To the Stockholders and Directors
Robinson & Robinson, Inc.
Allentown, Pennsylvania

I have audited the accompanying statement of financial condition of Robinson & Robinson, Inc. (a corporation) as of December 31, 2002 and the related statements of income, changes in stockholders' equity and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Robinson & Robinson, Inc. at December 31, 2002 and the results of its operation and cash flows for the year then ended, in conformity with generally accepted accounting principles.

My audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the supplementary schedules, memorandum computation of net capital and aggregate indebtedness and reconciliation of net capital is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17A-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole, and in conformity with the rules of the Securities and Exchange Commission.
