**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**  
**May 31, 2003**

Effective April 21, 2003, Olive Corporate Finance, L.L.C., an Indiana limited liability company, changed its name to BKD Insurance, L.L.C. (the Company), a Missouri limited liability company. As BKD Insurance, L.L.C., the Company's primary business, upon appropriate licensing and regulatory approval, is to receive insurance commissions for fixed insurance products and commission overrides on variable insurance products as an "override broker/dealer" from an unaffiliated broker/dealer. The clients of the Company will primarily be those of BKD, L.L.P. (the sole member). Prior to July 1, 2002, the Company provided a limited range of investment banking services related to mergers, acquisitions, divestitures, private debt and equity placements and IPO advisory engagements. The Company's fiscal year ends on May 31. Significant accounting policies followed by the Company are presented below.

**USE OF ESTIMATES IN PREPARING FINANCIAL STATEMENTS**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**NET CAPITAL REQUIREMENTS**

The Company is subject to the Securities and Exchange Commission uniform net capital rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1.

**REVENUE RECOGNITION**

Revenue for services contracted based on hours of professional services is recognized as the service is provided at estimated billable amounts. Revenue for services for which the fees are based upon the completion of the transaction are recognized when the fees are collected.

**INCOME TAXES**

Since the Company is a limited liability company, it is not subject to federal, state, and local income taxes and, accordingly, no provision for income taxes is required. The members include their allocable share of net income or loss in their income tax returns.

This information is an integral part of the accompanying financial statements.

**BKD INSURANCE, L.L.C.**  
**NOTES TO FINANCIAL STATEMENTS**  
**May 31, 2003**

**NOTE 1 - RELATED PARTY TRANSACTIONS**

The Company has an agreement with its sole member in which the member pays substantially all of the expenses of the Company and is reimbursed by the Company monthly or the payments are accounted for as member contributions to the Company.

The Company paid the member facility and overhead expenditures of \$1,980 for the year ended May 31, 2003. In addition, the Company received accounting and administrative services from the member. Fees paid for these services totaled \$1,010 for the year ended May 31, 2003.

**NOTE 2 - EMPLOYEE BENEFIT PLAN**

Employees of the Company may participate in the defined contribution profit sharing plan sponsored by BKD, L.L.P. (the sole member) provided the employee meets minimum service requirements. The Company makes contributions to the plan equal to a predetermined percentage of the employees' salaries. During the year ended May 31, 2003, the Company recognized \$1,000 of expense in connection with this plan.

To the Board of Director  
BKD Insurance, L.L.C.  
Springfield, Missouri

In planning and performing our audit of the financial statements of BKD Insurance, L.L.C. for the year ended May 31, 2003, we considered its internal control, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provision of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, comparisons.
2. Recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors, or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving internal control that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at May 31, 2003, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the Securities and Exchange Commission and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
