2. Please revise future filings to indicate on the face of the statement of operations

parenthetically that cost of sales excludes depreciation and amortization. Refer to SAB Topic 11.B for guidance. Additionally, consider disclosing the types of expenses that you include in the cost of sales and operating expenses line item and the types of expenses that you include in the selling, general and administrative expenses line item within your MD&A discussion.

Note 23. Related Party Transactions , page 133

Form 8-K Furnished July 25, 2024

Exhibit 99.1, page 1

4. We note you present Segment EBITDA and Combined adjusted EBITDA for each segment in the press release. We also note your disclosure of segment income on a consolidated basis. Please note a segment measure of profitability not considered your measure of profitability under ASC 280 is considered a non-GAAP financial measure and subject to the guidance in Item 10(e) of Regulation S-K. In this regard, please reconcile the differences between the non-GAAP financial measures and the comparable GAAP measure, tell us how management uses these measures, and revise to disclose why management believes these measures are useful to investors. Refer to Item 10(e)(1)(i)(B) of Regulation S-X and Question 103.02 of the Staff's Compliance and Disclosure Interpretations on Non-GAAP Financial Measures for guidance.

Exhibit 99.2, page 3

5. We note you present non-GAAP financial measures of Feed Ingredients EBITDA, Food Ingredients EBITDA, Fuel Ingredients EBITDA, the respective segment adjusted EBITDA, and segment adjusted EBITDA margin in the Earnings Report Presentation before or without discussing the most directly comparable GAAP measures as segment adjusted EBITDA numbers are presented before the directly comparable GAAP measures, and segment adjusted EBITDA margins are presented without the directly comparable GAAP measures. Please revise your future disclosures to present GAAP measures with equal or greater prominence and include a reconciliation to the most directly comparable GAAP measures. Also rename the respective segment EBITDA to segment adjusted EBITDA as EBITDA is "earnings before interest, taxes, depreciation and amortization". Refer to Items 10(e)(1)(i)(A)-(B) of Regulation S-K and Questions 102.10, 103.01, and 103.02 of the Division of Corporation Finance's Compliance & Disclosure Interpretations on Non-GAAP Financial Measures for guidance.

In closing, we remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.
