Phone: (404) 874-8300 www.ey.com

Report of Independent Auditors

Stockholder and Board of Directors Compulife Investor Services, Inc.

We have audited the accompanying statement of financial condition of Compulife Investor Services, Inc. (a wholly owned subsidiary of PrimeVest Financial Services, Inc., which is an indirect wholly owned subsidiary of ING America Insurance Holdings, Inc.) as of December 31, 2002. This statement of financial condition is the responsibility of the Company's management. Our responsibility is to express an opinion on this statement of financial condition based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Compulife Investor Services, Inc. at December 31, 2002 in conformity with accounting principles generally accepted in the United States.

Atlanta, Georgia February 14, 2003 Erns + Young LLP

Total liabilities and stockholder's equity	\$ 450,578

See accompanying notes.

Notes to Financial Statements

December 31, 2002

1. Nature of Business and Ownership

Compulife Investor Services, Inc. (the "Company") is a broker-dealer and investment advisor registered under the Securities and Exchange Act of 1934 and is a member of the National Association of Securities Dealers. The Company is a wholly owned subsidiary of PrimeVest Financial Services, Inc. (the "Parent"). As of January 1, 2002, the Parent was a wholly owned subsidiary of ReliaStar Financial Corp. ("ReliStar"). On December 31, 2002, ReliaStar was merged into Lion Connecticut Holdings, Inc., which is a wholly owned subsidiary of ING America Insurance Holdings, Inc. ("ING AIH"). ING AIH is a wholly owned subsidiary of ING Groep N.V., a global financial services holding company based in The Netherlands.

The Company is a fully disclosed broker-dealer and clears all securities transactions through the Parent. The Company is exempt from Securities and Exchange Commission ("SEC") Rule 15c3-3. The Company does not carry customer accounts and is not required to make the periodic computation of reserve requirements for the exclusive benefit of customers.

2. Summary of Significant Accounting Policies

General

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers deposits that can be redeemed on demand and highly liquid investments that have original maturities of three months or less, when purchased, to be cash and cash equivalents.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Income Taxes

Deferred income tax assets and liabilities result from temporary differences between the tax bases of assets and liabilities and their reported amounts in the financial statements that will result in taxable or deductible amounts in future years.

Financial Instruments with Off-Balance Sheet Risk

The securities transactions of the Company's customers are introduced on a fully disclosed basis with the Parent. The Company holds no customer funds or securities. The Parent provides services for execution, collection of and payment of funds, and receipt and delivery of securities relative to customer transactions. Off-balance-sheet risk exists with respect to these transactions due to the possibility that customers may be unable to fulfill their contractual commitments wherein the Parent may charge any related losses to the Company. The Company seeks to minimize this risk through procedures designed to monitor the creditworthiness of its customers.

Liabilities Subordinated to the Claims of General Creditors

At December 31, 2002 and during the year then ended, the Company had no liabilities subordinated to the claims of general creditors.

3. Income Taxes

The results of the Company's operations are included in the consolidated tax return of ING AIH. ING AIH and its subsidiaries each report current income tax expense as allocated under a consolidated tax allocation agreement. Generally, this allocation results in profitable companies recognizing a tax provision as if the individual company filed a separate return and loss companies recognizing benefits to the extent of their losses.

Notes to Financial Statements (continued)

3. Income Taxes (continued)

Deferred income taxes have been established by each member of the consolidated group based upon the temporary differences within each entity. Significant components of the Company's deferred tax assets at December 31, 2002 are as follows:

Deferred tax assets:	
Depreciation	\$ 1,495
Amortization	139,007
Total deferred tax assets	140,502
Deferred tax liabilities:	
Prepaid expenses	4,543
Total deferred tax liaibilities	4,543
Total deferred tax asset	\$135,959

Management has evaluated the need for a valuation allowance for the deferred tax asset and believes that the deferred tax asset will more likely than not be realized. Accordingly, no valuation allowance has been recognized.

4. Related Party Transactions

The Parent performs certain administrative functions, including the payment of expenses and collection of cash, for the Company at no charge. Amounts reported in the statement of financial condition related to transactions and agreements with affiliates may not be indicative of what would have been reported if the Company had operated independently.

5. Contingencies

The Company is party to a number of claims, lawsuits and arbitration matters arising in the course of their normal business activities. Although the ultimate outcome of these matters cannot be ascertained at this time, it is the opinion of management that these matters, when resolved, will not have a material effect on the Company's results of operations or financial condition.

Notes to Financial Statements (continued)

6. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity may not be withdrawn or cash dividends paid if the resulting ratio of aggregate indebtedness to net capital would exceed 10 to 1. At December 31, 2002, the Company had net capital of \$141,097, which was \$91,097 in excess of its required net capital of \$50,000. The Company's ratio of aggregate indebtedness to net capital at December 31, 2002 was .39 to 1.
