File No. 1-10647**

Dear Mr. Forkey:

We have reviewed your filing and have the following comments. We have limited our review to only your financial statements and related disclosures and will make no further review of your documents. Where indicated, we think you should revise your document in response to these comments. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you may have about our comments or on any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

Form 10-K for the fiscal year ended June 30, 2009

Management's Discussion and Analysis of Financial Condition and Results of Operations, page 15

Results of Operations for Fiscal Year ended June 30, 2009 compared to the Fiscal Year ended June 30, 2008, page 18

1. Although we note your disclosure that "higher sales" impacted your revenues for the period, there is no indication of how unit volumes and/or changes in selling prices attributed to the increase. In future filings, please separately quantify the effects of volume and pricing changes on your results of operations. Refer to Item 303(A)(3)(iii) of Regulation S-K.

Report of Independent Registered Public Accounting Firm, page 25

2. We note that although you have included your financial statements for the fiscal year ended June 30, 2008, you have not included an audit report that covers these financial statements. Please amend your filing to include an audit report that covers the financial statements as of and for the fiscal year ended June 30, 2008. Refer to Rule 8-02 of Regulation S-X.

Note 2. 10% Senior Secured Convertible Notes, page 37

3. We note your disclosure includes the conversion rate and how the proceeds were allocated between the notes and warrants based on relative fair values. However, in future filings, please provide a clear description of all the material terms of the convertible notes, including but not limited to, at whose option the notes are convertible, the conditions under which you or the holder may convert into common shares, and all conditions that may result in adjustments to the conversion rate, as well as any conditions under which you or the holder may accelerate payment of the notes. Please refer to the guidance provided in the Division of Corporation Finance's Current Accounting and Disclosure Issues Outline at <http://www.sec.gov/divisions/corpfin/cfacctdisclosureissues.pdf>.

Management's Annual Report on Internal Control over Financial Reporting, page 43

4. We note your disclosure here related to management's report on internal control over financial reporting as of June 30, 2009. However, we do not see where you have made a clear and definite statement as to whether your internal control over financial reporting was effective or not effective as of June 30, 2009. While we note the phrase "including internal control over financial reporting" included within the disclosure of your management's conclusion of your disclosure controls and procedures in the Evaluation of Disclosure Controls and Procedures section, please note that Item 308T of Regulation S-

K has a separate requirement from that of Item 307 of Regulation S-K. Item 307 of Regulation S-K requires you to disclose the conclusion of your principle executive and principle financial officers regarding the effectiveness of your disclosure controls and procedures, and Item 308T of Regulation S-K requires you to provide management's annual report on internal control over financial reporting that includes management's assessment of the effectiveness of the registrant's internal control over financial reporting as of the end of the registrant's most recent fiscal year, including a statement as to whether or not internal control over financial reporting is effective. Further, we note that while there is significant overlap between your disclosure controls and procedures and your internal controls over financial reporting it is unlikely that the two are identical or that all of your internal controls over financial reporting would represent a subset of your disclosure controls and procedures. For these reasons, the disclosure we referenced from the Evaluation of Disclosure Controls and Procedures section may not be appropriate and may be confusing to investors. Please amend your filing to provide management's conclusion regarding the effectiveness of your internal control over financial reporting as of June 30, 2009, preferably within Management's Annual Report on Internal Control over Financial Reporting, and revise your management's conclusion on your disclosure controls and procedures to remove the confusing language. Refer to Item 308T(a)(3) of Regulation S-K.
