Plan Administration Committee
Harley-Davidson Retirement Savings
Plan for Milwaukee and Tomahawk
Hourly Bargaining Unit Employees

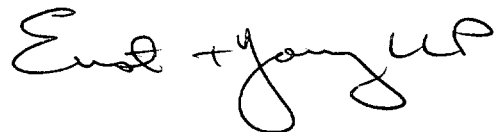

We have audited the accompanying statements of assets available for benefits of Harley-Davidson Retirement Savings Plan for Milwaukee and Tomahawk Hourly Bargaining Unit Employees as of December 31, 2001 and 2000, and the related statement of changes in assets available for benefits for the year ended December 31, 2001. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for benefits of the Plan at December 31, 2001 and 2000, and the changes in its assets available for benefits for the year ended December 31, 2001, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2001 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Harley-Davidson Retirement Savings Plan for Salaried Employees

Notes to Financial Statements

December 31, 2001

1. Description of the Plan

The following brief description of the Harley-Davidson Retirement Savings Plan for Salaried Employees (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description for more complete information.

General

The Plan is a defined-contribution plan that covers salaried employees of Harley-Davidson, Inc., Harley-Davidson Motor Company Group, Inc. (the Sponsor), Harley-Davidson Motor Company, Inc., Harley-Davidson Motor Company Operations, Inc., H-D Michigan, Inc., and Harley-Davidson Dealer Systems, Inc. (together, the Company) meeting minimum eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may defer from 1% to 15% of their compensation, as defined, subject to statutory limitations, on a pretax basis through contributions to the Plan. The Sponsor provides a match provision for discretionary contributions. The Sponsor match provision begins at 25% of participant contributions not to exceed 6% of compensation if certain financial criteria are met. The match provision can increase up to 50% determined by an established variable schedule.

Participants' Accounts

A separate account is maintained for each participant. The account balances are adjusted daily for participants' contributions, Sponsor contributions, net investment income, loan fees, and distributions of participants' benefits or withdrawals.

Participants have the option of investing their contributions in one or a combination of fourteen different investment funds.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

The Plan is intended to satisfy the requirements under Section 404(c) of ERISA and therefore provides that participants may choose to direct their contributions and/or all or part of their account balances among any of the Plan's investment alternatives daily.

Vesting

Participants are 100% vested in their contributions and earnings thereon. Participants who terminate due to death, disability, or retirement are 100% vested in all accounts. Participants who terminate for any other reason will vest 100% in sponsor contributions after completing five years of vesting service.

Payments of Benefits

Benefit and withdrawal payments consist of the following:

1. Upon retirement, death, disability, or termination of employment, the balance in a participant's separate account(s) is paid to the participant or beneficiary in a lump sum or other form of payment as allowed under the Plan.
2. Participants may withdraw at any time all or any portion of the vested balance of their separate account(s) that does not pertain to contributions made under provisions of Section 401(k) of the Internal Revenue Code (IRC).
3. Participants may not withdraw prior to retirement, death, disability, or termination of employment any portion of their separate account(s) pertaining to contributions made under provisions of Section 401(k) of the IRC, except for financial hardships, as defined in the IRC, or after the participant attains age 59½.

Investment Provisions

The Plan's investments consist of its interest in the commingled investments of the Harley-Davidson Retirement Savings Plan Master Trust (Master Trust) and notes receivable from participants. The Master Trust is a common trust arrangement under which investments of the Plan and four other Harley-Davidson defined-contribution plans are commingled (see Note 3). The Plan's investment in the Master Trust is based on its equity share of the Master Trust's investments.

1. Description of the Plan (continued)

Participant Loans

Participants may borrow up to 50% of their vested separate account balances, not to exceed \$50,000. Loans bear interest commensurate with the rate which would be charged by commercial lenders for similar loans. The term of the loan cannot exceed 5 years (10 years in the case of a home purchase).

Administrative Expenses

Administrative expenses are generally paid by the Sponsor. Loan application and service fees are paid by participants.

2. Summary of Significant Accounting Policies

Valuation of Investments

The Master Trust investments in mutual funds and common trust funds are stated at fair value and are based on the quoted market or redemption values on the last business day of the Plan year. Securities traded on a national securities exchange (including the Harley-Davidson, Inc. common stock) are valued at the closing market price on the last business day of the Plan year. The money market fund is stated at cost which approximates fair value.

Notes receivable from participants are stated at their unpaid principal balances which approximate fair value.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.
