Not Applicable.

ITEM 3. Affiliate Sales.

If any part of the proposed offering involves the resale of securities by affiliates of the issuer, confirm that the following description does not apply to the issuer.

The issuer has not had a net income from operations of the character in which the issuer intends to engage for at least one of its last two fiscal years.

The above description does not apply to the issuer.

ITEM 4. Jurisdictions in Which Securities Are to be Offered.

List the jurisdiction in which the securities are to be offered by underwriters, dealers or salespersons.

North Dakota and Minnesota.

List the jurisdictions in which the securities are to be offered other than by underwriters, dealers or salesmen and state the method by which such securities are to be offered.

None.

ITEM 5. Unregistered Securities Issued or Sold Within One Year.

(a) As to any unregistered securities issued by the issuer or any of its predecessors or affiliated issuers within one year prior to the filing of this Form 1-A, state:

(1) The name of such issuer.

Dakota Real Estate Investment Trust.

(2) The title and amount of securities issued.

14,785.50 units of beneficial interest (shares) of Dakota Real Estate Investment Trust were sold pursuant to a Regulation A Offering qualified on October 22, 2002. 10,821.46 shares were sold at 125 per unit. Additionally, 3,964.04 shares were purchased by current shareholders at 90 percent of the offering cost (\$112.50) pursuant to Dakota REIT's dividend reinvestment plan. Total proceeds of this offering were \$1,798,638. Net proceeds to the Issuer totaled \$1,690,423.

(3) The aggregate offering price or other consideration for which they were issued and basis for computing the amount thereof.

The aggregate offering price was determined by the Board of Trustees to be \$125, although current shareholders were eligible to reinvest dividends and purchase new shares at 90 percent of the offering price (\$112.50). The price is set by the board after the board calculates the net asset market value. The board applies a capitalization rate to operations of the Trust's properties over the prior twelve months, and divides that capitalization rate by the number of shares outstanding. The board then uses this figure and its discretion to set the share price.

(4) The names and identities of the persons to whom the securities were issued.

See attached Exhibit 3(a).

- (b) As to any unregistered securities of the issuer or any of its predecessors or affiliated issuers which were sold within one year prior to the filing of this Form 1-A by or for the account of any person who at the time was a director, officer, promoter or principal security holder of the issuer of such securities, or was an underwriter of any securities of such issuer, furnish the information specified in subsections (1) through (4) of paragraph (a).

None.

- (c) Indicate the section of the Securities Act or Commission rule or regulation relied upon for exemption from the registration requirements of such Act and state briefly the facts relied upon for such exemption.

N/A.

ITEM 6. Other Present or Proposed Offerings.

State whether or not the issuer or any of its affiliates is currently offering or contemplating the offering of any securities in addition to those covered by this Form 1-A. If so, describe fully the present or proposed offering.

Dakota UPREIT Limited Partnership, an affiliate of Dakota REIT, sold 15,625 Units of Limited Partnership pursuant to a Regulation D offering under the Securities Act of 1933. That offering concluded on July 2, 2002 and produced total proceeds to Dakota UPREIT of \$1,875,000. In return for the Units of Limited Partnership, UPREIT received a 24-Unit apartment building in Fargo, N.D., in one exchange, a commercial office building in Fargo, N.D. in a second exchange, and a strip mall in West Fargo, N.D., in a third exchange. All three properties were within UPREIT's investment criteria. Pursuant to this offering under Rule 506 of Regulation D, offers and sales of UPREIT units were made only to accredited investors who agreed to transfer eligible real estate in exchange for units. There was no public offering or advertising of these units.

Dakota UPREIT is offering up to \$3 million in units of limited partnership pursuant to a Regulation D offering that commenced in the fall of 2002 and will continue to the fall of 2003. Thus far, UPREIT has issued 9,544.04 Units (\$1,193,005) in exchange for the Amber Fields Apartment Complex and 3,600 Units (\$450,000) for Westlake Townhomes. Both properties are in Fargo, ND. The total value of these 13,144.04 units issued in these exchanges was \$1,643,005. Any additional properties acquired in exchange for Units of Dakota UPREIT will be within UPREIT's investment criteria. Units of Dakota UPREIT and shares of Dakota REIT carry the same valuation. Therefore, Dakota UPREIT will offer units of limited partnership at \$125 per share. This offering is being conducted pursuant to Rule 506 of Regulation D. Offers are being made only to accredited investors or persons represented by qualified investor representatives. Offers are being made only to persons who agree to transfer eligible real estate in exchange for units. There will be no public offering or general advertising of these units.

Part II - Offering Circular

Dakota Real Estate Investment Trust

Maximum Offering: 444,444 Units of Beneficial Interest (Shares) at \$6.75 per Share

Minimum Offering: None / Minimum Purchase: 296 Shares (\$2,000.00)

The Dakota Real Estate Investment Trust ("the Trust") is a business trust organized in North Dakota on May 20, 1997. Our principal place of business is 1121 Westrac Drive, Suite 108, Fargo, North Dakota 58103 and our telephone number is (701) 239-6879. The Trust's assets consist of a controlling interest in Dakota UPREIT, a North Dakota Limited Partnership ("UPREIT"). UPREIT utilizes its assets to invest in real estate properties. The Trust is the General Partner and manager of UPREIT. The proceeds of this offering will be invested in UPREIT, which will use the proceeds to add to the UPREIT's working capital to be used for construction or acquisition of real estate properties.

PUBLIC OFFERING PURSUANT TO REGULATION "A"			
	Price to Public	Sales Commissions	Proceeds to Issuer
Per Share	\$6.75	\$.6075	\$6.1425 ¹
Total Offering (444,444 Shares)	\$3,000,000.00	\$270,000.00	\$2,730,000.00

Investment in these shares involves material risk and there is no guarantee investors will make money or even receive the return of their investment. (See "Risk Factors") Among the risk factors are the following:

The estimated book value of the shares after this offering will be \$5.02. Therefore, a purchaser paying \$6.75 per share will incur an immediate book value dilution of \$1.73 per share.

Economic conditions which the trust cannot predict or control may have a negative impact on the value of the Trust's assets. There is no public market for these shares and no assurance can be made that a market will develop. Purchasers may have to sell their shares at a loss. The price of these shares has been arbitrarily determined. The Trust will be taxed as a corporation if it fails to qualify as a REIT. The General Partner, Advisor and its Affiliates are or may be involved in activities which create a conflict of interest with the Trust.

THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION DOES NOT PASS UPON THE MERITS OF OR GIVE ITS APPROVAL TO ANY SECURITIES OFFERED OR THE TERMS OF THE OFFERING, NOR DOES IT PASS UPON THE ACCURACY OR COMPLETENESS OF THIS OFFERING CIRCULAR OR OTHER SELLING LITERATURE. THESE SECURITIES ARE OFFERED PURSUANT TO AN EXEMPTION FROM REGISTRATION WITH THE COMMISSION; HOWEVER, THE COMMISSION HAS NOT MADE AN INDEPENDENT DETERMINATION THAT THE SECURITIES OFFERED HEREUNDER ARE EXEMPT FROM REGISTRATION.

These Securities have not been approved or disapproved by the Securities Commissioner of any state nor have they passed upon the accuracy or adequacy of this Offering Circular. Any representation to the contrary is a criminal offense. The shares will be offered on a best-efforts basis by our Underwriter ND Capital, Inc., which will be paid a commission of 9% of sales and which may pay a subcommission of 7% of sales to registered broker/dealers who procure sales of these units.

The date of this Offering Circular is _____.

¹ Proceeds of the Offering will differ in the case of purchase by current shareholders and UPREIT unitholders. Current shareholders are eligible to reinvest their distributions and purchase shares for \$6.075. These purchases would reduce proceeds to the Trust by \$.675 per share. Certain holders of UPREIT units are eligible to exchange those units for Trust shares. Currently, 312,700 UPREIT units are eligible for exchange. As of January 1, 2004, an additional 263,000 units will be eligible for conversion. No commissions or fees will be incurred on those transactions so the Trust will receive units valued at \$6.75 for those shares. Depending on the number of shares purchased under the distribution reinvestment plan and through UPREIT conversions, proceeds to the Trust could range from \$0 to \$3,000,000 if all units are sold. If all eligible UPREIT units were converted, the proceeds to the Trust would consist of \$0 in cash and \$3,000,000 in increased equity in UPREIT.

WHO MAY INVEST

This offering is available to residents of the states of North Dakota and Minnesota who have either (i) a minimum annual gross income of at least \$45,000 and a minimum net worth (exclusive of home, home furnishings and automobiles) of \$45,000; or (ii) a net worth (determined with the foregoing exclusions) of at least \$150,000. Assets included in the computation of net worth may be valued at fair market value. For North Dakota residents only, this suitability standard shall not apply to purchases of less than \$25,000 of Shares in cases where such subscription does not exceed ten percent (10%) of the Subscriber's net worth, which in all cases shall be calculated exclusive of home, furnishings, and personal automobiles.

No Subscription Agreements may be accepted by the Trust until at least 5 business days after the subscriber receives this Offering Circular.

SUMMARY OF THE OFFERING

The following summary is qualified in its entirety by the detailed information appearing elsewhere in this Offering Circular.

This Offering Circular does not constitute an offer to sell or a solicitation of an offer to buy any securities offered hereby in any jurisdiction where, or to any person to whom, it is unlawful to make such an offer.

The Shares are offered subject to acceptance of orders, prior sale and withdrawal or cancellation of the offering at any time without prior notice.

The Trust offers for sale to qualified purchasers who reside in the states of North Dakota or Minnesota up to 444,444 shares of the Trust at \$6.75 per share. Current shareholders are eligible to reinvest their distributions in exchange for Trust shares at 90 percent of the selling price. (See Distribution Reinvestment Plan). Additionally, holders of units of limited partnership of Dakota UPREIT may exchange those units for Trust shares after a one-year holding period. As a consequence, fewer than 444,444 shares will be available for purchase by new shareholders. There is no minimum number of sales required by the Trust in this Offering. Purchasers must purchase a minimum of 296 shares, a \$2,000 investment.

As of June 1, 2003, there were 993,528 shares outstanding. Depending on the number of shares sold pursuant to this Offering, the number of shares outstanding will be as follows:

If 10% sold:	1,037,972
If 50% sold:	1,215,750
If 100% sold:	1,437,972

Current shareholders are eligible to reinvest their cash distribution in additional shares of the Trust at 90 percent of the then-current offering price. A shareholder may elect at any time to join the Distribution Reinvestment Plan. No brokerage fees or administration fees are charged in connection with the Distribution Reinvestment Plan.

The Trust's assets consist entirely of a General Partnership interest in Dakota UPREIT, a North Dakota Limited Partnership ("UPREIT"). UPREIT utilizes its assets to invest in real estate properties. The Trust is the General Partner and manager of UPREIT. The proceeds of this offering will be used to increase the Trust's investment in UPREIT, which will use the proceeds to add to UPREIT's working capital to be used for construction or acquisition of real estate properties. (See "Use of Proceeds.")

Summary of Risk Factor. This offering involves significant risks. A more detailed listing of risk factors is set out in the section entitled "Risk Factors".

- As of October 1, 2000, all of The Trust's assets have been transferred into a general partnership interest of UPREIT. UPREIT was formed as a North Dakota limited partnership on February 2, 2000 to serve as the operating partnership for all assets of The Trust. The Trust serves as the general partner of UPREIT, is responsible for management of UPREIT, and is responsible for the investment decisions made by UPREIT. Under federal and state law and pursuant to the terms of the UPREIT Limited Partnership Agreement, UPREIT is authorized to accept real estate as an investment in return for units of limited partnership. After the close of this offering, UPREIT will continue to seek investments from other investors. UPREIT will seek to exchange units of limited partnership in exchange for eligible real estate property from accredited investors under offerings conducted under Rule 506 of Regulation D of the Securities Act. Additionally, The Trust will continue to seek additional investors. The Trust will seek investment either through Regulation A offerings or pursuant to a Registration Statement filed with the SEC. These additional investments will dilute the percentage ownership interests of current investors of The Trust and investors in this offering. Additionally, Trust investments in UPREIT will dilute the percentage ownership of limited partners of UPREIT. See "Book Value Dilution."

- There is no public trading market for the Trust's Shares. Shareholders may only be able to liquidate their Shares at a discount from the offering price. The price of these Shares has been arbitrarily determined by the Board of Trustees. The estimated book value of the Shares after this offering will be \$5.02. Therefore, a purchaser paying \$6.75 per share will incur an immediate book value dilution of \$1.73 per share.
- The Advisor and its Affiliates will receive various fees for performing property management and other services, and the determination of such compensation has been made without the benefit of arms'-length negotiations with the Board of Trustees. See "Compensation of Advisor and Affiliates."
- The Advisor and its Affiliates are subject to conflicts of interest in respect to their relationships and agreements with the Trust. See "Conflicts of Interest."
- There is no guarantee that the shareholders will receive cash distributions for their investments.
- Investors should carefully read the Offering Circular. *The Trust reserves the right to limit the sale of Shares to any one entity or person.*
- Economic conditions which the Trust cannot predict or control may have a negative impact on the value of the Trust's assets.
- The Trust will be taxed as a corporation if it fails to qualify as a REIT.

The Trust. The Trust was organized on May 20, 1997, and began business operations on October 1, 1997. As of June 1, 2003, there were 993,528 Shares of The Trust outstanding.

The Trust is an unincorporated but registered business trust and has been formed under North Dakota law. The Trust qualifies as a REIT but, to date, has not received confirmation of its qualification from the Internal Revenue Service. The Trust has a term of existence consistent with North Dakota law. The Trust's assets, including the proceeds of this offering, consist of a general partnership interest in UPREIT, the entity which acquires and owns the real estate assets and other assets of the Trust. The Trust is the general partner of UPREIT and makes all of the investment decisions of UPREIT. The Trust will invest in properties that the Board of Trustees considers suitable investments. Properties can and may include commercial properties and multi-family units, such as apartment buildings. The Trust's principal office is located at 1121 Westrac Drive, Suite 108, Fargo, North Dakota 58103, telephone 701-239-6879.

The Trust is registered as required by the laws of North Dakota and meets the requirements under Internal Revenue Code Section 856 of a real estate investment trust. Internal Revenue Code Section 856 requires that 75% of the assets of a real estate investment trust must consist of real estate assets and that 75% of its gross income must be derived from real estate. The net income of the Trust is allocated in accordance with the Share ownership in the same fashion as a regular corporation.

Sponsor and Advisor. The Sponsor and Advisor of the Trust is Dakota REIT Management, Inc., which was specifically formed for such purpose.

Management of the Trust. The Advisor will manage the affairs of the Trust, subject to the review and overall control of the Board of Trustees, who may remove the Advisor without cause.

The Properties. As of the date of this offering circular, UPREIT has invested in thirteen residential apartment buildings comprising a total of 364 residential apartment units. UPREIT has invested in an office/warehouse commercial building, a commercial office building, and a retail strip mall. In addition, UPREIT has invested in separate limited partnerships that own the Richard P. Stadter Psychiatric Hospital in Grand Forks, N.D., the PRACS pharmaceutical research facility in Fargo, N.D, and the 32nd Center strip mall in Fargo, N.D. UPREIT may decide to acquire properties elsewhere that the Board of Trustees of the Trust considers as suitable investments. UPREIT may invest in any combination of residential and commercial real estate properties. (The investments are set forth below in a chart entitled Property owned by UPREIT.) The Trust has had no prior programs.

Investment Objectives. The Trust's investment objectives are (i) to preserve, protect and return Shareholder's capital, (ii) provide cash distributions on a quarterly basis in the Trustee's discretion, a portion of which (due to depreciation) may not constitute current taxable income, and (iii) provide growth of capital investment through potential appreciation in the value of the Trust's properties. *There is no assurance that such objectives will be attained.*

Conflicts of Interest. The relationships among the Trust, its Board of Trustees, the Advisor and its Affiliates do and will result in conflicts of interest including (a) agreements between the Trust and its Advisor and Affiliates, including those relating to compensation and those pertaining to actual and potential purchases or sales of property, which are not the result of arms'-length negotiations; (b) the Advisor and Affiliates will devote only so much of their time to the business of the Trust as they determine, and will allocate their time, as they determine, among existing and future programs in which they are involved; (c) the Advisor and Affiliates may form future investment programs that may be in competition with the Trust for properties and tenants; and (d) the Trust, its Board of Trustees, the Advisor and Affiliates are not represented by separate independent legal counsel. See "Conflicts of Interest."

Compensation of Advisor and Affiliates. Compensation to the Advisor and Affiliates has not been subject to arms'-length negotiations with the Trust. See "Information About Advisor and Affiliates" for the various types of compensation, fees, profits, reimbursements and distributions including (a) sales commissions to Bison Capital, an Affiliate of the Advisor; (b) acquisition fees to the Advisor and Affiliates; (c) advisory fee to the Advisor; (d) property management fee to the Advisor's related property management company, Valley Rental Service, Inc.; and (e) real estate brokerage commission to an Affiliate, Valley Realty, Inc., which may or may not be involved in either acquisitions or dispositions of Trust properties. An advisory management fee and operating costs of .8% (eight-tenths of one percent) of "net invested assets" is expected to be incurred for administrative services provided for the management of the Trust. The Advisor's property management Affiliate, Valley Rental Service, Inc., receives an annual property management fee for management of some of the properties acquired by the Trust. The annual property management fee currently is 4% of rental revenue. This fee is capped at 4% on each property acquired by the Trust from Affiliate George Gaukler for the first five years after the acquisition of that property by the Trust. Subsequent to five years, the Board of Trustees may approve an increase in the management fee based upon prevailing market rates, but not to exceed 5% of rental revenue. The annual property management fee paid on other properties is negotiated between the Trust and the property manager, which in most cases is Valley Rental Service, Inc., an Affiliate of the Advisor.

The following chart sets forth compensation to affiliates. An explanation of these fees is set forth in the "Compensation to Affiliates" section of this Offering Circular.

Type of Fee	Purpose of Fee	Paid To	Amount of Fee
Selling Commissions	Commissions to the Underwriter and subcommissions to registered broker/dealers for selling these shares	ND Capital, Inc., our underwriter, who will be paid 9% of all sales, and who will pay 7% to registered broker/dealers, potentially including Bison Capital, Inc., an affiliate of George Gaukler, President of the Trust, who procure sales.	9% of sales (\$270,000)
Advisor's Management Fee	Management of the Trust's daily operations	Dakota REIT Management, Inc., an affiliate of George Gaukler, President of the Trust	.8 of 1% (eight-tenths of one percent) of the net invested assets of the Trust
Property Management Fee	Property management	Valley Rental Service, Inc., an affiliate of George Gaukler, President of the Trust	4% to 5% of rents
Trustee Fees	Compensation for attending Board of Trustee and Committee Meetings	Trustees, except George Gaukler	\$250 per meeting
Acquisition and Disposition Fees	Due diligence for acquisition or disposition of properties	Dakota REIT Management, Inc.	Acquisition fee: Up to one-half of 1% of sales price, but not to exceed \$12,500. Disposition fee: 3% of gross selling price.

Limitations on the Transferability of Shares. No public market for the Shares presently exists, and there can be no assurance that a market ever will develop or that the Shares will ever be listed on any national or regional exchange. The Trustees presently do not intend to list the Shares on such an exchange. Under certain circumstances the Trust may prevent the accumulation or transfer of Shares in order to protect the tax status of the Trust as a REIT. See "Summary of Amended and Restated Declaration of Trust—Limit on the Amount of Shares Owned," and "—Certain Transfer Restrictions-Redemptions."

Duration of the Trust. The Trust will continue to exist, unless sooner terminated by a majority vote of the Shareholders, until the expiration of twenty-one (21) years after the death of the last survivor of the original members of the Board of Trustees, each of whom has signed the original Declaration of Trust. However, the Trustees expect that they will begin an orderly process to sell the Trust's properties and distribute the sale proceeds (after provision for payment of the Trust's liabilities) to Shareholders on a time schedule and in a manner that, in the Trustee's business judgment will provide the best return to the Shareholders. In all events, this Trust shall terminate when and if required in accordance with North Dakota law and shall be unaffected by any rule against perpetuities.

Dakota UPREIT. As of October 1, 2000, all of The Trust's assets have been transferred into a general partnership interest in UPREIT. UPREIT was formed as a North Dakota limited partnership on February 2, 2000, to serve as the investment vehicle for all assets of The Trust. The Trust serves as the general partner of UPREIT, is responsible for management of UPREIT, and is responsible for the investment decisions made by UPREIT. As of June 1, 2003, the Trust owned 993,528 shares of UPREIT, which interest constitutes an 63.3 percent interest in UPREIT. Limited partners have no authority in their capacity as limited partners to transact business for, or participate in the management of, the limited partnership.

USE OF PROCEEDS

Additional properties for acquisition by UPREIT will be identified, analyzed, and selected by the Board of Trustees of The Trust, the general partner of UPREIT, according to the investment criteria set forth below. (See Criteria for Selecting UPREIT properties). All proceeds of this Offering will be used to increase the Trust's investment in UPREIT. UPREIT will utilize its investment proceeds as follows:

	(1) If Mini- mum Sold 0%	If Portion Sold 10%	If Portion Sold 50% (A)	If Portion Sold 50% (B)	(2) Projected If Maximum Sold (A)	Projected If Maximum Sold (B)

(A) These columns represent use of proceeds if there are no UPREIT conversions.

(B) These columns represent use of proceeds if all eligible UPREIT units are converted.

(1) There is no minimum amount of proceeds that must be raised before the Trust may use the proceeds of the offering

(2) Proceeds of the Offering will differ in the case of purchase by current shareholders. Current shareholders are eligible to reinvest their distributions and purchase shares for \$6.075. These purchases would reduce proceeds to the Trust by \$.675 per share. However, no commission fees would be paid on these purchases by existing shareholders.

(3) Total offering costs charged to the Trust will not exceed 15 percent of the proceeds raised. To the extent offering costs actually exceed 15 percent of the total raised, those costs will be paid by the Advisor.

(4) Certain holders of UPREIT units are eligible, although none have expressed an intention, to exchange those units for Trust shares.

Currently, 312,700 UPREIT units are eligible for exchange. As of January 1, 2004, an additional 263,000 units will be eligible for conversion. No commissions or fees will be incurred on those transactions so the Trust will receive units valued at \$6.75 for those shares. Depending on the number of shares purchased under the distribution reinvestment plan and through UPREIT conversions, proceeds to the Trust could range from \$0 to \$2,730,000 if all units are sold. If all eligible UPREIT units were converted, the \$3,000,000 in proceeds to the Trust would consist off \$0 in cash and \$3,000,000 in increased equity in UPREIT.

(5) The proceeds invested in real estate projects may include acquisition fees not to exceed 6% of the contract price of the property acquired. Any acquisition fee paid to an affiliate will not exceed one-half of 1% of the contract price up to \$12,500. The proceeds will not be used to discharge current indebtedness with the exception of the related offering costs as summarized above.

SUMMARY OF THE RIGHTS OF SHAREHOLDERS

The rights of Shareholders are summarized below. Such limited description is qualified in its entirety by specific reference to the Amended and Restated Declaration of Trust which is included as an Exhibit to this Offering Circular.

Distributions That May be Return of Capital. Due primarily to depreciation deductions, the Trust's cash flow from operations is expected to exceed its taxable income, and to the extent such cash flow in excess of taxable income is distributed to Shareholders as distributions, it is expected that a portion of the distributions to Shareholders from Cash From Operations will be deemed to be a return of capital. A return of capital is applied to reduce the Shareholder's tax basis in his or her Shares and is nontaxable until the basis has been reduced to zero. Thereafter, such return of capital would be a taxable gain. Trust liquidation proceeds, if any, received by a Shareholder which exceed the Shareholder's basis will be taxed as gain at the time of receipt.

Distribution Reinvestment Plan. The Trust offers its shareholders the opportunity to reinvest their cash distribution in additional shares of The Trust. Shares purchased under this plan will be discounted from the most recent public offering by 10%. The Shares issued will be qualified as part of the then current offering. A shareholder may elect at any time to join the Distribution Reinvestment Plan. A copy of the Distribution Reinvestment Plan is attached as an Exhibit to this Offering Circular. Shareholders will pay no brokerage fees and The Trust will not charge a fee in administering the distribution reinvestment plan.

Distributions of Cash From Sale or Financing of Properties

UPREIT expects to hold its properties for varying and indefinite periods. It may sell them and distribute the proceeds on a property-by-property basis in the following order of priority:

First, to senior debtholders, if any, in an amount equal to 100% of their borrowed capital (on a property-by-property basis); *second*, to Shareholders on a per-share basis for the remainder of the assets to be distributed.

Distributions to Shareholders of Cash From Sale or Financing of Properties are subject to prior payment of secured and unsecured debt which has priority. To the extent that proceeds from the sale of properties are not sufficient to meet the obligations created by such debt, then Shareholders would suffer loss of their investment.

Voting

Each Share is entitled to one vote on all matters, and cumulative voting is allowed in the election of members to the Board of Trustees.

RISK FACTORS

The purchase of Shares involves various risks. Prospective investors should carefully consider the following risks, among others, before making a decision to purchase Shares and become investors in this Trust. An investment in these securities is speculative and involves a high degree of risk, and should be considered only by persons who can afford the loss of their entire investment.

Conflicts of Interest among the Trust and affiliated entities produce agreements and relationships which do not have the benefit of having been negotiated between unrelated parties.

Various conflicts of interest exist – and will arise in the future – among the Trust, its Board of Trustees, the Advisor and its Affiliates. These conflicts present the risk to shareholders that the contracts entered into between the Trust and Affiliates have not been negotiated at arm's length. As a consequence, agreements between related parties do not carry the indicia of fairness that a transaction negotiated between unrelated parties would have, and bear closer scrutiny by investors and Independent Trustees who were not involved in the transactions. These conflicts also present the risk that shareholders will have a more difficult time removing management companies they are dissatisfied with than if those management companies were unrelated. The Trust's accountants, attorneys and other advisors represent The Trust, and not individual investors. As a result, investors must consult their own professional advisors for investment, legal, tax, financial or other advice. Because advisors represent the Trust and not individual investors, investors would need to hire and consult their own advisors in the event a dispute arises.

The Trust's assets are not diversified and consist entirely of investments in real estate.

All real property investments are subject to some degree of risk. Equity real estate investments tend to limit the ability of the Trust to vary its portfolio promptly in response to changing economic, financial and investment conditions. Such investments will be subject to risks such as adverse changes in general and local economic conditions, or local conditions such as excessive building resulting in an oversupply of existing space or a decrease in employment reducing the demand for space or tenants. Such investments will also be subject to other factors affecting real estate values, including (i) possible federal, state or local regulations and controls affecting rents, price of goods, fuel and energy consumption and prices, water, and environmental restrictions affecting new construction, (ii) increasing labor and material costs, (iii) the attractiveness of the property to tenants in the neighborhood, and (iv) state and federal income tax liability. Economic conditions which the Trust cannot predict or control may have a negative impact on the value of UPREIT's assets.

Real Estate Investments are illiquid and cannot be disposed of quickly.

Shareholders may not be able to liquidate their investment in the event of an emergency. There can be no assurance that the Shares will ever be listed on a national or regional exchange, or if so listed, that a public trading market will develop. Without the benefit of an established public trading market, the Shares may remain illiquid and not readily accepted as loan collateral. Consequently, the purchase of Shares should be considered only as a long-term investment. Furthermore, even if a market for the sale of Shares were to develop, no assurance can be given as to the value which a Shareholder could receive for his or her Shares.

The Trust May Limit Ownership of Shares in Order to Remain qualified as a REIT.

In order for the Trust to qualify as a REIT, no more than 50% of the outstanding Shares may be owned, directly or indirectly, by five or fewer individuals at any time during the last half of the Trust's taxable year. To ensure that the Trust will not fail to qualify as a REIT under this test, the Amended and Restated Declaration of Trust authorizes the Trustees to take such actions as may be required to preserve its qualification as a REIT, and limit any person to direct or indirect ownership of no more than a limited percentage of the outstanding Shares of the Trust. While these restrictions are designed to prevent any five individuals from owning more than 50% of the Shares, they would also make virtually impossible a change of control of the Trust. The restrictions and provisions may also (i) deter individuals and entities from making tender offers for Shares, which offers may be attractive to Shareholders, or (ii) limit the opportunity for Shareholders to receive a premium for their Shares in the event an investor is making purchases of Shares in order to acquire a block of Shares.

UPREIT has not identified properties it will acquire in the future.

Future properties to be acquired by UPREIT have not yet been determined. Because future acquisitions have not been identified, the prospective investor has no information to assist in his or her investment decision as to the identification or location of, or as to the operating histories of, or other relevant economic and financial data pertaining to, the properties to be purchased by UPREIT, and must rely entirely on the investment judgment of the Advisor and the Board of Trustees.

The imposition of rent controls in some cities would affect UPREIT's ability to generate rental revenue.

Some cities impose controls and restrictions on rental charges for personal living facilities. Accordingly, some of UPREIT's properties may be or become subject to rent controls. Such controls could limit the operating profitability of UPREIT's properties and the Trust because they would limit the amount of revenue a property could achieve.

Overall general economic conditions, which The Trust cannot predict, may limit the ability of UPREIT to purchase properties or of tenants to pay rent when due.

Periods of tight credit and high interest rates may adversely affect the ability of UPREIT to acquire properties. The inability of UPREIT to acquire new properties further constrains The Trust's diversification and growth. On the other hand, during times of economic recession the ability of tenants to rent spaces from UPREIT and timely pay rent when due may be adversely affected. This would limit the income available to UPREIT for distribution to its Unitholders and, consequently, limit The Trust's ability to allocate distributions to its shareholders. There may be future shortages or increased costs of fuel, natural gas, water, or electric power, or allocations thereof by suppliers or governmental regulatory bodies in the areas where property purchased by UPREIT is located. In the event that any such shortages, price increases or allocations occur, the financial condition of tenants of UPREIT may be adversely affected. The Trust is unable to predict the extent, if any, to which such shortages, increased prices or allocations would influence the ability of tenants to make rent payments and the Trust to make cash distributions to Shareholders.

Real estate investments of UPREIT face competition from other real estate properties.

The results of operation of the Trust will depend upon the availability of suitable opportunities for investment of its funds by UPREIT, and on the yields available from time to time on real estate and other investments, which, in turn, depends to a large extent on the type of investment involved, the condition of the money markets, the nature and geographic location of the property, and competition and other factors, none of which can be predicted with certainty. Even though the Advisor and its Affiliates have years of experience of acquiring properties suitable for UPREIT's investment, UPREIT will be competing for acceptable investments with private investors and other real estate investment programs. Many of these competitors have greater experience and resources than UPREIT.

Ownership of real estate carries risk of uninsured losses and environmental liabilities.

The Trust intends to maintain what it believes to be adequate property damage, fire loss and liability insurance. However, there are certain types of losses (generally of a catastrophic nature) which may be either uninsurable or not economically insurable. Such excluded risks may include war, earthquake, hurricane, terrorism, certain environmental hazards and floods. Should such events occur, (i) UPREIT and the Trust might suffer a loss of capital invested, (ii) tenants of spaces may suffer losses and may be unable to pay rent for the spaces, and (iii) UPREIT and the trust may suffer loss of profits which might be anticipated from one or more properties.

Federal law (and the laws of some states in which UPREIT may acquire properties) imposes liability on a landowner for the presence on the premises of hazardous substances or wastes (as defined by present and future federal and state laws and regulations). This liability is without regard to fault or knowledge of the presence of such substances and may be imposed jointly and severally upon all succeeding landowners. If such hazardous substances are discovered on a property acquired by UPREIT, UPREIT could incur liability for the removal of the substances and the cleanup of the property. There can be no assurance that UPREIT would have effective remedies against prior owners of the property. In addition, UPREIT may be liable to tenants and may find it difficult or impossible to sell the property either prior to or following any such cleanup.

Shareholders cannot manage the Trust and must rely on management to act on their behalf.

The Trustees are accountable to the Trust as fiduciaries and must exercise good faith and integrity in handling Trust affairs. The Trustees have the authority to approve or disapprove all investments recommended to UPREIT by the Advisor. The Trustees will have ultimate control over the management of the Trust and the conduct of Trust affairs, including management of UPREIT and the acquisition and disposition of UPREIT's assets. However, shareholders have no right or power to take part in the direct management of the Trust or UPREIT and the success of the Trust and UPREIT will depend, to a large extent, on the services and performance of the Advisor.

Subject to some conditions and limitations, the Amended and Restated Declaration of Trust limits the liability of, and provides for the Trust to indemnify, the Trustees, the Advisor and their Affiliates, and to provide insurance coverage and pay for all premiums thereon to protect the Board of Trustees while acting for and on behalf of the Trust. See "Summary of Amended and Restated Declaration of Trust—Limited Liability of Trustees," and "—Indemnification of Trustees and Affiliates."

There is no minimum amount of money required to be received in this Offering. Sales of fewer than all of the Shares will limit UPREIT's ability to invest in new properties.

There is no assurance that the Trust will sell the maximum amount of Shares it is intending on selling at the present time. The failure to raise adequate funding could jeopardize the potential profitability of the Trust and its ability to diversify UPREIT's acquisitions, both geographically and by size of properties purchased. Diversification of UPREIT's assets provides a measure of safety, because in the event certain investments become unprofitable, UPREIT may be able to rely on other properties to avoid operating losses. Additionally, there may be delay in the time an investor makes his or her investment and the time UPREIT is able to identify and purchase a suitable investment. This delay may hinder the ability of UPREIT to achieve income from a property during the time of the delay.

There is No Assurance that Shareholders will receive Cash Distributions or Property Appreciation.

There is no assurance as to when or whether cash will be available for distribution to Shareholders. There is no assurance that the Trust will operate at a profit or that any properties acquired by UPREIT will appreciate in value or can ever be sold at a profit. The value and marketability of UPREIT's properties will depend upon many factors beyond the control of the Trust or UPREIT, and there is no assurance that there will be a ready market for the properties owned by UPREIT since investments in real property are generally non-liquid.

Operating expenses of the Trust, including certain compensation to the Advisor and its Affiliates and the Independent Trustees, will be incurred and must be paid irrespective of the Trust's profitability.

Investments in the Trust are subject to Immediate Dilution of Share Value.

The estimated book value of the Shares after this offering will be \$5.02. Therefore, a purchaser paying \$6.75 per share will incur an immediate book value dilution of \$1.73 per share. In addition, because this is a best-efforts offering, the shares will be subject to varying levels of dilution depending upon the number of shares sold in this Offering. The following chart sets forth the Book Value Dilution of Shares based upon scenarios where 100 percent, 50 percent, or 10 percent of the shares are sold in this Offering.

% Sold	Offering Price	Directors Price *	Book Value Dilution		Value of Dilution
			Before Distribution	After Distribution	
100%	\$6.75/Share	\$6.075/Share	4.72	5.02	1.73
50%	\$6.75/Share	\$6.075/Share	4.72	4.88	1.87
10%	\$6.75/Share	\$6.075/Share	4.72	4.74	2.01

*The initial board of directors and initial shareholders of \$100,000 or more (there are only two) have the option to purchase up to an additional \$100,000 of shares of beneficial interest at 90% of the price being paid by a new subscriber for a period not to exceed ten years. The trust will not pay a sales commission on the shares purchased under this program.

Investments in The Trust are subject to dilution by future sales of securities by both The Trust and UPREIT.

As of October 1, 2000, all of The Trust's assets have been transferred into a general partnership interest in UPREIT. UPREIT was formed as a North Dakota limited partnership on February 2, 2000, to serve as the investment vehicle for all assets of The Trust. The Trust serves as the general partner of UPREIT, is responsible for management of UPREIT, and is responsible for the investment decisions made by UPREIT. Under federal and state law and pursuant to the terms of the UPREIT Limited Partnership Agreement, UPREIT is authorized to accept real estate as an investment in return for shares of limited partnership. After the close of this offering, UPREIT will continue to seek investments from other investors, both in the form of cash and property. Additionally, The Trust may, and probably will, continue to seek additional investors pursuant to a subsequent securities offerings. These additional investments will dilute the percentage ownership interests of current investors of The Trust and investors in this offering.

If The Trust fails to qualify as a Real Estate Investment Trust, The Trust and investors may suffer adverse tax consequences. The Trust and Investors may also suffer adverse tax consequences from other unanticipated events.

Although management believes that the Trust, since January 1, 2000, has been organized and operated to qualify as a REIT under the Code, no assurance can be given that the Trust has in fact operated or will be able to continue to operate in a manner to qualify or remain so qualified. Qualification as a REIT involves the application of highly technical and

complex Code provisions for which there are only limited judicial or administrative interpretations, and the determination of various factual matters and circumstances not entirely within the Trust's control. For example, in order to qualify as a REIT, at least 95% of the Trust's taxable gross income in any year must be derived from qualifying sources and the Trust must make distributions to shareholders aggregating annually at least 90% of its REIT taxable income (excluding net capital gains). Thus, to the extent revenues from non-qualifying sources are more than 5% of the Trust's gross income in any taxable year, the Trust will not satisfy the 95% income test and may fail to qualify as a REIT, unless certain relief provisions apply, and, even if those relief provisions apply, a tax would be imposed with respect to excess net income, any of which could have a material adverse effect on the Trust and its ability to make distributions to you and to pay amounts due on its debt. Additionally, to the extent UPREIT was determined to be taxable as a corporation, the Trust would not qualify as a REIT, which could have a material adverse effect on the Trust and its ability to make distributions to you and to pay amounts due on its debt. Finally, no assurance can be given that new legislation, new regulations, administrative interpretations or court decisions will not change the tax laws with respect to qualification as a REIT or the federal income tax consequences of such qualification.

If the Trust fails to qualify as a REIT, it will be subject to federal income tax (including any applicable alternative minimum tax) on its taxable income at corporate rates, which would likely have a material adverse effect on the Trust and its ability to make distributions to you and to pay amounts due on its debt. In addition, unless entitled to relief under certain statutory provisions, the Trust would also be disqualified from treatment as a REIT for the four taxable years following the year during which qualification is lost. This treatment would reduce funds available for investment or distributions to you because of the additional tax liability to the Trust for the year or years involved. In addition, the Trust would no longer be required to make distributions to you. To the extent that distributions to you would have been made in anticipation of qualifying as a REIT, the Trust might be required to borrow funds or to liquidate certain investments to pay the applicable tax.

For a further discussion of income tax issues, see "Material U.S. Federal Income Tax Consequences."

THE TRUST

Description of Business. The Trust began operations in October 1997. The Trust is the general partner of UPREIT, whose primary goal is to acquire income-producing real state properties and operate them in a manner that will provide cash flow for the payment of distributions to its shareholders and capital appreciation to the Trust's assets. The Trust intends to invest in the upper Midwest region, but as the date of this offering, all properties are located in North Dakota. The Trust was organized for the purposes for which it now operates and has had no prior programs.

The Trust operates its assets through UPREIT, which holds title to the properties and for which it is the general partner. All management and investment decisions are made by The Trust.

Property acquired by UPREIT may be leveraged up to 75% of its value. Currently, The Trust has borrowed 68.17% of the current properties' investment value.

The Trust attempts to diversify UPREIT's real estate holding at about 70% residential multifamily and 30% commercial. Currently, UPREIT's properties are 73% residential and 27% commercial. The residential properties are primarily managed by Valley Rental Service, Inc., an Affiliate of George Gaukler. The contracts call for a 4% management fee and may be terminated by either party upon 30-days notice.

The Trust has no employees. The Trust has an advisory contract with Dakota REIT Management, Inc., which is responsible for the daily operation of The Trust. Dakota REIT Management, Inc., receives a fee of .8% (eight-tenths of one percent) of net invested assets, and an acquisition fee that will not exceed one-half of 1% of up to \$2,500,000 of sales price of real estate involved (\$12,500), for the cost of due diligence property review.

Investment Policies of the Trust. Property to be purchased for investment will be approved by the board of Trustees. UPREIT intends to invest in the upper Midwest region and more particularly in North Dakota, Minnesota, and South

Dakota. Communities within this area will be considered if they show a stable market for a particular investment.

The primary emphasis of UPREIT's investments will be multi-family apartments (approximately 70% of the investment portfolio) and the balance commercial property (approximately 30% office, retail and warehouse space). UPREIT intends to leverage up to 75% of the acquisition cost, initially in short term commercial loans and then converting to long-term real estate mortgages.

UPREIT does not intend to invest in real estate mortgages. UPREIT will, however consider investing in securities (i.e. Limited Partnerships, Real Estate Investment Trusts) that have, as a basis for income, single asset real estate entities that meet the above described criteria.

The Properties owned by UPREIT are set forth below:

OBLIGATIONS OF THE TRUSTEES

The Trustees are accountable to the Trust as fiduciaries and must exercise good faith and integrity in handling Trust affairs. The Trustees have the authority to approve or disapprove all investment decisions recommended to the Trust by the Advisor. The Trustees will have ultimate control over the management of the Trust and the conduct of Trust affairs, including the acquisition and disposition of UPREIT's assets. The Trustees are charged with the responsibility for monitoring the relationship between and among the Trust, UPREIT and the Advisor and its Affiliates. Financial statements and various other reports will be provided to the Trustees to aid them in the performance of their duties. The Trustees will spend such time on Trust affairs as their duties may require, and will meet quarterly or more frequently, as required. It is contemplated that the Trustees will not devote any substantial portion of their time to the performance of their duties as Trustees.

Trustees are elected by the Shareholders. Officers serve at the pleasure of the Trustees. There are no family relationships among the Trustees and the officers. Vacancies in the Board of Trustees may be filled on an interim basis (between annual meetings) by the remaining Board of Trustees members. Independent Trustees will be nominated by the other independent Trustees.

Any Trustee may resign at any time and may be removed by holders of at least a majority of the outstanding Shares entitled to vote (with or without cause) or by all of the Trustees (only for cause). Vacancies on the Board of Trustees occurring as a result of removal of a Trustee by Shareholders shall be filled by the Shareholders. Vacancies created by the death, resignation or incapacity of a Trustee (or other reason except removal by Shareholders) may be filled by the Trustees then in office.

The Board of Trustees is required to make an annual determination that the Advisor's compensation is reasonable and that total fees and expenses of the Trust are reasonable.

Certain transactions between the Trust and the Advisor and its Affiliates require the approval of the majority of the Trustees, including a majority of the Trustees who are not parties to the transaction or affiliates of any person (other than the Trust) who is a party to the transaction. See "Summary of Amended and Restated Declaration of Trust—Transactions with Affiliates."

Trustees, the Advisor and their Affiliates have certain limited liability protections and are entitled to certain indemnity rights under the Trust's Amended and Restated Declaration of Trust. See "Summary of Amended and Restated Declaration of Trust—Limited Liability of Trustees; and —Indemnification of Trustees and Affiliates."

The Trust pays each Trustee \$250 (except those who are owners of the Advisor, Dakota REIT Management, Inc.) for each meeting of Trustees attended by him/her in person and reimburses all Trustees for their travel expenses and other

out-of-pocket expenses incurred in connection with attending meetings and for carrying on the business of the Trust. Trustees, except the Advisor, will receive additional compensation (and expense reimbursements) for on-site review of prospective property acquisitions. Trustees and officers who are affiliated with the Advisor will receive no compensation from the Trust for their services as Trustees and officers. Such Trustees and officers will, however, be compensated indirectly by their relationship with the Advisor and its Affiliates, and they will be reimbursed for their expenses in attending meetings of Trustees and for carrying on the business of the Trust.

The Amended and Restated Declaration of Trust provides that Trustees and the Trust's officers, employees and other agents may engage with or for others in business activities of the types conducted by the Trust or UPREIT and that they will not have an obligation to present to the Trust or UPREIT any investment opportunities which come to them other than in their capacities as Trustee, regardless of whether those opportunities are within UPREIT's investment policies. Each Trustee is required to disclose any interest he/she has, and any interest known to him/her of any person of which he/she is an Affiliate, in any investment opportunity presented to UPREIT.

1) The Trust requires that all Trustees either have a minimum investment in the Trust of \$100,000 or a minimum investment in UPREIT of \$200,000. A maximum of two Board of Trustees members may be

UPREIT unitholders, who do not also qualify as a REIT investor of \$100,000 or more.

2) The units of Limited Partnership do not have voting rights but may be exchanged for shares of beneficial interest at the option of the unit holder.

3) Clarice and Reuben Liechty own 84,041 Units of UPREIT and Roger Swenson, through a partnership, owns 35,926 units of UPREIT. Under UPREIT's Operating Partnership Agreement, they are eligible to convert units of UPREIT into shares of the Trust. However, both the Operating Partnership Agreement and the Trust's Amended and Restated Declaration of Trust preclude them from holding more than 9.8 percent of the outstanding shares of the Trust.

4) The percentage is based upon the number of shares that would be outstanding (1,113,495) if Clarice and Reuben Liechty and Roger Swenson converted their UPREIT units to Trust shares. Officers and directors currently own 20.6 percent of outstanding Trust shares.

DAKOTA UPREIT

As of October 1, 2000, all of The Trust's assets have been transferred into a general partnership interest in UPREIT. UPREIT was formed as a North Dakota limited partnership on February 2, 2000, to serve as the investment vehicle for all assets of The Trust. The Trust serves as the general partner of UPREIT, is responsible for management of UPREIT, and is responsible for the investment decisions made by UPREIT.

The Board of Trustees calculated the book value of all of the assets and liabilities of The Trust as of October 1, 2000 to determine the net book value thereof. The net book value was used to determine the value of the general partnership interest received by The Trust. The ownership interest received by The Trust equaled the number of outstanding shares of The Trust as of October 1, 2000. The share value and cash distributions payable on a Unit of UPREIT is the same as a Share of The Trust.

The creation of UPREIT enabled the Trust to acquire real estate properties in exchange for Units of Limited Partnership without the purchaser of the units of Limited Partnership (*i.e.*, the seller of real estate) incurring a taxable event. Under the Internal Revenue Code, when a person transfers real estate to a REIT, the seller may incur a taxable event. However, through the creation of an umbrella partnership real estate investment trust, or UPREIT, in the form of a limited partnership, the regulations to the Internal Revenue Code allow a person to sell real estate to the limited partnership in exchange for units of limited partnership without incurring a taxable event. The new limited partner would not be taxed on any increase in value until he or she transferred the Units of Limited Partnership into Shares of the Trust.

INFORMATION ABOUT ADVISOR AND AFFILIATES

Dakota REIT Management, Inc.

The Trust is managed by Dakota REIT Management, Inc., the Advisor to the Trust. George Gaukler is Chairman and Chief Executive Officer; Jim Knutson is Vice-President/Secretary; and Ryan Davis is Chief Financial Officer.

Duties of the Advisor The Advisor conducts the daily operations of the Trust, maintains Trust records, prepares annual reports, disburses distributions, prepares Trustee reports as needed, and advised the Trustees as to investment decisions.

Compensation The Advisor is paid an annual fee equal to .8 of 1% (eight-tenths of one percent) of net invested assets for management of the Trust. Net Invested assets are defined as total assets at cost less cash and less total liabilities.

Acquisition and Disposition Fees The Board of Trustees has set the following terms for future acquisition and disposition fees payable to the Advisor or its Affiliates. Any acquisition fee paid to the Advisor or its Affiliates will not

exceed one-half of 1% of up to \$2,500,000 of sales price of real estate involved (\$12,500). Any disposition fee paid to the Advisor or its Affiliates will not exceed 3% of the gross selling price. Said fees will not exceed what is the prevailing market rate at the time of the acquisition or disposition and will be approved by a majority of independent trustees.

Valley Rental Service, Inc.

Property Management Most of UPREIT's properties are managed by Valley Rental Service, Inc. Valley Rental Service, Inc., is headquartered in Valley City, N.D. UPREIT properties are maintained with on-site management. Valley Rental Service, Inc., currently manages approximately 2,000 apartments throughout North Dakota and South Dakota, including the properties owned by UPREIT. George Gaukler is the principal owner of Valley Rental Service, Inc.

Property Management Fee The annual property management fee currently is 4% of rental revenue. This fee is capped at 4% on each property acquired by the Trust from George Gaukler for the first five years after the acquisition of that property by the Trust. Subsequent to five years, the Board of Trustees may approve an increase in the management fee based upon prevailing market rates, but not to exceed 5% of rental revenue. The management fee for other properties is negotiated between the Trust and the property manager.

FIDUCIARY DUTY OF BOARD OF TRUSTEES AND THE ADVISOR

The Board of Trustees and the Advisor are both accountable to the Trust and UPREIT, as fiduciaries and, consequently, are required to exercise good faith and integrity in all of their dealings with respect to the Trust's and UPREIT's business and other affairs. This is a rapidly developing and changing area of the law and Shareholders who have questions concerning the duties of the Advisor and the Trustees should consult with their counsel.

The Advisor and the Trustees may not be liable to the Trust or Shareholders for errors in judgment or other acts or omissions not amounting to willful misconduct or negligence, since provision has been made in the Amended and Restated Declaration of Trust for exculpation the Board of Trustees and the Advisor. Therefore, purchasers of Shares have a more limited right of action than they would have absent the limitation in the Amended and Restated Declaration of Trust.

The Amended and Restated Declaration of Trust provides for indemnification of the Trustees and Affiliates by the Trust for liabilities they incur in dealings with third parties on behalf of the Trust. To the extent that the indemnification provisions purport to include indemnification for liabilities arising under the Securities Act of 1933, in the opinion of the Securities and Exchange Commission, such indemnification is contrary to the public policy and therefore unenforceable.

CONFLICTS OF INTEREST

Some members of the Board of Trustees are subject to various conflicts of interest arising out of their relationships with the Advisor and its Affiliates, including conflicts relating to how and at what levels the Advisor will be compensated by the Trust, as well as possible conflicts involving Shareholders. Because the Trust was organized by and will be directed by the Board of Trustees but managed and operated day to day by the Advisor, these conflicts involving the Advisor will not always be resolved through arms'-length negotiations but through the exercise of the Board of Trustees' and Advisor's judgment, consistent with their fiduciary responsibility to the Shareholders and the Trust's investment objectives and policies. These conflicts include, but are not limited to, the following:

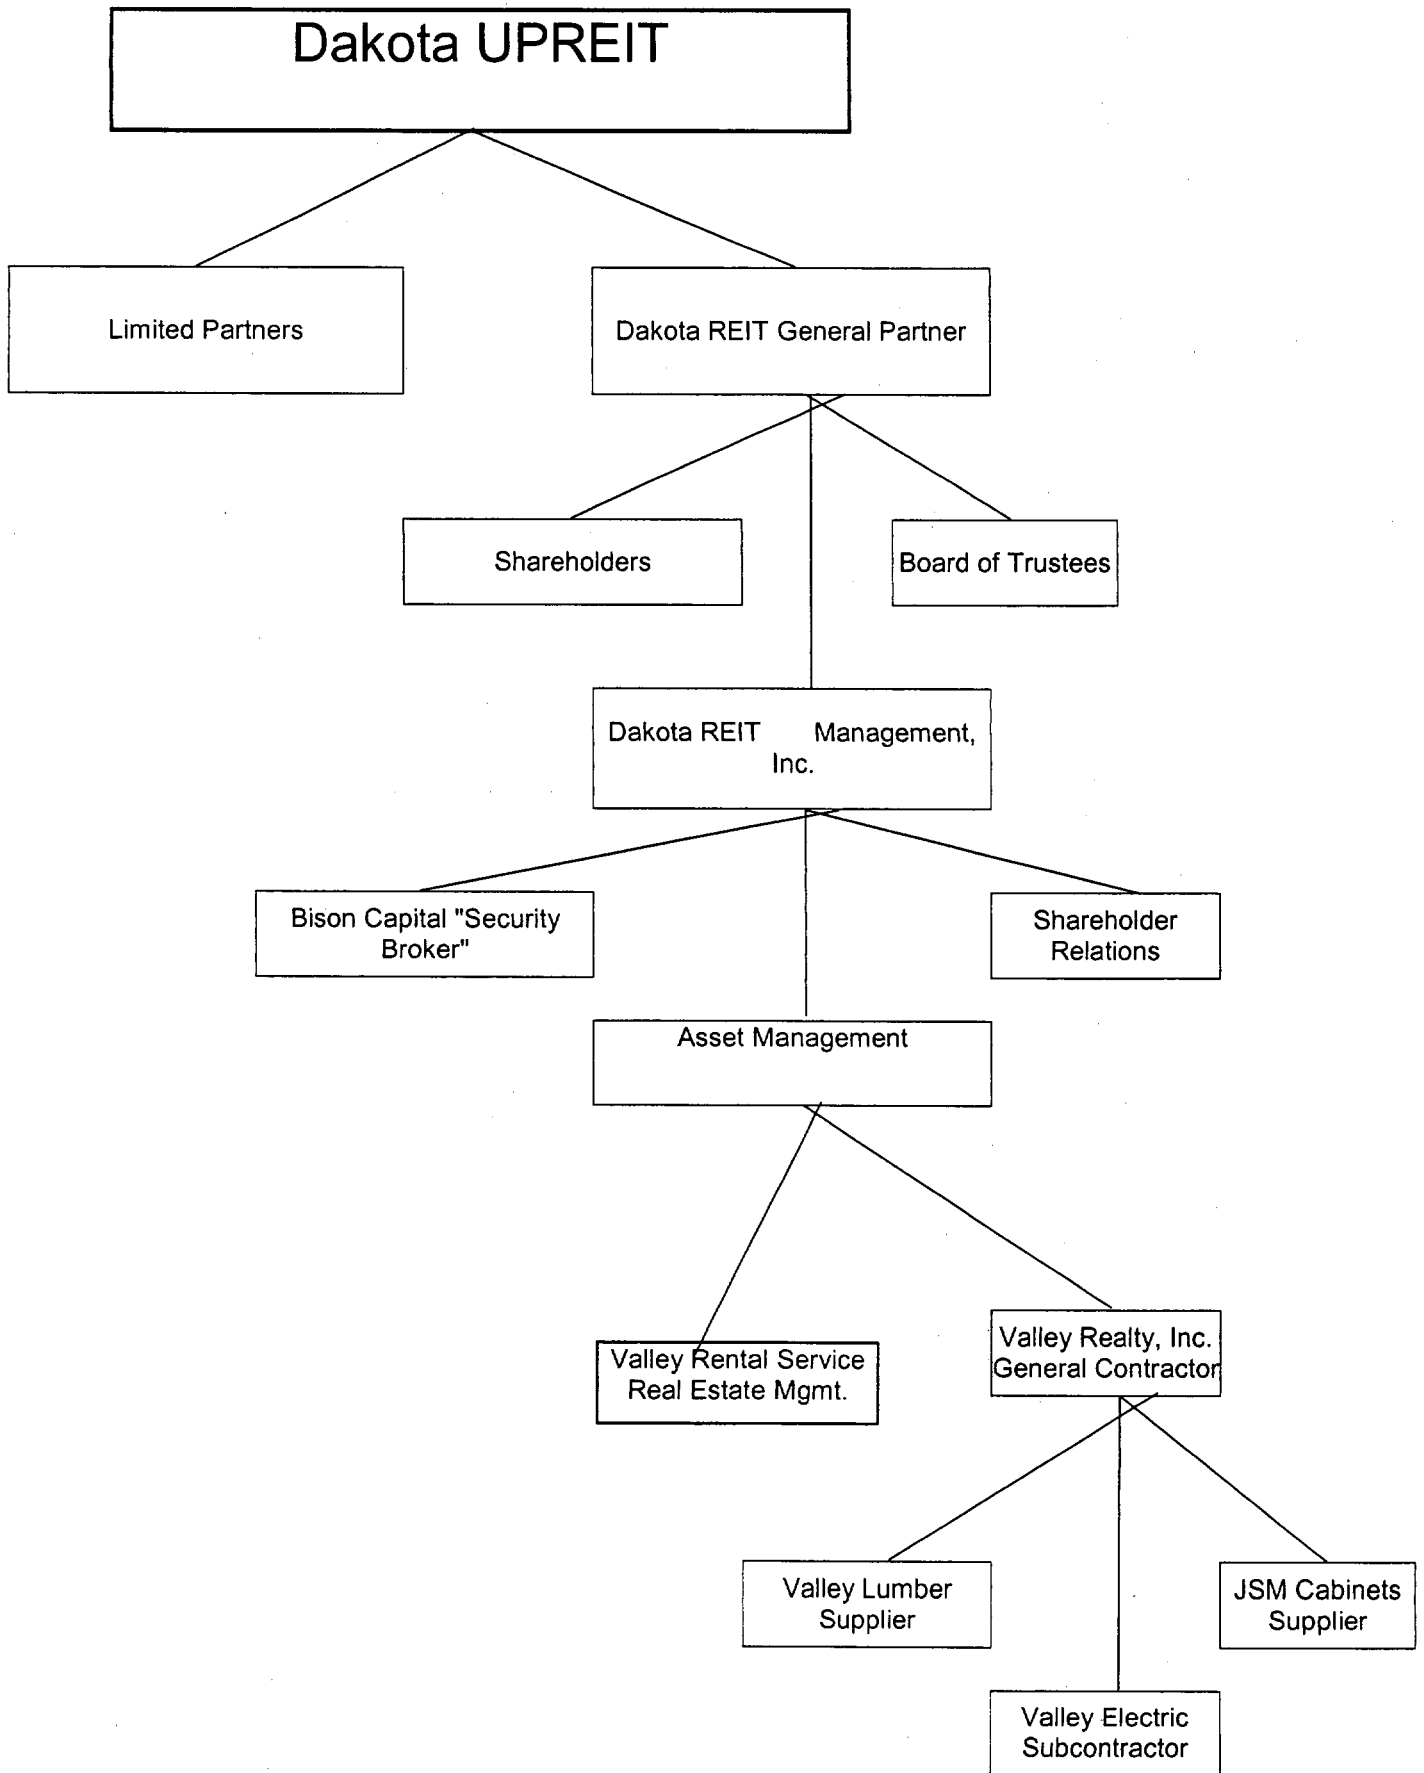

The Trust has entered into transactions with entities which are owned or controlled by members of the Board of Trustees. Similar arrangements will arise in the future. These agreements present a risk to investors because the contracts have not been negotiated at arm's length between parties who have no economic stake in the contract. These conflicts also present the risk that shareholders will have a more difficult time removing management companies they are dissatisfied with than if those management companies were unrelated. The Trust has purchased properties from Affiliates and it has entered into contracts for management of the Trust and management of UPREIT's properties with Affiliated companies.

Conflicts of interest include (a) agreements between the Trust and its Advisor and Affiliates, including those relating to compensation and those pertaining to actual and potential purchases or sales of property, which are not the result of arms'-length negotiations; (b) the Advisor and Affiliates will devote only so much of their time to the business of the Trust as they determine, and will allocate their time, as they determine, among existing and future programs in which they are involved; (c) the Advisor and Affiliates may form future investment programs that may be in competition with the Trust for properties and tenants; and (d) the Trust, its Board of Trustees, the Advisor and Affiliates are not represented by separate independent legal counsel.

In order to deal with these conflicts, the Trust's Amended and Restated Declaration of Trust provides that the Independent Trustees must approve all transactions with the Advisor and its Affiliates or any transaction with a Trustee, officer or employee of the Trust. The Trust's annual report must include the material terms and circumstances of any such transactions.

Agreements with Affiliates: The Trust has entered into various agreements with affiliated companies, pursuant to which the Trust pays money to affiliated companies. These agreements were not entered into between unrelated parties in arm's-length negotiations. Generally, these arrangements consist of (a) sales commissions paid to Bison Capital, an Affiliate of the Advisor, for sales of Trust shares; (b) acquisition fees to the Advisor and Affiliates; (c) advisory fee to the Advisor; (d) property management fee to the Advisor's related property management company, Valley Rental Service, Inc.; and (e) real estate brokerage commission to an Affiliate, Valley Realty, Inc., which may or may not be involved in either acquisitions or dispositions of Trust properties. An advisory management fee and operating costs of .8% (eight-tenths of one percent) of "net invested assets" is expected to be incurred for administrative services provided for the management of the Trust. The Advisor's property management Affiliate, Valley Rental Service, Inc., receives an annual property management fee for management of some of the properties acquired by the Trust. The annual property management fee currently is 4% of rental revenue. This fee is capped at 4% on each property acquired by the Trust from Affiliate George Gaukler for the first five years after the acquisition of that property by the Trust. Subsequent to five years, the Board of Trustees may approve an increase in the management fee based upon prevailing market rates, but not to exceed 5% of rental revenue. The annual property management fee paid on other properties is negotiated between the Trust and the property manager, which in most cases is Valley Rental Service, Inc., an Affiliate of the Advisor.

The following diagram depicts the relationship of various Affiliates of the Issuer.

The Trust will engage in transactions with Affiliates only if the transaction has been approved by a majority of the Independent Trustees who do not have an interest in the transaction, and: (1) The transaction is fair and reasonable to the Trust and its Shareholders; (2) The terms of such transaction are at least as favorable as the terms of any comparable transactions made on an arms'-length basis; (3) The total consideration is not in excess of the appraised value of the property being acquired, if an acquisition is involved, as determined by the Board of Trustees; (4) Payments to Dakota REIT Management, Inc., its Affiliates and the Trustees for services rendered in a capacity other than that as a manager or Trustee may only be made upon a determination by the Independent Trustees that: (a) The compensation is not in excess of their compensation paid for any comparable services; and (b) The compensation is not greater than the charges for comparable services available from others who are competent and not affiliated with any of the parties involved.

Purchase of Property from Affiliates: UPREIT owns properties that were purchased from Affiliates. Although each of these investments has been approved by a majority of Trustees who did not have an involvement in the transaction, these transactions should not be viewed as arm's-length transactions between disinterested parties. The Properties Acquired and Transactions with Affiliates are set forth in the section entitled "Properties Acquired and Transactions with Affiliates" and are listed on an Exhibit to this Offering Circular.

The Trust shall not purchase property from any Affiliate unless a majority of the Trustees (including a majority of the Independent Trustees) not otherwise interested in such transaction approve the transaction as being fair and reasonable to the Trust and at a price to the Trust no greater than the purchase price or development cost of the asset to such Affiliate, or if the price to the Trust is in excess of such value as determined by the Board of Trustees, that substantial justification for such excess exists and such excess is reasonable.

Acquisition and Disposition Fees Paid to Affiliates: Each acquisition of property by UPREIT is independently reviewed by the members of the Board of Trustees. Only those Trustees who have no direct financial interest in the outcome of a proposed property acquisition will vote on the acquisition. Any portion of acquisition or disposition fees payable to the Advisor or its Affiliates in future acquisitions by UPREIT will be judged on the same basis as stated herein, taking into consideration current market conditions at that time. Any acquisition fee paid to the Advisor or Affiliates will not exceed one-half of 1% of up to \$2,500,000 of sales price of real estate involved (\$12,500). Any disposition fee paid to the Advisor or its Affiliates will not exceed 3% of the gross selling price. Offering costs of 10% of offering proceeds will be paid. These offering costs include a 9% commission to the underwriter, who may keep 2% and pay 7% to registered securities broker/dealers, including Bison Capital, Inc., an Affiliate of the Advisor.

Sale of Property to Affiliates: UPREIT has never sold property to an Affiliate. UPREIT will not sell property to an Affiliate without the approval of a majority of the Trustees (including a majority of the Independent Trustees).

Loans from Affiliates: The Trust may obtain loans from an Affiliate only with the approval of a majority of the Trustees (including a majority of the Independent Trustees) not otherwise interested in such transaction as long as they approve the transaction as being fair, competitive, and commercially reasonable and no less favorable to the Trust than loans between unaffiliated lenders and borrowers under the same circumstances.

Joint Ventures with Affiliates: The Trust will not invest in joint ventures with an Affiliate unless a majority of Trustees (including a majority of the Independent Trustees) not otherwise interested in such transaction approve the transaction as being fair and reasonable to the Trust and as being on substantially the same terms and conditions as those received by the other joint venturers.

Other business activities of Trustees: The Amended and Restated Declaration of Trust provides that Trustees and the Trust's officers, employees and other agents may engage with or for others in business activities of the types conducted by the Trust or UPREIT and that they will not have an obligation to present to the Trust or UPREIT any investment opportunities which come to them other than in their capacities as Trustee, regardless of whether those opportunities are within UPREIT's investment policies. Each Trustee is required to disclose any interest he/she has, and any interest known to him/her of any person of which he/she is an Affiliate, in any investment opportunity presented to UPREIT.

The Advisor and its Affiliates have organized and served as general partner of other entities, including limited partnerships, which may have investment objectives similar to those of UPREIT. The Advisor and its Affiliates have legal and financial obligations with respect to these limited partnerships which are similar to their obligations owed to the Trust. As Advisors, they have contingent liabilities for the obligations of such limited partnership as well as those of the Trust.

Adjacent Properties: Although it is not expected to occur, if Affiliates of the Advisor acquire properties that are adjacent to UPREIT properties, such properties may be enhanced by the interests of UPREIT; and it is possible that such properties could be in competition with UPREIT properties for prospective tenants. However, the Advisor and its Affiliates will not acquire properties which are adjacent to or in close proximity to properties owned by UPREIT unless UPREIT is first given the opportunity to purchase the properties and the opportunity has been rejected by a majority of the Independent Trustees.

Time Commitments of the Advisor and Trustees: As a result of their possible future interests in other business activities, including limited partnerships or other entities, and the fact that they have also engaged and will continue to engage in other business activities, the Advisor and its Affiliates will have conflicts of interest in allocating their time between this Trust and other activities in which they are involved. However, the Advisor believes that it and its Affiliates have sufficient personnel to discharge fully their responsibilities to all of the ventures of which they are a part or in which they are involved.

Future Programs by the Advisor: The Advisor is not affiliated with any other public real estate programs. However, certain Trustees have been and continue to be involved with other real estate programs. In addition, various investor programs may in the future be formed by the Advisor and its Affiliates to engage in businesses and invest in properties which may be competitive with UPREIT. The Advisor will not form any future public program with investment objectives similar to UPREIT until this offering has been concluded, and the Advisor will not purchase property for any other public investor program with investment objectives similar to UPREIT until substantially all the funds of UPREIT have been fully invested or committed for investment. However, the Advisor may form future public or private investor programs that invest in similar properties on a leveraged, or mortgaged, basis; and such programs will not be deemed to have investment objectives similar to UPREIT.

In the event the Advisor or an Affiliate of the Advisor is presented with a potential investment which might be made by more than one investment entity which it advises or manages, the decision as to the suitability of the property for investment by a particular entity will be based upon a review of the investment portfolio of each entity and upon factors such as cash flow, the effect of the acquisition on diversification of each entity's portfolio, the estimated income tax effects of the purchase on each entity, the policies of each entity relating to leverage, the funds of each entity available for investment and the length of time such funds have been available for investment. To the extent that a particular property might be determined to be suitable for more than one public entity, priority will generally be given to the public entity having uninvested funds for the longest period of time. If a property is found to be inappropriate for any public entity, or if no such public entity has funds available for investment, then it may be considered for private placement. If after completing a review and consideration of the above factors, the Advisor or an Affiliate of the Advisor designates a particular property(ies) for private placement, then such private placement may proceed to consummation irrespective of whether a public entity thereafter raises equity funds that could be available for such investment. Nothing herein shall be deemed to diminish the Advisor's overriding fiduciary obligation to the Trust or as a waiver of any right or remedy the Trust may have in the event of a breach by the Advisor of such obligation.

Inconsistent Interests between Shareholders and the Advisor: The interests of the Shareholders may be inconsistent in some respects with the interests of the Advisor. The Advisor and certain of its Affiliates, by reasons of their interests in the Trust, their receipt of fees from the Trust, and, in some instances, their ongoing business relationship(s) with each other or with one or more members of the Board of Trustees, have and will produce conflicts of interest in conjunction with their performance of certain activities, including, particularly, payment and negotiation of the purchase price and interest thereon of the various investment opportunities presented for consideration by UPREIT.

An Affiliate of the Advisor, Valley Rental Service, Inc., is expected to be engaged as the property manager on behalf of the Trust. Such engagement will provide for a payment of a property management fee. Conflicts may arise between the interests of the Advisor on the one hand and the interests of the Trust on the other when, for example, the termination of the manager and engagement of a non-affiliated manager would appear to result in a profit or savings to the Trust through increased or more cost-efficient property services. It will be the responsibility of the Board of Trustees, particularly the Independent Trustees, to monitor each transaction and make sure each is based on fair and reasonable terms.

In addition, a transaction such as a sale of a given property may produce profits for the Advisor and/or its Affiliates at a time when it otherwise produces adverse tax consequences for the Shareholders. A continuation of business by the Trust may be advantageous to the Advisor and/or its Affiliates even though it may be disadvantageous to the Shareholders.

Use of Affiliated Contractors and Suppliers: Many of the investments made by the Trust and UPREIT have been made in properties which were built wholly or in part by contractors, subcontractors and suppliers which are affiliated with the Trust's Advisor or other members of the Board of Trustees. Investors should not consider that the contracts entered into with such contractors, subcontractors and suppliers were arm's-length transactions between disinterested parties. Additionally, contractual arrangements with affiliated suppliers, contractors or management companies may make it more difficult to terminate the relationship with the affiliated supplier than it would be with an unrelated third party.

Affiliated Securities Dealer: Bison Capital, Inc., a registered and licensed NASD securities dealer, is an Affiliate of the Advisor. It was formed to serve, and substantially all its business consists of serving as a registered securities dealer of real estate programs sponsored by the Advisor or its Affiliates. This registered securities dealer may experience conflicts of interest in performing its obligations to exercise due diligence with respect to the disclosures and information contained in this Offering Circular; however, Bison Capital, Inc., believes that such due diligence has in fact been exercised.

Lack of Separate Professional Representation: The Trust, its Advisor and Affiliates are not represented by separate professional representation. The lawyers, accountants, and other experts who have been or will be called upon to perform services for the Trust may also perform services for the Advisor and/or its Affiliates. It is important to point out that such separate professional advisors do not represent the interests of Shareholders. You are required to retain your own accountants, lawyers or other advisors in connection with your investment and your relationship with the Trust. In the event a dispute arises between you and the Trust, you will be required to retain your own separate counsel. Additionally, should any conflicts arise between or among the Trust and its Advisor or Affiliates, each involved entity would be required to retain separate professional representation in that matter.

Prior Relationships with Contractors and Vendors: The Trust intends to utilize the services of certain parties, such as builders, contractors, vendors, and other suppliers of goods and services, that have previously provided, or are in the process of providing, services or goods to the Advisor or its Affiliates in connection with prior entities organized by the Advisor and/or its Affiliates. In this regard, they have previously sold and/or developed, and are in the process of developing, projects for Affiliates of the Advisor. Some of these contractors and suppliers are – or have been -- Affiliates of the Advisor or of members of the Board of Trustees. While other such providers are unaffiliated with the Advisor, the existence of pre-existing business relationships may affect the ability of the Advisor to independently represent the interests of the Trust with respect to such providers in light of their other business relationship. While the Advisor believes that it has and will continue to represent the interests of the Trust and believes that there are benefits to utilizing the services of parties with whom the Advisor has experience, investors who are concerned about such potential conflict should request further information from the Advisor and should independently evaluate the relationship of the Advisor with such providers of goods and services.

Specific Disclosures.

The Advisor's property management Affiliate, Valley Rental Service, Inc., receives an annual property management fee for management of properties acquired by the Trust. The annual property management fee currently is 4% of rental revenue. This fee is capped at 4% on each property acquired by the Trust from George Gaukler for the first five years after the acquisition of that property by the Trust. Subsequent to five years, the Board of Trustees may approve an increase in the management fee based upon prevailing market rates, but not to exceed 5% of rental revenue. The management fee for other properties is negotiated between the Trust and the property manager.

Two construction companies affiliated with George Gaukler, Valley Realty Inc. and Hi-Line Construction Inc., have been awarded construction contracts on many of the projects which have been acquired by the Trust.

Said fees will not exceed what is the prevailing market rate at the time of the acquisition or disposition and will be approved by a majority of independent trustees. In 2001, the Trust paid \$9,325 in acquisition fees to Dakota REIT Management, Inc., an Affiliate. In 2002, the Trust paid \$25,000 in acquisition fees to Dakota REIT Management, Inc.

The Amended and Restated Declaration of Trust provides that, subject to certain conditions, the Total Operating Expenses of the Trust shall not exceed in any fiscal year the greater of 2% of the Average Invested Assets during the fiscal year or 25% of the Trust's Net Income during such fiscal year. For the year ended December 31, 2002, the Trust's Total Operating Expenses were \$72,691 or .38% (38/100 of 1 percent) of the Average Invested Assets and 12 percent of the Net Income.

Remuneration of Directors and Management

The Trust has no employees but contracts with the Advisor, Dakota REIT Management, Inc. to provide management and acquisition investigation services. Neither Dakota REIT Management, Inc., nor any other Affiliate pays a salary to Trustees or Management. However, certain Trustees and key management personnel have ownership interests in the Advisor and other affiliates and may benefit from increased value of those investments. In addition, the Trust is responsible for expenses such as insurance, regulatory expenses and specific letterhead, forms, reports and postage. The Trust also pays a stipend to the Board of Directors, except for George Gaukler, for their attendance at the board meeting. The Board of Trustees meet quarterly and the stipend amounts to \$250.00 per meeting.

INVESTMENT OBJECTIVES AND POLICIES

The investment objectives of the Trust are to provide to its Shareholders (i) preservation, protection and eventual return of the Shareholder's investment; (ii) annual cash distributions of cash from operations, a portion of which (due to depreciation) may be a return of capital for tax purposes rather than taxable income; and (iii) realization of long-term appreciation in value of the properties acquired by the Trust. *There is no assurance that such objectives will be attained.*

Investments in real estate or interests in real estate

The Board of Trustees must approve all acquisitions of property by UPREIT. UPREIT intends to invest in the upper Midwest region and more particularly in North Dakota, Minnesota, and South Dakota. However, UPREIT may invest anywhere in the United States.

UPREIT may invest in any type of real estate; however, its emphasis will be multi-family apartments and town homes (approximately 70% of UPREIT's portfolio) and the balance in office buildings, shopping centers, industrial

properties, special purpose buildings, and undeveloped acreage. No more than 10% of UPREIT's assets will be invested in unimproved real estate, except for property where development will commence within one year.

Property acquired will be professionally managed by real estate management companies. The Board of Trustees will approve all management contracts and make all major operating decisions.

UPREIT intends to leverage up to 75% of the acquisition cost of its investments. Initially, UPREIT may use short-term commercial loans and then convert to long-term real estate mortgages. UPREIT may not incur any indebtedness that would result in an aggregate amount of indebtedness in excess of 300% of the UPREIT's net worth. Any excess in borrowing over the 300% level must be approved by a majority of the independent trustees and disclosed to the shareholders in the next quarterly report, along with justification for such excess. There is no limit on the number of mortgages on any one piece of property.

UPREIT's primary focus will be to invest in properties that yield a desirable cash flow and then manage the properties in a manner that will provide long-term capital gain upon resale.

UPREIT has no restriction on the amount or percentage of assets that may be invested in any specific property. UPREIT's goal is to diversify holdings by property type and geographical region, in order to provide the Unitholders with a hedge against economic swings.

Investment in real estate mortgages

UPREIT has not invested in real estate mortgages to date, but it is not restricted from doing so. Should an opportunity be presented to the Board of Trustees, a decision would be made based on the benefit to UPREIT and the security of the investment.

Investments in the securities of, or interest in, entities primarily engaged in real estate activities

UPREIT is permitted to invest in the securities of other entities engaged in the ownership and operation of real estate. Currently, UPREIT has invested in three limited partnerships that own and operate real estate investments. The underlying property of a security investment must meet UPREIT's investment criteria for real estate and provide a cash flow similar to other investments.

EXPECTED NATURE OF OPERATIONS AND ORGANIZATION

Dakota Real Estate Investment Trust is an unincorporated registered business trust under the laws of North Dakota and is set up to meet the requirements under Internal Revenue Code Section 856 as a real estate investment trust. Internal Revenue Code Section 856 requires that 75% of the assets of a real estate investment trust, either directly or indirectly, must consist of real estate assets and that 75% of its gross income must be derived from real estate. The net income of the Trust will be allocated in accordance with the Share ownership in the same manner as a for-profit business corporation.

CRITERIA FOR SELECTING UPREIT PROPERTIES

When considering properties to be included in its portfolio, UPREIT uses the following criteria for selection.

Income Producing Capacity. A property must produce adequate income and cash flow to allow for attractive dividend payments. UPREIT looks to properties which have historical vacancy rates no greater than 5% for multi-family properties, and 5-10% for commercial properties. UPREIT also considers operating expenses such as property management, replacement reserves, and accounting.

Demographic Data. The property must be in an area of a stable or growing market for the type of property under consideration.

Potential For Appreciation. Although the first consideration of UPREIT is income production for the payment of dividends, the long-term goal of asset appreciation and capital gain will be considered. A property located in a market of demand will be able to increase rents to allow for continued asset appreciation.

Condition of Property. UPREIT evaluates the condition of the property. It prefers either new property or older property that is in good condition. UPREIT may, however, consider properties that need to be refurbished provided the expectation for considerable asset appreciation is possible.

Vacancy Rates, Housing Starts, Building Permits. Before investing in a community, UPREIT will consider the historical vacancy for the type of properties under consideration, the number of potential new properties that have been permitted, and the amount of property under construction.

Diversity as to Size and Location. UPREIT will consider size of property, primarily from a management view. Larger complexes are easier to manage, although a single property in close proximity to property UPREIT already owns would be considered. Location will be considered as it relates to distance from services, transportation, and the market it intends to serve.

Availability of Purchase Price Discount. UPREIT will consider the actual purchase price of the property after taking into consideration any rebates or other discounts available for the purchase, as well as associated costs such as acquisition fees, appraisals, Phase I environmental reports, title insurance and loan costs.

After properties have been acquired, the Trust is permitted to mortgage its properties. A list of UPREIT's current investments is available from the Advisor.

UPREIT is authorized to purchase properties from Affiliates in certain circumstances (see "Summary of Operating Partnership Agreement-Conflicts of Interest and Investment Restrictions").

UPREIT presently expects to sell its properties; however, the sale of the properties will depend on national, regional and local business and economic conditions, availability of mortgage financing, interest rates and similar factors. It is possible that a prospective purchaser of UPREIT's properties may wish to acquire UPREIT's properties with the intention of reselling them.

SOURCES OF FUNDS

This offering of 444,444 Shares will constitute an estimated \$3,000,000 public offering, providing all Shares offered are actually sold. The actual proceeds to the Trust will vary between \$0 and \$3 million because of different values received for different sales. For instance, public sales at \$6.75 will raise \$2,730,000 for the Trust after deduction of the 9-percent underwriter's commission. Current shareholders are eligible to reinvest their distributions in exchange for Trust shares at 90 percent of the selling price. (See Distribution Reinvestment Plan). However, no sales commissions will be paid on these sales so the amount raised by the Trust will be \$6.075 per share for those sales. Finally, holders of units of limited partnership of Dakota UPREIT may exchange those units for Trust shares after a one-year holding period. No commissions will be paid on those sales so the value of the amount raised by the Trust will be units of UPREIT valued at \$6.75 per unit. Depending on the number of shares purchased under the distribution reinvestment plan and through UPREIT conversions, proceeds to the Trust could range from \$0 to \$3 million if all units are sold. If all eligible UPREIT units were converted, the proceeds to the Trust would consist of \$0 in cash and \$3 million in increased equity in UPREIT.

Because of the potential sales to current shareholders and UPREIT unitholders, fewer than shares will be available for purchase by new shareholders. This public offering includes a selling commission of 9%, in addition to costs and expenses of the offering, which will not exceed one percent (1%).

USE OF PROCEEDS

The net proceeds of this Offering will be invested by the TRUST in UPREIT. UPREIT's use of proceeds is set forth in a table in the Summary of Offering section of this Offering Circular.

DESCRIPTION OF SHARES

All issued and outstanding Shares are, and the Shares being offered hereby (when sold, paid for and issued as provided in this Offering Circular), will be validly issued, fully paid and nonassessable. Said Shares are equal in every and all respects except that those Shares sold and issued to the initial organizing Board of Trustees and also to those Stage Two investors who invest \$100,000 or more carry with them rights consisting of a right, warrant and option allowing the then owners or holders thereof to purchase up to an equal number of additional Shares at ninety percent (90%) of the price being paid at the time of exercise by new subscribers during a period of ten (10) years from the commencement of business by the issuer (May 20, 1997).

Limitations on the Transferability of Shares. There is little likelihood – and no guarantee – that a public market will ever develop for these shares. Additionally, investors who wish to resell these shares will be unable to sell to investors who do not meet the following investment criteria for investment in a Real Estate Investment Trust: either (i) a minimum annual gross income of at least \$45,000 and a minimum net worth (exclusive of home, home furnishings and automobiles) of \$45,000; or (ii) a net worth (determined with the foregoing exclusions) of at least \$150,000. For North Dakota investors only, this suitability standard would not apply to purchases of less than \$25,000 worth of shares in cases where such subscription does not exceed ten percent (10%) of the Subscriber's net worth, which in all cases shall be calculated exclusive of home, furnishings, and personal automobiles. Assets included in the computation of net worth may be valued at fair market value. Gross annual income is based upon actual income an investor had during the last tax year, or is estimated to have during the current tax year. Investors who wish to sell their shares to residents of other states may be restricted by the Blue Sky laws of those states in making sales.

Under certain circumstances the Trust may prevent the accumulation or transfer of Shares in order to protect the tax status of the Trust as a REIT. The Trust's Amended and Restated Declaration of Trust authorizes the Trustees to prevent transfer of shares in small lots to prevent the need to establish and maintain small Shareholder accounts.

Voting Rights. Each Share will be entitled to one (1) vote thereon all matters submitted to the Shareholders for such vote. Cumulative voting is allowed for the election of members to the Board of Trustees.

Life of Trust. The Trust was organized as an unincorporated, but registered, trust under North Dakota law. The Amended and Restated Declaration of Trust provides that unless earlier terminated by at least a majority vote of the Shareholders, it will continue until the expiration of twenty-one (21) years after the death of the last survivor of the original Board of Trustees. The existence of the Trust may be extended indefinitely by action of the Trustees, providing that the same is approved by the Shareholders holding at least fifty percent (50%) or more of the outstanding Shares.

Shareholder Meetings. The governing provisions of the Trust require the holding of annual meeting. The first of such meetings took place on June 25, 1998. It is the policy of the Board of Trustees that an annual meeting will be held during the month of June of each given year. All shareholders shall be given not less than fifteen (15) days' prior written notice thereof, at which time they will also be provided with financial statements, appropriate portions of tax returns, and a report from the Board of Trustees and the Advisor as to all of the activities of the Trust during the immediate calendar year.

Transfer. The Shares are tradeable and freely transferable without restriction upon the books and records of the Trust provided that the Board of Trustees has the right to limit transfers so as not to violate the previously established policies of the Trust regarding maximum ownership of Shares, which may not to exceed 9.8% of all Shares issued and outstanding at any given time.

Undertakings. The Trust undertakes (a) to file any prospectus required by Section 10(a)(3) of the Securities Act as post-effective amendments to this Offering Circular, (b) that for the purpose of determining any liability under the Act each such post-effective amendment may be deemed to be a new registration statement relating to the securities offered therein and the offering of such securities at that time may be deemed to be the initial bona fide offering thereof, (c) that all post-effective amendments will comply with the applicable forms, rules and regulations of the Securities and Exchange Commission in effect at the time such post-effective amendments are filed, and (d) to remove from registration by means of a post-effective amendment any of the securities being registered which remain at the termination of the offering.

The Trust undertakes to send to each shareholder at least on an annual basis a detailed statement of any transactions with the Advisor, Trustees or Affiliates, and of fees, commissions, compensation and other benefits paid, or accrued to the Advisor, Trustees or affiliates for the fiscal year completed, showing the amount paid or accrued to each recipient and the services performed. The Trust undertakes to provide to the shareholders audited financial statements on an annual basis.

The Trust undertakes to file a sticker supplement pursuant to Rule 424(c) under the Act during the distribution period describing each property not identified in the Offering Circular at such time as there arises a reasonable probability that such property will be acquired by UPREIT and to consolidate all such stickers into a post-effective amendment filed at least once every three months, with the information contained in such amendment provided simultaneously to the existing shareholders. Each Sticker supplement should disclose all compensation and fees received by the General Partner and its Affiliates in connection with any such acquisition. The post-effective amendment shall include audited financial statements meeting the requirements of Rule 3-14 of Regulation S-X only for properties acquired during the distribution period.

PLAN OF DISTRIBUTION

This offering will end on the earlier of one year from the effective date or when all the shares have been sold.

Bison Capital, Inc., is affiliated with the Advisor. Additionally, Peter Gugisberg, an employee of the Advisor, is the firm's registered principal and Trustee Bradley Fay is a registered representative of the firm.

The minimum investment amount is \$2,000. In addition, an investor may purchase Shares with a pre-determined plan that automatically makes payments for those Shares.

Shares may also be issued to current shareholders pursuant to the Distribution Reinvestment Plan. The Distribution Reinvestment Plan gives current shareholders the opportunity to receive additional shares in the Trust in lieu of a cash distribution. Shares issued pursuant to the Distribution Reinvestment Plan are sold at a 10 percent discount off the Offering Price. (See Distribution Reinvestment Plan) The Distribution Reinvestment Plan is set forth in an Exhibit to this Offering Circular. Shares sold pursuant to the Distribution Reinvestment Plan will be issued as part of this Offering.

There is no minimum amount of proceeds that must be raised before the Company may use the proceeds of the offering. Proceeds may be used or invested immediately by the Trust and will not be placed in an escrow account.

SUMMARY OF AMENDED AND RESTATED DECLARATION OF TRUST

The Trust's Amended and Restated Declaration of Trust governs its operations, and it has been reviewed and unanimously approved by the Trustees. The following is a summary of certain provisions of the Amended and Restated Declaration of Trust not described elsewhere in this Offering Circular and this summary is qualified by reference to the Amended and Restated Declaration of Trust itself, which is attached as an Exhibit to this Offering Circular.

Shareholder Meetings. Annual meetings will be held by June 30 in each year immediately following the close of the last calendar year beginning in 1998. The Trust may provide a proxy statement in connection with the annual meeting. Special meetings of the Shareholders may be called by the Chairman of the Trustees, by a majority of the Trustees or by a majority of the Independent Trustees, and shall be called by an officer of the Trust upon written

request of Shareholders holding in the aggregate not less than 10% of the outstanding Shares of the Trust entitled to vote at such meeting. Upon receipt of a written request, either in person or by mail, stating the purpose(s) of the meeting, the Sponsor shall provide all Shareholders within ten days after receipt of said request, written notice, either in person or by mail, of a meeting and the purpose of such meeting to be held on a date not less than fifteen nor more than sixty days after the distribution of such notice, at a time and place specified in the request, or if none is specified, at a time and place convenient to Shareholders. At any meeting, a Shareholder is entitled to one vote for each Share owned upon all matters submitted to the Shareholders for a vote.

Reports to Shareholders. The Trust shall cause to be prepared and mailed or delivered to each Shareholder as of a record date after the end of the fiscal year and each holder of other publicly held securities of the Trust within 120 days after the end of the fiscal year to which it relates an annual report for each fiscal year ending after the initial public offering of its securities which shall include: (a) financial statements prepared in accordance with generally accepted accounting principles which are audited and reported on by independent certified public accountants; (b) the ratio of the costs of raising capital during the period to the capital raised; (c) the aggregate amount of advisory fees and the aggregate amount of other fees paid to the Advisor and any Affiliate of the Advisor by the Trust and including fees or charges paid to the Advisor and any Affiliate of the Advisor by third parties doing business with the Trust; (d) the total operating expenses of the Trust, stated as a percentage of average invested assets and as a percentage of its net income; (e) a report from the independent trustees that the policies being followed by the Trust are in the best interests of its Shareholders and the basis for such determination; and (f) separately stated, full disclosure of all material terms, factors, and circumstances surrounding any and all transactions involving the Trust, Trustees, Advisors, Sponsors and any Affiliates thereof occurring in the year for which the annual report is made. Independent Trustees shall be specifically charged with a duty to examine and comment in the report on the fairness of such transactions.

Transactions with Affiliates. The Trustees occupy a fiduciary relationship with respect to transactions entered into with the Trust. The Trust will not engage in transactions with any Trustee, officer, sponsor, or any Affiliates of such persons, except to the extent that each such transaction has, after disclosure of such affiliation, been approved by the affirmative vote of a majority of the Independent Trustees not affiliated with a person who is a party to the transaction, and: (1) The transaction is fair and reasonable to the Trust and its Shareholders; (2) The terms of such transaction are at least as favorable as the terms of any comparable transactions made on an arms'-length basis; (3) The total consideration is not in excess of the value of the property being acquired, if an acquisition is involved, as determined by the Board of Trustees; (4) Payments to the Advisor, or Affiliates and Trustees, for services rendered in a capacity other than for contracted management services or as a Trustee may only be made upon a determination by the Independent Trustees that: (a) The compensation is not in excess of the compensation paid for any comparable services; and (b) The compensation is not greater than the charges for comparable services available from others who are competent and not affiliated with any of the parties involved. In addition, the following limitations shall apply:

A. The Trust shall not purchase property from the Advisor, any Trustee or Affiliates thereof unless a majority of the Trustees (including a majority of the Independent Trustees) not otherwise interested in such transaction approve the transaction as being fair and reasonable to the Trust and at a price to the Trust no greater than the purchase price or development cost of the asset to such Sponsor, Trustee or Affiliate thereof, or if the price to the Trust is in excess of such value as determined by the Board of Trustees, that substantial justification for such excess exists and such excess is reasonable. In no event shall the purchase price exceed the appraised value.

B. The Trust shall not sell property to a Sponsor, or any Trustee or Affiliates thereof, without the approval of a majority of the Trustees (including a majority of the Independent Trustees). The Board of Trustees, including a majority of the Independent Trustees, must determine that the transaction is fair and reasonable to the Trust.

C. The Trust may obtain loans from a Sponsor, or any Trustee or Affiliates thereof, with the approval of a majority of the Trustees (including a majority of the Independent Trustees) not otherwise interested in such transaction as long as they approve the transaction as being fair, competitive, and commercially reasonable and no less favorable

to the Trust than loans between unaffiliated lenders and borrowers under the same circumstances.

D. The Trust will not invest in joint ventures with a Sponsor, or any Trustee, or Affiliates thereof, unless a majority of Trustees (including a majority of the Independent Trustees) not otherwise interested in such transaction approve the transaction as being fair and reasonable to the Trust and as being on substantially the same terms and conditions as those received by the other joint venturers.

E. When a Sponsor, or any Trustee or Affiliates thereof have sponsored other investment programs with similar investment objectives which have investment funds available at the same time as the Trust, the Trust's Prospectus shall describe a reasonable method by which properties are allocated to the competing investment entities. It shall be the duty of the Trustees (including the Independent Trustees) to assure such method is applied fairly to the Trust.

F. All other transactions between the Trust and a Sponsor, or any Trustee or Affiliates thereof, shall require approval by a majority of the Trustees (including a majority of the Independent Trustees) not otherwise interested in such transaction as being fair and reasonable to the Trust and on the terms and conditions not less favorable to the Trust than those available from unaffiliated third parties.

Investment and Other Restrictions. The Trust will not engage in any of the following investment practices or activities: (1) invest in commodities or commodity future contracts; (2) invest more than ten percent (10%) of its total assets in unimproved real property or indebtedness secured by a real estate mortgage loan on unimproved real property; "unimproved property" means property which has the following characteristics (i) an equity interest in property which was not acquired for the purpose of producing rental or other operating income, (ii) has no development or construction in process on such land, and (iii) no development or construction on such land is planned in good faith to commence within one year; (3) engage in any short sale; (4) borrow on an unsecured basis if such borrowings will result in an asset coverage of less than three hundred percent (300%); "asset coverage," means the ratio which the value of the total assets of the Trust, less all liabilities and indebtedness except indebtedness for unsecured borrowings, reserve for depreciation and amortization, bears to the aggregate amount of all unsecured borrowings of the Trust; (5) engage in trading as compared with investment activities; (6) acquire securities in any company holding investments or engaging in activities prohibited by these restrictions; (7) engage in underwriting or the agency distribution of securities issued by others; (8) issue equity securities redeemable at the option of the holder; or (9) issue debt securities unless the historical debt service coverage (in the most recently completed fiscal year) as adjusted for known changes is sufficient to properly service the higher level of debt. In addition, the Trust may not incur any indebtedness which would result in an aggregate amount of indebtedness in excess of three hundred percent (300%) of the Trust's adjusted net worth. Any excess in borrowing over such 300% level shall be approved by a majority of the Independent Trustees and disclosed to Shareholders in the next quarterly report of the Trust, along with justification for such excess. 'Adjusted net worth,' means the amount obtained by subtracting the Trust's total liabilities from its total assets as adjusted, but not to include its reserve for depreciation and amortization, and based on figures shown on the Trust's books in accordance with generally accepted accounting principles. The aggregate borrowings, if any, of the Trust, secured and unsecured, shall be reasonable in relation to the net assets of the Trust and shall be reviewed by the Trustees at least annually.

Limited Liability of Trustees. The Amended and Restated Declaration of Trust provides that Trustees and Affiliates shall have no liability for any loss suffered by the Trust which arises from the action or inaction of them, if they, in good faith determined that their conduct was in the best interest of the Trust and such conduct did not constitute negligence or misconduct.

Indemnification of Trustees and Affiliates. The Amended and Restated Declaration of Trust provides that the Trust shall indemnify the Trustee and Affiliates with respect to actions, suits or proceedings or against whom a claim or liability is asserted by reason that he was or is a Trustee or Affiliate. However, indemnification by the Trust will be

provided only if all of the following are met: (1) The Trustee has determined, in good faith, that the course of conduct which caused the loss or liability was in the best interests of the Trust; (2) such liability or loss was not the result of negligence or misconduct by the Trustee or Affiliate; and (3) such indemnification or agreement to hold harmless is recoverable only out of the assets of the Trust and not from the Shareholders. Indemnification will not be allowed for any liability imposed by judgment, and costs associated therewith, including attorney's fees, arising from or out of a violation of state or federal securities laws associated with the offer and sale of Shares. Indemnification will be allowed for settlements and related expenses of lawsuits alleging securities law violations, and for expenses incurred in successfully defending such lawsuits, provided that a court either: (1) approves the settlement and finds that indemnification of the settlement and related costs should be made; or (2) approves indemnification of litigation costs if a successful defense is made. Any agreement of the Trust providing indemnification of a Trustee or Affiliate must be approved by a majority of the Trustees (including a majority of Independent Trustees) not otherwise interested therein as being fair and reasonable to the Trust. In the opinion of the Securities and Exchange Commission, indemnification for liabilities arising out of the Securities Act of 1933 is against public policy and therefore unenforceable.

Possible Shareholder Liability. The Trust is an unincorporated business trust organized and registered under North Dakota law. No individual Shareholder is to be personally liable as such for any liabilities, debts or obligations of, or claim against, the "real estate investment trust," wherever arising, and whether arising before or after such Shareowner became the owner or holder of shares thereof. No Shareholder shall be held to any personal liability whatsoever in connection with the affairs of the Trust, and all persons shall look solely to the Trust for satisfaction of claims of any nature and the Trust shall be solely liable therefore and resort shall be had solely to the Trust for the payment. In respect to tort claims, contract claims where Shareholder liability is not negated, claims for taxes and certain statutory liabilities, it is possible that Shareholders may, in jurisdictions other than North Dakota, be held personally liable to the extent that such claims are not satisfied by the Trust. This is because some other jurisdictions (where the Trust may acquire property) have not, by specific legislation or case law, granted limited liability to Shareholders (beneficiaries) of a business trust. In any such event, however, the Shareholder would be entitled to reimbursement (and indemnity) from the general assets of the Trust. Under the terms of the Amended and Restated Declaration of Trust, the Shares being offered hereby will not be subject to further calls or assessments by the Trust. All agreements of the Trust expressly will include a provision that Shareholders have no personal liability thereunder. The Trust does not believe that Shareholders are exposed to any significant risk, however because (i) the Trust's assets are expected to be adequate to meet its obligations, (ii) all contract claims will be negated as described in the preceding sentence, (iii) Trust mortgages, if any, will be non-recourse; and (iv) the Trust will carry insurance which the Trust considers adequate to cover probable tort claims. In addition, if the Trust or its counsel believe there is a question of liability in any state where the Trust may acquire property, the Trust will likely acquire such property through a wholly-owned real estate investment trust subsidiary corporation or limited liability company, and this would further limit or eliminate any such possible Shareholder liability.

Limit on the Amount of Shares Owned. The Amended and Restated Declaration of Trust provides that one Shareholder may not, after the initial public offering of Shares, own in excess of 9.8% of the outstanding Shares. The Trustees may prohibit transfer of any Shares that would violate this provision, and/or redeem offending Shares following the redemption provisions next described. The Trustees may in their discretion issue Shares and other securities for cash, property or other consideration on such terms as they may deem advisable. The Trustees are not authorized to issue more than one class of equity securities, which are herewith designated Shares.

Certain Transfer Restrictions-Redemptions. For the Trust to qualify as a real estate investment trust under the Internal Revenue Code in any taxable year, not more than fifty percent (50%) of its outstanding Shares may be owned directly or indirectly by five or fewer individuals (determined with the application of certain attribution rules) at any time during the last half of any taxable year. In order that the Trust will meet these requirements and to preserve the Trust's tax status as a real estate investment trust, the Trustees have the power under the Trust's Amended and Restated Declaration of Trust to prohibit the transfer of and/or redeem a sufficient number of Shares, selected in a manner deemed appropriate by the Trustees to maintain or bring the ownership of Shares into conformity with such requirements. The redemption price will be the fair market value as reflected in the latest market quotations, or, if no quotations are available, as determined in good faith by the Trustees. The holder of Shares called for redemption shall cease to be entitled to distributions, voting rights and other benefits with respect such Shares except the right to the payment of the purchase price for the Shares. The effect of

these requirements is to limit ownership of the Shares by each of the five largest Shareholders to no more than 9.8% of the outstanding Shares per holder including certain family members and other persons under applicable Code attribution provisions. To prevent the establishment and maintenance of small Shareholder accounts that would be uneconomical for the Trust to service and maintain, the Trustees may restrict transfers into (following the transfer prohibition and redemption provisions above described), or redeem the Shares held in, small lot (initially four Shares or less) and fractional share accounts.

Duration of Trust. The Amended and Restated Declaration of Trust provides for the termination of the Trust on the expiration of twenty-one (21) years after the death of the last survivor of the original members of the Board of Trustees who have signed the Declaration of Trust. However, the Trustees expect that they will begin an orderly process to sell the Trust's properties and distribute the sale proceeds (after provision for payment of the Trust's liabilities) to Shareholders on a time schedule and in a manner that, in the Trustee's business judgment will provide the best return to the Shareholders. In all events, the Trust shall terminate when and if required in accordance with North Dakota law and shall be unaffected by any rule against perpetuities.

Shareholders may, at any time, by a vote of Shareholders holding at least a majority of the outstanding Shares elect to terminate the Trust and direct the Trustees to wind up and settle the Trust's affairs, liquidate the Trust's assets and distribute the net proceeds to the Shareholders of record.

Amendments. The Amended and Restated Declaration of Trust may be amended by an affirmative vote of Shareholders holding a majority of the outstanding Shares. In addition, a majority of the Trustees (including a majority of the Independent Trustees) may, without the approval of the Shareholders, adopt an amendment to the Amended and Restated Declaration of Trust which the Trustees determine in good faith to be necessary to conform to the requirements of the federal tax law provisions for real estate investment trusts, or any requirements imposed by any state securities regulator and any other applicable laws or regulations.

Limitation on Total Operating Expenses. The Amended and Restated Declaration of Trust provides that, subject to the conditions described in the following paragraph, the Total Operating Expenses of the Trust shall not exceed in any fiscal year the greater of two percent (2%) of the Average Invested Assets of the Trust during such fiscal year or twenty-five percent (25%) of the Trust's Net Income during such fiscal year.

The Independent Trustees may determine that a higher level of Total Operating Expenses is justified for such period. Within sixty (60) days after the end of any fiscal quarter of the Trust for which Total Operating Expenses (for twelve (12) months then ended) exceed both two percent (2%) of Average Invested Assets and twenty-five percent (25%) of Net Income as described above, the Amended and Restated Declaration of Trust hereby provides that there shall be sent to the Shareholders a written disclosure of such fact including an explanation of the conclusions of the Board of Trustees. In the event the Total Operating Expenses exceed the limitations described above and if the Trustees are unable to conclude that such excess was justified then, within sixty (60) days after the end of the Trust's fiscal year, Dakota REIT Management, Inc., shall reimburse the Trust the amount by which the Total Operating Expenses paid or incurred by the Trust exceed the limitation.

Access to Records. Any Shareholder and any designated representative thereof shall be permitted access to all records of the Trust at all reasonable times, and may inspect and copy any of them. Inspection of the Trust books and records by the administrator shall be provided upon reasonable notice and during normal business hours. An alphabetical list of the names, addresses, and telephone numbers of the Shareholders of the Trust along with the number of Shares held by each of them (the "Shareholder List") shall be maintained as part of the books and records of the Trust and shall be available for inspection by any Shareholder or the Shareholder's designated agent at the home office of the Trust upon the request of the Shareholder. The Shareholder List shall be updated at least quarterly to reflect changes in the information contained therein. A copy of the Shareholder List shall be mailed to any Shareholder requesting the Shareholder List within ten days of the request. The copy of the Shareholder List shall be printed in alphabetical order, on white paper, and in a readily readable type size (in no event smaller than 10-point type). A reasonable charge for copy work may be charged by the Trust.

Voting of Shares Owned by Trustees and Dakota REIT Management, Inc. Dakota REIT Management, Inc., the Trustees and their Affiliates may not vote or comment on matters submitted to Shareholders regarding removal of Dakota REIT Management, Inc., the Trustees or their Affiliates, or regarding any transaction between the Trust and any of them.

SUMMARY OF UPREIT OPERATING PARTNERSHIP AGREEMENT

The Trust is the General Partner of UPREIT. As of December 31, 2002, the Trust owned 993,528 Units of the Partnership, or 63.3 percent of the outstanding Units. Limited Partners owned 575,589 Units, or 36.7 percent of UPREIT.

The following is a summary of the material terms of the Operating Partnership Agreement. Any descriptions are qualified in their entirety by reference to the Operating Partnership Agreement. A copy of the Operating Partnership Agreement can be made available by contacting the General Partner during normal business hours at 701/239-6879.

Management

The Dakota UPREIT Limited Partnership has been organized as a North Dakota limited partnership pursuant to the Limited Partnership Agreement of UPREIT ("the Operating Partnership Agreement"). The general partner is the Trust. As the sole general partner of the limited partnership, the Trust has the full, complete and exclusive discretion to manage and control the business of the limited partnership, and the limited partners have no authority in their capacity as limited partners to transact business for, or participate in the management of, the limited partnership.

Capital Contributions and Accounts

Capital Contributions. The Trust, as General Partner, shall contribute to the capital of the Partnership all of its assets subject to all of its liabilities. The Limited Partners shall contribute to the capital of the Partnership the personal or real property in such amounts and under the terms and conditions as set forth in a subscription agreement signed by the Limited Partner.

Although not stated in the Limited Partnership Agreement, the Trustees have established criteria for the property that will be accepted in exchange for UPREIT Units. UPREIT may invest in any type of real estate; however, its emphasis will be multi-family apartments and town homes (approximately 70% of UPREIT's portfolio) and the balance in office buildings, shopping centers, industrial properties, special purpose buildings, and undeveloped acreage. No more than 10% of UPREIT's assets will be invested in unimproved real estate, except for property where development will commence within one year.

UPREIT has not invested in real estate mortgages to date, but it is not restricted from doing so. UPREIT is permitted to invest in the securities of other entities engaged in the ownership and operation of real estate. Currently, UPREIT has invested in three limited partnerships that own and operate real estate investments. The underlying property of a security investment must meet UPREIT's investment criteria for real estate and provide a cash flow similar to other investments. UPREIT is not prohibited from investing in entities engaged in real estate activities, however, it has not done so and does not intend to do so. (See Investment Objectives and Policies, above.)

Additional Capital Contributions and Issuances of Additional Partnership Interest. Except as provided in the Operating Partnership Agreement, the Partners shall have no right or obligation to make any additional Capital Contributions or loans to the Partnership. The General Partner may contribute additional capital to the Partnership, from time to time, and receive additional Partnership Interests in return.

Issuance of Additional Partnership Interests. The General Partner is authorized to cause the Partnership to issue such additional Partnership Interests in the form of Partnership Units for any Partnership purpose at any time or from time to time, to the Partners (including the General Partner) or to other Persons for such consideration and on such terms and

conditions as shall be established by the General Partner in its sole and absolute discretion, all without the approval of any Limited Partners. However, no additional Partnership Interests shall be issued to the General Partner unless it complies with the provisions set forth in the Operating Partnership Agreement.

Additional Funding. If the General Partner determines that it is in the best interests of the Partnership to provide for additional Partnership funds ("Additional Funds") for any Partnership purpose, the General Partner may (i) cause the Partnership to obtain such funds from outside borrowings, or (ii) elect to have the Trust provide such Additional Funds to the Partnership through loans or otherwise.

Capital Accounts. A separate capital account (a "Capital Account") shall be established and maintained for each Partner in accordance with Regulation Section 1.704-1(b)(2)(iv) of the Internal Revenue Code.

No Interest on Contributions. No Partner shall be entitled to interest on its Capital Contribution.

Return of Capital Contributions. No Partner shall be entitled to withdraw any part of its Capital Contribution or its Capital Account or to receive any distribution from the Partnership, except as specifically provided in the Operating Partnership Agreement. Except as otherwise provided herein, there shall be no obligation to return to any Partner or withdrawn Partner any part of such Partner's Capital Contribution for so long as the Partnership continues in existence.

Profits, Losses and Distributions

Allocation of Profit and Loss. Profit and Loss of the Partnership for each fiscal year of the Partnership shall be allocated among the Partners in accordance with their respective Percentage Interests.

Capital Account Deficits. Loss shall not be allocated to a Limited Partner to the extent that such allocation would cause a deficit in such Partner's Capital Account.

Allocations Between Transferor and Transferee. If a Partner transfers any part or all of its Partnership Interest, the distributive shares of the various items of Profit and Loss allocable among the Partners during such fiscal year of the Partnership shall be allocated between the transferor and the transferee Partner either (i) as if the Partnership's fiscal year had ended on the date of the transfer, or (ii) based on the number of days of such fiscal year that each was a Partner without regard to the results of Partnership activities in the respective portions of such fiscal year in which the transferor and the transferee were Partners. The General Partner, in its sole discretion, shall determine which method shall be used to allocate the distributive shares of the various items of Profit and Loss between the transferor and the transferee Partner.

Definition of Profit and Loss. "Profit" and "Loss" and any items of income, gain, expense, or loss referred to in this Agreement shall be determined in accordance with federal income tax accounting principles, as modified by Regulations Section 1.704-1(b)(2)(iv), except that Profit and Loss shall not include items of income, gain and expense that are specially allocated pursuant to Section 5 of the Operating Partnership Agreement.

Distribution of Cash. The Partnership shall distribute cash on a quarterly (or, at the election of the General Partner, more frequent) basis, in an amount determined by the General Partner in its sole discretion, to the Partners who are Partners on the Partnership Record Date with respect to such quarter (or other distribution period) in accordance with their respective Percentage Interests on the Partnership Record Date; provided, however, that if a new or existing Partner acquires an additional Partnership Interest in exchange for a Capital Contribution on any date other than a Partnership Record Date, the cash distribution attributable to such additional Partnership Interest relating to the Partnership Record Date next following the issuance of such additional Partnership Interest shall be reduced in the proportion that the number of days that such additional Partnership Interest is held by such Partner bears to the number of days between such Partnership Record Date and the immediately preceding Partnership Record Date.

Trust Distribution Requirements. The General Partner shall use its reasonable efforts to cause the Partnership to distribute amounts sufficient to enable it to pay shareholder distributions that will allow it to (i) meet its distribution

requirement for qualification as a REIT as set forth in Section 857(a)(1) of the Internal Revenue Code; and (ii) avoid any federal income or excise tax liability imposed by the Code.

Limitations on Return of Capital Contributions. Notwithstanding any of the provisions of Article V of the Operating Partnership Agreement, no Partner shall have the right to receive and the General Partner shall not have the right to make, a distribution that includes a return of all or part of a Partner's Capital Contribution, unless after giving effect to the return of a Capital Contribution, the sum of all Partnership liabilities, other than the liabilities to a Partner for the return of his Capital Contribution, does not exceed the fair market value of the Partnership's assets.

Distributions Upon Liquidation. Upon liquidation of the Partnership, after payment of, or adequate provision for, debts and obligations of the Partnership, including any Partner loans, any remaining assets of the Partnership shall be distributed to all Partners with positive Capital Accounts in accordance with their respective positive Capital Account balances. For purposes of the preceding sentence, the Capital Account of each Partner shall be determined after all adjustments made in accordance with Sections 5.1 and 5.2 of the Operating Partnership Agreement resulting from Partnership operations and from all sales and dispositions of all or any part of the Partnership's assets. To the extent deemed advisable by the General Partner, appropriate arrangements (including the use of a liquidating trust) may be made to assure that adequate funds are available to pay any contingent debts or obligations.

If the General Partner has a negative balance in its Capital Account following a liquidation of the Partnership, as determined after taking into account all Capital Account adjustments in accordance with Sections 5.1 and 5.2 of the Operating Partnership Agreement resulting from Partnership operations and from all sales and dispositions of all or any part of the Partnership's assets, the General Partner shall contribute to the Partnership an amount of cash equal to the negative balance in its Capital Account and such cash shall be paid or distributed by the Partnership to creditors, if any, and then to the Limited Partners in accordance with Section 5.6(a) of the Operating Partnership Agreement. Such contribution by the General Partner shall be made by the end of the Partnership's taxable year in which the liquidation occurs (or, if later, within 90 days after the date of the liquidation).

Rights, Obligations and Powers of the General Partner

Conflicts of Interest and Investment Restrictions. The Partnership shall not purchase any property, sell or lease any property, borrow or loan any money nor invest in any joint ventures with any trustee, director, employee, Advisor or Affiliate of the Trust, except in connection with a transaction approved by a majority of the Independent Trustees of the Trust who are not themselves in any way involved in the transaction, as being a fair, competitive and commercially reasonable transaction which is no less favorable to the Partnership than a similar transaction between unaffiliated parties under the same circumstances.

General Partner Participation. The General Partner agrees that all business activities of the General Partner, including activities pertaining to the acquisition, development or ownership of office or industrial property or other property, shall be conducted through the Partnership or one or more Subsidiary Partnerships; provided, however, that the Trust is allowed to make a direct acquisition, but if and only if, such acquisition is made in connection with the issuance of Additional Securities, which direct acquisition and issuance have been approved and determined to be in the best interests of the Trust and the Partnership by a majority of the Independent Trustees.

Title to Partnership Assets. Title to Partnership assets, whether real, personal or mixed and whether tangible or intangible, shall be deemed to be owned by the Partnership as an entity, and no Partner, individually or collectively, shall have any ownership interest in such Partnership assets or any portion thereof. Title to any or all of the Partnership assets may be held in the name of the Partnership, the General Partner, the Trust, or one or more nominees, as the General Partner may determine, including Affiliates of the General Partner. All Partnership assets shall be recorded as the property of the Partnership in its books and records, irrespective of the name in which legal title to such Partnership assets is held.

Miscellaneous. In the event the Trust redeems any Trust Shares, then the General Partner shall cause the Partnership to purchase from the Trust a number of Partnership Units as determined based on the application of the

Conversion Factor on the same terms that the Trust exchanged such Trust Shares. Moreover, if the Trust makes a cash tender offer or other offer to acquire Trust Shares, then the General Partner shall cause the Partnership to make a corresponding offer to the Trust to acquire an equal number of Partnership Units held by the Trust. In the event any Trust Shares are exchanged by the Trust pursuant to such offer, the Partnership shall redeem an equivalent number of Partnership Units for an equivalent purchase price based on the application of the Conversion Factor.

Changes in General Partner

Transfer of the General Partner's Partnership Interest. The General Partner shall not transfer its General Partnership Interest except in connection with a transaction described in Section 7.1(c) or Section 7.1(d) of the Operating Agreement.

Any Transfer in contravention of any of the provisions of Article IX of the Operating Partnership Agreement shall be void and ineffectual and shall not be binding upon, or recognized by, the Partnership. The General Partner agrees that it will at all times own in the aggregate at least 20% of the Partnership.

Admission of a Substitute or Additional General Partner. A Person shall be admitted as a substitute or additional General Partner of the Partnership only if the following terms and conditions are satisfied:

- a) a majority in interest of the Limited Partners (other than the Trust) shall have consented in writing to the admission of the substitute or additional General Partner, which consent may be withheld in the sole discretion of such Limited Partners;
- b) the Person to be admitted as a substitute or additional General Partner shall have accepted and agreed to be bound by all the terms and provisions of this Agreement by executing a counterpart thereof and such other documents or instruments as may be required or appropriate in order to effect the admission of such Person as a General Partner, and a certificate evidencing the admission of such Person as a General Partner shall have been filed for recordation and all other actions required by Section 2.5 of the Operating Partnership Agreement in connection with such admission shall have been performed;
- c) if the Person to be admitted as a substitute or additional General Partner is a corporation or a partnership it shall have provided the Partnership with evidence satisfactory to counsel for the Partnership of such Person's authority to become a General Partner and to be bound by the terms and provisions of this Agreement; and
- d) counsel for the Partnership shall have rendered an opinion (relying on such opinions, from other counsel and the state or any other jurisdiction as may be necessary) that the admission of the Person to be admitted as a substitute or additional General Partner is in conformity with the Act, that none of the actions taken in connection with the admission of such Person as a substitute or additional General Partner will cause (i) the Partnership to be classified other than as a partnership for federal income tax purposes, or (ii) the loss of any Limited Partner's limited liability.

Rights and Obligations of Limited Partners

Limitation on Liability of Limited Partners. No Limited Partner shall be liable for any debts, liabilities, contracts or obligations of the Partnership. A Limited Partner shall be liable to the Partnership only to make payments of its Capital Contribution, if any, as and when due hereunder. After its Capital Contribution is fully paid, no Limited Partner shall, except as otherwise required by the Act, be required to make any further Capital Contributions or other payments or lend any funds to the Partnership.

Exchange Right. After owning shares for one year and subject to certain limitations in the Operating Partnership Agreement, each Limited Partner, other than the Trust, shall have the right (the "Exchange Right") to require the Partnership to redeem all or a portion of the Partnership Units held by such Limited Partner. The Exchange Right shall be

exercised pursuant to a Notice of Exchange delivered to the General Partner. However, the Partnership shall not be obligated to satisfy such Exchange Right if the Trust elects to purchase the Partnership Units. No Limited Partner may deliver more than two Notices of Exchange during each calendar year. A Limited Partner may not exercise the Exchange Right for less than one hundred (100) Partnership Units or, if such Limited Partner holds less than one hundred (100) Partnership Units, all of the Partnership Units held by such Partner. The Exchanging Partner shall have no right, with respect to any Partnership Units so exchanged, to receive any distribution paid with respect to Partnership Units if the record date for such distribution is on or after the Specified Exchange Date.

The Trust shall have the option to purchase any Units offered by a Limited Partner.

A Limited Partner may not exercise its exchange right if it would cause the Trust to violate Ownership Limitations set forth in the Amended and Restated Declaration of Trust, or cause the acquisition of Trust Shares by such Partner to be “integrated” with any other distribution of Trust Shares for purposes of complying with the registration provisions of the Securities Act of 1933, as amended (the “Securities Act”), or cause the acquisition of the Trust Shares to be made in violation of any of the provisions relating to exemption from registration or registration of the Securities Act.

Any Trust Shares acquired pursuant to the Exchange Right shall be “restricted shares” issued pursuant to an exemption from registration under the Securities Act and will be subject to significant limitations on resale and transfer. The Trust Shares have not been, and will not be registered under the Securities Act or the Securities Exchange Act of 1934.

Transfers of Limited Partnership Interests

Restrictions on Transfer of Limited Partnership Interests. Subject to certain provisions of the Operating Partnership Agreement, a Limited Partner may transfer all or any portion of his or her Limited Partnership Interest with or without the consent of the General Partner. The General Partner may require, as a condition of any Transfer, that the transferor assume all costs incurred by the Partnership in connection therewith.

- i. No Limited Partner may effect a Transfer of its Limited Partnership Interest, in whole or in part, if, in the opinion of legal counsel for the Partnership, such proposed Transfer would require the registration of the Limited Partnership Interest under the Securities Act of 1933, as amended, or would otherwise violate any applicable federal or state securities or blue sky law (including investment suitability standards).
- ii. No transfer by a Limited Partner of his or her Partnership Units, in whole or in part may be made to any Person if (i) in the opinion of legal counsel for the Partnership, the transfer would result in the Partnership’s being treated as an association taxable as a corporation (other than a qualified REIT subsidiary within the meaning of Section 856(i) of the Code), (ii) in the opinion of legal counsel for the Partnership, it would adversely affect the ability of the Trust to qualify as a REIT or subject the Trust to any additional taxes under Section 857 or section 4981 of the Code, or (iii) such transfer is effectuated through an “established securities market” or a “secondary market (or the substantial equivalent thereof)” within the meaning of Section 7704 of the Code.
- iii. No transfer of any Partnership Units may be made to a lender to the Partnership or any Person who is related (within the meaning of Regulations Section 1.752-4(b)) to any lender to the Partnership whose loan constitutes a nonrecourse liability (within the meaning of Regulations Section 1.752-1(a)(2)), without the consent of the General Partner, which may be withheld in its sole and absolute discretion, provided that as a condition to such consent the lender will be required to enter into an arrangement with the Partnership and the General Partner to exchange or redeem for the Cash Amount any Partnership Units in which a security interest is held simultaneously with the time at which such lender would be deemed to be a partner in the Partnership for purposes of allocating liabilities to such lender under Section 752 of the Code.

- iv. Any Transfer in contravention of any of the provisions of Article IX of the Operating Partnership Agreement shall be void and ineffectual and shall not be binding upon, or recognized by, the Partnership.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

General

The following discussion describes the material U.S. federal income tax consequences relating to:

- the taxation of the Trust as a Real Estate Investment Trust (“REIT”); and
- the ownership and disposition of Trust shares.

Because this is a summary that is intended to address only federal income tax consequences relating to the ownership and disposition of shares that will apply generally to all holders, it may not contain all the information that may be important to your specific circumstances. As you review this discussion, you should keep in mind that:

- the tax consequences to you may vary depending on your particular tax situation;
- special rules may apply to you that are not discussed below if, for example, you are:
 - a tax-exempt organization;
 - a broker-dealer;
 - a non-U. S. person;
 - a trust;
 - an estate;
 - a regulated investment company;
 - a bank;
 - a pension fund;
 - a person that has a functional currency other than the U.S. dollar;
 - an insurance company; or
 - otherwise subject to special tax treatment under the Internal Revenue Code;
- this summary does not address state, local or foreign tax considerations;
- this summary deals only with the beneficial owner of Trust shares that will hold their shares as “capital assets,” within the meaning of Section 1221 of the Internal Revenue Code;
- this summary does not address all aspects of taxation that may be relevant to persons who are not citizens or residents of the United States; and
- this discussion is not intended to be, and should not be construed as, tax advice.

You are urged both to review the following discussion and to consult with your own tax advisor to determine the effect of ownership and disposition of Trust shares on your individual tax situation, including any state, local or non-U.S. tax consequences.

The information in this section is based on the current Internal Revenue Code, current, temporary and proposed Treasury Regulations, the legislative history of the Internal Revenue Code, current administrative interpretations and practices of the Internal Revenue Service, including its practices and policies as endorsed in private letter rulings, which are

not binding on the Internal Revenue Service, and existing court decisions. Future legislation, regulations, administrative interpretations and court decisions could change current law or adversely affect existing interpretations of current law. Any change could apply retroactively. Neither UPREIT nor the Trust has requested any rulings from the Internal Revenue Service concerning the tax treatment of the matters discussed below.

Thus, it is possible that the Internal Revenue Service could challenge the statements in this discussion, which do not bind the Internal Revenue Service or the courts, and that a court could agree with the Internal Revenue Service.

As used in this discussion, the term "U.S. shareholder" means a beneficial owner of a Trust share that is for United States federal income tax purposes:

- a citizen or resident, as defined in Section 7701 (b) of the Internal Revenue Code, of the United States;
- a corporation or partnership, or other entity treated as a corporation or partnership for federal income tax purposes, created or organized under the laws of the United States, any state or the District of Columbia;
- an estate, the income of which is subject to United States federal income taxation regardless of its source; or
- in general, a trust subject to the primary supervision of a United States court and the control of one or more United States persons.

Generally, in the case of a partnership that holds Trust shares, any partner that would be a U.S. shareholder if it held Trust shares directly is also a U.S. shareholder. A "non-U.S. shareholder" is a holder, including any partner in a partnership that holds Trust shares, that is not a U.S. shareholder.

REIT Qualification

Beginning with its tax year ending December 31, 2000, the Trust has elected to be taxed as a REIT under Sections 856 through 860 of the Internal Revenue Code. A REIT generally is not subject to federal income tax on the income that it distributes to shareholders if it meets the applicable REIT dividend requirements and other requirements for qualification.

Beginning with its tax year ending December 31, 2000, the Trust believes that it is organized and has operated, and the Trust intends to continue to operate, in a manner to qualify as a REIT, but there can be no assurance that the Trust will qualify or remain qualified as a REIT. Qualification and taxation as a REIT depend upon the Trust's ability to meet, through actual annual operating results, requirements relating to asset ownership, dividend levels and diversity of share ownership, and the various other REIT qualification requirements imposed under the Internal Revenue Code. Given the complex nature of the REIT qualification requirements, the ongoing importance of factual determinations and the possibility of future changes in the circumstances of the Trust, the Trust cannot provide any assurance that its actual operating results for any particular taxable year will satisfy the requirements for taxation as a REIT under the Internal Revenue Code.

It is the opinion of the law firm of Larkin, Hoffman, Daly & Lindgren, Ltd., assuming that the actions described in this Section have been completed on a timely basis and the Trust timely filed the requisite elections, that the Trust, commencing with its tax year ending December 31, 2000, has been organized in conformity with the requirements for qualification and the Trust's current and proposed method of operation (as described in this Offering Circular) will enable it to continue to satisfy the applicable requirements under federal income tax laws. The opinion is based and conditioned, in part, on various assumptions and certain representations made to Larkin, Hoffman, Daly & Lindgren, Ltd. by the Trust and its officers. The Trust's qualification and federal income taxation as a REIT depends upon its ability to meet, through operation of the properties it acquires and its investment in other assets, the applicable requirements under federal income tax laws. Larkin, Hoffman, Daly & Lindgren, Ltd. has not reviewed these operating results for compliance with the applicable requirements under federal income tax laws in any taxable year. Therefore, no assurance can be given that the Trust's actual operating results will allow it to satisfy the applicable requirements under federal income tax laws in any

taxable year. In addition, this opinion represents Larkin, Hoffman, Daly & Lindgren, Ltd.'s legal judgment and is not binding on the Internal Revenue Service.

Taxation of the Trust as a REIT

General. So long as the Trust qualifies for taxation as a REIT, it generally will not be subject to federal corporate income tax on its net income that is distributed currently to its shareholders. This treatment substantially eliminates double taxation at both the corporate and shareholder levels that generally results from an investment in a regular corporation. However, the Trust will be subject to federal income tax as follows:

- The Trust will be taxed at regular corporate rates on any undistributed "REIT taxable income." REIT taxable income is the taxable income of the REIT subject to specified adjustments, including a deduction for dividends paid;
- Under some circumstances, the Trust may be subject to the "alternative minimum tax" on its items of tax preference;
- If the Trust has net income from the sale or other disposition of "foreclosure property" that is held primarily for sale to customers in the ordinary course of business, or other nonqualifying income from foreclosure property, it will be subject to tax at the highest corporate rate on this income;
- The Trust's net income from "prohibited transactions" will be subject to a 100% tax. In general, prohibited transactions are sales or other dispositions of property held primarily for sale to customers in the ordinary course of business other than foreclosure property;
- If the Trust fails to satisfy either the 75% gross income test or the 95% gross income test discussed below, but nonetheless maintains its qualification as a REIT because other requirements are met, it will be subject to a tax equal to the gross income attributable to the greater of the amount by which The Trust fails either the 75% or 95% test, multiplied by a fraction intended to reflect its profitability; and
- The Trust will be subject to a 4% excise tax on the excess of the required dividend over the sum of amounts actually distributed and amounts retained for which federal income tax was paid, if the Trust fails to distribute during each calendar year at least the sum of:
 - 85% of its REIT ordinary income for the year;
 - 95% of its REIT capital gain net income for the year; and
 - any undistributed taxable income from prior taxable years.

In addition, if the Trust acquires any asset from a taxable "C" corporation in a carry-over basis transaction, it could be liable for specified tax liabilities inherited from that "C" corporation. To its knowledge, the Trust has not acquired any assets from a "C" corporation in a carry-over basis transaction.

Requirements for Qualification as a REIT. The Internal Revenue Code defines a REIT as a corporation, trust or association:

- (1) that is managed by one or more trustees or directors;
- (2) the beneficial ownership of which is evidenced by transferable shares, or by transferable certificates of beneficial interest;
- (3) that would be taxable as a domestic corporation, but for Sections 856 through 860 of the Internal Revenue Code, which provide the rules applicable to REITs;

- (4) that is neither a financial institution nor an insurance company subject to applicable provisions of the Internal Revenue Code;
- (5) the beneficial ownership of which is held by 100 or more persons;
- (6) during the last half of each taxable year not more than 50% in value of the outstanding shares of which is owned directly or indirectly by five or fewer individuals, as defined in the Internal Revenue Code to include specified entities;
- (7) that makes an election to be taxable as a REIT, or has made this election for a previous taxable year which has not been revoked or terminated, and satisfies all relevant filing and other administrative requirements established by the Internal Revenue Service that must be met to elect and maintain REIT status;
- (8) that uses a calendar year for federal income tax purposes and complies with the recordkeeping requirements of the Internal Revenue Code and regulations promulgated thereunder; and
- (9) that meets other applicable tests, described below, regarding the nature of its income and assets and the amount of its dividends.

Conditions (1), (2), (3) and (4) above must be met during the entire taxable year and condition (5) above must be met during at least 335 days of a taxable year of 12 months, or during a proportionate part of a taxable year of less than 12 months. For purposes of determining stock ownership under condition (6) above, a supplemental unemployment compensation benefits plan, a private foundation or a portion of a trust permanently set aside or used exclusively for charitable purposes generally is considered an individual. However, a trust that is a qualified trust under Internal Revenue Code Section 401 (a) generally is not considered an individual, and beneficiaries of a qualified trust are treated as holding shares of a REIT in proportion to their actuarial interests in the trust for purposes of condition (6) above.

Beginning with its tax year ending December 31, 2000, the Trust believes that it has issued sufficient shares of beneficial interest with sufficient diversity of ownership to allow it to satisfy conditions (5) and (6) above. The Trust, which was established on October 1, 1997, initially filed its federal income tax returns as a REIT for its tax years ending December 31, 1997 and December 31, 1998. Subsequently, the Trust, upon realizing that it had not met condition (5) above requiring that the beneficial interests of the Trust are to be held by one hundred (100) or more persons, filed amended federal income tax returns for its tax years ending December 31, 1997 and December 31, 1998 on which it elected to be taxed as a C corporation for those tax years. The Trust also filed its federal income tax return for its tax year ending December 31, 1999 as a C corporation.

It is the Trust's position that following the amendment of its 1997 and 1998 federal income tax returns, that it had not made an election to be taxed as a REIT on such tax returns. The Internal Revenue Service could disagree with the Trust's position and assert that the Trust had made a REIT tax election on its originally filed tax return for its tax year ending December 31, 1997, and such election was thereafter terminated or revoked. If this were the case, Code Section 856(g)(3) provides that once an entity makes a REIT tax election and it is thereafter terminated or revoked, the entity cannot make another REIT tax election for any taxable year prior to the fifth taxable year which begins after the first taxable year for which such termination or revocation is effective, unless a good faith exception set forth in Code Section 856(g)(4) applies.

The Trust believes that, if necessary, it would qualify under the good faith exception set forth in Code Section 856(g)(4) which provides that an entity can re-elect to be taxed as a REIT prior to the end of the five (5) year period if (i) the entity has not willfully failed to file a timely income tax return for the taxable year with respect to which the termination of the election occurred, (ii) the inclusion of any incorrect information on such return was not due to fraud with intent to evade tax, and (iii) the entity establishes to the satisfaction of the Internal Revenue Service that its failure to qualify as a REIT was due to reasonable cause and not willful neglect. The Trust believes that all of its income tax returns have been filed timely and any incorrect information on such returns was included in good faith and not with an intent to evade tax; that no tax liability was due either on the originally filed returns or on the amended returns for 1997 and 1998; and that it reasonably

believed that it had three (3) years in order to satisfy the one hundred (100) person beneficial ownership requirement set forth in Code Section 856(a)(5), as opposed to the actual one (1) year waiver of this condition provided in Code Section 856(h)(2). Therefore, the Trust believes it would, if necessary, meet the requirements set forth in Code Section 856(g)(4) and its election to be taxed as a REIT beginning January 1, 2001 is effective as of that date.

The Internal Revenue Service has not ruled on any issues regarding the timing or effectiveness of the Trust's election to be taxed as a REIT. In the event that it was determined that Code Section 856(g)(3) applied to the Trust, and that the exception provided in Code Section 856(g)(4) was not applicable to the Trust, the Trust would not be eligible to re-elect to be taxed as a REIT until its tax year beginning January 1, 2003, and would be taxed as a C corporation for its tax years ending prior to January 1, 2003. However, the Trust believes that taxation of the Trust as a C Corporation for the years through December 31, 2001, would not affect the amount of the Trust's taxes for those years.

The Trust's declaration of trust contains restrictions regarding the transfer of shares of beneficial interest that are intended to assist the Trust in continuing to satisfy the share ownership requirements described in condition (6) above. These restrictions, however, may not ensure that the Trust will be able to satisfy such share ownership requirements. If the Trust fails to satisfy such share ownership requirements, it will fail to qualify as a REIT. To monitor its compliance with condition (6) above, a REIT is required to send annual letters to its shareholders requesting information regarding the actual ownership of its shares. If the Trust complies with the annual letters requirement and it does not know or, exercising reasonable diligence, would not have known of its failure to meet condition (6) above, then it will be treated as having met condition (6) above.

To qualify as a REIT, the Trust cannot have at the end of any taxable year any undistributed earnings and profits that are attributable to a non-REIT taxable year. The Trust does not have any undistributed non-REIT earnings and profits.

Ownership of Partnership Interests by a REIT. A REIT that is a partner in a partnership will be deemed to own its proportionate share of the assets of the partnership and will be deemed to earn its proportionate share of the partnership's income. In addition, the assets and gross income of the partnership retain the same character in the hands of the REIT for purposes of the gross income and asset tests applicable to a REIT as described below. Thus, the Trust's proportionate share of the assets and items of income of UPREIT are treated as assets and items of income of the Trust for purposes of applying the asset and income tests. The Trust has control over UPREIT and intends to operate it in a manner that is consistent with the requirements for qualification of the Trust as a REIT.

Income Tests Applicable to REITs. To qualify as a REIT, the Trust must satisfy two gross income tests. First, at least 75% of the Trust's gross income, excluding gross income from prohibited transactions, for each taxable year must be derived directly or indirectly from investments relating to real property or mortgages on real property, including "rents from real property," gains on the disposition of real estate, dividends paid by another REIT and interest on obligations secured by mortgages on real property or on interests in real property, or from some types of temporary investments. Second, at least 95% of the Trust's gross income, excluding gross income from prohibited transactions, for each taxable year must be derived from any combination of income qualifying under the 75% test and dividends, interest, some payments under hedging instruments and gain from the sale or disposition of stock or securities and some hedging instruments.

Rents received by the Trust will qualify as rents from real property in satisfying the gross income requirements for a REIT described above only if several conditions are met. First, the amount of rent must not be based in whole or in part on the income or profits of any person. However, an amount received or accrued generally will not be excluded from the term rents from real property solely by reason of being based on a fixed percentage or percentages of receipts or sales. Second, rents received from a "related party tenant" will not qualify as rents from real property in satisfying the gross income tests unless the tenant is a taxable REIT subsidiary and certain applicable conditions are met. A tenant is a related party tenant if the REIT, or an actual or constructive owner of 10% or more of the REIT, actually or constructively owns 10% or more of the tenant. Third, if rent attributable to personal property, leased in connection with a lease of real property, is greater than 15% of the total rent received under the lease, then the portion of rent attributable to the personal property will not qualify as rents from real property.

Generally, for rents to qualify as rents from real property for the purpose of satisfying the gross income tests, the Trust is only allowed to provide services that are “usually or customarily rendered” in connection with the rental of real property and not otherwise considered “rendered to the occupant.” Accordingly, the Trust may not provide “impermissible services” to the tenants except through an independent contractor that bears the expenses of providing the services and from whom the Trust derives no revenue. The Trust, however, may provide some impermissible services directly if the “impermissible tenant service income” at any particular property for any taxable year does not exceed 1% of the Trust’s total income from that property. Impermissible tenant service income is deemed to be at least 150% of the Trust’s direct cost of providing the service. If the total amount of impermissible tenant service income from a property does not exceed 1% of the Trust’s total income from the property, the services will not cause the rent paid by tenants of that property to fail to qualify as rents from real property, but the impermissible tenant service income will not qualify as rents from real property. If the impermissible tenant service income exceeds 1% of the Trust’s total income from a property, then all of the income from that property will fail to qualify as rents from real property.

The Trust does not and does not intend to do any of the following:

- charge rent for any property that is based in whole or in part on the income or profits of any person, except by reason of being based on a fixed percentage or percentages of receipts or sales, as described above, unless the Trust determines that the rent received from a particular tenant under this type of arrangement is not material and will not jeopardize the Trust’s status as a REIT;
- rent any property to a related party tenant, unless the Trust determines that the rent received from the related party tenant that results in non-qualifying income is not material and will not jeopardize the Trust’s status as a REIT;
- derive rental income attributable to personal property other than personal property leased in connection with the lease of real property, the amount of which is less than 15% of the total rent received under the lease, unless the rental income is not material and will not jeopardize the Trust’s status as a REIT; or
- perform services considered to be noncustomary or rendered to the occupant of the property, other than through an independent contractor from whom the Trust derives no revenue, except where the impermissible tenant service income would not exceed the 1% limit described above.

The Trust provides services and access to third-party service providers at some or all of its properties. However, based upon the Trust’s experience in the office rental markets where the properties are located, the Trust believes that all access to service providers and services provided to tenants by the Trust either are usually or customarily rendered in connection with the rental of real property and not otherwise considered rendered to the occupant, or, if considered impermissible services, will not result in impermissible tenant service income with respect to any property in excess of the 1% limit. However, the Trust cannot provide any assurance that the Internal Revenue Service will agree with these positions. The Trust monitors the activities at its properties and believes that the 1% limit has not been exceeded at any property and intends to continue to monitor the application of the 1% limit at each of its properties.

If the Trust fails to satisfy one or both of the 75% or 95% gross income tests for any taxable year, it may nevertheless qualify as a REIT for that year if it is entitled to relief under the Internal Revenue Code. These relief provisions generally will be available if the Trust’s failure to meet the tests is due to reasonable cause and not due to willful neglect. It is not possible to state whether the Trust would be entitled to the benefit of these relief provisions. For example, if the Trust fails to satisfy the gross income tests because nonqualifying income that the Trust intentionally incurs exceeds the limits on nonqualifying income, the Internal Revenue Service could conclude that the failure to satisfy the tests was not due to reasonable cause. If these relief provisions are inapplicable to a particular set of circumstances involving the Trust, the Trust will fail to qualify as a REIT.

Any gain realized by the Trust on the sale of any property held as inventory or other property held primarily for sale to customers in the ordinary course of business, including the Trust’s share of this type of gain realized by UPREIT, will be

treated as income from a prohibited transaction that is subject to a 100% penalty tax. Under existing law, whether property is held as inventory or primarily for sale to customers in the ordinary course of a trade or business is a question of fact that depends on all the facts and circumstances of a particular transaction. UPREIT intends to hold its properties for investment with a view to long-term appreciation, to engage in the business of acquiring, developing, owning and operating properties, and to make occasional sales of its properties as are consistent with UPREIT's investment objectives. The Trust cannot provide any assurance, however, that the Internal Revenue Service might not contend that one or more of these sales is subject to the 100% penalty tax.

Asset Tests Applicable to REITs. At the close of each quarter of its taxable year, the Trust must satisfy six tests relating to the nature of its assets:

- (1) at least 75% of the value of the Trust's total assets must be represented by real estate assets. The Trust's real estate assets include, for this purpose, its allocable share of real estate assets held by UPREIT, as well as stock or debt instruments held for less than one year purchased with the proceeds of an offering of shares of the Trust, cash, cash items and government securities;
- (2) not more than 25% of the Trust's total assets may be represented by securities, other than those securities includable under the 75% asset class;
- (3) not more than 20% of the Trust's total assets may be represented by securities of one or more taxable REIT subsidiaries;
- (4) not more than 5% of the Trust's total assets may consist of securities of any one issuer (other than those of a taxable REIT subsidiary and securities includable under the 75% asset test);
- (5) the Trust may not own more than 10% of the total voting power of the outstanding securities of any one issuer (other than those of a taxable REIT subsidiary and securities includable under the 75% asset test); and
- (6) the Trust may not own more than 10% of the total value of the outstanding securities of any one issuer (other than those of a taxable REIT subsidiary and securities includable under the 75% asset test).

After initially meeting the asset tests at the close of any quarter, the Trust will not lose its status as a REIT if it fails to satisfy the asset tests at the end of a later quarter solely by reason of changes in the relative values of its assets. If the failure to satisfy the asset tests results from an acquisition of securities or other property during a quarter, the failure can be cured by disposition of sufficient nonqualifying assets within 30 days after the close of that quarter. An acquisition of securities could include the Trust increasing its interest in UPREIT as a result of a merger, the exercise by limited partners of their redemption right relating to units in UPREIT, or an additional capital contribution of proceeds of an offering of shares of beneficial interest by the Trust. The Trust intends to maintain adequate records of the value of its assets to ensure compliance with the asset tests and to take any available actions within 30 days after the close of any quarter as may be required to cure any noncompliance with the asset tests. If the Trust were to fail to cure noncompliance with the asset tests within this time period, the Trust would cease to qualify as a REIT.

Annual Dividend Requirements Applicable to REITs. To qualify as a REIT, the Trust is required to distribute dividends, other than capital gain dividends, to its shareholders in an amount at least equal to (1) the sum of (a) 90% of the Trust's REIT taxable income, computed without regard to the dividends paid deduction and its net capital gain, and (b) 90% of the net income, after tax, from foreclosure property, minus (2) the sum of certain specified items of noncash income.

In addition, if the Trust recognizes any built-in gain, the Trust will be required, under Treasury Regulations, to distribute at least 90% of the built-in gain, after tax, recognized on the disposition of the applicable asset. These distributions must be paid either in the taxable year to which they relate, or in the following taxable year if declared before the Trust timely files its tax return for the prior year and if paid with or before the first regular dividend payment date after the declaration is made.

The Trust intends to make timely distributions sufficient to satisfy its annual distribution requirements. In this regard, the partnership agreement of UPREIT authorizes the Trust, as general partner, to take steps as may be necessary to cause UPREIT to distribute to its partners an amount sufficient to permit the Trust to meet these distribution requirements. It is expected that the Trust's REIT taxable income generally will be less than its cash flow due to the allowance of depreciation and other noncash charges in computing REIT taxable income. Accordingly, the Trust anticipates that it generally will have sufficient cash or liquid assets to enable it to satisfy the distribution requirements described above. It is possible, however, that the Trust, from time to time, may not have sufficient cash or other liquid assets to meet these distribution requirements. In this event, the Trust may find it necessary to arrange for short-term, or possibly long-term, borrowings to fund required distributions or to pay dividends in the form of taxable stock dividends.

Under some circumstances, the Trust may be able to rectify a failure to meet the distribution requirement for a year by paying deficiency dividends to shareholders in a later year, which may be included in the Trust's deduction for dividends paid for the earlier year. Thus, the Trust may be able to avoid being taxed on amounts distributed as deficiency dividends; however, the Trust will be required to pay interest based upon the amount of any deduction taken for deficiency dividends.

To the extent that the Trust does not distribute all of its net capital gain or distributes at least 90%, but less than 100%, of its REIT taxable income, as adjusted, it is subject to tax on these amounts at regular corporate tax rates.

The Trust will be subject to a 4% excise tax on the excess of the required distribution over the sum of amounts actually distributed and amounts retained for which federal income tax was paid, if the Trust fails to distribute during each calendar year at least the sum of:

- 85% of its REIT ordinary income for the year;
- 95% of its REIT capital gain net income for the year; and
- any undistributed taxable income from prior taxable years.

A REIT may elect to retain rather than distribute all or a portion of its net capital gains and pay the tax on the gains. In that case, a REIT may elect to have its shareholders include their proportionate share of the undistributed net capital gains in income as long-term capital gains and receive a credit for their share of the tax paid by the REIT. For purposes of the 4% excise tax described above, any retained amounts would be treated as having been distributed.

Recordkeeping Requirements. Under applicable Treasury Regulations, the Trust must comply with applicable recordkeeping requirements to qualify for taxation as a REIT.

Failure of The Trust to Qualify as a REIT. If the Trust fails to qualify for taxation as a REIT in any taxable year, and if relief provisions do not apply, the Trust will be subject to tax, including any applicable alternative minimum tax, on its taxable income at regular corporate rates. If the Trust fails to qualify as a REIT, the Trust will not be required to make any distributions to shareholders and any distributions that are made to shareholders will not be deductible by the Trust. As a result, the Trust's failure to qualify as a REIT would significantly reduce the cash available for distributions by the Trust to its shareholders. In addition, if the Trust fails to qualify as a REIT, all distributions to shareholders will be taxable as ordinary income to the extent of the Trust's current and accumulated earnings and profits, whether or not attributable to capital gains of the Trust, and corporate shareholders may be eligible for the dividends received deduction. Unless entitled to relief under specific statutory provisions, the Trust also will be disqualified from taxation as a REIT for the four taxable years following the year during which qualification was lost. There can be no assurance that the Trust would be entitled to any statutory relief.

Taxation of U.S. Shareholders

Distributions by the Trust. So long as the Trust qualifies as a REIT, distributions to U.S. shareholders out of its current or accumulated earnings and profits, that are not designated as capital gain dividends, will be taxable as ordinary income and will not be eligible for the dividends received deduction generally available for corporations. Distributions in excess of its current and accumulated earnings and profits will reduce the adjusted tax basis of the shareholder's shares. Distributions that exceed the U.S. shareholder's adjusted basis in its shares will be taxable as capital gains if the shares are held as a capital asset. If the Trust declares a dividend in October, November, or December of any year with a record date in one of these months and pays the dividend on or before January 30 of the following year, the Trust will be treated as having paid the dividend, and the shareholder will be treated as having received the dividend, on December 31 of the year in which the dividend was declared.

The Trust may elect to designate distributions of its net capital gain as "capital gain dividends." Capital gain dividends are taxed to shareholders as gain from the sale or exchange of a capital asset held for more than one year, without regard to how long the U.S. shareholder has held its shares. If the Trust designates any portion of a dividend as a capital gain dividend, a U.S. shareholder will receive an Internal Revenue Service Form 1099-DIV indicating the amount that will be taxable to the shareholder as capital gain. Corporate shareholders, however, may be required to treat up to 20% of capital gain dividends as ordinary income.

Instead of paying capital gain dividends, the Trust may designate all or part of its net capital gain as "undistributed capital gain." The Trust will be subject to tax at regular corporate rates on any undistributed capital gain. A U.S. shareholder will be required to include its share of this gain in income as long-term capital gain. However, the U.S. shareholder will also be treated as having paid its share of the tax paid by the Trust with respect to the gain. Accordingly, U.S. shareholders will be able to claim a refund or a credit to the extent that the tax paid by the Trust exceeds the shareholders' tax liability on the undistributed capital gain. The U.S. shareholder's basis in its shares would be increased by its share of this gain and decreased by its share of applicable tax.

The Trust will classify portions of any designated capital gain dividend as either:

- a 20% rate gain distribution, which would be taxable to non-corporate U.S. shareholders at a maximum rate of 20%; or
- an "unrecaptured Section 1250 gain" distribution, which would be taxable to non-corporate U.S. shareholders at a maximum rate of 25%.

The Trust must determine the maximum amounts that it may designate as 20% and 25% rate capital gain dividends by performing the computation required by the Internal Revenue Code as if the REIT were an individual whose ordinary income were subject to a marginal tax rate of at least 28%. Designations made by the Trust only will be effective to the extent that they comply with Revenue Ruling 89-91, which requires that distributions made to different classes of shares be composed proportionately of dividends of a particular type.

Distributions made by the Trust and gain arising from the sale or exchange by a U.S. shareholder of shares will not be treated as passive activity income, and as a result, U.S. shareholders generally will not be able to apply any "passive losses" against this income or gain. In addition, taxable distributions from the Trust generally will be treated as investment income for purposes of the investment interest limitations. A U.S. shareholder may elect to treat capital gain dividends and capital gains from the disposition of shares as investment income for purposes of the investment interest limitation, in which case the applicable capital gains will be taxed at ordinary income rates. The Trust will notify shareholders regarding the portions of distributions for each year that constitute ordinary income, return of capital and capital gain. U.S. shareholders may not include in their individual income tax returns any net operating losses or capital losses of the Trust. The Trust's operating or capital losses would be carried over by the Trust for potential offset against future income, subject to applicable limitations.

Sales of Shares. Upon any taxable sale or other disposition of shares, a U.S. shareholder will recognize gain or loss for federal income tax purposes in an amount equal to the difference between:

- the amount of cash and the fair market value of any property received on the sale or other disposition; and
- the holder's adjusted basis in the shares for tax purposes.

This gain or loss will be a capital gain or loss if the shares have been held by the U.S. shareholder as a capital asset. Generally, a non-corporate U.S. shareholder who has held Trust shares for more than one year will be taxable on capital gain at a maximum rate of 20%. However, a maximum rate of 25% will apply to capital gain that is treated as "unrecaptured Section 1250 gain" for individuals, trusts and estates. The Internal Revenue Service has the authority to prescribe, but has not yet prescribed, regulations on how the capital gain rates will apply to sales of shares in REITs. Shareholders are urged to consult with their own tax advisors with respect to their capital gain tax liability. A corporate U.S. shareholder will be subject to tax at a maximum rate of 35% on capital gain from the sale of Trust shares held for more than 12 months. In general, any loss recognized by a U.S. shareholder upon the sale or other disposition of shares that have been held for six months or more, after applying the holding period rules, will be treated as a long-term capital loss, to the extent of distributions received by the U.S. shareholder from the Trust that were required to be treated as long-term capital gains.

Taxation of Tax-Exempt Shareholders

Provided that a tax-exempt shareholder has not held its common shares as "debt financed property" within the meaning of the Internal Revenue Code, the dividend income from the Trust will not be unrelated business taxable income, referred to as UBTI, to a tax-exempt shareholder. Similarly, income from the sale of shares will not constitute UBTI unless the tax-exempt shareholder has held its shares as debt financed property within the meaning of the Internal Revenue Code or has used the shares in a trade or business.

However, for tax-exempt shareholders that are social clubs, voluntary employee benefit associations, supplemental unemployment benefit trusts and qualified group legal services plans exempt from federal income taxation under Sections 501 (c)(7), (c)(9), (c)(17) and (c)(20) of the Internal Revenue Code, respectively, income from an investment in the Trust will constitute UBTI unless the organization is able to properly deduct amounts set aside or placed in reserve for applicable purposes to offset the income generated by its investment in the Trust. These tax-exempt shareholders should consult their own tax advisors concerning these "set aside" and reserve requirements.

Tax Aspects of the Trust's Ownership of Interests in UPREIT

General. All of the Trust's investments are held indirectly through UPREIT. In general, partnerships are "pass-through" entities that are not subject to federal income tax at the partnership level. However, a partner is allocated its proportionate share of the items of income, gain, loss, deduction and credit of a partnership, and is required to include these items in calculating its tax liability, without regard to whether it receives a distribution from the partnership. The Trust includes its proportionate share of these partnership items in its income for purposes of the various REIT income tests and the computation of its REIT taxable income. Moreover, for purposes of the REIT asset tests, the Trust includes its proportionate share of assets held through UPREIT.

Entity Classification. The Trust believes that UPREIT will be treated as a partnership for federal income tax purposes and will not be taxable as a corporation. If UPREIT were treated as a corporation, it would be subject to an entity level tax on its income and the Trust could fail to meet the REIT income and asset tests.

It is the opinion of the law firm of Larkin, Hoffman, Daly & Lindgren, Ltd., assuming the actions described in this Section have been completed on a timely basis, that UPREIT, commencing with its tax year ending December 31, 2000, has been organized in conformity with the requirements for qualification as a partnership, and UPREIT's current and proposed method of operations (as described in this Offering Circular) will enable it to continue to satisfy the applicable requirements under federal income tax laws. The opinion is based and conditioned, in part, on various assumptions and certain

representations made to Larkin, Hoffman, Daly & Lindgren, Ltd. by UPREIT, the Trust and its officers. In addition, this opinion represents Larkin, Hoffman, Daly & Lindgren, Ltd.'s legal judgment and is not binding on the Internal Revenue Service.

A partnership is a "publicly traded partnership" under Section 7704 of the Internal Revenue Code if:

- interests in the partnership are traded on an established securities market; or
- interests in the partnership are readily tradeable on a "secondary market" or the "substantial equivalent" of a secondary market.

Under the relevant Treasury Regulations, interests in a partnership will not be considered readily tradeable on a secondary market or on the substantial equivalent of a secondary market if the partnership qualifies for specified "safe harbors," which are based on the specific facts and circumstances relating to the partnership.

UPREIT currently takes the reporting position for federal income tax purposes that it is not a publicly traded partnership. There is a significant risk, however, that the right of a holder of UPREIT units to redeem the UPREIT units for the Trust shares could cause UPREIT units to be considered readily tradeable on the substantial equivalent of a secondary market. Moreover, if UPREIT units were considered to be tradeable on the substantial equivalent of a secondary market, either now or in the future, UPREIT cannot provide any assurance that it would qualify for any of the safe harbors mentioned above, or that, if it currently qualifies for a safe harbor, UPREIT will continue to qualify for any of the safe harbors in the future.

If UPREIT is a publicly traded partnership, it will be taxed as a corporation unless at least 90% of its gross income consists of "qualifying income" under Section 7704 of the Internal Revenue Code. Qualifying income is generally real property rents and, other types of passive income. The Trust believes that UPREIT will have sufficient qualifying income so that it will be taxed as a partnership, even if it were a publicly traded partnership. The income requirements applicable to the Trust in order for it to qualify as a REIT under the Internal Revenue Code and the definition of qualifying income under the publicly traded partnership rules are very similar. Although a difference exists between these two income tests regarding whether rent is considered from a related tenant, the Trust does not believe that this difference would cause UPREIT not to satisfy the 90% gross income test applicable to publicly traded partnerships.

Final anti-abuse Treasury regulations have been issued under the partnership provisions of the Internal Revenue Code that authorize the Internal Revenue Service, in some abusive transactions involving partnerships, to disregard the form of a transaction and recast it as it deems appropriate. The anti-abuse regulations apply where a partnership is utilized in connection with a transaction (or series of related transactions) with a principal purpose of substantially reducing the present value of the partners' aggregate federal tax liability in a manner inconsistent with the intent of the partnership provisions. The anti-abuse regulations contain an example in which a REIT contributes the proceeds of a public offering to a partnership in exchange for a general partnership interest. The limited partners contribute real property assets to the partnership, subject to liabilities that exceed their respective aggregate bases in such property. Some limited partners have the right, beginning two years after the formation of the partnership, to require the redemption of their limited partnership interests in exchange for cash or REIT stock. The example concludes that the use of the partnership is not inconsistent with the intent of the partnership provisions and, thus, cannot be recast by the Internal Revenue Service. However, redemption rights associated with certain UPREIT limited partnership interests will not conform in all respects with the redemption rights in the foregoing example. Moreover, the anti-abuse regulations are extraordinarily broad in scope and are applied based on an analysis of all the facts and circumstances. As a result, the Trust cannot assure that the Internal Revenue Service will not attempt to apply the anti-abuse regulations to it. Any such action could potentially jeopardize the Trust's status as a REIT and materially affect the tax consequences and economic return resulting from an investment in the Trust.

Allocations of Partnership Income, Gain, Loss, Deduction and Credit. A partnership agreement will generally determine the allocation of income and loss among partners. However, those allocations will be disregarded for tax purposes if they do not comply with the provisions of Section 704(b) of the Internal Revenue Code and the applicable

Treasury Regulations, which generally require that partnership allocations respect the economic arrangement of the partners.

If an allocation is not recognized for federal income tax purposes, the item subject to the allocation will be reallocated in accordance with the partners' interests in the partnership, which will be determined by taking into account all of the facts and circumstances relating to the economic arrangement of the partners with respect to the item. The allocations of taxable income and loss provided for in the partnership agreement of UPREIT are intended to comply with the requirements of Section 704(b) of the Internal Revenue Code and the Treasury Regulations promulgated thereunder.

Tax Allocations with Respect to the Properties. Under Section 704(c) of the Internal Revenue Code, income, gain, loss, deduction and credit attributable to a property that is contributed to a partnership in exchange for an interest in the partnership must be allocated in a manner such that the contributing partner is charged with, or benefits from, as applicable, the difference between the adjusted tax basis and the fair market value of property at the time of contribution. The difference is known as a book-tax difference. Section 704(c) allocations are for federal income tax purposes only and do not affect the book capital accounts or other economic or legal arrangements among the partners. Under Treasury Regulations promulgated under Section 704(c) of the Internal Revenue Code, similar rules apply when a partnership elects to "revalue" its assets in limited situations, such as when a contribution of property is made to a partnership by a new partner.

The partnership agreement of UPREIT requires that these allocations be made in a manner consistent with Section 704(c) of the Internal Revenue Code. Treasury Regulations under Section 704(c) of the Internal Revenue Code provide partnerships with a choice of several methods of accounting for book-tax differences, including retention of the "traditional method" or the election of alternative methods which would permit any distortions caused by a book-tax difference to be entirely rectified on an annual basis or with respect to a specific taxable transaction such as a sale. UPREIT and the Trust have determined to use the traditional method of accounting for book-tax differences with respect to the properties initially contributed to UPREIT on its formation or subsequently acquired by merger or contribution.

In general, if any asset contributed to or revalued by UPREIT is determined to have a fair market value that is greater than its adjusted tax basis, partners who have contributed those assets, including possibly the Trust, will be allocated lower amounts of depreciation deductions as to specific properties for tax purposes by UPREIT and increased taxable income and gain on sale. Thus, the Trust, as a partner of UPREIT, may be allocated lower depreciation and other deductions, and possibly greater amounts of taxable income in the event of a sale of contributed assets. These amounts may be in excess of the economic or book income allocated to it as a result of the sale and, as a result, the allocation might cause the Trust, as a partner of UPREIT, to recognize taxable income in excess of the cash distribution received. This excess taxable income is sometimes referred to as "phantom income." Because the Trust relies on cash distributions from UPREIT to meet its REIT distribution requirements, which are specified percentages of its REIT taxable income, the recognition of this phantom income might adversely affect the Trust's ability to comply with those requirements. In this regard, it should be noted that as the general partner of UPREIT, the Trust will determine, taking into account the tax consequences to it, when and whether to sell any given property.

Other Tax Consequences for the Trust and Its Shareholders

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Dakota Real Estate Investment Trust
Fargo, North Dakota

We have audited the accompanying consolidated balance sheets of **Dakota Real Estate Investment Trust** as of December 31, 2002 and 2001, and the related consolidated statements of operations, beneficial interest, and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Trust's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of **Dakota Real Estate Investment Trust** as of December 31, 2002 and 2001, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

DAKOTA REAL ESTATE INVESTMENT TRUST
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2002 AND 2001

NOTE 1 - ORGANIZATION

Dakota Real Estate Investment Trust (the Trust) is organized as a real estate investment trust (REIT) incorporated under the laws of North Dakota. Internal Revenue Code Section 856 requires that 75 percent of the assets of a real estate investment trust must consist of real estate assets and that 75 percent of its gross income must be derived from real estate. The net income of the REIT is allocated in accordance with the stock ownership in the same fashion as a regular corporation.

Dakota Real Estate Investment Trust is the general partner in Dakota UPREIT, a North Dakota limited partnership, with ownership of approximately 77% and 84% as of December 31, 2002 and 2001, respectively. Dakota UPREIT is the 100% owner of Amber Fields Apartments, LLC.

NOTE 2 - PRINCIPAL ACTIVITY AND SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The consolidated financial statements include the accounts of Dakota REIT, and its operating partnership, Dakota UPREIT. All significant intercompany transactions and balances have been eliminated in consolidation.

Principal Business Activity

Dakota REIT has a general partner interest in Dakota UPREIT, which owns and operates the following property in Fargo:

Residential Property

Eight 24-plex apartments, two 6-plex townhomes, one 10-plex townhome, one 18-plex townhome, and one 24-plex townhome.

Commercial Property

A 12,240 square foot office/warehouse building placed in service in August 2001.

An 18,320 square foot office building purchased in December 2001 and placed in service on January 1, 2002.

A 48,860 square foot shopping mall placed in service in July 2002.

Dakota UPREIT is the 100% owner of Amber Fields Apartments, LLC, which owns a 108-unit apartment project.

In addition Dakota UPREIT owns the following limited partnership interests:

Thirteen and one half (13.5) limited partner units (approximately 58%) of South Washington Real Estate Investment Limited Partnership (SWREILP). SWREILP owns an interest in the Richard P. Stadter Psychiatric Hospital in Grand Forks, ND.

Four (4) limited partner units (approximately 18%) of PRE Limited Liability Limited Partnership (PRE). PRE developed, owns, and leases a company headquarters and pharmaceutical research facility in Fargo, ND for PRACS Institute, Ltd.

As general partner of Dakota UPREIT, Dakota REIT has full and exclusive management responsibility for the properties held by the UPREIT.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Concentration of Credit Risk

The Trust's cash balances are maintained in various bank deposit accounts. The deposit accounts may exceed federally insured limits at various times throughout the year.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Property and Equipment

Property and equipment is stated at cost. Depreciation is computed using the straight-line and declining-balance methods over the following estimated useful lives:

Land improvements	20 years
Buildings and improvements	20-40 years
Furniture and fixtures	7-12 years

Investments in Partnerships

Investments consist of limited partnership interests in entities owning real estate. Investments of limited partnership interests of more than 20 percent are accounted for under the equity method. Investments are stated at cost, plus the company's equity in net earnings since acquisition, less any distributions received.

Less than 20 percent-owned companies are stated at cost. Dividends received are recorded as other income in the statements of operations.

Financing Costs

Financing costs incurred in connection with financing have been capitalized and are being amortized over the life of the financing using the straight-line method.

Income Taxes

Dakota REIT is organized as a real estate investment trust (REIT), which calculates taxable income similar to other domestic corporations, with the major difference being that a REIT is entitled to a deduction for dividends paid. A REIT is generally required to distribute each year at least 90 percent of its taxable income. If it chooses to retain the remaining 10 percent of taxable income, it may do so, but it will be subject to a corporate tax on such income. REIT shareholders are taxed on REIT distributions of ordinary income in the same manner as they are taxed on other corporate distributions.

The Trust intends to continue to qualify as a real estate investment trust as defined by the Internal Revenue Code and, as such, will not be taxed on the portion of the income that is distributed to the shareholders. In addition, the Trust intends to distribute all of its taxable income, therefore, no provision or liability for income taxes have been recorded in the financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Dakota UPREIT is organized as a limited partnership. Income or loss of the UPREIT is allocated to the partners in accordance with the provisions of the Internal Revenue Code 704(c). UPREIT status allows non-recognition of gain by an owner of appreciated real estate if that owner contributes the real estate to a partnership in exchange for partnership interest. The conversion of partnership interest to shares of beneficial interest in the REIT will be a taxable event to the limited partner.

Revenue recognition

Housing units are rented under short-term lease agreements. Commercial space is rented under long-term lease agreements. Rent income from tenants is recognized in the month in which it is earned rather than received.

Advertising

Costs incurred for advertising are expensed as incurred.

Reclassifications

Certain reclassifications have been made to the 2001 financial statements with no effect on net income or beneficial interest, to be consistent with the 2002 financial statements.

NOTE 3 - RESTRICTED DEPOSITS

Replacement reserves	<u>178,096</u>	<u>99,868</u>
	<u>\$ 679,700</u>	<u>\$ 417,231</u>

Real Estate Tax and Insurance Escrows

Pursuant to the terms of certain mortgages and management policy, the Trust established and maintains a real estate tax escrow and insurance escrow to pay real estate taxes and insurance. The Trust is to contribute to the account monthly an amount equal to 1/12 of the estimated real estate taxes and insurance premiums.

Replacement Reserves

Pursuant to the terms of certain mortgages and Board policy, the Trust established and maintains several replacement reserve accounts. The Trust makes monthly deposits into the replacement reserve accounts to be used for repairs and replacements on the property. Certain replacement reserve accounts require authorization from the mortgage company for withdrawals.

Dakota Real Estate Investment Trust
Notes to Pro Forma Financial Statements

The purpose of this pro forma is to present, to the best of management's knowledge and belief, the Trust's expected change in financial position resulting from the May 2, 2003 disposition of a 12,240 square foot office/warehouse building in Fargo, North Dakota and the subsequent investment in 32nd Center LLLP on that same day. 32nd Center is new construction with no operating history.

NOTE 1 - PROPERTY ACQUIRED

32nd Center Limited Liability Limited Partnership

32nd Center is a 42,800 square foot strip mall being developed by George Gaukler, Trustee, across from the Innovis Hospital in South Fargo. The project has no operating history and is scheduled for completion by November of 2003.

On May 2, 2003 the Trust purchased 8 units of limited liability limited partnership interests in 32nd Center for \$400,000. The purchase resulted in an ownership interest of approximately 31%. The investment allows for a 7% cash return on investment until the mall reaches a 90% occupancy. At this time the return will be based on operating results projected at 9%-11% cash on cash.

NOTE 2 - PROPERTY DISPOSITIONS

Office/Warehouse

On May 2, 2003 the Trust sold an office/warehouse in Fargo. The property was originally purchased in August of 2001 and was being leased to Integra Solutions. The sale resulted in net cash proceeds of \$410,000 and a capital loss of approximately \$15,000.

DAKOTA REAL ESTATE INVESTMENT TRUST
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2003

NOTE 1 - ORGANIZATION

Dakota Real Estate Investment Trust (the Trust) is organized as a real estate investment trust (REIT) incorporated under the laws of North Dakota. Internal Revenue Code Section 856 requires that 75 percent of the assets of a real estate investment trust must consist of real estate assets and that 75 percent of its gross income must be derived from real estate. The net income of the REIT is allocated in accordance with the stock ownership in the same fashion as a regular corporation.

Dakota Real Estate Investment Trust is the general partner in Dakota UPREIT, a North Dakota limited partnership, with ownership of approximately 63% as of March 31, 2003. Dakota UPREIT is the 100% owner of Amber Fields Apartments, LLC.

NOTE 2 - PRINCIPAL ACTIVITY AND SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The consolidated financial statements include the accounts of Dakota REIT, and its operating partnership, Dakota UPREIT. All significant intercompany transactions and balances have been eliminated in consolidation.

Principal Business Activity

Dakota REIT has a general partner interest in Dakota UPREIT, which owns and operates the following property in Fargo:

Residential Property

Eight 24-plex apartments, two 6-plex townhomes, one 10-plex townhome, one 18-plex townhome, and one 24-plex townhome.

Commercial Property

A 12,240 square foot office/warehouse building placed in service in August 2001.

An 18,320 square foot office building purchased in December 2001 and placed in service on January 1, 2002.

A 48,860 square foot shopping mall placed in service in July 2002.

Dakota UPREIT is the 100% owner of Amber Fields Apartments, LLC, which owns a 108-unit apartment project.

In addition Dakota UPREIT owns the following limited partnership interests:

Thirteen and one half (13.5) limited partner units (approximately 58%) of South Washington Real Estate Investment Limited Partnership (SWREILP). SWREILP owns an interest in the Richard P. Stadter Psychiatric Hospital in Grand Forks, ND.

Four (4) limited partner units (approximately 18%) of Pre Limited Liability Limited Partnership (PRE). PRE owns and leases a company headquarters and pharmaceutical research facility in Fargo, ND to PRACS Institute, Ltd.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

As general partner of Dakota UPREIT, Dakota REIT has full and exclusive management responsibility for the properties held by the UPREIT.

Concentration of Credit Risk

The Trust's cash balances are maintained in various bank deposit accounts. The deposit accounts may exceed federally insured limits at various times throughout the year.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Property and Equipment

Property and equipment is stated at cost. Depreciation is computed using the straight-line and declining-balance methods over the following estimated useful lives:

Buildings and improvements	20-40 years
Furniture and fixtures	7-12 years

Investments in Partnerships

Investments consist of limited partnership interests in entities owning real estate. Investments of limited partnership interests of more than 20 percent are accounted for under the equity method. Investments are stated at cost, plus the company's equity in net earnings since acquisition, less any distributions received.

Less than 20 percent-owned companies are stated at cost. Dividends received are recorded as other income in the statements of operations.

Financing Costs

Financing costs incurred in connection with financing have been capitalized and are being amortized over the life of the financing using the straight-line method.

Income Taxes

Dakota REIT is organized as a real estate investment trust (REIT), which calculates taxable income similar to other domestic corporations, with the major difference being that a REIT is entitled to a deduction for dividends paid. A REIT is generally required to distribute each year at least 90 percent of its taxable income. If it chooses to retain the remaining 10 percent of taxable income, it may do so, but it will be subject to a corporate tax on such income. REIT shareholders are taxed on REIT distributions of ordinary income in the same manner as they are taxed on other corporate distributions.

The Trust intends to continue to qualify as a real estate investment trust as defined by the Internal Revenue Code and, as such, will not be taxed on the portion of the income that is distributed to the shareholders. In addition, the Trust intends to distribute all of its taxable income, therefore, no provision or liability for income taxes have been recorded in the financial statements.

Dakota UPREIT is organized as a limited partnership. Income or loss of the UPREIT is allocated to the partners in accordance with the provisions of the Internal Revenue Code 704(c). UPREIT status allows non-recognition of gain by an owner of appreciated real estate if that owner contributes the real estate to a partnership in exchange for partnership interest. The conversion of partnership interest to shares of beneficial interest in the REIT will be a taxable event to the limited partner.

The Trustees also are empowered to select a registered agent, appoint committees, including an executive committee, or to authorize any one or more Trustees, officers, agents, committees of Trustees or the Trustor to exercise such powers of the Trustees as do not require a vote of the majority of the Trustees.

It is expressly agreed and understood that Trustor may designate itself as beneficiary entitled to purchase Units of Beneficial Interest when paid for by Trustor hereunder.

The total number of Units of Beneficial Interest (Shares) representing the entire beneficial interest in this real estate investment trust as described herein shall be Fifty Thousand (50,000). An arbitrary initial price has been established at \$100.00 per Unit of Beneficial Interest (Share).

The Units of Beneficial Interest (Shares) of the Trust are of one class without par value. There is a limit (50,000 Shares) on the number of Shares that may be issued. All Shares participate equally in dividends and distributions when and as declared by the Trustees and in net assets upon liquidation. The Units of Beneficial Interest offered hereby will be fully paid and non-assessable by the Trust upon issuance and will have no preference, conversion, exchange, pre-emptive or redemption rights other than disclosed in the Prospectus.

The Units of Beneficial Interest are transferable in the same manner as are shares of a North Dakota business corporation and shall be subject to the same rights, privileges, obligations, and duties as

are shares of common capital stock of a North Dakota domestic business corporation formed under Chapter 10-19.1 of the North Dakota Century Code to every reasonable and practicable extent.

With respect to the election of Trustees, the Shares have cumulative voting rights which allow each Unitholder or Beneficiary one vote in person or by written proxy for each Unit registered in their name for as many persons as there are Trustees to be elected.

It is further expressly agreed and understood that any of the foregoing beneficiaries may sell, transfer, assign, or give any Units of Beneficial Interest he, she or it may hold, and this power and right may also be exercised by subsequent beneficiaries, and the Trustees agree to issue an acknowledgment letter reflecting all such transactions as they occur.

It is understood and agreed between the parties hereto, and by the investors, beneficiaries or any other person or persons who may become entitled to any interest under this real estate investment trust, that the interest of any beneficiary hereunder shall consist solely of a power of direction to deal with the title to said property and to assign management and control of said Trust property to its lawfully elected and/or appointed Board of Trustees as hereinafter provided, and the right to receive the proceeds from rental and from mortgages, sales or other disposition of said premises, and that such right in the avails of said property shall be deemed to be personal property and may be readily assigned and freely transferred as such; that in case of the death of any beneficiary hereunder during the existence of this Trust, his, her, or their rights and interests hereunder shall, except as herein otherwise specifically provided, pass to his, her, or their personal representatives and not to his, her or their heirs-at-law; and that no beneficiary now has, and that no beneficiary hereunder at any time shall have, any right, title, or interest in or to any portion of said real estate as such, either legal or equitable, but only a beneficial interest in the earnings, avails and proceeds as aforesaid. The death of any beneficiary hereunder shall not terminate the Trust nor in any manner affect the powers of the Trustees hereunder. No assignment of any beneficial interest hereunder shall be binding on the Trustees until the original of a valid and previously authenticated duplicate thereof shall be filed with and accepted by the Trustees and all assignments not filed with and accepted by the Trustees shall be void as to all subsequent assignees or purchasers without notice.

This agreement shall be construed as not imposing any direct obligation on the Trustees but rather upon the Advisor to file any and all income, profit or other tax reports or schedules, it being expressly understood that the beneficiaries from time to time will individually also make their required reports and pay any and all taxes required with respect to the earnings, rents, avails and proceeds of said real estate or growing out of their interest under this trust agreement, similar to the investor/beneficiaries.

Specific Trust Provisions and Conditions

This Declaration of Trust governs its operations, and it has been reviewed and unanimously approved by the Trustees as is evidenced by their attesting hereto with and affixing their signatures hereto.

Registered Office and Agent. This Real Estate Investment Trust will not engage in any business until it has established a registered office and a registered agent for service of process as follows:

- a. A registered office, which need not be the same as the principal place of business or the principal executive office of the real estate investment trust.
- b. An agent for service of process on the real estate investment trust. The agent must be an individual resident of this state, a domestic corporation, a domestic

limited liability company, a foreign corporation, or a foreign limited liability company authorized to do business in this state.

This Real Estate Investment Trust shall also register with the North Dakota Secretary of State by submitting an application signed by one of the Trustees so as to comply with Title 10 of the North Dakota Century Code relating to real estate investment trusts.

Unitholder Meetings. Annual meetings will be held by June 30 in each year immediately following the close of the last calendar year beginning in 1998. The Trust may provide a proxy statement in connection with the annual meeting. Special meetings may be called by the Chairman of the Trustees or by a majority of the Trustees or upon written request of Unitholders holding not less than ten percent (10%) of the issued and outstanding Units. Upon receipt of a written request, either in person or by mail, stating the purpose(s) of the meeting, the Sponsor shall provide all Unitholders within ten days after receipt of said request, written notice, either in person or by mail, of a meeting and the purpose of such meeting to be held on a date not less than fifteen nor more than sixty days after the distribution of such notice, at a time and place specified in the request, or if none is specified, at a time and place convenient to Unitholders. At any meeting, a Unitholder is entitled to one vote for each Unit of Beneficial Interest owned upon all matters submitted to the Unitholders for a vote.

Reports to Unitholders. The Trust shall cause to be prepared and mailed or delivered to each Unitholder as of a record date after the end of the fiscal year and each holder of other publicly held securities of the Trust within 120 days after the end of the fiscal year to which it relates an annual report for each fiscal year ending after the initial public offering of its securities which shall include: (a) financial statements prepared in accordance with generally accepted accounting principles which are audited and reported on by independent certified public accountants; (b) the ratio of the costs of raising capital during the period to the capital raised; (c) the aggregate amount of advisory fees and the aggregate amount of other fees paid to the Advisor and any affiliate of the Advisor by the Trust and including fees or charges paid to the Advisor and any affiliate of the Advisor by third parties doing business with the Trust; (d) the total operating expenses of the Trust, stated as a percentage of average invested assets and as a percentage of its net income; (e) a report from the independent trustees that the policies being followed by the Trust are in the best interests of its Unitholders and the basis for such determination; and (f) separately stated, full disclosure of all material terms, factors, and circumstances surrounding any and all transactions involving the Trust, Trustees, Advisors, Sponsors and any Affiliates thereof occurring in the year for which the annual report is made. Independent Trustees shall be specifically charged with a duty to examine and comment in the report on the fairness of such transactions.

Appraisal of Real Property. The consideration paid for real property acquired by the Trust shall ordinarily be based on the fair market value of the property as determined by a majority of the Trustees. In cases in which a majority of Independent Trustees so determine, and in all cases in which assets are acquired from the Advisors, Trustees, Sponsors or Affiliates thereof, such fair market value shall be as determined by an Independent Expert selected by the Independent Trustees.

Transactions with Affiliates. The Trustees occupy a fiduciary relationship with respect to transactions entered into with the Trust. The Trust will not engage in transactions with any Trustee, officer, sponsor, Trustor, or any affiliates of such persons, except to the extent that each such transaction has, after disclosure of such affiliation, been approved by the affirmative vote of a majority of the Independent Trustees not affiliated with a person who is a party to the transaction, and: (1) The transaction is fair and reasonable to the Trust and its Unitholders; (2) The terms of such transaction are at least as favorable as the terms of any comparable transactions made on an arms'-length (3) The total consideration is not in excess of the appraised value of the property being acquired, if an acquisition is involved, as determined by the Board of Trustees; (4) Payments to the Trustor, its affiliates and the

Trustees for services rendered in a capacity other than that as Trustor or Trustee may only be made upon a determination by the Independent Trustees that: (a) The compensation is not in excess of their compensation paid for any comparable services; and (b) The compensation is not greater than the charges for comparable services available from others who are competent and not affiliated with any of the parties involved. In addition, the following limitations shall apply:

A. The Trust shall not purchase property from the Sponsor, Trustor, any Trustee or affiliates thereof unless a majority of the Trustees (including a majority of the Independent Trustees) not otherwise interested in such transaction approve the transaction as being fair and reasonable to the Trust and at a price to the Trust no greater than the purchase price or development cost of the asset to such Sponsor, Trustor, Trustee or Affiliate thereof, or if the price to the Trust is in excess of such value as determined by the Board of Trustees, that substantial justification for such excess exists and such excess is reasonable.

B. The Trust shall not sell property to a Sponsor, Trustor, any Trustee or affiliates thereof, without the approval of a majority of the Trustees (including a majority of the Independent Trustees).

C. The Trust may obtain loans from a Sponsor, Trustor, any Trustee or affiliates thereof, with the approval of a majority of the Trustees (including a majority of the Independent Trustees) not otherwise interested in such transaction as long as they approve the transaction as being fair, competitive, and commercially reasonable and no less favorable to the Trust than loans between unaffiliated lenders and borrowers under the same circumstances.

D. The Trust will not invest in joint ventures with a Sponsor, Trustor, any Trustee, or affiliates thereof, unless a majority of Trustees (including a majority of the Independent Trustees) not otherwise interested in such transaction approve the transaction as being fair and reasonable to the Trust and as being on substantially the same terms and conditions as those received by the other joint venturers.

E. When a Sponsor, Trustor, any Trustee or affiliates thereof have sponsored other investment programs with similar investment objectives which have investment funds available at the same time as the Trust, the Trust's Prospectus shall describe a reasonable method by which properties are allocated to the competing investment entities. It shall be the duty of the Trustees (including the Independent Trustees) to assure such method is applied fairly to the Trust.

F. All other transactions between the Trust and a Sponsor, Trustor, any Trustee or affiliates thereof, shall require approval by a majority of the Trustees (including a majority of the Independent Trustees) not otherwise interested in such transaction as being fair and reasonable to the Trust and on the terms and conditions not less favorable to the Trust than those available from unaffiliated third parties.

Investment and Other Restrictions. The Trust will not engage in any of the following investment practices or activities: (1) invest in commodities or commodity future contracts; (2) invest more than ten percent (10%) of its total assets in unimproved real property or indebtedness secured by a real estate mortgage loan on unimproved real property; "unimproved property" means property which has the following characteristics (i) an equity interest in property which was not acquired for the purpose of producing rental or other operating income, (ii) has no development or construction in process on such land, and (iii) no development or construction on such land is planned in good faith to commence within one year; (3) engage in any short sale; (4) borrow on an unsecured basis if such borrowings will result in an asset coverage of less than three hundred percent (300%); "asset coverage," means the ratio which the value of the total assets of the Trust, less all liabilities and indebtedness except indebtedness for unsecured borrowings, reserve for depreciation and amortization, bears to the aggregate amount of all unsecured borrowings of the Trust; (5) engage in trading as compared with investment activities; (6) acquire securities in any company holding investments or engaging in activities prohibited by these

restrictions; (7) engage in underwriting or the agency distribution of securities issued by others; (8) issue equity securities redeemable at the option of the holder; (9) issue debt securities unless the historical debt service coverage (in the most recently completed fiscal year) as adjusted for known changes is sufficient to properly service the higher level of debt. In addition, the Trust may not incur any indebtedness which would result in an aggregate amount of indebtedness in excess of three hundred percent (300%) of the Trust's adjusted net worth. Any excess borrowing over such 300 % level shall be approved by a majority of the Independent Trustees and disclosed to Unitholders in the next quarterly report of the REIT, along with justification for such excess. 'Adjusted net worth,' means the amount obtained by subtracting the Trust's total liabilities from its total assets as adjusted, but not to include its reserve for depreciation and amortization, and based on figures shown on the Trust's books in accordance with generally accepted accounting principles. The aggregate borrowings, if any, of the trust, secured and unsecured, shall be reasonable in relation to the net assets of the Trust and shall be reviewed by the Trustees at least annually.

Limited Liability of Trustees. Trustees and affiliates shall have no liability for any loss suffered by the Trust which arises from the action or inaction of them, if they, in good faith determined that their conduct was in the best interest of the Trust and such conduct did not constitute negligence or misconduct.

Responsibility of Trustees, Officers and Agents. No Trustee, officer or agent of the Trust is liable to the Trust or to a Unitholder, nor is any Trustee, officer or agent liable to any third persons in connection with the affairs of the Trust, except as such liability may arise from his, her or its own misfeasance or negligence, or failure to have acted in good faith in the reasonable belief that his, her or its action was in the best interests of the Trust. All third persons shall look solely to the Trust property for satisfaction of claims arising in connection with the affairs of the Trust. With the exceptions stated, a Trustee, officer or agent is entitled to be indemnified against all liability in connection with the affairs of the Trust, as is more fully described below.

Indemnification of Trustees and Affiliates. The Trust shall indemnify the Trustee and affiliates with respect to actions, suits or proceedings or against whom a claim or liability is asserted by reason that he was or is a Trustee or Affiliate. However, indemnification by the Trust will be provided only if all of the following are met: (1) The Trustee has determined, in good faith, that the course of conduct which caused the loss or liability was in the best interests of the Trust; (2) such liability or loss was not the result of negligence or misconduct by the Trustee or affiliate; and (3) such identification or agreement to hold harmless is recoverable only out of the assets of the Trust and not from the Unitholders. Indemnification will not be allowed for any liability imposed by judgment, and costs associated therewith, including attorney's fees, arising from or out of a violation of state or federal securities laws associated with the offer and sale of Units of Beneficial Interest (Shares). Indemnification will be allowed for settlements and related expenses of lawsuits alleging securities law violations, and for expenses incurred in successfully defending such lawsuits, provided that a court either: (1) approves the settlement and finds that indemnification of the settlement and related costs should be made; or (2) approves indemnification of litigation costs if a successful defense is made. Any agreement of the Trust providing indemnification of a Trustee or Affiliate must be approved by a majority of the Trustees (including a majority of Independent Trustees) not otherwise interested therein as being fair and reasonable to the Trust. In the opinion of the Securities and Exchange Commission, indemnification for liabilities arising out of the Securities Act of 1933 is against public policy and therefore unenforceable.

Possible Unitholder Liability. The Trust is an unincorporated business trust organized and registered under North Dakota law. No individual Unitholder is to be personally liable as such for any liabilities, debts or obligations of, or claim against, the "real estate investment trust," wherever arising, and whether arising before or after such Shareowner became the owner or holder of shares thereof. No Unitholder shall be held to any personal liability whatsoever in connection with the affairs of the Trust,

and that all persons shall look solely to the Trust estate for satisfaction of claims of any nature and that the trust shall be solely liable therefore and resort shall be had solely to the Trust estate for the payment. In respect to tort claims, contract claims where Unitholder liability is not negated, claims for taxes and certain statutory liabilities, it is possible that Unitholders may, in jurisdictions other than North Dakota, be held personally liable to the extent that such claims are not satisfied by the Trust. This is because some other jurisdictions (where the Trust may acquire property) have not, by specific legislation or case law, granted limited liability to Unitholders (beneficiaries) of a business trust. In any such event, however, the Unitholder would be entitled to reimbursement (and indemnity) from the general assets of the Trust. Under the terms of the Declaration of Trust, the Units of Beneficial Interest being offered hereby will not be subject to further calls or assessments by the Trust. All agreements of the Trust expressly will include a provision that Unitholders have no personal liability thereunder. The Trust does not believe that Unitholders are exposed to any significant risk, however because (i) the Trust's assets are expected to be adequate to meet its obligations, (ii) all contract claims will be negated as described in the preceding sentence, (iii) Trust mortgages, if any, will be non-recourse; and (iv) the Trust will carry insurance which the Trust considers adequate to cover probable tort claims. In addition, if the Trust or its counsel believe there is a question of liability in any state where the Trust may acquire property, the Trust will likely acquire such property through a wholly-owned real estate investment trust subsidiary corporation or limited liability company, and this would further limit or eliminate any such possible Unitholder liability.

Limit on the Amount of Shares Owned. One Unitholder may not, after the initial public offering of Units, own in excess of 9.8% of the outstanding Units. The Trustees may prohibit transfer of any Units that would violate this provision, and/or redeem offending Units following the redemption provisions next described. The Trustees may in their discretion issue Units of Beneficial Interest and other securities for cash, property or other consideration on such terms as they may deem advisable. The Trustees are not authorized to issue more than one class of equity securities, which are herewith designated Units of Beneficial Interest (Shares).

Certain Transfer Restrictions-Redemptions. For the Trust to qualify as a real estate investment trust under the Internal Revenue Code in any taxable year, not more than fifty percent (50%) of its outstanding Shares may be owned directly or indirectly by five or fewer individuals (determined with the application of certain attribution rules) at any time during the last half of any taxable year. In order that the Trust will meet these requirements and to preserve the Trust's tax status as a real estate investment trust, the Trustees have the power under the Trust's Declaration of Trust to prohibit the transfer of and/or redeem a sufficient number of Units, selected in a manner deemed appropriate by the Trustees to maintain or bring the ownership of Units into conformity with such requirements. The redemption price will be the fair market value as reflected in the latest market quotations, or, if no quotations are available, as determined in good faith by the Trustees. The holder of Units called for redemption shall cease to be entitled to distributions, voting rights and other benefits with respect such Units except the right to the payment of the purchase price for the Units. The effect of these requirements is to limit ownership of the Units by each of the five largest Unitholders to no more than 9.8% of the outstanding Units per holder including certain family members and other persons under applicable Code attribution provisions. To prevent the establishment and maintenance of small Unitholder accounts that would be uneconomical for the Trust to service and maintain, the Trustees may restrict transfers into (following the transfer prohibition and redemption provisions above described) or redeem the Units held in small lot (initially four Shares or less) and fractional share accounts.

Duration of Trust. The Trust will continue, unless sooner terminated by a majority vote of the Unitholders, until the expiration of twenty-one (21) years after the death of the last survivor of the original members of the Board of Trustees who have signed this Declaration of Trust. However, the Trustees expect that they will begin an orderly process to sell the Trust's properties and distribute the sale

proceeds (after provision for payment of the Trust's liabilities) to Unitholders on a time schedule and in a manner that, in the Trustee's business judgment will provide the best return to the Unitholders. In all events, this Trust shall terminate when and if required in accordance with North Dakota law and shall be unaffected by any rule against perpetuities. The Trust shall not extend beyond the period permitted by law, but shall terminate at the expiration of such period.

Unitholders may, at any time, by a vote of Unitholders holding at least a majority of the outstanding Units elect to terminate the Trust and direct the Trustees to wind up and settle the Trust's affairs, liquidate the Trust's assets and distribute the net proceeds to the Unitholders of record.

Amendments. The Declaration of Trust may be amended by an affirmative vote of Unitholders holding a majority of the outstanding Units of Beneficial Interest (Shares). In addition, a majority of the Trustees (including a majority of the Independent Trustees) may, without the approval of the Unitholders, adopt an amendment to the Declaration of Trust which the Trustees determine in good faith to be necessary to conform to the requirements of the federal tax law provisions for real estate investment trusts, or any requirements imposed by any state securities regulator and any other applicable laws or regulations.

Limitation on Total Operating Expenses. The Declaration of Trust provides that, subject to the conditions described in the following paragraph, the Total Operating Expenses of the Trust shall not exceed in any fiscal year the greater of two percent (2%) of the Average Invested Assets of the Trust during such fiscal year or twenty-five percent (25%) of the Trust's Net Income during such fiscal year.

The Independent Trustees may determine that a higher level of Total Operating Expenses is justified for such period. Within sixty (60) days after the end of any fiscal quarter of the Trust for which Total Operating Expenses (for twelve (12) months then ended) exceed both two percent (2%) of Average Invested Assets and twenty-five percent (25%) of Net Income as described above, the Declaration of Trust hereby provides that there shall be sent to the Unitholders a written disclosure of such fact including an explanation of the conclusions of the Board of Trustees. In the event the Total Operating Expenses exceed the limitations described above and if the Trustees are unable to conclude that such excess was justified then, within sixty (60) days after the end of the Trust's fiscal year, the Trustor shall reimburse the Trust the amount by which the Total Operating Expenses paid or incurred by the Trust exceed the limitation.

Oversight and Compensation of the Advisor. It shall be the duty of the Trustees to evaluate the performance of the Advisor before entering into or renewing an advisory contract. The criteria used in such evaluation shall be reflected in the minutes of such meeting. Each contract for the services of an Advisor entered into by the Trustees shall have a term of no more than one year. Each advisory contract shall be terminable by a majority of the Independent Trustees, or the Advisor on sixty (60) days written notice without cause or penalty. In the event of the termination of such contract, the Advisor will cooperate with the Trust and take all reasonable steps requested to assist the Trustees in making an orderly transition of the advisory function. The Independent Trustees shall determine from time to time and at least annually that the compensation which the Trust contracts to pay to the Advisor is reasonable in relation to the nature and quality of services performed and that such compensation is within the limits prescribed by this Declaration of Trust. The Independent Trustees shall also supervise the performance of the Advisor and the compensation paid to it by the Trust to determine that the provisions of such contract are being carried out. Each such determination shall be based on the factors set forth below and all other factors such Independent Trustees may deem relevant and the findings of such Trustees on each of such factors shall be recorded in the minutes of the Trustees: (1) The size of the advisory fee in relation to the size, composition and profitability of the portfolio of the Trust; (2) the success of the Advisor in generating opportunities that meet the investment objectives of the Trust; (3) the rates charged to other

REITs and to investors other than REITs by advisors performing similar services; (4) additional revenues realized by the Advisor and any Affiliate through their relationship with the Trust, including loan administration, underwriting or broker commissions, servicing, engineering, inspection and other fees, whether paid by the Trust or by others with whom the Trust does business; (5) the quality and extent of service and advice furnished by the Advisor; (6) the performance of the investment portfolio of the Trust, including income, conservation or appreciation of capital, frequency of problem investments and competence in dealing with distress situations; (7) the quality of the portfolio of the Trust in relationship to the investments generated by the Advisor for its own account.

Roll-Ups. In connection with a proposed roll-up, an appraisal of all Trust assets shall be obtained from a competent, independent expert. If the appraisal will be included in a prospectus used to offer the securities of a roll-up entity, the appraisal shall be filed with the SEC and the states as an Exhibit to the Registration Statement for the offering. Accordingly, an issuer using the appraisal shall be subject to liability for violation of Section 11 of the Securities Act of 1933 and comparable provisions under state laws for any material misrepresentations or material omissions in the appraisal. Trust assets shall be appraised on a consistent basis. The appraisal shall be based on an evaluation of all relevant information, and shall indicate the value of the Trust's assets as of a date immediately prior to the announcement of the proposed roll-up transaction. The appraisal shall assume an orderly liquidation of Trust assets over a 12 month period. The terms of the engagement of the independent expert shall clearly state that the engagement is for the benefit of the Trust and its investors. A summary of the independent appraisal, indicating all material assumptions underlying the appraisal, shall be included in a report to the investors in connection with a proposed roll-up.

In connection with a proposed roll-up, the person sponsoring the roll-up shall offer to Unitholders who vote "no" on the proposal the choice of: (A) accepting the securities of the roll-up entity offered in the proposed roll-up, or (b) one of the following: (i) remaining as Unitholders of the Trust and preserving their interests therein on the same terms and conditions as existed previously; or (ii) receiving cash in an amount equal to the Unitholders' pro rata share of the appraised value of the net assets of the Trust.

The Trust shall not participate in any proposed roll-up which would result in Unitholders having democracy rights in the roll-up entity that are less than those provided for under this Declaration of Trust. The Trust shall not participate in any proposed roll-up which includes provisions which would operate to materially impede or frustrate the accumulation of shares by any purchaser of the securities of the roll-up entity (except to the *minimum extent necessary to preserve the tax status of the roll-up entity*). The Trust shall not participate in any proposed roll-up which would limit the ability of an investor to exercise the voting rights of its securities of the roll-up entity on the basis of the number of Trust Units held by that investor.

The Trust shall not participate in any proposed roll-up in which investors' rights of access to the records of the roll-up entity will be less than those provided for under this Declaration of Trust.

The Trust shall not participate in any proposed roll-up in which any of the costs of the transaction would be borne by the Trust if the roll-up is not approved by the Unitholders.

Access to Records. Any Unitholder and any designated representative thereof shall be permitted access to all records of the Trust at all reasonable times, and may inspect and copy any of them. Inspection of the Trust books and records by the administrator shall be provided upon reasonable notice and during normal business hours. An alphabetical list of the names, addresses, and telephone numbers of the Unitholders of the Trust along with the number of Units held by each of them (the "Unitholder List") shall be maintained as part of the books and records of the Trust and shall be available for inspection by any Unitholder or the Unitholder's designated agent at the home office of the Trust upon

the request of the Unitholder. The Unitholder List shall be updated at least quarterly to reflect changes in the information contained therein. A copy of the Unitholder List shall be mailed to any Unitholder requesting the Unitholder List within ten days of the request. The copy of the Unitholder List shall be printed in alphabetical order, on white paper, and in a readily readable type size (in no event smaller than 10-point type). A reasonable charge for copy work may be charged by the Trust.

If the Advisor or Trustees neglects or refuses to exhibit, produce, or mail a copy of the Unitholder list as requested, the Advisor, and the Trustees shall be liable to any Unitholder requesting the list for the costs, including attorneys' fees, incurred by that Unitholder for compelling the production of the Unitholder List, and for actual damages suffered by any Unitholder by reason of such refusal or neglect. It shall be a defense that the actual purpose and reason for the requests for inspection or for a copy of the Unitholder List is to secure such list of Unitholders or other information for the purpose of selling such list or copies thereof, or of using the same for a commercial purpose other than in the interest of the applicant as a Unitholder relative to the affairs of the Trust. The Trust may require Unitholders requesting the Unitholder List to represent that the list is not requested for a commercial purpose unrelated to the Unitholder's interest in the Trust. The remedies provided hereunder to Unitholders requesting copies of the Unitholder List are in addition to, and shall not in any way limit, other remedies available to Unitholders under federal law, or the laws of any state.

Voting of Shares Owned by Trustees and the Trustor. The Trustor and Trustees and their affiliates may not vote or comment on matters submitted to Unitholders regarding removal of the Trustor, the Trustees or their affiliates, or regarding any transaction between the Trust and any of them.

- (a) Providing office space and staff;
- (b) Conducting the daily operations of the Trust;

- (c) Maintaining the Trust's books and records;
- (d) Preparing the Trust's quarterly financial reports;
- (e) Maintaining shareholder and unitholder records;
- (f) Preparing annual reports;
- (g) Disbursing dividends and distributions;
- (h) Preparing Trustee reports, as needed;
- (i) Preparing notices of shareholder meetings and proxies;
- (j) Advising Trustees in investment decisions.

The Advisor undertakes to use its best efforts to present to the Trust a continuing and suitable investment program consistent with the investment policies and objectives of the Trust, and, subject to the supervision of the Trustees: (a) to serve as the Trust's investment Advisor, including recommending changes in the Trust's investment policies when appropriate; (b) to originate, investigate and evaluate investment opportunities and recommend them to the Trustees; (c) to manage the Trust's short-term investments, including the acquisition and sale of money market instruments in accordance with the Trust's policies; (d) to administer the day-to-day operations of the Trust; (e) to investigate, select and conduct relations on behalf of the Trust with borrowers, lenders, mortgage loan originators, builders, developers and other individuals, corporations and entities in furtherance of the investment activities of the Trust; (f) to invest and reinvest any money of the Trust; (g) to obtain for the Trust such services as may be required for property management and other activities relating to the investment portfolio of the Trust; (h) to advise the Trust in connection with negotiations with investment banking firms, securities brokers or dealers or securities investors in connection with the public or private sale of securities of the Trust or UPREIT; (i) to provide personnel, office space and office equipment, or the use of it, necessary or advisable to carry out its function as the Advisor to the Trust; and (j) to make reports to the Trustees from time to time of its performance of the foregoing services.

The Advisor is not affiliated with any other public real estate programs. However, various investor programs may in the future be formed by the Advisor and its Affiliates to engage in businesses and invest in properties that may be competitive with the Trust. The Advisor will not form any future public program with investment objectives similar to the Trust until the Trust's then-current securities offering has been concluded, and the Advisor will not purchase property for any other public investor program with investment objectives similar to the Trust until substantially all the funds of UPREIT have been fully

invested or committed for investment. However, the Advisor may form future public or private investor programs that invest in similar properties on a leveraged, or mortgaged, basis; and such programs will not be deemed to have investment objectives similar to UPREIT or the Trust.

In recommending investments or participations in them to the Trust, the Advisor will select from the available investment opportunities those that it believes consistent with the Trust's investment objectives. The Advisor shall be free from any obligation to present to the Trust any particular investment opportunity which comes to the Advisor regardless of whether such opportunity is within the Trust's investment policies; provided however, that the Advisor shall act on a basis which is fair and reasonable to the Trust and its shareholders in selecting from among the particular investment opportunities that come to the Advisor those investment opportunities which it presents to the Trust. In the event the Advisor or an Affiliate of the Advisor is presented with a potential investment which might be made by more than one investment entity which it advises or manages, the decision as to the suitability of the property for investment by a particular entity will be based upon a review of the investment portfolio of each entity and upon factors such as cash flow, the effect of the acquisition on diversification of each entity's portfolio, the estimated income tax effects of the purchase on each entity, the policies of each entity relating to leverage, the funds of each entity available for investment and the length of time such funds have been available for investment. To the extent that a particular property might be determined to be suitable for more than one public entity, priority will generally be given to the public entity having uninvested funds for the longest period of time. If a property is found to be inappropriate for any public entity, or if no such public entity has funds available for investment, then it may be considered for private placement. If after completing a review and consideration of the above factors, the Advisor or an Affiliate of the Advisor designates a particular property(ies) for private placement, then such private placement may proceed to consummation irrespective of whether a public entity thereafter raises equity funds that could be available for such investment. Nothing herein shall be deemed to diminish the Advisor's overriding fiduciary obligation to the Trust or as a waiver of any right or remedy the Trust may have in the event of a breach by the Advisor of such obligation.

3. Servicing functions. The Advisor undertakes by this agreement to provide the requisite servicing of the Trust's mortgage loans and real property investments. Such servicing functions may be performed directly by the Advisor or by others, but the Advisor shall, in any event, be responsible for the supervision of such servicing performed by others. The servicing functions shall include the review of appraisal reports and title opinions or reports from independent counsel for the Trust, the collection of all payments when due, the supervision of the payment of taxes, special assessments, fire and other insurance premiums and any other required payments, to the extent of funds collected, and the remission to the Trust of the balance. In the event of a default on

an investment, the Advisor shall advise the Trust and supervise foreclosure or other remedies upon the direction of the Trustees.

4. Compliance with REIT qualifications and the Declaration of Trust.

Anything else in this agreement to the contrary notwithstanding, the Advisor shall refrain from any action which, in its sole judgment made in good faith, or in the judgment of the Trustees (of which the Advisor had notice), (i) would adversely affect the status of the Trust as a real estate investment Trust as defined and limited in Sections 856-858 of the Internal Revenue Code, as amended, and the regulations promulgated under it, or (ii) would violate any law, rule or regulation of any governmental body or agency having jurisdiction over the Trust or would otherwise not be permitted by the Declaration of Trust.

5. Records. The Advisor shall maintain appropriate books of account and records relating to services performed under this agreement, which books of account and records shall be accessible for inspection by the Trust at any time during ordinary business hours.

6. Bank accounts. The Advisor may establish and maintain one or more bank accounts in the Trust's name, and may collect and deposit into any such account or accounts, and disburse from any such account or accounts, any money on behalf of the Trust, under such terms and conditions as the Trustees may approve, and the Advisor shall from time to time render appropriate accounting of such collections and payments to the Trustees and to the auditors of the Trust.

7. Bond. The Advisor shall, upon request by the Trust, maintain such fidelity bond with a responsibility surety company and in such amount as may be required by the Trust from time to time, covering all officers and employees of the Advisor handling funds of the Trust and any investment documents or papers, which bond shall inure to the benefit of the Trust in respect of losses of any such property from acts of such officers and employees through theft, embezzlement, fraud, negligence in act, error, or omission or otherwise, the premium for the bond to be at the expense of the Trust.

8. Information furnished Advisor. The Trustees shall at all times keep the Advisor fully informed with regard to the investment policy of the Trust, the capitalization policy of the Trust, and generally their then current intentions as to the future of the Trust. In particular, the Trustees shall notify the Advisor promptly of their intention to sell or otherwise dispose of any of the Trust's investments, or to make any new investment. The Trust shall furnish the Advisor with a copy of all financial statements, a signed copy of each report or opinion prepared by independent public accountants, and such other information with regard to its affairs as the Advisor may from time to time reasonably request.

9. Trustees, officers and employees of the Advisor. Trustees, officers and employees of the Advisor or of affiliates of the Advisor may serve as Trustees, officers, agents, nominees or signatories for the Trust. When executing documents or otherwise acting in such capacities for the Trust, such persons shall use their respective titles in the Trust. Such persons who are officers or employees of the Advisor shall not receive compensation from the Trust for their services to the Trust in any such capacities, except that employees of affiliates of the Advisor who are Trustees may receive Trustee fees and travel expense reimbursements.

10. Compensation for management and advisory functions. The Trust shall pay to the Advisor as compensation for all services rendered to the Trust under this agreement (except for any acquisition fees or disposition fees for which compensation is to be paid under Sections 11 and 12), for each fiscal year, compensation as follows: .8 of 1% (eight-tenths of one percent) of the net invested assets of the Trust.

Said compensation shall be due within 15 days after the end of each month of a fiscal year in an amount equal to one-third (1/3) of the compensation calculation for the immediately preceding quarter. Compensation due shall be reconciled to compensation paid on a quarterly basis and any amounts overpaid or underpaid shall be due to the appropriate party within 15 days of the reconciliation.

All of the foregoing payments may be based on unaudited financial statements. The amount of advisory compensation payable under this agreement for any fiscal year shall be finally determined after the close of such fiscal year by independent accountants satisfactory to the Trust and the Advisor based on audited financial statements. Any payment by the Trust or repayment by the Advisor which shall be indicated to be necessary in accordance with them shall be made promptly after the completion of the audit.

11. Acquisition Fees: The Trust shall pay to the Advisor Acquisition Fees, for due diligence property review, a maximum fee as follows: .5 of 1% (one half of one percent) of the acquisition cost of a property, up to a maximum acquisition cost of \$2,500,000 (for a maximum Acquisition Fee of \$12,500 per acquisition). Such a fee must be approved by a majority of independent trustees and shall be paid to the Advisor when the principal amount of the investment is disbursed by the Trust. However, if the principal amount of an investment is disbursed by the Trust in more than one installment, the Trust shall pay to the Advisor each time the Trust makes a disbursement of the principal amount of the investment the appropriate percentage of the amount of principal then disbursed. The Trust shall not pay acquisition fees on any properties acquired from the Advisor or an Affiliate.

12. Disposition Fees: The Trust shall pay to the Advisor a maximum Disposition Fee as follows: 3% (three percent) of the gross selling price of the property.

Such a fee will not exceed what is the prevailing market rate at the time of the disposition and must be approved by a majority of independent trustees. Such a fee shall be paid to the Advisor when the principal amount is received by the Trust. However, if the principal amount of an investment is received by the Trust in more than one installment, the Trust shall pay to the Advisor each time the Trust receives a disbursement of the principal amount the appropriate percentage of the amount of principal then received.

13. Compensation for additional services. As and to the extent that the Advisor or any affiliate of the Advisor shall render any services for the Trust other than those required to be rendered by the Advisor pursuant to the provisions of this agreement, such additional services and activities will be compensated for separately on terms to be agreed upon between such party and the Trust from time to time.

14. Expense of the Advisor. Without regard to the amount of compensation received under this agreement by the Advisor, the Advisor shall bear the following expenses:

- (a) employment expenses of the personnel employed by the Advisor (other than fees paid to the Trustees, officers and employees of the Trust who are not officers or employees of the Advisor, and reimbursement of expenses made to the Trustees, officers and employees of the Trust, and fees and reimbursements of expenses made to independent Advisors, independent contractors, mortgage servicers, consultants, managers and other agents employed by or on behalf of the Trust), including, but not limited to, salaries, wages, payroll taxes, and the cost of employee benefit plans and temporary help expenses; and
- (b) rent, telephone, utilities, office furniture, equipment and machinery (including computers to the extent utilized) and other office expenses of the Advisor and the Trust.

15. Expenses of the Trust. Except as expressly otherwise provided in this agreement, the Trust shall pay all its expenses not assumed by the Advisor, and without limiting the generality of the foregoing it is specifically agreed that the following expenses of the Trust shall be paid by the Trust and shall not be paid by the Advisor:

- (a) the cost of borrowed money;
- (b) taxes on income, taxes and assessments on real property and other taxes applicable to the Trust;
- (c) legal, auditing, accounting, underwriting, brokerage, listing, registration (including all blue sky applications) and other fees, the printing, engraving

and other expenses and taxes incurred in connection with the issuance, distribution, transfer, registration and stock exchange listing of the securities of the Trust;

- (d) expenses connected with the acquisition, disposition and ownership of real property, mortgage loans or other property (including the cost of foreclosures, insurance premiums, legal services, architectural and engineering fees, mortgage taxes, appraisal and inspection fees, title and abstract expenses, brokerage, sale and leasing commissions, maintenance, repairs and improvements of property);
- (e) fees and expenses paid to independent contractors, consultants, managers and other independent agents employed directly by the Trust in connection with the acquisition, operation, maintenance, protection and disposition of Trust properties, including but not limited to salaries, wages, payroll taxes, and cost of employee benefit plans and temporary help expenses;
- (f) expenses of maintaining real property interests or other investment assets owned by the Trust;
- (g) insurance as required by the Trust, including but not limited to Trustees' and Officers' liability insurance;
- (h) expenses of organizing or terminating the Trust;
- (i) expenses connected with payments of dividends or interest or distributions in cash or any other form made by the Trust to holders of securities of the Trust;
- (j) all expenses connected with communications to holders of securities of the Trust and the other bookkeeping and clerical work necessary in maintaining relations with holders of securities, including the cost of printing and mailing certificates for securities and proxy solicitation materials and reports to such holders and the cost of holding meetings of holders of the Trust's securities.
- (k) transfer agents', registrars', authenticating agents', paying agents', and indenture Trustees' fees and charges;
- (l) losses and provisions for them on disposition of assets;
- (m) all provisions for depletion, depreciation and amortization;

- (n) the cost of the fidelity bond or bonds obtained by the Advisor as required by this agreement;
- (o) the fees and expenses paid to Trustees, and appraisers, contractors, consultants, managers, officers, employees and others employed by or on behalf of the Trust;
- (p) to the extent not paid by borrowers from the Trust, loan administration and mortgage and property servicing fees;
- (q) the expenses of revising, amending, converting or modifying the Trust;
- (r) legal, accounting and auditing fees; and
- (s) the cost of any accounting, statistical, or bookkeeping equipment or computer software necessary for the maintenance of the books and records of the Trust.

16. Refund by Advisor. The total operating expenses of the Trust shall (in the absence of a satisfactory showing to the contrary) be deemed to be excessive if they exceed in any fiscal year the greater of 2% (two percent) of the Trust's Average Invested Assets or 25% of its net income for such fiscal year. Within 120 days after the end of each fiscal year the Advisor will refund to the Trust the amount, if any, by which the operating expenses of the Trust during such fiscal year exceeded the lesser of (a) 2% (two percent) of the Trust's Average Invested Assets for such fiscal year (or a proportionately lesser percentage with respect to a fiscal year of less than 12 months) or (ii) 25% of the Net Income of the Trust for such fiscal year; provided, however, that the Advisor shall not be obligated to refund an amount which exceeds the aggregate of the compensation payable to it under Sections 10, 11 and 12 for such fiscal year. Further, the Advisor shall not be obligated to refund to the Trust those operating expense which exceed the above limitations if the Independent Trustees shall have made a finding that, based on such unusual and non-recurring factors which they deem sufficient, a higher level of expenses is justified for such year. Any such finding and the reasons in support thereof shall be reflected in the minutes of the meeting of the Trustees.

Within 60 days after the end of any fiscal quarter of the Trust for which total operating expenses (for the twelve (12) months then ended) exceeded 2% of Average Invested Assets or 25% of net income, whichever is greater, there shall be sent to the shareholders of the Trust a written disclosure of such fact, together with an explanation of the factors the Independent Trustees considered in arriving at the conclusion that such higher operating expenses were justified.

17. Origination and brokerage fees. Any remuneration or brokerage fees received and retained by the Advisor for services rendered in connection with the origination of a mortgage loan or real property investment acquired by the Trust shall be credited against compensation payable to the Advisor by the Trust pursuant to Sections 10 through 12 of this agreement.

18. Term; termination of agreement. (a) This agreement shall continue in force for a period of one year from this date and it may be extended from year to year by the affirmative vote of a majority of the Trustees who are not affiliates of the Advisor, as provided in the Declaration of Trust.

- (b) Notwithstanding any other provision to the contrary, this agreement may be terminated for any reason upon 60 days' written notice by the Advisor or upon like notice by the Trust, upon vote of a majority of the independent Trustees or upon vote of the holders of a majority of the outstanding shares of the Trust.
- (c) This agreement shall not be assignable by the Advisor without the consent of the Trust or by the Trust without the consent of the Advisor, except in the case of assignment by the Trust to a corporation, Trust or other organization that is a successor to the Trust. Such successor shall be bound under this agreement and by the terms of said assignment in the same manner as the Trust is bound under this agreement.
- (d) At the option solely of the Trustees this agreement shall be and become terminated immediately upon written notice of termination from the Trustees to the Advisor if any of the following events shall occur:
 - (i) If the Advisor shall violate any provision of this agreement, and after notice of such violation shall not cure such violation within thirty days; or
 - (ii) If the Advisor shall be adjudged bankrupt or insolvent by a court of competent jurisdiction, or an order shall be made by a court of competent jurisdiction for the appointment of a receiver, liquidator or Trustee of the Advisor, or of all or substantially all of its property by reason of the foregoing, or approving any petition filed against the Advisor for its reorganization, and such adjudication or order shall remain in force or unstayed for a period of thirty days; or
 - (iii) If the Advisor shall institute proceedings for a voluntary bankruptcy or shall file a petition seeking reorganization under the federal bankruptcy laws, or for relief under any law for the relief of debtors, or shall consent to the appointment of a receiver of itself or of all or substantially all of its

property, or shall make a general assignment for the benefit of its creditors, or shall admit in writing its inability to pay its debts generally, as they become due.

The Advisor agrees that if any of the events specified in subparagraphs (ii) and (iii) of this subsection (d) shall occur, it will give written notice of the fact to the Trustees within seven days after the occurrence of such event.

- (e) From and after the effective date of termination of this agreement pursuant to subsections (a), (b), (c) or (d) of this section, the Advisor shall not be entitled to compensation for further services hereunder but shall be paid all compensation accruing to the date of termination. The Advisor shall be entitled to compensation under Sections 12 and 13 hereof for any acquisition or disposition approved by the Trustees prior to such termination without regard to whether any portion of the principal amount of such investment was disbursed or received prior to such termination, provided, however, that the Advisor shall be entitled to compensation under this Subsection (e) only for acquisitions or dispositions that are consummated.

Upon termination the Advisor shall:

- (i) pay over to the Trust all moneys collected and held for the account of the Trust pursuant to this agreement, after deducting any compensation then payable and reimbursement of its expenses to which it is then entitled;
- (ii) as soon as possible deliver to the Trustees a full accounting, including a statement showing all payments collected by it and a statement of all moneys held by it, covering the period following the date of the last accounting furnished to the Trustees; and
- (iii) deliver to the Trustees all property and documents of the Trust then in the custody of the Advisor.

19. Miscellaneous. (a) The Advisor assumes no responsibility under this agreement other than to render the services called for under it in good faith, and shall not be responsible for any action of the Trustees in following or declining to follow any advice or recommendations of the Advisor. None of the Advisor, its policyholders, Trustees, officers or employees shall be liable to the Trust, the Trustees, the holders of securities of the Trust except by reason of acts constituting bad faith, negligence, misconduct, or not having acted in good faith in the reasonable belief that their actions were in the best interest of the Trust.

(b) The Trust and the Advisor are not partners or joint venturers with each other and nothing in this agreement shall be construed so as to make them partners or joint venturers or impose any liability as such on either of them. The Advisor shall perform its duties under this agreement as an independent contractor and not as an agent of the Trust or the Trustees.

(c) Any notice, report or other communication required or permitted to be given under this agreement shall be in writing unless some other method of giving such notice, report or other communication is accepted by the party to whom it is given, and shall be given by being delivered at the following addresses of the parties to this agreement:

The Trustees and/or the Trust:

Fargo, North Dakota 58103

The Advisor:

1121 Westrac Drive
Suite 108
Fargo, North Dakota 58103

Either party may at any time give notice in writing to the other party of a change of its address for the purpose of this subsection (c).

(d) This agreement shall not be changed, modified, terminated or discharged in whole or in part except by an instrument in writing signed by both parties to this agreement, or their respective successors or assigns, or otherwise as provided in this agreement.

(e) The section headings of this agreement have been inserted for convenience of reference only and shall not be construed to affect the meaning, construction or effect of this agreement.

(f) The provisions of this agreement shall be construed and interpreted in accordance with the law of the State of North Dakota.

SUBSCRIPTION AGREEMENT

Pre Limited Liability Partnership
1330 West Main
P.O. Box 446
Valley City, ND 58072

Gentlemen:

The undersigned hereby tenders this subscription and applies for the purchase of Units of Limited Partnership of PRE Limited Liability Limited Partnership, a North Dakota limited liability limited partnership (the "Partnership").

1. Purchase: Terms of Offering.

Subject to the terms and conditions of this Subscription Agreement the undersigned irrevocably agrees to purchase 4 Units (representing \$50,000 per Unit) and tenders herewith the cash contribution as set forth on Page 4 below.

If for any reason the subscription is rejected, all amounts received hereunder shall be returned within 14 days without interest or deductions, together with this Subscription Agreement.

2. Representations and Warranties.

The undersigned hereby makes the following representations and warranties to the Partnership and agrees to indemnify, hold harmless and pay all judgments of and claims against the Partnership from any liability or injury incurred as a result of any misrepresentation herein or any warranties not performed by the undersigned.

- (a) Except as hereinafter set forth, I am the sole and true party in interest and am not purchasing for the benefit of any other persons. I have a net worth and prospective income as represented on the Suitability Questionnaire submitted herewith, and I have sufficient means to bear the economic risks of this investment, even if the investments results in a total loss.
- (b) If the undersigned is a corporation, partnership, trust or other entity, (1) it is duly organized, validly existing and in good standing and has all the requisite power and authority to invest in the Units as provided herein; (2) such investment does not result in any regulation applicable to it; (3) such investment has been duly authorized by all necessary action on behalf of the undersigned; and (4) this

Subscription Agreement has been duly executed and delivered on behalf of the undersigned and constitutes a legal, valid and binding agreement of the undersigned.

- (c) I have consulted with the following advisor(s), if any (such advisor(s) are hereinafter collectively referred to as the "Purchaser Representative") (if NONE, so indicate):

- (d) I and/or my Purchaser Representative have read and analyzed and are familiar with the Offering Circular dated January 11, 2001, this Subscription Agreement, and other related documents, and I confirm that all documents requested by me and/or my Purchaser Representative have been made available to us, and that we have been supplied with all of the additional information concerning this investment that we have requested.

- (e) I personally, or together with my Purchaser Representative, have such knowledge and experience in financial and business matters that I am, or we are, capable of evaluating the merits of risks of this investment.

- (f) I understand that an investment in the Units is highly speculative and subject to substantial risks, and I am capable of bearing the high degree of economic risk and burdens of this venture, including, but not limited to, the possibility of the complete loss of all contributed capital, the lack of a public market, and the limited transferability of the Units, such that it might not be possible to readily liquidate this investment.

- (g) I have been advised that the following persons will receive compensation as brokers, salespersons, purchaser representative or in any other capacity in connection with my purchase of the Units (if NONE, so indicate):

None

- (h) The solicitation of this offer to purchase Units was directly communicated to me by the Partnership through the Offering Circular to which this Subscription Agreement is attached, in such a manner that I was able to ask questions of and receive answers from a person acting on behalf of the Partnership concerning the terms and conditions of this transaction and, at no time was I presented with or solicited by or through any leaflet, public promotional meeting, television advertisement, or any other form of general advertising.

- (i) The Units are being acquired in good faith, solely for my own account, for

investment purposes, and are not being purchased with a view to the resale, distribution, subdivision, or fractionalization thereof.

- (j) No representations or promises have been made concerning the marketability or value of the Units. The undersigned understands the restrictions on transfer described in the Offering Circular. The undersigned further acknowledges and agrees that, because the Units have not been registered under the Securities Act of 1933, as amended, and are being offered and sold pursuant to an exemption from registration, the registration is available, and the undersigned must continue to bear the economic risk of his investment in the Units for an indefinite period of time.
- (k) The Units will not be resold or otherwise disposed of, unless the Units are subsequently registered under the Securities Act of 1933 and appropriate state securities laws or the Partnership receives an opinion of counsel satisfactory to it that an exemption from registration is available.
- (l) I am aware of the following:
 - (1) There are substantial restrictions on the transferability of the Units, the Units will not be registered under the Securities Act of 1933, or the securities laws of any state, and any such registration is unlikely. In addition, investors in the Partnership have no right to require that the Units be registered under the Securities Act of 1933 or the securities laws of any state.
 - (2) No federal or state agency has made any finding or determination as to the fairness or public investment, nor any recommendation nor endorsement of the Units.
- (m) The representations, warranties, agreements and acknowledgments contained herein and the information set forth in the Suitability Questionnaire executed by me, a copy of which is attached hereto, is true and correct, and may be relied on by the Partnership in determining whether to accept or reject this Subscription. In addition, all such representations, warranties, agreements and acknowledgments shall survive the purchase of the Units.
- (n) I have not distributed the Offering Circular to anyone other than my Purchaser Representative and no persons other than myself and my Purchaser Representative have used this Offering Circular or any copies thereof.
- (o) I hereby agree to indemnify the Partnership and hold the Partnership harmless from and against any and all liability, damage, cost or expense incurred on account of or arising out of:

4. Restriction on Transferability.

The undersigned agrees not to transfer or assign the obligations or duties contained in this Subscription Agreement, or any of the interest the investor obtains as a result of entering into this Subscription Agreement without the express written consent of the General Partner.

5. Regulation D.

Notwithstanding anything contained herein to the contrary, every person or entity who, in addition to or in lieu of the undersigned, is deemed to be a purchaser pursuant to Regulation D promulgated under the Securities Act of 1933, as amended, makes and joins in making all of the covenants, representations, and warranties made by the undersigned.

- a) the representations and warranties of Pioneer contained in this Agreement will be true and complete now and on the Date of Closing.
- b) title to the Subject Premises shall have been found acceptable by UPREIT, or been made acceptable, in accordance with the requirements and terms of Section 4 below.

All of the conditions set forth above are for the sole and exclusive benefit of UPREIT, and UPREIT shall have the unilateral right to waive any conditions by notice to Pioneer.

4. Title Examination. Pioneer shall, within 20 days after the date of this Agreement, provide UPREIT with an updated abstract of title for the Subject Premises (which shall include all appropriate searches). UPREIT shall have 15 days after the later of (i) receipt of a title insurance commitment based on such Abstract (the "Commitment") from a title insurer selected by UPREIT or (ii) receipt of a current ALTA/ACSM survey (to be obtained at UPREIT's option and expense) of the Subject Premises, but in no event later than three days prior to the Date of Closing, to examine title and said survey and object to matters disclosed thereby, such objections to be made in writing or deemed waived. Pioneer shall diligently undertake to resolve all matters objected to, and if necessary, the Date of Closing shall be extended to allow Pioneer to do so (provided, however, the Date of Closing shall not be extended more than 60 days from the date of UPREIT's written objections). If all objected to matters are not corrected within 60 days from the date of written objection, this Exchange Agreement may be terminated at the written option of UPREIT, and neither Pioneer nor UPREIT shall have any further obligation with respect to this Agreement. If all objected to matters are corrected within said time or UPREIT elects to close notwithstanding any uncorrected matters, the parties shall promptly close this transaction.

- (c) I have consulted with the following advisor(s), if any (such advisor(s) are hereinafter collectively referred to as the "Purchaser Representative") (if NONE, so indicate):
- (d) I and/or my Purchaser Representative have read and analyzed and are familiar with the Private Investment Letter Memorandum dated April 16, 2003, this Subscription Agreement, and other related documents, and I confirm that all documents requested by me and/or my Purchaser Representative have been made available to us, and that we have been supplied with all of the additional information concerning this investment that we have requested.
- (e) I personally, or together with my Purchaser Representative, have such knowledge and experience in financial and business matters that I am, or we are, capable of evaluating the merits of risks of this investment.
- (f) I understand that an investment in the Units is highly speculative and subject to substantial risks. I am capable of bearing the high degree of economic risk and burdens of this venture, including, but not limited to, the possibility of the complete loss of all contributed capital, the lack of a public market, and the limited transferability of the Units, such that it might not be possible to readily liquidate this investment.
- (g) I have been advised that the following persons will receive compensation as brokers, salespersons, purchaser representative or in any other capacity in connection with my purchase of the Units (if NONE, so indicate):
- (h) The solicitation of this offer to purchase Units was directly communicated to me by the Partnership through the Private Investment Letter Memorandum to which this Subscription Agreement is attached. I was able to ask questions of and receive answers from the General Partner concerning the terms and conditions of this transaction and, at no time was I presented with or solicited by or through any leaflet, public promotional meeting, television advertisement, or any other form of general advertising.
- (i) The Units are being acquired in good faith, solely for my own account, for investment purposes, and are not being purchased with a view to the resale, distribution, subdivision, or fractionalization thereof.
- (j) No representations or promises have been made concerning the marketability or

value of the Units. The undersigned understands the restrictions on transfer described in the Private Investment Letter Memorandum. The undersigned further acknowledges and agrees that, because the Units have not been registered under the Securities Act of 1933, as amended, and are being offered and sold pursuant to an exemption from registration, the undersigned must continue to bear the economic risk of his investment in the Units for an indefinite period of time.

- (k) The Units will not be resold or otherwise disposed of, unless the Units are subsequently registered under the Securities Act of 1933 and appropriate state securities laws or the Partnership receives an opinion of counsel satisfactory to it that an exemption from registration is available.
- (l) I am aware of the following:
 - (1) There are substantial restrictions on the transferability of the Units, the Units will not be registered under the Securities Act of 1933, or the securities laws of any state, and any such registration is unlikely. In addition, investors in the Partnership have no right to require that the Units be registered under the Securities Act of 1933 or the securities laws of any state.
 - (2) No federal or state agency has made any finding or determination as to the fairness or public investment, nor any recommendation nor endorsement of the Units.
- (m) The representations, warranties, agreements and acknowledgments contained herein and the information set forth in the Suitability Questionnaire executed by me, a copy of which is attached hereto, is true and correct, and may be relied on by the Partnership in determining whether to accept or reject this Subscription. In addition, all such representations, warranties, agreements and acknowledgments shall survive the purchase of the Units.
- (n) I have not distributed the Private Investment Letter Memorandum to anyone other than my Purchaser Representative and no persons other than myself and my Purchaser Representative have used this Private Investment Letter Memorandum or any copies thereof.
- (o) I hereby agree to indemnify the Partnership and hold the Partnership harmless from and against any and all liability, damage, cost or expense incurred on account of or arising out of:
 - (1) Any inaccuracy in my declarations, representations, and warranties herein

above set forth;

- (2) My disposition of any of the Units contrary to my foregoing declarations, representations and warranties.

 (b) Joint Tenancy
 (c) Community Property
 (d) Tenancy in Common

The exact spelling of the name(s) under which title to the Units shall be taken is (please print): Dakota UPREIT Limited Partnership

4. Restriction on Transferability.

The undersigned agrees not to transfer or assign the obligations or duties contained in this Subscription Agreement, or any of the interest the investor obtains as a result of entering into this Subscription Agreement without the express written consent of the General Partner.

5. Regulation D.

Notwithstanding anything contained herein to the contrary, every person or entity who, in addition to or in lieu of the undersigned, is deemed to be a purchaser pursuant to Regulation D promulgated under the Securities Act of 1933, as amended, makes and joins in making all of the covenants, representations, and warranties made by the undersigned.

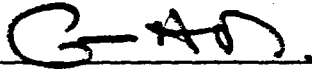

6. Acceptance.

Dakota Real Estate Investment Trust
Dakota UPREIT Limited Partnership
1121 Westrac Drive
Fargo, North Dakota 58103

Ladies and Gentlemen:

We have acted as special tax counsel to Dakota Real Estate Investment Trust (the "Trust"), a North Dakota real estate investment trust, and Dakota UPREIT Limited Partnership ("UPREIT"), a North Dakota limited partnership, in connection with the registration of 444,444 Units of Beneficial Interest ("Shares") of the Trust. This opinion letter is furnished in connection with the filing with the Securities and Exchange Commission ("SEC"), on or about _____, 2003, of a Regulation A Offering Statement relating to the Shares (the "Offering Circular"). Unless otherwise defined herein or the context hereof otherwise requires, each term used herein with initial capitalized letters has the meaning given to such term in the Offering Circular.

The opinions set forth in this letter are based on relevant current provisions of the Internal Revenue Code of 1986, as amended (the "Code"), Treasury regulations thereunder (including proposed and temporary Treasury regulations), and interpretations of the foregoing as expressed in court decisions, legislative history, and administrative determinations of the Internal Revenue Service (the "IRS") (including its practices and policies in issuing private letter rulings, which are not binding on the IRS, except with respect to a taxpayer that receives such a ruling), all as of the date hereof. These provisions and interpretations are subject to changes (which may apply prospectively or retroactively) that could cause this opinion to no longer be valid. Our opinions do not foreclose the possibility of a contrary determination by the IRS or a court of competent jurisdiction, or of a contrary position by the IRS or the Treasury Department in regulations or rulings issued in the future. In this regard, an opinion of counsel with respect to an issue is not binding on the IRS or the courts, and is not a guarantee that the IRS will not assert a contrary position with respect to any such issue or that a court will not sustain a position asserted by the IRS.

In rendering the following opinions, we have examined such statutes, regulations, records, certificates and other documents as we have considered necessary or appropriate as a basis for such opinions, including (but not limited to) the following: (1) the Offering Circular; (2) the Trust's Declaration of Trust dated May 13,

Exhibit 12-1

Dakota Real Estate Investment Trust
_____, 2003

1997, and amended and restated on September 26, 2000 and on October 25, 2002 (the "Declaration of Trust"); and (3) the Limited Partnership Agreement of UPREIT dated October 1, 2000 (the "Partnership Agreement"). The opinions set forth in this letter are also premised on certain written representations of the Trust and UPREIT contained in letters to us dated _____, 2003 including representations regarding the assets, operations, activities and ownership of the Trust and UPREIT (the "Management Representation Letters").

For purposes of rendering our opinions, we have not made an independent investigation or audit of the facts set forth in any of the above-referenced documents, including the Management Representation Letters. We consequently have relied upon the representations in the Management Representation Letters to the effect that the information presented in such documents or otherwise furnished to us is accurate and complete in all material respects. Any inaccuracies in or alteration of such information may adversely affect our opinion. Finally, our opinion is limited to the tax matters specifically covered herein, and we have not addressed, nor have we been asked to address, any other matters, including other tax matters, relevant to the Trust, UPREIT, or any other person.

Moreover, we have assumed, with your consent, that, insofar as relevant to the opinions set forth herein:

- (1) ~~the Trust and UPREIT have been and will be~~ operated in the manner described in the Management Representation Letters and the Offering Circular (including the various SEC filings incorporated therein by reference) and in the Partnership Agreement, Declaration of Trust or other organizational documents;
- (2) ~~as set forth in the Management Representation Letters,~~ the Trust has taken and will continue to take measures to ensure that services provided to its tenants are either: (a) "usually or customarily rendered" and not otherwise considered "rendered to tenants;" (b) provided by either (i) an entity that qualifies as an "independent contractor," as defined in Section 856 of the Code and the Treasury regulations thereunder, from which the Trust receives no income, or (ii) a "taxable REIT subsidiary" within the meaning of Section 856(l)(1) of the Code; or (c) do not result in the Trust having more than a "de minimus" amount of "impermissible tenant service income" under Section 856(d)(7) of the Code with respect to any particular property during any taxable year;
- (3) the Trust is a duly organized and validly existing registered and unincorporated business trust under the laws of the State of North Dakota and UPREIT is a duly organized and validly existing limited partnership under the laws of the State of North Dakota.
- (4) the Trust has made a valid election to be taxed as a real estate investment trust ("REIT") pursuant to the filing of its federal income tax returns for its tax years ending December 31, 2000; December 31, 2001; and December 31, 2002, and will continue to make such elections on its timely filed federal income tax returns for all subsequent tax years;
- (5) all of the obligations imposed by or described in the documents that we have reviewed, including obligations imposed under the Declaration of Trust and Partnership Agreement, have been and will continue to be performed or satisfied in accordance with their terms; and
- (6) all documents that we have reviewed have been properly executed, are valid originals or authentic copies of valid originals, and all signatures thereon are genuine.

Dakota Real Estate Investment Trust

, 2003

Page 3

Based upon, subject to, and limited by the assumptions and qualifications set forth herein, we are of the opinion that:

- (a) commencing with its tax year ending December 31, 2000 and continuing through the date hereof, the Trust has been organized in conformity with the requirements for qualification as a REIT under the Code, and that the Trust's prior, current and anticipated methods of operation have enabled and will enable it to satisfy the requirements under the Code to qualify as a REIT for federal income tax purposes;
- (b) commencing with its tax year ending December 31, 2000 and continuing through the date hereof, UPREIT has been organized in conformity with the requirements for qualification as a partnership under the Code, and that UPREIT's prior, current and anticipated methods of operation have enabled and will enable it to satisfy the requirements under the Code to qualify as a partnership for federal income tax purposes; and
- (c) the portions of the discussion in the Offering Circular under the caption "Material U.S. Federal Income Tax Consequences" that describe applicable U.S. federal income tax laws are correct in all material respects as of the date hereof.

We assume no obligation to advise you of any changes in our opinions or of any new developments in the application or interpretation of the federal income tax laws subsequent to the date of this letter. The Trust's qualification and taxation as a REIT depend upon (i) the Trust's satisfaction in the past of the requirements for qualification and taxation as a REIT; and (ii) the Trust's ability to meet on a continuing basis, through actual annual operating and other results, the various requirements under the Code, as described in the Offering Circular with regard to, among other things, the sources of its gross income, the composition of its assets, the level of its distributions to shareholders, the diversity of its share ownership and other factors. Larkin, Hoffman, Daly & Lindgren, Ltd. has not independently reviewed and will not independently review in the future the Trust's compliance with these requirements. Accordingly, no assurance can be given that the actual results of the Trust's operations, the sources of its income, the nature of its assets, the level of its distributions to shareholders, the diversity of its share ownership for any given taxable year and other factors will satisfy the requirements under the Code for qualification and taxation as a REIT.

In rendering the opinions herein, Larkin, Hoffman, Daly & Lindgren, Ltd. has assumed the correctness of, and has relied upon, the representations of the Trust and UPREIT with respect to REIT and partnership qualification matters, including those set forth in the Management Representation Letters.

This opinion letter has been prepared for use in connection with the filing of the Offering Circular, and we hereby consent to the filing of this opinion letter as Exhibit 12 to the Offering Circular, and to the reference to Larkin, Hoffman, Daly & Lindgren, Ltd. under the caption "Legal Matters" in the Offering Circular. In giving this consent, however, we do not admit thereby that we are an "expert" within the meaning of the Securities Act of 1933, as amended.

Very truly yours,

LARKIN, HOFFMAN, DALY & LINDGREN, Ltd.

DAKOTA REIT
Distribution Reinvestment Plan

Dakota REIT offers its shareholders the opportunity to reinvest their cash distribution in additional shares of beneficial interest in Dakota REIT. Shares purchased under this plan will be discounted from the most recent public offering by 10%. The Shares issued will be qualified as part of the then current securities offering.

A shareholder may join the plan at any time. The initial subscription agreement will ask the subscriber whether they want distributions paid in cash or in additional shares. Subsequently, a shareholder may opt out of the plan and choose distributions paid in cash, or a portion of the distribution paid in additional shares and a portion in cash. A shareholder may change his/her plan status at any time, by signing an authorization form. Forms may be obtained by writing: Dakota REIT Management Inc., 1121 Westrac Drive, Suite 108, Fargo, ND 58103 or by calling (701) 239-6879.

The Board of Trustees, on the date of distribution declaration, will specify a date of record to determine the recipient of distributions to be paid for that period. Reinvestment of those distributions will be made on the distribution payment date (generally within 10 days) after the date of declaration by the Board of Trustees.

A statement will be sent to each shareholder on the payment date, detailing the amount of distributions declared, the number of shares purchased and the price per share. The report will also include cumulated information. Annually, each shareholder will receive an IRS Form 1099-Div showing reportable income for tax purposes.
