These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

**NOTE 1 - NATURE OF BUSINESS**

Goldsmith & Harris Incorporated (the "Company") is a broker dealer and a registered investment advisor. The firm is registered with the Securities and Exchange Commission (SEC) and is a member of the National Association of Securities Dealers, Inc. (NASD).

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

a) **Cash and Cash Equivalents**

The Company considers highly liquid investments with an original maturity of three months or less to be cash equivalents.

b) **Security Transactions**

Securities transactions (and related commission revenue and expenses) are recorded on a trade date basis.

c) **Property and Equipment**

Property and equipment is stated at cost. Depreciation is computed using accelerated methods over the estimated useful lives of the assets.

d) **Income Taxes**

Deferred income taxes are provided for temporary differences between the financial statement and tax basis of assets and liabilities that will result in taxable or deductible amounts in the future, based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. These differences are primarily due to the use of the cash method for income tax reporting. As of October 31, 2003 there were no material differences between financial statement and tax basis amounts.

The Company has elected to be taxed as an "S" corporation for Federal and New York State purposes. As an "S" corporation, the company does not pay federal income taxes. The individual shareholders are liable for the income taxes on their respective shares of the Company's taxable income. The Company is liable for New York state and city income taxes. e) **Concentrations of Credit Risk**

**NOTES TO FINANCIAL STATEMENTS**

**OCTOBER 31, 2003**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

f) **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**NOTE 3 - RECEIVABLE FROM CLEARING BROKER**

The Company has an agreement with Bear, Stearns and Co., Inc. (the "Clearing Broker") to clear securities transactions, carry customers' accounts on a fully-disclosed basis and perform record keeping functions and accordingly, operates under the exemptive provisions of Securities and Exchange Commission Rule 15c3-3(k)(2)(b).

**NOTE 4 - NET CAPITAL REQUIREMENT**

The Company is a member of the NASD, and is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1). This rule requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 and that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At October 31, 2003, the Company had net capital of \$427,314 which was \$327,314 in excess of its required net capital of \$100,000.

**NOTE 5 - PROFIT SHARING PLAN**

The plan provides for an annual contribution by the Company, at the discretion of the Board of Directors, up to a maximum of 15% of the eligible compensation. There were no contributions for the year ended October 31, 2003.

The current and deferred portions of local income taxes included in the statement of income are as follows:

Current	\$ 30,000

**REPORT ON INTERNAL CONTROL STRUCTURE**

TARLOW & CO., C.P.A.'S  
A PROFESSIONAL CORPORATION

7 Penn Plaza, Suite 804, New York, N.Y. 10001 Tel. 212-697-8540 Fax. 212-573-6805

To the Stockholders of  
Goldsmith & Harris Incorporated  
New York, New York

In planning and performing our audit of the financial statements of Goldsmith & Harris Incorporated for the year ended October 31, 2003, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons.
2. Recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section B of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraphs. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we consider material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at October 31, 2003, to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc. and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of register brokers and dealers and should not be used for any other purpose.
