**NOTES TO THE UNAUDITED PRO FORMA
CONDENSED CONSOLIDATED FINANCIAL INFORMATION**

1. Basis of Presentation

The unaudited pro forma condensed consolidated financial statements present Boyd Gaming Corporation's (the "Company") pro forma financial position and results of operations based upon historical financial information after giving effect to the previously announced disposition of the assets constituting the South Coast Hotel and Casino (the "South Coast") to Michael J. Gaughan (the "Buyer") pursuant to the terms of that certain Unit Purchase Agreement, dated July 25, 2006, as amended, between the Company, Coast Hotels and Casinos, Inc., Silverado South Strip, LLC and the Buyer (the "Disposition"), and the related adjustments described in these footnotes. The unaudited pro forma condensed consolidated financial statements are presented as if the Disposition had been completed on June 30, 2006 for purposes of the unaudited condensed consolidated balance sheet information, and on January 1 for each of the periods ended June 30, 2006 and December 31, 2005, respectively, for purposes of the unaudited condensed consolidated statements of operations information.

The unaudited pro forma condensed consolidated financial statements are not necessarily indicative of the consolidated results of operations that the Company would have achieved had the Disposition taken place on January 1 for the periods presented and do not purport to be indicative of the effects that may be expected to occur in the future. The unaudited pro forma condensed consolidated financial statements should be read in conjunction with the Company's historical consolidated financial statements and accompanying notes.

The unaudited pro forma condensed consolidated financial statements of the Company are presented in accordance with Article 11 of Regulation S-X.

2. Pro Forma Disposition

On July 25, 2006, the Company announced its agreement to sell South Coast to the Buyer, and the transaction closed on October 25, 2006. The Buyer used the net proceeds from the public offering of the Buyer's 12,342,504 shares of Company common stock, as well as the cancellation of the note issued by the Company to the Buyer in connection with the Company's repurchase of the Buyer's 3,447,501 shares of Company common stock, to pay the consideration for the South Coast. The actual fair value of the aggregate stock and cash consideration was determined based upon a \$32.4844 price per share, net of transaction costs, for 15,790,005 shares of the Company's common stock.

The aggregate consideration received from the Disposition was as follows (in thousands):

Cash consideration received by the Company from the Buyer's public offering of his 12,342,504 shares of Company common stock, net of transaction costs	\$ 400,939
Fair value of the 3,447,501 shares of Company common stock repurchased from the Buyer, net of transaction costs	<u>111,990</u>
Aggregate value of stock and cash consideration	<u><u>\$ 512,929</u></u>

3. Pro Forma Adjustments

The pro forma adjustments included in the unaudited pro forma condensed consolidated financial statements are as follows:

- (a) To eliminate all of the historical assets, liabilities and equity of South Coast.
- (b) To reflect the Company's obligation for the remaining estimated construction costs to complete South Coast.
- (c) To restore the historical equity of South Coast in order to calculate the loss from the Disposition.

**NOTES TO THE UNAUDITED PRO FORMA
CONDENSED CONSOLIDATED FINANCIAL INFORMATION – (Continued)**

- (d) To reflect those items of working capital that will be retained by the Company after the Disposition.
- (e) To reflect the net cash consideration received in connection with the Disposition that was used to reduce debt.
- (f) To reflect the fair value of the 3.4 million shares of Company common stock repurchased by the Company from the Buyer and retired in connection with the Disposition.
- (g) To reflect the estimated increase in income taxes receivable due to the estimated loss from the Disposition.
- (h) To reflect the estimated loss recognized from the Disposition, net of taxes.
- (i) To eliminate all of the historical revenues and expenses of South Coast.
- (j) To reflect the elimination of interest expense as a result of the reduction of debt with cash proceeds from the Disposition and the allocation of interest expense to South Coast. The allocation of interest expense to South Coast is based on the ratio of: (i) the net assets of South Coast less the debt repaid as a result of the Disposition to (ii) the total consolidated net assets and pro forma debt of the Company.
- (k) To reflect the amount of corporate allocated expense that will not be eliminated upon disposal of South Coast.
- (l) To reflect the effective tax rate for continuing operations on pro forma pre-tax income.
- (m) To reflect the number of shares repurchased by the Company from the Buyer and retired in connection with the Disposition.
