INDEPENDENT AUDITORS' REPORT

We have audited the accompanying balance sheet of **Equity Planning Securities Corp.**, as of April 30, 2003, and the related statements of operations and retained earnings, and cash flows for the year then ended. These financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Equity Planning Securities Corp. as of April 30, 2003, and the results of its operations and cash flow for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, and Form X-17A-5 Schedule III, is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17A-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

EQUITY PLANNING SECURITIES CORP.

NOTES TO THE FINANCIAL STATEMENTS APRIL 30, 2003

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REVENUE RECOGNITION AND LINE OF BUSINESS:

The Company derives commission income from the sale of limited partnership investments (including equity interests in limited partnerships and promissory notes issued by such partnerships). Commissions are recognized upon sale of the investment units. Customers remit funds directly to escrow agents or issuers, as the case may be, and no funds or securities are held by the Company.

CASH AND CASH EQUIVALENTS:

For purposes of the statement of cash flows, the Company considers all short term debt securities, purchased with a maturity of three months or less to be cash equivalents.

USE OF ESTIMATES:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

INCOME TAXES:

The Company has an unused net operating loss carry forward available for use in future periods for federal income tax purposes in the amount of **\$35,550**, expiring at various times up to year 2022. In addition, the Company determined that the effects and disclosures required by Statement of Financial Accounting Standards No. 109, Accounting For Income Taxes, will not materially affect the financial statements.

NOTE 2 – RELATED PARTY TRANSACTIONS

There is a cognovit promissory note bearing interest at a rate of 8% per annum, which is due May 1, 2003, payable to Equity Planning Corporation, a stockholder, and an affiliated company. This note was renewed May 1, 2003, bearing interest at a rate of 6% per annum.

NOTE 3 – SUPPLEMENTAL CASH FLOW INFORMATION

The Company did not pay any income taxes for the year ended April 30, 2003.

EQUITY PLANNING SECURITIES CORP.
Reconciliation of the Computation of Net Capital
April 30, 2003

Unaudited Computation of Net Capital (Submitted by Company)	\$ 8,396
Change in Elements of Net Capital	<u>-</u>
Net Capital	<u><u>\$ 8,396</u></u>

Schedule II

Page 1 of 2

Board of Directors
Equity Planning Securities Corp.
Beachwood, Ohio 44122

In planning and performing our audit of the financial statements of **Equity Planning Securities Corp.**, for the year ended April 30, 2003, we considered its internal control structure in order to determine our auditing procedures for the purposes of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

We also made a study of the practices and procedures followed by the Company in making the periodic computations of aggregate indebtedness and net capital under the rule of 17a-3(a)(11) and the procedures of determining compliance with the exemptive provisions of rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13 or in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with the management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17A-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Board of Directors
Equity Planning Securities Corp.
Beachwood, Ohio 44122

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned function. We noted no matters involving the internal control structure, including procedures for safeguarding securities, that we considered to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and the practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at April 30, 2003 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the New York Stock Exchange and other regulatory agencies which rely on Rule 17A-5(g) under the Securities Exchange Commission of 1934 and should not be used for any other purposes.
