WESTFORD, Mass., July 29, 2013 – Kadant Inc. (NYSE:KAI) reported its financial results for the second quarter ended June 29, 2013.

Second Quarter 2013 Highlights

GAAP diluted earnings per share (EPS) from continuing operations was \$0.51 in the second quarter of 2013, compared to \$0.56 in the second quarter of 2012.

Adjusted diluted EPS was \$0.51 in the second quarter of 2013, excluding a gain of \$0.12 on the sale of assets and acquisition-related restructuring costs of \$0.12, compared to our adjusted diluted EPS guidance of \$0.43 to \$0.45, which excluded an estimated gain of \$0.10 on the sale of assets.

Revenues were \$82 million in the second quarter of 2013, including \$6 million from acquisitions, compared to \$83 million in the second quarter of 2012. Our revenue guidance was \$79 to \$82 million, which included anticipated revenues from CBTI. Adjusting for revenues from Noss that were not included in the guidance, our adjusted revenue guidance was \$81 to \$84 million, which compares to our actual revenues of \$82 million.

Gross profit margins were a record 48.6% in the second quarter of 2013, up 490 basis points from the second quarter of 2012.

Cash flows from continuing operations were \$11 million in the second quarter of 2013, an increase of 30% compared to \$9 million in the second quarter of 2012.

The acquisitions of Companhia Brasileira de Tecnologia Industrial (CBTI) and certain assets of the Noss Group (Noss) were completed.

Net cash was \$48 million at the end of the second quarter.

Cash returned to shareholders through a dividend payment and common stock repurchases was \$2.8 million in the second quarter of 2013.

Adjusted diluted EPS, adjusted diluted EPS guidance, and adjusted revenue guidance are non-GAAP measures that exclude certain items as detailed later in this press release under the heading "Use of Non-GAAP Financial Measures" and in the reconciliation tables below.

Management Commentary

"We were pleased we exceeded our diluted EPS guidance on an adjusted basis," said Jonathan W. Painter, president and chief executive officer of Kadant. "We also had excellent gross margins and cash flows in the second quarter of 2013. Gross profit margins in the second quarter of 2013 were a record 48.6 percent. Operating cash flows from continuing operations were \$11.1 million in the second quarter of 2013, increasing 30 percent over the second quarter of 2012. We ended the quarter with net cash (cash less debt) of \$48.5 million, an increase of 61 percent over \$30.1 million in the second quarter of 2012. Significantly, our operating cash flows from continuing operations over the last twelve months were \$44.0 million, reflecting the strength of our business.

"Consolidated bookings increased to \$87.1 million in the second quarter compared to \$77.4 million in the second quarter of 2012, including a \$7.4 million increase from acquisitions and a 54 percent increase in China bookings. We ended the quarter with a strong backlog of \$106.3 million, including \$9.0 million from acquisitions. After the quarter closed, we booked orders for paper drying and fabric cleaning systems in Europe with a combined value of \$4.4 million."

Revenues in the second quarter of 2013 included \$6.1 million from acquisitions and a \$0.6 million increase from foreign currency translation compared to the second quarter of 2012. Operating income from continuing operations was \$8.4 million in the second quarter of 2013, including a \$1.7 million gain on the sale of assets and a \$1.9 million acquisition-related restructuring charge, compared to \$9.4 million in the second quarter of 2012.

Net income from continuing operations was \$5.8 million in the second quarter of 2013, or \$0.51 per diluted share, compared to \$6.5 million, or \$0.56 per diluted share, in the second quarter of 2012. Net income from continuing operations in the second quarter of 2013 included a \$1.3 million, or \$0.12 per diluted share, after-tax gain on the sale of assets and a \$1.3 million, or \$0.12 per diluted share, after-tax restructuring charge. Guidance

"We expect to achieve GAAP diluted EPS from continuing operations of \$0.47 to \$0.49 in the third quarter of 2013 on revenues of \$88 to \$90 million," Mr. Painter continued. "Our third quarter of 2013 guidance includes estimated restructuring costs of \$0.01. For the full year, we now expect revenues of \$340 to \$345 million, revised from our previous guidance of \$336 to \$343 million. We expect to achieve GAAP diluted EPS from continuing operations of \$2.02 to \$2.07, which includes a gain of \$0.12 on the sale of assets and acquisition-related restructuring costs of \$0.13. This compares to our previous GAAP diluted EPS guidance of \$2.00 to \$2.10, which included an estimated gain of \$0.10 on the sale of assets. On an adjusted diluted EPS basis, excluding the restructuring costs and gain on sale, we are raising our guidance to \$2.03 to \$2.08 from our previous guidance of \$1.90 to \$2.00."

Use of Non-GAAP Financial Measures

In addition to the financial measures prepared in accordance with generally accepted accounting principles (GAAP), we use certain non-GAAP financial measures, including increases or decreases in revenues excluding the effect of acquisitions and foreign currency translation, adjusted revenue guidance, adjusted operating income, adjusted net income, adjusted diluted EPS, adjusted diluted EPS guidance, earnings before interest, taxes, depreciation, and amortization (EBITDA), and adjusted EBITDA.

We believe that these non-GAAP financial measures, when taken together with the corresponding GAAP financial measures, provide meaningful supplemental information regarding our performance by excluding certain items that may not be indicative of our core business, operating results, or future outlook. We believe that the inclusion of such measures helps investors to gain an understanding of our underlying operating performance and future prospects, consistent with how management measures and forecasts our performance, especially when comparing such results to previous periods or forecasts and to the performance of our competitors. Such measures are also used by us in our financial and operating decision-making and for compensation purposes. We also believe this information is responsive to investors' requests and gives them an additional measure of our performance.

We present increases or decreases in revenues excluding the effect of acquisitions and foreign currency translation to provide investors insight into underlying revenue trends.

Adjusted revenue guidance for the second guarter of 2013 includes \$2 million of revenues from the Noss acquisition.

Adjusted operating income and adjusted EBITDA exclude pre-tax restructuring costs of \$1.9 million and a pre-tax gain on the sale of assets of \$1.7 million in the three-month and six-month periods ended June 29, 2013. These items are excluded as they are not indicative of our core operating results and not comparable to other periods, which have differing levels of incremental costs or other income or none at all.

Adjusted net income and adjusted diluted EPS exclude after-tax restructuring costs of \$1.3 million (\$1.9 million net of tax of \$0.6 million) and an after-tax gain on the sale of assets of \$1.3 million (\$1.7 million gain net of tax of \$0.4 million) in the three-month and six-month periods ended June 29, 2013.

Adjusted diluted EPS in the three-month periods ended June 29, 2013 and June 30, 2012 was calculated using the reported weighted average diluted shares for each period.

Adjusted diluted EPS guidance for the second quarter of 2013 excludes a gain on the sale of assets of \$0.10 and for the full-year 2013 excludes restructuring costs of \$0.13 and a gain on the sale of assets of \$0.12.

The non-GAAP financial measures included in this press release are not meant to be considered superior to or a substitute for the results of operations prepared in accordance with GAAP. In addition, the non-GAAP financial measures included in this press release have limitations associated with their use as compared to the most directly comparable GAAP measures, in that they may be different from, and therefore not comparable to, similar measures used by other companies.

Reconciliations of the non-GAAP financial measures to the most directly comparable GAAP financial measures are set forth in this press release.
