We have audited the accompanying statement of financial condition of Laffer Advisors Incorporated (a wholly-owned subsidiary) as of February 28, 2003, and the related statements of income, stockholders' equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

As more fully described in Note 1, the Company is a wholly-owned subsidiary of Laffer Associates and has material transactions with its Parent.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of Laffer Advisors Incorporated (a wholly-owned subsidiary) as of February 28, 2003, and the results of operations and cash flows for the year then ended, in conformity with U.S. generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying information (Financial and Operational Combined Uniform Single Report - Part IIA, and Reconciliation of Net Capital Pursuant to Rule 17a-5(d)(4)) on pages 9, 10, and 11 is presented for the purposes of additional analysis and is not a required part of the basic financial statements, but is supplemental information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

LAFFER ADVISORS INCORPORATED
NOTES TO FINANCIAL STATEMENTS
FEBRUARY 28, 2002

1. DESCRIPTION OF COMPANY AND RELATED PARTY TRANSACTIONS

Laffer Advisors Incorporated (the "Company") is a wholly-owned subsidiary of Laffer Associates (the "Parent Company"), a California corporation. The Company is registered as a Broker-Dealer with the National Association of Securities Dealers, Inc. ("NASD").

The Company may act in the capacity as a Broker-Dealer for its economic consulting clients to effect security transactions through another Broker-Dealer on a fully-disclosed basis. The Company pays a commission to the other Broker-Dealer. The Company does not currently manage or hold client securities. The Company records net commissions receivable resulting from settled transactions net of commissions payable to the clearing Broker-Dealer.

The Parent Company furnishes facilities and administrative services to the Company for which it charges a negotiated fee based upon revenues and available cash flow. For the year ended February 28, 2003, the Company paid fees in the amount of \$266,700 to the Parent Company.

The Company considers all highly liquid investments, such as money market accounts, purchased with an initial maturity of three months or less to be cash equivalents.

The Company maintains its cash and cash equivalents balances at a financial institution located in San Diego, California. Accounts are insured by the Federal Deposit Insurance Corporation up to \$100,000. At February 28, 2003, the Company had no uninsured cash and cash equivalents balances.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. NET CAPITAL REQUIREMENTS

The Company, as a registered broker-dealer, is required under the provisions of the Securities and Exchange Act of 1934 Rule 15c3-1 to maintain the greater of a minimum net capital of at least \$50,000 or one-fifteenth of the aggregate indebtedness as defined under the Act. At February 28, 2003, the Company's net capital was \$80,524 and the Company's aggregate indebtedness was \$0.

3. INCOME TAXES

The financial statements do not include a provision for income taxes since the Company's earnings and losses are included in the consolidated tax return of its Parent Company. The Parent Company does not allocate income tax expense or benefit to the Company.

CERTIFIED PUBLIC ACCOUNTANTS' SUPPLEMENTARY REPORT ON INTERNAL ACCOUNTING CONTROL

Board of Directors
Laffer Advisors Incorporated
San Diego, California

In planning and performing our audit of the consolidated financial statements and supplemental schedules of Laffer Advisors Incorporated (the Company), (a wholly-owned subsidiary), for the year ended February 28, 2003, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the consolidated financial statements and not to provide assurance on the internal control.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of the Federal Reserve Regulation T of the Board of Governors of the Federal System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with U. S. generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Board of Directors
Laffer Advisors Incorporated
Page Two

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate. This report recognizes that it is not practicable in an organization the size of Laffer Advisors, Inc. (a wholly-owned subsidiary) to achieve all the divisions of duties and cross-checks generally included in a system of internal accounting control and that alternatively greater reliance must be placed on surveillance by management.

Our consideration of the internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities and Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at February 28, 2003 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, Inc., and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
