## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

BorgWarner Air/Fluid Systems of Michigan Inc.,  
Warren Plant Retirement Savings Plan:

We have audited the accompanying financial statements of the BorgWarner Air/Fluid Systems of Michigan Inc., Warren Plant Retirement Savings Plan (the "Plan") as of September 30, 2003 and December 31, 2002, and for the period from January 1, 2003 to September 30, 2003, as listed in the table of contents. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits as of September 30, 2003 and December 31, 2002, and the changes in net assets available for benefits for the period from January 1, 2003 to September 30, 2003 in conformity with accounting principles generally accepted in the United States of America.

As described in Note 1, effective September 30, 2003, the Plan was merged into the BorgWarner Morse TEC Inc., Ithaca Retirement Savings Plan.

### 1. DESCRIPTION OF PLAN

The following description of the BorgWarner Air/Fluid Systems of Michigan Inc., Warren Plant Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General**—The Plan was established on June 17, 1996 and is a participating plan under the BorgWarner Inc. Retirement Savings Master Trust (the "Master Trust"). The Plan sponsor is BorgWarner Air/Fluid Systems of Michigan Inc. (the "Company"), a wholly owned indirect subsidiary of BorgWarner Inc. (the "Corporation").

The Plan was established as a defined contribution plan under Section 401(a) of the Internal Revenue Code, designed to provide eligible employees of the Company with systematic savings and tax-advantaged long-term savings for retirement. The Corporation has assigned the Retirement Savings Plan Committee (the "Committee") to oversee the Plan and the Master Trust. The Committee has appointed Putnam Investor Services, Inc. and Putnam Fiduciary Trust to perform the administrative, investment, and trustee services for the Plan and Master Trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In 2002, the Company closed the Warren plant. All employees terminated as a result of the plant closing became fully vested in the Company contributions as of the date of their termination.

**Plan Merger**—Effective September 30, 2003, the Plan was merged into the BorgWarner Ithaca Retirement Savings Plan (the "Ithaca plan"). On this date, all assets were appropriately transferred from the Plan to Ithaca plan.

**Eligibility**—Hourly employees of the Company's Warren plant became eligible participants in the Plan after they have been employed for at least six consecutive months by the Company. In 2002, the Warren plant closed. No new employees were eligible to participate in the Plan.

**Participants' Accounts**—Individual accounts are maintained for each Plan participant. The following accounts are established for each participant in the Plan:

**Company Retirement Account**—The Company made contributions to this account as a percentage of the participant's compensation based on the participant's age. No employee contributions were made to this account.

**Employee Retirement Account**—Participants could voluntarily contribute from one to three percent of their compensation to this account. Beginning July 1, 2003, new employees were automatically enrolled at three percent upon completion of 60 days of service, unless they elect not to participate. The Company made contributions equal to 100 percent of participants' contributions to this account. The

Company's match was automatically invested in the BorgWarner Inc. Stock Fund. Once invested, participants may transfer the Company match to any of the other investment choices.

*Savings Account*—Participants could voluntarily contribute one to twenty-five percent of their compensation to this account. No Company contributions were made to this account.

*Retiree Health Account*—Participants could voluntarily contribute from one to three percent of their compensation to this account. The Company made contributions equal to 100 percent of participants' contributions to this account, limited to \$500 per year.

*Investment Options*—Participants elect to invest their Company Retirement Account, Employee Retirement Account, Savings Account, and Retiree Health Account in one or more of the following funds of the Master Trust maintained by Putnam Fiduciary Trust, other than the Pending Account and Loan Fund, which are not fund elections available to participants: Barclays Mid Cap Equity Index Fund, Barclays Russell 2000 Index Fund, Barclays US Debt Index Fund, Barclays Equity Index, which are all collective trust funds; One Group Mid Cap Value Fund, The George Putnam Fund of Boston, Putnam Voyager Fund, Putnam Small Cap Value Fund, Putnam OTC Emerging Growth Fund, Putnam International Growth Fund, Putnam Vista Fund, and Global Growth Fund, which are all mutual funds; Investment Contracts Fund, BorgWarner Inc. Stock Fund, Loan Fund, and Pending Account.

The BorgWarner Inc. Stock Fund invests solely in the common stock of BorgWarner Inc. All purchases of BorgWarner Inc. stock are made on the open market.

*Vesting*—Fund assets attributable to voluntary participant contributions are fully vested at all times. Fund assets attributable to Company contributions vest 100 percent upon completion of three years of vested service.

*Withdrawals*—While participants are actively employed, no withdrawals may be made from the Company Retirement Account, the Employee Retirement Account, or the Retiree Health Account. Withdrawals may be made from the Savings Account at the participants' option subject to certain limitations. Upon termination of employment, participants may elect an immediate or future distribution of their vested account balances, as permitted by the Plan and by ERISA regulations.

*Loans*—Participants may borrow up to 50 percent of their Savings Account balance with a minimum of \$500 and a maximum of \$50,000, limited to a single loan outstanding at any time. Loan terms range from six months to five years, with interest charged at the rate established by the Trustee for similar loans on the origination date. No loans were outstanding as of September 30, 2003. No loans are permitted from the Company Retirement Account, the Employee Retirement Account, or the Retiree Health Account. Loans are secured by the remaining balance in the participant's Savings Account. Principal and interest is paid ratably through payroll deductions.

*Priorities Upon Termination*—Although the Company has not expressed any intent to discontinue the Plan, it has the right to do so at any time, subject to the provisions set forth in ERISA. In the event of termination, the interests of the affected participants shall become fully vested. The Plan assets then remaining shall be used to pay administrative expenses and benefits equal to the balance in the participants' accounts.

*Payment of Benefits*—Distribution of benefits is made upon retirement, death or other termination of employment. Participants may elect to receive distributions in the form of installments or a lump sum.

**Forfeited Accounts**—At September 30, 2003 and December 31, 2002, forfeited nonvested accounts totaled \$0 and \$17,000, respectively. These accounts will be used to reduce future employer contributions. During the period ended September 30, 2003, employer contributions were reduced by \$3,000 from forfeited nonvested accounts.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Investments**—The Investment Contracts Fund of the Master Trust is stated at cost plus interest earned to date (i.e., contract value) as reported by the trustee. The contract value of the Investment Contracts Fund was \$146,527,000 and \$136,311,000 at September 30, 2003 and December 31, 2002, respectively, compared to the fair value of \$154,562,000 and \$146,118,000, respectively. The average yield for the Investment Contracts Fund was 5.7% for the period from January 1, 2003 to September 30, 2003. The crediting interest rate was 5.7% and 5.93% at September 30, 2003 and December 31, 2002, respectively. The Investment Contracts Fund is fully benefit-responsive. The Loan Fund is valued at cost plus accrued interest, which approximates fair value. Investments in all other funds of the Master Trust are stated at market value as reported by the trustee.

**Estimates**—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits as of the date of the financial statements, and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates. The Plan utilizes various investment instruments, including mutual funds, collective trusts, and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

**Miscellaneous Expenses**—Transfer taxes and brokerage expenses attributable to the Master Trust assets are charged to the applicable fund as a reduction of the return on that fund. Any other expenses incurred with respect to Master Trust income or property are charged to the accounts of the participants, where applicable, or are paid in such manner as the Company determines.

**Payment of Benefits**—Benefits are paid when recorded. There were no amounts allocated to accounts of participants who had elected to withdraw from the Plan but had not been paid at September 30, 2003 and December 31, 2002.

**Transfers**—Along with the Plan, other entities of the Corporation sponsor defined contribution plans. When an employee transfers to any other BorgWarner entity covered by a different BorgWarner sponsored plan during the year, that participant's account balance is transferred to the corresponding plan.

## 3. TAX STATUS

The Plan obtained a determination letter, dated March 1, 2002, in which the Internal Revenue Service stated that the Plan, as amended through April 16, 2001, was in compliance with applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the Plan's management believes the Plan is currently designed and being operated in accordance with the applicable rules and regulations of the Internal Revenue Code; therefore, no provision for income taxes has been made in the Plan's financial statements.

#### 4. INVESTMENTS

The Plan's investments which exceeded five percent of net assets available for benefits as of September 30, 2003 and December 31, 2002 are as follows:

	2003	2002
	(In thousands)	
Investment in Master Trust	\$ -	\$ 757

During the period from January 1, 2003 to September 30, 2003, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$61,000 as follows:

	(In thousands)
Mutual funds	\$ 37
Collective trust funds	11
BorgWarner Inc. Stock Fund	<u>13</u>
Total	<u>\$ 61</u>

#### 5. RELATED-PARTY TRANSACTIONS

The Master Trust invests in BorgWarner Inc. common stock and makes loans to participants, which are permitted party-in-interest transactions. Certain Master Trust investments are shares of mutual funds and other investments managed by Putnam Fiduciary Trust Company. Putnam Fiduciary Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Putnam for administrative services amounted to \$1,000 for the period from January 1, 2003 to September 30, 2003, and are included in miscellaneous expenses. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

#### 6. MASTER TRUST INFORMATION

Use of the Master Trust permits commingling of the trust assets of a number of defined contribution plans of the Corporation for investment and administrative purposes. Although assets are commingled in the Master Trust, Putnam Fiduciary Trust maintains supporting records for the purpose of allocating the net gain (loss) of the investment account to the various participating plans.

At December 31, 2002 the Master Trust consisted of the investments of ten defined contribution plans sponsored by entities of the Corporation. As of September 30, 2003, the number of plans has been reduced to nine, as a result of plan mergers. The investment account of the Master Trust is valued at fair value at the end of each business day. The net gain (loss) in the account is allocated by the trustee to each participating plan based on the relationship of the interest of each plan to the total of the interests of all participating plans.

At September 30, 2003 and December 31, 2002, the Plan's interest in the net assets of the Master Trust was approximately zero percent and 0.14 percent, respectively.

The following tables present the carrying value of investments of the Master Trust as of September 30, 2003 and December 31, 2002 and the components of investment income for the Master Trust for the period from January 1, 2003 to September 30, 2003:

	September 30, 2003	December 31, 2002
Carrying value of investments (in thousands):		
Mutual funds	\$288,182	\$251,199
