ANNTAYLOR, INC. NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

1. Basis of Presentation

The condensed consolidated financial statements are unaudited but, in the opinion of management, contain all adjustments (which are of a normal recurring nature) necessary to present fairly the financial position, results of operations and cash flows for the periods presented. All significant intercompany accounts and transactions have been eliminated.

The results of operations for the 2003 interim period shown in this report are not necessarily indicative of results to be expected for the fiscal year.

The February 1, 2003 condensed consolidated balance sheet amounts have been derived from the previously audited consolidated balance sheet of AnnTaylor, Inc. ("the Company").

Detailed footnote information is not included for the quarters ended May 3, 2003 and May 4, 2002. The financial information set forth herein should be read in conjunction with the Notes to the Company's Consolidated Financial Statements contained in its Fiscal 2002 Annual Report on Form 10-K.

2. Long-Term Debt

The Company had \$122,515,000 in long-term debt outstanding at May 3, 2003 in the form of a Note Payable to AnnTaylor Stores Corporation.

3. <u>Recent Accounting Pronouncements</u>

On May 15, 2003 the Financial Accounting Standards Board (the "FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity". SFAS No. 150 requires that an issuer classify financial instruments that are within its scope as a liability. Many of those instruments were classified as equity under previous guidance. Most of the guidance in SFAS No. 150 is effective for all financial instruments entered into or modified after May 31, 2003, and otherwise effective at the beginning of the first interim period beginning after June 15, 2003. Management is currently evaluating the provisions of SFAS No. 150, and does not believe that it will have an impact on the Company's consolidated financial statements.

ANNTAYLOR, INC. NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

3. <u>Recent Accounting Pronouncements (continued)</u>

On April 30, 2003 the FASB issued SFAS No. 149, "Amendment of Statement 133 on Derivative Instruments and Hedging Activities". SFAS No. 149 amends and clarifies accounting for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities under SFAS No. 133. SFAS No. 149 is effective for contracts entered into or modified after June 30, 2003. Management is currently evaluating the provisions of SFAS No. 149, and does not believe that it will have a significant impact on the Company's consolidated financial statements.

In January 2003, the FASB issued FASB Interpretation ("FIN") No. 46, "Consolidation of Variable Interest Entities – an Interpretation of Accounting Research Bulletin No. 51". FIN No. 46 requires unconsolidated variable interest entities to be consolidated by their primary beneficiaries if the entities do not effectively disperse the risks and rewards of ownership among their owners and other parties involved. The provisions of FIN No. 46 are applicable immediately to all variable interest entities created after January 31, 2003 and variable interest entities in which a company obtains an interest after that date. For variable interest entities created before January 31, 2003, the provisions of this interpretation are effective July 1, 2003. Management has determined FIN No. 46 will have no impact on the Company's consolidated financial statements.

* Expanded stores are excluded from comparable store sales for the first year following expansion.

Quarter Ended May 3, 2003 Compared to Quarter Ended May 4, 2002

The Company's net sales in the first quarter of fiscal 2003 increased to \$352,017,000 from \$345,392,000 in the first quarter of fiscal 2002, an increase of \$6,625,000, or 1.9 percent. By division, net sales for the first quarter of 2003, were \$201,326,000 for Ann Taylor and \$119,923,000 for Ann Taylor Loft. The overall sales increase was primarily the result of an increase in the number of stores open as compared to last year. Comparable store sales for the first quarter of fiscal 2003 decreased 6.5 percent, compared to an increase of 0.1 percent in the first quarter of fiscal 2002. Comparable store sales by division were down 8.1 percent for Ann Taylor and down 2.8 percent for Ann Taylor Loft. Management believes that the decrease in comparable store sales was, in part, the result of client dissatisfaction with certain of the Company's product offerings and merchandise assortment available in Ann Taylor stores.

Gross margin as a percentage of net sales decreased slightly to 53.7 percent in the first quarter of fiscal 2003, compared to 54.0 percent in the first quarter of fiscal 2002.

Selling, general and administrative expenses were \$158,618,000, or 45.1 percent of net sales, in the first quarter of fiscal 2003, compared to \$151,081,000, or 43.7 percent of net sales, in the first quarter of fiscal 2002. The increase in selling, general and administrative expenses as a percentage of sales was primarily the result of an overall deleveraging of expenses due to negative comparable store sales, and higher tenancy and new store operations expenses. These increases were partially offset by a decrease in the provision for management performance bonus. Additionally, 2002 was favorably impacted by the \$2,095,000 gain on the sale of the Ann Taylor proprietary credit card.

As a result of the foregoing factors, the Company had operating income of \$30,397,000, or 8.6 percent of net sales, in the first quarter of fiscal 2003, compared to \$35,482,000, or 10.3 percent of net sales, in the first quarter of fiscal 2002.

Interest income was \$688,000 in the first quarter of fiscal 2003, compared to \$516,000 in the first quarter of fiscal 2002. The increase is attributable to higher cash on hand, partially offset by lower interest rates.

Interest expense was \$1,694,000 in the first quarter of fiscal 2003, compared to \$1,699,000 in the first quarter of fiscal 2002.

The income tax provision was \$11,463,000, or 39 percent of income before income taxes, in the first quarter of fiscal 2003, compared to \$13,377,000, or 39 percent of income before income taxes, in the first quarter of fiscal 2002.

As a result of the foregoing factors, the Company had net income of \$17,928,000, or 5.1 percent of net sales, for the first quarter of fiscal 2003, compared to \$20,922,000, or 6.1 percent of net sales, for the first quarter of fiscal 2002.

Statement Regarding Forward-Looking Disclosures

Sections of this Quarterly Report on Form 10-Q, including the preceding Management's Discussion and Analysis of Financial Condition and Results of Operations, contain various forward-looking statements, made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. The forwardlooking statements may use the words "expect", "anticipate", "plan", "intend", "project", These forward-looking statements reflect the "believe" and similar expressions. Company's current expectations concerning future events, and actual results may differ materially from current expectations or historical results. Any such forward-looking statements are subject to various risks and uncertainties, including failure by the Company to predict accurately client fashion preferences; decline in the demand for merchandise offered by the Company; competitive influences; changes in levels of store traffic or consumer spending habits; effectiveness of the Company's brand awareness and marketing programs; general economic conditions or a downturn in the retail industry; the inability of the Company to locate new store sites or negotiate favorable lease terms for additional stores or for the expansion of existing stores; lack of sufficient consumer interest in the Company's Online Store; a significant change in the regulatory environment applicable to the Company's business; an increase in the rate of import duties or export quotas with respect to the Company's merchandise; financial or political instability in any of the countries in which the Company's goods are manufactured; the potential impact of health concerns relating to severe acute respiratory syndrome, particularly on manufacturing operations of the Company's vendors in Asia and elsewhere; acts of war or terrorism in the United States or worldwide; work stoppages, slowdowns or strikes; and other factors set forth in the Company's filings with the SEC. The Company does not assume any obligation to update or revise any forward-looking statements at any time for any reason.

Item 4. Controls and Procedures

Under the supervision and with the participation of the Company's management, including the Chief Executive Officer and Chief Financial Officer, the Company has conducted an evaluation of the effectiveness of the design and operation of its disclosure controls and procedures (as such term is defined in Rules 13a-14(c) and 15d-14(c) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of a date within 90 days of the filing of this guarterly report (the "Evaluation Date"). There are inherent limitations to the effectiveness of any system of disclosure controls and procedures, including the possibility of human error and the circumvention or overriding of the controls and procedures. Accordingly, even effective disclosure controls and procedures can only provide reasonable assurance of achieving their control objectives. Based on such evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that, as of the Evaluation Date, the Company's disclosure controls and procedures are effective in alerting them on a timely basis to material information relating to the Company (including its consolidated subsidiaries) required to be included in the Company's reports filed or submitted under the Exchange Act. There were no significant changes in the Company's internal controls or in other factors that could significantly affect such controls subsequent to the Evaluation Date, including any corrective actions with regard to significant deficiencies and material weaknesses.
