EXHIBIT A

Limited Partner Interests

All Interests will be subject to a 1.5% Management Fee and will be eligible for quarterly withdrawal rights.

Subscriptions

The Partnership may impose a sales charge, on a disclosed basis, on subscriptions in order to compensate unaffiliated third parties who assist in obtaining subscriptions. In these cases, the sales charge will be deducted from the subscription and will not be treated as part of the investor's capital contribution to the Partnership. The Partnership does not otherwise plan to incur placement commissions. The General Partner may compensate placement agents or others for introducing investors to the Partnership. It also may take such introductions into account as a factor in the selection of brokers to execute portfolio transactions for the Partnership

Incentive Allocation

The General Partner is entitled to an annual incentive allocation (the "Incentive Allocation") equal to 20% of the amount by which aggregate net profits (after deduction of all expenses, including the Management Fee) allocated to each Limited Partner for the current year exceed the "Loss Carryforward Amount" with respect to such Limited Partner. The Loss Carryforward Amount equals such Limited Partner's share of any net losses from earlier years that have not been fully recovered out of subsequent net profits.

The Incentive Allocation will be calculated and charged to each Limited Partner as of December 31 of each year commencing on December 31, 2003.

An Incentive Allocation will also be calculated and immediately charged with respect to any Limited Partner permitted or required to withdraw as of any time other than December 31 on the basis of net profits allocated to such Limited Partner through the withdrawal date.

If a Limited Partner makes a withdrawal from its capital account at a time when it has a Loss Carryforward Amount, such Loss Carryforward Amount will be reduced in the same proportion that the withdrawal amount bears to the Limited Partner's total capital account balance immediately prior to the withdrawal.

Management Fees

6. 4.

The Investment Manager will be entitled to receive Management Fees at a quarterly rate equal to 0.375% (1.5% per annum) of the net asset value of the capital account balance of each Limited Partner (without accrual of unearned Incentive Allocations). Management Fees will be calculated and payable by the Partnership quarterly in advance as of the beginning of each calendar quarter. Capital contributions accepted after the commencement of a calendar quarter will be subject to a pro rated Management Fee reflecting the time remaining during the quarter.

Other Partnership Expenses

The Partnership will bear the legal, accounting and administration expenses associated with the organization of the Partnership and the offering of Interests, including any "blue sky" filing fees and expenses and out-of-pocket expenses. Organizational expenses will be amortized over a 60-month period (which may result in an exception to U.S. generally accepted accounting principles).

The Partnership will bear all costs and expenses directly related to portfolio investments or prospective investments (whether or not consummated) of the Partnership, such as brokerage commissions, interest on debit balances or borrowings, consultants, specific expenses incurred in obtaining (and ongoing utilization of) systems, communications, research and other information utilized with respect to the Partnership's investment program and any withholding or transfer taxes imposed on the Partnership. The Partnership will also bear all out-of-pocket costs of the administration of the Partnership, including accounting, audit, the fees of the Administrator and other administration expenses, legal expenses, costs of any litigation or investigation involving Partnership activities, and costs associated with reporting and providing information to existing and prospective Limited Partners.

Limited Partner Withdrawals

The Partnership will have the authority to deduct from the gross withdrawal proceeds due to any Limited Partner (a) an amount equal to 2% of such gross withdrawal proceeds if the withdrawal occurs within twelve months of the date such Limited Partner first invested in the Partnership and (b) an amount representing the Partnership's actual or estimated expenses associated with processing the withdrawal (which may include a pro rata portion of any unamortized organizational expenses and an amount representing the withdrawing Partner's pro rata share of the estimated costs of a complete liquidation of the Partnership). Any such withdrawal deduction will be retained by the Partnership for the benefit of all remaining investors.
