NOTES TO FINANCIAL STATEMENTS

March 31, 2003

NOTE 1- ORGANIZATION, NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Operations

The Company was incorporated in the state of New York on April 3, 1989 and commenced operations in the general business of a broker or dealer of securities as a member of the National Association of Securities Dealers, Inc.

The Company conducts a general securities business by introducing transactions on a fully-disclosed basis to a clearing member broker/dealer which carries all accounts and prepares and maintains all books and records pertaining thereto pursuant to SEC Rules 17a-3 and 17a-4, as are customarily made and kept by a clearing broker/dealer.

Cash and Cash Equivalents

All short-term investments with an original maturity of three months or less are considered to be cash equivalents.

Concentration of Credit risk

Financial instruments which potentially subject the Company to concentration of credit risk consist of cash deposits.

Cash balances are held principally at one financial institution and may, at times, exceed insurable amounts. The Company believes it mitigates its risk by investing in or through major financial institutions. Recoverability is dependent upon the performance of the institution.

Depreciation and Amortization

The cost of furniture and equipment is depreciated over the estimated useful lives of the related assets. The cost of leasehold improvements is amortized over the lesser of the length of the related lease or the estimated useful life of the assets. Depreciation is computed on a straight line basis for both financial reporting purposes and income tax purposes. Leasehold improvements for income tax purposes are amortized in accordance with Internal Revenue Service regulations.

NOTES TO FINANCIAL STATEMENTS

March 31, 2002

NOTE 1- ORGANIZATION, NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

Securities transactions and related income and expenses are recorded on a trade date basis. Commission revenues are also recorded on a trade date basis.

Marketable securities owned by the Company are stated at quoted market values with unrealized gains and losses reflected in income.

Comprehensive Income

The Company has adopted Statement of Financial Accounting Standards No. 130, "Reporting Comprehensive Income" (SFAS No. 130). SFAS No. 130 requires an entity to report comprehensive income and its components and increases financial reporting disclosures. This standard has no impact on the Company's financial position, cash flows or results of operations since the Company's comprehensive income is the same as its reported net income for fiscal year ending March 31, 2003.

NOTE 2- CASH AND CASH EQUIVALENTS

Cash at March 31, 2003 included the following:

Cash in Bank	\$	15,308
Bank of New York Hamilton Fund		130,021
	\$	<u>145,329</u>

KERN SUSLOW SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

March 31, 2003

NOTE 3- SECURITIES OWNED

Marketable securities owned consist of trading and investment securities at quoted market values, as illustrated below.

	<u>Owned</u>
Common stocks	\$ 30,775
Galaxy funds	149,344
	\$ 180,119

NOTE 4- INCOME TAXES

Provisions for federal, state and local income taxes are calculated on reported financial statement pretax income based on current tax law. The income tax provision for the year ended March 31, 2003 consists of the following:

	Current	Deferred	Total
Federal	\$ 113,000	\$ -	\$ 113,000
State and local	69,000	-	69,000
	\$ 182,000	\$ -	182,000

The Company's effective income tax rate is higher than what would be expected if the federal statutory rate were applied to income from operations primarily because of expenses deductible for financial reporting purposes that are not deductible for tax purposes and higher local taxes resulting from New York City's alternative tax.

NOTE 5- NET CAPITAL REQUIREMENTS

The Company is a member of the National Association of Securities Dealers, Inc. ("NASD") and is subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1. This Rule requires that the ratio of aggregate indebtedness to net capital may not exceed 15 to 1, and equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At March 31, 2003, the Company's net capital was \$509,794 which was \$409,794 in excess of its required net capital of \$100,000. The Company's aggregate indebtedness to net capital ratio was 0.13 to 1.

KERN SUSLOW SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

March 31, 2003

Subordinated Note, 0% interest, maturing 05/15/04	\$	50,000
Subordinated Note, 0% interest, maturing 05/15/04		25,000
Subordinated Note, 0% interest, maturing 11/15/03		50,000
Subordinated Note, 0% interest, maturing 01/15/05		25,000
	\$	<u>150,000</u>

The subordinated borrowings are available in computing net capital under the SEC's uniform net capital rule. To the extent that such borrowings are required for the Company's continued compliance with minimum net capital requirements, they may not be repaid.

NOTE 9- COMMITMENTS

Under certain conditions as defined in the clearance agreement, the Company has agreed to indemnify the clearing broker for losses, if any, which the clearing broker may sustain from carrying securities transactions introduced by the Company. In accordance with industry practice and regulatory requirements, the Company and the clearing broker monitor collateral on the securities transactions introduced by the Company.

SUPPLEMENTARY REPORT OF INDEPENDENT PUBLIC ACCOUNTANT

CERTIFIED PUBLIC ACCOUNTANT

Board of Directors
Kern Suslow Securities, Inc.
New York, New York

In planning and performing our audit of the financial statements of Kern Suslow Securities, Inc. (the "Company") for the year ended March 31, 2003, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a) (11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraphs. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Kern Suslow Securities, Inc.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at March 31, 2003 to meet the Commission's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, NASD Regulation, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
