pursuant to Rule 17a-5 of the  
Securities and Exchange Commission  
for the Year ended June 27, 2003

**Report of Independent Auditors**

To the Board of Directors and Stockholder of  
Southwest Clearing Corp.

In our opinion, the accompanying statement of financial condition and the related statements of operations, stockholder's equity and cash flows present fairly, in all material respects, the financial position of Southwest Clearing Corp. (the "Company") (a wholly owned subsidiary of SWS Group, Inc.) at June 27, 2003, and the results of its operations and its cash flows for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management; our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information contained in Schedules I, II and III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**Southwest Clearing Corp.**  
(A Wholly Owned Subsidiary of SWS Group, Inc.)  
**Notes to Financial Statements**

---

**1. Organization**

Southwest Clearing Corp. ("Company") is a wholly owned subsidiary of SWS Group, Inc. ("Parent"). The Company is a registered broker/dealer in securities under the Securities Exchange Act of 1934 ("Act").

The annual financial statements are prepared as of the close of business on the last Friday of June. Accordingly, the fiscal year for 2003 ended on June 27, 2003.

During fiscal year 2003, the Company did not hold any customer accounts and therefore was not actively clearing transactions.

The financial statements do not include a statement of changes in liabilities subordinated to the claims of general creditors as required under Rule 17a-5 of the Act since no such liabilities existed as of or during the fiscal year ended June 27, 2003.

**2. Summary of Significant Accounting Policies**

**Cash Flow Reporting**

For purposes of the statement of cash flows, the Company considers cash to include cash on hand and in depository accounts.

**Securities Transactions**

Marketable securities are valued at market value based on quoted market prices, and securities not readily marketable are valued at fair value as determined by management.

**Securities Owned**

At June 27, 2003, securities owned consisted of money market investments and NASDAQ stock.

**Receivable from Affiliate**

Receivable from affiliate represents net amounts due from an affiliate. The amounts are attributable primarily to the distribution of assets to an affiliate from the Company, and other day to day cash receipts and disbursements.

**Fair Value of Financial Instruments**

Substantially all of the Company's financial assets and liabilities are carried at market value or at amounts which, because of their short-term nature, approximate current fair value.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Southwest Clearing Corp.**  
(A Wholly Owned Subsidiary of SWS Group, Inc.)  
**Notes to Financial Statements**

**3. Net Capital Requirements**

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (15c3-1), which requires the maintenance of minimum net capital. At June 27, 2003, the Company had net capital of \$1,383,129, which is \$1,133,129 in excess of its minimum net capital requirement of \$250,000 at that date. Additionally, Rule 15c3-1 provides that equity capital may not be withdrawn or cash dividends paid if resulting net capital would be less than 5% of aggregate debit items. At June 27, 2003 the Company had net capital of \$1,263,129 in excess of 5% of aggregate debit items or \$120,000.

**4. Income Taxes**

The Company files a consolidated federal tax return with the Parent. For purposes of these financial statements, current income taxes are computed as if the Company files a separate entity income tax return.

Income tax benefit for the fiscal year ended June 27, 2003, is equal to the amount that would otherwise have been calculated by applying the U.S. Federal corporate tax rate (35% in 2003) to loss before income taxes.

There were no tax effects of temporary differences that give rise to deferred tax assets and deferred tax liabilities at June 27, 2003.

**5. PAIB Reserve Requirement**

At June 27, 2003, the Company had no PAIB deposit requirement and had no such amounts on deposit.

**Independent Auditors Report on Internal Control Required  
By SEC Rule 17a-5**

To the Board of Directors  
Southwest Clearing Corp.

In planning and performing our audit of the financial statements and supplemental schedules of Southwest Clearing Corp. (the "Company") (a wholly owned subsidiary of SWS Group, Inc.) for the year ended June 27, 2003, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the statements and not to provide assurance on the internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures, that we considered relevant to the objectives stated in Rule 17a-5(g), in the following:

1. Making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and the reserve required by Rule 15c3-3(e);
2. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13;
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System; and
4. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of internal control to future periods is subject to the risk that controls may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at June 27, 2003 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, Inc., and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
