Annual Report on Form 10-K for the fiscal year ended March 31, 2006

Notes to Consolidated Financial Statements, page F-10

Note 1. Organization and Summary of Significant Accounting Policies, page F-10
Reclassifications, page F-11

1. We note that the furniture and equipment and deferred lease liability balances as of March 31, 2005 have been adjusted. It appears to us as though this is a correction of an error in that certain lease amounts were inadvertently not recorded in the proper period. Please tell us why you did not restate your financial statements and provide disclosures in accordance with APB 20 for correction of an error.

Recoupable costs and Producer Advances, page F-13

2. We note that you capitalize these costs and prepayments on your balance sheet. We further note that the producer advances are not refundable. Please tell us, and revise future filings to disclose, the exact nature of these balances and the accounting literature upon which you relied for capitalization. Furthermore, please clarify how you recognize these prepaid costs into expense and when. Include in your response under what circumstances would you lose the amounts paid to a producer as a non refundable advance.

Revenue Recognition, page F-14

3. Per disclosure in the MRG Entertainment financial statements, on page F-6 of the Form 8-K dated February 10, 2006, we see that deferred revenue on the balance sheet includes the entire license fee collected, including amounts payable to producers. Please provide us with sample journal entries you record in these types of transactions, as we note from page F-14 of your financial statements, you record the revenues from such transactions on a net basis under EITF 99-19. Clarify for us in your response the impact on your balance sheet from these transactions if you record these revenues on a net basis.

Note 6. Acquisitions, page F-19

4. Please tell us and explain in future filings, the factors that contributed to a purchase price that resulted in recognition of a significant amount of goodwill in accordance with paragraph 51(b) of SFAS 141.

5. We note the disclosure indicating that if certain EBITDA targets are met, the Company is required to make three earn-out payments totaling \$2.0 million over three years in connection with the MRG acquisition transaction. We also note that these earn-out payments will be an additional expense for this segment. Please tell us and explain in future filings why these contingent payments will be accounted for as an expense rather than as additional purchase price for the acquisition transaction. Your response and your revised disclosure should indicate whether continued employment is required for the parties to earn these payments and should explain in detail why the planned treatment is in accordance with SFAS No.141 and EITF 95-8.

Form 8-K filed August 8, 2006

6. We note the disclosure of EBITDA for each of the Pay TV, Internet and Film Production segments. However, your reconciliation of this non-GAAP measure to the most comparable GAAP measure only reconciles your total net income to EBITDA and adjusted EBITDA. Please revise all future filings to separately present and reconcile each non-GAAP measure reported to the most comparable GAAP measure.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes all information required under the Securities Exchange Act of 1934 and that they have provided all information investors require for an informed investment decision. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In connection with responding to our comments, please provide, in writing, a statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filing; and
