KEVIN G. BREARD, C.P.A.
AN ACCOUNTANCY CORPORATION

Independent Auditor's Report

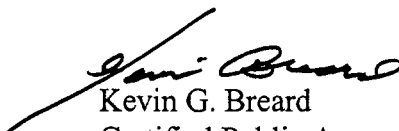

Board of Directors
Monterey Bay Securities, Inc.

I have audited the accompanying statement of financial condition of Monterey Bay Securities, Inc. as of September 30, 2003, and the related statements of operations, changes in stockholder's equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Monterey Bay Securities, Inc. as of September 30, 2003, and the results of their operations and their cash flows for the year then ended in conformity with generally accepted accounting principles.

My examination was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on Schedules I-III are presented for purposes of additional analysis and is not required as part of the basic financial statements, but as supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subject to the auditing procedures applied in the examination of the basic financial statements and, in my opinion, is fairly stated in all material respect in relating to the basic financial statements taken as a whole and in conformity with the rules of the Securities and Exchange Commission.

Notes to Financial Statements
September 30, 2003

Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

Monterey Bay Securities, Inc. (the "Company") was formed on January 31, 1985 and commenced operations on May 1, 1985 in the business of securities brokerage and investment counseling. The Company is 100% owned by Kenneth Doolittle. The Company is a member of the National Association of Securities Dealers (NASD) and the Securities Investor Protection Corporation (SIPC).

The Company conducts business on a fully disclosed basis whereby the execution and clearance of trades are handled by another Broker/Dealer. The Company does not hold customer funds and/or securities.

Based upon the income reported, the commissions earned from the sales of stocks, mutual funds and investment company shares represent the major portion of the business.

The Company has about two hundred (200) clients primarily located in the Santa Cruz area. There is no one client that comprised any material revenue source for the Company.

Summary of Significant Accounting Principles

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

The Company provides for deferred taxes resulting from timing differences between financial and taxable income. The timing differences results principally from preparing income tax returns on the cash method and financial statements on the accrual method.

Securities transactions are recorded on a settlement date basis.

Trade receivables are stated at face amount with no allowance for doubtful accounts. An allowance for doubtful accounts is not considered necessary because probable uncollectible accounts are immaterial.

Monterey Bay Securities, Inc.
Notes to Financial Statements
September 30, 2003

Note 2: INCOME TAXES

The tax provision consists of the minimum \$800 California Franchise Tax. No Federal tax provision has been recorded, as the Company incurred a loss for the year ended September 30, 2003. The Company has elected to carry forward the loss to offset future taxable income. The loss incurred for the year ended September 30, 2003 can be carried forward until it expires at September 30, 2022. The Company has other prior year net operating loss carry (NOL) forwards. The State's NOL will expire by September 30, 2006.

The Company has certain deferred tax assets related to the net operating loss carryforward. There is no assurance that future taxable income will be sufficient to realize the net asset or utilize the tax carryforward. The Company has determined that it is more likely than not that the deferred tax asset may not be realizable. Therefore, a 100% valuation allowance has been recorded.

Note 3: RELATED PARTY TRANSACTIONS

The Company has a service contract with Monterey Bay Investment Corporation (the "Corporation"), a company wholly owned by the sole stockholder of Monterey Bay Securities, Inc.. The service contract requires the Company to pay the Corporation for office space, equipment rents and management services on a month by month basis. Current year payments to the sole stockholder were \$30,500. There are no amounts due under the contract as of September 30, 2003.

Note 4: COMMITMENTS AND CONTINGENCIES

Certain payments were made to an individual in the year that the Internal Revenue Service could deem to require payroll taxes be recorded and paid. The Company believes it has legitimate defenses and would vigorously defend its position. Accordingly, no contingent provision has been recorded.

The company have not filed state tax returns for the years end September, 30 1997, 1998, 1999, 2000, 2001, and 2002. The company does not believe that this matter will have a material adverse effect on the Company's financial position or results of its operation. These financial statements do not reflect any adjustments due to this matter.

Monterey Bay Securities, Inc.
Notes to Financial Statements
September 30, 2003

Note 5: COMPUTATION OF NET CAPITAL

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Net capital and aggregate indebtedness change day to day, but on September 30, 2003, the Company had net capital of \$14,330, which was \$9,330 in excess of its required net capital of \$5,000; and the Company's ratio of aggregate indebtedness (\$5,716) to net capital was .40 to 1, which is less than the 15 to 1 maximum ratio allowed.

Monterey Bay Securities, Inc.
Schedule I - Computation of Net Capital Requirements
Pursuant to Rule 15c3-1
As of September 30, 2003

Computation of net capital

Stockholder's equity

Common stock	\$ 10,000	
Additional paid-in capital	9,326	
Accumulated deficit	<u>(4,996)</u>	
Total stockholder's equity		\$ 14,330
Less:		
Non allowable assets		
Net adjustments		<u>-</u>
Net Capital		14,330

Computation of net capital requirements

Minimum net capital requirements		
6 2/3 percent of net aggregate indebtedness	\$ 381	
Minimum dollar net capital required	\$ 5,000	
Net capital required (greater of above)		<u>5,000</u>

Excess net capital \$ 9,330

Percentage of aggregate indebtedness to net capital 0.40:1

There was no material difference in net capital computed above and that which was reported by the Company in Part II of Form X-17A-5.

See independent auditor's report.

Monterey Bay Securities, Inc.
Schedule II - Computation for Determination of Reserve
Requirements Pursuant to Rule 15c3-3
As of September 30, 2003

A computation of reserve requirement is not applicable to Monterey Bay Securities, Inc. as the Company qualifies for exemption under Rule 15c3-3 (k) (2) (ii).

See independent auditor's report.

Monterey Bay Securities, Inc.
Schedule III - Information Relating to Possession or Control
Requirements Under Rule 15c3-3
As of September 30, 2003

Information relating to possession or control requirements is not applicable to Monterey Bay Securities, Inc. as the Company qualifies for exemption under Rule 15c3-3 (k) (2) (ii).

See independent auditor's report.

Monterey Bay Securities, Inc.
Supplementary Accountant's Report
on Internal Accounting Control
Report Pursuant to 17a-5
for the Year Ended September 30, 2003

KEVIN G. BREARD, C.P.A.
AN ACCOUNTANCY CORPORATION

Board of Directors
Monterey Bay Securities, Inc.

In planning and performing my audit of the financial statements of Monterey Bay Securities, Inc. (the Company), for the year ended September 30, 2003, I considered its internal control structure, for the purpose for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission, I have made a study of the practices and procedures followed by Monterey Bay Securities, Inc. including tests of such practices and procedures that I considered relevant to objectives stated in rule 17a-5(g), in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities, I did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications and comparisons
2. Recordation of differences required by Rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control structure and the practice and procedures referred to in the preceding paragraph in fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

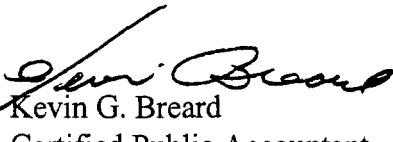

NORTHRIDGE OFFICE PLAZA
9010 CORBIN AVENUE, SUITE 7
NORTHRIDGE, CALIFORNIA 91324
(818) 886-0940 • FAX (818) 886-1924
B r e a r d C P A @ a o l . c o m

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving the internal control structure, including procedures for safeguarding securities, that I considered to be material weakness as defined above.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purpose in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at September 30, 2003 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.

Kevin G. Breard
Certified Public Accountant
