News release

FOR IMMEDIATE RELEASE

**TELEFÓNICA CHILE ANNOUNCES THE SUCCESSFUL CLOSING OF
A US\$ 150 MILLION LOAN**

Santiago, Chile - June 24, 2008 - Compañía de Telecomunicaciones de Chile S.A. (NYSE: CTC) (“Telefónica Chile” or “the Company”) announces that on June 12, 2008, it has refinanced an existing US\$ 150 million loan, with an international loan of the same amount.

The loan has a maturity of 5 years, with a bullet repayment and an interest rate of LIBOR plus 60 basis points.

The international bank loan has been structured as a Club Deal, with the participation of the following banks: Banco Santander, Banesto, Bank of Tokyo, BBVA, Caja Madrid, EDC and Rabobank.

Considering current market conditions of lower liquidity and increased financing costs, this transaction demonstrates confidence in Telefonica Chile, and its liquidity and credit quality.

The funds were used to refinance a syndicated loan with maturity in December 2008. With this transaction, Telefónica Chile fulfills its financing needs for the current year.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
