ATLANTIC CITY ELECTRIC COMPANY  
FIRST MORTGAGE BOND

5.80% Collateral Series due March 1, 2036

ATLANTIC CITY ELECTRIC COMPANY, a corporation of the State of New Jersey (hereinafter called the "Company"), for value received, hereby promises to pay to The Bank of New York, as trustee, or registered assigns, the principal sum of \_\_\_\_\_ Dollars on March 1, 2036, at the office or agency of the Company in the Borough of Manhattan, The City of New York in lawful money of the United States of America, and to pay interest thereon at the rate of 5.80 per centum per annum in like money, at said office or agency on March 1 and September 1 in each year, commencing September 1, 2006, until the Company's obligation with respect to the payment of such principal shall have been discharged. Interest on this bond will accrue from [date of original issuance of Collateral Bonds of 2036 Series] to the first interest payment date, and thereafter will accrue from the last interest payment date to which interest has been paid or duly provided for. In the event that any interest payment date is not a business day, then payment of interest payable on such date will be made on the next succeeding day which is a business day with the same force and effect as if made on the interest payment date (and without any interest or other payment in respect of such delay). "Business day" means any day, other than a Saturday or Sunday, which is not a day on which banking institutions or trust companies in the Borough of Manhattan, The City of New York are generally authorized or required by law, regulation or executive order to remain closed.

Subject to certain exceptions provided in the Mortgage referred to on the reverse hereof, the interest payable on any interest payment date shall be paid to the person in whose name this bond is registered at the close of business on the fifteenth calendar day of the month immediately preceding the month in which such interest payment date occurs; provided, however, that interest payable at maturity will be paid to the person to whom principal is paid.

Under an Indenture dated as of April 1, 2004 (hereinafter sometimes referred to as the "Senior Note Indenture"), between the Company and The Bank of New York, as trustee (hereinafter sometimes called the "Senior Note Trustee"), the Company will issue, concurrently with the issuance of this bond, an issue of senior notes under the Senior Note Indenture entitled Senior Notes, 5.80% Series due March 1, 2036 (the "Senior Notes of 2036 Series"). Pursuant to Article Thirteen of the Senior Note Indenture, this bond is issued to the Senior Note Trustee to secure any and all obligations of the Company under the Senior Notes of 2036 Series. Payment of principal of, or premium, if any, or interest on, the Senior Notes of 2036 Series shall constitute payments on this bond.

This bond shall not become valid or obligatory for any purpose until The Bank of New York, the Trustee under the Mortgage, or its successor thereunder, shall have signed the form of authentication certificate endorsed hereon.

Reference is made to the further provisions of this bond set forth on the reverse hereof and such further provisions shall for all purposes have the same effect as though fully set forth at this place.

IN WITNESS WHEREOF, ATLANTIC CITY ELECTRIC COMPANY has caused this bond to be executed in its name by the signature or a facsimile thereof of its President or one of its Vice Presidents and its corporate seal, or a facsimile thereof, to be impressed or imprinted hereon and attested by the signature, or a facsimile thereof, of its Secretary or one of its Assistant Secretaries.

(FORM OF BOND)  
(REVERSE)

This bond is one of an issue of bonds of the Company, issuable in series, and is one of a series known as its "First Mortgage Bonds, 5.80% Collateral Series due March 1, 2036" (hereinafter called "Collateral Bonds of 2036 Series"), all bonds of all series issued and to be issued under and equally secured (except insofar as any sinking fund, established in accordance with the provisions of the Mortgage hereinafter mentioned, may afford additional security for the bonds of any particular series) by a Mortgage and Deed of Trust (herein, together with any indentures supplemental thereto, called the Mortgage), dated January 15, 1937, executed by the Company to THE BANK OF NEW YORK, as Trustee, to which Mortgage reference is made for a description of the property mortgaged and pledged, the nature and extent of the security, the rights of the holders of the bonds in respect thereof, the duties and immunities of the Trustee, and the terms and conditions upon which the bonds are secured. With the consent of the Company and to the extent permitted by and as provided in the Mortgage, the rights and obligations of the Company and/or of the holders of the bonds and/or coupons and/or the terms and provisions of the Mortgage and/or of any instruments supplemental thereto may be modified or altered by affirmative vote of the holders of at least seventy-five per centum (75%) in principal amount of the bonds affected by such modification or alteration then outstanding under the Mortgage (excluding bonds disqualified from voting by reason of the Company's interest therein as provided in the Mortgage); provided that no such modification or alteration shall permit the extension of the maturity of the principal of this bond or the reduction in the rate of interest hereon or any other modification in the terms of payment of such principal or interest without the consent of the holder hereof.

Upon any payment of the principal of, premium, if any, and interest on all or any portion of the Senior Notes of 2036 Series (and to the extent of such payment), whether at maturity or prior to maturity by redemption or otherwise, or upon provision for the payment thereof having been made in accordance with Section 702 of the Senior Note Indenture, the obligation of the Company to make the corresponding payment of principal, premium, if any, or interest on the Collateral Bonds of 2036 Series shall be deemed to be satisfied and discharged. The Trustee may at any time and all times conclusively presume that the obligation of the Company to make payments with respect to the principal of, premium, if any, and interest on the Collateral Bonds of 2036 Series, so far as such payments at the time have become due, has been fully satisfied and discharged pursuant to the foregoing sentence unless and until the Trustee shall have received a written notice from the Senior Note Trustee signed by one of its officers (i) stating that timely payment of principal of or premium or interest on, the Senior Notes of 2036 Series has not been so made and (ii) providing the details of such nonpayment.

This bond is redeemable (i) on such dates, in such principal amounts and at the redemption prices as the corresponding Senior Notes of 2036 Series and (ii) upon written demand of the Senior Note Trustee following the occurrence of an Event of Default under the Senior Note Indenture and the acceleration of the corresponding Senior Notes of 2036 Series as provided in Section 802(a) or 802(b) of the Senior Note Indenture.

As provided in Section 1308 of the Senior Note Indenture, from and after the Release Date (as defined in the Senior Note Indenture), the obligation of the Company with respect to this bond shall be deemed to be

satisfied and discharged, this bond shall cease to secure in any manner the Senior Notes of 2036 Series or any other senior notes outstanding under the Senior Note Indenture and, pursuant to Section 1308 of the Senior Note Indenture, the Senior Note Trustee shall forthwith deliver this bond to the Company or the Trustee (as directed by Company Order (as defined in the Senior Note Indenture)).

The principal hereof may be declared or may become due prior to the express date of the maturity hereof on the conditions, in the manner and at the time set forth in the Mortgage, upon the occurrence of a completed default as in the Mortgage provided.

The Collateral Bonds of 2036 Series are issuable only as registered bonds without coupons in denominations of \$1,000 and authorized multiples thereof. This bond shall not be assignable or transferable except as permitted or required by Section 1307 of the Senior Note Indenture.

The Company and the Trustee may deem and treat the person in whose name this bond is registered as the absolute owner hereof for the purpose of receiving payment of or on account of principal or (subject to the provisions of the Mortgage) interest hereon and for all other purposes and the Company and the Trustee shall not be affected by any notice to the contrary.

No recourse shall be had for the payment of the principal of or interest on this bond against any incorporator or any past, present or future subscriber to the capital stock, shareholder, officer or director, as such, of the Company or of any successor corporation, either directly or through the Company or any successor corporation, under any rule of law, statute or constitution or by the enforcement of any assessment or otherwise, all such liability of incorporators, subscribers, shareholders, officers and directors, as such, being released by the holder or owner hereof by the acceptance of this bond and being likewise waived and released by the terms of the Mortgage.

(END OF FORM)

AND WHEREAS each of the collateral bonds of the New Series (whether in temporary or definitive form) is to bear a certificate of the Trustee substantially in the following form, to wit:

This bond is one of the bonds, of the series herein designated, described in the within-mentioned Mortgage.

IN TRUST NEVERTHELESS, upon the terms and trusts in the Original Indenture and in this 2006 Supplemental Indenture set forth for the benefit and security of those who shall hold the bonds and coupons issued and to be issued hereunder and under the Original Indenture, or any of them, in accordance with the terms of the Original Indenture and of this 2006 Supplemental Indenture, without preference, priority or distinction as to lien of any of said bonds or coupons over any others thereof by reason of priority in the time of the issue or negotiation thereof, or otherwise howsoever, subject, however, to the conditions, provisions and covenants set forth in the Original Indenture and in this 2006 Supplemental Indenture.

AND THIS INDENTURE FURTHER WITNESSETH:

That in further consideration of the premises and for the considerations aforesaid, the Company, for itself and its successors and assigns, hereby covenants and agrees to and with the Trustee, and its successor or successors in such trust, as follows:

Section 1. The Company hereby creates a fifty-second series of bonds to be issued under and secured by the Original Indenture and this 2006 Supplemental Indenture, to be designated and to be distinguished from the bonds of all other series by the title "First Mortgage Bonds, 5.80% Collateral Series due March 1, 2036".

The collateral bonds of the New Series shall mature on March 1, 2036 and shall be issued in temporary or definitive form, only as fully registered bonds, without coupons, in denominations of \$1,000 and any multiple or multiples of \$1,000 authorized by the Company; they shall bear interest at the rate of 5.80 per centum per annum, payable semiannually on March 1 and September 1 of each year, commencing September 1, 2006; and the principal of, premium, if any, and interest on each said bond shall be payable at the office or agency of the Company, in the Borough of Manhattan, The City of New York, in lawful money of the United States of America. In the event that any interest payment date is not a business day, then payment of interest payable on such date will be made on the next succeeding day which is a business day with the same force and effect as if made on the interest payment date (and without any interest or other payment in respect of such delay). "Business day" means any day, other than a Saturday or Sunday, which is not a day on which banking institutions or trust companies in the Borough of Manhattan, The City of New York are generally authorized or required by law, regulation or executive order to remain closed.

Each collateral bond of the New Series is to be issued to and registered in the name of the Senior Note Trustee, to be owned and held by the Senior Note Trustee under the terms of the Senior Note Indenture for the benefit of the holders of the Senior Notes of 2036 Series in order to secure the Company's obligations under such Senior Notes. The collateral bonds of the New Series shall not be assignable or transferable except as permitted or required by Section 1307 of the Senior Note Indenture.

Upon any payment of the principal of, premium, if any, and interest on all or any portion of the Senior Notes of 2036 Series (and to the extent of such payment), whether at maturity or prior to maturity by redemption or otherwise, or upon provision for the payment thereof having been made in accordance with Section 702 of the Senior Note Indenture, the obligation of the Company to make the corresponding payment of principal, premium, if any, or interest on the collateral bonds of the New Series shall be deemed to be satisfied and discharged. The Trustee may at any time and all times conclusively presume that the obligation of the Company to make payments with respect to the principal of, premium, if any, and interest on the collateral bonds of the New Series, so far as such payments at the time have become due, has been fully satisfied and discharged pursuant to the foregoing sentence unless and until the Trustee shall have received a written notice from the Senior Note Trustee signed by one of its officers (i) stating

that timely payment of principal of or premium or interest on, the Senior Notes of 2036 Series has not been so made and (ii) providing the details of such nonpayment.

Subject to the preceding paragraph, the person in whose name any collateral bond of the New Series is registered at the close of business on any record date (as hereinbelow defined) with respect to any interest payment date shall be entitled to receive the interest payable on such interest payment date notwithstanding the cancellation of such collateral bond of the New Series upon any transfer or exchange thereof (including any exchange effected as an incident to a partial redemption thereof) subsequent to the record date and prior to such interest payment date, except that, if and to the extent that the Company shall default in the payment of the interest due on such interest payment date, then the registered holders of collateral bonds of the New Series on such record date shall have no further right to or claim in respect of such defaulted interest as such registered holders on such record date, and the persons entitled to receive payment of any defaulted interest thereafter payable or paid on any collateral bonds of the New Series shall be the registered holders of such collateral bonds of the New Series on the date of payment of such defaulted interest; and except that interest payable at maturity will be paid to the person to whom principal is paid. The term "record date" as used in this Section 1, and in the form of the collateral bonds of the New Series, shall mean the fifteenth calendar day of the month immediately preceding the month in which an interest payment date occurs.

Except as provided in this Section 1, every collateral bond of the New Series shall be dated as provided in Section 10 of the Original Indenture. However, so long as there is no existing default in the payment of interest on the collateral bonds of the New Series, all collateral bonds of the New Series authenticated by the Trustee between the record date for any interest payment date and such interest payment date shall be dated as of the day following such interest payment date and shall bear interest from such interest payment date; provided, however that if and to the extent that the Company shall default in the interest due on such interest payment date, then any such collateral bond of the New Series shall bear interest from the interest payment date next preceding the date of such bond to which interest has been paid, unless such interest payment date is September 1, 2006, in which case from the date of original issuance of the collateral bonds of the New Series.

The collateral bonds of the New Series shall be redeemed on the respective dates, in the respective principal amounts and for the respective redemption prices that correspond to the redemption dates for, the principal amounts to be redeemed of, and the redemption prices for, the Senior Notes of 2036 Series. Otherwise, the collateral bonds of the New Series shall not be redeemable except as set forth in the following paragraph. In the event the Company redeems or delivers to the Senior Note Trustee for cancellation any Senior Notes of 2036 Series prior to maturity in accordance with the provisions of the Senior Note Indenture, collateral bonds of the New Series in principal amounts corresponding to the Senior Notes of 2036 Series so redeemed shall be deemed to have been redeemed and the Senior Note Trustee is required to deliver to the Trustee for cancellation such collateral bonds of the New Series so redeemed, as provided in Section 1308 of the Senior Note Indenture. The Company agrees to give the Trustee notice of any such redemption of the Senior Notes of 2036 Series on or before the date fixed for any such redemption. The Senior Note Trustee, as holder of all collateral bonds of the New Series then outstanding, shall be deemed to have waived notice of any such redemption of collateral bonds of the New Series.

Upon the occurrence of an Event of Default under the Senior Note Indenture and the acceleration of the Senior Notes of 2036 Series pursuant to Section 802(a) or 802(b) thereof, the Company shall redeem the collateral bonds of the New Series in whole upon receipt by the Company of a written demand (hereinafter called a "Redemption Demand") from the Senior Note Trustee stating that there has occurred under the Senior Note Indenture both an Event of Default and a declaration of acceleration of payment of principal, accrued interest and premium, if any, on the Senior Notes of 2036 Series pursuant to Section 802(a) or 802(b) thereof, specifying the last date to which interest on such senior notes has been paid (such date being hereinafter referred to as the "Initial Interest Accrual Date") and demanding redemption of the collateral bonds of the New Series. Each Redemption Demand also shall constitute a waiver by the Senior Note Trustee, as holder of all collateral bonds of the New Series then outstanding, of notice of redemption of the collateral bonds of the New Series. The Company waives any right it may have to prior notice of such redemption under the Original Indenture. Upon presentation of the collateral bonds of the New Series by the Senior Note Trustee to the Trustee, the collateral bonds of the New Series shall be redeemed immediately at a redemption price equal to the principal amount thereof plus accrued interest thereon from the Initial Interest Accrual Date to the date of the Redemption Demand; provided, however, that in the event of a rescission of acceleration of Senior Notes of 2036 Series pursuant to Section 802(e) of the Senior Note Indenture, then any Redemption Demand shall thereby be deemed

to be rescinded by the Senior Note Trustee; but no such rescission or annulment shall extend to or affect any subsequent default or impair any right consequent thereon.

As provided in Section 1303 of the Senior Note Indenture, from and after the Release Date (as defined in the Senior Note Indenture), the obligations of the Company with respect to the collateral bonds of the New Series shall be deemed to be satisfied and discharged, the collateral bonds of the New Series shall cease to secure in any manner the Senior Notes of 2036 Series or any other senior notes outstanding under the Senior Note Indenture and, pursuant to Section 1308 of the Senior Note Indenture, the Senior Note Trustee shall forthwith deliver the collateral bonds of the New Series to the Company or the Trustee (as directed by Company Order (as defined in the Senior Note Indenture)).

SECTION 2. In accordance with and in compliance with the provisions of Article VI of the Original Indenture, One Hundred Five Million Dollars (\$105,000,000) principal amount of collateral bonds of the New Series may be executed by the Company and delivered to the Trustee, and shall be authenticated by the Trustee and delivered (without awaiting the filing or recording of this 2006 Supplemental Indenture) from time to time in accordance with the order or orders of the Company, evidenced by a writing or writings signed in the name of the Company by its President or one of its Vice Presidents and its Treasurer or one of its Assistant Treasurers.

SECTION 3. The approval by the Board of Public Utilities, State of New Jersey of the execution and delivery of this 2006 Supplemental Indenture shall not in anywise be construed as approval by said Board of any other act, matter or thing which requires the approval of said Board under the laws of the State of New Jersey; nor shall said approval bind said Board or any other public body or authority of the State of New Jersey having jurisdiction in the premises in any future application for the issue of bonds under the Original Indenture or any indenture supplemental thereto or otherwise.

SECTION 4. As supplemented by this 2006 Supplemental Indenture, the Original Indenture is in all respects ratified and confirmed and the Original Indenture and this 2006 Supplemental Indenture shall be read, taken and construed as one and the same instrument.

Nothing in this 2006 Supplemental Indenture contained shall, or shall be construed to, confer upon any person other than the holders of bonds issued under the Original Indenture and this 2006 Supplemental Indenture, the Company and the Trustee, any right to avail themselves of any benefit of any provision of the Original Indenture or of this 2006 Supplemental Indenture.

The Trustee assumes no responsibility for the correctness of the recitals of facts contained herein and makes no representations as to the validity of this 2006 Supplemental Indenture.

This 2006 Supplemental Indenture may be simultaneously executed in any number of counterparts, each of which so executed shall be deemed to be an original; but such counterparts shall together constitute but one and the same instrument.
