**SUN INTERNATIONAL ANNOUNCES UPDATE ON  
EFFECTS OF HURRICANE MICHELLE**

**PARADISE ISLAND, The Bahamas, November 6, 2001** – Sun International today reported the preliminary effects of Hurricane Michelle. The storm moved through The Bahamas yesterday morning substantially weakened as a Category 1 hurricane. As the afternoon progressed, the tail end of the storm lingered over Nassau with diminished winds but substantial rainfall.

After completing a preliminary damage assessment of its facilities and property on Paradise Island, the Company is reporting that the effects on Atlantis have not been significant. Atlantis remains fully operational and is expected to return to normal levels of operation with clean up already having begun on its pool decks and roadways.

At the Ocean Club, damage was sustained to the landscaping and the grounds. Cleanup at the Ocean Club is expected to last for five-to-seven days in order to return the luxury resort and its abundance of landscape to its high level of expectation. Guests due to stay at the Ocean Club through November 14th are being offered suite accommodations at Atlantis or the opportunity to reschedule their vacation.

The Company has hurricane insurance, including business interruption, subject to a \$2.5 million deductible.
