INDEPENDENT AUDITORS' REPORT

Board of Directors
Investscape, Inc.

We have audited the accompanying statement of financial condition of Investscape, Inc. as of September 30, 2003 that you are filing pursuant to rule 17a-5 under the Securities and Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Investscape, Inc. as of September 30, 2003, in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2003

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

Organization - The Company is a wholly-owned subsidiary of S & L Holdings, Ltd. and was incorporated in the state of Michigan on October 24, 1995. The Company is registered with the Securities and Exchange Commission and the Commodities Futures Trading Commission and is a member of the National Association of Securities Dealers, Inc. and the National Futures Association. The Company's principal business activity is the sale of securities and futures contracts. Operations began in June, 1996.

Securities Transactions - Commission revenue and related expense arising from securities transactions are recorded on a trade date basis, which is the same business day as the transaction date.

Securities Owned - Marketable securities are valued at market value and securities not readily marketable are valued at fair value as determined by the Board of Directors. The resulting difference between cost and market value (or fair value) is included in income.

Cash Equivalents - Cash equivalents are defined as certificates of deposit and U.S. government obligations with a maturity date, when acquired by the Company, of less than 90 days and those securities registered under the Investment Company Act of 1940 which are comprised of cash and other short-term debt instruments and are commonly referred to as "money market funds."

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - SECURITIES OWNED

Securities owned consist entirely of equity securities.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2003

NOTE 3 - RELATED PARTY TRANSACTIONS

As mentioned in Note 1, the Company is a wholly-owned subsidiary of S & L Holdings, Ltd. (the Parent). The Company is also affiliated, through common ownership with Investscape-Chicago LLC and Electronic Trading Technologies LLC d/b/a Greenlight Mortgage.

For the year ended September 30, 2003, the Parent, has paid most overhead and operating expenses incurred by the Company. In addition, the Company incurred management fees to the Parent of \$593,400. At September 30, 2003 the Company owed \$10,000 to the Parent.

The Company files consolidated with the Parent for federal income tax purposes. The Parent assumes responsibility for all federal income tax liabilities.

NOTE 4 - OFF BALANCE SHEET RISK AND CLEARING AGREEMENTS

The Company enters into various transactions on customers' behalf, involving derivatives and other off-balance sheet financial instruments. These financial instruments include futures and exchange-traded and over the counter options. These derivative financial instruments are used to meet the needs of customers and are, therefore, subject to varying degrees of market risk. Market risk is substantially dependent upon the value of the underlying security and is affected by market forces such as volatility.

As a writer of options, the Company's customer receives a premium in exchange for giving the counterparty the right to buy or sell the security at a future date at a contracted price. The credit risk for options is limited to the unrealized market valuation gains and losses. Market risk is substantially dependent upon the value of the underlying financial instruments and is affected by market forces such as volatility.

YEAR ENDED SEPTEMBER 30, 2003

NOTE 4 - OFF BALANCE SHEET RISK AND CLEARING AGREEMENTS - (Continued)

Also, the Company's customers may sell securities that they do not currently own and will therefore be obligated to purchase such securities at a future date in order to fulfill their obligation to deliver the amount contracted for in the initial sale. If market value of the securities sold increases dramatically from the price in which they were originally sold, substantial losses might be incurred by the customer when purchasing the securities to complete their obligation pursuant to the sale.

In order to facilitate all of the aforementioned transactions on behalf of its customers the Company has entered into an agreement with another broker/dealer (Clearing Broker/dealer) whereby the Company forwards (introduces) customer securities transactions to the Clearing Broker/dealer, fully disclosing the customer name and other information. The processing and, if applicable, any financing pertaining to the introduced securities transactions is performed by the Clearing Broker/dealer. The customer account is therefore maintained and recorded in the books and records of the Clearing Broker/dealer on the Company's behalf. In addition, the Company has also entered into agreements with two Futures Commission Merchants (FCM's) to forward (introduce) customer transactions involving the purchase and sale of futures, forward and foreign exchange contracts, delayed deliveries and other financial instruments to the FCM's, fully disclosing the customer name and other information. The processing and, if applicable, any financing pertaining to the introduced transactions are performed by the FCM's. The customer account is therefore maintained and recorded in the books and records of the FCM's on the Company's behalf. In consideration for introducing customers to both the Clearing Broker/dealer and FCM's, the Company receives commissions and other consideration, less the processing and other charges of the Clearing Broker/dealer and FCM's. As part of the terms of the agreements between the Company and Clearing Broker/dealer and the Company and FCM's, the Company is held responsible for any losses arising when the customers introduced by the Company to the Clearing Broker/dealer or FCM's fail to meet their contractual commitments pertaining to the purchase, sale and possible

financing of securities transactions and other financial instruments. The Company may therefore be exposed to off-balance-sheet risk in the event the customer is unable to fulfill their contracted obligations and it is necessary for the Clearing Broker/dealer or FCM's to purchase or sell the securities or other financial instruments at a loss. The Company's exposure to risk would consist of the amount of the loss realized and any additional expenses incurred pertaining to the transaction or other customer activity.

In addition, under the terms of the agreement with the Clearing Broker/dealer, the Company is prohibited from entering into an agreement for similar services with another broker/dealer without prior written approval by the clearing broker/dealer. The Company has also agreed to regulatory arbitration regarding disputes between the Company and the clearing broker/dealer. The Company is required to deposit \$25,000 with the clearing broker/dealer to assure the Company's performance under the agreement.

NOTE 5 - NET CAPITAL REQUIREMENTS

As a registered broker/dealer and member of the National Association of Securities Dealers, Inc. and the National Futures Association, the Company is subject to the Uniform Net Capital Rule and CFTC Regulation 1.17(A)(1)(ii), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500%. At September 30, 2003 the Company's net capital and required net capital were \$60,014 and \$30,000 respectively. The ratio of aggregate indebtedness to net capital was 51%.
