## INDEPENDENT AUDITORS' REPORT

We have audited the accompanying statements of financial condition of Biremis Corporation (the "Company") as of March 31, 2005 and the related statements of income, changes in shareholders' equity, and cash flows for the period from May 18, 2004 (Commencement of Operations) to March 31, 2005 that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Biremis Corporation as of March 31, 2005 and the results of its operations and its cash flows for the period from May 18, 2004 (Commencement of Operations) to March 31, 2005, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information contained in the accompanying Schedules I, II, and III is presented for the purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**NOTE 1 - NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Nature of Business*

Biremis Corporation (the "Company"), a Massachusetts corporation, is a registered self-clearing broker-dealer under the provisions of the Securities Exchange Act of 1934. The Company was formed on May 18, 2004. The Company executes securities transactions for one client, Swift Trade, Inc., which is owned by the Company's majority shareholder.

*Merger*

The Company merged on June 23, 2004 with Biremis, LLC (the "LLC") per the terms of the Agreement of Merger (the "Agreement"). In accordance with the Agreement, the shareholders of the LLC exchanged all of their ownership rights for ownership of the Company.

*Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

*Income Taxes*

Pursuant to Statement of Financial Accounting Standards ("SFAS") No. 109, "Accounting for Income Taxes", the Company accounts for income taxes using the asset and liability method of accounting for income taxes. Under this method, deferred tax assets and liabilities are recognized for future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on the deferred tax assets and liabilities due to a change in tax rates is recognized in operations in the period that included the enactment date.

*Revenue Recognition*

Revenues are generated as a result of the purchase and sales of investment securities and related products. All commission revenues and related commission expenses are recorded on a settlement date basis.

*Fair Values of Financial Instruments*

The Company's financial assets and liabilities are reported in the statement of financial condition at market or fair value or at carrying amounts that approximate fair value. Financial instruments consist principally of cash, receivables, and payables.

*Receivable From and Payable to Brokers and Clearing Organizations*

The balances shown as receivable from and payable to brokers and clearing organizations represent amounts due in connection with the Company's normal transactions involving trading of securities. Management considers all receivables to be collectible, therefore, no allowance for doubtful accounts has been provided for.

**BIREMIS CORPORATION**  
**Notes to Financial Statements**  
**Period from May 18, 2004**  
**(Commencement of Operations)**  
**to March 31, 2005**

**NOTE 1 - NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

*Cash and Cash Equivalents*

The Company defines cash equivalents as highly liquid overnight deposits held in the ordinary course of business, as well as all short-term investments with an original maturity at the date of purchase of 90 days or less.

*Concentration of Credit Risk*

Financial instruments that potentially expose the Company to concentrations of credit risk consist principally of cash and receivables. The Company places its cash primarily with one institution which management believes is of high credit quality.

*Recently Issued Accounting Standards*

In January 2003, the FASB issued Interpretation No. 46, "*Consolidation of Variable Interest Entities*" ("FIN 46"). This interpretation requires a company to consolidate a variable interest entity ("VIE") if the company has variable interests that give it a majority of the expected losses or majority of the expected residual returns of the entity. The entity shall disclose the primary beneficiary of a variable interest entity, including the nature, purpose, size, and activities of the variable interest entity and the enterprise's maximum exposure to loss as a result of its involvement with the variable interest entity. Application of FIN 46 for a non-public company with an interest in an entity that is subject to this interpretation and that is created after December 31, 2003 shall apply this interpretation to that entity immediately. A non-public company shall apply this interpretation to all entities that are subject to this interpretation by the beginning of the first annual period beginning after December 15, 2004. In December 2003, the FASB issued FIN 46 Revised ("FIN 46R"), which revised the required application period by non public entities to various dates in 2004 and 2005. The Company has reviewed and evaluated the scope of FIN 46 and determined that the Company does not have any variable interest entities created after December 31, 2003.

**NOTE 2 - NET CAPITAL REQUIREMENTS**

The Company, as a registered broker-dealer, is subject to the Securities and Exchange Commission Uniform Net Capital Rule ("Rule 15c3-1"). Rule 15c3-1 requires the maintenance of minimum net capital of \$250,000, as defined, and requires that aggregate indebtedness, as defined, shall not exceed eight times net capital. At March 31, 2005, the Company had net capital, as defined, of \$365,796 which exceeded the required net capital by \$115,796.

At March 31, 2005, there were no differences between the audited net capital computation and the computation prepared by Biremis Corporation.

**NOTE 3 - RELATED PARTY TRANSACTIONS AND CONCENTRATIONS**

The Company executes trades of securities for a sole client, Swift Trade, Inc. This client is wholly-owned by the Company's majority shareholder. The Company earns commissions from executing trades and pays this client a commission in the form of a management fee. Although there is no formal agreement, the Company transfers money throughout the year towards its management fee to the extent that the Company is in compliance with minimum net capital requirements of Rule 15c3-1.

**BIREMIS CORPORATION**  
**Notes to Financial Statements**  
**Period from May 18, 2004**  
**(Commencement of Operations)**  
**to March 31, 2005**

**NOTE 4 – SUBORDINATED BORROWINGS - RELATED PARTY**

The lender, also a shareholder of the Company, has under all agreements, subordinated their right of collection of principal and claims to all other present and future senior creditors of the Company prior to the expiration of the respective notes. The subordinated borrowings are covered by agreements approved by the NASD and are thus available for computing net capital under the SEC's uniform net capital rule. To the extent that such borrowings are required for the Company's continued compliance with minimum net capital requirements, they may not be repaid. All subordinated borrowings are non-interest bearing. As shown on Schedule II, during 2005, \$305,000 was loaned to the Company.

The Company has subordinated borrowings maturing as follows for the year ended March 31:

2008	<u>\$ 305,000</u>
Total	<u><u>\$ 305,000</u></u>

**NOTE 5 - COMMITMENTS**

The Company entered into an agreement for virtual office space in Boston, Massachusetts at the rate of \$175 per month that expired on March 31, 2005. The Company extended this lease from April 1, 2005 through September 30, 2005.

## **SUPPLEMENTAL REPORT OF INDEPENDENT AUDITORS ON INTERNAL CONTROL STRUCTURE REQUIRED BY SEC RULE 17a-5**

In planning and performing our audit of the financial statements of Biremis Corporation, for the period from May 18, 2004 (Commencement of Operations) to March 31, 2005, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g), in the following:

1. Making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a) (11) and the reserve required by rule 15c3-3(e); and
2. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by rule 17a-13; and
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System; and
4. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and our study, we believe that the Company's practices and procedures were adequate at March 31, 2005 to meet the SEC's objectives. In addition, the Company was in compliance with the exemptive provisions of Rule 15c3-3 at March 31, 2005 and further, no facts came to our attention indicating that the Company was not in compliance with such conditions during the period from May 18, 2004 (Commencement of Operations) to March 31, 2005. All customer transactions cleared through another broker-dealer on a fully disclosed basis.

This report is intended solely for the information and use of management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in cursive script that reads "Brom & Brom, LLP".
