**Re: Accuride Corporation**  
**File Number: 001-32483**  
**Form 10-K for the fiscal year ended December 31, 2006**

Dear Mr. Keating:

We have conducted a targeted review of the above referenced filing for the legal issues noted below. We ask you to revise future filings in response to some of these comments. If you disagree with a requested change, we will consider your explanation as to why it is unnecessary. We also ask you to provide us with information so we may better understand your disclosure. Please be as detailed as necessary in your response. After reviewing this information, we may raise additional comments.

The purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filings. We look forward to working with you in these respects and welcome any questions. Feel free to call us at the telephone numbers listed at the end of this letter.

Please file your response to our comments via EDGAR, under the label "corresp," within ten business days.

**Schedule 14A**

**Compensation Discussion & Analysis, page 25**

1. We note that you disclosed your performance targets for annual incentive compensation in the footnotes to the Summary Compensation Table. In future filings, please revise your proxy statement to disclose the targets, and discuss actual performance, under "Annual Performance-Based Incentive Cash Compensation" in your Compensation Discussion & Analysis.

2. In future filings, please disclose under “Long-Term Incentive Plan” in your Compensation Discussion & Analysis the pre-established EBITDA targets that must be achieved in order for your executive officers to accelerate their vesting schedules. To the extent you believe that disclosure of the targets is not required because it would result in competitive harm such that the targets could be excluded under Instruction 4 to Item 402(b) of Regulation S-K, please provide on a supplemental basis a detailed explanation for such conclusion. Please also note that to the extent that you have an appropriate basis for omitting the specific targets, you must discuss how difficult it would be for the named executive officers or how likely it will be for you to achieve the undisclosed target levels or other factors. General statements regarding the level of difficulty, or ease, associated with achieving performance goals either corporately or individually are not sufficient. Please provide insight into the factors considered by the committee prior to the awarding of performance-based compensation such as historical analyses prior to the granting of these awards or correlations between historical bonus practice and the incentive parameters set for the relevant fiscal period.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filings reviewed by the staff to be certain that they have provided all information investors require. Since the company and its management are in possession of all facts relating to a company’s disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In connection with responding to our comments, please provide, in writing, a statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filing; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

In addition, please be advised that the Division of Enforcement has access to all information you provide to the staff of the Division of Corporation Finance in our review of your filing or in response to our comments on your filing.
