

Sun International

To Our Shareholders

I am pleased to announce that the Company reported net income for the quarter, before non-recurring items of \$32.9 million, compared to earnings of \$27.4 million in the same period last year. Earnings per share for the period, excluding non-recurring items, were \$1.20 compared to pro-forma earnings for the sale of Resorts Atlantic City of \$0.97 for the same period last year, an increase of 24%. Non-recurring items included pre-opening costs and the sale of real estate at the Company's Paradise Island operation. The average number of shares outstanding during the quarter declined by 17% as a result of stock repurchases that were completed last year.

Including the non-recurring items referred to above, the Company generated earnings in the quarter of \$33.2 million, compared to net income of \$27.3 million for the same period last year.

The increase in recurring earnings for the quarter was due mainly to higher EBITDA contributions from Atlantis and Mohegan Sun and the elimination of losses from Resorts Atlantic City. Interest expense was higher in the quarter due to a reduction in capitalized interest arising from the completion of the Ocean Club and Ocean Club Golf Course development projects.

The Company's flagship Paradise Island operations generated EBITDA of \$50.8 million, a 6% increase over the \$47.8 million that was achieved during the same period last year. The property's resort operations performed very well during the quarter. Atlantis improved its occupancy levels by five percentage points, increasing from 85% last year to 90% for this quarter, while maintaining its average room rate at \$284.

The expanded Ocean Club enjoyed a successful full first quarter of operations. The property has been expanded, through the addition of 40 new luxury rooms and 10 suites, bringing the room count to 107. The expansion also included the upgrading and addition of several public spaces, as well as a new beachfront restaurant, Dune, operated by well-known restaurateur Jean-Georges Vongerichten. Despite doubling the size of the hotel, the property achieved an average occupancy of 73%, compared to 74% last year, while the average room rate increased by 9% to \$739.

The new Ocean Club Golf Course hosted the Michael Jordan Celebrity Classic in January 2001. Extensive publicity for the Company's Paradise Island facilities was achieved by the televising of the tournament in the United States on the NBC network. The course was opened to resort guests immediately after the conclusion of the tournament.

The Mohegan Sun Casino continued to record growth in gross operating revenues over the same period last year. In terms of the Company's agreements with Trading Cove Associates, the Company's share of Trading Cove Associate's net income from Mohegan Sun income was \$7.0 million for the quarter compared to \$4.6 million in the prior year. Trading Cove Associates receives payments of 5% of gross revenues of the Mohegan Sun with effect from January 1, 2000.

The property is currently on track with its budgeted \$960 million expansion, which will include 115,000 additional square feet of gaming space, a 1,200-room luxury hotel, a 100,000-square foot convention center, a 10,000-seat events center and additional retail and restaurant facilities. It is anticipated that the new casino will open in October 2001 with the hotel opening in April 2002. The payments due to Trading Cove Associates will be based on gross revenues of the expanded Mohegan Sun complex.

During April 2001, the Company completed the sale of Resorts Casino Hotel to an affiliate of Colony Capital LLC for an adjusted purchase price of \$144.5 million. At the closing, the Company received \$127 million in cash and \$17.5 million of Subordinated Notes. The Subordinated Notes have a maturity of seven years and bear interest at 12.5% per annum. The interest is payable 50% in cash and 50% in additional Subordinated Notes. The \$127 million in cash was used to permanently reduce debt under the Company's Bank Credit Agreement. In addition, Colony has a two-year option to acquire certain undeveloped real estate adjacent to the Resorts Casino Hotel for a purchase price of \$40 million, which option can be extended for an additional two years under certain circumstances.
