) Segments, NOI, and other key performance metrics are inclusive of our share in unconsolidated JVs and exclusive of non-controlling interest share in consolidated JVs. See the Glossary herein and the Discussion and Reconciliation of Non-GAAP Financial Measures found at <http://ir.healthpeak.com/quarterly-results> for further information.

(3) 3Q20 includes \$2.4 million and YTD 2020 includes \$17.3 million of government grants under the CARES Act for our SHOP and CCRC segments, which is included in Other income (expense), net and Equity income/(loss) from unconsolidated joint ventures in our Consolidated Statement of Operations, none of which relates to properties in Same-Store.

(4) 3Q20 includes \$10.1 million and YTD 2020 includes \$33.2 million of identifiable COVID expenses for our SHOP and CCRC segments.

(5) Occupancy for Life science and Medical office is calculated as of the end of the period presented and is based on square feet. Occupancy for Senior housing is calculated on a three-month average and is based on units. Occupancy for Senior housing triple-net is one quarter in arrears, and SHOP and CCRC are based on the most recent three-months available. Occupancy excludes assets that are held for sale.

(6) Our Other non-reportable segment includes ten hospitals.

PORTFOLIO INCOME⁽⁴⁾

(1) Age is weighted based on current quarter Portfolio Income excluding assets sold or held for sale.

(2) Self-pay and private insurance (including managed care) revenues as a percentage of total property revenues for the most recent trailing 12 months available, weighted based on current quarter Portfolio Income including assets sold in the quarter. Revenues for medical office buildings are considered 100% private pay.

(3) Includes Construction in Process ("CIP") and buildings or portions of buildings placed in Redevelopment. Portfolio Income for Redevelopments is reflected in the Property Portfolio section above.

(4) Our pro rata share information is prepared by applying our actual ownership percentage for the period and is intended to reflect our proportionate economic interest in the financial position and operating results of properties in our portfolio.

- (1) Two Senior housing triple-net assets held for sale are reflected in Segment conversions. Eighteen SHOP assets held for sale are reflected in the following categories: one Completed Development - not Stabilized, five Redevelopments, three Completed Redevelopments - not Stabilized, and nine Segment conversions.
- (2) Senior housing triple-net represents properties for which an agreement has been reached to convert to SHOP but have not yet closed.
- (3) Life science assets removed from Same-Store due to significant tenant relocations from buildings that were in Same-Store to buildings that are not in Same-Store, where the relocation results in increased revenues to the Company.

(1) The Company has a \$2.5 billion unsecured revolving line of credit facility, which matures on May 23, 2023 and contains two six-month extension options. It accrues annual interest at LIBOR plus 82.5 basis points and incurs an annual facility fee of 15 basis points, based on our current unsecured credit rating.

(2) The Company has a \$250 million term loan, which matures on May 23, 2024. It accrues annual interest at LIBOR plus 90 basis points, based on our current unsecured credit rating.

(3) Rates are reported in the year in which the related debt matures.

(4) Reflects pro rata share of mortgage debt in our unconsolidated JVs.

(5) Includes mortgage debt of \$77.2 million on assets held for sale that matures in 2027 and 2044.

(6) Excludes the impact of mortgage debt held for sale.

(1) Demographic data provided by StratoDem Analytics for 2020. Construction and supply data provided by National Investment Center for Senior Housing and Care ("NIC") for the quarter ended September 30, 2020. Data reflects a 5-mile radius around each community and is weighted by Cash NOI. See Glossary for further discussion.

(2) Represents the number of properties and units with similar care types that are under construction.

(3) Represents total Portfolio Cash NOI exposed to new construction and material expansions.

- (1) Information presented is as originally reported for each quarter. See the Earnings Release and Supplemental report and the Discussion and Reconciliation of Non-GAAP Financial Measures found at <http://ir.healthpeak.com/quarterly-results> for each quarter for further information on the Same-Store Portfolio Cash NOI definition, uses and inherent limitations, and reconciliation to the most directly comparable financial measures calculated and presented in accordance with GAAP.
- (2) Property count is as of the end of each quarter presented and Portfolio Cash NOI represents the full period a property was held in each quarter presented.
- (3) Represents properties converted to SHOP that do not meet the criteria for SS for the period presented due to the twelve-month Stabilization period following conversion. A property must be in a consistent reporting structure for the full period presented and the year-over-year comparison period in order to be included in SS.
- (4) For 3Q20, eighteen held for sale assets are reflected in the following categories, five Redevelopments, four not Stabilized, and nine Segment conversions.
- (5) Occupancy represents the facilities' average operating occupancy for the periods presented, based on units, weighted to reflect our share and excludes facilities for which data is not available or meaningful. All Occupancy performance data was derived solely from information provided by operators without independent verification by us.
- (6) REVPOR SHOP represents the average Cash Real Estate Revenues per occupied unit for the periods presented. REVPOR cannot be derived from the information presented for the SHOP portfolio as units reflect 100% of the unit capacities for unconsolidated JVs and revenue is at the Company's pro rata share.

(1) Demographic data provided by StratoDem Analytics for 2020. Construction and supply data provided by NIC for the quarter ended September 30, 2020. Data reflects a 5-mile radius around each community and is weighted by Cash NOI. See Glossary for further discussion.

(2) Represents the number of properties and units with similar care types that are under construction.

(3) Represents total Portfolio Cash NOI exposed to new construction and material expansions.

Pro Forma Senior Housing

As of and for the quarter ended September 30, 2020, dollars in thousands, except REVPOR

In accordance with the Company's policy and industry practice, properties classified as held for sale are excluded from Same-Store results and key metrics throughout this supplement. The Company's decision to substantially reduce its Senior housing portfolio led to classifying 111 stabilized assets as held for sale, which significantly impacts reported results. The purpose of this page is to illustrate the total and Same-Store Senior housing portfolio performance inclusive of those stabilized held for sale assets.

(1) Excludes five properties that are in Development. Properties that are held for sale are included in property count, Investment, Cash NOI, and square feet but are excluded from Occupancy.

(2) Includes 7.9 million square feet subject to ground leases with average expirations of 55 years and renewal options generally ranging from 10 to 25 years.

(3) Includes medical office buildings that are off-campus, adjacent (within 0.25 miles of a hospital campus) and anchored (the asset is off-campus, but is 1/3 or more leased to a health system or physician group).

Senior Housing Fourth Quarter Operational Outlook⁽²⁾⁽³⁾

- SHOP
- Total stabilized SHOP occupancy is expected to decline approximately 100 – 200 basis points in the fourth quarter but will depend on COVID-19 trends
 - COVID-19 expenses for SHOP are expected to approximate \$5 million in the fourth quarter

- CCRC
- Total CCRC occupancy is expected to range from a decline of 50 basis points to an increase of 50 basis points during the fourth quarter but will depend on COVID-19 trends
 - COVID-19 expenses for CCRCs are expected to approximate \$5 million in the fourth quarter

(1) Includes our Share of Unconsolidated JVs.

(2) Properties that were sold as of October 31st 2020 are excluded from total expense and reporting statistics.

(3) Fourth quarter senior housing occupancy and expense outlooks exclude any impact from potential asset dispositions.

2020 Outlook & Additional Items

Dollars in millions, except per share data

FFO per share impacts for May, August and November Known Items, Medical Office / Life Science and Ongoing Rent Collectability Assessment Outlooks are relative to our February 2020 Guidance of \$1.80 per share at the midpoint, which was formally withdrawn in March 2020.

Known Items

	Type of Impact	May Outlook	August Outlook	November Outlook	Commentary
		FFO/share	FFO/share	FFO/share	
Acceleration of equity forwards	Timing Only	\$(0.035)	No Change	No Change	Reflects accelerated settlement of \$1.06 billion compared to withdrawn guidance
Acceleration of Frost Street PO	Timing Only	\$(0.005)	No Change	No Change	Reflects acceleration of tenant's \$106 million purchase option exercise from February 2021 to June 2020 (6.0% cash yield)
Development earn-in	Timing Only	\$(0.005)	No Change	No Change	Reduced development earn-in as a result of delayed construction
Reduction in LIBOR	Timing Only	\$0.005	No Change	No Change	Approximately 100 bps decline in LIBOR

Medical Office / Life Science

Senior Housing NNN leases	GAAP and Cash	< \$(0.01)	\$0.00	\$0.00	Resolved discussions with two tenants

(1) Assumptions are in addition to the \$10 million previously provided in withdrawn guidance.

2020 Outlook & Additional Items

Dollars in millions

Please note that the figures provided on these pages do not represent guidance

Sources & Uses Update

Transaction	August 5, 2020 Outlook ⁽¹⁾	Transaction Adjustments Since Last Quarter:		November 2, 2020 Outlook
		Closed (7/1 - 11/1)	New Acquisitions	
Equity forwards	\$1,062	\$—	\$—	\$1,062
Dispositions ⁽²⁾	275	115	—	390
Assumed debt ⁽³⁾	—	—	30	30
Revolver draw / (paydown)	(37)	85	775	823
Total Sources	\$1,300	\$200	\$805	\$2,305
Capital spend	\$700	\$—	\$—	\$700
Investments ⁽⁴⁾	375	200	792	1,367
Transaction and deal costs	—	—	13	13
Brookdale NNN / CCRC Transaction, net	225	—	—	225
Total Uses	\$1,300	\$200	\$805	\$2,305

For modeling purposes above, assumes revolver draw. The majority of our +/- \$4.5 billion SHOP and NNN portfolio of real estate and loans are being actively marketed for sale. We currently have a number of senior housing dispositions in various stages, including approximately \$1.5 billion under both binding and non-binding purchase agreements and approximately \$2 billion under letters of intent which, if successful, are expected to close late 2020 / early 2021. Due to the unpredictability of COVID, there is no assurance on the completion of the senior housing asset sales.

- (1) Excludes completed sale of 18 NNN assets and purchase of 51% interest in 13 CCRCs related to the Brookdale NNN / CCRC Transaction which closed in 1Q 2020. August Outlook reflected (\$37) million paydown as an increase in cash.
- (2) Dispositions closed 7/1 - 11/1 include approximately \$100 million of senior housing sales and \$15 million of MOB / Other sales.
- (3) Assumed mortgage debt related to Cambridge Discovery Park acquisition.
- (4) New Acquisitions includes Cambridge Discovery Park (\$664 million) and South San Francisco Life Science development site (\$128 million).

Glossary

Adjusted Fixed Charge Coverage*

Adjusted EBITDAre divided by Fixed Charges. Adjusted Fixed Charge Coverage is a supplemental measure of liquidity and our ability to meet interest payments on our outstanding debt and pay dividends to our preferred stockholders, if applicable. Our various debt agreements contain covenants that require us to maintain ratios similar to Adjusted Fixed Charge Coverage and credit rating agencies utilize similar ratios in evaluating and determining the credit rating on certain of our debt instruments. Adjusted Fixed Charge Coverage is subject to the same limitations and qualifications as Adjusted EBITDAre and Fixed Charges.

Adjusted Funds From Operations (“AFFO”)*

See the “Adjusted Funds From Operations” definition included in the accompanying Discussion and Reconciliations of Non-GAAP Financial Measures for information regarding AFFO.

Annualized Base Rent

The most recent month’s (or subsequent month’s if acquired in the most recent month) base rent including additional rent floors, cash income from DFLs, and/or interest income annualized for 12 months. Annualized Base Rent includes the Company’s share of unconsolidated JVs calculated on the same basis and excludes properties in our SHOP and CCRC segments, properties sold or held for sale during the quarter, and noncontrolling interests’ share of consolidated JVs calculated on the same basis. Further, Annualized Base Rent does not include tenant recoveries, additional rents in excess of floors, and non-cash revenue adjustments (i.e., straight-line rents, amortization of market lease intangibles, DFL non-cash interest and deferred revenues). We use Annualized Base Rent for the purpose of determining Lease Expirations and Debt Investment Maturities.

Cash Flow Coverage (“CFC”)*

Facility EBITDAR or Facility EBITDARM divided by the aggregate of base rent and any additional rent due to us for the trailing 12-month period one quarter in arrears from the period presented. CFC is a supplemental measure of a property’s ability to generate cash flows for the operator/tenant (not the Company) to meet the operator’s/tenant’s related rent and other obligations to us. However, CFC is subject to the same limitations and qualifications as Facility EBITDAR or Facility EBITDARM. CFC is not presented for: (i) properties operated under a RIDEA structure or (ii) newly completed facilities under lease-up, facilities acquired or transitioned to new operators during the relevant trailing 12-month period, vacant facilities, facilities that are held for sale, facilities for which an agreement has been reached to change reporting structure, and facilities for which data is not available or meaningful.

Completion Date - Development/Redevelopment

For Developments, management’s estimate of the period the core and shell structure improvements are expected to be or have been completed. For Redevelopments, management’s estimate of the period in which major construction activity in relation to the scope of the project has been or will be substantially completed and excludes the completion of tenant improvements.

Consolidated Debt

The carrying amount of bank line of credit, commercial paper, term loans, senior unsecured notes, and mortgage debt, as reported in our consolidated financial statements.

Consolidated Gross Assets*

The carrying amount of total assets, excluding investments in and advances to our unconsolidated JVs, after adding back accumulated depreciation and amortization, as reported in our consolidated financial statements. Consolidated Gross Assets is a supplemental measure of our financial position, which, when used in conjunction with debt-related measures, enables both management and investors to analyze our leverage and to compare our leverage to that of other companies.

Consolidated Secured Debt

Mortgage and other debt secured by real estate, as reported in our consolidated financial statements.

Continuing Care Retirement Community (“CCRC”)

A senior housing facility which provides at least three levels of care (i.e., independent living, assisted living and skilled nursing).

Debt Investments

Loans secured by a direct interest in real estate and mezzanine loans.

Development

Includes ground-up construction. Newly completed developments, are considered Stabilized at the earlier of lease-up (typically when the tenant(s) controls the physical use of 80% of the space) or 24 months from the date the property is placed in service.

Direct Financing Lease (“DFL”)

Lease for which future minimum lease payments are recorded as a receivable and the difference between the future minimum lease payments and the estimated residual values less the cost of the properties is recorded as unearned income. Unearned income is deferred and amortized to income over the lease terms to provide a constant yield.

EBITDAre and Adjusted EBITDAre*

EBITDAre, or EBITDA for Real Estate, is a supplemental performance measure defined by the National Association of Real Estate Investment Trusts (“NAREIT”) and intended for real estate companies. It represents earnings before interest expense, income taxes, depreciation and amortization, gains or losses from sales of depreciable property (including gains or losses on change in control), and impairment charges (recoveries) related to depreciable property. Adjusted EBITDAre is defined as EBITDAre excluding impairments (recoveries) related to non-depreciable assets, transaction-related items, prepayment costs (benefits) associated with early retirement or payment of debt, severance and related charges, litigation costs (recoveries), casualty-related charges (recoveries), stock compensation expense, and foreign currency remeasurement losses (gains). EBITDAre and Adjusted EBITDAre include our pro rata share of our unconsolidated JVs presented on the same basis.

Enterprise Debt*

Consolidated Debt plus our pro rata share of total debt from our unconsolidated JVs. Enterprise Debt is a supplemental measure of our financial position, which enables both management and investors to analyze our leverage and to compare our leverage to that of other companies. Our pro rata share of total debt from our unconsolidated JVs is not intended to reflect our actual liability or ability to access assets should there be a default under any or all such loans or a liquidation of the JVs.

Enterprise Gross Assets*

Consolidated Gross Assets plus our pro rata share of total gross assets from our unconsolidated JVs, after adding back accumulated depreciation and amortization. Enterprise Gross Assets is a supplemental measure of our financial position, which, when used in conjunction with debt-related measures, enables both management and investors to analyze our leverage and to compare our leverage to that of other companies.

Glossary

Enterprise Secured Debt*

Consolidated Secured Debt plus our pro rata share of mortgage debt from our unconsolidated JVs. Enterprise Secured Debt is a supplemental measure of our financial position, which enables both management and investors to analyze our leverage and to compare our leverage to that of other companies. Our pro rata share of Enterprise Secured Debt from our unconsolidated JVs is not intended to reflect our actual liability or ability to access assets should there be a default under any or all such loans or a liquidation of the JVs.

Entrance Fees

Certain of our communities have residency agreements which require the resident to pay an upfront entrance fee prior to taking occupancy at the community. For net income, NOI, Adjusted NOI, NAREIT FFO, FFO as Adjusted, and AFFO, the non-refundable portion of the entrance fee is recorded as deferred entrance fee revenue and amortized over the estimated stay of the resident based on an actuarial valuation. The refundable portion of a resident's entrance fee is generally refundable within a certain number of months or days following contract termination or upon the sale of the unit. All refundable amounts due to residents at any time in the future are classified as liabilities.

Facility EBITDAR and Facility EBITDARM*

Earnings before interest, taxes, depreciation, amortization and rent (and management fees), as applicable, for a particular facility accruing to the operator/tenant of the property (the Company as lessor), for the trailing 12 months and one quarter in arrears from the date reported. We use Facility EBITDAR or Facility EBITDARM in determining CFC and as a supplemental measure of the ability of the property to generate sufficient liquidity to meet related obligations to us. Facility EBITDAR includes: (i) contractual management fees; (ii) an imputed management fee of 5% of revenues for senior housing facilities and post-acute/skilled facilities, or (iii) an imputed management fee of 2% of revenues for hospitals. All facility financial performance data was derived solely from information provided by operators/tenants without independent verification by us. Facility EBITDAR and Facility EBITDARM are subject to the same limitations and qualifications as EBITDA. In addition, Facility EBITDAR and Facility EBITDARM do not represent a borrower's net income or cash flow from operations and should not be considered alternatives to those indicators. Facility EBITDAR and Facility EBITDARM are not presented for: (i) properties operated under a RIDEA structure; or (ii) newly completed facilities under lease-up, facilities acquired or transitioned to new operators during the relevant trailing 12-month period, vacant facilities, facilities that are held for sale, facilities for which an agreement has been reached to change reporting structure, and facilities for which data is not available or meaningful.

Financial Leverage*

Enterprise Debt divided by Enterprise Gross Assets. Financial Leverage is a supplemental measure of our financial position, which enables both management and investors to analyze our leverage and to compare our leverage to that of other companies.

Fixed Charges*

Total interest expense plus capitalized interest plus preferred stock dividends (if applicable). Fixed Charges also includes our pro rata share of the interest expense plus capitalized interest plus preferred stock dividends (if applicable) of our unconsolidated JVs. Fixed Charges is a supplemental measure of our interest payments on outstanding debt and dividends to preferred stockholders for purposes of presenting Fixed Charge Coverage and Adjusted Fixed Charge Coverage. Fixed Charges is subject to limitations and qualifications, as, among other things, it does not include all contractual obligations.

Funds From Operations ("NAREIT FFO") and FFO as Adjusted*

See the "Funds From Operations" definition included in the accompanying Discussion and Reconciliations of Non-GAAP Financial Measures for information regarding NAREIT FFO and FFO as Adjusted.

Healthcare Affiliated

Represents properties that are on-campus or adjacent to a healthcare system and properties that are leased 1/3 or more to a health system or physician group.

Initial Capital Expenditures ("ICE")

Expenditures required to bring a newly acquired property up to standard. The expenditures are typically identified during underwriting and incurred within the first year of ownership.

Investment and Portfolio Investment*

Represents: (i) the carrying amount of real estate assets and intangibles, after adding back accumulated depreciation and amortization and (ii) the carrying amount of DFLs and Debt Investments. Portfolio Investment also includes our pro rata share of the real estate assets and intangibles held in our unconsolidated JVs, presented on the same basis as Investment, and excludes noncontrolling interests' pro rata share of the real estate assets and intangibles held in our consolidated JVs, presented on the same basis. Investment and Portfolio Investment exclude land held for development.

Metropolitan Statistical Areas ("MSA")

Metropolitan Statistical Areas are geographic entities delineated by the Office of Management and Budget for use by Federal Statistical agencies in collecting, tabulating, and publishing Federal statistics. A metro area contains a core urban area of 50,000 or more population, consists of one or more counties and includes the counties containing the core urban area, as well as any adjacent counties that have a high degree of social and economic integration (as measured by commuting to work) with the urban core.

Net Debt*

Enterprise Debt less the carrying amount of cash and cash equivalents as reported in our consolidated financial statements and our pro rata share of cash and cash equivalents from our unconsolidated JVs. Net Debt is a supplemental measure of our financial position, which enables both management and investors to analyze our leverage and to compare our leverage to that of other companies.

Glossary

Net Debt to Adjusted EBITDAre*

Net Debt divided by Adjusted EBITDAre is a supplemental measure of our ability to decrease our debt. Because we may not be able to use our cash to reduce our debt on a dollar-for-dollar basis, this measure may have material limitations.

Net Operating Income from Continuing Operations (“NOI”) and Cash (Adjusted) NOI*

NOI is defined as real estate revenues (inclusive of rental and related revenues, resident fees and services, income from direct financing leases, and government grant income and exclusive of interest income), less property level operating expenses (which exclude transition costs); NOI excludes all other financial statement amounts included in net income (loss). Cash NOI is calculated as NOI after eliminating the effects of straight-line rents, DFL non-cash interest, amortization of market lease intangibles, termination fees, actuarial reserves for insurance claims that have been incurred but not reported, and the impact of deferred community fee income and expense. NOI and Cash NOI include the Company's pro rata share of NOI and Cash NOI from its unconsolidated JVs and exclude noncontrolling interests' pro rata share of NOI and Cash NOI from consolidated joint ventures.

Occupancy

For life science facilities and medical office buildings, Occupancy represents the percentage of total rentable square feet leased where rental payments have commenced, including month-to-month leases, as of the end of the period reported. For senior housing triple-net facilities, post-acute/skilled facilities and hospitals, Occupancy represents the facilities' average operating Occupancy for the trailing three-month period ended one quarter in arrears from the date reported. For SHOP properties, Occupancy represents the facilities' average operating Occupancy for the most recent calendar quarter (year-to-date for year-to-date SS) available. The percentages are calculated based on units for senior housing facilities and available beds for post-acute/skilled facilities and hospitals. The percentages shown are weighted to reflect our share and exclude newly completed facilities under lease-up, facilities acquired or transitioned to new operators during the relevant period, vacant facilities, facilities held for sale, facilities for which agreement has been reached to change reporting structure, and facilities for which data is not available or meaningful. All facility financial performance data was derived solely from information provided by operators/tenants/borrowers without independent verification by us.

Penetration Rate

Reflects the number of available senior housing units as a percentage of total population age 80 and older. This measurement is an indicator of market demand for new development and expansion projects.

Portfolio Adjusted NOI

Portfolio Adjusted NOI is Portfolio Cash Real Estate Revenues less Portfolio Cash Operating Expenses.

Portfolio Cash Operating Expenses*

Consolidated cash operating expenses plus the Company's pro rata share of cash operating expenses from its unconsolidated JVs less noncontrolling interests' pro rata share of cash operating expenses from consolidated JVs. Portfolio Cash Operating Expenses represent property level operating expenses (which exclude transition costs) after eliminating the effects of straight-line rents, lease termination fees, actuarial reserves for insurance claims that have been incurred but not reported, and the impact of deferred community fee expense.

Portfolio Income*

Cash NOI plus interest income plus our pro rata share of Cash NOI from our unconsolidated JVs less noncontrolling interests' pro rata share of Cash NOI from consolidated JVs.

Portfolio Real Estate Revenues* and Portfolio Cash Real Estate Revenues*

Portfolio Real Estate Revenues include rental related revenues, resident fees and services, income from DFLs, and government grant income which is included in Other income (expense), net in our Consolidated Statement of Operations. Portfolio Real Estate Revenues include the Company's pro rata share from unconsolidated JVs presented on the same basis and exclude noncontrolling interests' pro rata share from consolidated JVs presented on the same basis. Portfolio Cash Real Estate Revenues include Portfolio Real Estate Revenues after eliminating the effects of straight-line rents, DFL non-cash interest, amortization of market lease intangibles, lease termination fees, and the impact of deferred community fee income.

Redevelopment

Properties that incur major capital expenditures to significantly improve, change the use, or reposition the property pursuant to a formal redevelopment plan. Newly completed redevelopments, are considered Stabilized at the earlier of lease-up (typically when the tenant(s) controls the physical use of 80% of the space) or 24 months from the date the property is placed in service.

Retention Rate

The ratio of total renewed square feet to the total square feet expiring and available for lease, excluding the square feet for tenant leases terminated for default or buy-out prior to the expiration of the lease and leases in assets designated as Held for Sale.

REVPOR CCRC*

The 3-month average Cash Real Estate Revenues per occupied unit excluding Cash NREFs for the most recent period available. REVPOR CCRC excludes newly completed assets under lease-up, assets sold, acquired or converted to a new operating structure (such as triple-net to SHOP) during the relevant period, assets in redevelopment, assets that are held for sale, and assets that experienced a casualty event that significantly impacted operations. REVPOR cannot be derived from the information presented for the CCRC portfolio as units reflect 100% of the unit capacities for unconsolidated JVs and revenue is at the Company's pro rata share.

REVPOR SHOP*

The 3-month average Cash Real Estate Revenues per occupied unit for the most recent period available. REVPOR SHOP excludes newly completed assets under lease-up, assets sold, acquired or converted to a new operating structure (such as triple-net to SHOP) during the relevant period, assets in redevelopment, assets that are held for sale, and assets that experienced a casualty event that significantly impacted operations. REVPOR cannot be derived from the information presented for the SHOP portfolio as units reflect 100% of the unit capacities for unconsolidated JVs and revenue is at the Company's pro rata share.

Glossary

REVPOR Triple-net

The 3-month average facility revenue per occupied unit, one quarter in arrears from the period presented. Facility revenue consists primarily of resident rents generated at triple-net communities, which are not included in our financial results. Facility revenues are derived solely from information provided by operators/tenants without independent verification by us. REVPOR Triple-net excludes vacant facilities, newly completed assets under lease-up, assets sold, acquired or converted to a new operating structure (such as triple-net to SHOP) during the relevant period, assets that are held for sale, and assets for which agreement has been reached to change reporting structure.

RIDEA

A structure whereby a taxable REIT subsidiary is permitted to rent a healthcare facility from its parent REIT and hire an independent contractor to operate the facility.

Same-Store ("SS")*

Same-Store NOI and Adjusted (Cash) NOI information allows us to evaluate the performance of our property portfolio under a consistent population by eliminating changes in the composition of our consolidated portfolio of properties. Same-Store Adjusted NOI excludes amortization of deferred revenue from tenant-funded improvements and certain non-property specific operating expenses that are allocated to each operating segment on a consolidated basis. Properties are included in Same-Store once they are stabilized for the full period in both comparison periods. Newly acquired operating assets are generally considered stabilized at the earlier of lease-up (typically when the tenant(s) control(s) the physical use of at least 80% of the space) or 12 months from the acquisition date. Newly completed developments and redevelopments are considered stabilized at the earlier of lease-up or 24 months from the date the property is placed in service. Properties that experience a change in reporting structure, such as a conversion from a triple-net lease to a RIDEA reporting structure, are considered stabilized after 12 months in operations under a consistent reporting structure. A property is removed from Same-Store when it is classified as held for sale, sold, placed into redevelopment, experiences a casualty event that significantly impacts operations, a change in reporting structure (such as triple-net to SHOP) or operator transition has been agreed to, or a significant tenant relocates from a Same-Store property to a non Same-Store property and that change results in a corresponding increase in revenue.

Secured Debt Ratio*

Enterprise Secured Debt divided by Enterprise Gross Assets. Secured Debt Ratio is a supplemental measure of our financial position, which enables both management and investors to analyze our leverage and to compare our leverage to that of other companies.

Share of Consolidated Joint Ventures

Noncontrolling interests' pro rata share information is prepared by applying noncontrolling interests' actual ownership percentage for the period and is intended to reflect noncontrolling interests' proportionate economic interest in the financial position and operating results of properties in our portfolio.

Share of Unconsolidated Joint Ventures ("JVs")

Our pro rata share information is prepared by applying our actual ownership percentage for the period and is intended to reflect our proportionate economic interest in the financial position and operating results of properties in our portfolio.

Stabilized / Stabilization

Newly acquired operating assets are generally considered Stabilized at the earlier of lease-up (typically when the tenant(s) control(s) the physical use of at least 80% of the space) or 12 months from the acquisition date. Newly completed developments and redevelopments are considered Stabilized at the earlier of lease-up or 24 months from the date the property is placed in service. Properties that experience a change in reporting structure, such as a conversion from a triple-net lease to a RIDEA reporting structure, are considered stabilized after 12 months in operations under a consistent reporting structure.

Total Market Equity

The total number of outstanding shares of our common stock multiplied by the closing price per share of our common stock on the New York Stock Exchange as of period end, plus the total number of convertible partnership units multiplied by the closing price per share of our common stock on the New York Stock Exchange as of period end (adjusted for stock splits).

Units/Square Feet/Beds

Senior housing facilities are measured in available units (e.g., studio, one or two bedroom units). Life science facilities and medical office buildings are measured in square feet, excluding square footage for development or redevelopment properties prior to completion. Post-acute/skilled facilities and hospitals are measured in available beds. Capacities are presented at 100%.

* Non-GAAP Supplemental Measures

Reconciliations, definitions, and important discussions regarding the usefulness and limitations of the Non-GAAP Financial Measures used in this report can be found at <http://ir.healthpeak.com/quarterly-results>.

Forward-Looking Statements & Risk Factors

Statements contained in this supplemental report which are not historical facts are "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements include, among other things, statements regarding our and our officers' intent, belief or expectation as identified by the use of words such as "may," "will," "project," "expect," "believe," "intend," "anticipate," "seek," "target," "forecast," "plan," "potential," "estimate," "could," "would," "should" and other comparable and derivative terms or the negatives thereof. Examples of forward-looking statements include, among other things: (i) statements regarding timing, outcomes and other details relating to current, pending or contemplated acquisitions, dispositions, transitions, developments, redevelopments, joint venture transactions, capital recycling plans, financing activities, or other transactions; (ii) future new supply and demographics; (iii) the Company's 2020 guidance, outlook, framework, assumptions and additional information with respect thereto, including potential outcomes and impacts from COVID-19; and (iv) statements regarding the impact of the COVID-19 pandemic on our business, financial condition and results of operations. Pending acquisitions and dispositions, including those subject to binding agreements, remain subject to closing conditions and may not be completed within the anticipated time frames or at all. Forward-looking statements reflect our current expectations and views about future events and are subject to risks and uncertainties that could significantly affect our future financial condition and results of operations. While forward-looking statements reflect our good faith belief and assumptions we believe to be reasonable based upon current information, we can give no assurance that our expectations or forecasts will be attained. Further, we cannot guarantee the accuracy of any such forward-looking statement contained in this supplemental report, and such forward-looking statements are subject to known and unknown risks and uncertainties that are difficult to predict. These risks and uncertainties include, but are not limited to: the severity and duration of the COVID-19 pandemic; actions that have been taken and may continue to be taken by governmental authorities to contain the COVID-19 outbreak or to treat its impact; the impact of the COVID-19 pandemic and health and safety measures intended to reduce its spread; operational risks associated with third party management contracts, including the additional regulation and liabilities of RIDEA lease structures; the ability of the Company's existing and future tenants, operators and borrowers to conduct their respective businesses in a manner sufficient to maintain or increase their revenues and manage their expenses in order to generate sufficient income to make rent and loan payments to the Company and the Company's ability to recover investments made, if applicable, in their operations; the imposition of laws or regulations prohibiting eviction of our tenants or operators, including new governmental efforts in response to COVID-19; the financial condition of the Company's existing and future tenants, operators and borrowers, including potential bankruptcies and downturns in their businesses, and their legal and regulatory proceedings, which results in uncertainties regarding the Company's ability to continue to realize the full benefit of such tenants' and operators' leases and borrowers' loans; the Company's concentration in the healthcare property sector, particularly in senior housing, life sciences and medical office buildings, which makes its profitability more vulnerable to a downturn in a specific sector than if the Company were investing in multiple industries; the effect on the Company and its tenants and operators of legislation, executive orders and other legal requirements, including compliance with the Americans with Disabilities Act, fire, safety and health regulations, environmental laws, the Affordable Care Act, licensure, certification and inspection requirements, and laws addressing entitlement programs and related services, including Medicare and Medicaid, which may result in future reductions in reimbursements or fines for noncompliance; the Company's ability to identify replacement tenants and operators and the potential renovation costs and regulatory approvals associated therewith; the risks associated with property development and redevelopment, including costs above original estimates, project delays and lower occupancy rates and rents than expected; the potential impact of uninsured or underinsured losses, including as a result of hurricanes, earthquakes and other natural disasters, pandemics such as COVID-19, acts of war and/or terrorism and other events that may cause such losses and/or performance declines by us or our tenants and operators; the risks associated with the Company's investments in joint ventures and unconsolidated entities, including its lack of sole decision making authority

Continued

Forward-Looking Statements & Risk Factors (concluded)

and its reliance on its partners' financial condition and continued cooperation; competition for the acquisition and financing of suitable healthcare properties as well as competition for tenants and operators, including with respect to new leases and mortgages and the renewal or rollover of existing leases; the Company's or its counterparties' ability to fulfill obligations, such as financing conditions and/or regulatory approval requirements, required to successfully consummate acquisitions, dispositions, transitions, developments, redevelopments, joint venture transactions or other transactions; the Company's ability to achieve the benefits of acquisitions or other investments within expected time frames or at all, or within expected cost projections; the potential impact on the Company and its tenants, operators and borrowers from current and future litigation matters, including the possibility of larger than expected litigation costs, adverse results and related developments; changes in federal, state or local laws and regulations, including those affecting the healthcare industry that affect the Company's costs of compliance or increase the costs, or otherwise affect the operations, of its tenants and operators; the Company's ability to foreclose on collateral securing its real estate-related loans; volatility or uncertainty in the capital markets, the availability and cost of capital as impacted by interest rates, changes in the Company's credit ratings, and the value of its common stock, and other conditions that may adversely impact the Company's ability to fund its obligations or consummate transactions, or reduce the earnings from potential transactions; changes in global, national and local economic and other conditions, including the ongoing economic downturn, volatility in the financial markets and high unemployment rates; the Company's ability to manage its indebtedness level and changes in the terms of such indebtedness; competition for skilled management and other key personnel; the Company's reliance on information technology systems and the potential impact of system failures, disruptions or breaches; the Company's ability to maintain its qualification as a real estate investment trust; and other risks and uncertainties described from time to time in the Company's Securities and Exchange Commission (SEC) filings. Except as required by law, we do not undertake, and hereby disclaim, any obligation to update any forward-looking statements, which speak only as of the date on which they are made.

The information in this supplemental report should be read in conjunction with the Company's Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and other information filed with the SEC. The Reporting Definitions (and Reconciliations of Non-GAAP Financial Measures) are an integral part of the information presented herein. You can access these documents on the Company's website, www.healthpeak.com, free of charge, as well as amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Exchange Act, as soon as reasonably practicable after such material is electronically filed with, or furnished to, the SEC. The information contained on the Company's website is not incorporated by reference into, and should not be considered a part of, this supplemental report.

In addition, the SEC maintains a website that contains reports, proxy and information statements, and other information regarding issuers, including the Company, that file electronically with the SEC at www.sec.gov.

This supplemental report also includes market and industry data that the Company has obtained from market research, publicly available information and industry publications. The accuracy and completeness of such information are not guaranteed. The market and industry data is often based on industry surveys and preparers' experience in the industry. Similarly, although the Company believes that the surveys and market research that others have performed are reliable, it has not independently verified this information.
