**Re: Natuzzi S.p.A.
Form 20-F for the Fiscal Year Ended December 31, 2008
Filed June 29, 2009
File No. 1-11854**

Dear Mr. Natuzzi:

We have limited our review of your filing to disclosure relating to your contacts with countries that have been identified as a state sponsor of terrorism, and we have the following comments. Our review with respect to this issue does not preclude further review by the Assistant Director group with respect to other issues. At this juncture, we are asking you to provide us with supplemental information, so that we may better understand your disclosure. Please be as detailed as necessary in your response. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filings. We look forward to working with you in these respects. We welcome any questions you may have about our comment or on any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

General

1. We note a November 2008 news article in which the general manager of Acropole, a Syrian furniture store, is quoted as saying that he recently began importing Natuzzi furniture from Italy. We also note statements on the website of Lebanon's Citi-Furniture that Natuzzi supplies them and that Citi-Furniture operates two showrooms in Syria. Finally, we note that your 20-F does not include discussion of Syria-related operations.

Syria is identified by the U.S. State Department as a state sponsor of terrorism, and is subject to U.S. economic sanctions and export controls. Please describe to us the

nature and extent of your past, current, and anticipated contacts with Syria, whether through affiliates, distributors, or other direct or indirect arrangements. Your response should describe any products and services you have provided to Syria, and any agreements, commercial arrangements, or other contacts you have had with the Syrian government or entities controlled by that government.

2. We note from disclosure throughout your 20-F that you conduct operations in the Middle East, a regional reference generally understood to encompass Iran and Sudan. Those countries also are identified by the U.S. State Department as state sponsors of terrorism, and are subject to U.S. economic sanctions and export controls. Please describe to us the nature and extent of any past, current, and anticipated contacts with Iran and Sudan, whether through affiliates, distributors, or other direct or indirect arrangements. Provide the same types of information regarding any contacts with those countries as is requested in the foregoing comment regarding contacts with Syria.
3. Please discuss the materiality of any contacts with Iran, Sudan, and Syria, and whether those contacts constitute a material investment risk for your security holders. You should address materiality in quantitative terms, including the approximate dollar amounts of any associated revenues, assets, and liabilities for the last three fiscal years and any subsequent period. Also, address materiality in terms of qualitative factors that a reasonable investor would deem important in making an investment decision, including the potential impact of corporate activities upon a company's reputation and share value. As you may be aware, various state and municipal governments, universities, and other investors have proposed or adopted divestment or similar initiatives regarding investment in companies that do business with state sponsors of terrorism. Your materiality analysis should address the potential impact of the investor sentiment evidenced by such actions directed toward companies that have operations associated with Iran, Sudan, and Syria.
