Kadant Reports 2013 Third Quarter Results Lowers Revenue Guidance for 2013

WESTFORD, Mass., November 4, 2013 – Kadant Inc. (NYSE:KAI) reported its financial results for the third quarter ended September 28, 2013.

Third Quarter 2013 Highlights

GAAP diluted earnings per share (EPS) from continuing operations was \$0.57 in the third quarter of 2013 compared to \$0.66 in the third quarter of 2012. Guidance was \$0.47 to \$0.49, which included \$0.01 of restructuring costs. A higher effective tax rate reduced diluted EPS by \$0.10 in the third quarter of 2013 compared to the third quarter of 2012.

Revenues were \$91 million in the third quarter of 2013, including \$7 million from acquisitions, compared to \$87 million in the third quarter of 2012. Guidance was \$88 to \$90 million, including revenues from acquisitions.

Operating income was \$10 million in both the third quarters of 2013 and 2012.

Bookings were \$82 million in the third quarter of 2013, including \$5 million from acquisitions, compared to \$69 million in the third quarter of 2012. Bookings in the first nine months of 2013 were \$259 million, increasing 15% compared to the first nine months of 2012, including 6% from acquisitions.

Cash flows from continuing operations were \$13 million in both the third quarters of 2013 and 2012, and were \$31 million in the first nine months of 2013 compared to \$18 million in the first nine months of 2012.

Net cash was \$59 million at the end of the third quarter and increased \$10 million compared to the second quarter of 2013.

Management Commentary

"We had another solid quarter with strong cash flows and better than expected EPS performance," said Jonathan W. Painter, president and chief executive officer of Kadant. "GAAP diluted EPS from continuing operations was \$0.57 and well above our guidance of \$0.47 to \$0.49 partly due to higher revenues. Our diluted EPS for the third quarter of 2013 included \$0.05 from acquisition expenses.

"Revenues of \$91 million in the third quarter of 2013 increased five percent compared to the third quarter of 2012, including increases of eight percent from acquisitions and two percent from foreign currency translation. Operating cash flows from continuing operations were \$13 million in the third quarter of 2013 and we ended the quarter with net cash (cash less debt) of \$59 million.

"Bookings increased to \$82 million in the third quarter of 2013 compared to \$69 million in the third quarter of 2012, including \$5 million from acquisitions. Parts and consumables bookings increased 21 percent to \$54 million in the third quarter of 2013 compared to the third quarter of 2012, including a seven percent increase from acquisitions."

Third Quarter 2013

Kadant reported revenues of \$91.3 million in the third quarter of 2013, an increase of \$4.7 million, or five percent, compared with \$86.6 million in the third quarter of 2012. Revenues in the third quarter of 2013 included \$7.0 million from acquisitions and a \$1.5 million increase from foreign currency translation compared to the third quarter of 2012. Operating income from continuing operations was \$9.9 million in both the third quarters of 2013 and 2012. Net income from continuing operations was \$6.5 million in the third quarter of 2013, or \$0.57 per diluted share, compared to \$7.6 million, or \$0.66 per diluted share, in the third quarter of 2012.

Guidance

"Our solid diluted EPS performance during the first three quarters of 2013 has positioned us to finish 2013 as expected," Mr. Painter continued. "Looking forward, we expect to achieve GAAP diluted EPS from continuing operations of \$0.47 to \$0.49 in the fourth quarter of 2013 on revenues of \$86 to \$88 million. Our fourth quarter guidance includes estimated restructuring costs of \$0.01. For the full year, we expect revenues of \$336 to \$338 million, revised from our previous estimate of \$340 to \$345 million. We expect to achieve GAAP diluted EPS from continuing operations of \$2.02 to \$2.04, which includes a gain of \$0.12 on the sale of assets and restructuring costs of \$0.13. This guidance does not include any results from the pending acquisition of Carmanah Design and Manufacturing Inc."

Use of Non-GAAP Financial Measures

In addition to the financial measures prepared in accordance with generally accepted accounting principles (GAAP), we use certain non-GAAP financial measures, including increases or decreases in revenues excluding the effect of acquisitions and foreign currency translation, adjusted operating income, earnings before interest, taxes, depreciation, and amortization (EBITDA), and adjusted EBITDA.

We believe that these non-GAAP financial measures, when taken together with the corresponding GAAP financial measures, provide meaningful supplemental information regarding our performance by excluding certain items that may not be indicative of our core business, operating results, or future outlook. We believe that the inclusion of such measures helps investors to gain an understanding of our underlying operating performance and future prospects, consistent with how management measures and forecasts our performance, especially when comparing such results to previous periods or forecasts and to the performance of our competitors. Such measures are also used by us in our financial and operating decision-making and for compensation purposes. We also believe this information is responsive to investors' requests and gives them an additional measure of our performance.

We present increases or decreases in revenues excluding the effect of acquisitions and foreign currency translation to provide investors insight into underlying revenue trends.

Adjusted operating income and adjusted EBITDA exclude pre-tax restructuring costs of \$2.0 million and a pre-tax gain on the sale of assets of \$1.7 million in the nine-month period ended September 28, 2013. These items are excluded as they are not indicative of our core operating results and not comparable to other periods, which have differing levels of incremental costs or other income or none at all.

The non-GAAP financial measures included in this press release are not meant to be considered superior to or a substitute for the results of operations prepared in accordance with GAAP. In addition, the non-GAAP financial measures included in this press release have limitations associated with their use as compared to the most directly comparable GAAP measures, in that they may be different from, and therefore not comparable to, similar measures used by other companies.

Reconciliations of the non-GAAP financial measures to the most directly comparable GAAP financial measures are set forth in this press release.
