**INDEPENDENT AUDITORS' REPORT**

The Board of Directors  
Bullaro Securities, Corp.

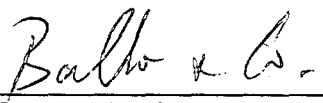

We have audited the accompanying statement of financial condition of Bullaro Securities, Corp., as of December 31, 2004, and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Bullaro Securities, Inc., as of December 31, 2004, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements, taken as a whole. The information contained in the schedules of computation of minimum capital requirement and computation of net capital is presented for purposes of additional analysis and is not an required part of the basic financial statements, but is supplementary information required by 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and in our opinion is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDING DECEMBER 31, 2004**

**NOTE 1 – NATURE OF BUSINESS**

**Nature of operations** – Bullaro Securities, Corp. (the Company) was incorporated on January 2, 1991 under the laws of the State of New York for the purpose of doing business as a Securities Broker-Dealer. The Company is registered with the National Association of Securities Dealers (NASD) and the Securities and Exchange Commission (SEC) to serve as a broker for U.S. Government and corporate securities. The Company derives the majority of its revenue through securities commissions and proprietary trading profits. The Company clears all of its securities transactions with and for customers on a fully disclosed basis through a clearing arrangement.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Use of estimates** – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

**Securities transactions** – Proprietary securities transactions in regular-way trades are recorded on the trade date as if settled. Profit and loss from all securities transactions entered into for the account and risk of the Company are recorded on a trade date basis. Customers' security transactions and related commissions and expenses are reported on a trade date basis.

**Cash equivalents** - Holdings of highly liquid investments with maturities of three months or less when purchased are considered to be cash equivalents.

**Concentration of credit risk** – The Company maintains its cash at various financial institutions. The cash balances at these institutions do not exceed the available Federal Deposit Insurance Corporation (FDIC) as of December 31, 2004.

**Marketable securities** – Securities owned are valued at quoted market prices. The unrealized gain or loss resulting from the difference between cost and market is included in income.

**NOTE 3 – NET CAPITAL REQUIREMENTS**

The Company's Net Capital requirement is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), as defined, which requires the maintenance of minimum net capital of \$100,000.
