IMPORTANT

This material is not an invitation to make a deposit with Athena Guaranteed Futures Ltd (the "Company") nor does it constitute an offer for sale of shares issued by the Company. Man Investment Products Limited is regulated in the UK by the FSA.

It should be noted that the majority of the products that include AHL are priced on a monthly basis and it is this pricing, therefore, that forms the basis of the majority of performance fees earned. However, the products that are priced on a weekly basis give a more up-to-date indication of the progress of AHL. It should also be noted that whilst the products that will be reported have been chosen to be indicative of the typical AHL product, the performance of the individual products do vary. The product that will be reported weekly will be AHL Diversified Futures Ltd. Its price is calculated based on the close of business each Monday and its price will be published after close of business London time on Tuesday of each week. The product that will be published on a monthly basis will be Athena Guaranteed Futures Ltd, which is priced based on the close of business on the last business day of each month. Its price will be released by 7am on the third business day of each month.

The prices of this and other AHL products are also reported in the Financial Times and the International Herald Tribune, in addition to data services such as Reuters, Bloomberg, Micropal and Telekurs, as well as on the web site of Man Investment Products at www.manip.ch.

Man Investments – the new Name in Alternative Investments

02 April 2003

A new structure and rebranding for Man Investment Products

Man Investments is the new name for the asset management division of Man Group plc (Man), a leading global provider of alternative investment products and tailor-made solutions. The creation of Man Investments reflects the completion of an organisational integration that combines the business of Man Investment Products with recent additions RMF and Westport. The RMF acquisition was the largest in Man's history, while the agreement to acquire Westport constitutes a much smaller deal. The launch of the new structure and identity coincides with the 20th anniversary of Man's pioneering role in the alternative investments industry.

RMF focuses on robust investment solutions in hedge funds, leveraged finance and convertible bonds while Westport is dedicated to providing access to outstanding private equity managers. The creation of the Man Investments umbrella brand reflects the broader base of investment products and strategies that the combined businesses offer.

Man Investments is already recognised for its hedge fund and product structuring capabilities. The strengthened organisation offers an even broader spectrum of asset classes, investment managers, and products to both private and institutional clients. These draw on the strengths and track records of Man's five principal and independent investment managers, AHL, Glenwood, Man Global Strategies, RMF and Westport. This structure allows the investment managers to maintain integrity while still providing an integrated product and sales approach.

Chris Chambers, Chief Executive Officer of Man Investments, emphasised the benefits of the structure:

"Man Investments is established as one of the world's leading players in alternative investments due to a proven track record, access to high quality managers and an innovative approach to structuring products. The acquisitions of both RMF and our majority stake in Westport have strengthened our presence in the institutional fund of funds and private equity markets."

"Man is celebrating 20 years in the alternative investments market this year and the establishment of Man Investments is an important milestone in the continuing development of our business. We expect to see further growth in demand for our products as investors recognise the attractions and diversification these asset classes offer, and we are committed to remaining at the forefront of the alternative investments industry."

This promotion is communicated by Man Investments, which is authorised and regulated by the Financial Services Authority.
