I - THE APPLICATION

<R>ING Life Insurance and Annuity Company, ING USA Annuity and Life Insurance Company, ReliaStar Life Insurance Company of New York, and Security Life of Denver Insurance Company (each a “Company” and together, the “Companies”), Variable Annuity Account B of ING Life Insurance and Annuity Company, Variable Annuity Account I of ING Life Insurance and Annuity Company, Separate Account B of ING USA Annuity and Life Insurance Company, Separate Account EQ of ING USA Annuity and Life Insurance Company, ReliaStar Life Insurance Company of New York Separate Account NY-B, Security Life Separate Account S-A1 (each, an “Account” and together, the “Accounts”) and ING Investors Trust, hereby submit this third amended and restated Application for an order of the Securities and Exchange Commission (the “Commission”), pursuant to Section 26(c), formerly Section (b), of the Investment Company Act of 1940, as amended (the “1940 Act”). The Companies, the Accounts and ING Investors Trust are collectively referred to herein as the “Applicants.”</R>

The Applicants seek an order from the Commission permitting the substitution of securities issued by a certain registered investment company held by the Accounts, which securities support certain in force variable annuity contracts (collectively, the “Contracts”) issued by the Companies (the “Substitution”). More particularly, the Applicants propose to substitute shares of a certain series of ING Investors Trust (the “Substitute Fund”) for shares of a certain registered investment company currently held by subaccounts of the Accounts (the “Replaced Fund”) as follows:

Replaced Fund	Substitute Fund
Fidelity VIP Contrafund Portfolio	ING Large Cap Growth Portfolio

Each Account is administered and accounted for as part of the general business of the Company of which it is a part. The assets of each Account attributable to the Contracts issued through it are owned by each Company but are held separately from all other assets of that Company for the benefit of the owners of, and persons entitled to benefits under such Contracts. Pursuant to applicable state insurance law and to the extent provided in the Contracts, such assets are not chargeable with liabilities arising out of any other business that each Company may conduct. Income, if any, gains and losses, realized or unrealized, from each Account are credited to or charged against the assets of that Account without regard to other income, gains or losses of

its Company or any of its other segregated asset accounts. Each Account is a “separate account” as defined by Rule 0-1(e) under the 1940 Act.

<R>Each Account is divided into subaccounts, each of which invests exclusively in shares of one investment company portfolio, which include the Replaced Fund or another mutual fund. Each investment company portfolio has its own distinct investment objective(s) and policies. Income, gains and losses, realized or unrealized, of a portfolio are credited to or charged against the corresponding subaccount of each Account without regard to any other income, gains or losses of the applicable Company. To the extent provided in the Contracts, assets equal to the reserves and other contract liabilities with respect to an Account are not chargeable with liabilities arising out of any other business of the Company that is the depositor of the Account.</R>

Each of the prospectuses for the Contracts discloses that the issuing Company reserves the right, subject to Commission approval and compliance with applicable law, to substitute shares of another open-end management investment company for shares of an open-end management investment company held by a subaccount of an Account whenever the Company, in its judgment, determines that a portfolio no longer suits the purpose of the Contract.

C. The Substitute Fund. The ING Large Cap Growth Portfolio, formerly known as the ING Wells Fargo Omega Growth Portfolio, a series of ING Investors Trust, will be used as the Substitute Fund. More information about the Substitute Fund’s fees and expenses, investment objective and policies and historical performance can be found in the Section IV B. below.

ING Investors Trust. ING Investors Trust, formerly known as the GCG Trust, was organized as a Massachusetts business trust on August 3, 1988. ING Investors Trust is registered under the 1940 Act as an open-end management investment company (File No. 811-05629). It is a series investment company as defined by Rule 18f-2 under the 1940 Act, and a separate series of shares of beneficial interest is issued in connection with each series. Each effective series included in this substitution application is currently offered by prospectus dated April 30, 2012. ING Investors Trust has registered these shares under the Securities Act of 1933 on Form N-1A (File No. 033-23512) which was last updated in an amendment to the registration statement filed on April 26, 2012.³

Overall management services to the ING Large Cap Growth Portfolio are provided to by Directed Services, LLC (“DSL”). DSL is an investment adviser registered under the Investment Advisers Act of 1940, and a broker-dealer registered under the Securities Exchange Act of 1934. DSL, an indirect wholly owned subsidiary of ING, maintains its offices at 1475 Dunwoody Drive, West Chester, Pennsylvania 19380.⁴ Under the terms of an investment advisory agreement between ING Investors Trust and DSL (the “Trust Management Agreement”), which agreement first became effective on October 24, 1997,⁵ DSL manages the business and affairs of each of the respective series of the ING Investors Trust, subject to the control and oversight of

⁴ <R>The restructuring plan referenced earlier also includes DSL. See *supra* note 1.</R>

⁵ The Trust Management Agreement was approved by Contract Owners in connection with the acquisition of DSL by ING Groep, N.V. on October 24, 1997. The Trust Management Agreement was amended on May 24, 2002, and amended and restated on January 1, 2007. DSL or its predecessor companies have served as the investment manager of the ING Investors Trust since the inception of the ING Investors Trust.

the ING Investors Trust Board of Trustees (the “Board”). Under the Trust Management Agreement, DSL is authorized to exercise full investment discretion and make all determinations with respect to the investment of the assets of the respective series, but may, at its own cost and expense, retain portfolio managers for the purpose of making investment decisions and research information available to ING Investors Trust.

DSL delegates to subadvisers the responsibility for day-to-day management of the investments of the ING Large Cap Growth Portfolio, subject to DSL’s oversight. DSL also recommends the appointment of additional or replacement subadvisers to the Board. ING Investors Trust and DSL have received manager-of-managers exemptive relief from the Commission that permits ING Investors Trust and DSL to enter into new investment sub-advisory agreements with non-affiliated sub-advisers or to materially amend an existing sub-advisory agreement, subject to approval by the Board (including a majority of the Trustees who are not “interested persons” as defined by the 1940 Act (the “Independent Trustees”)) but without shareholder approval. This authority is subject to certain conditions, including: (i) the requirement that the Trustees (including a majority of Independent Trustees) must approve any new or amended sub-advisory agreements with a sub-adviser, (ii) the condition that an information statement describing any change in sub-adviser will be provided to shareholders within ninety (90) days of the change, and (iii) that the shareholders have approved the manager-of-managers arrangement.⁶

For these services, DSL receives advisory fees from the ING Large Cap Growth Portfolio. This fee is calculated based on a percentage of its average net assets. From this advisory fee DSL pays the fees of all sub-advisers.

D. The Replaced Fund. The Fidelity VIP Contrafund Portfolio, a series of the Fidelity Variable Insurance Products Fund II, will be replaced pursuant to any order issued pursuant to this Application. More information about the Replaced Fund’s fees and expenses, investment objective and policies and historical performance can be found in the Section IV B. below.

Fidelity Variable Insurance Products Fund II. The Fidelity Variable Insurance Products Fund II is organized as a Massachusetts business trust and registered under the 1940 Act as an open-end management investment company (File No. 811-05511). It is a series investment company as defined by Rule 18f-2 under the 1940 Act, and a separate series of shares of beneficial interest is issued in connection with each series. The Fidelity VIP Contrafund Portfolio series is currently offered by prospectus dated April 28, 2012. The Fidelity Variable Insurance Products Fund II (the Fidelity Variable Insurance Products Funds) are registered under the Securities Act of 1933 on Form N-1A (File No. 033-20773) which, for the Fidelity VIP Contrafund Portfolio, was last updated in an amendment to the registration statements filed on April 18, 2012.⁷

Fidelity Management & Research Company serves as the investment adviser for each of the Fidelity Variable Insurance Products Funds.⁸ Fidelity Management & Research Company is

⁷ Applicants, as authorized by Rule 0-4 under the 1940 Act, incorporate this file by reference to the extent necessary to support and supplement the descriptions and representations set out in this Application.

⁸ Pursuant to an SEC exemptive order, Fidelity Management & Research Company intends to act as a manager-of-managers, meaning that Fidelity Management & Research Company has the responsibility to oversee sub-

an investment adviser registered under the Advisers Act and maintains its offices at 82 Devonshire, Boston, Massachusetts 02109.

E. The Contracts. The terms and conditions, including charges and expenses, applicable to each Contract are described in the registration statements filed with the SEC for each.⁹ The Contracts are issued as individual variable annuity contracts. As each Contract is structured, owners of the Contract (each a “Contract Owner”) may select one or more of the investment options available under the Contract by allocating premiums and transferring account value to that subaccount of the relevant Account that corresponds to the investment option desired. Thereafter, the account value of the Contract Owner will vary based on the investment experience of the selected subaccount(s). Generally, a Contract Owner may, during the life of each Contract, make unlimited transfers of account values among the subaccounts available under the Contract, subject to any administrative and/or transfer fees applicable under the Contracts and any limits related to frequent or disruptive transfers.

III - DESCRIPTION OF THE PROPOSED SUBSTITUTION AND THE RELIEF REQUESTED

A. Summary of the Proposed Substitution. Subject to the approval of the Commission under Section 26 of the 1940 Act, Applicants propose, as set forth in the following chart, to substitute shares of the Substitute Fund for those of the Replaced Fund and transfer cash to the Substitute Fund.

Replaced Fund	Substitute Fund	Accounts Holding Replaced Fund Assets
Fidelity VIP Contrafund Portfolio (Initial Class)	ING Large Cap Growth Portfolio – Class I	ING Life B; ING Life I; Security Life S-A 1
Fidelity VIP Contrafund Portfolio (Service Class 2)	ING Large Cap Growth Portfolio – Class S	ING USA B; ING USA EQ; ReliaStar NYB

No brokerage commissions, fees or other remuneration will be paid by the Replaced Fund, the Substitute Fund or any Contract Owner in connection with the Substitution.

With respect to the Replaced Fund, the Applicants have determined that the investment objective and the investment policies of the Substitute Fund are similar as those of the Replaced Fund and therefore the essential objectives and risk expectations of those Contract Owners with interests in subaccounts of the Replaced Fund (individually, an “Affected Contract Owner” and, collectively, “Affected Contract Owners”) will continue to be met after the Substitution.

Additionally, as is detailed below, the overall expenses of the Substitute Fund are less than those of the Replaced Fund. Applicants believe that, because the Substitute Fund will be offered over a substantially larger asset base than the Replaced Fund, there is a potential that

advisers and recommend their hiring, termination, and replacement. Subject to approval by the Board of Trustees but without shareholder approval, Fidelity Management & Research Company may replace or hire unaffiliated sub-advisers or amend the terms of their existing sub-advisory agreements, if any. In the event of approval of a new unaffiliated sub-adviser, shareholders will be provided with information about the new sub-adviser and sub-advisory agreement within ninety days of appointment.

⁹ See Section II. B. above.

Affected Contract Owners will, over time, realize the benefits from additional economies of scale with respect to the advisory fees.

B. Purposes of the Proposed Substitution. The principal purposes of the Substitution are as follows:

1. **Implement Business Plan.** The Substitution is step in the Companies' overall business plan to make the Contracts more competitive (and thus more attractive to customers) and more efficient to administer and oversee. This plan involves providing funds available through the Contracts that meet certain performance, risk and pricing guidelines.

2. **Influence.** The Substitution will replace an unaffiliated fund with a fund that is advised and sub-advised by affiliates of the Companies. Additionally, the Substitute Fund will only be available through variable insurance products offered by the Companies or their affiliated insurance companies. Consequently, the Board of the Substitute Fund has greater sensitivity to the needs of Contract Owners. The Substitution will provide the Companies with more influence over the administrative aspects of the funds offered through the Contracts.

Influence is important because changes to the funds offered through the Contracts often result in costly, off-cycle communications and mailing to Contract Owners. These changes may include changes in fund management, changes in investment style and/or policies and changes resulting from economic conditions or regulatory events. Currently, if the Companies or their Contract Owners object to any such changes, the only recourse the Companies have is to propose substitution of another fund. Substitution involves extensive review, regulatory approvals and significant time and expense. For affiliated funds, there is greater influence over the pace and timing of such changes. Additionally, issues involving poor performance, the inability of the sub-adviser to properly manage the fund's assets and other matters affecting the qualification of a fund's sub-adviser may be solved by the adviser removing the sub-adviser. Under the manager-of-managers exemptive relief granted to the ING Investors Trust and DSL as noted above,¹⁰ a vote of the shareholders is not necessary to change a sub-adviser, except for changes involving an affiliated sub-adviser. Notwithstanding, after the Effective Date of the Substitutions the Applicants agree not to change a Substitute Fund's sub-adviser without first obtaining shareholder approval of either (1) the sub-adviser change or (2) in the case of a change to an unaffiliated sub-adviser, the parties continued ability to rely on their manager-of-managers relief.

The Companies believe that the Substitution will enable them to exercise more influence over the management and administration of the funds offered through their Contracts, thereby reducing costs and customer confusion. The added influence will give each Company the ability to react more quickly to the changes and problems it encounters in its oversight of the funds which are available in its Contracts.

3. **Reduction of Costs.** The replacement of the Replaced Fund, which is managed by an unaffiliated investment adviser, with the Substitute Fund which is managed by an affiliated investment adviser will allow the Companies to reduce costs by consolidating administration of the Substitute Fund with its other funds. Changes by the Replaced Fund now come unexpectedly and may require product amendments, regulatory filings and/or immediate notification to Contract Owners. Such changes can be better planned or anticipated for the Substitute Fund so

¹⁰ Investment Company Act of 1940 Release No. 25592 (May 24, 2002).

that costs are reduced by including the changes with other routine regulatory filings and mailings regularly sent to Contract Owners.

4. **Due Diligence.** The Companies have an on-going fund due diligence process through which they select, evaluate and monitor the funds available through the Contracts. This process contributes to the Companies’ ability to offer competitive products and services and assist their customers in meeting their financial goals. The Substitution will allow the Companies to respond to expense, performance and management matters that they have identified in their due diligence review of the funds available through the Contracts.

a. Shareholder Expenses

The Substitution would provide an immediate fee decrease to shareholders as illustrated in the table below.

	Replaced Fund: Fidelity VIP Contrafund Portfolio	Substitute Fund: ING Large Cap Growth Portfolio
Total Net Expenses	<R>0.64% - Initial Class</R> <R>0.89% - Service Class 2</R>	→ 0.60% - Class I → 0.85% - Class S

b. Performance

<R>The Substitute Fund has a five-star overall Morningstar rating, whereas the Replaced Fund has a three-star overall Morningstar rating. Since the most recent inception date between the Substitute and Replaced Funds, the Substitute Fund significantly outperforms the Replaced Fund. </R>

Section IV. B.1.d. Expense Ratios and Total Return illustrates each Fund’s performance in detail and illustrates that the Substitute Fund outperforms the Replaced Fund for all periods presented.

c. Portfolio Management Team Investment Process

The Substitute Fund is sub-advised by ING Investment Management Co. (“ING IM”), and the strategy is managed by a strong, proven management team. The Substitute Fund’s investment team led by Portfolio Managers that each in their own right have generated successful performance track records over the past several years owing largely to disciplined, risk-controlled investment processes and a clear focus on solid stock selection as a core competency rather than sector allocation.

C. Implementation. Applicants will affect the Substitution as soon as practicable following the issuance of the requested order. As of the effective date of the Substitution (“Effective Date”), shares of the Replaced Fund will be redeemed for cash. The Companies, on behalf of the Replaced Fund subaccount of each relevant Account, will simultaneously place a redemption request with the Replaced Fund and a purchase order with the Substitute Fund so that the purchase of Substitute Fund shares will be for the exact amount of the redemption proceeds. Thus, Contract values will remain fully invested at all times. The proceeds of such redemptions will then be used to purchase the appropriate number of shares of the Substitute Fund.

The Substitution will take place at relative net asset value (in accordance with Rule 22c-1 under the 1940 Act) with no change in the amount of any Affected Contract Owner's account value or death benefit, or in the dollar value of his or her investment in the applicable Account. No brokerage commissions, fees or other remuneration will be paid by either the Replaced Fund or the Substitute Fund or by Affected Contract Owners in connection with the Substitution. The transaction comprising the Substitution will be consistent with the policies of each investment company involved and with the general purposes of the 1940 Act.

Affected Contract Owners will not incur any fees or charges as a result of the Substitution nor will their rights or the Companies' obligations under the Contracts be altered in any way. The Companies or their affiliates will pay all expenses and transaction costs of the Substitution, including legal and accounting expenses, any applicable brokerage expenses, and other fees and expenses. In addition, the Substitution will not impose any tax liability on Affected Contract Owners. The Substitution will not cause the Contract fees and charges currently being paid by Affected Contract Owners to be greater after the Substitution than before the Substitution. Also, as described more fully below, after notification of the Substitution and for 30 days after the Effective Date, Affected Contract Owners may reallocate the subaccount value of the Replaced Fund to any other investment option available under their Contract without incurring any administrative costs or allocation (transfer) charges.

All Affected Contract Owners were notified of this Application by means of supplements to the Contract prospectuses shortly after the date the Application was first filed with the Commission. Among other information regarding the Substitution, the supplements informed Affected Contract Owners that beginning on the date of the supplements the Companies will not exercise any rights reserved by them under the Contracts to impose restrictions or fees on transfers from the Replaced Fund (other than restrictions related to frequent or disruptive transfers) until at least 30 days after the Effective Date of the Substitution. Following the date the order requested by this Application is issued, but before the Effective Date, Affected Contract Owners will receive a second supplement to the Contract prospectuses setting forth the Effective Date and advising Affected Contract Owners of their right, if they so choose, at any time prior to the Effective Date, to reallocate or withdraw accumulated value in the Replaced Fund subaccounts under their Contracts or otherwise terminate their interest therein in accordance with the terms and conditions of their Contracts. If Affected Contract Owners reallocate account value prior to the Effective Date or within 30 days after the Effective Date, there will be no charge for the reallocation of accumulated value from the Replaced Fund subaccount and the reallocation will not count as a transfer when imposing any applicable restriction or limit under the Contract on transfers. The Companies will not exercise any right they may have under the Contracts to impose additional restrictions or fees on transfers from the Replaced Fund under the Contracts (other than restrictions related to frequent or disruptive transfers) for a period of at least 30 days following the Effective Date of the Substitution. Additionally, all current Contract Owners will be sent prospectuses of the Substitute Fund before the Effective Date.

Within five (5) business days after the Effective Date, Affected Contract Owners will be sent a written confirmation ("Post-Substitution Confirmation") indicating that shares of the Replaced Fund have been redeemed and that the shares of Substitute Fund have been substituted. The Post-Substitution Confirmation will show how the allocation of the Contract Owner's account value before and immediately following the Substitution have changed as a result of the

Substitution and detail the transactions effected on behalf of the respective Affected Contract Owner because of the Substitution.

D. Relief Requested. Applicants request that the Commission issue an order pursuant to Section 26(c) of the 1940 Act approving the Substitution.

IV - APPLICANTS' ANALYSIS IN SUPPORT OF REQUEST FOR AN ORDER PURSUANT TO SECTION 26(c) OF THE 1940 ACT

A. Relevant Statutory Provisions. Section 26(c) of the 1940 Act prohibits any depositor or trustee of a unit investment trust that invests exclusively in the securities of a single issuer from substituting the securities of another issuer without the approval of the Commission. Section 26(c) provides that such approval shall be granted by order of the Commission, if the evidence establishes that the substitution is consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the 1940 Act.

Section 26(c) was added to the 1940 Act by the Investment Company Amendments Act of 1970 then as Section 26(b). Prior to enactment of the 1970 amendments, a depositor of a unit investment trust could substitute new securities for those held by the trust by notifying the trust's security holders of the substitution within five days of the substitution. In 1966, the Commission, concerned with the high sales charges then common to most unit investment trusts and the disadvantageous position in which such charges placed investors who did not want to remain invested in the substituted fund,¹¹ recommended that Section 26 be amended to require that a proposed substitution of the underlying investments of a trust receive prior Commission approval.¹²

Congress responded to the Commission's concerns by enacting Section 26(b) to require that the Commission approve all substitutions by the depositor of investments held by unit investment trusts. The Senate Report on the bill explained the purpose of the amendment as follows:

The proposed amendment recognizes that in case of the unit investment trust holding the securities of a single issuer notification to shareholders does not provide adequate protection since the only relief available to shareholders, if dissatisfied, would be to redeem their shares. A shareholder who redeems and reinvests the proceeds in another unit investment trust or in an open-end company would under most circumstances be subject to a new sales load. The proposed amendment would close this gap in shareholder protection by providing for Commission approval of the substitution. The Commission would be required to

¹¹ In the years leading up to its 1966 recommendation, the Commission took the position that the substitution of portfolio securities of a unit investment trust constituted an offer of exchange under Section 11 of the 1940 Act requiring prior Commission approval. The Commission proposed Section 26(b) in order to specifically address substitutions by unit investment trusts that previously had been scrutinized under Section 11 of the 1940 Act. See House Committee Interstate and Foreign Commerce, Report on the Securities and Exchange Commission on Public Policy Implications of Investment Company Growth, H.R. Rep. No. 2337, 89th Cong., 2d Sess. 337 (1966).

¹² See *id.*

issue an order approving the substitution if it finds the substitution consistent with the protection of investors and provisions of the 1940 Act.¹³

The substitution of shares held by each Account, as described above, appears to involve a substitution of securities within the meaning of Section 26(c) of the 1940 Act.¹⁴ Applicants therefore request an order from the Commission pursuant to Section 26(c) approving the Substitution.

B. Comparison of Fees and Expenses, Investment Objectives and Policies, Risks, Expense Ratios and Total Return. At the time of the Substitution the overall fees and expenses of the Substitute Fund will be less than those assessed by the Replaced Fund.¹⁵

Furthermore, the Substitute Fund has an investment objective and investment policies that are similar to the investment objective and policies of the Replaced Fund. Accordingly, the Applicants believe that the fundamental investment objectives of the Affected Contract Owners will continue to be met after the Substitution.

Applicants generally submit that the Substitution meets the standards that the Commission and its staff have applied to similar substitutions that have been approved in the past.¹⁶

¹⁴ While Section 26(b), by its terms, applies only to a unit investment trust holding the securities of one issuer, the Commission has interpreted Section 26(b) to apply to “a substitution of securities in any *subaccount* of a registered separate account.” *Adoption of Permanent Exemptions from Certain Provisions of the Investment Company Act of 1940 for Registered Separate Accounts and Other Persons*, Investment Company Act Rel. No. 12678 (Sept. 21, 1982) (emphasis added).

¹⁵ <R>For two years following the implementation of the Substitution described herein, the net annual expenses of the Substitute Fund will not exceed the net annual expenses of the Replaced Fund as of December 31, 2012, (0.64% for the Fidelity VIP Contrafund Portfolio – Initial Class, and 0.89% Fidelity VIP Contrafund Portfolio – Service Class 2). To achieve this limitation, the Substitute Fund’s investment adviser will waive fees or reimburse the Substitute Fund in certain amounts to maintain expenses at or below the limit. In addition, the Companies will not increase the Contract fees and charges that would otherwise be assessed under the terms of the Contracts for a period of at least two years following the Substitution.</R>

Comparative information regarding fees and expenses (including management fee breakpoints),¹⁷ investment objectives and policies, expense ratios and total return for the proposed Substitution is as follows.

1. ING Large Cap Growth Portfolio for the Fidelity VIP Contrafund Portfolio.

a. Fees and Expenses. The comparative fees and expenses for each fund in this proposed substitution as of December 31, 2012, are as follows:

	Management Fees	Distribution (12b-1) Fees	Administrative Service Fee	Other Expenses	Total Annual Expenses	Expense Waivers	Net Annual Expenses
Substitute Fund • ING Large Cap Growth Portfolio – Class I	0.55%	0.00%	0.10%	0.02%	0.67%	- 0.07% ¹⁸	0.60%
Replaced Fund • Fidelity VIP Contrafund Portfolio – Initial Class	0.56%	0.00%	--	0.08%	0.64%	--	0.64%

	Management Fees	Distribution (12b-1) Fees	Administrative Service Fee	Other Expenses	Total Annual Expenses	Expense Waivers	Net Annual Expenses
Substitute Fund • ING Large Cap Growth Portfolio – Class S	0.55%	0.25%	0.10%	0.02%	0.92%	- 0.07% ¹⁸	0.85%
Replaced Fund • Fidelity VIP Contrafund Portfolio – Service Class 2	0.56%	0.25%	--	0.08%	0.89%	--	0.89% ¹⁹

b. Breakpoint Information. The comparative management fee breakpoint information for each fund in this proposed substitution is as follows:

Replaced Fund	Substitute Fund
Fidelity VIP Contrafund Portfolio Total Net Expenses: ¹⁹ 0.64% - Initial Class 0.89% - Service Class 2 Management Fee: 0.56%	ING Large Cap Growth Portfolio Total Net Expenses: 0.60% - Class I 0.85% - Class S Management Fee: 0.55% on all assets.

¹⁷ The tables show the operating expenses for the Substitute Fund and the Replaced Fund as a ratio of expenses to average daily net assets. The fees and expenses of the Substitute Fund and the Replaced Fund are based on net assets as of December 31, 2012.

¹⁸ Directed Services LLC, the adviser, is contractually obligated to limit expenses to 0.60% and 0.85% for Class I and Class S shares, respectively, through May 1, 2014; the obligation does not extend to interest, taxes, brokerage commissions, Acquired Fund Fees and Expenses and extraordinary expenses. This obligation will automatically renew for one-year terms unless it is terminated by the Portfolio or the adviser upon written notice within 90 days of the end of the current term or upon termination of the management agreement and is subject to possible recoupment by adviser within three years. The amount of the Portfolio's expenses to be waived, reimbursed or recouped by Directed Services LLC is shown under the heading "Expense Waivers."

¹⁹ The management fee for the Replaced Fund has two components: a group fee rate and an individual fund fee rate. The group fee rate is based on the average net assets of all mutual funds advised by Fidelity Management & Research Company. The group fee rate cannot rise above 0.52%, and it drops as total assets under management increase as follows: 0 – \$3 billion .52%; 3 – \$6 billion .49%; 6 – \$9 billion .46%; 9 – \$12 billion .43%; 12 – \$15 billion .40%; 15 – \$18 billion .385%; 18 – \$21 billion .37%; 21 – \$24 billion .36%; 24 – \$30 billion .35%; 30 – \$36 billion .345%; 36 – \$42 billion .34%; 42 – \$48 billion .335%; 48 – \$66 billion .325%; 66 – \$84 billion .32%; 84 – \$102 billion .3150%; 102 – \$138 billion .31%; 138 – \$174 billion .305%; 174 – \$210 billion .30%;

c. **Investment Objectives and Policies.** The ING Large Cap Growth Portfolio seeks long-term capital growth while the Fidelity VIP Contrafund Portfolio seeks long-term capital appreciation. Although not articulated exactly the same way, these investment objectives are similar and the principal investment strategies and resources that are employed by each to fulfill its objective are also substantially similar. Each portfolio is actively managed and relies mainly on “bottom-up” fundamental research (assessment of a company’s business fundamentals) for investment ideas. Both invest primarily in common stocks of large-cap U.S. companies, and the investment management team for each portfolio shares the same philosophy that stock prices follow earnings and, hence, place emphasis on earnings growth as a criterion for investment. Although the Fidelity VIP Contrafund Portfolio, by prospectus, may invest in either “growth” or “value” stocks or a combination of both, in practice it has exhibited a consistent “growth” bias – for example, approximately 40% of its total assets were invested in “growth” stocks²⁰ over the past five years on average, versus approximately 30% for both the benchmark S&P 500 Index and the Morningstar Large Blend category average. Consequently, the weighted average “value-growth” score²⁰ of each portfolio exceeds the “growth” threshold and places it within the Large Growth equity style box.

d. **Risks.** The risk profiles of the Substitute Fund and the Replaced Fund are similar. Although not worded the same way in each fund’s prospectus, both the Substitute Fund and the Replaced Fund identify the following as risks associated with investing in the fund:

1. **Stock market volatility** – the risk that stock prices may be volatile and can fluctuate in response to issuer, political, market, and economic developments;
2. **Growth investing** – the risk that growth stocks typically reflect high expectations for future company growth, and may fall quickly and significantly if investors suspect that actual growth may be less than expected and that “growth” stocks can react differently from “value” stocks;
3. **Foreign exposure** – the risk that investment in foreign (non-U.S.) securities and foreign currencies can involve additional risks relating to political, economic, or regulatory conditions in foreign countries and experience more rapid and extreme changes in value than a fund that invests exclusively in securities of U.S. companies;

210 – \$246 billion .295%; 246 – \$282 billion .29%; 282 – \$318 billion .285%; 318 – \$354 billion .28%; 354 – \$390 billion .275%; 390 – \$426 billion .27%; 426 – \$462 billion .265%; 462 – \$498 billion .26%; 498 – \$534 billion .255%; 534 – \$587 billion .25%; 587 – \$646 billion .2463%; 646 – \$711 billion .2426%; 711 – \$782 billion .2389%; 782 – \$860 billion .2352%; 860 – \$946 billion .2315%; 946 – \$1,041 billion .2278%; 1,041 – \$1,145 billion .2241%; 1,145 – \$1,260 billion .2204%; 1,260 – \$1,386 billion .2167%; 1,386 – \$1,525 billion .2130%; 1,525 – \$1,677 billion .2093%; 1,677 – \$1,845 billion .2056%; Over \$1,845 billion .2019%. For December 2012, the group fee rate was 0.26%. The individual fund fee rate for the Replaced Fund is 0.30%. The total management fee for the fiscal year ended December 31, 2012, was 0.56% of the fund’s average net assets. Because the fund’s management fee rate may fluctuate, the fund’s management fee may be higher or lower in the future.

²⁰ As defined by Morningstar.

4. **Derivative instruments (specifically futures contracts for the Replaced Fund)** – the risk of changes in the market price of the underlying securities, credit risk with respect to the counterparty, risk of loss due to changes in interest rates and liquidity risk. The use of certain derivatives may also have a leveraging effect which may increase the volatility of the funds and reduce returns;
5. **Other investment companies** – that investment in other investment companies, including exchange-traded funds (ETFs), involves the risk that the value of the securities underlying an investment company might decrease. Because both the Replaced Fund and the Substitute Fund may invest in other investment companies, investors will pay a proportionate share of the expenses of that other investment company (including management fees, administration fees, and custodial fees) in addition to the expenses of the funds; and
6. **Securities lending** – securities lending involves two primary risks: “investment risk” and “borrower default risk.” Investment risk is the risk that the fund will lose money from the investment of the cash collateral received from the borrower. Borrower default risk is the risk that the Portfolio will lose money due to the failure of a borrower to return a borrowed security in a timely manner.

e. **<R>Expense Ratios and Total Return.** The net expense ratios and total return figures for each fund in this proposed substitution as of December 31, 2012, are as follows:

	Net Expense Ratio	1 Year	3 Years	5 Years	10 Years	(Inception Date) Since Inception
Substitute Fund • ING Large Cap Growth Portfolio –Class I	0.60%	18.10%	11.52%	7.54%	--	(05/02/2005) 9.02%
Replaced Fund • Fidelity VIP Contrafund Portfolio – Initial Class	0.64%	16.42%	9.98%	0.74%	8.99%	(01/03/1995) 10.43%

	Net Expense Ratio	1 Year	3 Years	5 Years	10 Years	(Inception Date) Since Inception
Substitute Fund • ING Large Cap Growth Portfolio –Class S	0.85%	17.81%	11.23%	7.27%	--	(05/03/2004) 7.31%
Replaced Fund • Fidelity VIP Contrafund Portfolio – Service Class 2	0.89%	16.14%	9.70%	0.49%	8.72%	(01/12/2000) 4.43%</R>

f. <R>Post Substitution Net Assets. The estimated net assets of the ING Large Cap Growth Portfolio – Class I immediately following the proposed substitution will be approximately \$1,045 million. This is based on estimated net assets of the Substitute Fund immediately before the substitution (\$970 million) plus the corresponding Replaced Fund’s actual net assets invested in the Accounts as of December 31, 2012 (\$75 million).

The estimated net assets of the ING Large Cap Growth Portfolio – Class S immediately following the proposed substitution will be approximately \$1,184 million. This is based on estimated net assets of the Substitute Fund immediately before the substitution (\$486 million) plus the corresponding Replaced Fund’s actual net assets invested in the Accounts as of December 31, 2012 (\$698 million).</R>

C. Consequence of the Substitution. Applicants maintain that Contract Owners will be better served by the proposed Substitution. Applicants anticipate that the replacement of the Replaced Fund will result in a Contract that is administered and managed more efficiently, and one that is more competitive with other variable products in both wholesale and retail markets. The Substitute Fund will be managed according to a similar investment objective and policies as the Replaced Fund. Moreover, the overall expenses of the Substitute Fund are less than those of the Replaced Fund.

Applicants anticipate that Contract Owners will be at least as well off with the proposed array of subaccounts to be offered after the proposed Substitution as they have been with the array of subaccounts offered before the Substitution. The proposed Substitution retains for Contract Owners the investment flexibility which is a central feature of the Contracts. If the proposed Substitution is implemented, all Contract Owners will be permitted to allocate purchase payments and transfer accumulated values and Contract values between and among the remaining subaccounts as they could before the proposed Substitution.

D. Rights of Affected Contract Owners and Obligations of the Companies. Apart from the Substitution, the rights of Affected Contract Owners and the obligations of the Companies under the Contracts will not be altered by the Substitution. Affected Contract Owners will not incur any additional tax liability or any additional fees or expenses as a result of the Substitution.

The Substitution will take place at relative net asset value (in accordance with Rule 22c-1 under the 1940 Act) with no change in the amount of any Affected Contract Owner’s contract value, cash value, accumulation value, account value or death benefit or in dollar value of his or her investment in the Accounts. Affected Contract Owners will not incur any fees or charges as a result of the Substitution nor will their rights or the Companies’ obligations under the affected Contracts be altered in any way. The Companies or their affiliates will pay all other expenses incurred with the Substitution, including legal, accounting, brokerage, and other fees and expenses. In addition, the Substitution will not impose any tax liability on Affected Contract Owners. The Substitution will not cause the affected Contract fees and charges currently being paid by Affected Contract Owners to be greater after the Substitution than before the Substitution. In addition, while the Companies do not anticipate increasing Contract fees and/or charges paid by any current Contract Owners, the Companies have agreed not to increase the Contract fees and charges currently being assessed by the Contracts for a period of at least two years following the Substitution.

E. Contract Rights. Affected Contract Owners will have the right to surrender their affected Contracts or reallocate account value of the Replaced Fund in accordance with the terms and conditions of their Contract prior to (and after) the Effective Date.

As noted above, each Affected Contract Owner received a copy of a Contract prospectus supplement informing them of the Substitution. Additionally, each Affected Contract Owner will be sent (1) a second supplement setting forth the Effective Date and advising them of their right to reconsider the Substitution and, if they so choose, any time prior to the Effective Date and for at least 30 days after the Effective Date, they may reallocate account value under the affected Contract without charge or otherwise withdraw or terminate their interest therein in accordance with the terms and conditions of their Contract; (2) Substitute Fund prospectus prior to the Effective Date; and (3) within five business days of the Effective Date, a Post-Substitution Confirmation.

F. The Right to Substitute Shares. Each of the prospectuses for the Contracts discloses that the Companies reserve the right, subject to Commission approval and compliance with applicable law, to substitute shares of another open-end management investment company for shares of an open-end management investment company held by a subaccount of an Account.

The Companies reserved this right of substitution both to protect themselves and their Contract Owners in situations where either might be harmed or disadvantaged because of circumstances involving the issuer of the shares held by one or more of its Accounts and to afford the opportunity to replace such shares where to do so could benefit the Contract Owners and Companies.

G. The Substitution is not the type of substitution which Section 26(c) was designed to prevent. Unlike a traditional unit investment trust where a depositor could only substitute an investment security in a manner which permanently affected all the investors in trust, the Contracts provide each Contract Owner with the right to exercise his or her own judgment and transfer account values into other subaccounts. The number of available subaccounts varies from Contract to Contract and ranges from 16 to 65, but the average number of available subaccounts in all Contracts after the Substitution will remain unchanged. Moreover, the Contracts will offer Contract Owners the opportunity to transfer amounts out of the affected subaccounts into any of the remaining subaccounts without cost or other disadvantage. The Substitution, therefore, will not result in the type of costly forced redemptions that Section 26(c) was designed to prevent.

The Substitution also is unlike the type of substitution which Section 26(c) was designed to prevent in that by purchasing a Contract, Contract Owners select much more than a particular investment company in which to invest their account values. They also select the specific type of death benefit and other optional benefits as well as numerous other rights and privileges set forth in the Contracts. Contract Owners may also have considered the Companies' size, financial condition, type and its reputation for service in selecting their Contract. These factors will not change as a result of the Substitution.

H. Separate Representations and Request for an Order. Applicants request an order of the Commission pursuant to Section 26(c) of the 1940 Act approving the Substitution by the Companies. Applicants submit that, for all the reasons stated above, the Substitution is

consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the 1940 Act.

V - CONDITIONS

A. The Substitution will not result in the type of costly forced redemptions that Section 26(c) was intended to guard against and are consistent with the protection of investors and the purposes fairly intended by the 1940 Act because the significant conditions of the Substitution described in this Application include:

1. The Substitute Fund has an investment objective and investment policies that are similar to the investment objective and policies of the Replaced Fund, so that the objective of the Affected Contract Owners can continue to be met;
2. <R>For two years following the implementation of the Substitution described herein, the net annual expenses of the Substitute Fund will not exceed the net annual expenses of the Replaced Fund as of December 31, 2012. To achieve this limitation, DSL will waive fees or reimburse the Substitute Fund in certain amounts to maintain expenses at or below the limit. Any adjustments will be made at least on a quarterly basis. In addition, the Companies will not increase the Contract fees and charges, including asset based charges such as mortality and expense risk charges deducted from the Subaccounts that would otherwise be assessed under the terms of the Contracts for a period of at least two years following the Substitution;</R>
3. Affected Contract Owners may reallocate amounts from the Replaced Fund without incurring a reallocation charge or limiting their number of future reallocations, or withdraw amounts under any Affected Contract or otherwise terminate their interest therein at any time prior to the Effective Date and for a period of at least 30 days following the Effective Date in accordance with the terms and conditions of such Contract. Any such reallocation will not count as a transfer when imposing any applicable restriction or limit under the Contract on transfers;
4. The Substitution will be effected at the net asset value of the respective shares in conformity with Section 22(c) of the 1940 Act and Rule 22c-1 thereunder, without the imposition of any transfer or similar charge by Applicants;
5. The Substitution will take place at relative net asset value without change in the amount or value of any Contract held by Affected Contract Owners. Affected Contract Owners will not incur any fees or charges as a result of the Substitution, nor will their rights or the obligations of the Companies under such Contracts be altered in any way;
6. The Substitution will be effected so that investment of securities will be consistent with the investment objectives, policies and diversification requirements of the Substitute Fund. No brokerage commissions, fees or other remuneration will be paid by the Replaced Fund or the Substitute Fund or Affected Contract Owners in connection with the Substitution;
7. The Substitution will not alter in any way the annuity, life or tax benefits afforded under the Contracts held by any Affected Contract Owner;

8. The Companies will send to their Affected Contract Owners within five (5) business days of the Substitution a written Post-Substitution Confirmation which will include the before and after account values (which will not have changed as a result of the Substitution) and detail the transactions effected on behalf of the respective Affected Contract Owner with regard to the Substitution. With the Post-Substitution Confirmations the Companies will remind Affected Contract Owners that they may reallocate amounts from the Substitute Fund without incurring a reallocation charge or limiting their number of future reallocations for a least 30 days following the Effective Date in accordance with the terms and conditions of their Contract; and

9. The Companies or their affiliates will pay all expenses and transaction costs of the Substitution, including legal and accounting expenses, any applicable brokerage expenses, and other fees and expenses. In addition, the Substitution will not impose any tax liability on Affected Contract Owners.

10. Under the manager-of-managers relief granted to the ING Investors Trust, a vote of the shareholders is not necessary to change a sub-adviser, except for changes involving an affiliated sub-adviser. Notwithstanding, after the Effective Date of the Substitutions the Applicants agree not to change a Substitute Fund's sub-adviser without first obtaining shareholder approval of either (1) the sub-adviser change or (2) the parties continued ability to rely on their manager-of-managers relief.

The Applicants consent to be bound by the terms and conditions listed in this Section and those to be set forth in the Notice of Application for an Order.

B. The Substitution and related transactions described in this Application will not be completed unless all of the following additional conditions are met:

1. The Commission shall have issued an order approving the Substitution under Section 26(c) of the 1940 Act;

2. A registration statement for the Substitute Fund is effective and the investment objectives and policies and fees and expenses for the Substitute Fund as described herein have been implemented;

3. Each Affected Contract Owner will have been sent a copy of (a) a Contract prospectus supplement informing shareholders of this Application; (b) a prospectus for the Substitute Fund, and (c) a second supplement to the Contract prospectus setting forth the Effective Date and advising Affected Contract Owners of their right to reconsider the Substitution and, if they so choose, any time prior to the Effective Date and for 30 days thereafter, to reallocate or withdraw amounts under their affected Contract or otherwise terminate their interest therein in accordance with the terms and conditions of their Contract; and

4. The Companies shall have satisfied themselves, that (a) the Contracts allow the substitution of investment company shares in the manner contemplated by the Substitution and related transactions described herein; (b) the transaction can be consummated as described in this Application under applicable insurance laws; and (c) that any regulatory requirements in each jurisdiction where the Contracts are qualified for sale, have been complied with to the extent necessary to complete the transaction.

VII - PROCEDURAL MATTERS

- A.** Pursuant Rule 0-2(f) under the 1940 Act, Applicants state that written or oral communications regarding this Application should be directed to individuals and addresses specified on the cover of this Application.
