Tom Ryan's Letter to Shareholders

"Our team clearly demonstrated our culture of compassion and dedication at SCI as we remained focused on what we do best, which is helping our client families gain closure and healing through the process of grieving, remembrance, and celebration. The steadfast dedication, courage, and resilience of our team was nothing short of heroic and I have never been more proud to work with such an amazing team of individuals."

Dear Shareholders,

In a year that will be remembered for its overwhelming challenges, our associates rose to the occasion in ways never seen before. Our entire SCI family can look back with pride on the innovative ways in which our teams stepped up to serve our customers, our communities, and each other during this very difficult period. Our team clearly demonstrated our culture of compassion and dedication at SCI as we remained focused on what we do best, which is helping our client families gain closure and healing through the process of grieving, remembrance, and celebration. The steadfast dedication, courage, and resilience of our team was nothing short of heroic and I have never been more proud to work with such an amazing team of individuals.

From the beginning of the pandemic, the health, safety and well-being of our SCI family was a top priority. Our dedicated teams on the front lines are first responders and provide essential services for our client families. We took immediate actions to protect our employees by securing Personal Protective Equipment (PPE) and implementing comprehensive health and safety protocols throughout our funeral homes and cemeteries to ensure the safety of our guests and associates. We are constantly monitoring our supply chain for PPE to ensure ongoing protection. Our corporate teams continue to work from home to reduce the risk of COVID-19 exposure, but their dedication to supporting our teams on the front-lines has never wavered. We will continue to take all feasible measures to ensure the peace of mind and well-being of our associates so they may fulfill their vital role in our communities.

One thing that became clear throughout 2020 is that our fundamental business has not changed. We did not see a wholesale shift in consumer preferences and our cremation rate remains stable. Although we were restricted in our ability to hold large gatherings in 2020, we heard loud and clear from our client families that they still want to memorialize and to celebrate. Although it was a challenging year, tools used and actions taken in response to the crisis will help us achieve and strengthen our strategy and long-term growth outlook. Our associates embraced creative ways to serve families and leveraged technology to help celebrate the lives of loved ones when physical gatherings were limited or prohibited by state, provincial, and local government mandates. Such endeavors included livestreaming of funeral services, hosting virtual arrangements with families, and holding funeral services outdoors under large canopies or via radio broadcast. As we continue to hold more outdoor funeral services, we recognize that this type of service is likely here to stay and are creating a comprehensive set of resources and best practices for funeral homes and cemeteries to hold outdoor services. Funeral directors and sales counselors continue to leverage virtual platforms to make arrangements and plan service details with families. Our sales counselors also found creative ways to engage with potential customers through our websites and social media. Although they may not always meet our client families face-to-face, our funeral directors and sales counselors continue to listen, understand, suggest, and plan important details for honoring a loved one's life.

"I am extremely optimistic about our future. Our team has proven what they are made of during this extraordinary time, and I believe our culture, as strong as it was before, is even stronger today. Our response to the COVID-19 crisis and our physical and digital presence have afforded us selective market share gains and have enabled our Company to further leverage our scale."

During the midst of a challenging year, we continued our focus on policies and strategies nurturing a more secure and inclusive workplace. In response, we proudly announce that we created two new Associate Resource Communities (ARCs) that bolster our culture of inclusion and diversity. In prior years, we formed a Veterans Associate Resource Community and an ARC advocating for our LGBTQ+ associates and communities. In 2020, we formed two new ARCs which provide support and advocacy for our Black and Hispanic associates. These associate-led groups will be instrumental in our ability to make a meaningful societal impact, respond authentically to issues of equity and social justice, make a positive difference for our associates, and improve our business.

I also recognize the dedication and compassion our associates have demonstrated for the communities we serve. In 2020, many of our associates in cities and towns across the country volunteered to travel to and provide assistance in areas hardest hit by COVID-19. With this added support in particularly hard hit areas, we were able to provide services for many individuals who were turned away from our competitors. Our associates also worked to support the communities that we serve through giving of their time, money and other resources. Our associates organized donation drives for blood, canned goods, pet food and school supplies – whatever they recognized was needed by their neighbors. And while our teams are considered first responders themselves, many took meals to public servants and medical personnel working tirelessly at local hospitals.

We were fortunate to enter this crisis with a strong balance sheet, which provided us with financial flexibility in 2020. This flexibility allowed us to avoid layoffs, mandatory furloughs, or reductions in pay for any employees except officers, as a result of the impact of COVID-19 and instead recognize the incredible efforts of our frontline associates with over \$10 million awarded for HERO and special bonuses to every associate who is not eligible to participate in our annual incentive plan. Our financial flexibility also allowed us to invest in technologies to support a significantly higher number of services without disruption to our business, which highlights the power of our scale. Although this was a challenging and unique year, our long-term growth framework remains in place. Therefore, we will maintain focus on our core strategies of growing revenue by remaining relevant to our client families, leveraging our scale, and maximizing our capital deployment opportunities in a disciplined and balanced manner.

While there are many unknowns facing us in 2021, I am extremely optimistic about our future. Our team has proven what they are made of during this extraordinary time, and I believe our culture, as strong as it was before, is even stronger today. Our response to the COVID-19 crisis and our physical and digital presence have afforded us selective market share gains and have enabled our Company to further leverage our scale. The accelerated use of new technologies required to successfully meet customer needs during COVID-19 has provided many advantages and further differentiates us from our competitors. The adoption of new technology is increasing digital sales leads and producing a more effective and efficient sales model through enhanced use of our customer relationship management platform. In addition, we see an improvement in our relationship with our customers due to a dedicated focus on service excellence and honoring the details of every life we are privileged to serve, as well as enabling a seamless interaction with families through a best-in-class website experience. Our continued focus on service excellence during these trying times allowed continuous improvement in our ratings on social media outlets. Our reviews are a reflection of the ultimate service we provide.

Finally, let me say again to our entire SCI family, and particularly to our frontline associates, thank you for your courage and resolve, and for putting the safety of our client families, communities, and colleagues first. I see every one of our associates as true heroes in helping honor each life that has been lost through this past year and overcoming incredible odds every step of the way. All of the many learnings from this year will make us a better company going forward. As a result, we are positioned to enter the post pandemic world as a more agile and productive company.

Board of Directors

Nominating and Corporate Governance Committee

In 2020, the Nominating and Corporate Governance Committee reviewed ESG matters presented by the ESG Steering Committee and addressed other related risks through various committee meetings throughout the year.

CEO and Senior Executive Leaders

ESG Steering Committee

Formed in 2020, this cross-functional team’s purpose is to support the Company’s ongoing commitment to managing human capital, the health and safety of employees and client families, corporate social responsibility to our communities, corporate governance, sustainability, environmental impacts, and other public policy matters relevant to the Company.

Our focus is to measure what matters for our Company and will drive value for all of our stakeholders.

The ESG Steering Committee includes management representatives from investor relations, corporate communications, legal, health, safety, and environmental compliance, human resources, financial reporting, supply chain management, and executive officers. This committee met at least monthly in 2020.

2020 accomplishments include:

- Utilizing disclosure guidance from the Sustainability Accounting Standards Board (SASB) and the Task Force on Climate-Related Financial Disclosures (TCFD) for reporting ESG matters relevant to the Company.
- Defining ESG risks and opportunities at SCI and aligning certain risks with our enterprise risks.

Inclusion and Diversity Committee

Formed in 2017, this cross-functional committee of SCI associates oversees the development of inclusion and diversity programs at SCI, including the development of a mentoring program and Associate Resource Communities or ARCs. Since the committee was established, four ARCs have been formed (EMBRACE and ADELANTE were formed as ARCs in 2020). Other accomplishments include:

- CEO Action for Diversity & Inclusion - Recognizing that change starts at the executive level, CEO, Chairman and President Tom Ryan joined the CEO Action for Diversity & Inclusion™, the largest CEO-driven business commitment to advancing inclusion and diversity in the workplace.
- SCI Women's Leadership Conference - The SCI Women's Leadership Conference aims to inspire and invest in our female leaders, by providing them an opportunity to connect, share ideas, and develop and enhance their leadership skills.
- Leading With Dignity - Our management skills training course, Leading With Dignity, teaches leaders to address different communication styles, establish a positive and inclusive work environment, deliver effective and actionable feedback, and execute best practices for recruiting and retaining top talent.
- The Inspire Series - Our outstanding leaders conduct monthly webinars designed to help our associates grow both personally and professionally. This series of monthly webinars is available to all associates and covers topics including work-life balance, time management, and healthy living.

Associate Resource Communities (ARCs)

VARC aims to inspire, empower, support, and educate veterans, their families and veteran advocates through a team dedicated to veteran wellness, leadership, and advancement.

Advocates for our LGBTQ+ associates. UNITE believes that associates who are comfortable bringing their whole selves to work can inspire meaningful change within the Company and help leverage diverse perspectives and backgrounds.

Focused on nurturing a culture which ensures the inclusion and representation of Black people as a part of its corporate, community, and customer footprint. An ARC focused on inclusion, equality, and service.

Our most recently formed ARC ensures that the representation of Hispanic associates within the Company and our communities is included and heard.

Social Matters: Human Capital Management

Celebrating our differences and supporting our 24,000 associates

OUR ASSOCIATES ARE THE KEY TO OUR COMPANY’S FUTURE. It’s their compassion, positive outlook, and enthusiasm that heighten our level of care for families and propel our Company’s continued success. We are the best, the brightest and the most experienced in our profession. We strive for a workplace where ideas are welcomed, efforts are recognized, suggestions are put into practice, and new programs such as our new customer-facing technology are deployed to improve our associates work experience.

As last responders, our front line associates have been disproportionately affected by the pandemic over the last year and we are proud that we have been able to reward their incredible efforts with over \$10 million of HERO and special bonuses. In this mentally and emotionally demanding year, we have highlighted the mental health services that are available through our Employee Assistance Plan and urged our associates to use them if needed. Our efforts to recognize, develop, and care for our associates is one reason why SCI has been designated as a Great Place to Work® every year since 2017.

WE BELIEVE IN THE POWER OF INCLUSION and we respect our fellow associates’ work, ideas, beliefs, and lifestyles. Through programs such as our Women’s Leadership Conference and Associate Resource Communities (ARCs), colleagues with similar interests connect with others for networking and opportunities for growth. Our leadership team is committed to advancing inclusion and diversity within the workplace, by embracing the many backgrounds and perspectives that make each of us so unique, allowing us to remain relevant to the families we serve.

In the past year, SCI associates spent more than **200,000 hours** completing **Dignity University** online courses.

Social Matters: Community

Fostering a culture of giving and volunteerism

AT SCI, EVERYTHING WE DO IS IN SUPPORT OF PEOPLE – our associates, the client families we serve, and the people who live in the communities where we operate. We are committed to supporting causes that enhance and promote the well-being of individuals from all walks of life. One way we are uniquely positioned to fulfill that commitment is through the SCI Foundation, our Company's nonprofit charitable giving arm. To further drive our long-term charitable giving objectives, we funded \$6 million to the SCI Foundation in 2020.

We established a new SCI Foundation giving strategy that aligns with our core values and business strategy, and with the causes our associates care about the most. As part of the new strategy, established in 2020, our SCI Foundation giving is guided by three mission statements:

- **Honoring Those Who Serve:** We are dedicated to supporting and honoring military veterans.
- **Comforting Those Who Grieve:** We are determined to ensure no one grieves alone.
- **Celebrating the Significance of Life:** We are committed to raising awareness of the lifesaving gifts of organ, eye, and tissue donation.

We have developed multi-year partnerships with nonprofit organizations whose programming aligns with these missions, including the Tragedy Assistance Program for Survivors (TAPS), the National Alliance for Grieving Children, and Donate Life America.

TAPS provides comfort, care and resources through programming such as grief support groups, grief camps for children and teens, peer mentorships, and educational seminars. Through our partnership with TAPS, we're able to support all those who have experienced a military or veteran loss.

The National Alliance for Grieving Children provides resources and education for professional and family caregivers supporting grieving children and teens. Their extensive network of member organizations provides opportunities for our funeral home locations to better support the families we serve.

Through our partnership with Donate Life America, we are able to provide service excellence to families of organ, eye and tissue donors, while also building enduring relationships with the organ, eye and tissue donation community. We are also able to have a direct impact by advocating for individuals to register as an organ, eye and tissue donor.

SCI is also a long-time supporter and committed champion of the United Way of Greater Houston. We believe supporting United Way is the best way to reach a myriad of community-based organizations dedicated to strengthening the local community. Through associate fundraising and our dollar-for-dollar company match, SCI has contributed over \$9 million to the United Way since 2014.

Community Spotlight: Comforting Those Who Grieve

The funeral is just one part of the grieving process, and we are committed to supporting the families we serve before, during and after the service. The loss of a loved one and the accompanying grief can be extremely difficult, especially during a pandemic when we may be unable to gather to celebrate the life of a loved one.

We have partnered with Charles Nechtem Associates, Inc. to provide families with helpful benefits and resources, such as the 24-hour Compassion Helpline, which provides families with free confidential phone access to professionals trained in grief counseling for up to 13 months after the service.

We also offer the Dignity Memorial Guidance Series, a suite of grief materials featuring the insights of renowned grief experts, at no cost. This extensive collection of booklets, brochures, and online resources offers professional advice and compassionate guidance to help families understand and process the complex emotions of grief. Visit the Dignity Memorial digital grief library: <https://www.dignitymemorial.com/support-friends-and-family/grief-library>.

We believe in supporting causes that mean the most to our associates. That's why, as part of our new SCI Foundation giving strategy, we also allocate funds annually to each Associate Resource Community (ARC) dedicated to helping them achieve their community outreach goals.

Social Matters: Risk Management

Identifying and Addressing Cybersecurity Risks

THE COMPANY'S INFORMATION SECURITY PROGRAM INCLUDES security awareness training, security operations, incident response, security governance, third party risk management, IT security risk management, security architecture and vulnerability management. The program also includes a Cybersecurity Governance Committee, which is a cross functional team of management and associates that oversee current cybersecurity developments, projects, and future initiatives.

Risk assessments are conducted when onboarding new services, including third party vendors, applications and other technology services, significant changes to IT or security architecture, and systems handling sensitive data.

Risks identified or reported are documented as part of our risk management process following an industry standard framework with a goal of remediation or mitigation. They are reported and reviewed by Senior Leadership for approval as required. Any exceptions identified are reviewed on a recurring basis and, if material, are reported to the Board. We are not aware of any known material breaches and none were reported to the Board in the past year.

The Board recognizes the threats presented by cybersecurity incidents and is committed to the prevention, timely detection, and mitigation of the effects of any such incidents to the Company.

- ✓ The Audit Committee oversees the Company's controls related to cybersecurity.
- ✓ The Nominating and Corporate Governance Committee oversees the risk assessment related to cybersecurity.

Environmental Matters

Our focus on environmental sustainability

WE RECOGNIZE THE IMPORTANCE OF ENVIRONMENTAL MATTERS and are using the Task Force on Climate-Related Financial Disclosure (TCFD) framework for guidance on future disclosures. We are currently exploring several opportunities regarding water consumption, energy conservation, and greenhouse gas emissions through the following initiatives:

Testing water monitoring technology and utilizing reclamation at select cemeteries

Installing and piloting bioresomation units at two crematories

Approved installation of solar panels at certain locations

Began converting electricity contracts to renewable sources in 2019

Testing electric vehicles for the development of a potential electric vehicle strategy within our fleet

We also offer green products, such as biodegradable urns and caskets, at most funeral service locations, and green burials at select cemetery locations. We are Green Burial Council Certified at Cedar Lawns Memorial Park in Washington and at our Neptune Memorial Reef, off the coast of Florida.

The Reef was designed by a marine biologist to attract and support certain marine life to build an underwater ecosystem. Located off the coast of Key Biscayne, not far from Miami, it's permitted and certified by the Environmental Protection Agency, Florida Fish and Wildlife, Army Corps of Engineers, and the Department of Environmental Resources Management. This unique underwater final resting place accommodates individuals, families, and even pets. *Please visit the website for further information: <https://www.nmreef.com/>.*

Corporate Governance Highlights

Shareholder and Proxy Advisor Outreach

The Board continues to place a high priority on listening to and considering the views of our shareholders. We accomplish this through a robust outreach and engagement program. A comprehensive shareholder outreach program is an essential component of maintaining our strong corporate governance practices. We regularly communicate with a large portion of shareholders throughout the year. We also have a formal process of outreach to our top shareholders prior to our annual meeting to address highlights or changes to our corporate governance practices, including discussion of our executive compensation programs. In addition, certain of our directors have participated in direct shareholder engagement when requested and deemed appropriate. The results of these conversations are summarized and discussed with both the SCI Board and our management. As part of our normal procedures, we also engage with proxy advisors who represent the interests of certain shareholders. We continue to have open dialogue with Glass Lewis and Institutional Shareholder Services and use their constructive feedback to continuously enhance our disclosures.

We engaged with shareholders representing approximately

In early 2020, we engaged with shareholders representing approximately 55% of the Company's common stock prior to our Annual Shareholder Meeting. Through our ongoing shareholder outreach efforts, we better understand the viewpoints of our shareholders as well as gain opportunities to communicate how our decisions align with our strategic goals.

Overall, investors' sentiment was positive with respect to our enhanced ESG focus and disclosures, our corporate governance practices, and our executive compensation programs. While shareholders appreciated that Board tenure had been significantly reduced in recent years, they encouraged us to continue the progress we have made with Board recruitment as well as diversity. We have embarked on a search for a new director (to replace Cliff Morris who will not seek re-election in 2022), which will reduce Board tenure in 2023 to approximately 15 years with the appointment of a new replacement Director.

We received positive feedback with respect to our management of ESG matters, but were encouraged to continue our journey towards adopting a framework that would highlight key performance indicators. As mentioned in the ESG Oversight section of this Proxy, we have begun to refer to the Sustainability Accounting Standards Board (SASB) and the Task Force on Climate-Related Financial Disclosures (TCFD) as a guide for reporting relevant ESG matters. We are working to ensure that we measure what matters to our company and drive value for all of our stakeholders.

Priorities in Response to COVID-19 Pandemic

Given the timing of our formal outreach in April and May 2020, an area of particular focus during our engagements with investors was how the Company was managing the business successfully through the challenges created by COVID-19. Our priority throughout the year was to keep shareholders informed of how the pandemic was affecting our business and our people and how we were responding to various challenges.

COVID-19 Pandemic Response Process

Our pandemic-related decision-making and response evolved as the effects of the pandemic grew. In the initial stages, a COVID-19 Task Force (Task Force) was formed. The Task Force was chaired by Sumner J. Waring, III, Senior Vice-President and Chief Operations Officer and included associates from Operations, Human Resources, Health, Safety, and Environmental Compliance Services, Corporate Communications, Legal and Supply Chain Management. The goal of the Task Force was to facilitate an agile response to the pandemic and its impacts on our associates, customers, communities, and our business as a whole. The Task Force considered the best way to serve our client families, ensure safe working conditions, provide personal protective equipment for our associates, provide responsive and supportive human resources policies, and to bring peace of mind to our associates related to job security.

As the threat of pandemic-related effects grew in mid-March, the Office of the Chairman (OTC) began to meet each day to facilitate a timely decision-making and communication process to guide the Company through the COVID-19 crisis. The OTC continued to meet bi-weekly in June and has met weekly since July. During the height of the pandemic, the OTC considered and provided feedback to questions raised by field operations, the Task Force, and home office departments to ensure fast and appropriate responses were taken to address identified challenges. All Company officers met each Monday to keep communication constant and consistent. Although the OTC and Task Force provided guidance to field operations, local management, better understanding the needs of their associates, customers and communities, made final decisions about the best operating actions to take in response to COVID-19 related challenges. As the result of the process described above, the Company identified the priorities and facilitated the actions, which we have detailed in our COVID-19 response on the following pages.

COVID-19 Pandemic Response

Associates, Customers, and Communities

SCI remains deeply committed to the health and well-being of our associates, our customers, and our communities. In order to maintain a safe environment for all, we implemented the following measures:

- Developed and adopted the Dignity Memorial Health & Safety Standards, a comprehensive, 32-page health and safety guide that complies with the highest standards provided by The Centers for Disease Control and Prevention (CDC). This guide outlines actions to be taken to reduce the risk of exposure and further spread of COVID-19 including:
 - Engaging suppliers from around the globe to ensure that our frontline associates had adequate stock of personal protective equipment (PPE).
 - Adding a Wellness Champion at businesses to assist in ensuring compliance with state and local guidelines, maintaining an adequate supply of cleaning materials and personal protective equipment (PPE), enforcing social distancing practices, and implementing a rigorous sanitizing schedule.
 - Providing and mandating the use of masks for all associates and guests.
 - Providing hand-sanitizing stations in areas where families and guests gather.
 - Maintaining social distancing in chapels and lobbies, and redirecting guests to separate entrances and exits to minimize the number of people in the facility.
 - Sanitizing arrangement conference rooms, chapels and chairs between each arrangement and service.
 - Placing signage throughout funeral homes and cemeteries to remind guests of handwashing, mask requirement, and social distancing standards.
 - Sharing resources with associates so that they stay informed and understand the impacts of COVID-19 on their personal and professional lives.
 - Adhering to the limitations on gathering restrictions as mandated by respective local jurisdictions.
- Developed and adopted modified operations procedures and practices based on guidance provided by the CDC including protocols on decedent care and handling personal effects.

Associates

The health and safety of SCI associates remains a top priority. Because of this, the Company has provided expanded benefits and implemented additional measures including:

- Providing paid time off to associates who test positive for COVID-19 or need to care for a loved one or family member with COVID-19.
- Encouraging home office and certain field administrative associates to work remotely, if possible.
- Avoiding Company layoffs, mandatory furloughs or reductions in workforce as a result of the impact of COVID-19.
- Ensuring non-executive associates did not have to take a pay cut.
- Ensuring associates not only maintained their benefits, but also received their annual merit increases and promotions.
- Awarding over \$10 million in "hero bonuses" and other bonuses to associates in recognition of their courageous efforts and dedication to continue serving families.
- Communicating the Company's Employee Assistance Program (EAP), which provides associates with 24/7 access to a licensed counselor at no cost.
- Limiting and rescheduling non-essential business travel.
- Sending hundreds of associate volunteers from across the Company to assist colleagues in serving families and communities in impacted areas of the country, including New York City, New Jersey, Miami, Phoenix, Southern California, Houston, Denver, Seattle, Dallas, Fort Worth and El Paso.
- Working with the International Cemetery, Cremation & Funeral Association (ICCFA) to successfully lobby the National Academies of Sciences, Engineering, and Medicine (NASEM) to help ensure funeral industry professionals are classified as healthcare personnel so that our frontline associates have priority to receive the COVID-19 vaccine.

Customers

Since the onset of the COVID-19 pandemic in North America, SCI associates implemented creative solutions to continue serving families with care and compassion. Some of these actions include:

- Investing in technology to provide complimentary livestreaming of services, which has allowed family and friends to attend virtual services to express their condolences.
- Offering families the option of a Celebration of Remembrance at a later date, which allows family and friends to gather in celebrating the life of their loved one on a special date - such as a birthday or anniversary.
- Instituting payment options to help customers weather the financial impacts of COVID-19.
- Providing virtual arrangements and cemetery property tours for clients who prefer to avoid an in-person meeting.
- Developing on-demand preneed seminar presentations for customers to view from the comfort of their own homes.
- Developing and adopting guidelines for virtual witnessed cremations, allowing families to be present with their loved ones utilizing technology in lieu of in-person viewing.
- Extending visitation and service hours to allow family and friends to come in limited groups to pay their respects to the family. After each group departs, our teams disinfect public areas before allowing the next group of visitors to enter and participate in the visitation.
- Offering drive-through visitation services at the funeral home or church so loved ones can offer condolences from their car.
- Using radio transmitters to allow guests to attend a graveside service without leaving their car.
- Organizing processions through neighborhoods so family and friends can socially distance and line the street to celebrate the life of their loved one.
- Providing mobile refrigeration units to areas most impacted by COVID-19 to ensure decedents entrusted into the company's care are treated with dignity and respect.
- Developing content for Dignity Memorial websites in June 2020 to help families navigate through the restrictions imposed due to COVID-19:
 - Our Health & Safety Standards
 - 10 Things to Think About for a Funeral Service After COVID Lockdown
 - How to Have a Traditional Funeral Months Later
 - How to Remember a Loved One at a Funeral After COVID-19
 - Funeral Etiquette for Livestreamed Funerals
- An online guide was added to our websites to assist families with arranging remote meetings.
- Implementing new catering standards that meet or exceed health standards, including requiring the use of masks and gloves by all servers, providing hand sanitizing stations in reception rooms and offering pre-packaged and home delivery options, and smaller guest size menus to promote social distancing and food safety.

Communities

SCI responded to the needs of communities we serve in multiple ways, including:

- Funding a \$6 million contribution to the SCI Foundation for future community giving efforts.
- Making charitable contributions to food banks in various communities most impacted by COVID-19 and hosting collection drives at funeral home locations across the Company to support local food pantry programs and homeless shelters.
- Contributing to the Veterans of Foreign Wars Foundation's (VFW's) Unmet Needs program, which provided qualifying military and veteran families impacted by the effects of COVID-19 with financial assistance for basic needs, including groceries, medical bills, and electric bills.
- Supporting small businesses, such as local catering partners and restaurants.
- Supporting our associates in their volunteer efforts across the country.

Proposal 2

The Board of Directors recommends that Shareholders vote "FOR" ratification of the selection of PricewaterhouseCoopers LLP ("PwC") as the independent registered public accounting firm of the Company.

Auditor Selection

Why we believe you should vote "FOR" PwC as our independent auditors:

PwC Engagement:

- PwC has extensive knowledge of our unique industry and has demonstrated its capability and expertise as an Independent Registered Public Accounting Firm
- PwC maintains independence and objectivity through five year audit partner engagement rotations, strong internal control procedures, and regulatory oversight from PCAOB and SEC in addition to industry peer-reviewed audits
- Our Audit Committee and PwC regularly meet to discuss audit matters and provide updates outside the presence of management
- Our Audit Committee reviews SCI's engagement letter and approves PwC's annual audit and non-audit fees
- Approximately 96% of the fees incurred are audit-related

Year-Over-Year Comparison of Our Audit to Non-Audit Fees

For more information in regard to the audit and non-audit fees, please see section titled "Audit Fees and All Other Fees" under Audit Committee Matters on page 31.

Pay for Performance Alignment

A significant portion of the compensation of our Named Executive Officers is directly linked to the Company’s performance, as demonstrated in the historical payouts related to our annual and long-term incentive plans. Below is a graph aligning CEO pay and performance, using the five-year total shareholder return.

(1) A change in the denomination of the performance unit plan created a temporary distortion in the disclosure of 2018 and 2019 total compensation by "doubling up" previous performance plan grants, which were disclosed when paid, with the initial inclusion of 2018 and 2019 performance plan grant value. For more information, please see page 42.

The Compensation Committee followed a thorough framework to evaluate the impact of the COVID-19 pandemic on executive compensation. The Committee considered the impacts of COVID-19 to the Company’s performance against targets. The Committee also reviewed the actions of senior management as it related to all stakeholders during the COVID-19 crisis, which are summarized on [page 35](#) in the Compensation Discussion and Analysis (the Company’s full COVID-19 pandemic response can be found in the Proxy Summary Statement beginning on [page 9](#)). Upon the completion of the evaluation, the Committee approved the annual incentive payment finding that the value provided to all stakeholders through the timeliness, effectiveness, and communication of decision making by senior management displayed during the pandemic supported the 138.4% annual incentive payout. The annual incentive payout was earned based on unmodified incentive compensation targets originally approved by the Committee in February 2020.

Consideration of Director Nominees

The Nominating and Corporate Governance Committee understands the Board member recruitment process is critical to providing strategic perspective while also bringing specific experience and expertise to a broad range of issues. A diverse Board, with members who embrace inclusive behaviors, provides keen insights and creates a decision-making environment that is more likely to take into account the various risks, consequences, and implications of potential solutions.

In discharging its responsibilities, the Committee considers candidates for Board membership suggested by its members and other Board members, as well as management and shareholders. In the past, the Committee has also retained a third-party executive search firm to identify candidates.

The Committee considers many factors when evaluating a potential candidate including the current composition of the Board, the balance of independent Directors, the diversity of its Directors, and the need for particular areas of expertise. The Committee considers how a candidate's personal factors such as gender, ethnicity and age, professional characteristics such as education, areas of expertise and professional experience, and core competencies align with the corporate strategy of SCI and the needs of the Board as a whole. Currently the collective competencies include:

- Accounting and finance
- Industry knowledge
- Strategic insight
- Human capital and/or risk management
- Understanding and fostering leadership
- Business judgment and executive/senior management expertise
- Diverse experiences and backgrounds

Once the Nominating and Corporate Governance Committee has identified a prospective nominee, the Committee will consider the available information concerning the nominee, including the Committee's own knowledge of the prospective nominee, and may seek additional information or an interview. If the Committee determines that further consideration is warranted, the Committee will evaluate the prospective nominee against the standards and qualifications set out in the Company's Corporate Governance Guidelines. The Company's Corporate Governance Guidelines include personal characteristics and collective core competencies.

The personal characteristics sought in prospective candidates include the following:

- Integrity, character, and accountability
- Ability to provide wise and thoughtful counsel on a broad range of issues

After completing this evaluation process, the Committee makes nomination recommendations to the full Board. The Board determines the nominees after considering the recommendation and report of the Committee.

A shareholder who wishes to recommend a prospective nominee for the Board should notify the Company's Secretary in writing with whatever supporting material the shareholder considers appropriate. To be considered at the next annual shareholder meeting, the written recommendation from a shareholder must be delivered to, or mailed and received at, our principal executive offices no earlier than January 12, 2022 and no later than February 1, 2022. However, if an annual meeting occurs thirty days or more before or sixty days or more after the anticipated annual May shareholder meeting, notice by the shareholder must be so delivered, or mailed and received, no later than the close of business on the 10th day following the day on which the date of such annual meeting was first publicly disclosed.

Director Qualifications, Skills, and Experience

The Nominating and Corporate Governance Committee of the Board of Directors requires that certain general qualifications are met in order to serve on the Board. The Board believes that each of the nominees presented possess these general qualifications. In addition to the general qualifications, there are other unique qualifications important to serve on our Board, which are outlined in the table below. The mix of general and unique qualifications combined with each nominee's background, experience, and expertise allows us to have an effectively functioning Board that is well-equipped in its oversight capacity as stewards of the Company.

The following table describes the specific qualifications of our Board and desired skills and experience:

Element	Qualification	Description
	Financial	SCI uses a broad set of financial metrics to measure its performance. Accurate financial reporting and robust auditing are critical to our success. We expect all of our Directors to have an understanding of finance, financial reporting processes, and internal controls.
	Government/Regulatory	We operate in a heavily regulated industry. Directors with backgrounds in law or in government positions provide experience and insights that assist us in legal and regulatory compliance matters and in working constructively with governmental and regulatory organizations.
	Human Capital Management	SCI has a large workforce, which is an important asset and key resource for the Company. Therefore, we seek individuals with experience in employee development, recruitment of key talent/personnel, succession planning, and overseeing Company culture.
	Industry	The funeral and cemetery industry is unique. Directors with prior industry experience can help shape and develop all aspects of the Company's strategy.
	Investments/Financial Services	Knowledge of financial markets, investment activities, and trust and insurance operations assists our Directors in understanding, advising on, and overseeing our investment strategies. Our current trust investments include \$7.2 billion in preneed funeral and cemetery trusts and related receivables that are part of our \$12.7 billion backlog of future revenue.
	Marketing/Brand Management	We employ a multi-brand strategy and also rely heavily on marketing our products and services on a preneed basis. Directors with marketing experience and/or brand management experience provide expertise and guidance as we seek to expand brand awareness, enhance our reputation, and increase preneed sales.
	Real Estate/Business Development/Mergers and Acquisitions (M&A)	We own a significant amount of real estate. Directors with experience in real estate provide insight into our tiered product/pricing strategy for our cemeteries as well as advice on best uses of our real estate. We seek to grow through acquisitions and development of new business operations. Directors with backgrounds in business development and M&A provide insight into developing and implementing strategies for growing our business.
	Risk Management	As a large corporation, we must effectively manage our enterprise risks to ensure long-term value. We seek Directors with experience in assessing and managing financial, operational, social, and other risks significant to the Company.
	Technology or e-Commerce	Directors with education or experience in relevant technology are useful for understanding our efforts to enhance the customer experience as well as improve our internal processes and operations.

Although the members of our Board each embody a broad range of backgrounds, experience and expertise, the table below is intended to highlight only the top five qualifications for each Board member. * Lead Independent Director

Director Independence

The Board conducts an annual review and affirmatively determined 8 of the current 10 Directors are “independent” as defined by the standards of the NYSE and SCI’s Corporate Governance Guidelines.

Tom Ryan is considered non-independent because of his employment as a senior executive of the Company. Blair Waltrip is considered a non-independent Director because he is the son of the Founder and Chairman Emeritus, R.L. Waltrip.

Director Compensation

Our Corporate Governance Guidelines provide for compensation for our non-employee Directors’ services. Tom Ryan, who is also a paid executive Officer of the Company, does not receive additional compensation for serving on the Board. Annual compensation for our non-employee Directors includes cash and stock-based equity compensation.

Maintaining a market-based compensation program for our non-employee Directors enables the Company to attract and retain qualified members to serve on the Board. With the assistance of Meridian Compensation Partners, LLC (“Meridian”), the Nominating and Corporate Governance Committee periodically reviews our non-employee Director compensation levels and practices and compares them to that of comparable companies to ensure they are aligned with market practices (see the “Peer Comparator Group” - see Annex B). Specifically, comparisons are made to the companies included in the Peer Comparator Group used for benchmarking the compensation of our executives, as well as to data presented in the annual NACD Director Compensation Report.

Components of Board Compensation:

- The annual Board cash retainer is \$90,000 (2020 fees were reduced to \$87,750 in response to COVID-19).
- Additional cash retainers for leadership positions on the Board are as follows:
 - Lead Independent Director - \$30,000
 - Audit Committee Chair - \$25,000
 - Compensation Committee Chair - \$20,000
 - Investment Committee Chair - \$15,000
 - Nominating and Corporate Governance Committee (NCGC) Chair - \$15,000
- Annual stock grants are based on a target value of \$180,000 per Director.

The Compensation Committee believes our total Director compensation package is competitive with market practices and is fair and appropriate in light of the responsibilities and obligations of our non-employee Directors. The following table sets forth non-employee Director compensation for 2020, which was approved by the Nominating and Corporate Governance Committee.

⁽³⁾ If elected, Ellen Ochoa will become the Compensation Committee Chair effective May 2021.

Directors' Retirement Plan

Effective January 1, 2001, the Non-Employee Directors' Retirement Plan was amended so that only years of service prior to 2001 are considered for vesting purposes. Non-employee Directors who served on the Board prior to that time and were participants in the plan are entitled to receive annual retirement benefits of up to \$42,500 per year for ten years, subject to a vesting schedule, based on their years of Board service. Retirement benefits vested in 25% increments at the end of five, eight, eleven, and fifteen years of credited service, except that the benefits vest completely in the event of death while the participant is still a member of the Board or in the event of a change of control of SCI (as defined in the plan). Any increases in the actuarial present value of benefits under the plan are reflected in the column "Change in Pension Value and Nonqualified Deferred Compensation Earnings" in the table above.

Director Ownership of SCI Stock

Stock ownership has a critical role in aligning the interests of Directors with those of our shareholders. The Company's Corporate Governance Guidelines contain a policy to encourage the Directors to own SCI stock. Under the guidelines each Director is required to hold SCI common stock with a fair market value of at least \$500,000 within five years of the Director's initial election to the Board. Measurement of stock ownership against the guidelines will be calculated once a year based on the valuation of the shares held at year-end utilizing the closing price of SCI common stock on the last trading day of the previous year (\$49.10 per share at December 31, 2020 or a minimum shareholding of 10,184 shares for 2021). The following graphic presents the current holdings for our Directors as of March 15, 2021. Further details are provided in the tables of Director and Officer shareholdings listed under "Voting Securities and Principal Holders".

Board Structure and Operations

Leadership Structure

Over the past several years, there have been significant changes in our leadership and Board of Directors. In 2016, the Board appointed the current CEO, Tom Ryan, as Chairman as this structure allows the Chief Executive Officer to effectively and efficiently guide the Board utilizing the insight and perspective he has gained by leading the Company. In addition, our Chief Executive Officer has the necessary experience, commitment, and support of the other Board members to carry out the role of Chairman effectively. His in-depth knowledge of our Company, our growth, and historical development, coupled with his extensive industry expertise and significant leadership experience, make him particularly qualified to lead discussions at the Board level on important matters affecting the Company.

Simultaneously in 2016, the Board appointed Tony Coelho as Lead Independent Director in a newly created role. In 2018, we strengthened our Lead Independent Director's responsibilities by making revisions to the Company's Bylaws to permit the Lead Independent Director to call a special meeting of the Board and preside over Board meetings in the absence of the Board Chair (please see the following page for the list of key duties and responsibilities of Lead Independent Director).

During 2018, we elected two new Directors to the Board, Jakki L. Haussler and Sara Martinez Tucker, which improved ethnic and gender diversity of our Board members to 30%. In 2019, after 36 outstanding years of service on the Board, John Mecom decided he would not seek another term as a member of the Board.

Currently, our Board includes ten members, 80% of which are independent and 90% of the Board members are non-management. Our Audit, Compensation, and Nominating and Corporate Governance Committees are composed entirely of Independent Directors. If elected, Ellen Ochoa will serve as the Compensation Committee Chair effective May 2021, and this upcoming 2021 Board term will be Alan Buckwalter's final term serving as a member of the Compensation Committee. In 2021

Cliff Morris, after 31 years of faithful and committed service with the Board, decided he would not seek another term as a member of the Board effective May 2022.

Our Board believes shareholders have continued to benefit from Tom Ryan’s strategic and operational insights and strong leadership skills. Our performance under the current leadership structure has been strong, strengthening our Company’s position as the leader in the deathcare industry.

Our Lead Independent Director improves corporate performance by taking responsibility for enhancing Board performance, building a productive relationship with the Chief Executive Officer, and supporting effective communications with shareholders.

Board Composition and Meetings

Independent Directors comprise a majority of the Board of SCI. The Audit, Compensation, and Nominating and Corporate Governance Committees of the Board are all composed entirely of Directors who are “independent” as defined by the standards of the NYSE and SCI’s Corporate Governance Guidelines. The full Board meetings had 100% attendance, and each individual committee’s meetings in 2020 had 97% or higher attendance by the relevant Directors. Although the Board does not have a policy on Director attendance at annual meetings, seven Board members attended the Company’s 2020 Annual Meeting of Shareholders.

SCI 2020 Board Meetings and Director Attendance

Number of Meetings

Board	6	100%
Audit	8	97%
Compensation	5	100%
Nominating & Corporate Governance	4	100%
Investment	4	100%

% = percentage of meetings attended by SCI Directors

There were no material issues or circumstances in 2020 that required an Executive Committee meeting.

Executive Sessions

At the end of every regularly scheduled Board meeting, the Board meets in an executive session attended only by the non-management Directors without management present. The Lead Independent Director chairs these executive sessions. Shareholders and other interested parties may communicate to the Lead Independent Director any comments they wish to communicate to the non-management Directors, using the following address: Service Corporation International, Lead Independent Director c/o Office of Corporate Secretary, 1929 Allen Parkway, Houston, TX 77019, or by email to leaddirector@sci-us.com.

Board Committees

As part of its annual Board and committee evaluation process, the Board reviews its committee structure and committee responsibilities ensuring that matters important to SCI have the appropriate focus and ensuring the effectiveness of each committee’s role. Currently, the Board has four standing committees. In 2021, if elected, Ellen Ochoa will become the Chairperson of the Compensation Committee, with Alan Buckwalter serving on the Compensation Committee for one more year before transitioning off and replacing Cliff Morris on the Nominating and Corporate Governance Committee.

While each committee has designated committee members, every Director may attend any committee meeting they so choose. The Board has adopted a written charter for each of these Board committees. Annual Board and Committee Evaluations

The Nominating and Corporate Governance Committee oversees and facilitates a comprehensive self-evaluation of Board members and each of the Board committees on an annual basis to determine whether the Board and its committees are functioning effectively and to identify any areas to further enhance Board and committee operations.

The Nominating and Corporate Governance Committee also oversees a Director peer review as part of the annual renomination review process and for the ongoing professional development of Board members.

Board Orientation and Education Program

SCI has an orientation program for new Board members that includes formal and informal sessions with other Directors and senior SCI executives. This program also encourages attendance at meetings of committees of which the newly elected Director is not a member to gain familiarity with the work of each Board committee and the specific areas they address. The focus of continuing education for SCI Directors is on developing educational sessions that the Directors find meaningful and useful. These may range from educational sessions specific to matters facing SCI and its industry to sessions covering corporate governance trends and issues. In addition, the Board encourages Directors' attendance at education programs that are offered by various universities, institutes, etc. Finally, Board members periodically perform site visits to SCI facilities individually and as a group.

Board Oversight and Key Responsibilities

Strategy Oversight

One of the Board's key responsibilities is overseeing the Company's strategy. The Board has experience and expertise in the area of strategy development and insights into the most important issues facing the Company. Setting the strategic course of the Company involves constructive engagement between our senior management and the Board. Our Board acts as a strategy committee and regularly discusses the key priorities of our Company, taking into consideration the Company's long-term strategy with global economic, consumer, and other significant trends within our industry. Discussions in the boardroom are enhanced with visits to locations, which provide Directors an opportunity to see strategy execution first hand.

Risk Oversight

The Board of Directors has assigned the Nominating and Corporate Governance Committee oversight responsibility for the Company's enterprise risk management function. Management has the primary responsibility to identify risks and risk mitigation strategies and provides periodic reports to the Nominating and Corporate Governance Committee.

- The Audit Committee is responsible for oversight of major financial risks relating to the Company's accounting matters and financial reporting compliance.
- The Compensation Committee has oversight of the risk assessment of the Company's compensation programs.
- The Investment Committee has oversight of risks relating to the investment of trust funds, our primary funeral preneed insurance provider, and our employer-sponsored retirement accounts.

The Nominating and Corporate Governance Committee oversees the risk assessments of the above mentioned committees and of management and provides enterprise risk management reports to the full Board.

Environment, Social, and Governance (ESG) Oversight

Human Capital Management and Culture Oversight

Our human capital management and talent development efforts go beyond the senior management level. Leaders at all levels are responsible for fostering an environment that supports a positive culture with high ethical standards. We are committed to being a respectful, rewarding, diverse, and inclusive work environment that allows our associates to develop the skills they need for success. The Board, along with management, provide oversight and guidance on compensation, benefits, recruiting, retention, diversity and inclusion, and culture. We continue to invest in our associates' wages and training and enhance our policies in creating a better workplace. We are committed to enhancing our associates' experience through training programs utilizing best in class tools and technologies, which allow us to remain relevant with our client families.

We believe these actions have resulted in a more engaged and effective workforce that is better equipped to serve our customers in today's rapidly changing environment.

No Shareholder Rights Plan

Prior to 2008, SCI maintained a shareholder rights plan, sometimes called a "Poison Pill", which could provide an opportunity for negotiation during a hostile takeover attempt. Our Board allowed the shareholder rights plan to expire in July 2008 and has not implemented another shareholder rights plan.

Special Meeting of Shareholders

A special meeting of shareholders may be called at any time by:

- the holders of at least 10% of the outstanding stock entitled to be voted at such meeting;
- the Board of Directors;
- the Chairman of the Board; or
- the Chief Executive Officer.

AUDIT COMMITTEE MATTERS

Proposal 2: Proposal to Ratify the Selection of the Independent Registered Public Accounting Firm

The Audit Committee of the Board of Directors of the Company recommends PricewaterhouseCoopers LLP ("PwC") serve as the independent registered public accounting firm for the Company for the fiscal year ending December 31, 2021. PwC and its predecessors have audited the Company's accounts since 1993. A representative of PwC typically attends the Annual Meeting, and such representative will have the opportunity to make a statement and be available to respond to appropriate questions. The Audit Committee submits the selection of PwC for shareholders' ratification at the Annual Meeting. If the shareholders do not give approval, the Audit Committee will reconsider its selection. The affirmative vote of the holders of a majority of shares represented at the Annual Meeting is required for this proposal to be ratified.

The Board of Directors recommends that Shareholders vote "FOR" ratification of the selection of PricewaterhouseCoopers LLP as the independent registered public accounting firm of the Company.

Report of the Audit Committee

Purpose

The primary purpose of the Audit Committee is assisting the Board of Directors in fulfilling its independent and objective oversight responsibilities by:

- ensuring the integrity of the Company's accounting functions and proper internal control over financial reporting,
- ensuring the Company's compliance with legal and regulatory requirements;
- reviewing the independent registered public accounting firm's qualifications, and
- overseeing the performance of the Company's internal audit function.

The Audit Committee schedules its meetings with management and the independent registered public accounting firm (currently PwC) at least once each quarter. Additionally, the Audit Committee meets separately in an executive session with the independent registered public accountants and internal auditors. Further details of the Audit Committee's functions are located in the section entitled "Board of Directors - Board Committees - Audit Committee" above. The Audit Committee Charter is available for viewing on SCI's website, <https://investors.sci-corp.com/governance> and available in print to anyone who requests it.

Committee Membership and Appointment

Each member of the Audit Committee is independent, as defined by the New York Stock Exchange ("NYSE") rules, financially literate, and is limited to serving on no more than three audit committees of public companies. The Board of Directors appointed, and the Audit Committee has acknowledged, Victor L. Lund, Chairman of the Audit Committee, as the Audit Committee Financial Expert as defined by the rules of the Securities and Exchange Commission.

The Audit Committee complies with all applicable provisions of the Sarbanes-Oxley Act of 2002 and the rules and regulations of the Securities and Exchange Commission (the "SEC") and the NYSE on which the Company's securities are listed, including those related to independence, as applicable.

Audit Committee Responsibilities

The Audit Committee relies on the work and assurance of the Company's management, which is responsible for establishing and maintaining adequate internal control over financial reporting, preparing the consolidated financial statements and other reports, and maintaining policies relating to legal and regulatory compliance.

The independent registered public accounting firm is responsible for performing an independent audit of the annual consolidated financial statements and expressing an independent opinion on compliance of those financial statements under the United States Generally Accepted Accounting Principles, and expressing an opinion on the effectiveness of the internal controls of the Company.

The Audit Committee reviews and discusses with management and the independent auditors the following:

- quarterly financial statements and the annual audited financial statements of the Company, including the Company's specific disclosures included in Management's Discussion and Analysis of Financial Condition and Results of Operations;
- earnings releases and guidance provided to analysts and rating agencies;
- any major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles; and
- issues as to the adequacy of the Company's internal controls, including those related to cybersecurity, and any special steps adopted in light of material control deficiencies.

Meeting Structure

The Audit Committee may request that any Director, Officer, or associate of the Company, or other persons whose advice and counsel are sought by the Committee, attend any meeting of the Committee to provide information requested by the Committee. Subject to any limitations set forth in the Corporate Governance Guidelines of the Company, the Committee may exclude from its meetings any person(s) it deems appropriate to carry out its responsibilities.

The Committee provides reports to the Board of Directors and keeps written minutes of its meetings. The Committee reviews with the Board of Directors any issues that arise with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the Company's independent public accountants, and the performance of the internal audit function.

The Audit Committee reviewed and discussed the audited financial statements with management of the Company and with the independent registered public accounting firm. Specifically, the Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by the Public Company Accounting Oversight Board's Auditing AS 1301 (Communications with Audit Committees), as modified or supplemented. Discussions occurred with management and the independent public accountants about the quality (and not merely the acceptability) of the Company's accounting principles, the reasonableness of significant estimates and judgments, and the transparency of disclosures in the Company's consolidated financial statements.

Finally, the Audit Committee has also received written disclosures in a letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's independence, and has discussed with the independent registered public accounting firm their independence from the Company and its management. This review also included discussions of audit and non-audit fees as well as evaluation of the Company's significant financial policies and accounting systems and controls.

The Audit Committee reviewed the independence of the independent registered public accounting firm considering the compatibility of their non-audit services with maintaining their independence from the Company. Based on our review, the Audit Committee recommended that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2020, for filing with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION

Proposal 3: Advisory Vote to Approve Named Executive Officer Compensation

In accordance with Section 14A of the Exchange Act and the related SEC rules, we are asking shareholders to approve, on an advisory and annual basis, the compensation of our Named Executive Officers as disclosed in the Compensation Discussion and Analysis, the compensation tables, and any related material contained in this Proxy Statement. This proposal, commonly known as a “say-on-pay” proposal, gives shareholders the opportunity to endorse or not endorse our executive pay program and policies through the following resolution:

“Resolved, that the shareholders approve the compensation of our Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables, and any related material contained in our Proxy Statement.”

The compensation of our Named Executive Officers is based on a program that ties a substantial percentage of an executive’s compensation to the attainment of financial and other performance measures the Compensation Committee believes promote the creation of long-term shareholder value and position the Company for long-term success. As described more fully in this Compensation Discussion and Analysis, the mix of fixed and performance-based compensation and the terms of annual and long-term incentive awards are all designed to enable the Company to attract and maintain top talent while creating a close relationship between performance and compensation. The Compensation Committee and the Board of Directors believe that the design of the program and the compensation awarded to Named Executive Officers under the current program fulfill this objective.

We urge shareholders to read this Compensation Discussion and Analysis section of this Proxy Statement, which discusses in detail how our compensation programs and practices achieve the Compensation Committee’s objective of linking pay and performance.

Although the vote is non-binding, the Compensation Committee will review the voting results in connection with their ongoing evaluation of the Company’s compensation program. The Committee in recent years has considered the feedback from shareholders in making specific compensation plan changes. Our compensation plan was well received by our shareholders as reflected in our annual say-on-pay vote last year when over 88% of the shares voted were in favor of the Named Executive Officer compensation. Approval of this proposal is subject to the approval of a majority of the holders of shares of the Company’s common stock present in person or represented by proxy and entitled to vote at the Annual Meeting. Each holder of our common stock is entitled to one vote for each share held. Abstentions will have the same effect as a vote AGAINST this proposal. Broker non-votes are not counted.

The Board of Directors recommends a vote “FOR” advisory approval of the resolution regarding compensation of our Named Executive Officers (as set forth in this Proxy Statement).

Executive Summary

Pay for Performance and Corporate Strategy

We have aligned our executive compensation programs with our long-term strategy. Actions taken to achieve the performance compensation measures are creating long-term value for our shareholders and other stakeholders.

Our Strategy: Grow Revenue, Leverage Scale, and Deploy Capital

Like most businesses world-wide, COVID-19 has impacted various aspects of our business operations. However, we believe our fundamental strategy has not changed and we were able to continue to operate without any major disruptions to our business, highlighting the power of our scale. Throughout the pandemic, a shift to an increased use of technology has influenced how we serve our customers and how we invest our capital. Please see section titled "Strategies for Growth" in Part I, Item 1. Business in our [2020 Form 10-K](#) filing for more information on COVID-19 and its impact to our strategy.

Implementing our core strategy allows us to deliver total shareholder return

Grow revenue  We plan to grow revenue by remaining relevant to our customers as their preferences evolve through a combination of price, product, and service differentiation strategies. Growing our preneed sales will drive future revenue growth. In 2020, we grew revenue by \$281 million to \$3.5 billion which was bolstered by the effects of COVID-19. In 2020, we sold over \$1.0 billion in preneed cemetery sales production.

Leverage scale  We leverage our scale by optimizing the use of our network through the use of technology and for the benefit of our preneed backlog. Our scale enables us to achieve cost efficiencies through the maximization of purchasing power and utilizing economies of scale through our supply chain channel. In 2020, throughout the pandemic, we were able to continue to operate without any major disruptions to our business, which highlights the power of our scale due to our many shared resources.

Growing revenue and leveraging scale increases cash flow, which enables us to:

Deploy capital  We continue maximizing capital deployment opportunities in a disciplined and balanced manner to the highest relative return. Our priorities for capital deployment are: 1) investing in acquisitions and building new funeral service locations, 2) paying dividends, 3) repurchasing shares, and 4) managing debt. In 2020, we deployed capital of \$807 million, investing \$153 million in acquisitions and new build opportunities and returning \$654 million to shareholders through dividends and share repurchases.

COMPENSATION DISCUSSION AND ANALYSIS

Performance Compensation Measures

Annual Performance-Based Incentive Plan:

- **Normalized Earnings per share:** Growth is the result of growing revenue and leveraging our scale, which in turn, enhances shareholder value.
- **Normalized Free Cash Flow per share:** Growth in normalized free cash flow per share is tied directly to our strategy to increase our cash flow and effectively deploy capital. Growth in this metric drives current performance of the Company and enhances shareholder value.
- **Comparable Preneed Production:** Comparable preneed production is the percentage of growth over prior year in combined total preneed funeral sales production and total preneed cemetery sales production at comparable same-store locations in US and Canadian currency. Preneed sales production is driving current and future market share growth, adding stability to our future revenue stream and creating future value for our shareholders.

Long-Term Incentive Plan:

- **Total Shareholder Return:** As we grow revenue and leverage our scale, we increase our cash flow allowing the Company to deploy capital and deliver superior total shareholder return.
- **Normalized Return on Equity:** Growth in return on equity is the long-term result of effectively implementing our core strategy of growing revenue and deploying capital as described above.

Performance Summary

Our management has a strong focus on delivering profitable growth and returning value to our shareholders utilizing our long-term growth strategy as discussed above. This long-term focus has contributed significantly to the Company's total shareholder return (TSR) over several years as illustrated below as well as our yearly growth as reflected in the Company's 2020 performance for adjusted earnings per share and adjusted operating cash flow.

2020 Company Performance

The Company delivered solid financial results in 2020 that include the following:

- Grew consolidated revenue by \$281 million, or 9%, to \$3.5 billion in 2020 primarily as a result of increases in both funeral services performed and burials in our cemeteries as well as higher preneed cemetery sales due in part to the COVID-19 pandemic.

- Sold over \$1.0 billion in preneed cemetery sales production which mitigated the declines in our preneed funeral sales production. In total, preneed funeral and cemetery sales production increased by 2.5% to \$1.9 billion, bringing our preneed backlog to \$12.7 billion in 2020.
- Increased adjusted earnings per share by approximately 53% compared to 2019 primarily due to the revenue increase described above, lower interest expense as a result of recent debt transactions throughout 2019 and 2020, and fewer shares outstanding.
- Increased adjusted operating cash flow 27% over the prior year to approximately \$804 million. This increase was primarily due to increased growth in gross profit combined with lower cash interest payments and deferred payroll taxes (as allowed under the CARES Act). These increases in adjusted operating cash were partially offset by higher cash tax payments associated with higher earnings for 2020 as well as a higher use of working capital related to the significant increase in preneed cemetery property sales which are generally sold on an installment basis.
- Enhanced total company value by deploying capital of \$807 million, investing \$153 million in acquisitions and new build opportunities and returning \$654 million to shareholders through dividends and share repurchases.
- Completed a strategic refinancing transaction during 2020 to manage our debt maturity profile, which resulted in lower interest expense. We issued \$850.0 million of unsecured 3.375% Senior Notes due August 2030 to refinance our 5.375% Senior Notes due 2024 as well as for other corporate purposes.
- Achieved a total shareholder return (TSR) of 611% over the last ten fiscal years, outpacing the return of the S&P 500 of 267%.

COVID-19 Pandemic Response

- Supporting small businesses, such as local catering partners and restaurants.

Key Features of Our Compensation Programs

Over the course of the past several years, the Compensation Committee, in conjunction with senior management, improved the alignment of our compensation programs with the interests of our shareholders. In addition, the Committee modified or eliminated certain components of our compensation programs to better align the programs with prevailing market practice. The following are highlights of our compensation programs, including our emphasis on pay commensurate with performance and actions taken to align aspects of our programs with evolving market standards.

What We Do	What We Don't Do
<ul style="list-style-type: none"> ✓ We pay for performance. A significant portion of the compensation of our Named Executive Officers is directly linked to the Company's performance, as demonstrated by the historical payouts related to our annual and long-term incentive plans. ✓ We require stock ownership. Our stock ownership guidelines require each of the Company Officers to hold Company stock with a value linked to a multiple of their respective salaries and to retain all SCI stock acquired from grants of restricted stock and stock options (net of acquisition and tax costs and expenses) until stock ownership guidelines are met. ✓ We have claw-backs. Our claw-back provisions may be triggered in certain circumstances. If triggered, the provisions allow the Company to recoup annual performance-based incentives, stock options, restricted stock, and performance units. ✓ We seek independent advice. We engage independent consultants to review executive compensation and provide advice to the Compensation Committee. ✓ We have an ongoing shareholder outreach program. As part of our commitment to effective corporate governance practices, we regularly engage with shareholders. We specifically discuss executive compensation along with other important governance topics regularly as part of our outreach program. 	<ul style="list-style-type: none"> × We do not allow tax gross-ups. We do not provide tax gross-ups in our compensation programs, and we do not have provisions in our executive employment agreements that provide for tax gross-ups in the event of a change of control of the Company. × We do not allow hedging or pledging. Our policies prohibit Officers and Directors from hedging or pledging their SCI stock ownership. × We do not allow the repricing of stock options. Our policies prohibit subsequent alterations of stock option pricing without shareholder approval.

Consideration of 2020 "Say-on-Pay" Vote

At our Annual Meeting of shareholders held on May 13, 2020, 88.4% of the shares voted were in favor of the proposal to approve Named Executive Officer compensation ("say-on-pay" vote), versus 91.3% in 2019. The Compensation Committee believes this result is an indication that a substantial majority of our shareholders are satisfied with our executive compensation policies and decisions, and that our executive compensation program effectively aligns the interests of our Named Executive Officers with the interests of our shareholders. In early 2020, we engaged with shareholders representing approximately 55% of the Company's common stock prior to our Annual Shareholder Meeting. Through our ongoing shareholder outreach efforts, we better understand the viewpoints of our shareholders and are able to communicate transparently how our decisions align with our strategic goals.

In May 2017, we disclosed that at our 2017 annual meeting, shareholders voted in favor of holding annual say-on-pay votes. In accordance with this vote, the Company will hold future say-on-pay votes annually until the next required vote on the frequency of shareholder votes on the compensation of executives, which in accordance with applicable law, is scheduled to occur at the 2023 annual meeting of shareholders.

Compensation Philosophy and Process

The Company's compensation philosophy is to align executive compensation with the performance of the Company and the individual by using several compensation components for our executives.

Our overall compensation philosophy provides target direct compensation opportunities within a competitive range of target pay levels among general industry companies of comparable size and scope (the "Peer Group" - see Annex B). Incentive programs provide opportunities to exceed Peer Comparator Group target compensation levels through annual and long-term incentives paid in cash and stock. However, if performance targets are not met, then the resulting performance-based award payouts will be below target levels. We believe these target levels of direct compensation are appropriate to motivate, reward, and retain our executives, each of whom has leadership talents and expertise that make them attractive to other companies. In making annual compensation decisions, the Compensation Committee reviews each Named Executive Officer's total compensation, as well as the compensation components, for reasonableness and comparability to market levels and the prior year's compensation.

The compensation components are designed to motivate our senior leadership to operate as a team to achieve Company-wide goals. This approach serves to align the compensation of our most senior leadership team with the performance of the Company.

The Compensation Committee reviews comparative market information, including benchmarking data presented by the Committee's independent compensation consultant, Meridian Compensation Partners, LLC ("Meridian") - see page 45 of this Proxy Statement for further information on the Compensation Committee's retention of Meridian. For the Chairman and CEO, the Compensation Committee is exclusively responsible for the final determination of all components of compensation, but requests input and recommendations from Meridian. For other Named Executive Officers, the Compensation Committee receives additional recommendations from our CEO for all components of compensation. On the basis of its review of market data, input from the CEO and Meridian, and other relevant factors, the Compensation Committee sets each Named Executive Officer's annual base salary, annual performance-based incentives, and long-term incentives for that year.

The Compensation Committee followed a thorough framework to evaluate the impact of the COVID-19 pandemic on executive compensation. The Committee considered the impacts of COVID-19 to the Company's performance against targets. The Committee also reviewed the actions of senior management as it related to all stakeholders during the COVID-19 crisis, which are summarized on [page 35](#) in the Compensation Discussion and Analysis (the Company's full COVID-19 pandemic response can be found in the Proxy Summary Statement beginning on [page 9](#)). Upon the completion of the evaluation, the Committee approved the annual incentive payment finding that the value provided to all stakeholders through the timeliness, effectiveness, and communication of decision making by senior management displayed during the pandemic supported the 138.4% annual incentive payout. The annual incentive payout was earned based on unmodified incentive compensation targets originally approved by the Committee in February 2020.

In 2020, the Compensation Committee reviewed total compensation design components and advised the Nominating and Corporate Governance Committee that the risks arising from the Company's compensation policies and practices for its employees are not reasonably likely to have a material adverse effect on the Company.

CEO Pay and Performance Alignment

Below is a graph that displays the relationship between our CEO's total annual compensation and the five-year total shareholder return of the Company and S&P 500.

CEO Pay and Performance Alignment

(1) A change in the denomination of the performance unit plan in 2018 created a temporary distortion in the disclosure of years 2018 and 2019 total compensation by "doubling up" previous performance plan grants, which were disclosed when paid, with the inclusion of 2018 and 2019 performance plan grant value when granted. For more information, please see [page 42](#).

Total Direct Compensation Pay Components

The below graphs display the CEO's and other NEOs' mix of total direct compensation, with each component expressed as a percentage of total direct compensation.

Compensation Elements Link to Shareholder Value

We have aligned our executive compensation programs with the interests of our shareholders and our corporate strategy through various measures that drive our business. Annual Base Salary

We target the base salary levels of our Named Executive Officers ("NEOs") within a competitive range of benchmark pay levels defined in the competitive benchmarking study described on page 46. We believe these levels are appropriate to motivate and retain our NEOs, who each have leadership talents and business expertise that make them attractive to other companies. In addition, when adjusting salaries, we may also consider the individual performance of the executive. Based on consideration of benchmark pay levels for each executive, the Compensation Committee maintained the 2020 base salary for each executive at the 2019 amount, which was unchanged from the 2018 amount.

	2020 Salary	2019 Salary
Thomas L. Ryan	\$ 1,200,000	\$ 1,200,000
Eric D. Tanzberger	600,000	600,000
Sumner J. Waring, III	570,000	570,000
Steven A. Tidwell	520,000	520,000
Gregory T. Sangalis	500,000	500,000

Annual Performance-Based Incentives Paid in Cash

We use annual performance-based incentives paid in cash to focus our NEOs on financial and operational objectives that the Compensation Committee believes are primary drivers of our common stock price over time. In the first quarter of 2020, the Compensation Committee established the performance measures as the basis for annual performance-based incentive awards for our NEOs.

Incentive Targets

The Compensation Committee established each NEO's target opportunity for 2020 consistent with our overall compensation philosophy to align compensation with our performance and to motivate and retain the executive level talent. The target award opportunities were generally positioned within the mid-range of the competitive benchmark market data. If SCI achieved the performance targets established by the Compensation Committee, NEOs would receive incentive awards at this targeted level. Actual incentive awards may be higher or lower than the target levels based on SCI's performance relative to the performance goals. The range of performance goals established a lower threshold to achieve a minimal annual performance-based incentive but with a higher threshold to achieve a payout at or near the maximum award of 200% of the targeted incentive levels. The award is based on base salary on the last day of the measurement period. The target award opportunities for the NEOs for 2020 were as follows:

	Target Award Opportunity (% of Base Salary)
Thomas L. Ryan	125 %
Eric D. Tanzberger	90 %
Sumner J. Waring, III	90 %
Steven A. Tidwell	80 %
Gregory T. Sangalis	80 %

Performance Measures

We believe normalized earnings per share and free cash flow per share drive the performance of the Company and enhance shareholder value. Comparable preneed cemetery property production is a key driver of current performance, as we are generally able to recognize this revenue at the time of sale when the property is ready and available for use and the receivable from the customer is deemed collectible. While recognition of all other comparable preneed funeral and cemetery production is generally deferred and does not have an immediate impact on earnings, such production is driving future market share growth, adding stability to our future revenue stream, and creating future value for our shareholders over the long term. The 2020 performance measures are similar to the performance measures utilized in 2019 and are outlined below:

- Normalized Earnings per Share, which we calculated by applying a targeted 24.0% effective tax rate to the Company's calculation of its reported diluted earnings per share and further adjusting to exclude certain non-routine items as described below. The targeted effective tax rate is held constant for calculating our incentive compensation and therefore does not change throughout the year.
- Normalized Free Cash Flow per Share, which we calculated by beginning with our cash flows from operating activities and (1) deducting forecasted capital improvements at existing facilities and capital expenditures to develop cemetery property, (2)

COMPENSATION DISCUSSION AND ANALYSIS

utilizing the forecasted amounts of cash taxes paid in 2020 related to normal operating activities, and (3) dividing the result by the reported weighted average diluted number of shares outstanding in 2020.

- Comparable Preneed Production is the percentage of growth over prior year of combined total preneed funeral sales production and total preneed cemetery sales production at comparable same-store locations in US and Canadian dollars.

The Compensation Committee believes it is appropriate to exclude certain non-routine items from the performance measures to encourage appropriate decision-making regarding operations and capital deployment. For 2020, the Compensation Committee approved the exclusion of net gains or losses on dispositions, currency gains/losses, and losses associated with the early extinguishment of debt. The Compensation Committee also considered a level of share repurchases in 2020 consistent with our historical experience in setting the targets. The difference between the target and actual repurchases did not affect the attainment of the normalized earnings per share or normalized free cash flow per share performance measures.

For 2020, we weighted each of the performance measures at one-third. The Compensation Committee established ranges for performance measures and their related payouts as a percentage of the target award for the performance period from January 1 through December 31, 2020. We calculated awards for performance levels between threshold and target or target and maximum using straight-line interpolation.

As part of the 2020 plan, the annual performance-based incentive included a modifier based on the non-financial measure related to online customer satisfaction ratings, aligning our NEOs' compensation with our operational performance and success in remaining relevant with our customers. This modifier allows the Compensation Committee to adjust the annual performance-based incentive downward if our online customer satisfaction ratings fall below an average of 4.0. For 2020, we exceeded the target with an average rating of 4.75. For 2021, the Compensation Committee has increased the threshold of the online customer satisfaction ratings to 4.25 to maintain rigorous targets that encourage industry-leading performance.

The 2020 performance targets, SCI's actual performance, and resulting payout percentages are set forth below.

2020 Performance Targets and Actual Performance

Performance Measure	Threshold ⁽¹⁾	Target ⁽²⁾	Max ⁽³⁾	Payout Percentage
Normalized Earnings per Share	\$1.94	\$2.06	\$2.18	200.0%
Normalized Free Cash Flow per Share	\$2.05	\$2.17	\$2.29	200.0%
Comparable Preneed Production ⁽⁴⁾	102%	104%	106%	15.1%

138.4%

2020 Total Payout Percentage

(1) Any performance above threshold but less than target results in a payout of up to 100%.

(2) Performance at target results in a 100% payout; performance above target but less than max results in payout between 100% and 200%, respectively.

(3) Performance at max or above max results in a 200% payout.

(4) Expressed as a percentage of comparable 2020 performance compared to 2019.

As a result of the foregoing and giving effect to the weightings described above, our NEOs earned annual performance-based incentives paid in cash at 138.4% of their individual incentive targets. The actual dollar amounts of the payouts are set forth in footnote (3) to the Summary Compensation Table on page 47.

Long-Term Incentive Compensation

We believe that the grant of annual equity-based awards further aligns the interests of the NEOs with those of the Company's shareholders. To best align these interests, we grant our NEOs a mix of equity awards, which include stock options, restricted stock, and performance units. These long-term incentive ("LTI") award vehicles are important components of annual compensation.

In February 2020, the Compensation Committee set each NEO's 2020 total target value of long-term incentive compensation. In developing this total target value, the Compensation Committee considered several factors including Peer Comparator Group benchmark LTI pay levels, the individual performance of each NEO, the job responsibilities of each NEO, and the overall Company performance in light of the then current economic environment. Once the target value was established for each NEO, we calculated and granted to the NEO (i) the number of stock options that had a value equal to one-third of the total target value, (ii) the number of shares of restricted stock that had a value equal to one-third of the total target value, and (iii) the number of performance units that had a value equal to one-third of the total target value. The grants were made in February 2020.

This mix of equity awards is designed to focus our NEOs on driving an appropriate culture and healthy operating platform for the Company, managing our on-going risk profile, and implementing strategies to generate superior total long-term shareholder returns.

Stock Options

Stock options provide NEOs a reward value that is directly attributable to their ability to increase the value of the business and our stock price. Stock options are granted at an exercise price equal to 100% of the fair market value of SCI common stock on the grant date. Stock options vest at a rate of one-third per year and have an eight-year term.

Restricted Stock

Restricted stock with service-based vesting provisions promotes retention of our NEOs and encourages stock ownership. The restricted stock awards vest at a rate of one-third per year.

Performance Units

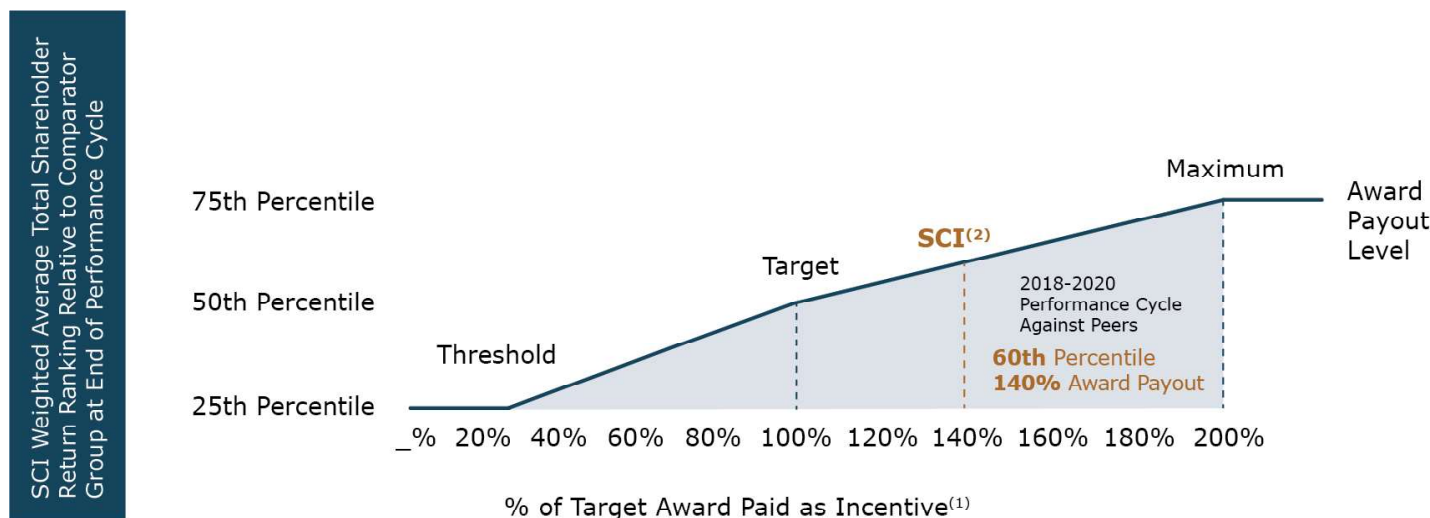

Performance units reward NEOs for the delivery of shareholder returns that compare favorably to similarly available public company investments over a multi-year period. The performance unit plan measures the three-year total shareholder return ("TSR") relative to public companies that are a subset of the Peer Group (see Annex C). The subset of the Peer Group is selected based on correlation in size, certain business characteristics, and stock price as well as other various factors.

Relative TSR is defined as the percentage computed from \$100 invested in SCI common stock on the first day of the performance cycle, with dividends reinvested, compared to \$100 invested in each of the public companies in the Peer Group, with dividend reinvestment during the same period.

Relative TSR is an appropriate metric because it (i) aligns the interests of management with the interests of shareholders and (ii) provides a useful means of comparing Company performance relative to the performance of public companies in the Peer Group. Beginning in 2018, the performance units also apply a normalized return on equity (ROE) modifier to the TSR metric. The normalized ROE modifier reduces the indicated performance unit payout by 25% if average normalized ROE over the three-year performance period is less than 15%. The Company set a 15% ROE threshold with reference to the S&P MidCap 400® companies (of which SCI is a participant), and where less than half of the companies have historically exceeded a 15% ROE. SCI has meaningfully exceeded this threshold since its implementation in 2018. For the 2018-2020 performance period, the average normalized ROE was 26.6%. The share denomination improves shareholder alignment, as the underlying unit value fluctuates with stock price.

Starting with the 2021 performance unit grants, the ROE modifier threshold will be the three-year average of the S&P MidCap 400® companies for the relative performance period instead of the prior threshold of 15%.

Performance Targets and 2018-2020 Actual Performance

(1) Calculation of awards for performance levels between threshold and target or target and maximum are calculated using straight-line interpolation.

(2) SCI's three-year 2018-2020 TSR performance was 38%, which was in the 60th percentile relative to the Peer Group, resulting in a 140% award payout.

We cap performance unit payments at the Target amount if our TSR over the performance period outperforms the Peer Group median, but our absolute TSR is negative.

For the 2020-2022 performance cycle, the Compensation Committee granted performance units with performance awards ranging from 0% to 200% of the share units as set forth below in the "Grants of Plan-Based Awards" table. A target award is

COMPENSATION DISCUSSION AND ANALYSIS

earned if SCI's TSR relative ranking is at the 50th percentile of the TSR of the public companies in the 2020 Peer Group at the end of the performance cycle at December 31, 2022.

Impact of Changing the Denomination of the Performance Unit Plan

As reported in our 2018 Proxy and discussed above, in response to shareholder feedback and to continue our efforts to refine the correlation between executive pay and total shareholder return (TSR), the Board approved the change in the denomination of the performance unit plan from a dollar-based amount to an amount denominated in shares. The denomination in shares creates a stronger correlation of pay to performance and, more specifically, to total shareholder return which is objective, transparent, and impactful.

The change in denomination creates a temporary distortion in the disclosure of total compensation in the Summary Compensation Table for years 2018 and 2019. The distortion occurs because we are reporting the performance-based plan grants that were made in 2018 and 2019 for the 2018-2020 and 2019-2021 performance cycles, respectively, and the cash payouts from the 2016 and 2017 performance period that concluded in 2018 and 2019, respectively. This distortion occurs in our disclosure of both 2018 and 2019 compensation, after which time the dollar-denominated performance periods will have matured and there will be no more "doubling up" of grants and payouts in the Summary Compensation Table.

The table below uses Tom Ryan's compensation to illustrate the denomination impact change on the Summary Compensation Table for years 2018 and 2019 (page 47). 2020 is "as reported" in the Summary Compensation Table and years 2018 and 2019 are presented in two ways. The "as reported" 2018 and 2019 compensation ties to the current Summary Compensation Table, including the double-counting of the performance unit plan; and the proforma presentation of 2018 and 2019 compensation is recast as if the change in denomination was effective for years 2018 and 2019.

Other Compensation

Retirement Plans

To help retain and recruit executive level talent, the Company implemented an Executive Deferred Compensation Plan in 2005. This plan allows for an annual retirement contribution by the Company of up to 7.5% of eligible compensation and a performance-based contribution targeted at 7.5%, with a range of 0% to 15% based on achievement of Company performance measures established in the first quarter of each year. These are the same performance measures described in the annual performance-based incentives paid in cash above. The percentages are applied to the combined eligible compensation of base salary and annual performance-based incentives paid in cash. In addition to the Company contributions, the plan allows for individual deferral of base salary, annual performance-based incentives paid in cash, restricted stock awards, and performance unit awards. The plan also allows for the restoration of Company matching contributions that are prohibited in the Company's 401(k) plan due to tax limits on contributions to qualified plans. In February 2021, the Company made the following contributions under the plan with respect to 2020 service and performance for our NEOs:

Name	7.5% Retirement Contribution	Performance Contribution	Total
Thomas L. Ryan	\$ 245,678	\$ 340,018	\$ 585,696
Eric D. Tanzberger	101,044	139,845	240,889
Sumner J. Waring, III	95,992	132,853	228,845
Steven A. Tidwell	82,175	113,730	195,905
Gregory T. Sangalis	79,014	109,355	188,369

We also offer a 401(k) plan to our associates, including our NEOs. In 2000, the Company initiated the 401(k) Retirement Savings Plan for elective contributions by participants and matching contributions by the Company up to prescribed limits established by the Board of Directors and specific IRS limitations. Participants may elect to defer up to 50% of salary and bonus into the Plan subject to the annual IRS contribution limit of \$19,500, excluding the \$6,500 catch-up contributions for eligible participants age 50 and older. The Company's match ranges from 75% to 125% of employee deferrals based on their years of Company service. The match is applied to a maximum of 6% of an associate's salary and annual performance-based incentive, subject to the IRS compensation limits.

Perquisites and Personal Benefits

We provide various perquisites and personal benefits to our NEOs that the Compensation Committee views as an important component of competitive compensation. These benefits are designed to attract, motivate, reward, and retain the broad-based management talent required to achieve our corporate strategy:

- Financial and legal planning and tax preparation — encourages critical document preparation and financial planning advice for effective tax and retirement planning.
- Supplemental medical reimbursements — this insured benefit product covers out-of-pocket medical expenses, exclusive of required premium contributions by participants in the Company's medical and dental plans, and is a valued benefit provided at a modest annual cost per participant.
- Enhanced life insurance — this life insurance program generally covers approximately 3.5 times the NEO's annual salary and target bonus.
- Use of Company aircraft — our NEOs are allowed limited use of leased aircraft for personal reasons in accordance with the Company's usage policy approved by the Board of Directors.

Personal benefit amounts are not considered annual salary for bonus purposes, deferred compensation purposes, or 401(k) contribution purposes. The Compensation Committee periodically reviews executive benefits and perquisites as compared to prevalent practices of other organizations.

Further Executive Compensation Practices and Policies

Provisions Regarding Claw-Backs

We have provisions for seeking the return (claw-back) from our Officers of cash incentive payments and stock sale proceeds in certain circumstances involving fraud. These provisions cover the following elements of compensation: annual performance-based incentives paid in cash, stock options, restricted stock, and performance units. The provisions are triggered if the Board of Directors determines that an Officer has engaged in fraud that caused, in whole or in part, a material adverse restatement of the Company’s financial statements. In such an event, the Company could seek to recover from the offending Officer the following:

- The actual annual performance-based incentive paid in cash to the Officer, but only if the original payment would have been lower if it had been based on the restated financial results.
- The gains from sales of stock acquired under stock options realized at any time after the filing of the incorrect financial statements. Any remaining vested and unvested stock options are canceled.
- The gains from sales of restricted stock realized at any time after the filing of the incorrect financial statements. Any remaining unvested restricted stock are forfeited.
- The amount of a performance unit award paid after the ending date of the period covered by the incorrect financial statements. Any unpaid performance unit award is forfeited.

Securities Trading and Investment Policy

The Board of Directors maintains a policy governing only Directors and Officers with regard to transactions involving the Company’s securities, including purchases and sales of common stock. Among other things, the policy provides guidelines on trading during “trading windows,” confidentiality responsibilities, and reporting obligations.

Stock Ownership Guidelines and Retention Requirements

We have stock ownership guidelines for Officers. Stock ownership is generally achieved through open market purchases of SCI stock, shares acquired in the Company-sponsored 401(k) plan, vesting of restricted stock, and shares retained after exercise of stock options. The policy requires an Officer to retain all SCI stock acquired from grants of restricted stock and stock options (net of acquisition and tax costs and expenses) until that Officer has met the ownership guidelines.

For each Officer, the stock ownership guideline is the amount of SCI shares having a fair market value equal to a multiple of base salary as set forth in the following table. Measurement of stock ownership against the guidelines will be calculated once a year based on valuation of the shares held at year end utilizing the closing price of SCI common stock on the last trading day of the previous year. A new Officer has an initial period of five years to achieve the target ownership level.

The table below sets forth our current ownership guidelines for our NEOs and their holdings, excluding stock options, as of March 15, 2021 (further details are provided in the footnotes to the tables of Director and Officer shareholdings listed under the “Voting Securities and Principal Holders”).

Title	Required Salary Multiple	Minimum Shares Required	Actual Salary Multiple	Actual Shares Owned
Thomas L. Ryan, President, Chairman of the Board, and Chief Executive Officer	6	146,640	64	1,557,308
Eric D. Tanzberger, Senior Vice President and Chief Financial Officer	3	36,660	17	209,736
Sumner J. Waring, III, Senior Vice President, Chief Operating Officer	3	34,827	29	334,915

Gregory T. Sangalis, Senior Vice President, General Counsel and Secretary	3	30,550	20	201,879

At March 15, 2021, our Named Executive Officers have exceeded their ownership guideline levels for 2021.

Policies on Hedging and Pledging

In 2013, we established policies to prohibit Officers and Directors from hedging or pledging their SCI stock ownership. These policies apply only to Officers and Directors.

Employment Agreements and Termination Payment Arrangements

The Company has employment agreements with Tom Ryan, Eric Tanzberger, Sumner Waring, Steven Tidwell, and Gregory Sangalis. These agreements have current terms expiring December 31, 2021. Annually, the Company may extend each agreement for an additional year unless notice of nonrenewal is given by either party.

The employment agreements articulate the terms and conditions of the NEOs' employment with the Company including termination provisions and noncompetition obligations. Each November, we review the list of the Named Executive Officers and other officers with employment agreements in effect and the terms and conditions of their employment and determine whether to extend, modify, or allow the agreements to expire.

Consistent with this review, we amended our executive employment agreements in 2010 to eliminate any obligation to pay tax gross-ups in the event of a change in control of the Company. In 2016, we replaced our executive employment agreements with updated terms (see pages 54-55 for more information).

For further discussion of these employment agreements, refer to "Executive Compensation Tables - Executive Employment Agreements" below.

Our employment agreements and compensation plans have historically incorporated arrangements for certain payments upon change of control of the Company and for other terminations. We believe that these arrangements have been and are necessary to attract, motivate, reward, and retain the broad-based management talent required to achieve our corporate strategy. In the context of a possible acquisition or merger of the Company, we believe that change of control provisions (i) help focus our executives on strategic alternatives that would maximize shareholder value, and (ii) provide for personal financial security, thereby reducing a potential distraction for the executive. Our change of control and other termination payment arrangements do not affect decisions regarding other compensation elements. We structured the terms and payout of our arrangements based upon our historical practice and competitive considerations, including advice from an independent consultant and features that are commonly used by other publicly traded companies.

For further discussion of termination arrangements, refer to "Executive Compensation Tables - Potential Payments Upon Termination" below.

How We Make Compensation Decisions

Role of the Compensation Committee

The Compensation Committee reviews the executive compensation program of the Company for its adequacy to attract, motivate, reward, and retain well-qualified executive officers who will maximize shareholder returns. The Compensation Committee also reviews the program for its direct and material relation to the short-term and long-term objectives of the Company and its shareholders as well as the operating performance of the Company. To carry out its role, among other things, the Compensation Committee:

- Reviews appropriate criteria for establishing annual performance targets for executive compensation that are complementary to the Company's long-term strategies for growth;
- Determines appropriate levels of executive compensation by annually conducting a thorough competitive evaluation, reviewing proprietary and proxy information, and consulting with and receiving advice from an independent executive compensation consulting firm;
- Ensures the Company's executive stock plan, long-term incentive plan, annual incentive compensation plan, and other executive compensation plans are administered in accordance with compensation objectives; and
- Approves all new equity-based compensation programs.

Compensation Committee Interlocks and Insider Participation

Board members who served on the Compensation Committee during 2020 were Alan R. Buckwalter, III, Anthony L. Coelho, Jr., Ellen Ochoa, and Marcus A. Watts. No member of the Compensation Committee in 2020 or at present was or is an Officer or employee of the Company or any of its subsidiaries, or was formerly an Officer of the Company or any of its subsidiaries or had any relationships requiring disclosure by the Company, except that Alan Buckwalter has a family relationship as disclosed under the section entitled "Certain Transactions" on page 58.

If elected, Ellen Ochoa will serve as the Compensation Committee Chair effective May 2021 and this upcoming 2021 Board term will be Alan Buckwalter's final term serving as a member of the Compensation Committee.

Role of Compensation Consultants

Compensation decisions are made by our Compensation Committee, based in part on input from independent consultants. Meridian has served as our independent advisor on executive compensation since 2010. Meridian is retained by and reports directly to the Compensation Committee, which has the authority to approve Meridian's fees and other terms of engagement. Services performed by Meridian for the Compensation Committee during 2020 included preparation of competitive benchmarking reviews regarding the executive and Director compensation, evaluation of proposed compensation programs or changes to

COMPENSATION DISCUSSION AND ANALYSIS

existing programs, provision of information on current trends in executive compensation, and updates regarding applicable legislative and governance activity. Annually, the Compensation Committee reviews the fee structure, services, and performance of their independent consultants.

Compensation Benchmarking Tools

In November 2019, in its consideration of 2020 compensation for the NEOs, the Compensation Committee reviewed a competitive benchmarking study prepared by Meridian. The benchmarking study provided market data for each of the NEOs, reflecting pay rates for similar positions among a group of general industry companies (the "Peer Comparator Group"). The Compensation Committee used the competitive benchmark study as a reference point for assessing the overall competitiveness of our executive compensation program.

At the request of the Compensation Committee, Meridian developed the Peer Comparator Group for 2020 by reviewing a diversified group of companies that participated in the Equilar Executive Compensation Survey. Meridian developed the Peer Comparator Group based on size and industry parameters excluding certain industries with unique or uncomparable pay practices. The Compensation Committee believes this approach reflects an objective and credible methodology and results in an effective working range of competitive compensation benchmarks that appropriately considers the overall complexity of SCI's business model. For example, the Company sells preneed contracts (approximately \$1.9 billion in 2020) that are substantially deferred into its growing backlog that will be recognized as future revenue at the time of need or when the services and merchandise are provided. These preneed contracts are administered by the Company over long periods of time, and the Company oversees the management and administration of approximately \$7.2 billion in trust assets and related receivables, the earnings of which are typically deferred under GAAP. In addition, executive management oversees a people-centric business of approximately 24,000 employees, including approximately 3,750 preneed sales personnel whose production may not initially impact revenue under GAAP. The Compensation Committee reviews the methodology and composition of the Peer Comparator Group annually and may consider modification to the methodology or source of data, as warranted.

The Peer Comparator Group used to inform 2020 pay decisions comprised the 100 companies set forth in Annex B, against which SCI is positioned near or above the median in terms of revenue, market capitalization, and enterprise value. The Peer Comparator Group does not include two direct industry competitors, StoneMor Partners, LLP and Carriage Services, Inc., as neither company met the relevant financial criteria for inclusion.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management. The Committee reviewed the 2020 total compensation design components and recommend to the Nominating and Corporate Governance Committee that it make a determination that the risks arising from the Company's compensation policies and practices for its employees are not reasonably likely to have a material adverse effect on the Company. Based on such review and discussions, the Compensation Committee recommended to the Board of Directors that this Proxy Statement include this Compensation Discussion and Analysis.

The material terms of each element of compensation are described in the "Compensation Discussion and Analysis."

Starting in 2018, the performance units are denominated in shares and can be settled in cash at the end of the three-year performance period. In the table above, the performance unit grants are valued using a Monte Carlo valuation at the grant date. In addition, the 2020 performance units provide for pro-rata vesting in the event of (i) death, (ii) disability, (iii) at the discretion of the Compensation Committee, retirement at age 60 with ten years of service or retirement at age 55 with 20 years of service, or (iv) termination by the Company not for cause. The pro-rata vesting is determined by the number of months of service by the executive during the three-year performance period, divided by 36 (which is the number of months in a performance period). For a change of control of the Company, the performance units vest 100% and will be paid at target. The restricted stock grants and stock option grants vest one-third per year. In addition, the restricted stock grants and stock option grants vest 100% in the event of (i) death, (ii) disability, (iii) in the discretion of the Compensation Committee, retirement at age 60 with ten years of service or retirement at age 55 with 20 years of service, (iv) termination by the Company not for cause, or (v) a change of control of the Company. In the table above, the option grants are valued using the Black-Scholes valuation model at the grant date.

Holders of restricted stock receive dividend payments at the same rate as holders of outstanding shares of SCI common stock.

Executive Deferred Compensation Plan

The Executive Deferred Compensation Plan is a supplemental retirement and deferred compensation plan for our executive officers, in which the NEOs participate. The plan allows for Company contributions, including annual contributions of up to 7.5% and performance-based contributions targeted at 7.5%, with a range of 0% to 15% based on achievement of Company performance measures established in the first quarter of each year. These are the same performance measures described in "Compensation Discussion and Analysis - Annual Performance-Based Incentives Paid in Cash." The percentages are applied to the combined eligible compensation of base salary and annual performance-based incentive paid in cash. The plan also allows for the restoration of Company matching contributions that are prohibited in the Company's 401(k) plan due to tax limits on contributions to qualified plans.

Company contributions to the plan generally vest over three years. If a participant is terminated by the Company not for cause, dies, becomes disabled, or in the event of a change of control of the Company as defined in the plan, the participant immediately vests 100% in the Company's contributions. If the participant retires on or after age 60 with ten years of service or age 55 with 20 years of service, the Compensation Committee may in its sole discretion elect to immediately vest 100% of the unvested contributions.

In addition, the plan allows for an individual participant to defer portions of his or her base salary, annual performance-based incentives paid in cash, restricted stock, and performance units. The participant may defer up to 80% of salary, up to 100% of restricted stock, and up to 90% of the other elements of compensation. When restricted stock is deferred, it is subject to the 3-year vesting schedule. All other of these amounts are 100% vested at time of deferral. The following tables provide information concerning contributions, earnings, and other information under the Executive Deferred Compensation Plan.

Pension Plans

Supplemental Executive Retirement Plan for Senior Officers

The Supplemental Executive Retirement Plan for Senior Officers ("SERP"), is an aged non-qualified plan that allowed certain Officers to accrue a non-contributory benefit for periods prior to January 1, 2001. The Plan's terms provide for an annual benefit equal to a designated percentage of each participant's 1997 annual base salary and target bonus, with the benefits being reduced to the extent of the participant's benefits under Social Security and the former SCI Cash Balance Plan.

A participant is fully vested at age 60. If a participant's employment terminates before age 60, the benefit amount is prorated or reduced by multiplying the accumulated benefit by a fraction of which the numerator is the participant's years of service and the denominator is the number of years from the participant's hire date until the date the participant would reach age 60.

Benefit payments are made in 180 monthly installments commencing at the later of termination of employment or the attainment of age 55. A participant may elect to begin receiving monthly benefits at age 55, while still employed, provided written notice is given at least twelve months prior to the attainment of age 55. In that case, the benefit is reduced to reasonably reflect the time value of money.

If a participant dies or there is a change of control of the Company (as defined in the SERP), the Company will promptly pay to each beneficiary or participant a lump sum in an amount that will vary depending on the participant's circumstances. The following table sets forth information regarding the SERP for Senior Officers as of December 31, 2020.

Name ⁽²⁾	Number of Years Credited Service (#)	Present Value of Accumulated Benefit (\$) ⁽¹⁾
Thomas L. Ryan	25	232,389
Eric D. Tanzberger	24	127,089

⁽¹⁾ The assumptions made for calculating the present value of accumulated benefit of the SERP for Senior Officers are set forth in Note 12 to the consolidated financial statements included in the SCI 2020 Annual Report on Form 10-K. During the year ended December 31, 2020, Tom Ryan's pension value increased \$32,395, and Eric Tanzberger's increased \$20,439.

⁽²⁾ Excludes Sumner Waring, Steven Tidwell, and Greg Sangalis as their service with the Company as an Officer began after December 31, 2000, which was the last period of eligibility for the SERP prior to its discontinuance.

Executive Employment Agreements

Current Named Executive Officers

The Company has employment agreements with the Named Executive Officers. These agreements have current terms expiring December 31, 2021. Annually, the Company may extend each agreement for an additional year unless notice of nonrenewal is given by either party. If such notice of nonrenewal is given by the Company or if notice is not given of the Company's decision to authorize renewal, the employment agreement will not be extended.

These agreements provide for base salaries, that may be increased by the Compensation Committee in its sole discretion, and the right to participate in bonus and other compensation and benefit arrangements. As of March 15, 2021, the base salaries for Tom Ryan, Eric Tanzberger, Sumner Waring, Steven Tidwell, and Greg Sangalis were \$1,200,000, \$620,000, \$620,000, \$550,000, and \$520,000 respectively.

Pursuant to the agreements, in the event of termination of employment due to the executive's voluntary termination, the executive is entitled to receive (i) salary earned to the date of termination and (ii) any incentive compensation that had been determined by the Compensation Committee but not yet paid. In the event of termination of employment due to disability or death, the executive or his estate is entitled to receive (i) his salary through the end of his employment term, (ii) a pro rata portion (based on the portion of the year elapsed at the date of termination) of the annual performance-based incentive bonus the executive would have received if he had remained an employee through his employment term ("Pro Rated Bonus"), and (iii) continuation of health benefits for eighteen months. In the event of termination by the Company without cause, the executive is entitled to receive (i) bi-weekly salary continuation payments based on his rate of salary for two years, (ii) Pro Rated Bonus and (iii) continuation of health benefits for eighteen months. In the event of termination by the Company for cause, the executive is not entitled to any further payments under the employment agreement. "Cause" includes conviction of a crime involving moral turpitude, failure to follow Company policy or directives, willful and persistent failure to attend to his duties, gross negligence or willful misconduct, and violation of his obligations under the employment agreement.

In the event of a change of control of the Company (as defined below) and the subsequent termination of the executive without cause or voluntary termination by the executive for good reason (as defined below) during the period commencing sixty days prior to the change of control and ending two years following the change of control, the executive is entitled to the following:

- a lump sum equal to three times the sum of the executive's annual salary and target annual performance-based incentive bonus ("Target Bonus");
- an amount equal to his target annual performance-based incentive bonus, prorated to the date of the change of control ("Partial Bonus"); and
- continuation of health benefits for eighteen months.

"Good Reason" means relocation of the executive by more than 50 miles, reduction in responsibilities, reduction in base salary or bonus or other compensation programs, or reduction in the executive's aggregate benefits.

In 2010, the Company amended the employment agreements to eliminate any obligations to pay tax gross-up in the event of a change of control of the Company.

Upon termination of his employment, each executive is subject, at the Company's option, to a non-competition obligation for a period of one year, which the Company may extend for one additional year. If the Company elects to have the non-competition provisions apply, the Company will make payments to the executive during the non-competition period at a rate equal to his base salary at the time of termination, unless such termination was for cause or the executive terminates his employment (other than within twenty-four months after a change of control for certain specified reasons), in which case the executive is bound by the non-competition provisions without the Company making the corresponding payments.

Change of Control

Under the employment agreements, a change in control includes any of the following:

- any individual, entity, or group acquires 20% or more of our common stock or voting securities (excluding certain acquisitions involving SCI or an SCI benefit plan or certain reorganization, merger, or consolidation transactions);
- our incumbent Directors cease to constitute a majority of our Directors (our incumbent Directors include persons nominated by the existing Board or Executive Committee);
- consummation of certain reorganizations, mergers, consolidations, or sales of substantially all assets of SCI; or
- our shareholders approve certain liquidations or dissolution of SCI.

However, such a reorganization, merger, consolidation, or sale of assets does not constitute a change of control if:

- (1) more than 60% of the surviving corporation's common stock and voting shares is owned by our shareholders (in the same proportion that our shareholders owned shares in SCI before the transaction);
- (2) no person (excluding SCI, any benefit plan of SCI or the surviving corporation, and a person owning 20% of SCI common stock or voting securities before the transaction) owns 20% or more of the common stock or voting shares of the surviving corporation; and
- (3) a majority of the surviving corporation's Board members were incumbent SCI Directors when the transaction agreement was executed.

Equity compensation fully vests after a change in control occurs, whereas cash-related compensation requires employment termination to receive any actual payment.

Potential Payments Upon Termination

The Company has entered into certain agreements and maintains certain plans that require the Company to provide compensation to Named Executive Officers in the event of a termination of employment. The amount of compensation payable to each Named Executive Officer in each situation is listed in the tables below. In addition, each Named Executive Officer is entitled to receive his benefits described in the preceding tables titled "Pension Benefits" and "Nonqualified Deferred Compensation in 2020."

Below is a description of the assumptions that were used in creating the table above.

Base Salary and Annual Performance-Based Incentive Paid in Cash

The amounts of these elements of compensation are governed by the individual's employment agreements. See "Executive Employment Agreements" above. At December 31, 2020, each of the employment agreements had a term expiring December 31, 2021. In addition, the meaning of "change of control" as used in the tables is set forth in the employment agreements.

Long-Term Incentives: Performance Units, Stock Options, and Restricted Stock

The amounts pertaining to the performance units, stock options, and restricted stock are governed by the terms of their respective awards. See the discussion following the table "Grants of Plan-Based Awards" above. For unvested performance units, restricted stock, and stock options; accelerated vesting for voluntary termination at retirement occurs at the discretion of the Compensation Committee at age 60 with ten years of service or at age 55 with 20 years of service and is not included in the table above.

Other Benefits

The table does not assume accelerated vesting of the unvested amounts pertaining to each executive's interest in the Executive Deferred Compensation Plan, which could occur at the discretion of the Compensation Committee at retirement. For a discussion of vesting, see the discussion preceding the table "Nonqualified Deferred Compensation in 2020" above.

Under the columns "Involuntary Not for Cause Termination", "Disability", "Death", and "Change of Control: Involuntary or Good Reason Termination", the tables include the accelerated vesting of the unvested amounts in the Executive Deferred Compensation Plan. Under the columns, "Involuntary Not for Cause Termination" and "Change of Control: Involuntary or Good Reason Termination", the tables include the Company's estimates of the value of post-retirement health benefits. The table also includes life insurance proceeds under the "Death" column.

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the median of the annual total compensation of our employees (excluding the CEO) and the annual total compensation of our CEO. The pay ratio included in this information is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K.

We used December 31, 2020 as our determination date and identified the median employee by examining total gross wages for all full-time, part-time, and seasonal employees who were employed at that date. After identifying the median employee, we calculated annual 2020 compensation for the median employee using the same methodology used to calculate the CEO's total compensation as reflected in the Summary Compensation Table on page 47 of this Proxy Statement. The median employee's 2020 total compensation was \$35,693. The CEO's 2020 annual total compensation was \$11,529,920, which is 323 times the annual total compensation of the median employee (excluding the CEO).

We believe that the above pay ratio is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K. In addition, because the Securities and Exchange Commission rules for identifying the median employee allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates, and assumptions in calculating their own pay ratios.

CERTAIN TRANSACTIONS

In February 2007, the Company adopted a written policy regarding “related person transactions”, which are required to be disclosed under SEC rules. Generally, these are transactions that involve (i) the Company, (ii) a Director, Officer, or 5% shareholder, or their family member or affiliates, and (iii) an amount over \$120,000. Under the policy, our General Counsel will review any related person transaction with our Nominating and Corporate Governance Committee or its Chairman. Then, the Committee or the Chairman will make a determination whether the transaction is consistent with the best interests of the Company and our shareholders. The Nominating and Corporate Governance Committee reviewed and approved the following reported transactions:

In 2020, SCI Shared Resources, LLC, a subsidiary of the Company, paid \$300,944 in compensation to Bryan Bentley in his capacity as an employee. Bryan Bentley is the son-in-law of Alan R. Buckwalter, a Director of the Company.

The family of Sumner J. Waring, III, Senior Vice President Chief Operating Officer, has had a relationship with SCI since 1996, when the family sold its business to SCI. In 2020, Affiliated Family Funeral Service, Inc., a subsidiary of the Company, leased office space through April 2021 from a company owned by Sumner Waring’s mother and paid rent in the amount of \$12,684 in 2020 pursuant to the lease. Effective April 30, 2021, this office space lease will terminate. In addition, Sumner Waring’s mother owns a company that leases funeral homes to the Company under a lease expiring in September 2021 for which the Company paid rent of \$200,000 in 2020. The total amount of real estate rent paid annually to companies owned by Mrs. Waring is \$212,684 and is approximately 1% of the total annual rent paid by the Company for leasing real estate.

R. L. Waltrip, is our Founder and Chairman Emeritus and an executive of the Company. He also is the father of W. Blair Waltrip, one of our Directors. For 2020, R. L. Waltrip had a salary of \$952,000 and a performance-based cash bonus target of 100% of his base salary (this performance-based cash bonus paid out at 138.4% for 2020 for a total bonus of \$1,317,378). He is eligible to participate in our retirement and health and welfare benefit plans on the same basis as other similarly situated employees. He is also provided with certain additional insurance and perquisites (\$151,790 in total in 2020).

Information About the Meeting and Voting

Q: Who is entitled to vote?

A: Shareholders of record who held common stock of SCI at the close of business on March 15, 2021 are entitled to vote at the 2021 Annual Meeting of Shareholders (the "Annual Meeting"). As of the close of business on that date, there were outstanding 169,372,104 shares of SCI common stock, \$1.00 par value ("Common Stock").

Q: What are shareholders being asked to vote on?

A: Shareholders are being asked to vote on the following items at the Annual Meeting:

1. Election of nominees to the Board of Directors.
2. Ratification of PricewaterhouseCoopers LLP as SCI's independent registered public accounting firm for the 2021 fiscal year.
3. Consideration of an advisory vote to approve Named Executive Officer compensation.

The Company will also transact such other business as may properly come before the meeting. The affirmative vote of a majority of the total shares represented in person or by proxy and entitled to vote at the Annual Meeting is required for approval of each of the proposals listed above.

Q: How do I vote my shares?

A: You can vote your shares using one of the following methods:

- Vote through the internet at www.proxyvote.com using the instructions on the proxy or voting instruction card. Also, you can vote by visiting our corporate website at <https://www.sci-corp.com/annual-meeting> and clicking the link to vote.
- Vote by telephone using the toll-free number shown on the proxy or voting instruction card.
- Complete, sign, and return a written proxy card in the pre-stamped envelope provided.
- Attend and vote at the meeting.

Internet and telephone voting are available 24 hours a day, and if you use one of those methods, you do not need to return a proxy card. Unless you are planning to vote at the meeting, your vote must be received on or before May 12, 2021.

Even if you submit your vote by one of the first three methods mentioned above, you may still vote at the meeting if you are the record holder of your shares or hold a legal proxy from the record holder. Your vote at the meeting will constitute a revocation of your earlier voting instructions.

Q: What if I want to vote in person at the Annual Meeting?

A: The Notice of Annual Meeting of Shareholders provides details of the date, time, and place of the Annual Meeting, if you wish to vote in person. To attend the Annual Meeting in person, you will need proof of your share ownership and valid picture identification.

Q: How does the Board of Directors recommend voting?

A: The Board of Directors recommends voting:

- FOR each of the nominees to the Board of Directors. Biographical information for each nominee is outlined in this Proxy Statement under "Proposal 1: Election of Directors".
- FOR ratification of the selection of PricewaterhouseCoopers LLP as SCI's independent registered public accounting firm for the 2021 fiscal year.
- FOR approval, on an advisory basis, of Named Executive Officer compensation.

OTHER INFORMATION

Although the Board of Directors does not contemplate that any nominee will be unable or unwilling to serve, if such a situation arises, the proxies that do not withhold authority to vote for Directors will be voted for a substitute nominee(s) chosen by the Board.

Q: If I give my proxy, how will my shares be voted on other business brought up at the Annual Meeting?

A: By submitting your proxy, you authorize the persons named on the proxy card to use their discretion in voting on any other matters properly brought before the Annual Meeting. At the date hereof, SCI does not know of any other business to be considered at the Annual Meeting.

Q: Can I revoke my proxy once I have given it?

A: Yes. Your proxy, even though executed and returned, may be revoked any time prior to the time that it is voted at the Annual Meeting by a later-dated proxy or by written notice of revocation filed with the Secretary, Service Corporation International, 1929 Allen Parkway, Houston, TX 77019. Alternatively, you can attend the annual meeting, revoke your proxy in person, and vote at the meeting itself.

Q: How will the votes be counted?

A: Each properly executed proxy received in time for the annual meeting will be voted as specified therein, or if a shareholder does not specify how the shares represented by his or her proxy are to be voted, they will be voted (i) for the nominees listed therein (or for other nominees as provided above), (ii) for ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm, and (iii) for approval on an advisory basis of Named Executive Officer compensation. Holders of SCI Common Stock are entitled to one vote per share on each matter considered at the Annual Meeting. In the election of Directors, a shareholder has the right to vote the number of his or her shares for as many persons as there are to be elected as Directors. Shareholders do not have the right to cumulate votes in the election of Directors. Abstentions are counted towards the calculation of a quorum. An abstention has the same effect as a vote against a proposal, or in the case of the election of Directors, as shares for which voting power has been withheld.

Q: What if my SCI shares are held through a bank or broker?

A: If your shares are held through a broker or bank, you will receive voting instructions from your bank or broker describing how to vote your stock. If you do not vote your shares, your broker or bank does not have the discretion to vote your shares on the proposals, except that they have the discretion to vote your shares for ratification of the selection of PricewaterhouseCoopers LLP as SCI's independent registered public accounting firm for the 2021 fiscal year. A "broker non-vote" refers to a proxy that votes on one matter, but indicates that the holder does not have the authority to vote on other matters. Broker non-votes will have the following effects at our Annual Meeting: for purposes of determining whether a quorum is present, a broker non-vote is deemed to be present at the meeting; for purposes of the election of Directors and other matters to be voted on at the meeting, a broker non-vote will not be counted.

Q: How does a shareholder or interested party communicate with the Board of Directors, committees, or individual Directors?

A: Any shareholder or interested party may communicate with the Board of Directors, any committee of the Board, the non-management Directors as a group, or any Director by sending written communications addressed to the Board of Directors of Service Corporation International, a Board committee, the non-management Directors, or such individual Director or Directors, c/o Office of Corporate Secretary, Service Corporation International, 1929 Allen Parkway, Houston, TX 77019, or by email to leaddirector@sci-us.com. All communications will be compiled by the Secretary of the Company and submitted to the Board of Directors (or other addressee) at the next regular Board meeting.

Q: What is the Company's web address?

A: The SCI home page is www.sci-corp.com. At the website, the following information is available for viewing. The information below is also available in print to any shareholder who requests it.

- Bylaws of SCI
- Charters of the Audit Committee, the Compensation Committee, Investment Committee and the Nominating and Corporate Governance Committee
- Corporate Governance Guidelines
- Principles of Conduct and Ethics for the Board of Directors
- Code of Conduct and Ethics for Officers and Employees

Q: How can I obtain a copy of the Annual Report on Form 10-K?

A: A copy of SCI's 2020 Annual Report on Form 10-K is furnished with this Proxy Statement to each shareholder entitled to vote at the Annual Meeting. If you do not receive a copy of the Annual Report on Form 10-K, you may obtain one free of charge by writing to Investor Relations, P.O. Box 130548, Houston, Texas 77219-0548.

Q: Why is it important to vote via the internet or telephone, or send in my proxy card so that it is received on or before May 12, 2021?

A: The Company cannot conduct business at the Annual Meeting unless a quorum is present. A quorum will only be present if a majority of the outstanding shares of SCI common stock as of March 15, 2021 is present at the meeting in person or by proxy. It is for this reason that we urge you to vote via the internet or telephone or send in your completed proxy card(s) as soon as possible, so that your shares can be voted even if you cannot attend the meeting.

Proxy Solicitation

We may solicit proxies through the mail, in person, or by telephone, fax, or internet. Certain Officers, Directors, and other employees of the Company may solicit proxies. Directors, Officers, and other employees of the Company will not receive additional compensation for these services. We will reimburse brokerage firms, nominees, fiduciaries, custodians, and other agents for their expenses in distributing proxy material to the beneficial owners of our common stock. To avoid unnecessary expense, please return your proxy regardless of the number of shares that you own. Simply date, sign, and return the enclosed proxy in the enclosed business reply envelope.
