Minimum Offering: 12,000 Units (\$1,200,000)

Maximum Offering: 30,000 Units (\$3,000,000)

Agraria, LLC (the "Company") is offering a minimum of 12,000 and a maximum of 30,000 Membership Units ("Units"). The Company is selling said Units directly to investors on a best efforts basis, without using an underwriter. The minimum purchase for membership is 20 Units for \$2,000, where Units purchased by agricultural producers shall be designated as Class-A Membership Units and Units purchased by non-producers shall be designated Class-B Membership Units. The Units are the same in all respects except that a majority of the Board of Governors must be comprised of Class-A members, and all members of the Company are entitled to one (1) vote on all matters submitted to a vote of the membership, regardless of how many Units owned. Transfers of Membership Units may occur only with approval of the Company's Board of Governors.

THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION DOES NOT PASS UPON THE MERITS OF OR GIVE ITS APPROVAL TO ANY SECURITIES OFFERED OR THE TERMS OF THE OFFERING, NOR DOES IT PASS UPON THE ACCURACY OR COMPLETENESS OF ANY OFFERING CIRCULAR OR OTHER SELLING LITERATURE. THESE SECURITIES ARE OFFERED PURSUANT TO AN EXEMPTION FROM REGISTRATION WITH THE COMMISSION; HOWEVER, THE COMMISSION HAS NOT MADE AN INDEPENDENT DETERMINATION THAT THE SECURITIES OFFERED HEREUNDER ARE EXEMPT FROM REGISTRATION. ADDITIONALLY, THESE SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY ANY STATE SECURITIES COMMISSION; ANY REPRESENTATION TO THE CONTRARY IS IN CRIMINAL DEFENSE.

THE UNITS OFFERED HEREBY ARE HIGHLY SPECULATIVE, AND AN INVESTMENT IN SUCH UNITS INVOLVES A HIGH DEGREE OF RISK (See "Risk Factors" at pp. 5-8). Said risks include the following:

- **Company Members may transfer their Units pursuant to the terms of the Company Member Control Agreement, which requires that any transfer of units be approved by the Board of Governors.**
- **Company, being a limited liability company, will be taxed as a partnership under Federal and State tax law; and as a result, the Company itself will not be a taxable entity and all income and losses will be allocated to the members based on the number of Units owned. Additionally, the tax burden associated with allocations of income to a member could and will probably exceed cash distributions to that member.**
- **Company has adopted a one-member, one-vote governance structure, so prospective investors will not have voting rights commensurate with ownership; specifically, under the Company Member Control Agreement, agricultural producers will hold a majority of the governor positions.**

INTRODUCTORY STATEMENT

Prospective investors should rely only on the information contained in this disclosure document as the Company's management has not authorized any other person to provide any information that is different or contrary to that set forth herein. This Offering Circular is not an offer to sell the securities in any state where the sale is not permitted; and said information is complete and accurate as of the date on the front cover, but may have changed since that date.

SUMMARY

The provided items in the following summary are described in greater detail in subsequent sections of this document; however, since said summary does not contain all the necessary information required for due consideration, prospective investors are advised to review this disclosure document in its entirety.

BUSINESS OF AGRARIA LLC

1. *Summary of Agraria LLC Business Concept*

Agraria LLC is a business venture that seeks to develop a National restaurant enterprise that is supplied, owned and operated by a family-farm [owned] company; specifically capitalizing on the strong imagery of the family-farmer and focusing on a wholesome way of life, an environment that involves trust and security, harvest celebrations, and rejoicing over the abundance of quality natural foods. That emphasis of supplying quality products with family-farm connections begins with food items such as pasta, bread, beef, bison, and dairy products; and the dining environment offered by the restaurant(s) will emphasize both an entertaining and instructional history of the family-farm industry.

The venture will fall within the category of an "upper-medium" restaurant, a market segment that is differentiated by (i) the higher quality of food, service, and ambiance provided to guests, and (ii), the increased [yet reasonable, industry-noted "sweet-spot"] average meal price-point.

2. *Restaurant Location and Expansion*

The Company will initially open its [intended] "flag-ship" restaurant in Washington D.C.'s Central Business District, and subsequently establish additional restaurants – thereby developing the National enterprise - in the following order: North-East, Mid-Atlantic, Mid-West, West, and then Southern regions.

4. *Products and Services*

Given the restaurant's [anticipated] location, where a substantial business and tourist foot-traffic throughout the entire day exists and the overall dining experience at an "upper-medium" restaurant is perceived to be higher, lunch and dinner will be the primary meal periods targeted. Additionally, the restaurant will house a separate bar area (serving a limited food menu) and a semi-private dining area for [catered] events.

THE COMPANY

The Company was organized as a North Dakota limited liability company on July 11, 2002, with principal offices located at (and continue to occupy) 1415 12th Avenue SE - Jamestown, N.D.; telephone number 701-252-2340.

This business structure was chosen because a limited liability company has both corporate and partnership attributes; specifically, which is qualified and further explained by the independent certified public accounting firm *Brady-Martz LLP* on pages 27-30 and in Exhibit-D, in addition to mitigating liability for its members it also allows for income/losses to be treated as pass-through for its members and [the Company] is thereby not subject Federal or State income taxes.

The Company's Member Control Agreement stipulates that annual meetings (of members) must be held to discuss matters pertinent to the Company; and at such meetings each member shall have the right to one (1) vote regardless of the number of Units owned. Additionally, Units purchased by agricultural producers (otherwise known as "family-farmers") will be designated as Class-A Units, whereas those purchased by non-producers will be designated as Class-B Units. Said Units are identical in all respects except that a majority of the Board of Governors must be comprised of Class-A members. As a result, distributions from [Company] operations, related allocations of net income/losses, and liquidation proceeds, if applicable, shall be made to the Members in proportion to their corresponding Units owned.

The Member Control Agreement (attached hereto as Exhibit-B) establishes the financial and governance relationship among the members and the Company. Transferability of Units is limited and may be done only in accordance with the procedures set forth in the Company's Articles of Organization and said Member Control Agreement.

CERTAIN PROVISIONS OF NORTH DAKOTA LAW

Certain provisions of North Dakota law allow for the indemnification of and limitation of liability of persons serving as governors on the Board; as set forth in the Company's Articles of Organization, which are consistent with the protections afforded by North Dakota statutes.

REMUNERATION, INTEREST OF MANAGERS/OFFICERS IN CERTAIN TRANSACTIONS

North Dakota Farmers Union's previous involvement with the project, which is further described on the subsequent page as well as on page-9, was limited to developmental efforts; whereas its current involvement entails certain members of NDFU, provided on page 9 and 21-22 of this filing, that serve as either sales agents [relying on the safe harbor from B/D exemption] for the issuer or in an interim Board of Directors/Governors capacity – the latter until such time as a permanent Board is established through shareholder voting as provided in Article-E on page-25 as well as in Exhibit-B, Member Control Agreement, Article-IV, on pages 6-8 of this filing.

Remuneration, Interest of Managers/Officers in Certain Transactions – Continued

Remuneration of Directors/Officers (a-b):

Given the Company has maintained limited operational activity since its inception, there are no [officer or director] individuals to list over the past fiscal year receiving an aggregate annual remuneration. At present, members of the Board are not anticipated to receive remuneration in subsequent years; although that may change if said Board executes a vote providing such future remuneration packages at subsequent [Board] meetings. That said, it is anticipated that the three (3) highest proposed remuneration payments will be made to the following [non officer/director] positions of the Company (individual names are not available at this juncture):

<i>The Magnate Group LLC / Capacity as Restaurant Project-Manager / Annual Salary of \$75,000</i>

<i>Name – TBD / Capacity as Restaurant General-Manager / Annual Salary of \$66,000</i>
--

<i>Name – TBD / Capacity as Restaurant Executive Chef / Annual Salary of \$60,000</i>

Security Ownership of Management and Certain Security Holders (a-e)

Given no officer or director is anticipated to receive an aggregate annual remuneration from the Company (including shares, options, warrants, and rights - other than corresponding equity obtained from direct investment), there are no voting securities to be listed at this juncture.

Interest of Management and Others in Certain Transactions (1-6)

The Company is not party to any transactions with any officers or directors of the Company, any nominee for elections as a director, any principal security holder, any promoter of the issuer (including organizers of the Company), or any relative or spouse of the foregoing. However, since the Company's inception as a limited liability company in July 2002, the following individuals have [and will continue to] serve as promoters of the issuer:

- Mr. Robert Carlson – President, [Interim] Board of Directors/Governors;
- Mr. Richard Schlosser – Vice-President, [Interim] Board of Directors/Governors;
- Mr. Terry Ulrich – Secretary, [Interim] Board of Directors/Governors;
- Mr. Mark Watne – Executive Secretary/Sales Agent for the Company;
- Mr. Tom Prescott – Project-Manager for the [Developmental Efforts of the] Company;
- Mr. Blaine Lundgren – Former Board of Directors President; and,
- Mrs. Lisa Swanson-Falelde – Former Board of Directors Vice-President.

SUMMARY RISK FACTORS

Given the Company is a start-up venture, subject to higher risks than that of an established company, prospective investors are cautioned to carefully consider the "risk factors" associated with – and provided in subsequent sections of – this offering.

RISK FACTORS

Prospective investors should carefully consider the following risk factors as well as the other information herein contained prior to purchasing any of the Company's Membership Units. In the event that such risks actually occur, the Company's business, financial condition, operating results and/or cash-flow position could be materially [adversely] affected.

This offering document contains forward-looking statements that involve certain risks and uncertainties, which are particularly true for this Company as it has not yet commenced operations. These forward-looking statements relate to the Company's plans, objectives, expectations and general intentions; and may be identified by the use of words such as "expects", "anticipates", "intends", "plans", and other similar expressions. The Company's actual business and financial results may differ materially from those discussed in these forward-looking statements or in the financial forecasts herein provided. Such factors that could contribute to these differences include that discussed below and elsewhere in this document.

Company Has No Operating History & Faces Uncertainties as It Commences

The Company currently has no operating history or employees; therefore, no historical evidence in its ability to develop and subsequently operate a restaurant business. The Company's ability to commence operations as planned will depend upon a number of factors, some of which are beyond the control of the Company; such as responsiveness of government officials to applications for permits and licenses and the timely completion of renovation/development work by contractors and third-party professionals. Any delay in the development of the restaurant would affect cash-flow in a negative manner.

Operating and Market Risks

The Company may experience significant cost increases associated with the on-going operation of the business; caused by a variety of factors, many of which are beyond its control. The two most significant expenses are labor and the cost of goods sold (COGS) expenses, where labor costs can increase over time (particularly if there is a shortage of labor, or shortage of persons with the skills necessary for the restaurant) and the COGS (primarily food and liquor costs) are subject to general economic conditions and market forces. Any change in the latter, which may not be offset through adjustments to menu prices, would directly affect the Company's gross profit margin. Additionally, the Company is subject to changes in other operating costs; such as utilities, payroll taxes, insurance premiums, marketing/PR, and general administrative expenses.

Additionally, the primary revenue components for the restaurant are the average check per customer and the number of customers patronizing the restaurant. As a result, the Company's net income is extremely sensitive to these two revenue components; and since it has not engaged in operations, there can be no assurances at this point as to the actual average check or the number of customers. Also, such revenue components will be affected by general market fluctuations and related economic conditions, along with the perceived value proposition offered by this business venture/prospect.

Risk Factors - Continued

The Company Faces Risks Because of Its Initial Single Restaurant Base

Given the Company will initially operate one (1) restaurant, the Company faces a higher risk than a diversified company operating in/at numerous sites; for example, should the Company's [single] restaurant experience local adverse economic conditions or unfavorable marketing conditions, the Company is likely to suffer more adversely than if it had a diversified portfolio.

The Company Faces Uncertainties Respecting Site Selection

The Company is currently in discussions of lease terms for sites located in the East-End and Central Business District of Washington, D.C. If the desired site is not obtained other [prospective] sites will be explored, however, should the Company be delayed in finding a suitable site its timeline for development and pre-opening budget may be adversely affected.

The Availability of Additional Funding is Uncertain

The Company expects that the net proceeds of this offering will be sufficient to fund the restaurant's capital requirements through at least the next twelve (12) months; however, this is not a certainty. The Company may be required to seek additional capital earlier than anticipated should (i) future [actual] cash-flow from operations fail to meet the Company's expectations, (ii) capital expenditures for restaurant development exceed the initially projected amounts, and (iii), market conditions and/or general economic conditions negatively impact the restaurant's performance. Should the Company be required to obtain additional capital through the issuance of additional equity securities, existing investor holdings may be diluted.

Changes in Consumer Preferences or Available Discretionary Spending Dollars Could Adversely Impact the Company's Results

The Company's restaurant will feature a fine-dining, family-style American cuisine. Aside from whether the restaurant's value proposition is viewed favorably by consumers, the Company may be affected by shifts in consumer preferences, discretionary spending, economic conditions, disposable income, and confidence; which may cause reduced customer traffic or pose limits on pricing, adversely affecting the Company's business and financial performance.

Company Has Adopted a Cooperative Governance Structure and Class-A Members are Guaranteed to Hold a Majority of the Board Seats

The Member Control Agreement provides that each member shall have one (1) vote on all matters submitted (to a vote of the membership) regardless of the number of Units owned, as is the same governance structure applied to farmer-owned cooperatives. Additionally, said Member Control Agreement provides that at least a majority of the Board of Governors must be comprised of Class-A [agricultural producer] members; and therefore, depending on the make-up of Membership Unit purchasers, it is possible that Class-B Unit holders will not have proportional representation on said Board.

The Company Does Not Have a Public Market for the Units and Does Not Anticipate that One Will Develop in the Foreseeable Future

There is no public market for the Units being offered for purchase to prospective investors, and the Company does not have any intention of attempting to develop a public market for the Units. Therefore, even though the Company intends to develop a fiscally responsible dividend payment policy to benefit the owners, said prospective investors should expect to own their Units for an indefinite period of time.

“Dram Shop” Litigation Risk

As a restaurant serving alcoholic beverages the Company is also subject to D.C.’s “dram shop” statutes, which imposes liability on an establishment that serves alcoholic beverages to an intoxicated person who causes injury to a third-party. The Company is currently in the process of obtaining liquor liability coverage as well as comprehensive general liability insurance (including product liability coverage); nevertheless, however, there can be no assurances that any liability imposed as a result of a successful claim made against the Company would not exceed the Company’s insurance coverage(s).

The Company Faces Risks of Food Safety Claims

Since the restaurant business entails providing food and beverages, the Company risks complaints or litigation from customers alleging illness, injury or other food-quality concerns. In addition to payment of any monetary claims, any food-related claim would cause adverse publicity and (thus) have a negative impact on the Company’s reputation in the marketplace.

Company Members are Subject to Federal Tax Risks

Given the Company is structured as a partnership for Federal income tax purposes, it will not pay any income tax at the Company level; however, members will pay tax on their proportionate share of the Company’s net income. Because all taxable Company income will flow to its members (as their distributive share without regard to the amount of any cash distributions) tax liability on members’ distributive share of the taxable income of the Company could exceed any cash distributions they may receive from the Company; resulting, is applicable, to paying tax liabilities out of personal funds should members not receive distributions sufficient to pay the tax liability with respect to said members distributive share of [Company] income or gain.

Although the Company is currently treated as a partnership for Federal income tax purposes, it cannot say with certainty that it will always be treated as such in the event that changes in the law or IRS interpretations, or trading in capital Units that could result in classification of the Company as a publicly traded partnership, occur. Should the Company be treated as a corporation rather than a partnership in this respect, the Company would pay tax on its income at corporate rates; and any cash distributions paid to members would be taxed upon receipt. Consequently, since a tax would be imposed upon the Company at the entity level, the cash available for distribution would thereby be reduced by the amount of the tax paid; and such reduced distributions may reduce the value of applicable capital Units.

OFFERING PRICE FACTORS

The offering price for the Units has been determined based on the consideration of several factors, including: (i) fixed assets costs; (ii) on-going working capital needs; and (iii), relevant start-up costs. The offering price for the Units does not represent the Company's estimate of the book value of said Units, the Company's net worth, or any other measurable determination of market value. Therefore, the Company makes no representations, whether express or implied, as to the value of such Units offered herein; and there can be no assurances that the Units can be sold at either the offering price or any other price in the future.

ORIGINAL/CURRENT OFFERING AND PLAN OF DISTRIBUTION

The original offering relating to this project commenced in February 2003 and closed later that year; upon which the \$12,588 (or \$1,258,800 worth of) subscriptions collected were returned to applicable investors [by 10-03-2003] as a result of (i) the lease site desired was not accessible, (ii) the debt financing necessary to move forward with said project [after taking into account the investment proceeds available] did not materialize, and (iii), management felt the afore-noted warranted delaying the project/offering until a more favorable situation presented itself.

Given a more favorable circumstance for developing said [restaurant] project has availed itself as of this filing, namely a desired lease site is available and considerable interest by prospective investors has been expressed, the Company is now presenting a minimum of 12,000 and a maximum of 30,000 Membership Units through/in this offering; where the offering price is \$100.00 per Unit. The Company is selling said Units to prospective investors on a best efforts basis, without using an underwriter, and there will be no commissions, underwriting fees, or expenses deducted from the offering proceeds received. The Company has designated Mr. Robert Carlson (President) and Mr. Mark Watne (executive secretary) as sales agents under North Dakota law in connection with this offering; where the aforementioned will be responsible for selling securities on behalf of the issuer. In offering the securities on behalf of the Company Mr. Carlson and Mr. Watne will rely on the safe harbor from broker dealer registration set out/as stipulated in Rule 3a4-1 under the U.S. Securities Exchange Act of 1934, as amended.

BUSINESS

Involvement of North Dakota Farmers Union / Formation of Agraria LLC

The North Dakota Farmers Union, or NDFU, is a non-profit association organized under the laws of North Dakota. Established in 1926, the cooperative currently maintains approximately 37,000 members with the express purpose of protecting the interests of its members and providing cooperative education/development. NDFU is governed by a board of nine (9) directors and maintains its principal place of business and office in Jamestown, North Dakota. NDFU's Board of Directors determined that the cooperative was not a viable entity to conduct the business functions of the restaurant due to [cooperative] tax principles and patronage requirements. Therefore, the cooperative established a new and completely separate entity for the proposed restaurant project on July 5, 2002, resulting in the organization of *Agraria LLC* as a North Dakota limited liability company.

Restaurant Theme and Concept

The Company's restaurant concept markets images of the family-farmer including a wholesome way of life, a trusted source of food products, and plentiful quantities of quality natural foods under the name Agraria. Specifically, said venture will provide the Washington D.C. market with a fine-dining restaurant that serves quality products sourced directly from farmers and controlled through such production, service and ownership of the business. The restaurant, using the branding "From Our Fields to Your Table", will promote the family-farmer via an enjoyable dining environment that is educational, multi-sensory, and interactive; while simultaneously providing top-level food servicing with unique variety currently lacking in the local restaurant industry.

Market Segment

The restaurant intends to compete in the "upper-medium" restaurant segment, where the cuisine is unique (including a mixture of specialty fusion and a higher-grade of familiar fare), refined service is provided, and an interior design is higher than average grade. As a result, the restaurant anticipates attracting a variety of guest types including business-oriented customers, resident families, member of the local diplomatic core, and Government officials.

Site Selection

The Company has explored numerous sites in Washington D.C. and is currently in discussions with the site located at 1900 Pennsylvania Avenue NW – the newly constructed International Monetary Fund headquarters building – that satisfies the Company's specifications for size, layout, and proximity to businesses and customer traffic to create adequate demand. The proposed site, which would not require substantial renovation, is located within the City's Central Business District and a short distance from the White House, separate Federal agencies, Capitol Hill, as well as various National museums, sports complexes, multiplex theaters, and residential properties. The owner/developer of the property has offered general terms for a lease that appear to be satisfactory and within the expectations of the Company's consultants, however, the parties have not entered into a binding agreement as of the date of this offering prospectus; and as a result, there can be no assurances that said site will be the restaurant's eventual location since the developer may lease the premises to another tenant. In such event, the Company would explore other sites it has researched within the greater Washington D.C. [East-End and Central Business District] areas.

Business – Continued

The proposed terms for the Washington D.C. lease site, which has not been finalized as of the date on this Offering's cover, are summarized as follows:

1. **Space:** The proposed lease premises represent 8,530 square feet.

2. **Rent**
 - (a) **Basic Rent:** The proposed rental rate is \$40.00 per square foot, resulting in monthly rent payments of approximately \$28,434.

 - (b) **Annual Increase in Basic Rent:** The Basic Rent has an annual escalator of three (3) percent, so each year said Basic Rent will increase by 3%.

 - (c) **Additional Percentage Rent:** N/A

 - (d) **Commencement Date:** Rent payments would not commence for a period of three (3) months from the commencement date of the lease.

3. **Utilities, Real Estate Taxes, and Common Area Expenses:** The lease proposal requires the Company to pay all utilities and its proportionate share of the real estate taxes and common area maintenance expenses, where said real estate taxes are determined based on the actual square footage. Moreover, the Company is responsible for all maintenance and repairs for the leased premises.

4. **Term:** The proposed lease is for a period of ten (10) years, with the option to renew for two (2) additional five (5) year periods on the same terms.

5. **Contingency:** The lease would be contingent upon the Company obtaining a liquor license and required government permits for the proposed construction.

At present, the above terms are subject to change, as the Company and developer engage in further negotiations; and it is important to reiterate that there can be no assurances that the landlord will not lease the premises to another tenant.

Restaurant Facilities and Layout

Building Component Sizing

The Company projects that a total leased building space of 8,530 square feet will be required for the restaurant, where the dining room area will require 4,000 square feet and accommodate approximately 200 guests, the semi-private dining room will occupy 220 square feet and account for an additional 20-30 seats, the bar area will be sized at 400 square feet with approximately 40 seats, and the kitchen/production area will occupy the second largest portion of the building premises at 3,900 square feet.

Lobby Area

The lobby area will maintain a [fairly] large waiting area and have a check-in station opposite the main entrance. Additionally, it will be adorned with historic and modern background pieces of the family-farm that provides the promotional tie for the restaurant. The bar area will be visible and freely accessible from the lobby station, and drink and appetizer service will be provided for those [guests] waiting to be seated; which will, in addition to mitigating congestion should such waiting for table seating occur, provide a supplemental revenue generation mechanism.

Bar Area

The bar area, with approximately twenty (20) percent of such as counter-seating and the remainder in combinations of high-top tables, will emphasize comfort with lounge-style [high-end] decoration. And, although this area "experience" is principally for socializing and beverages, a light appetizer menu with wine sampling (for subsequent purchase) will be offered to further supplement restaurant revenue streams.

Main Dining Area

The two hundred (200) seat dining area will retain a fine dining-room atmosphere where table sizes and design vary. Additionally, educational items (provided for brand enhancement) will include family-farm product stories noted in the menus.

Semi-Private Dining Area

Located in the rear of the restaurant and closed off by half-glass walls to provide privacy and noise reduction from the main dining hall, the private dining area will include a smaller private room that is capable of seating parties up to twenty-to-thirty (20-30) persons. Target events for this space include birthday parties, separate formal-type events, and business functions; however, the area will also be used during busy restaurant times as extra dining space.

Kitchen/Production Area

The thirty-nine hundred (3,900) square feet kitchen area will include all storage, preparation/production, manager offices, janitorial, mechanical & electrical rooms, servicing (including bar), and other support functions to the dining and bar areas. As previously noted, the kitchen element is planned to be a semi-open display kitchen where the Chefs and finishing cooking/servicing areas are visible; which increases the energy level of the restaurant and is likely to enhance guests' experience

Restaurant Cuisine

Menu Strategy

The Company has developed a distinctive menu concept that offers both the familiar and unique as well as a combination of a la carte and family-style items to provide a tantalizing variety complemented by an extensive wine-list and several 'signature items' expected to garner favorable attention for the restaurant; thereby establishing the key drawing component for repeat customers and the basis for guest 'word of mouth' advertising. Such will, as previously noted, also be further complemented by the utilization of the highest quality home-grown ingredients: delicious pasta, chicken, beef (and bison), breads, salads, milk-based foods, and other specialty products as the restaurant's base source of food supply.

Additionally, the restaurant menu will be reviewed and (if needed) refreshed often, particularly in the early testing stage of the restaurant; and seasonal menu items will be highlighted to generate continued public interest in the menu.

Menu Concept

1. Appetizers (Soup & Salad)

Appetizers will include fresh salads with cuts of meats, uniquely flavored side breads accompanied by signature side items such as Parmesan, Sun Dried Tomato and 3-Cheese Garlic bread, as well as soups with a wider than average variety including an emphasis on cream-based, meats and vegetables type offerings. Other specialty items, which will be conceived by the Executive Chef (once retained), will include dishes focusing on a combination of other [unique] meat and bread ingredients, such as Mini-Bison Burritos and Cheese, and Spinach Dip with Fry Bread.

2. Entrees (Steak Meat, Chicken & Pasta)

Entrees will focus on various cuts of meats, including lamb and bison, which entail Prime Rib, Rib Eye, Tender-Loin, N.Y. Strip, Filet Mignon, and hamburger, as well as chicken dishes served with local flare. A large variety of pasta will also be highlighted as a key offering (which, along with salad & soups, provides for vegetarians), where different sauces in combination with different types of pasta will serve as a *mix & match* option for guests. Other specialty [entree] items under discussion include fish specialties – depending on location and appropriate sourcing – that properly complement the restaurant concept. Side dishes will include potatoes, wild rice and vegetables.

3. Desserts (Fruit & Bakery)

Desserts will focus on fresh fruit in combination with bakery products such as cobblers, puddings, cheesecake, fruit-shortcakes and the like.

4. Beverages (Juices, Beer & Wine)

In addition to the standard contingent selection of beverages - sodas, flavored ice teas, juice drinks - the restaurant will also maintain an assortment of domestic and international beers on tap to chose from and an extensive, fairly-priced wine list; adhering to the concept that wineries are of family-farm origin.

Pricing

The restaurant will maintain a price-point in the ten-to-forty (\$10-40) dollars pricing structure of the industry so as to target the broader-based market. Given the exceptional food quality and abundant offerings through its fine [family]-style dining, the restaurant's price-value relationship will be high and therefore yield significant favor with customers in this market. Assuming only modest food price increases in 2005, lunch pricing for main course combinations will be in the \$10.00 - \$25.00 price range and dinner pricing will be in the \$17.00 - \$35.00 price range. Therefore, the average food-check per guest will be \$14.88 for lunch and \$35.69 for dinner.

Service Excellence

The Company recognizes that even with all the pieces of the formula correctly in place, one minor negative service experience has the potential to ruin guests' visit and lose their business. And although certain service errors will undoubtedly occur during the normal course of any business, most are usually attributed to non-attentiveness by staff; such as, for example and specific to the food industry, guests waiting a prolonged time before having their order taken or receiving the check, a water glass not re-filled quickly, or an unclean fork at set-up.

To prevent this, the restaurant will implement a rigorous training program addressing such [potentially] problematic issues prior to the property's opening, as well as impart how to quickly and professionally turn a negative situation into a positive one; thus increasing the likelihood of maintaining guests as repeat customers, an essential requirement for the restaurant's long-term success. Additionally, the restaurant will instill the personal service aspect into its training regimen: everything from how a guest is greeted & seated by the host-staff to how the wait-staff services and tells the story of the restaurant to how the Chefs visit tables and inquire on the meal and overall dining experience; thereby personalizing and underscoring premium service.

Staff will also be trained to enter guest names and preferences into a restaurant databank that, along with feedback from customer comment cards and the restaurant's [soon-to-be developed] website, will be used on an on-going basis to provide personalized service and enable the restaurants to mail-out targeted promotional materials. Studies have shown that such innovative "attentions", which take a minimal amount of time and effort, result in significant increases of customer satisfaction in family-dining type restaurants; and in return promote repeat business.

Restaurant Operations

Restaurant Management

The Company has retained *The Magnate Group LLC*, a Washington D.C. consulting and financial services firm with extensive contacts and experience in the restaurant industry, as its Project-Manager for the venture (to oversee its operational development); and *Brady-Martz LLP*, an independent North Dakota-based accounting firm, to serve as the project's certified public accountant (ensuring proper financial oversight is provided through such auditing services). Both entities will report to the Board of Governors on all matters pertaining to the business.

Employees

The Project-Manager, working with the eventual restaurant General-Manager, will recruit through its contacts and locally in newspapers, nationally via trade publications and websites, as well as post positions with restaurant culinary curricula. Senior staff-type candidates will be interviewed by the PM (and if applicable new GM) in consultation with the company's Board.

Given the state of the local economy and the significant number of qualified professionals available, it is anticipated that the below-noted staff-hires will be acquired prior to the restaurant's formal opening for reasonable compensation packages with [standard industry] benefits and performance-based bonuses. Full-time personnel are expected to work forty (40) hours per week in two standard shifts. Part-time personnel will work ten-to-thirty (10-30) hours a week depending on the expected levels of demand.

Purchasing

The fundamental theme of the restaurant will be to emphasize and promote products that are family-farm based; both benefiting the venture in terms of promotional value as well as reduced product costs. And although the restaurant will not be able to source all food products directly from family-farms, the goal will be to achieve family-farm supply lines on key products and to continually look to increase participation of other local producers as a special feature/linkage to that market. Due consideration, including relevant cost factors, will be given to processors and distributors as channels for this restaurant operation; and stringent requirements will be implemented to ensure [the highest] product quality for such.

Competition

Like most of the U.S., the Washington D.C. restaurant industry is highly competitive and fragmented; where the number, size and strength (financially and otherwise) of restaurants varies widely. That said, based on comparable price-points, concept/theme and property location in this market, the *Agraria Restaurant* will generally compete – in the sense that none of the below-noted directly source from the family-farm – with the following:

Restaurant Nora

Originally constructed as a grocery store, the restaurant features a collection of museum quality antique Mennonite and Amish crib quilts as well as organic new-American cuisine in a unique creative style (and is the first organic-certified restaurant in the Nation).

Sam & Harry's / The Palm / Smith & Wollensky / Morton's Restaurant

Described by *Nation's Restaurant News* as "the steakhouse dining establishments of power brokers in the nation's capital", these restaurants provide a juxtaposition of fun and formality blending cream-colored walls, brass, and polished wood floors with whimsical antiques and artifacts; all with a patriotic flavor evident throughout their space.

Government Regulations

Like all restaurants, the Company will be subject to regulation by governmental agencies and to corresponding license & regulation by local health, sanitation, building, zoning, safety, fire and other departments relating to the development and operation of said restaurant; as well as matters relating to environmental, building, construction and zoning requirements and the preparation and sale of food and alcoholic beverages.

Additionally, the Company will be governed by "dram-shop" statutes, which generally stipulate that a person injured by an intoxicated person may have the right to recover damages from the establishment that wrongfully served alcoholic beverages to the aforementioned intoxicated individual. In terms of employment agreements, there are numerous Federal and D.C. laws governing the Company's employment relationships and the manner in which the restaurant generally does business; including the *Americans With Disabilities Act*, OSHA, and numerous food safety laws. While the Company will strive to comply with all such applicable laws, there can be no assurances that a violation of any of these or other laws will not occur in the future; and as such, assuming a violation in this respect does occur, there can be no assurances that any liability imposed as a result of a violation by the Company would not exceed the Company's insurance coverage and would not significantly hinder the Company's financial stability.

Intellectual Property

The Company has submitted trademarks for the name "Agraria" and the corresponding slogan "From Our Fields to Your Table" with the U.S. Patent and Trademark Office; however, there can be no assurances that trademark registration status will be granted. And assuming said trademarks are provided, the Company cannot predict whether such will be adequate to prevent misappropriation of trademark rights or the use by others of the restaurant features based upon, or otherwise similar to, the Company's restaurant concept.

Management's Plan of Operations and Timeline of Activities

Assuming adequate funding [through the acquisition of proceeds by] this offering, the Company's management has established the following timeline for restaurant development:

- Retention of Design and Build Team Completed
The Company has retained the award-winning services of *Adamstein & Demetriou* design and *Forrester Construction* firms for the restaurant project.

- Business License Acquisition Completed
The Company registered *Agraria LLC* as a foreign company in Washington D.C. on 10/19/2004, and maintains a "Certificate of Good Standing" from the State of North Dakota as of the date of this filing; both items are provided in the exhibit section.

- Finalization of Lease Site April 1, 2005
The Company has entered into lease discussions with the building landlord of the proposed restaurant site, and, assuming no complications on terms, anticipates concluding said lease negotiations by the above-noted date.

Management's Plan of Operations and Timeline of Activities - Continued

- Liquor License Acquisition July 1, 2005
The required retail applicant form [for an Alcoholic Beverage Control license] was submitted to the government of the District of Columbia, Alcoholic Beverage Regulation Administration on 02/21/2005; the standard D.C. placard/investigation period, assuming no protests, is anticipated to take 10-12 weeks for approval.

- Retention of Senior Restaurant Management July 1, 2005
Preliminary discussions with the potential General-Manager (GM) and Executive-Chef (EC) commenced in January - in the prior's case with David Sgro of Pittsburgh-based "La Scala" and Peter Balish of DC-based "Vida" / in the latter's case with Peter Smith of DC-based "Vidalia" and Chris Carey of VA-based "Ashby Inn". Subsequent to Board approval of the aforementioned, it is anticipated that said GM/EC will be retained shortly thereafter.

- Food Procurement Establishment August 1, 2005
Discussions with State farmer associations to determine products that will be sourced from such entities began in January and are on-going; as well as discussions with processing plants and local, regional and National distribution operators that maintain refrigerated capability to move products from air cargo holding units at Washington D.C. airports. As a result, completion of said food-procurement arrangements is anticipated to be realized by the above-noted date.

- Preliminary Employee Hiring/Training September 1, 2005
The Project-Manager, working with the eventually retained General-Manager, will recruit through its contacts and locally in newspapers, nationally via trade publications and websites, as well as post positions with restaurant culinary curricula; and subsequently implement a training regime for said staff persons [anticipated to] begin on the above-noted date and last through the restaurant's opening.

- Construction/Renovation Work Completion October 1, 2005
Based on current budgetary and construction planning, notably the required permitting, material-ordering and installation inherent in the construction phase, completion of such work [assuming no over-runs] is anticipated by the above date.

- Pre/Soft-Opening October 15, 2005
Assuming the aforementioned is completed on the provided timeline, such "soft-opening" is anticipated two (2) weeks prior to the formal opening of the restaurant.

Additionally, thanks to the relationships of NDFU's President, Robert Carlson, and his organization's strategic advisory partner-firm, *The Magnate Group LLC*, it is anticipated that the restaurant opening – D.C.'s first truly family-farm owned fine-dining establishment serving quality products and providing the story of its origins – will be with much fanfare and attended by several U.S. Congressional Members, other key agricultural-producing State representatives, high-level Administration officials, members of the resident diplomatic-core, local business persons/related associations, press entities, and [targeted] family-diners."

LEGAL MATTERS

EXPERTS

Brady-Martz LLP, a North Dakota-based certified public accounting firm, has been retained to provide its opinion and future audited financial statements associated with this Offering Circular.

FEDERAL INCOME TAX CONSEQUENCES

The following summary of tax considerations that may be relevant to individual prospective investors was prepared by the North Dakota-based certified public accounting firm, Brady, Martz & Associates, the consent of which, along with other relevant information, is provided in Exhibit-D of this filing. Also important to note, it is impractical for purposes of this summary opinion to provide comment on all aspects of federal, state or local income tax laws that may affect the tax consequences of investing in the Company, particularly since such consequences are often uncertain and many of them will not be the same for all taxpayers. As such, prospective investors are advised to consult their tax adviser so as to fully understand the income and tax consequences of participating in this venture. As part of this summary the Company has made certain statements of intent and representations which have been incorporated herein, and are duly and reasonably relied upon by Brady, Martz & Associates, P.C.

Classification as a Partnership

The U.S. Treasury Department has issued regulations that allow an unincorporated entity to choose to be taxed as a corporation or partnership, assuming the entity is not considered a publicly traded partnership. The Member Control Agreement specifies that the Company will be taxed as a partnership.

Publicly Traded Partnership Rules

In order to qualify for taxation as a partnership, the Company must not be treated as a publicly traded partnership under Section 7704 of the Internal Revenue Code, which generally defines such as a partnership whose interests are traded on an established securities market, or are readily tradable on a secondary market. The Company represents, based on the aforementioned, that it is confident that it will not be treated as a publicly traded partnership provided that transfers of Membership Units are made only pursuant to the "safe harbors" permitted in the Articles of Organization and Member Control Agreement as described below. Also, as stipulated by Section 1.7704-1 of U.S. Treasury Regulations, interest in a partnership is not considered traded on an established securities market or readily tradable on a secondary market unless the partnership participates in the establishment of the market, or the partnership recognizes any transfers made on the market by redeeming the transferor partner's interests, or admitting the transferee as a partner. As such, the Company further represents that it does not intend to list the Class-A or Class-B Units on any stock exchange or the NASDAQ Stock Market, nor will it provide any information to broker-dealers that would enable such to trade Units under Rule 15c2-11 of the U.S. Securities Exchange Act of 1934, as amended. In addition, Article IX of the Member Control Agreement only permits transfers of Units that will preserve the partnership tax status of the Company by complying with the provisions of said Treasury Regulations, which generally provide that interests will not be treated as readily tradable on a secondary market if the interests are transferred pursuant to "safe harbors" including "private transfers", qualified repurchases, and transfers pursuant to a qualified matching service.

Private transfers, as mentioned in the preceding paragraph, include transfers in which the transferee's tax basis is determined by reference to the transferor's tax basis in the interest transferred, transfers by reason of death, including transfers from an estate or testamentary trust, transfers between members of a "family" within the meaning of

Federal Tax Consequences – Continued

Section 267(c)(4) of the Internal Revenue Code, transfers from retirement plans qualified under Section 401(a) of said Code or an IRA, and “block” transfers, which is any transfer by a related person as defined in said Code in one or more transactions during any thirty (30) day period, or interest representing more than two (2) percent of the total interests in partnership capital or profits.

Additionally, transfers pursuant to a qualified redemption or repurchase are disregarded in determining whether interests are readily tradable on a secondary market if the following conditions are met: first, the redemption or repurchase cannot occur until at least sixty (60) days after the partnership receives written notice of the member’s intent to exercise the redemption or repurchase right; second, either the purchase price is not established until at least sixty (60) days after receipt of notification or the purchase price is established not more than four (4x) times during the entity’s tax year; and third, the sum of the interests in capital or profits transferred during the year, other than in private transfers, cannot exceed ten (10) percent of the total interests in partnership capital or profits.

Transfers through a qualified matching service are also disregarded in determining whether interests are readily tradable, where a matching service is qualified only if: (i) it consists of a computerized or printed system that lists customers’ bid and/or ask prices in order to match members who want to sell with persons who want to buy; (ii) matching occurs either by matching the list of interested buyers with the list of interested sellers, or through a bid and ask process that allows interested buyers to bid on the listed interest; (iii) the seller cannot enter into a binding agreement to sell the interest until the fifteenth (15) calendar day after his/her interest is listed, which date must be confirmable by maintenance of contemporaneous records; (iv) the closing of a sale effected through the matching service does not occur prior to the forty-fifth (45) calendar day after the interest is listed; (v) the matching service displays only quotes that do not commit any person to buy or sell an interest at the quoted price, non-firm price quotes, or quotes that express an interest in acquiring an interest without an accompanying price, non-binding indications of interest; (vi) the matching service does not display quotes at which any person is committed to buy or sell a interest at the quoted price (firm quotes); (vii) the seller’s information is removed within one hundred and twenty (120) days of its listing and is not reentered into the system for at least sixty (60) days after its deletion; and (viii) the sum of the percentage interests transferred during the entity’s tax year, excluding private transfers, does not exceed ten (10) percent of the total interests in partnership capital or profits.

Federal Taxation of the Company and its Members

Because the Company is being treated as a partnership for federal income tax purposes, members will be required to report on their federal income tax returns their distributive share of all items of the Company’s income, gain, loss, deduction, and/or credit for any taxable year of the Company ending within or with their taxable year, without regard to whether such members have received or will receive any distributions from the Company. As a partnership the Company will not be taxed upon its income. In the event the Company is treated in any taxable year as an association, taxable as a corporation, and not as a partnership for federal income tax purposes, no losses of the Company can be deducted by its members on their personal income

Federal Tax Consequences – Continued

tax returns as such losses would be taken by the Company against its income, if any. Further, the Company's income would be subject to the corporate income tax and any distributions from the Company to members would not be deductible by the Company. Rather, such distributions would be taxable to the members as dividends to the extent the Partnership, as an association, is taxable as a corporation, resulting in a material reduction in the anticipated cash-flow and after-tax return to investors from such an investment.

State Taxation of the Company and the Members

Members are subject to tax in their state of residence, as well as in those states in which the entity does business if an individual member's income for that state exceeds the minimum filing requirements. As a result, members are advised to consult their tax advisors with respect to the tax laws of their state of residence and any state in which the Company may do business.

Tax Basis and Other Limitations on Loss Deductions

As described below, members are subject to three distinct (yet related) provisions that limit their ability to utilize net losses from the Company. Should one or more of these limitations apply to members in a particular taxable year, said members may not deduct all or a part of their share of Company net losses for such year. To the extent that net losses attributable to a member's interest cannot be utilized to offset certain other taxable income in the current year, including salary, active business income and portfolio income, such losses will be suspended and carried forward and applied against a member's share of Company income, or a member's income from other passive sources in future years. The ability to utilize net losses from the Company also may be limited in a particular tax year to members' tax basis or their amount "at risk." Upon complete disposition by members of their interest in the Company, any remaining losses suspended due to the passive activity rules will be allowed to the extent such losses do not exceed their tax basis or their "at risk" amount.

Limitations of Loss Deductions from Passive Activities

The Internal Revenue Code provides that losses from a trade or business activity in which a taxpayer does not "materially participate" will not be allowed to offset certain other taxable income of that taxpayer, including salary/active income and "portfolio income" such as dividends, interest, royalties & capital gains. Generally, losses attributable to an LLC membership interest are treated as arising from a nonparticipating or "passive" trade and such can be used only to offset passive income from the partnership or other passive activities.

Limitations on Loss Deductions under Section 465

Under Section 465 of the Internal Revenue Code the amount of losses that individuals and certain corporations may deduct with respect to most business and investment activities, are limited to the amount that the individual or corporation is "at risk" with respect to such activity. Losses disallowed for the taxable year because of the "at risk" limitations can be carried forward indefinitely and utilized in a subsequent year if then permitted by the "at risk" limitation. Initially, members will be "at risk" as to the Company for an amount equal to the cash paid for their membership interests. However, in subsequent years, members' amount "at risk" generally will be increased by their allocable share of the Company's undistributed taxable income and reduced by their allocable share of the Company's losses and the Company's distributions.

Tax Basis of Membership Interests

The tax basis of interests of members in the Company will be equal to the amount of cash contributed by said member to the Company, increased by the member's share of Company (taxable and nontaxable) income and decreased (but not below 0) by member distributions, the member's distributive share of Company losses and any Company expenses not deductible in computing the Company's taxable income. A member's basis may also be subject to adjustment for any non-recourse debt on Company real estate. However, because of the tax basis limitations, a member cannot deduct a loss in excess of the member's tax basis and any excess loss would be suspended until such time as the member's tax basis is once again positive.

Disposition of Units

If an actual sale (as distinguished from a redemption or liquidation) of a member's Units occurs, gain or loss will be recognized equal to the difference between the amount realized and the member's basis in the Units sold; the amount realized for this purpose would include cash and the Fair Market Value of any other property given as consideration for the sale. Conversely, if a member's interest is redeemed or liquidated by the Company, the member will recognize income to the extent any cash, or cash equivalent, received by the member exceeds the member's tax basis. Generally, if a member receives property as part of the liquidation, any possible gain associated with the liquidation and the distributed property would be deferred; the recipient member's basis for property received as a liquidating distribution would be equal to the member's basis in the Company immediately before the distribution, reduced by any cash received. Generally, gain or loss recognized by a Unit holder on the sale or exchange of a Unit held for more than one (1) year will be taxed as long-term capital gain or loss. However, if the disposition is part of a Company liquidation of the member's LLC interest, a portion of the gain or loss will possibly be separately computed and taxed as ordinary income under Internal Revenue Code §751 to the extent attributable to depreciation recapture or "other unrealized receivables" or "substantially appreciated inventory" owned by the Company. It is possible that members could have a tax liability that exceeds cash proceeds of the sale in the event that non-recourse real estate debt has been utilized as basis.

Self-employment Issues

Under current tax authorities there is ambiguity on how a member's annual share of income from an LLC interest will be treated for self-employment tax purposes. Neither Congress nor the IRS have finalized how a member's LLC income may be subject to self-employment tax. Until final guidance is provided, there will remain a concern that any member's share of LLC income will be subject to self-employment tax.

Tax Returns and Tax Information

The Company must file an annual Federal information return on Form 1065, and furnish members information on Schedule K-1, Form 1065 which they will need to file their federal, and any required state and local tax returns. The preparation and filing of such tax returns will be the responsibility of said members. In the event the IRS audits and disagrees with the tax positions taken on the Company's tax returns, separate audits of members' tax returns could result, especially if adjustments are required, which may result in tax liabilities, penalties and interest to said members.

- (3) For any distributions from the Company which are determined to be illegal under North Dakota Statutes (Section 10-32-66 or any successor thereto);
- (4) For any transaction from which the governor derived an improper personal benefit; or,
- (5) For any act or omission occurring before the date when the provision in the Articles of Organization eliminating or limiting liability becomes effective.

ARTICLE II MEMBERS; MEMBERSHIP INTERESTS

2.1 Class-A Membership. Class-A Membership Units shall be issued to agricultural producers who subscribe to purchase Membership Units of the Company. The Company's Board of Governors reserves sole discretion to determine whether an individual is an agricultural producer and may establish policies related thereto. Class-A Membership Units may be transferred to other agricultural producers in accordance with Article IX herein contained. Moreover, upon a member ceasing to be an agricultural producer, said Class-A Membership Units shall be [immediately] converted to Class-B Membership Units.

2.2 Class-B Membership. Class-B Units shall be issued to any person who is not an agricultural producer and who subscribes to purchase Membership Units in the Company.

2.3 Rights of Class-A and Class-B Members. The financial and governance rights of Class-A and Class-B Units shall be identical, with the exception that a majority of the Board of Governors must be Class-A members.

2.4 Other Classes of Membership Interests. Members may authorize the issuance of other classes of Membership Interests with such rights as it deems appropriate.

2.5 Qualifications for Membership. Qualification for purchase of Class-A Membership Units requires that prospective members must be members of the North Dakota Farmers Union.

2.6 Voting. Each Member shall be entitled to one (1) vote and no more upon each matter submitted to a vote at a meeting of said members (or for action taken without a meeting). All questions shall be decided by a vote of a majority of/by the members voting in person thereon, except as otherwise provided by law, the Articles of Organization, or this Agreement. Voting by proxy and cumulative voting shall not be allowed, but signed votes may be used when specifically authorized by resolution of the Board of Governors. When so authorized, signed votes shall be valid and entitled to the same force and effect as a vote in person if the member has been previously notified in writing of the exact motion or resolution upon which the vote is taken. Each member that is not a natural person shall designate in writing an authorized voting representative to cast such member's vote. A member may designate a new authorized voting representative by written notice to the Company. Whenever this Agreement or the Act allows for or requires the members to consent to such an action, the authorized voting representative of each member shall grant or withhold such consents on behalf of such member; and the voting representative shall represent the member in all Company business and shall be eligible to serve as a Governor in the Company. No individual may be authorized to cast more than two (2) votes (in the capacity of a voting representative) for non-person member entities in addition to his or her own membership vote at a membership meeting.

2.7 Members; Required Records. The names and addresses of the members are set forth in the Company's records, where each Member shall give the Board of Governors at least ten (10) days prior written notice of any change in such information. The Company shall maintain the Required Records at its principal place of business or other designated location.

2.8 Additional Members. No additional members shall be admitted to the Company except with the approval of the Board of Governors and after providing to current members Preemptive Rights as provided below.

2.9 Preemptive Rights.

- (a) When Preemptive Rights Arise. A member has a Preemptive Right whenever the Company has approved the acceptance of contributions from or entering into an Agreement with any person.
- (b) Exemptions from Preemptive Rights. No Preemptive Rights arise as to contributions to be accepted from or Agreements to be entered into with, other persons when the contribution is:
 - (i) to be made in a form other than money;
 - (ii) to be made or reflected pursuant to a plan of merger or exchange; or
 - (iii) to be made or reflected pursuant to a plan of reorganization approved by a court of competent jurisdiction pursuant to a State or Federal statute.
- (c) Extent of Preemptive Rights. The extent which each member may make a new contribution, by exercise of a Preemptive Right, is the ratio of that such member's Membership Interest before the new contribution bears to the total of all members' Membership Interests before the new contribution.
- (d) Waiver of Preemptive Rights. A member may waive a Preemptive Right in writing; and unless otherwise provided in the waiver, a waiver of Preemptive Rights is effective only for the proposed contribution or Contribution Agreement described in said waiver.
- (e) Notice of Preemptive Rights. When proposing to accept new contributions or enter into Contribution Agreements with respect to which members have Preemptive Rights under Section 2.6, the Board of Governors shall cause notice to be given to each member entitled to such Preemptive Rights. The Board shall state the period of time that members have to respond to the notice, which shall not be less than ten (10) days.

2.10 New Restaurant Locations. In the event that the Company's restaurant concept is expanded to additional sites, whether in the initial market or new markets, the Company may determine that a separate legal entity is the most appropriate [legal and business] structure for each such new restaurant enterprise; and in those cases the members of the Company shall have the first right to participate in purchasing equity ownership of any such new entity. Said rights shall be consistent with the preemptive right respecting new equity of the Company; and therefore, each member will have the right to participate in the same ownership ratio as that member currently has in this Company.

ARTICLE III
MEETINGS OF, OR ACTIONS BY, THE MEMBERS

3.1 Regular Meetings. Regular meetings of the members shall be held on an annual basis; provided, however, that if a regular meeting has not been held during the immediately preceding fifteen (15) months, any ordinary member may demand a regular meeting of members by written demand given to the President or Secretary of the Company. At each such regular meeting, the members entitled to vote shall elect qualified successors for governors whose term(s) have expired or are due to expire within six (6) months after the date of said meeting and may transact any other business; provided that no business with respect to which special notice is required by law shall be transacted unless such notice shall have been given.

3.2 Special Meetings. A special meeting of the members may be called for any purpose or purposes at any time by the President; the Board of Governors; or by members owning not less than ten (10) percent of the voting power of all Membership Interests of the Company entitled to vote; and who shall demand such special meeting by written notice given to the President or the Secretary of the Company specifying the purposes of such meeting.

3.3 Adjournments. Any meeting of the members may be adjourned to another date, time and place; and no notice as to such adjourned meeting need be given if the date, time and place at which the meeting will be reconvened are announced at the time of adjournment.

3.4 Notice of Meetings. Unless otherwise required by law, written notice of each meeting of the members, stating the date, time and place (and in the case of a special meeting, the purpose or purposes) shall be given at least ten (10) days and not more than thirty (30) days prior to the meeting to every owner of Membership Interests entitled to vote at such meeting.

3.5 Waiver of Notice. A member may waive notice of the date, time, place and purpose or purposes of a meeting of members; with such notice being effective whether given before, at, or after the meeting, and whether given in writing, orally or by attendance.

3.6 Quorum. At any meeting of the members, a quorum necessary for the transaction of business shall be ten (10) percent of the first one hundred (100) members plus five (5) percent of additional members; provided, however, that a quorum shall never be more than fifty (50) nor less than five (5) members. Said members represented by signed votes may be counted in computing a quorum only on those questions as to which a signed vote is taken. If less than a quorum is present at any meeting, a majority of votes present in person may adjourn the meeting from time to time without further notice. The attendance of a sufficient number of members to constitute a quorum shall be established by a registration of members of the Company who are present at the meeting, which registration shall be verified by the President and Secretary, and shall be reported in the minutes of the meeting.

3.7 Action. Except as otherwise required in this Agreement or by law, all matters shall be decided by a [greater than fifty (50) percent] majority of the Voting Interests at a duly constituted meeting or by written action in the manner specified herein.

3.8 Action Without a Meeting. Any action required or permitted to be taken at a meeting of the members of the Company may be taken without a meeting by written action signed by the members who own Voting Interests equal to the Voting Interests that would be required to take the same action at a meeting of the members at which all members were present. Such written action is effective when signed by the required members unless a different effective time is provided in the written action; and notice of the text of such written action must be given in advance to all members.

3.9 Telephonic Meetings. A conference among members by any means of communication through which the members may simultaneously hear each other constitutes a regular or special meeting of members; assuming (i) the same notice is given of the conference to every owner of Membership Interests entitled to vote as would be required for a meeting, and (ii) if the Membership Interests held by the members participating in the conference would be sufficient to constitute a quorum at a meeting. Participation in a conference by such means constitutes presence at the meeting in person or by proxy if all the other requirements are met.

ARTICLE IV BOARD OF GOVERNORS

4.1 Governance. The business and affairs of the Company shall be managed by and under the direction of a Board of Governors, whom is authorized to adopt all necessary policies, rules and regulations not inconsistent with this Agreement or the Articles.

4.2 Number; Qualifications. The members at the initial regular meeting shall determine the number of governors to constitute the Board, provided that thereafter the authorized number of governors may be increased or decreased by the members. Said Governors shall be natural persons and either members or voting representatives of members. At least a majority of said governors must be elected from Class-A Members, and the remaining governors shall be elected from either Class-B or other Class-A members. All Members have the right to vote for all governors, however, Class-A members, by a majority of its Voting Interests, may agree to a different composition of the Board as it pertains to any given election.

4.3 Election; Term. The members shall elect the governors at a regular meeting of the members, where the procedural process for nominating and electing governors shall be determined in advance of the meeting by the Board of Governors, and shall be communicated to all members at the same time as the notice of said meeting. The members shall establish the length of terms at the annual meeting, and each governor shall hold office until the end of the term and thereafter until a successor is elected and has qualified, or until the earlier death, resignation, removal or disqualification of the aforementioned governor.

4.4 Vacancies. Vacancies on the Board of Governors resulting from the death, resignation, removal or disqualification of a governor may be filled by the affirmative vote of a majority of the remaining governors, even though less than a quorum; except when the members elect new governors at a meeting at which governors are removed. Each person elected to fill a vacancy shall hold office until a qualified successor is elected by the members at the next regular meeting or a special meeting duly called for that purpose.

4.5 Place of Meeting. Each meeting of the Board of Governors shall be held at the principal executive office of the Company or at such other place as may be designated from time to time by a majority of the governors or by the [Company] President.

4.6 Regular Meetings. Regular meetings of the Board of Governors shall be held periodically, as established by the Board, but not less than quarterly.

4.7 Special Meetings. A special meeting of the Board of Governors may be called for any purpose or purposes at any time by the President or at least two (2) governors by fixing the date, time and place of the meeting and causing notice of said meeting to be given.

4.8 Notice of Meeting. If the date, time and place of a Board meeting was announced at a previous meeting of the Board, no notice is then required; however, in all other cases, at least five (5) days notice of meetings of the Board, stating the date, time and place of such, shall be given to each governor. Notice of an adjourned meeting need not be given other than by announcement at the meeting when adjournment is taken of the date, time, and place at which the meeting will be reconvened.

4.9 Waiver of Notice. A governor of the Company may waive notice of the date, time and place of a meeting of the Board; whether given before, at, or after the meeting, and whether given in writing, orally or by attendance. Attendance by a governor at a meeting is a waiver of notice of that meeting, unless the governor objects at the beginning of the meeting to the transaction of business because the meeting is not lawfully called or convened.

4.10 Quorum. A majority of the governors currently holding office shall be necessary to constitute a quorum for the transaction of business. In the absence of a quorum, a majority of the governors present may adjourn a meeting from time to time without further notice until a quorum is [present]. Should a quorum be present when a duly called/held meeting is convened, the governors present may continue to transact business until adjournment, even though the withdrawal of a number of governors originally present leaves less than the proportion or number otherwise required for a quorum.

4.11 Acts of the Board. Except as otherwise required by law or specified in the Articles of Organization or this Member Control Agreement, the Board shall take action by the affirmative vote of a majority of the governors present at a duly held meeting, where each member of the Board of Governors shall have one (1) vote.

4.12 Written Action by Governors. Any action required or permitted to be taken at a meeting of the Board of Governors not needing approval by the members, may be taken by written action signed by the number of governors that would be required to take such action at a meeting of the Board of Governors at which all governors are present. Said written action is effective when signed by the required number of governors unless a different effective time is provided in the written action; notice of such action must be given in advance to all governors.

4.13 Participation by Electronic Communication. A governor may participate in a meeting of the Board of Governors by any means of communication through which the governor, other governors so participating, and all governors physically present at the meeting, may simultaneously hear each other during said meeting.

4.14 Absent Governors. If the governor is not present at the meeting, consent or opposition to a proposal does not constitute presence for purposes of determining the existence of a quorum; but consent or opposition shall be counted as a vote in favor of or against the proposal and shall be entered in the minutes or other record of action at the meeting.

4.15 Committees. A resolution approved by the affirmative vote of a majority of the Board may establish committees having the authority of the Board in the management of the business of the Company, to the extent provided in said resolution. At all times committees shall be subject to the direction and control of the Board, and a committee shall consist of one or more natural persons who need not be governors; instead be appointed by affirmative vote of a majority of the governors present at a duly held Board meeting. The procedural provisions of this Article [IV] shall apply to committees and members of committees to the same extent as those sections apply to the Board. Minutes, if any, of committee meetings shall be made available upon request to members of the committee and to any governor.

4.16 Compensation. The Board of Governors shall establish compensation of all governors for service(s) to the Company as governors, managers, or otherwise. By resolution by the Board, governors may be paid their expenses, if any, of attendance at each meeting of the Board and incurred in acting on behalf of the Company.

4.17 Presumption of Assent. For purposes of any liability, a governor of the Company who is present at a meeting of the Board (at which action on any Company matter is taken) shall be presumed to have assented to the action taken unless such governor (i) objects at the beginning of the meeting to the transaction of business because the meeting is not lawfully called or convened, or (ii) votes against the action at the meeting.

ARTICLE V MANAGERS

6.2 Additional Capital Contributions of Members. No additional contributions to the capital of the Company from members shall be required; although the Board of Governors may, from time to time, vote to accept additional contributions from the members the price of which shall be established by the Board in a manner that bears a relationship to the Company's earnings, its assets, future prospects, and in consideration of the risk assumed by the initial members. In such an event, each member shall be allowed (but is not required) to contribute additional capital in proportion to the member's Membership Interests. Upon acceptance of a new contribution, the method for the restatement of value of previous contributions as set forth in N.D.C.C. §10-32-57 shall not be used; instead, the method of determining the value of the new units (as described herein) shall be used.

6.3 Capital Accounts. A separate Capital Account shall be maintained for each member where the initial balance(s) shall be (for each Member) the initial cash contribution made to the Company; in accordance with the capital accounting rules of U.S. Treasury Regulation Section 1.704-1(b)(2) and the provisions of this Agreement relative to the maintenance of Capital Accounts. In general, the Capital Account of each member shall be increased by (a) the amount of any contribution such member makes to the capital of the Company; (b) the agreed value of property contributed by such member to the Company, net of liabilities which the Company assumes or to which the property is subject; and (c) the share of

Company income and gains (including income and gains exempt from tax) allocated to such member under the provisions of Article VII; and shall be decreased by (i) any Distribution made by the Company to such member pursuant to the provisions of Article VII; (ii) the agreed value of any property distributed to such member by the Company, net of liabilities attached to such property which the member assumes or to which the property is subject; and (iii) the share of Company losses and deductions (including any expenditures of the Company described in Section 705(a)(2)(B) of the Code or treated as such expenditures pursuant to U.S. Treasury Regulations Section 1.704-1(b)(2)(iv)(i)) allocated under the provisions of Article VII).

6.4 Transferee Succeeds to Transferor's Capital Account. Any transfers permitted by Article IX by a member to a transferee of all or a part of such member's Membership Units in the Company shall vest in such permitted transferee; and such permitted transferee shall become a successor in interest to the proportionate interest of the transferor Member's Capital Account to the extent of the Membership Units transferred.

6.5 No Right to Return of Contributions. The members shall have no right to the withdrawal or the return of their respective contributions to the capital of the Company except to the extent set forth in Section 11.3 upon liquidation of the Company.

6.6 No Interest on Capital. No interest shall be paid by the Company on the initial or any subsequent contribution to the capital of the Company.

ARTICLE VII ALLOCATIONS AND DISTRIBUTIONS

7.1 Allocation of Net Income, Profits, Gains, Net Losses and Credits. All items of net income, profits, gains, net loss, credits, and deductions of the Company shall be allocated to each of the members in proportion to his/her respective Membership Units in the Company.

7.2 Special Allocations. The following shall be made in the following order:

- (a) Minimum Gain Chargeback. Notwithstanding any other provision in this Article VII, should a net decrease in "partnership minimum gain" occur, as defined in Treas. Reg. Section 1.704-2(d), during any fiscal year of the Company, each member shall be specially allocated items of Company income/gain for such year in an amount equal to the portion of such member's share of the net decrease in partnership minimum gain; determined in accordance with Treas. Reg. Section 1.704-2(g)(2) that is allocable to the disposition of Company property subject to "non-recourse liabilities", as such term is defined in Treas. Reg. Section 1.752-1(a)(2). Allocations pursuant to the foregoing sentence shall be made in proportion to the respective amounts required to be allocated to each member pursuant thereto; and the items to be allocated under this Section 7.2(a) shall be determined in accordance with Treas. Reg. 1.704-2(j)(2), thereby complying with the minimum gain chargeback requirement in such regulation and shall be interpreted and applied consistently therewith.

To the extent permitted by such regulation and for purposes of this Section 7.2(a), each member's deficit capital account balance shall be determined prior to any other allocations pursuant to this

Article VII with respect to such fiscal year and without regard to any net decrease in partnership minimum gain during such year.

- (b) Qualified Income Offset. Notwithstanding anything in this Article VII to the contrary, if a member unexpectedly receives an adjustment, allocation, or distribution described in Treas. Reg. Section 1.704-1(b)(2)(ii)(d)(4), (5) or (6), and such unexpected adjustment, allocation or distribution puts such member's capital account into a deficit balance or increases such deficit balance determined after adjusting such account for all other allocations tentatively made pursuant to this Article VII as if this Section 7.2(b) were not in this Agreement, such Member shall be allocated items of income and gain in an amount and manner sufficient to eliminate such deficit or increase as quickly as possible. It is intended that this Section 7.2(b) shall meet the requirement that this Agreement contains a "qualified income offset", as defined in Treas. Reg. Section 1.704-1(b)(2)(ii)(d).
- (c) Gross Income Allocation. In the event any member has a deficit capital account at the end of any fiscal year that is in excess of the sum of (i) the amount such member is obligated to restore pursuant to any provision of this Agreement, and (ii) the amount such member is deemed to be obligated to restore pursuant to the penultimate sentences of Treas. Reg. Sections 1.704-2(g)(i) and Section 1.704-2(i)(5), each such member shall be specially allocated items of Company income and gain in the amount of such excess as quickly as possible; provided that an allocation pursuant to this Section 7.2(c) shall be made only if such member would have a deficit capital account in excess of such sum after all other allocations provided for in this Article VII have been made as if Section 7.2(b) and (c) were not in the Agreement.
- (d) Non-recourse Deductions. Non-recourse deductions, as defined in Treas. Reg. Section 1.704-2(b), for any fiscal year shall be allocated to the members in accordance with Section 7.1.
- (e) Partner Non-recourse Deductions. Any "partner non-recourse deductions" for any fiscal year or other periods shall be specially allocated to the member who bears the economic risk of loss with respect to the "partner non-recourse debt" to which such partner non-recourse deductions are attributable in accordance with Treas. Reg. Section 1.704.2(i). For purposes of this Agreement, the term "partner non-recourse deductions" shall have the meaning set forth in Treas. Reg. Section 1.704-2(i)(2), and the term "partner non-recourse debt" shall have the meaning set forth in Treas. Reg. Section 1.704-2(b)(4). Further, the amount of partner non-recourse deductions with respect to a partner non-recourse debt for a Company fiscal year equals the excess, if any, of the net increase, if any, in the amount of partnership minimum gain attributable to such partner non-recourse debt during such fiscal year over the aggregate amount of the proceeds of the liability distributed during that fiscal year to the member that bears the economic risk of loss for such partner non-recourse debt.

7.3 Curative Allocations. The allocations set forth in Sections 7.2(a), 7.2(b), 7.2(c), 7.2(d) and 7.2(e), collectively the "Regulatory Allocations", are intended to comply with certain requirements of Treas. Reg. Section 1.704-1(b). Notwithstanding any other provision of this Article VII, the Regulatory Allocations shall be taken into account in allocating other items of income, gain, loss and deduction, and credit among the members so that the net amount of such allocations of other items and the Regulatory Allocations to each member shall be equal to the net amount that would have been allocated to each such member if the Regulatory Allocations had not occurred. Additionally, notwithstanding the preceding sentence, Regulatory Allocations relating to non-recourse deductions pursuant to Section 7.2(e) shall not be taken into account except to the extent that there has been a reduction in partnership minimum gain.

7.4 Operating Distributions; Minimum Distribution; Other Distributions.

- (a) Operating/Minimum Distributions. Any distributions authorized by the Board of Governors, other than distributions upon liquidation pursuant to Section 11.3, Non-Ordinary Distributions pursuant to Section 7.4(b), and Tax Withholding Obligations that constitute distributions pursuant to Section 7.5, shall be distributed among the members based on their Membership Units as reflected in the Company's records. The Board shall annually authorize a distribution of cash to the members based on their Units in an amount at least equal to the Estimated Member Tax Liability to the extent such distribution is legally permitted; but only after all historical cumulative losses have been restored and the Company has net income of at least \$100,000 for the year in question.
- (b) Other Distributions. Distributions to members from sources other than "net operating profits", including refinancing of indebtedness or from the sale of the Company assets (other than in the ordinary course of business), shall be distributed among the members in the same manner as set forth in Section 11.3.

7.5 Tax Withholding Obligations Constitute a Distribution. Any Tax Withholding Obligation that is withheld by the Company shall constitute a distribution of such amount by the Company to the member to whom such Tax Withholding Obligation is attributable.

ARTICLE VIII TAX MATTERS

8.1 Tax Characterization and Returns. The members acknowledge that the Company will be characterized as a partnership for income tax purposes, and as such, the Company shall prepare (or cause to be prepared) and file on or before the due date (or any extension thereof) any Federal, State or local tax returns required to be filed by the Company; and, except as otherwise provided in any Board resolution, shall have complete discretion and authority concerning any tax election required or permitted to be made by the Company. Further, the Company shall deliver (or cause to be delivered) to each member within ninety (90) days after the end of each fiscal year, or within a reasonable time thereafter if the Company's due date for a tax return is extended, such information concerning the Company as is necessary or appropriate to permit each member to properly complete any Federal, State or local income tax return in which members must include items attributable to the Company.

8.2 Tax Matters Partner. The Tax Matters Partner shall be the individual so designated in accordance with Sections 6221-33 of the Code and related Treasury Regulations, and such individual shall assume the responsibilities assigned to tax matters partners therein. The Board of Governors may designate the Tax Matters Partner or, if no such designation is made, the President of the Company shall be the Tax Matters Partner unless that official is not a member; in which case the Company President shall designate a member as the Tax Matters Partner. If on advice of counsel the Tax Matters Partner determines that it is in the best interest of the members that the final results of any administrative proceeding be appealed by the institution of legal proceedings, the Tax Matters Partner is hereby authorized to commence such legal proceedings in such forum as the Tax Matters Partner, on advice of counsel, determines to be appropriate. And, in the event the Tax Matters Partner selects a forum for appeal in which the members are required to deposit a proportionate share of any disputed tax before making such appeal, the Tax Matters Partner must obtain the approval of the Board of Governors and the consent of all members. Assuming such approval and consent is obtained, each of the members will be required to deposit and pay such member's proportionate share of such disputed tax before participating in said appeal; and the members acknowledge that such deposit under current law does not earn interest and that the failure to so deposit may preclude a member from pursuing any other sort of appeal by court action. Further, the Tax Matters Partner shall not be liable to any other member for any action taken with respect to any such administrative proceedings or appeal so long as the Tax Matters Partner is not grossly negligent or guilty of willful misconduct. Additionally, any costs paid or incurred by the Tax Matters Partner in connection with its activities in such capacity shall be reimbursed by the Company. Each member also acknowledges that any cost a member may incur in connection with an audit of such member's income tax return, including an audit of such member's investment in this Company, is such member's sole responsibility and obligation; and neither the Company, the Board of Governors, the Managers, nor the Tax Matters Partner shall be liable to any member for reimbursement or sharing of any such costs.

ARTICLE IX ASSIGNMENT/TRANSFER OF MEMBERSHIP INTERESTS

9.1 Transfer of Membership Interests. Membership Units may be transferred only with the consent of the Board of Governors, with such consent being given, withheld, conditioned or delayed as the Board may determine in its sole discretion. Any proposed transfer of Units shall conform with Section 1.7704-1, et seq., of the Treasury Regulations as adopted and amended by the Internal Revenue Service from time to time. In this respect, it is the intent of this Agreement that the tax status of this Company be the same as for a partnership and that the Company preserve its partnership tax status by complying with Section 1.7704-1, et seq., and any amendments thereto. Additionally, the transferor and transferee must execute any such documents or instruments as the Board may deem necessary to effect such assignment. Nothing in this Article IX shall prohibit the collateral assignment of rights to distributions to any member, but no such assignee shall have the right, by virtue of such collateral assignment, to become a member or to have any governance rights.

9.2 Transfer of Class A Membership Units. Subject to the approval process set forth in Section 9.1, a Class-A member may transfer his/her Membership Units to either a producer or non-producer, however, the transfer of such Units to a non-producer will result in their automatic conversion to Class-B Units.

9.3 Severance Prohibited. Neither the Governance Rights nor the Financial Rights of a Membership Unit may be severed from the Membership Unit; except with respect to a collateral assignment permitted under Section 9.1. Any assignment of Membership Units shall

cause the assignment of both the Governance Rights and the Financial Rights associated with that Membership Unit to the same assignee.

**ARTICLE X
SUPER-MAJORITY ACTION**

The Board of Governors shall not enter into or make the following actions or decisions by, for, or on behalf of the Company without the approval of at least sixty-six (66) percent of the Voting Interests:

- (a) Any sale, exchange, transfer, consent to the execution of a deed in lieu of foreclosure, or other disposition of all of the Company's assets;
- (b) The conversion of the Company to a corporation, general partnership, limited partnership or any other form of legal entity;
- (c) Any merger or other combination of the Company with a separate/other person; or
- (d) Dissolution of the Company.

**ARTICLE XI
DISSOLUTION**

11.1 Notice of Dissolution. As soon as possible following the occurrence of the event effecting the dissolution of the Company (whether pursuant to Article X or a statutory event), the appropriate representative of the Company shall execute a notice of dissolution in such form as shall be prescribed by the North Dakota Secretary of State; setting forth the information required under the Act, and shall file the same with the North Dakota Secretary of State's office.

11.2 Winding Up of Business. Upon filing a notice of dissolution with the North Dakota Secretary of State, the Company shall cease to carry on its business, except insofar as may be necessary for the winding up of said business; but its separate existence shall continue until a certificate of termination has been issued by the Secretary of State or until a decree dissolving the Company has been entered by a court of competent jurisdiction.

11.3 Distributions Upon Liquidation. Upon liquidation, the business of the Company shall be wound up, the Board of Governors shall take full account of the Company assets and liabilities, and all assets shall be liquidated as promptly as is consistent with obtaining the fair value thereof. If any assets are not sold, the relevant gain or loss shall be allocated to members in accordance with Article VII as if such assets had been sold at their fair market value at the time of said liquidation; whereas, if any assets are distributed to a member rather than sold, the distribution shall be treated as a distribution equal to the fair market value of the assets at the time of the liquidation. Further, said assets shall be distributed in the following order of priority:

- (a) First, to the payment of all debts and liabilities of the Company, including all fees due to Governors and Managers, and including any loans or advances that may have been made by the members to the Company, in the order of priority as provided by law;
- (b) Second, to the establishment of any reserves deemed necessary by the Managers or the person winding up Company affairs for any contingent liabilities or obligations of the Company;
- (c) Third, to the members in proportion to their Membership Units.

ARTICLE XII RESOLUTION OF DISPUTES AND ARBITRATION

12.1 Arbitration. All claims, counterclaims, and disputes arising out of or relating to this Agreement shall be settled and finally determined by arbitration to be held in a mutually agreeable city in accordance with the then existing Commercial Arbitration Rules (the "CAR") of the American Arbitration Association (the "AAA") or its successors and otherwise in accordance with the provisions of this Section. Notice of demand for arbitration shall be filed in writing with the other party or parties to the dispute and with the AAA.

12.2 Injunctive Relief. As the sole exception to arbitration, each party shall have the right to seek injunctive relief without the necessity of proving actual damages from any court having jurisdiction only so as to preserve its rights for resolution in any pending or imminent arbitration proceedings; including, without limitation, the right to such preliminary relief and/or a temporary restraining order. No such injunction shall prohibit or postpone such arbitration proceedings and the injunctions may be modified or vacated as a result of the arbitration award.

12.3 Arbitration Panel. The arbitration panel shall consist of one (1) person who has the availability to allow the arbitration to proceed with continuous sessions until conclusion; and the parties shall select the arbitrator from a list of potential arbitrators furnished by the AAA.

12.4 Document Exchange. The parties shall, within thirty (30) days after the notice of demand for arbitration, make reasonably available to each other for inspection and copying, all documents deemed reasonably necessary by the arbitrators relating to the dispute in their possession or under their control; including but not limited to, any and all documents in the possession or under the control of any of their consultants or agents, except such documents as are protected under the attorney-client privilege as that doctrine has been defined by the courts of the State of North Dakota relevant to the issues raised by the dispute being arbitrated.

12.5 Confidentiality. All information and documentation submitted by the parties or received from any other source, together with all transcripts of the hearing(s) and the arbitrator's findings, shall be treated by the arbitrator and the parties as confidential information; and all participants shall agree not to disclose or turn over any such information or documentation to a third party without the prior written consent of the parties, or pursuant to a lawful subpoena or court order, or in order to obtain injunctive or other judicial relief.

12.6 Speedy Resolution. It is the parties' intent that the arbitration be speedily concluded with a desire for the hearing to take place and the award to be made within ninety (90) days of the filing of any demand for arbitration, if possible. Said award rendered by the arbitrator will be final and not subject to appeal, and the judgment may be entered upon it in any court having jurisdiction thereof. All costs, arbitration fees and attorneys fees shall be paid as the award of the arbitrator shall specify. In the event of conflict between the provisions of this Section with the CAR, the provision of this Section shall control.

ARTICLE XIII AMENDMENT

This Agreement may not be modified, amended or supplemented except upon consent of at least a simple majority of the Voting Interests; provided, that (i) the composition of the Board as set forth in §4.2 cannot be modified except with the consent of a majority of Voting Interests of the Class-A members, and (ii), Article X may be amended only by sixty-six (66) percent of the Voting Interests.

ARTICLE XIV MISCELLANEOUS

14.1 Entire Agreement. This Agreement constitutes the entire agreement among the parties and supersedes any prior [written and oral] agreement or understanding among them with respect to the subject matter hereof.

14.2 Compensation for Services. No member or individual affiliated with a member shall be entitled to any compensation for services performed for the Company except as shall be approved in advance by the Company and evidenced in a written agreement, minutes of a board meeting, or minutes of a membership meeting.

14.3 Articles of Organization. In the event of any conflict between the Articles of Organization and this Agreement, this Agreement shall govern to the extent not contrary to law.

14.4 Severability. If any provision of this Agreement is held to be illegal, invalid, or unenforceable under the present or future laws effective during the term of this Agreement, such provision will be fully severable; and this Agreement will be enforced as if such illegal, invalid, or unenforceable provision had never comprised a part of this Agreement with the remaining provisions continuing in full force and effect. Furthermore, in lieu of such illegal, invalid, or unenforceable provision, there will be added automatically (as a part of this Agreement) a provision as similar in terms to such illegal, invalid, or unenforceable provision as may be possible and be legal, valid, and enforceable.

14.5 Remedies. The parties agree that in the event of a breach of this Agreement, the non-breaching party (or parties) shall be entitled to the remedies of specific performance and injunctive relief; except to the extent prohibited by the Act, and that such remedies shall be in addition to any other remedies available at law or in equity with the pursuit of any one or more remedies not being a bar to the pursuit of other remedies which may be available. The parties further agree that the breaching party or parties shall pay all reasonable costs, expenses, and attorneys' fees incurred by the non-breaching party or parties in pursuing their remedies for a breach of this Agreement.

14.6 Consent and Waiver. No consent under and no waiver of any provision of this Agreement on any one occasion shall constitute a consent under or waiver of any other provision on said occasion or on any other occasion; nor shall it constitute a consent under or waiver of the consented to or waived provision on any other occasion. Further, no consent or waiver shall be enforceable unless it is in writing and signed by the party against whom such consent or waiver is sought to be enforced.

14.7 No Third Party Beneficiary. This Agreement is made solely for the benefit of the parties hereto, their respective successors and permitted assigns; no other person will have any rights, interest, or claims hereunder or be entitled to any benefits under or on account of this Agreement as a third party beneficiary or otherwise, except that the Company shall have standing to bring an action to recover damages provided for by the Act or to seek remedies otherwise provided by law in the event of a breach or threatened breach of this Agreement.

14.8 Notices. All notices, offers, demands, or other communications required or permitted under this Agreement shall be in writing, signed by the person giving the same. Said Notice shall be treated as given when personally received or, except in the event of a mail strike, when sent by certified or registered mail, postage prepaid, return receipt requested, to a member at the address as shown in the records of the Company; and members may specify a different address by written notice to the Board of Governors.

14.9 Binding Effect. Except as herein provided, this Agreement shall be binding upon, and inure to the benefit of, the parties and their legal representatives, heirs, administrators, executors, successors and assigns.

14.10 Necessary Instruments and Acts. The parties covenant and agree that they shall execute any further instruments and shall perform any acts which are or may become necessary to effectuate and to carry out the terms and conditions of this Agreement.

14.11 Number and Gender. Wherever from the context it appears appropriate, each term stated in either the singular or the plural shall include the singular and the plural; and pronouns stated in either the masculine, the feminine, or the neuter gender shall include the masculine, feminine and neuter.

14.12 Interpretation. All Article, Section and subsection headings are for reference purposes only and shall not affect the interpretation of this Agreement.

14.13 Counterparts. This Agreement may be executed in any number of counterparts, all of which taken together shall constitute one agreement binding on all parties; and each party shall become bound by this Agreement immediately upon signing any counterpart, independently of the signature of any other party.

14.14 Governing Law. This Agreement and the rights of the parties hereunder shall be governed by and interpreted in accordance with the laws of the State of North Dakota.

**NOTES TO THE UNAUDITED FINANCIAL STATEMENTS
AS OF DECEMBER 9, 2004**

NOTE 1 – NATURE AND LIMITATIONS OF REPORTING

These financial statements present, to the best of the Company's knowledge and belief, its 2002-2004 financial results of operations.

NOTE 2 – NATURE OF OPERATIONS*Principal Business Activity*

Agraria LLC is a North Dakota limited liability company organized to establish, own and operate a fine-dining restaurant [initially] in the Washington D.C. market that focuses on the awareness of the American family-farm. Although incorporated on July 2, 2002, the Company abandoned its original efforts to establish said restaurant as a result of (i) the lease site desired was not accessible, and (ii), the debt financing necessary to move forward with commencing said project - after taking into account the investment proceeds available and relevant costs - did not materialize; therefore maintaining limited operational activity until 3/4Q-2004. Additionally, and also as a result of the foregoing, the Company currently has an interim Board of Governors but no members. As of the above date, the Company is [again] in the development stage with current efforts being principally devoted to project establishment and financing activities.

NOTE 3 – SIGNIFICANT ACCOUNTING POLICIES*Fiscal Reporting Period*

The Company has a December 31st fiscal year for financial reporting purposes.

Basis of Accounting

The Company uses the accrual basis of accounting in accordance with generally accepted accounting principles, where revenues are recognized as earned and expenses as incurred.

Property and Equipment

Property and equipment are stated at cost; expenditures for improvements of an asset are capitalized; and expenditures for maintenance are charged to expense. Depreciation is provided using the straight-line method.

Advertising Costs

All advertising and promotion costs are expensed as incurred.

Income Taxes

The Company is organized as a LLC under North Dakota state law, where its earnings are treated as member pass-through(s); and as such, taxes have not been taken into consideration for these reporting periods.

Prepaid Expenses

Prepaid expense [although not applicable for the period would] represent a security deposit on the site lease.

Equity Contributions

The equity contributions/cash infusions are provided by either the North Dakota Farmers Union or separate, individual farmers interested in investing in the offering.

AGRARIA LLC

SUBSCRIPTION AGREEMENT AND LETTER OF INVESTMENT INTENT

Ladies and Gentlemen:

The undersigned hereby subscribes to purchase that number of Membership Units ("Units") indicated below of Agraria LLC (the "Company") at a price of \$100 per Unit. As consideration for the Units purchased, I enclose with this document full payment thereof (made payable to "Bank of North Dakota-Agraria LLC Escrow") and acknowledge that this subscription is subject to acceptance by the Company; and that the Company has the right, in its sole discretion, to accept or reject subscriptions in whole or in part.

REPRESENTATIONS AND WARRANTIES OF INVESTOR; INVESTMENT INTENT; RESTRICTIONS ON TRANSFER OF UNITS

In connection with the purchase of said Units, the undersigned hereby represents and warrants as follows:

1. I understand that the Units have not and will not be registered under the Federal Securities Act of 1933, as amended (the "Act"), but are being offered and exchanged in reliance upon exemption from registration afforded under the Act. I make the following representations, declarations, and warranties with the intent that the same be relied upon in determining my suitability as a purchaser of said Units:

- (a) The Units for which I am hereby subscribing are being acquired solely for the account of the undersigned for long-term investment, and are not being purchased for resale or for fractionalization thereof, and I have no present plan or intention to enter into any such contract, undertaking, agreement, or sale.
- (b) I agree not to dispose of the Units or any interest therein unless and until the Company, in its sole discretion, shall have consented to any transfer and until (i) the Company shall have determined by obtaining an opinion of my counsel or otherwise, that the intended disposition does not violate any applicable State securities law, the Act, or the rules and regulations of the U.S. Securities and Exchange Commission thereunder, or (ii) the Units have been validly registered with said U.S. Securities and Exchange Commission.
- (c) I, my attorney, accountant, or investment advisor has been furnished the Company's Offering Circular.
- (d) I have relied solely upon independent investigations made by me and/or my representatives in deciding to purchase the Units subscribed herein.

2. I acknowledge and am aware of the following:

- (a) The Units are a highly speculative investment that involves a great risk of loss by me of my entire investment, but believe the investment is suitable based upon my investment objectives and financial needs. Further, I can bear the economic risk of investing in the Units for an indefinite period of time and can afford a complete loss of such investment.

- (b) No Federal or State agency has made findings/determination as to the fairness of the investment, nor any recommendation nor endorsement, of the Units.
- (c) I understand that there are significant restrictions on the transferability of the Units, that there will be no public market for the Units, and that it may not be possible for me to readily liquidate my investment in case of an emergency.

A legend will be placed in the certificates or other instruments evidencing the limits describing the restrictions on the transferability thereof, containing substantially the following language:

THE SECURITIES REPRESENTED BY/WITHIN THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED, AND MAY NOT BE SOLD, TRANSFERRED OR OTHERWISE DISPOSED OF EXCEPT PURSUANT TO REGISTRATION, EXEMPTION FROM REGISTRATION, OR OPERATION OF LAW. THE TRANSFER OF UNITS REPRESENTED WITHIN THIS CERTIFICATE IS RESTRICTED UNDER THE TERMS OF THE COMPANY'S MEMBER CONTROL AGREEMENT, A COPY OF WHICH IS ON FILE AT THE OFFICE OF THE COMPANY.

3. I understand and agree that the Company has the right to accept or reject this subscription, in whole or in part, in its sole and absolute discretion. If the subscription is rejected, in whole or in part, the monies paid to the Company in relation with this investment offering will be returned in the original amounts (without interest) to me by the Company as soon as possible; but in no event later than fourteen (14) days following the receipt thereof.

4. This instrument contains the entire agreement of the parties, and there are no representations, covenants or other agreements except as stated or referred herein.

5. The undersigned subscriber, by affirming his/her signature to this Subscription Agreement, is deemed to have executed and agrees to be bound by the [provided] Company Member Control Agreement (which may be amended from time to time), a copy of which is contained in the Offering Circular to the same effect and purpose as if the undersigned's signature were applied to those documents. Said document is by reference incorporated into this Subscription Agreement and made a part hereof.
