MALLORY & MCGINNIS

To the Stockholders
Pacific Financial Associates, Inc.
San Juan Capistrano, California

We have audited the accompanying balance sheet of Pacific Financial Associates, Inc. as of June 30, 2003 and the related statements of income, retained earnings and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above presents fairly, in all material respects, the financial position of Pacific Financial Associates, Inc. as of June 30, 2003 and the results of its operations and its cash flows for the year then ended in conformity with generally accepted accounting principles.

Note 1. Summary of Significant Accounting Policies

Organization

The Company was incorporated on September 24, 1984 pursuant to the laws of California to engage in the practice of investment consulting.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. For income tax reporting purposes, the Company uses the cash basis method of accounting, where-by income is recognized when received and expenses are recognized when paid.

Cash and Cash Equivalents

For purposes of reporting cash flows, the Company considers investment money market accounts available on demand to be cash equivalents.

Property and Equipment

Property and equipment are stated at cost. Depreciation is determined using the methods prescribed by the Internal Revenue Code, which prescribes rates and periods for various categories of assets. Use of these methods approximates amounts determined by generally accepted accounting principles.

Expenditures for major renewals and betterments that extend the useful lives of property and equipment are capitalized. Expenditures for repairs and maintenance are charged to expense as incurred.

When the property is disposed of the related costs and accumulated depreciation are removed from their respective accounts and profit or loss is recognized currently.

June 30, 2003

Note 5. Line of Credit

The Company has a line of credit agreement with Union Bank of California. The available credit amount is \$50,000. Interest is payable on amounts borrowed at 1.75% above the prime interest rate.

Note 6. Net Capital Requirements

Under Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a ratio of aggregate indebtedness to net capital, as defined, not exceeding 15 to 1.

The Company's ratio at June 30, 2003 was .16 to 1.00. The basic concept of the rule is liquidity. Its object being to require a broker/dealer to have at all times sufficient liquid assets to cover its current indebtedness. At June 30, 2003 the Company had net capital of \$18,336, which was \$13,336 in excess of the amount required.

Note 7. Reserve Requirements for Brokers and Dealers

The Company is exempt from provisions of Rule 15c3-3 (per paragraph k(2)(ii) of such rule) under the Securities Exchange Act of 1934 as an introducing broker or dealer transacting security transactions on a fully disclosed basis. The Company does not maintain physical custody of customer funds or securities. Because of such exemption, the Company is not required to prepare a determination of Reserve Requirements for Brokers and Dealers.

COMPUTATION FOR DETERMINATION OF RESERVE REQUIREMENTS
PURSUANT TO RULE 15c3-3
June 30, 2003

The Company is exempt from Rule 15c3-3 under the exemptive provisions of (k)(2)(ii) and, therefore, has no reserve requirements since it clears all transactions with and for customers on a fully disclosed basis with a clearing broker or dealer. The customers transmit all funds and securities directly to the clearing broker or dealer which carries all of the accounts of such customers and maintains and preserves such books and records pertaining thereto pursuant to the requirements of Rules 17a-3 and 17a-4, as are customarily made and kept by a clearing broker or dealer.

INFORMATION RELATING TO THE POSSESSION OR CONTROL
REQUIREMENTS UNDER RULE 15c3-3

June 30, 2003

The Company is exempt from Rule 15c3-3 under the exemptive provisions of (k)(2)(ii) and, therefore, has no possession or control requirements.

REPORT ON INTERNAL CONTROL STRUCTURE
REQUIRED BY SEC RULE 17a-5

Board of Directors
Pacific Financial Associates, Inc.

We have audited the financial statements of Pacific Financial Associates, Inc. for the year ended June 30, 2003, and have issued our report thereon dated August 14, 2003. As part of our examination, we made a study and an evaluation of the company's system of internal controls to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. The limited purpose of our study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures followed by Pacific Financial Associates, Inc. that we considered relevant to the objectives stated in rule 17a-5(g), in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of rule 15c3-3(e).

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures, and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of the inherent limitations in any internal accounting control structure or the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal controls of Pacific Financial Associates, Inc. taken as a whole. However, our study and evaluation disclosed the following condition that we believe result in more than a relatively low risk that errors or irregularities in amounts that would be material in relation to the financial statements of Pacific Financial Associates, Inc. may occur and not be detected within a timely period. The Company lacks a segregation of duties in relationship to the policies and procedures for internal controls. These conditions were considered in determining the nature, timing and extent of the audit tests to be applied in our examination of the June 30, 2003 financial statements dated August 14, 2003.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy of such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at June 30, 2003 to meet the Commission's objectives.

This report is intended solely for the use of management and the Securities and Exchange Commission and should not be used for any other purpose.
