NOTES TO FINANCIAL STATEMENTS

NOTE 1 Summary of Significant Accounting Policies

Description of Business

Rampart Securities, Inc. was formed in Massachusetts on August 5, 1999 for the purpose of operating as a registered securities broker-dealer to provide brokerage and placement agent services and other services in connection with the financial markets. The company was granted membership by NASD on March 20, 2000 and is a registered broker dealer. Fees are earned for marketing services provided as an intermediary referring investors to investment advisors. Compensation arrangements vary and are based on a percentage of the value of the invested portfolio. In addition, for one referral source a fee sharing arrangement is set up where the fee earned is shared with an investment advisor collaborating on the referral. Currently revenue is received from three referral sources.

Unconsolidated subsidiary

Rampart Securities, Inc. (the company) is a wholly owned subsidiary of Rampart Investment Management Company, Inc. Both companies have a June 30 year end.

The parent company, Rampart Investment Management Company, Inc., operates for the purpose of rendering investment advice and managing the investments of others.

Rampart Securities, Inc. is required to prepare audited financial statements per the National Association of Securities Dealers, Inc. (NASD) and the Securities and Exchange Commission (SEC). Rampart Securities, Inc. is being presented on a stand-alone basis. The parent company, Rampart Investment Management Company, Inc., is not required to prepare audited financial statements for NASD.

Development Stage

Prior to the current year the company was in the development stage. Activities since inception included obtaining membership to NASD and initial marketing efforts to arrange placement services.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities at the date of the financial statements and the revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents

Rampart Securities, Inc. considers all highly liquid debt instruments with an original maturity of three months or less to be cash equivalents.

Fees receivable

Management believes that fees receivable are fully collectible and that no allowance for uncollectible accounts is needed.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 Income Taxes

Rampart Securities, Inc. is included in the consolidated cash basis tax return of its parent, Rampart Investment Management Co., Inc. Consolidated tax expense is allocated using the separate return method. Under this method, taxes are reported in the financial statement for a subsidiary as if it filed a separate return. However, the Company will be liable for the minimum state tax of \$456. Temporary differences arise from the cash basis method of accounting and the tax treatment of organization expense. These differences are not material and therefore deferred taxes are not provided for in the accompanying financial statements.

Tax expense for the year is as follows:

Federal	\$17,400
State	<u>9,300</u>
Total	<u>\$26,700</u>

NOTE 3 Related Party Transactions

Under an expense agreement dated April 30, 2003 administrative expenses including facilities, supplies, and shared employee costs of Rampart Securities, Inc. are paid through its parent company, Rampart Investment Management Company, Inc. Rampart Securities, Inc. agrees to reimburse its parent company for its share of these expenses at the rate of 10% of the applicable costs. If Rampart Securities Inc.'s income is insufficient to meet the required payments, the expenses will be accrued and repaid once funds are available. Prior to April 30, 2003 the reimbursement under the expense agreement dated October 1, 1999 was based on its pro rata share of these expenses and did not require accrual of expenses if funds were not available to pay. Reimbursable expenses for the year totaled \$19,634. The amount owed to the parent at June 30, 2003 for these expenses was \$16,557.

The parent contributes additional paid in capital to fund on-going operations as needed. Contributions for 2003 were \$4,594.

In addition, a Rampart Securities, Inc. expense of \$9,770 was paid directly by the parent and will be reimbursed subsequent to year-end.

NOTE 4 Concentration of Credit Risk

The Company maintains their cash account at one financial institution. The balance at year-end and at times may exceed the \$100,000 federally insured limit. The Company has not experienced any losses in such account and believes it is not exposed to any significant credit risk.

NOTE 5 Securities and Exchange Commission, Rule 15c3-3 Exemption

Rampart Securities, Inc. is exempt from Rule 15c3-3 of the Securities and Exchange Commission since it does not hold customer funds or safekeep customer securities. The conditions of this exemption were complied with for the year ended June 30, 2003.

**AUDITOR'S REPORT ON COMPLIANCE AND INTERNAL
ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5**

To the Shareholder of
Rampart Securities, Inc.

In planning and performing our audit of the financial statements and supplemental schedules of Rampart Securities, Inc. (a wholly owned subsidiary of Rampart Investment Management Company, Inc.) for the year ended June 30, 2003, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by Rampart Securities, Inc. including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by Rampart Securities, Inc. in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13 or in complying with the requirements for prompt payment of securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of Rampart Securities, Inc. is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of control procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practice and procedures are to provide management with reasonable, but not absolute, assurance that assets for which Rampart Securities, Inc. has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that Rampart Securities, Inc.'s practices and procedures were adequate at June 30, 2003, to meet the SEC's objectives.

This report is intended solely for the information and use of the shareholder and management of Rampart Securities, Inc. and the SEC, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
