Report of Independent Registered Public Accounting Firm

Hawaiian Electric Industries, Inc.
Pension Investment Committee:

We have audited the accompanying statements of net assets available for benefits of the Hawaiian Electric Industries Retirement Savings Plan (Plan) as of December 31, 2004 and 2003, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2004 and 2003, and the changes in net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2004 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2004 and 2003

(1) Plan Description

The Hawaiian Electric Industries Retirement Savings Plan (Plan) was established by Hawaiian Electric Industries, Inc. (Company or HEI) effective April 1, 1984. The latest restatement of the Plan is generally effective January 1, 1998. The Plan is a defined contribution plan.

The following description of the Plan provides general information only. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

(a) Administration of Plan Assets

The board of directors of the Company appoints, removes, and replaces the Pension Investment Committee (PIC), which is comprised of officers of the Company and its subsidiaries. The PIC is responsible for oversight of investment options and administration of the Plan. The PIC appoints the Administrative Committee to oversee day-to-day administration of the Plan and to interpret its provisions. The Administrative Committee is comprised of employees of the Company and its subsidiaries and is chaired by a member of the PIC.

The Participating Employers and the Plan pay the Plan's administrative fees.

(b) Eligibility

All nonbargaining unit employees of Participating Employers (other than leased employees or contract employees hired for specific tasks or assignments) are eligible to participate in the Plan upon employment. Bargaining unit employees are eligible to participate in the Plan upon becoming a "regular" employee under the terms of their respective collective bargaining agreements (and subject to any future changes therein).

(c) Salary Reduction Contributions

Employees participate in the Plan by making salary reduction elections from 1% to 30% of compensation, as defined in the Plan, subject to a maximum amount of \$13,000 and \$12,000 in 2004 and 2003, respectively. The maximum amount will increase to \$14,000 for 2005 and \$15,000 for 2006. After 2006, the limit will be adjusted for changes in the cost of living.

Participants who are age 50 or older, or who will reach 50 during the year, may elect to make catch-up contributions of an additional 1% to 30% of compensation, as defined in the Plan, subject to a maximum amount of \$3,000 and \$2,000 in 2004 and 2003, respectively. The maximum amount will increase to \$4,000 for 2005 and \$5,000 for 2006. After 2006, the limit will be adjusted for changes in the cost of living.

**HAWAIIAN ELECTRIC INDUSTRIES
RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2004 and 2003

For purposes of the Plan in 2003, compensation is defined as W-2 earnings, (a) excluding discretionary bonuses (except as noted below), fringe benefits, employer nonelective contributions to a cafeteria plan, reimbursements, moving and other expense allowances, retroactive pay increases and special executive compensation, and (b) including nontaxable elective contributions made by a Participating Employer to this Plan, a cafeteria plan, or a pre-tax transportation spending plan. Effective January 1, 2004, compensation for employees of American Savings Bank, F.S.B. (ASB), American Savings Investment Services Corp., and Bishop Insurance Agency of Hawaii, Inc. also includes discretionary bonuses and incentive compensation (other than signing bonuses, retention bonuses, service awards, and similar non-performance based awards). A maximum of \$205,000 and \$200,000 in annual compensation may be taken into account under the Plan for 2004 and 2003. The compensation limit will be adjusted in future years for increases in the cost of living.

In accordance with Section 415(c) of the Internal Revenue Code (Code), the sum of annual additions to a participant's account under all defined contribution plans maintained by the Participating Employer is limited to the lesser of \$41,000 and \$40,000 in 2004 and 2003, respectively, or 100% of the participant's annual taxable compensation plus nontaxable salary reduction contributions made to this Plan, a cafeteria plan, or a pre-tax transportation spending plan. Amounts transferred from Individual Retirement Accounts (IRAs), other retirement plans or arrangements of prior employers into the Plan and catch-up contributions, are not subject to the Section 415(c) limitation.

In addition, under the provisions of the Code, the Plan must satisfy certain tests designed to prohibit discrimination in favor of highly compensated employees. Each year, the Company must determine whether the contributions to the Plan satisfy these tests. If the tests are not satisfied, the Company will limit contributions to the Plan on behalf of highly compensated employees or distribute excess contributions to highly compensated employees to the extent necessary to meet the tests, or both.

(d) Employer Nonelective Contributions

The Plan also provides for employer nonelective contributions by HEI Power Corp. (HEIPC) (for non-highly compensated employees only), ProVision Technologies, Inc. (PVT) (prior to 2003), and Pacific Energy Conservation Services, Inc. (PECS) in the amount of 6% of annual "HEIDI Compensation." Total employer contributions amounted to approximately \$9,804 and \$9,112 in 2004 and 2003, respectively. In 2004, PVT did not make any employer nonelective contributions and ceased its participation in the Plan due to cessation of its business operations. HEIPC did not make employer nonelective contributions for any highly compensated employees. Employees of all other Participating Employers are not eligible for these employer nonelective contributions.

**HAWAIIAN ELECTRIC INDUSTRIES
RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2004 and 2003

“HEIDI Compensation” means all straight-time pay and commissions paid (or accrued) during the Plan Year for services rendered to a HEIDI Employer, including elective contributions to this Plan, a cafeteria plan (other than employer-provided FlexCredits), or a pre-tax transportation spending plan. HEIDI Compensation does not include overtime or premium pay, discretionary bonuses, reimbursements or other expense allowances, fringe benefits, deferred compensation, welfare benefits, or contributions (except for elective contributions) by a HEIDI Employer to this Plan or any other employee benefit plan. HEIDI Compensation earned before becoming a Participant is not counted in determining contributions to the Plan. HEIDI Compensation taken into account for purposes of the Plan is limited to \$205,000 and \$200,000 for 2004 and 2003, respectively. The compensation limit will be adjusted for increases in the cost of living.

(e) Participant Accounts

Each participant has an individual account in the Plan, which may include one or more subaccounts. Participants are entitled to benefits to the extent that they are vested in their accounts. Each participant’s account is credited with the participant’s elective contributions, the employer nonelective contribution, if applicable, and allocations of Plan earnings and gains or losses (whether realized or unrealized), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on the proportion of earnings and gains or losses (whether realized or unrealized) of the investment alternative for such period that the balance of each participant’s account in such investment alternative bears to the aggregate balance of the accounts of all participants in such investment alternative. Participants are responsible for investing all amounts in their accounts using investment options offered under the Plan. The Plan currently offers 22 mutual funds, a money market account and a common stock fund which consists of shares of HEI common stock and short-term liquid investments. If a participant does not choose an investment option, or if an investment option is discontinued and a participant fails to direct reinvestment of amounts invested in such terminated option within certain time limits, such amounts are automatically invested in the ASB Money Market Account, or such other investment as the PIC may direct, pending direction by the participant.

The portion of the Plan that is invested, pursuant to participant investment directions, in the HEI Common Stock Fund offered through the Plan is designated as an employee stock ownership plan (ESOP). Amounts contributed to the Plan for investment in the HEI Common Stock Fund or transferred to the HEI Common Stock Fund from other investment alternatives become part of the ESOP component of the Plan.

(f) Distributions

Distributions from participants’ accounts are generally made upon retirement, death, permanent disability, other termination of employment, or for certain participants, attainment of age 70-1/2. Active participants who attain age 70-1/2 while still employed by a Participating Employer or other subsidiary of the Company may elect to begin receiving distributions on April 1 of the next year or to defer distribution of the accounts until retirement.

**HAWAIIAN ELECTRIC INDUSTRIES
RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2004 and 2003

Distributions from all accounts are generally made in a lump sum. Distributions from the HEI Common Stock Fund are in the form of HEI common stock or, if the participant so elects, cash. Distributions of HEI Stock Ownership Plan (HEISOP) subaccounts invested in the HEI Common Stock Fund may be made in installments, generally over a period of no more than five years, or may be made in a single lump sum (in stock or in cash).

(g) *Death Benefits*

Upon the death of a participant who has not begun to receive benefits from the Plan, the full value in the participant's account is paid in a lump sum to the participant's designated beneficiary. A married participant's spouse is automatically the participant's beneficiary unless the participant designates someone else as the beneficiary with the spouse's written consent. If a participant dies while receiving installment distributions from a HEISOP subaccount, the remaining installments will be paid to the participant's beneficiary.

(h) *Withdrawals While Employed*

Prior to the normal time of distribution, pre-tax salary reduction contributions may be withdrawn in the event of hardship. Hardship is defined as an immediate and heavy financial need as a result of, but not limited to, the following: (1) payment of tuition and related educational fees, and room and board expenses for the next 12 months of post-secondary education incurred by the participant, participant's spouse, children, or other tax dependents; (2) the purchase of a participant's principal residence; (3) payment of extraordinary and unreimbursed medical expenses incurred by the participant, participant's spouse, or dependents described in Section 213(d) of the Code incurred by the participant; (4) payment of funeral expenses of a family member; or (5) payments to prevent eviction from a participant's principal residence or foreclosure on a mortgage on the participant's principal residence. A participant who receives a hardship withdrawal is prohibited from making additional pre-tax salary reduction contributions to the Plan for six months following the hardship withdrawal.

Withdrawal of tax deductible voluntary contributions or after-tax contributions previously allowed under the Plan can be made upon request. These contributions are no longer permitted under the Plan.

Participants who elect to invest portions of their account balances in the HEI Common Stock Fund (the ESOP component of the Plan) may elect to receive cash distributions of periodic dividends attributable to such investments, or may elect to have such dividends reinvested.

**HAWAIIAN ELECTRIC INDUSTRIES
RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2004 and 2003

(i) Participant Loans

The minimum loan amount is \$1,000 and the maximum amount of all loans under the Plan is limited to the lesser of \$50,000, reduced by the highest outstanding loan balance during the prior 12 months, or 50% of the participant's eligible balance. Loan terms generally may not exceed 5 years. Loans used to purchase a principal residence can have terms of up to 15 years. The interest rates on the loans are set at the time a participant applies for such loans. Loans bear interest on unpaid principal at the then current interest rate on the ASB Money Market Account offered under the Plan, plus 2%. The participant's account secures the outstanding loan balance. Loans outstanding at December 31, 2004 bear interest at various rates ranging from 3.50% to 8.75%. Principal and interest payments are made ratably through payroll deductions. The participant's account will be reduced by the unpaid loan balance prior to distribution.

As of January 1, 2003, participants are allowed up to two loans outstanding at any one time under the Plan. There can be two general loans or one general loan and one loan for the purchase of a primary residence. Prior to January 1, 2003, a second loan could be made only for hardship reasons and required approval by the Administrative Committee.

(j) Vesting

Participants are 100% vested in their accounts at all times, except to the extent that their account balances are derived from employer nonelective contributions (sometimes referred to as "HEIDI" contributions). Employer nonelective contributions made by HEIPC, PVT, and PECS and earnings thereon, are 0% vested until the participant completes two years of vesting service and 100% vested thereafter.

In general, vesting service is granted for the period of time from the date the participant commences employment with a Participating Employer to the date of termination. The Plan sets forth additional rules for the calculation of vesting service for part-time employees, certain leaves of absence, and other special situations. A participant who terminates service with less than two years of vesting service generally will forfeit amounts representing employer nonelective contributions and earnings thereon unless the employee returns to employment within five years. Participants who terminated employment with HEIPC on or after January 1, 2001 due to contraction of HEIPC's business operations will become fully vested in their HEIDI subaccounts if HEIPC terminates its participation in the Plan on or before December 31, 2005. Participants who terminated employment with PVT on or after January 1, 2003 due to cessation of PVT's business operations became fully vested in their HEIDI accounts. Forfeitures are used to reduce future employer contributions and are not material for the years ended December 31, 2004 and 2003.

**HAWAIIAN ELECTRIC INDUSTRIES
RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2004 and 2003

(2) Summary of Accounting Policies

(a) *Basis of Accounting*

The Plan prepares its financial statements under the accrual method of accounting.

(b) *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) *Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value determined by the last reported sales price on the last business day of the year (market value). The ASB Money Market Account is stated at cost, which approximates fair value. Participant loans are stated at amortized cost, which approximates fair value. Net appreciation or depreciation in fair value of investments includes realized and unrealized changes in the values of investments bought, sold, and held during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(d) *Payment of Benefits*

The Plan records benefits when they are paid.

(e) *Risks and Uncertainties*

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

**HAWAIIAN ELECTRIC INDUSTRIES
RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2004 and 2003

(3) Investments

The following table presents the fair value of investments. Investments that represent 5% or more of the Plan's net assets as of December 31, 2004 and 2003 are separately identified.

	<u>2004</u>	<u>2003</u>
Mutual funds:		
Fidelity Magellan Fund	\$ 66,410,423	\$ 65,391,840
Spartan U.S. Equity Index Fund	23,215,133	19,329,672
Fidelity Puritan Fund	22,906,294	19,076,445
Other	52,622,066	43,116,776
	<u>165,153,916</u>	<u>146,914,733</u>
Other investments:		
Hawaiian Electric Industries, Inc. Common Stock Fund	84,959,573	63,199,880
American Savings Bank, F.S.B. Money Market Account	19,764,180	20,501,757
	<u>104,723,753</u>	<u>83,701,637</u>
Total investments at fair value	<u>\$ 269,877,669</u>	<u>\$ 230,616,370</u>

During 2004 and 2003, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$25,711,618 and \$31,315,048, respectively, as follows:

	<u>2004</u>	<u>2003</u>
Mutual funds:		
Fidelity Magellan Fund	\$ 3,894,418	\$ 12,496,627
Fidelity Puritan Fund	584,929	2,648,578
Spartan U.S. Equity Index Fund	1,826,049	3,871,533

	<u>10,545,594</u>	<u>26,800,014</u>
Other investments:		
Hawaiian Electric Industries, Inc. Common Stock Fund	<u>15,166,024</u>	<u>4,515,034</u>
Net appreciation in fair value	<u>\$ 25,711,618</u>	<u>\$ 31,315,048</u>

**HAWAIIAN ELECTRIC INDUSTRIES
RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2004 and 2003

(4) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time or to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and each Participating Employer has the right to discontinue its contributions or terminate its participation. PVT's participation in the Plan terminated in 2003, effective with the termination of PVT's last employee, due to cessation of PVT's business operations. In the event of Plan termination, affected participants become 100% vested in their accounts.

(5) Federal Income Taxes

The Plan and related trust are qualified under the Code and are exempt from federal income taxes under Sections 401(a), 401(k), and 501(a) of the Code. In 2002, the Company submitted the restated Plan to the Internal Revenue Service (IRS) for a favorable determination as to its continuing qualified status. On September 18, 2003, the IRS issued a favorable determination letter covering the Plan restatement generally effective January 1, 1998, and certain subsequent amendments. The determination letter does not cover all amendments to the Plan because the IRS has not yet opened a determination letter program for certain statutory changes.

Participants generally are not subject to federal income taxes on pre-tax contributions or on income or realized gains until a distribution from the Plan is made. However, pre-tax contributions are subject to applicable employment taxes.

Participants' income on after-tax contributions made prior to July 1, 1992, is not subject to federal income taxes until a distribution from the Plan is made.

Distributions made before a participant reaches age 59-1/2 are subject to a special 10% excise tax except (1) distributions upon death or permanent disability of the participant; (2) distributions (after separation from service) that are part of a series of substantially equal periodic payments over the life of the participant or the joint lives of the participant and his or her beneficiary; (3) distributions after the participant separates from service after reaching age 55; (4) distributions to an alternate payee under a qualified domestic relations order; (5) distributions on account of extraordinary medical expenses; (6) dividends paid on employer stock and distributed in accordance with Section 404(k) of the Code; and (7) distributions made on account of an IRS levy against a participant's benefits.

Nonannuity distributions made directly to a participant or his or her beneficiary are normally subject to a 20% withholding tax on the distribution. Participants may not elect to forego such withholding. Hardship withdrawals and direct rollovers to another eligible plan or IRA are not subject to the 20% withholding tax.

**HAWAIIAN ELECTRIC INDUSTRIES
RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2004 and 2003

Distributions are generally taxable to a participant in the year of distribution except for (1) amounts rolled over to another tax-qualified plan or IRA within 60 days of receipt of the distribution by the participant or a surviving spouse, (2) amounts representing net unrealized appreciation in shares of HEI common stock distributed in kind (unless the participant elects to be currently taxed on such appreciation), and (3) after-tax contributions. Distributions in the form of HEI common stock are valued at fair market value for the purpose of determining the amount distributed, but the portion of such stock distributions representing net unrealized appreciation is not taxed until the participant disposes of the stock (unless the participant elects to be taxed at the time of distribution).

(6) Related Party Transactions

Certain Plan investments represent shares of mutual funds managed by Fidelity Management and Research Company (FMR). Fidelity Management Trust Company (FMTC), an affiliate of FMR, is the trustee as defined by the Plan and, therefore, transactions with FMR qualify as party-in-interest transactions. Fees paid by the Plan for record-keeping services provided by Fidelity Investments Institutional Operations Company, Inc. (FIIOC), an affiliate of both FMR and FMTC, amounted to approximately \$21,200 and \$17,500 for the years ended December 31, 2004 and 2003, respectively. Plan participants may elect to invest in the ASB Money Market Account. In addition, Plan participants' may elect to invest in the HEI Common Stock Fund which consists of shares of HEI common stock and short-term liquid investments. ASB and HEI are two of the Plan's Participating Employers and, therefore, these transactions are considered related party transactions.

(7) Plan Merger

In April 2002, the assets of the Bishop Insurance Agency, Inc. 401(k) Profit Sharing Plan (BIA Plan) were transferred to the Plan to complete the merger of the BIA Plan into the Plan. In 2003, the BIA Plan received \$4,254 in proceeds from the liquidation (demutualization) of a mutual insurance company in which the BIA Plan had previously held an interest. From that amount, \$2,273 was used to pay administrative expenses and \$1,981 was allocated to the accounts of former participants of the BIA Plan.
