Cash America International, Inc.  
2004 Annual Report

---

---

Inside this report you'll see a timeline that highlights some milestones of Cash America's first 20 years. You'll see it all from the first store to today's total of 839 Company owned and franchised locations, from 8-tracks to iPods. There are many milestones along the way—like being the first national chain of pawn stores to go public, and the first to have its headquarters almost destroyed by a tornado.

During our 20-year history, we've taken the best lessons of business and the most recent advances in computerized information technology and applied them to an industry in need of re-invention. We developed a plan, set our goals and defined the kind of business we wanted it to be. We stuck to it. Today, our business is growing and thriving, and our core values are intact.

Over the years we have built off our core purpose of providing financial solutions that help ordinary people meet their needs and pursue their dreams. We have expanded beyond offering only pawn loans to short-term unsecured cash advances to serve our customers. We are pleased that cash advance related revenue accounted for 21% of total revenue in 2004, but we are also pleased that our pawn related activities continue to post strong growth figures.

Here's to 20 more years of innovations.

# Financial Highlights

(Dollars in thousands, except per share data)

	2004	2003	2002
<b>Operations</b> – years ended December 31 (a)			
Total revenue	\$ 469,478	\$ 388,635	\$ 350,501
Income from operations before depreciation and amortization	78,623	55,088	40,359
Income from operations	61,413	41,819	27,872
Income from continuing operations (b)	\$ 34,965	\$ 22,030	\$ 11,917
Income from continuing operations per share – Diluted	\$ 1.18	\$ 0.83	\$ 0.48
Net income (b)	\$ 56,835	\$ 30,036	\$ 19,309
Net income per share – Diluted	\$ 1.92	\$ 1.13	\$ 0.78
Dividends per share	\$ 0.37	\$ 0.07	\$ 0.05
<b>Balance Sheets</b> – at December 31 (a)			
Earning assets	\$ 212,893	\$ 158,987	\$ 130,818
Total assets	555,165	377,194	287,006
Total debt	166,626	148,040	137,000
Stockholders' equity	333,936	276,493	192,335
Current ratio	4.6x	4.3x	4.0x
Debt to equity ratio	49.9%	53.5%	71.2%
Return on assets (c)	8.3%	6.9%	4.2%
Return on equity (c)	11.7%	9.8%	6.7%
Net book value per common share outstanding	\$ 11.37	\$ 9.78	\$ 7.89
Common shares outstanding (d)	29,366,713	28,259,726	24,362,190

(a) In September 2004, the Company sold its foreign pawn lending operations. The amounts for all periods presented have been reclassified to reflect the foreign operations as discontinued operations. In addition, in September 2001, the Company announced plans to exit the rent-to-own business. The amounts for 2002 also reflect the reclassified rent-to-own business as discontinued operations.

(b) See "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Financial Statements and Supplementary Data" for amounts related to details of discontinued operations for all periods presented and the gain on disposal of assets for 2003.

(c) Returns based on Income from Continuing Operations after taxes divided by average total assets and average total equity of the Company.

(d) Includes 69,935 shares, 64,742 shares and 66,820 shares in 2004, 2003 and 2002, respectively, held in the Company's Nonqualified Savings Plan.

CASH AMERICA INTERNATIONAL, INC. is a provider of specialty financial services to individuals in the United States with 839 total locations. Cash America is the nation's largest provider of rent-to-own, non-interest loans to individuals, commonly referred to as pawn loans, through 457 locations in 21 states under the brand names Cash America Pawn and SuperPawn. The Company also offers short-term cash advances in 253 locations under the brand names Cash America Payday Advance and Cashland. In addition, check cashing services are provided through 134 franchised and Company-owned unit Payroll check cashing centers. Cash America common shares are listed on the New York Stock Exchange under the symbol CASH.

## CashAmerica®

### CORE VALUES

WE ARE FAMILY.  
WE STRIVE FOR EXCELLENCE.  
WE BRING HONOR TO OUR TEAM.  
WE HAVE FUN.  
WE ACT WITH A SERVANT'S HEART.

## To My Fellow Shareholders:

The cover and interior pages of this 2004 Annual Report have been designed to capture and celebrate the highlights of our first 20 years in business. You will find many references to innovations we developed in our industry and recaps of significant milestones and successful events. Credibly, you will also find references to a couple of unsuccessful ventures our internal history book records as bona fide management faux pas. The richness of our history can only be enjoyed within the full context of goals we've scored and balls we've fumbled.

I must admit that a 20-year span seems shorter to me at age 54 than I recollect at age 34. But thinking back to events of 1984, it does seem like ages since the Apple Macintosh was first introduced, AT&T was broken up, Ronald Reagan defeated Walter Mondale for his second term and the Soviets boycotted the Summer Olympics in Los Angeles. Alternatively, it seems like yesterday that Arnold Schwarzenegger first introduced us to *The Terminator*, Princess Diana gave birth to Prince Harry, and Michael Jackson's hair caught fire while filming a Pepsi commercial. Maybe the anthropological implication of this contrast is that we tend to channel lighter moments into our short-term memory banks while creating distance from the more serious events of our past. (I hope the Michael Jackson fans among you can forgive me for considering that referenced event as a light moment.)

You will find a variety of interesting and entertaining historical tidbits in this Report, and I encourage you to enjoy each one. For those of you limiting your reading time to just this message, I offer this *Reader's Digest* version: Cash America has evolved from one pawnshop in Irving, Texas, with a few hundred thousand dollars of revenue in 1984, to over 700 lending locations approaching one-half billion dollars of revenue in 2004. The original Irving crew of about one-half dozen workers has grown into a base exceeding 4,000 of the best people in our industry. I'm guessing the fair market value of that original shop in 1984, was somewhere around a quarter million, while Cash America's total market capitalization at the end of 2004 was \$873 million. I am sure the Macintosh has created more incremental value for Apple in the last 20 years; but \$873 million is not bad for a business most capital market pundits laughed about in 1984.

While it is always fun to take that proverbial stroll down memory lane, I hope you find comfort in the fact that I spend most of my time thinking about our future and hardly any time reflecting upon our past. The events of our 20-year

history provide a rich reservoir of learning and a touchstone of corporate identity. They do not, however, provide a clear roadmap for the innovations and growth opportunities of our future. I am constantly challenging our management team to disrupt the status quo and search for ways to redefine our business model. We must assume that our customers' needs and wants will change with time, and we must anticipate market movements that might threaten the preferred provider status we currently enjoy with our customers. Our profile today is significantly different than it was five years ago and even significantly different than it was at the time of my last annual message to you. Our profile today could never have been accurately captured in 1984 when our Founders sketched a business plan on the back of a soggy cocktail napkin at The Fort Worth Club.

The forward focus of our organization is what has propelled the strategic moves made over the past few years to simplify our business model and position the Company for accelerated growth. Several significant acquisition and

divestiture transactions, coupled with the strengthening of our management team, has positioned us with a clear and simple profile of two distinct business segments — each organized to deliver on the promise couched within our Core Purpose of "providing financial solutions to help ordinary people meet their needs and pursue their dreams."

Our two distinct business segments, the pawn lending segment and the short-term cash advance segment, share a number of operational similarities, while at the same time framing an important contrast in investment thesis.

Operationally, both segments are neighborhood businesses conducting a high volume of transactions within a relatively small physical footprint with a coworker base that is largely interchangeable. Both compete by offering convenience, speed of service and respectability. Both require similar core competencies from our organization with training, technology, real estate management, governmental relations, compliances, marketing and financial analyses being the most important.

The strategic characteristics of the two segments begin to diverge when you consider market position, future opportunity and risks associated with each. The pawn lending segment is a stable, relatively mature cash flow business that is less vulnerable to competitive intrusion, primarily due to the difficulty of managing at the unit level (mastering unit management in the pawn segment requires 12 to 24 months of training and experience versus 3 to 6 months in the short-term cash advance segment). Because of its maturity and management difficulty, the pawn segment has less robust opportunities for unit growth, but it also enjoys less serious

Quarterly Comparison of Earnings Per Share Continuing Operations

and more manageable risks. (My definition of risks here includes both the potential for abrupt shifts in the marketplace and disruption associated with overzealous regulatory or legislative interference.) The short-term cash advance segment is a less stable, immature cash flow business that is more vulnerable to competitive intrusion due to the relative ease of unit management and greater accessibility to acceptable real estate. The immaturity and management ease of this segment portends greater growth opportunities, albeit saddled with more potential risks (same definition). Cash flow returns on invested capital are impressive for both segments with the cash advance segment holding a slight edge.

I believe both the operational similarities and strategic contrasts of our two business segments should be important considerations in the ongoing evaluation of your investment in Cash America stock. I see the operational similarities as a definite plus regardless of your investment goals or risk appetite. These similarities allow us to leverage the tough operational lessons of the past 20 years and maximize the efficiencies of our corporate overhead. The innovations we develop with training, technology, marketing and other competencies can benefit both segments. Your evaluation becomes more discerning when you begin to match personal investment goals and risk appetite with the contrasting strategic profiles of the two segments. Stereotypically, a pure value investor might be drawn to the stability, cash yield and relatively limited risk of the pawn segment, while a pure growth investor would likely tolerate the risk associated with the cash advance segment in exchange for higher-octane growth. The latter has been evident with the recent IPOs of Advance America (AEA) and QC Holdings (QCCO), the first two IPOs in the short-term cash advance arena.

**Cash America Year-End Market Capitalization**  
(in millions)

I suspect that you, like me, own our stock because you are neither a pure value nor pure growth investor. You favor a balance of excitement and comfort — excitement from the potential stock appreciation of accelerated earnings growth in the cash advance segment balanced against the comfort of reliability in the pawn segment. We have purposely positioned Cash America to fit this balanced profile. The purchase of Cashland in 2003, the sale of our European businesses and simultaneous purchase of SuperPawn in 2004, and new unit openings in both years have all been part of a strategy to create a comfortable blend of value and growth. We understand our strategy takes us out of the pure play game, but we sense our shareholders and potential new investors are migrating toward more balance in their portfolios.

By the way, if you're wondering about the impact of the aforementioned IPOs on Cash America, I view them as a net positive. While these new public entrants are competing for investment dollars, they are also spreading the word and educating institutional investors about the prospects of the cash advance business. They will undoubtedly be educating some new investors who will be drawn to the balance of Cash America's position. Additionally, these deals represent one more critical step in the mainstreaming of the cash advance business in the American financial system.

For the younger shareholders among you, I will close this letter with a prediction that the current two-segment profile of Cash America I have set forth in this letter will no more accurately capture the Company's profile in two decades than did that soggy cocktail napkin in 1984. Customers will change, markets will change, products will change. Our goal is to anticipate that change, adjust and maintain relevance with our customers. I believe the impressive group of young managers we are grooming will be up to that challenge over the next 20 years. One of them may very well be reporting to you on the Company's second 20 years in her 2024 Annual Message to Shareholders. I am trusting they all will be adding to the comfort of my retirement!

Thanks for your continuing support.

Daniel R. Feehan  
Chief Executive Officer and President

February 2005

1984

■ Company founded as Cash America Investments, Inc. by Jack R. Daugherty with one pawnshop in Irving, Texas.

1987

■ Acquired Texas State Credit Company, a 47-store chain of pawnshops.

1987

■ Initial public offering raised \$15.6 million through sale of 5 million shares in Cash America Investments, Inc.\* First pawnshop company to be traded in the public markets. Listed on NASDAQ under the ticker symbol of "PAWN".

1988

■ Sold 4.92 million shares in a secondary offering of common stock, generating \$26 million in proceeds.\*

\* shares adjusted for stock splits

**Cash America** has been a pioneer in the pawn industry for 20 years. While Cash America is responsible for many innovations along the way, we're not responsible for getting the pawn industry started. According to historians, that started 3,000 years ago. And quite frankly, we had 2,980 years of negative perception to overcome.

Today, at a well-lit Cash America location, staffed with service-oriented, trained professionals, the business operates in a way that benefits both our customers and our shareholders. Our general approach to the pawn business is our first and still greatest innovation.

Here's what happens at a Cash America store when a customer

1988

■ Opened 100th pawnshop. Company operates in 4 states of Texas, Louisiana, Oklahoma and Tennessee.

1992

■ Cash America expanded overseas through the acquisition of 26 shops based in London, England (Harvey & Thompson).

1989

■ Cash America paid first quarterly dividend equivalent to 5 cents per share per year.

1990

■ Listed on the NYSE under symbol "PWN" and entered three new states.

*“Providing capital alternatives to meet our customers’ needs is what Cash America is all about.”*

is seeking a pawn loan: A customer in need of cash brings in a tangible item of personal property and minutes later receives a loan based on the value of the item. Frequently, we access our proprietary centralized computer network to determine a loan amount in an effort to satisfy the customer’s financial needs. Our network database strives to ensure that every customer

service representative (and, of course, every customer) benefits from the wealth of knowledge of our entire company, instantly, on every transaction. It’s an innovation that helps build and retain loyalty with our customers—real working people, teachers, construction workers, grocery clerks. This is a segment of the population that is increasingly disenfranchised by the traditional banking industry. And it’s a segment of society that continues to grow at a faster rate than the general population.

While over 70 percent of our pawn customers choose to repay their loan plus related fees and redeem their collateral, they have the option of allowing Cash America to keep the item in full satisfaction of the loan. We sell those items in an inviting retail environment—a far cry from the dimly lit, smoke-filled pawn stores that are often portrayed in movies and books. With friendly, knowledgeable employees offering fair and honest treatment in bright, attractive stores, Cash America has changed the course of history in 20 short years.

What we've built is a company of neighborhood financial service centers, spanning the U.S. from the state of Washington all the way to Florida. Our customer-centric service approach has led us to add such additional alternatives as short-term cash advances, Western Union products, bill payment and pre-paid cell phones. Cash America has also participated in the evolution of a cash advance lending industry estimated at \$40 billion a year. We've done our part one customer at a time.

### First and foremost— a culture of service

There have been a number of firsts along the way. Cash America was the first company to raise capital, including public equity, to build a chain of pawn lending locations. Before Cash America, the pawn industry was traditionally a closely guarded business, which no doubt helped lead to years of negative and inaccurate publicity.

Cash America was the first in the industry to develop formal training systems for employees and the first in the industry to network stores with a customer database. We created a centralized jewelry processing center and developed sophisticated practices to verify gold content and confirm the genuine quality of diamonds. Our proprietary "ProKnow" database helps us set consistent parameters, for lending and for buying and selling merchandise, handling over 5 million transactions a year. In effect, even our newest coworkers have instant knowledge and our full resources right at their fingertips. We developed an asset protection/loss prevention group to protect the interests of our investors and monitor operational

compliance with Company policies. We've formalized operating practices and inventory control systems that remain unmatched in our industry.

Most importantly, we've created a culture based on positive core values. We're a family. We strive for excellence. We bring honor to our team. We have fun. We act with a servant's heart. To protect and grow this culture, we have a very successful management training program. A large majority of our operations-level managers are graduates of this in-house training.

Thanks to the pioneering, innovative thinking and hard work of Cash America people throughout the Company, the pawn industry hasn't just grown, it's grown up.

**Pawn Lending  
Collateral/Merchandise Mix**  
*(as of December 31, 2004)*

1992

■ Purchased Field Support Center at 1600 W. 7th Street Fort Worth, Texas.

1992

■ Name changed from Cash America Investments, Inc. to Cash America International, Inc.

1992

■ Sold 4.6 million shares in a secondary offering of common stock raising \$49 million.\*

1992

■ Opened 200th pawnshop; operates in 8 states and the United Kingdom.

\* shares adjusted for stock splits

1993

■ Purchased 18-store chain of pawnshops – Express Cash International Corp. based in San Antonio, Texas.

1994

■ Cash America loaned its one billionth dollar.

1994

■ Opened 300th pawnshop in Kansas City, Missouri; operating 271 stores in 13 states and 29 locations in the United Kingdom.

1994

■ Entered check cashing business through the acquisition of Mr. Payroll Corporation.

### Advancing into new territory.

Our cash advance locations reach customers with a product that is in huge demand and continues to grow in popularity. Unlike pawn transactions, a cash advance is an unsecured loan. Customers bring in proper paperwork such as their current pay stubs, bank statements and utility bills and apply for a short-term loan. We are able to access our centralized

underwriting network to approve the loan in minutes. Once approved, the customer signs a promissory note and related documents and leaves a personal check for the loan amount plus fees.

The customer has the option of paying off the loan in cash or allowing the lender to deposit the

*“Cash America offers training and development programs oriented to enhancing customer service and building on successful business practices.”*

# SVENSK PANTBELÄNING

1994

■ International presence expanded to two foreign countries through the acquisition of a 10-store chain based in Stockholm Sweden – Svensk Pantbeläning.

1995

■ Company expanded into the rent-to-own industry through the 2-store acquisition of Rent-A-Tire Corporation.

1994

■ Completed the implementation of fully integrated proprietary point of sale system in all U.S. locations.

1995

■ Company purchased 15% of outstanding shares in Dutch Tender Offer for total investment of \$40 million.

check at the end of the loan term. Most cash advance loans are for approximately two weeks, although they can extend as long as 45 days. The average cash advance amount is about \$336, compared to the average pawn loan of about \$74.

The growth in popularity of this product mirrors Cash America's growth strategy for this year. In order to bring the cash advance product to our customers, especially in areas not well suited for a full pawn location, in 2004 we've added 27 new Cash America Payday Advance locations. We've also reached out to new markets through acquisitions, including 121 Cashland stores purchased in 2003.

**Number of Cash Advance Locations at Year-End**

We've expanded the Cashland chain that operates in Ohio, Michigan, Indiana and Kentucky to 175 locations. In all, 72 new cash advance locations were established in 2004.

In 2004, we also acquired 32 cash advance locations in Southern California, mostly in the Los Angeles area. Previously owned and operated by two separate companies, these locations will be branded using the Cash America name. It's an important new geographic area for Cash America, an area with strong growth potential.

Cash America has expanded its traditional pawn business in 2004 as well. Our goal to concentrate unit

*1998*

■ Opened 400th pawnshop; servicing customers in 15 states and 2 European countries.

*1998*

■ Completed the acquisition of a 40-store chain of pawnshops—Doc Holliday's Pawnbrokers & Jewelers, Inc.

*1997*

■ Deployed first-ever fully automatic check cashing machine.

*2000*

■ Founder, Jack Daugherty, retires as Chief Executive Officer, but remains as Chairman of the Board of Directors.

expansion on specific, careful market growth led to the acquisition of the SuperPawn chain this year. It is a 41-store chain operating in Nevada, Arizona, Washington and California. Through this acquisition, we'll be able to introduce our cash advance products to new markets while at the same time expanding and strengthening our traditional pawnshop business in four new states.

*“Market leadership through an attitude of customer service first and foremost is apparent with everyone at Cash America.”*

**Composition of Net Revenue**  
Fiscal Year 2004

2000

■ On March 28, a tornado strikes Field Support Center, rendering it uninhabitable and forcing a move to temporary facilities.

2001

■ Returned to the remodeled Cash America building on same site in downtown Fort Worth, Texas.

2000

■ Began deployment of Cash Advance product into pawn locations.

2002

■ Opened first stand-alone location branded Cash America Payday Advance.

2002

■ Company discontinued rent-to-own segment through sale of 22-store chain of Rent-A-Tire locations.

2003

■ Acquired Cashland, based in Dayton, Ohio, operator of a chain of 121 cash advance locations.

2002

■ Board of Directors increased dividend to common shareholders 40% to annual equivalent of \$.07 per share.

2003

■ Cash America loaned its five billionth dollar.

## It was time to return to our roots.

Another significant industry first for Cash America was our expansion into Europe. We moved into Europe in part to study the workings of a pawn lending business focused primarily on jewelry. By applying our existing knowledge and systems, we were able to significantly grow the business in the United Kingdom and Sweden.

While we know this experience has been a success, and the people we worked with have been highly valued members of the Cash America family, in 2004 we made the decision to refocus our efforts and concentrate our resources exclusively on the U.S.

*“Over the years, Cash America has become recognized as the market leader. Everyone in the Cash America family recognizes and understands that responsibility as we strive for excellence.”*

2004

■ Company strategy shifted to an exclusive focus on U.S. operations. European operations sold.

2004

**CSH**  
**LISTED**  
**NYSE**

■ Changed NYSE ticker symbol from "PWN" to "CSH" to better highlight the Company's service offering of cash to its customers.

2004

■ Company expanded into California for the first time through the acquisition of GoldX and Urgent Money with a total of 32 cash advance locations. Cash America ends the year with 253 cash advance locations in 6 states.

2004

■ Completed the 41-store acquisition of SuperPawn, establishing first locations in states of Arizona, California, Nevada and Washington, finishing the year with 452 pawn lending locations in 21 states.

**Total Pawn Loans and Cash Advance Dollars Loaned per Year**  
*(in millions)*

and divested ourselves of those two subsidiaries. We have no doubt that Harvey & Thompson in the United Kingdom and Svensk Pantbelåning in Sweden will certainly continue to thrive. We want to thank the ladies and gentlemen of those two organizations for their contributions over the last 12 years. Yet it was time to return to our roots.

We finished the first 20 years with 839 total locations in 22 states. During that time we have provided over \$5 billion in credit to our customers to help meet their needs. As we look toward the next 20 years, we are confident there will be many more firsts as we seek ways to reach more customers through innovations to consumer lending while maintaining our position as the market leader.

**Mr. Payroll kiosks add another level of customer service.**

Currently, there are 134 franchised and Company-owned Mr. Payroll locations in 20 states. Our customers use the service to cash checks and to purchase money orders in easy-to-use kiosks, located mostly in convenience stores. This symbiotic relationship offers store owners a way to bring in more customers with cash in hand, and gives Cash America the opportunity to offer even greater convenience to our customers.

## PART I

### ITEM 1. BUSINESS

#### General

Cash America International, Inc. (the "Company") was incorporated in 1984 to engage in the business of owning and operating pawnshops. Since that time, the Company has significantly broadened the geographic scope of its operations and expanded its offering of financial services to its customers. As of December 31, 2004, the Company provided specialty financial services through 839 total locations.

The Company is the nation's largest provider of secured non-recourse loans, commonly referred to as pawn loans. In December 2004, the Company acquired a 41-store pawn lending chain based in Las Vegas, Nevada and operating under the trade name SuperPawn ("SuperPawn"). As of December 31, 2004, the Company provided pawn loans to individuals through 452 locations in 21 states. It also offers unsecured cash advances in most of its pawn lending locations. In addition, the Company is in the business of owning and operating cash advance locations. While these locations primarily offer cash advances, many offer check cashing services and other retail financial services and products such as money orders and money transfers. As of December 31, 2004, the Company's cash advance operations consisted of 253 locations, including 175 locations through Cashland Financial Services, Inc. ("Cashland"), a wholly-owned subsidiary, 32 southern California locations operating under the brand names Urgent Money and GoldX, and 46 Cash America Payday Advance locations (collectively referred to as "cash advance locations"). The Company also offers check cashing services through 128 franchised and 6 company-owned check cashing centers of Mr. Payroll Corporation ("Mr. Payroll"), a wholly-owned subsidiary. In order to dedicate its strategic efforts and resources on the growth opportunities of pawn lending and cash advance activities in the United States, the Company sold its foreign pawn lending operations in the United Kingdom and Sweden in September 2004. See further discussion regarding the sale in Item 7 and Item 8. As a result of the sale of the foreign pawn lending operations, all discussions and financial information below have excluded the effect of the Company's foreign pawn lending operations, as they have been classified as discontinued operations.

The Company's principal executive offices are located at 1600 West 7<sup>th</sup> Street, Fort Worth, Texas 76102-2599, and its telephone number is (817) 335-1100. As used in this report, the term "Company" includes Cash America International, Inc. and its subsidiaries.

The Company's growth over the years has been the result of its business strategy of acquiring existing pawnshop locations and establishing new pawnshop locations that can benefit from the Company's centralized management and standardized operations. In 2003, the Company expanded this strategy to include acquiring existing cash advance locations and establishing new cash advance locations. The Company intends to continue its business strategy of acquiring and establishing pawnshop and cash advance locations (collectively referred to as "lending locations"), increasing its share of the consumer loan business, and concentrating multiple lending locations in regional and local markets in order to expand market penetration, enhance name recognition and reinforce marketing programs. The Company also intends to offer new products and services in its lending locations in order to meet the growing financial services needs of its customers. Studies indicate to the Company that a large portion of its customers consists of individuals who do not regularly transact loan business with banks. (See, for example, Dr. Robert W. Johnson and Dr. Dixie P. Johnson, *Pawnbroking in the U.S.: A Profile of Customers*, Credit Research Center, Georgetown University, 1998.)

The Company added 45 pawnshop locations including the SuperPawn locations in 2004, and 2 locations were either combined or closed. See further discussion of the SuperPawn acquisition in Item 7 and Item 8. In addition to its owned pawnshops, the Company offers and sells franchises to third parties for their independent ownership and operation of "Cash America" or "SuperPawn" pawnshops. The Company

added 5 and terminated 1 franchise in 2004. As of December 31, 2004, there were 11 franchised lending locations in operation.

*Website Access to Reports.* Through its home page at [www.cashamerica.com](http://www.cashamerica.com), the Company provides free access to its Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, and all amendments to those reports filed or furnished pursuant to Sections 13(a) and 15(d) of the Securities Exchange Act of 1934 as soon as reasonably practicable after such reports are electronically filed with or furnished to the Securities and Exchange Commission.

## **Pawn Lending Activities**

Pawnshops function as convenient sources of consumer loans and as sellers primarily of previously owned merchandise acquired when customers do not redeem the pawned goods. The pledged goods in the Company's pawn operations are generally tangible personal property, other than securities or printed evidence of indebtedness and generally consist of jewelry, tools, televisions and stereos, musical instruments, firearms, and other miscellaneous items. One convenient aspect of the pawn transaction is that the customer has no legal obligation to repay the amount loaned. Instead, the Company relies on the value of the pawned property as security in the event it is not redeemed, to recover the principal amount loaned plus a yield on the investment. As a result, the creditworthiness of the customer is not a factor, and a decision not to redeem pawned property has no effect on the customer's personal credit status. (Although pawn transactions can take the form of an advance of funds secured by the pledge of property or a "buy-sell agreement" involving the actual sale of the property with an option to repurchase it, the transactions are referred to throughout this report as "pawn loans" for convenience.)

In a pawn transaction, the Company contracts for a finance and service charge to compensate it for the use of the funds loaned. Finance and service charges contributed approximately 23.6% of the Company's total revenue in 2004, 25.9% in 2003 and 27.0% in 2002. The finance and service charge is typically calculated as a percentage of the pawn loan amount based on the size and duration of the transaction, in a manner similar to which interest is charged on a bank loan, and has generally ranged from 12% to 300% annually, as permitted by applicable state pawnshop laws.

At the time a pawn transaction is entered into, a pawn transaction agreement, commonly referred to as a pawn ticket, is delivered to the borrower (pledgor) that sets forth, among other items: the name and address of the pawnshop and the pledgor; the pledgor's identification number from his or her driver's license or other approved identification; the date; the identification and description of the pledged goods, including applicable serial numbers; the amount financed; the finance and service charge; the maturity date; the total amount that must be paid to redeem the pledged goods on the maturity date; and the annual percentage rate.

The amount that the Company is willing to finance is typically based on a percentage of the pledged personal property's estimated disposition value. The sources for the Company's determination of the estimated disposition value are numerous and include the Company's automated product valuation system as well as catalogues, "blue books", newspapers, internet research and previous disposition experience with similar items. These sources, together with the employees' experience in disposing of similar items of merchandise in particular pawnshops, influence the determination of the estimated disposition value of such items. The Company does not utilize a standard or mandated percentage of estimated disposition value in determining the amount to be financed. Instead, employees have the authority to set the percentage for a particular item and determine the ratio of loan amount to estimated disposition value with the expectation that, if the item is forfeited to the pawnshop, its subsequent disposition would yield a profit margin consistent with the Company's historical experience. The pledged property is held through the term of the transaction, which generally is one month with an automatic sixty-day redemption period (see "Regulation" for exceptions in certain states), unless earlier repaid, renewed or extended. A majority of the amounts advanced by the Company are paid in full with accrued finance and service charges or are renewed or extended through payment of accrued finance and service charges. In the event the pledgor does not repay,

renew or extend his loan, the unredeemed collateral is forfeited to the Company and then becomes merchandise available for disposition through the Company's pawnshops, or through a major gold bullion bank. The Company does not record pawn loan losses or charge-offs because the amount advanced becomes the carrying cost of the forfeited collateral that is to be recovered through the merchandise disposition function described below.

The recovery of the amount advanced, as well as realization of a profit on disposition of merchandise, is dependent on the Company's initial assessment of the property's estimated disposition value. Improper assessment of the disposition value of the collateral in the lending function could result in the disposition of the merchandise for an amount less than the amount advanced. However, the Company historically has experienced profits from the disposition of such merchandise. Declines in gold prices generally will also reduce the disposition value of jewelry items acquired in pawn transactions and could adversely affect the Company's ability to recover the carrying cost of the acquired collateral. For 2004, 2003 and 2002, the Company experienced profit margins on disposition of merchandise of 38.5%, 37.5% and 34.8%, respectively.

At December 31, 2004, the Company had approximately 1,233,000 outstanding pawn loans totaling \$109,353,000, with an average balance of approximately \$89 per loan.

Presented below is information with respect to pawn loans made, acquired, and forfeited for the pawn lending operations for the years ended December 31, 2004, 2003 and 2002:

	<u>2004</u>	<u>2003</u>	<u>2002</u>
	(\$ in thousands)

Loans repaid or renewed as a percent of loans made .....	<u>60.6%</u>	<u>60.9%</u>	<u>60.1%</u>

### Merchandise Disposition Activities

The Company engages in the disposition of merchandise acquired when a pawn loan is not repaid, when used goods are purchased from the general public and when new merchandise is acquired from vendors. New goods consist primarily of accessory merchandise that enhances the marketability of existing merchandise, such as tools, consumer electronics and jewelry. For the year ended December 31, 2004, \$171,484,000 of merchandise was added to merchandise held for disposition, of which \$130,971,000 was from loans not repaid, \$26,921,000 was purchased from customers and vendors, and \$13,592,000 was added through acquisitions of pawnshops. Proceeds from disposition of merchandise contributed 53.3% of the Company's total revenue in 2004, 60.7% in 2003 and 66.6% in 2002.

The Company offers a refund/exchange policy with respect to certain items of merchandise but otherwise does not provide its customers with warranties on used merchandise purchased from the Company. The Company permits its customers to purchase merchandise on a layaway plan whereby the customer agrees to purchase an item by making an initial cash deposit representing a small portion of the disposition price and making additional, non-interest bearing payments on the balance of the disposition price in accordance with a specified schedule. The Company then segregates the item and holds it until the disposition price is paid in full. Should the customer fail to make a required payment, the item is placed

with the other merchandise held for disposition. At December 31, 2004, the Company held approximately \$5,686,000 in customer layaway deposits.

The Company provides an allowance for valuation and shrinkage of its merchandise based on management's evaluation. Management's evaluation takes into consideration historical shrinkage, the quantity and age of slow-moving merchandise on hand and markdowns necessary to liquidate slow-moving merchandise. At December 31, 2004, total pawn operations merchandise on hand was \$67,050,000, after deducting an allowance for valuation and shrinkage of merchandise of \$1,445,000.

### **Cash Advance Activities**

In 2000, the Company began offering a short-term unsecured credit vehicle referred to as a cash advance through most of its Cash America pawnshops and in 2003 expanded the offering of this product through the establishment of Cash America Payday Advance locations. Effective August 1, 2003, the Company purchased substantially all of the assets of Cashland, Inc. a privately owned consumer finance company based in Dayton, Ohio. Cashland's locations offer cash advances, check cashing and related money services.

As of December 31, 2004, the cash advance product was available in 678 lending locations, which included 425 pawnshop locations and 253 cash advance locations. This included 366 units that offer the product on behalf of third-party banks that underwrite the advance to the customer and pay the Company a fee for its marketing and administrative services. Cash advances are generally offered for a term of 7 to 45 days, depending on state law and the customer's next payday. The product offered by the Company in 312 locations provides customers with cash in exchange for a promissory note or other repayment agreement, which is typically supported by that customer's personal check for the aggregate amount of the cash advanced plus a service fee. To repay the cash advance, customers may redeem their checks by paying cash or they may allow the checks to be presented for collection. (Although these cash advance transactions may take the form of loans or deferred check deposit transactions, the transactions are referred to throughout this report as "cash advances" for convenience.) Cash advance fees earned by the Company contributed approximately 21.1% of the Company's total revenue in 2004, 12.1% in 2003 and 5.4% in 2002.

As discussed above, in certain markets the cash advance product is offered in the Company's locations by third-party banks. In April 2004, the Company entered into an agreement with a second third-party bank to offer cash advances in some of the Company's locations. Under the current bank programs, the banks sell participation interests in bank originated cash advances to third parties, and the Company purchases sub-participation interests in certain of those participations. The Company also receives an administrative fee for its services. In order to benefit from the use of the Company's collection resources and proficiency, all cash advances unpaid after maturity are assigned to the Company at a discount from the amount owed by the borrower. Losses on cash advances assigned to the Company that prove uncollectible are the responsibility of the Company. To the extent that the Company collects an amount owed by the customer in excess of the amount assigned, the Company is entitled to the excess and recognizes it in income when collected. Since the Company may not be successful in the collection of the assigned accounts, the Company's provision for loan losses includes amounts estimated to be adequate to absorb credit losses from cash advances in the aggregate portfolio, including those expected to be assigned from each third-party bank's portfolio. As of December 31, 2004, \$51,670,000 of combined gross cash advances was outstanding, including a \$10,150,000 non-participated interest owned by the banks that is not included in the Company's consolidated balance sheet. An allowance for losses of \$4,358,000 has been provided in the consolidated financial statements. The Company also provided accrued losses for bank owned portfolios of \$342,000 at December 31, 2004, which is included in "Accounts payable and accrued expenses" in the accompanying consolidated balance sheet. See Item 8. Financial Statements and Supplementary Data, Note 5 of "Notes to Consolidated Financial Statements."

Presented below is information with respect to the cash advance product for the years ended December 31, 2004, 2003 and 2002:

	<u>2004</u>	<u>2003</u>	<u>2002</u>

Average cash advance amount written.....	\$ 336	\$ 311	\$ 284

### Check Cashing Activities

While the Company's primary business involves the acquisition, establishment and operation of pawn and cash advance lending locations, it also provides check cashing services primarily through its subsidiaries, Mr. Payroll and Cashland. As of December 31, 2004, Mr. Payroll's operations consisted of 128 franchised and 6 company-owned check cashing centers in 20 states. Check cashing is provided in all 175 of the Cashland cash advance locations. Aggregate check cashing fees was 2.0% of the Company's total revenue in 2004, 1.3% in 2003 and 1.0% in 2002.

### Financial Information on Segments and Areas

Additional financial information regarding the Company's revenues and assets by each of its three operating segments is provided in Note 18 of "Notes to Consolidated Financial Statements."

### Operations

*Unit Management.* Each location has a unit manager who is responsible for supervising its personnel and assuring that it is managed in accordance with Company guidelines and established policies and procedures. Each unit manager reports to a Market Manager, who typically oversees approximately ten unit managers. As of December 31, 2004, the Company had one pawn lending operating division, which is managed by an Executive Vice President. This operating division consists of five geographic operating regions, each of which is managed by a Region Vice President. Each Market Manager reports to a Region Vice President. The cash advance operating division consists of a similar geographic operating structure. The Chief Operating Officer of Cashland and two Region Vice Presidents of Cash America Payday Advance are managed by an Executive Vice President. Three Cashland supervisors oversee its geographic operating regions and report to its Chief Operating Officer. Each unit manager reports to a Market Manager, who typically oversees approximately ten unit managers.

*Trade Names.* The Company operates its locations under the trade names "Cash America," "Cashland," "Mr. Payroll," and "SuperPawn". The Company's marks "Cash America," "Cashland," "SuperPawn," "Cash When It Counts," and "Mr. Payroll" are registered with the United States Patent and Trademark Office.

*Personnel.* At December 31, 2004, the Company employed 4,279 persons in its operations. Of the total employees, approximately 331 were in executive and administrative functions.

The Company has an established training program that provides a combination of classroom instruction, video presentation and on-the-job loan and merchandise disposition experience. A new employee is introduced to the business through an orientation program and through a three-month training

program that includes classroom and on-the-job training in loans, layaways, merchandise and general administration of unit operations.

The experienced employee receives training and an introduction to the fundamentals of management to acquire the skills necessary to move into management positions within the organization. Manager training involves a twelve-month program that includes additional management principles and more extensive training in income maximization, recruitment, merchandise control, and cost efficiency.

### **Future Expansion**

The Company's objective is to continue to expand the number of pawnshops and cash advance locations (collectively referred to as "lending locations") it owns and operates through acquisitions and by establishing new units. Management believes that such anticipated expansion will continue to provide economies of scale in supervision, purchasing, administration and marketing by decreasing the overall average cost of such functions per unit owned. By concentrating multiple lending units in regional and local markets, the Company seeks to expand market penetration, enhance name recognition and reinforce marketing programs. The Company also intends to offer new products and services in its lending units in order to meet the growing financial services needs of its customers.

The primary lending location acquisition criteria include evaluation of the volume of annual loan transactions, outstanding loan balances, and location and condition of the facility as well as lease terms or fair market value of the facility if it is to be purchased. The primary lending location start-up criteria include the facility-related items noted above and conditions in the surrounding community indicating a sufficient level of potential customers. The Company's business strategy is to continue expanding its lending business within its existing geographic markets and into other markets that meet the risk/reward considerations of the Company.

The Company's expansion has not only been in acquiring previously owned lending locations, but also in establishing new locations. After a suitable location has been found and a lease and license are obtained, the new location can be ready for business within four to six weeks, with completion of counters, vaults and security system and the transfer of merchandise from other locations (for pawnshop locations). The approximate start-up costs, defined as the investment in property and equipment, for recently established pawnshops have ranged from \$151,000 to \$325,000, with an average estimated cost per location of approximately \$238,000 in 2004. This amount does not include merchandise transferred from other locations, funds to advance on pawn loans and cash advances and operating expenses. The start-up costs for recently established cash advance locations have ranged from \$42,000 to \$157,000, with an average estimated cost per location of approximately \$96,000 in 2004.

The Company's expansion program is subject to numerous factors that cannot be predicted, such as the availability of attractive acquisition candidates or sites on suitable terms and general economic conditions. Further, there can be no assurance that future expansion can be continued on a profitable basis. Among other factors, the following could impact the Company's future planned expansion.

*Statutory Requirements.* The Company's ability to add start-up pawnshop locations in Texas counties having a population of more than 250,000 is limited by a law that became effective September 1, 1999, which restricts the establishment of new pawnshops within a certain distance of existing pawnshops. In addition, the present statutory and regulatory environment of some states renders expansion into those states impractical. See "Business – Regulation."

*Competition.* The Company faces competition in its expansion program. Several competing pawnshop and cash advance companies have implemented expansion and acquisition programs. A number of smaller companies have also entered the market. While the Company believes that it is the largest pawnshop operator in the United States, and one of the largest cash advance operators, there can be no assurance that the Company will be more successful than its competitors in pursuing acquisition

opportunities and leases for attractive start-up locations. Increased competition could also increase prices for attractive acquisition candidates.

*Capital Requirements.* In some states, the Company is required by law to maintain a minimum amount of certain unencumbered net assets (currently \$150,000 in Texas) for each pawnshop location. The Company's expansion plans will therefore be limited in these states to the extent the Company is unable to maintain these required levels of unencumbered net assets. At present, these requirements do not limit the Company's growth opportunities.

*Availability of Qualified Unit Management Personnel.* The Company's ability to expand may also be limited by the availability of qualified unit management personnel. While the Company seeks to train its existing personnel to enable those capable to assume management positions, there can be no assurance that sufficient qualified personnel will be available to satisfy the Company's needs with respect to its planned expansion.

## **Competition**

While pawnbroking is a time-honored American industry, it remains very fragmented with approximately 12,000 stores nationwide. The three largest publicly traded pawnshop companies operate approximately 850 total pawnshops in the United States. Management continues to believe that the Company can achieve economies of scale and increased operating efficiencies by increasing the number of stores under operation and utilizing modern point-of-sale systems and proven operating methods.

The less fragmented cash advance industry is growing at a faster rate. According to the investment banking firm Stephens Inc., the number of cash advance transactions is estimated to be growing nationwide at a rate of 15% to 20% per year, and the three largest operators service approximately one-quarter of the market. Despite the concentration of major competitors in the cash advance industry, management believes that significant opportunities for growth remain in this business.

The Company encounters significant competition in connection with its lending and merchandise disposition operations. In connection with the lending of money, the Company competes with other pawnshops and cash advance shops and other forms of financial institutions such as consumer finance companies, which generally lend on an unsecured as well as a secured basis. Other lenders may lend money on terms more favorable than the Company. Some competitors, such as certain commercial banks and consumer finance companies, may have greater financial resources than the Company. Several competing pawnshop and cash advance companies have implemented expansion and acquisition programs. See "Business – Future Expansion." These competitive conditions may adversely affect the Company's revenues and profitability.

## **Regulation**

The Company's pawnshop operations are subject to extensive regulation, supervision and licensing under various federal, state and local statutes, ordinances and regulations in the 21 states in which it operates. (For a geographic breakdown of operating locations, see "Properties".) Set forth below is a summary of the state pawnshop regulations in those states containing a preponderance of the Company's operating locations.

*Texas Pawnshop Regulations.* Under the Texas Pawnshop Act, the Texas Consumer Credit Commissioner has primary responsibility for the regulation of pawnshops and enforcement of laws relating to pawnshops in Texas. The Company is required to furnish the Texas Consumer Credit Commissioner with copies of information, documents and reports which are required to be filed by it with the Securities and Exchange Commission.

The Texas Pawnshop Act prescribes the stratified loan amounts and the maximum allowable rates of pawn service charge that pawnbrokers in Texas may charge for the lending of money within each stratified range of loan amounts. That is, the Texas law establishes the maximum allowable pawn service charge rates based on the amount financed per pawn loan. The maximum allowable rates under the Texas Pawnshop Act for the various stratified loan amounts for the fiscal years ended June 30, 2005, 2004 and 2003, are as follows:

<u>Year Ending June 30, 2005</u>			<u>Year Ended June 30, 2004</u>			<u>Year Ended June 30, 2003</u>		
<u>Amount Financed Per Pawn Loan</u>		<u>Maximum Allowable Annual Percentage Rate</u>	<u>Amount Financed Per Pawn Loan</u>		<u>Maximum Allowable Annual Percentage Rate</u>	<u>Amount Financed Per Pawn Loan</u>		<u>Maximum Allowable Annual Percentage Rate</u>
\$ 1 to \$	156	240%	\$ 1 to \$	153	240%	\$ 1 to \$	150	240%
157 to	1,040	180	154 to	1,020	180	151 to	1,000	180
1,041 to	1,560	30	1,021 to	1,530	30	1,001 to	1,500	30
1,561 to	13,000	12	1,531 to	12,750	12	1,501 to	12,500	12

These rates are reviewed and established annually by the Texas Consumer Credit Commissioner. The maximum allowable service charge rates were established and have not been revised since 1971, when the Texas Pawnshop Act was enacted. Since 1981, the ceiling amounts for stratification of the loan amounts to which these rates apply have been revised each July 1 in relation to the Consumer Price Index, except that the Texas legislature amended the Texas Pawnshop Act to establish the ceiling amounts reflected above for the year ended June 30, 2003. Under current Texas law, a pawn loan may not exceed \$13,000. In addition to establishing maximum allowable service charge rates and loan ceilings, the Texas Pawnshop Act also provides for the licensing of pawnshops and pawnshop employees. To be eligible for a pawnshop license in Texas, an applicant must (i) be of good moral character; (ii) have net assets of at least \$150,000 readily available for use in conducting the business of each licensed pawnshop; (iii) show that the pawnshop will be operated lawfully and fairly in accordance with the Texas Pawnshop Act; (iv) show that the applicant has the financial responsibility, experience, character, and general fitness to command the confidence of the public in its operations; and, (v) in the case of a business entity, the good moral character requirement shall apply to each officer, director and holder of 5% or more of the entity's outstanding shares.

As part of the license application process, any existing pawnshop licensee who would be affected by the granting of the proposed application may request a public hearing at which to appear and present evidence for or against the application. For an application for a new license in a county with a population of 250,000 or more, the proposed facility must not be located within two miles of an existing licensed pawnshop.

The Texas Consumer Credit Commissioner may, after notice and hearing, suspend or revoke any license for a Texas pawnshop upon finding, among other things, that (i) any fees or charges have not been paid; (ii) the licensee violates (whether knowingly or unknowingly without due care) any provisions of the Texas Pawnshop Act or any regulation or order thereunder; or (iii) any fact or condition exists which, if it had existed at the time the original application was filed for a license, would have justified the Commissioner in refusing such license.

Under the Texas Pawnshop Act, a pawnbroker may not accept a pledge from a person under the age of 18 years; make any agreement requiring the personal liability of the borrower; accept any waiver of any right or protection accorded to a pledgor under the Texas Pawnshop Act; fail to exercise reasonable care to protect pledged goods from loss or damage; fail to return pledged goods to a pledgor upon payment of the full amount due; make any charge for insurance in connection with a pawn transaction; enter into any pawn transaction that has a maturity date of more than one month; display for disposition in storefront windows or sidewalk display cases, pistols, swords, canes, blackjacks and similar weapons; operate a pawnshop between the hours of 9:00 p.m. and 7:00 a.m.; or purchase used or secondhand personal property or certain building

construction materials unless a record is established containing the name, address and identification of the seller, a complete description of the property, including serial number, and a signed statement that the seller has the right to sell the property.

*Florida Pawnshop Regulations.* The Florida Pawnbroking Act, adopted in 1996, provides for the licensing and bonding of pawnbrokers in Florida and for the Department of Agriculture and Consumer Services' Division of Consumer Services to investigate the general fitness of applicants and generally to regulate pawnshops in the state. The statute limits the pawn service charge that a pawnbroker may collect to a maximum of 25% of the amount advanced in the pawn for each 30-day period of the transaction. The law also requires pawnbrokers to maintain detailed records of all transactions and to deliver such records to the appropriate local law enforcement officials. Among other things, the statute prohibits pawnbrokers from falsifying or failing to make entries in pawn transaction forms, refusing to allow appropriate law enforcement officials to inspect their records, failing to maintain records of pawn transactions for at least two years, making any agreement requiring the personal liability of a pledgor, failing to return pledged goods upon payment in full of the amount due (unless the pledged goods had been taken into custody by a court or law enforcement officer or otherwise lost or damaged), or engaging in title loan transactions at licensed pawnshop locations. It also prohibits pawnbrokers from entering into pawn transactions with a person who is under the influence of alcohol or controlled substances, a person who is under the age of eighteen, or a person using a name other than his own name or the registered name of his business.

*Nevada Pawnshop Regulations.* The Nevada statute governing pawnbrokers establishes a maximum allowable interest rate of 10% per month for pawn transactions and allows an initial charge of \$5 in addition to interest. All pledged property must be held for redemption for at least 120 days before it can be offered for sale to the public. The statute also (i) requires that certain bookkeeping records be maintained, (ii) requires that pawn transaction information be reported to local law enforcement agencies, and (iii) establishes a procedure for law enforcement officials to place a hold on property alleged to be related to criminal activity. The Nevada law also prohibits pawnbrokers from making false entries in their books or records, making false reports to law enforcement agencies, removing pledged property from their business premises unless specifically authorized under the statute, and receiving pledged property from certain persons, including a person who is under age 18 or intoxicated.

*Tennessee Pawnshop Regulations.* Tennessee state law provides for the licensing of pawnbrokers in that state. It also (i) requires that pawn transactions be reported to local law enforcement agencies; (ii) requires pawnbrokers to maintain insurance coverage on the property held on pledge for the benefit of the pledgor; (iii) establishes certain hours during which pawnshops may be open for business; and (iv) requires that certain bookkeeping records be maintained. Tennessee law prohibits pawnbrokers from selling, redeeming or disposing of any goods pledged or pawned to or with them within 48 hours after making their report to local law enforcement agencies. The Tennessee statute establishes a maximum allowable interest rate of 24% per annum; however, the pawnshop operator may charge an additional fee of up to one-fifth of the amount of the loan per month for investigating the title, storing and insuring the security and various other expenses.

*Louisiana Pawnshop Regulations.* Louisiana law provides for the licensing and bonding of pawnbrokers in that state. In addition, the act requires that pawn transactions be reported to local law enforcement agencies, establishes hours during which pawnbrokers may be open for business and requires certain bookkeeping practices. Louisiana state law establishes maximum allowable rates of interest on pawn loans of 10% per month. In addition, Louisiana law provides that the pawnbroker may charge a service charge not to exceed 10% per month for all other services. Under the Louisiana statute, no pawnbroker may sell any pledged collateral until the lapse of three months from the time the loan was made. Various municipalities and parishes in the state of Louisiana have adopted additional ordinances and regulations pertaining to pawnshops.

*Georgia Pawnshop Regulations.* Georgia state law requires pawnbrokers to maintain detailed permanent records concerning pawn transactions and to keep them available for inspection by duly authorized law enforcement authorities. The Georgia statute prohibits pawnbrokers from failing to make entries of material matters in their permanent records; making false entries in their records; falsifying, obliterating, destroying, or removing permanent records from their places of business; refusing to allow duly authorized law enforcement officers to inspect their records; failing to maintain records of each pawn transaction for at least four years; accepting a pledge or purchase from a person under the age of eighteen or who the pawnbroker knows is not the true owner of the property; making any agreement requiring the personal liability of the pledgor or seller or waiving any of the provisions of the Georgia statute; or failing to return or replace pledged goods upon payment of the full amount due (unless pledged goods have been taken into custody by a court or a law enforcement officer). In the event pledged goods are lost or damaged while in the possession of the pawnbroker, the pawnbroker must replace the lost or damaged goods with like kinds of merchandise. Under Georgia law, total interest and service charges may not, during each 30-day period of the loan, exceed 25% of the principal amount advanced in the pawn transaction (except that after ninety days from the original date of the loan, the maximum rate declines to 12.5% for each subsequent 30-day period). The statute provides that municipal authorities may license pawnbrokers, define their powers and privileges by ordinance, impose taxes upon them, revoke their licenses, and exercise such general supervision as will ensure fair dealing between the pawnbroker and his customers.

Although pawnshop regulations vary from state to state to a considerable degree, the regulations summarized above are representative of the regulatory frameworks affecting the Company in the various states in which its operating units are located.

*Cash Advances.* The Company offers a cash advance product referred to as “cash advances” in most of its pawnshops and in all of its cash advance locations. Each state in which the Company offers the product has specific laws dealing with the conduct of this business. Typically, the applicable regulations restrict the amount of finance and service charges that may be assessed and limit the customers’ ability to renew or extend these transactions. In many instances, the regulations also limit the aggregate amount that a provider may advance (and, in some cases, the number of cash advances the provider may make) to any one customer at one time. Providers typically must obtain a separate license from the state licensing authority in order to offer this product. The Company must also comply with the various disclosure requirements under the federal Truth in Lending Act (and Federal Reserve Regulation Z under that Act) in connection with these cash advance transactions.

As previously noted, these cash advances are offered by third-party banks in 366 of the Company’s 678 locations that offered cash advances at December 31, 2004. The federal banking regulators who supervise the banks’ activities closely scrutinize all aspects of each bank’s cash advance programs. Further, certain state regulators have asserted that the Company must have a license under state law in order to perform the administrative services that it performs for the banks. In addition to a number of federal and state regulators, certain consumer advocacy groups and federal and state legislators have asserted that laws and regulations should be tightened so as to severely limit, if not eliminate, the availability of this cash advance product to consumers, despite the significant demand for it. Along with the leadership of the cash advance industry, the Company opposes such overly restrictive regulation and legislation. Nevertheless, the possibility exists that some combination of federal and state regulation and legislation could come to pass, which could restrict, or even eliminate, the availability of this cash advance product at some or all of the Company’s locations.

As an example of restrictive legislation, the Georgia legislature passed a law in 2004 that, among other things, purported to prohibit a company from serving as an agent in connection with a third-party bank’s offering of cash advances to Georgia consumers if the agent “holds, acquires, or maintains a predominant economic interest in the revenues” generated by the cash advances. The Company serves as an agent for Community State Bank (the “Bank”) in connection with the Bank’s Georgia cash advance program. The Company and the Bank modified their contractual arrangement in 2004 to ensure that the Company’s compensation from the Bank is less than a predominant economic interest in the revenues

generated by the Bank's Georgia cash advances. In addition, the Company, the Bank, and several other banks and agents filed suit in U.S. District Court in April 2004 against the Georgia Attorney General and the Georgia Secretary of State seeking an injunction against enforcement of the new law primarily on the basis that it is preempted by federal law. While the District Court initially granted a temporary restraining order in the matter, it later denied the motion for an injunction. The plaintiffs in the case appealed that ruling to the U.S. Court of Appeals for the 11<sup>th</sup> Circuit. If the Court of Appeals issues an adverse ruling, the precedent established by such a ruling could adversely affect legal proceedings that have been or might in the future be commenced against the Company or other companies in the cash advance business. A ruling of that nature could also influence other legislators and regulators to give even stronger consideration to overly restrictive legislation and regulation. Such trends could well have an adverse impact on the Company's cash advance business.

In 2003, the Federal Deposit Insurance Corporation ("FDIC") adopted guidelines for cash advance programs that apply to all financial institutions under the FDIC's supervision that offer these programs. The banks that offer cash advances in the Company's locations are state chartered banks which are supervised by the FDIC. The guidelines describe the FDIC's expectations for prudent risk management practices for cash advance activities, particularly with regard to capital, allowance for loan losses, and loan classifications. The guidelines also address recovery practices, income recognition, and managing risks associated with third-party relationships, as well as compliance with consumer protection laws. The guidelines form the basis for sound and appropriate regulation of cash advance programs conducted by FDIC-supervised financial institutions.

*Other Regulatory Matters, Etc.* With respect to firearm sales, each pawnshop must comply with the Brady Handgun Violence Prevention Act (the "Brady Act"), which took effect on February 28, 1994. The Brady Act imposes a background check requirement in connection with the disposition of firearms by federally licensed firearms dealers. In addition, the Company must continue to comply with the longstanding regulations promulgated by the Department of the Treasury—Bureau of Alcohol, Tobacco and Firearms, which require each pawnshop dealing in guns to maintain a permanent written record of all receipts and dispositions of firearms.

Under the federal Gramm-Leach-Bliley Act that took effect in 2001 and the federal regulations adopted to implement it, the Company is required to disclose to its customers its privacy policy and practices, including those relating to the sharing of customers' nonpublic personal information with third parties. The disclosure must be made to customers at the time that the customer relationship is established and at least annually thereafter. Under these regulations, the Company is also required to ensure that its systems are designed to protect the confidentiality of customers' nonpublic personal information.

Under the USA PATRIOT Act passed by Congress in 2001, the Company is required to maintain an anti-money laundering compliance program covering certain of its business activities. The program must include: (1) the development of internal policies, procedures, and controls; (2) designation of a compliance officer; (3) an ongoing employee training program; and (4) an independent audit function to test the program. The United States Department of the Treasury is expected to issue regulations clarifying the requirements for anti-money laundering compliance programs for the pawnbroking and cash advance industries.

In addition to the federal and state statutes and regulations described above, many of the Company's operating units are subject to municipal ordinances, which may require, for example, local licenses or permits and specified recordkeeping procedures, among other things. Each of the Company's pawnshops voluntarily or pursuant to municipal ordinance provides to the police department having jurisdiction daily information on all transactions involving pawn loans and over-the-counter purchases. These information reports are designed to provide the local police with a detailed description of the goods involved, including serial numbers (if any) and the name and address of the owner obtained from a valid identification card. This information is provided to local law enforcement agencies for processing to determine conflicting claims of rightful ownership. In addition, the Company voluntarily participates with other pawn lenders to

provide similar information to a national database available to law enforcement in multiple jurisdictions. Goods held to secure pawn loans or goods purchased that are determined to belong to an owner other than the borrower or seller are subject to recovery by the rightful owner. However, the Company historically has not experienced a material number of claims of this nature, and the claims experienced have not had a material adverse effect on the Company's results of operations.

Casualty insurance, including burglary coverage, is maintained for each of the Company's locations, and fidelity coverage is maintained on each of the Company's employees.

Management of the Company believes its operations are conducted in material compliance with all federal, state and local laws and ordinances applicable to its business.

The Company's franchising activities may be subject to various state regulations that, among other things, mandate disclosures to prospective franchisees and other requirements.

### **Executive Officers of the Registrant**

The following sets forth, as of February 24, 2005, certain data concerning the executive officers of the Company, all of whom are elected on an annual basis. There is no family relationship between any of the executive officers.

<u>Name</u>	<u>Age</u>	<u>Position</u>
Daniel R. Feehan	54	Chief Executive Officer and President
Thomas A. Bessant, Jr.	46	Executive Vice President – Chief Financial Officer
Robert D. Brockman	50	Executive Vice President – Administration
Jerry D. Finn	58	Executive Vice President – Pawn Operations
Michael D. Gaston	60	Executive Vice President – Business Development
William R. Horne	61	Executive Vice President – Information Technology
James H. Kauffman	60	Executive Vice President – Financial Services
Hugh A. Simpson	45	Executive Vice President – General Counsel and Secretary

*Daniel R. Feehan* has been Chief Executive Officer and President since February 2000. He has served as President and Chief Operating Officer since January 1990. He served as Chairman and Co-Chief Executive Officer of Mr. Payroll Corporation from February 1998 to February 1999 before returning to the position of President and Chief Operating Officer of the Company.

*Thomas A. Bessant, Jr.* joined the Company in May 1993 as Vice President – Finance and Treasurer. He was elected Senior Vice President – Chief Financial Officer in July 1997 and has served as Executive Vice President – Chief Financial Officer since July 1998. Prior to joining the Company, Mr. Bessant was a Senior Manager in the Corporate Finance Consulting Services Group of Arthur Andersen & Co., S.C. in Dallas, Texas from June 1989 to April 1993. Prior to that time, Mr. Bessant was a Vice President in the Corporate Banking Division of NCNB Texas, N.A., and its predecessor banking corporations, beginning in 1981.

*Robert D. Brockman* joined the Company in July 1995 as Executive Vice President – Administration. Prior to that, he served as Vice President – Human Resources of THORN Americas, Inc., the operator of the Rent-A-Center chain of rent-to-own stores, from December 1986 to June 1995.

*Jerry D. Finn* joined the Company in August 1994 and has served in various operations management positions since then, including Division Vice President from January 1995 to July 1997, Division Senior Vice President from July 1997 to April 1998, and Executive Vice President – Pawn Operations since April 1998. Prior to joining the Company, he served as District Supervisor for Kelly-Moore Paint Co. from March 1981 to August 1994.

*Michael D. Gaston* joined the Company in April 1997 as Executive Vice President – Business Development. Prior to joining the Company, Mr. Gaston served as President of The Gaston Corporation, a private consulting firm, from 1984 to April 1997, and Executive Vice President of Barkley & Evergreen, an advertising and consulting agency, from 1991 to April 1997.

*William R. Horne* joined the Company in February 1991 as Vice President – MIS. He was elected Senior Vice President – Information Technology in July 1997 and has served as Executive Vice President – Information Technology since October 1999.

*James H. Kauffman* joined the Company in July 1996 as Executive Vice President – Chief Financial Officer. He served as President – Cash America Pawn from July 1997 to July 1998, and served as Chief Executive Officer of Rent-A-Tire, Inc. from July 1998 until August 2002. He also served as Executive Vice President – International Operations from October 1999 to September 2004. He has served as Executive Vice President – Financial Services since September 2004. Prior to joining the Company, Mr. Kauffman served as President of Keystone Steel & Wire Company, a wire products manufacturer, from July 1991 to June 1996.

*Hugh A. Simpson* joined the Company in December 1990 as Vice President and General Counsel and was elected Vice President – General Counsel and Secretary in April 1991. He was elected Senior Vice President – General Counsel and Secretary in July 1997 and has served as Executive Vice President – General Counsel and Secretary since July 1998.

## **ITEM 2. PROPERTIES**

As of December 31, 2004, the Company owned the real estate and building for seven of its pawnshop locations. Since May 1992, the Company's headquarters have been located in a nine-story building adjacent to downtown Fort Worth, Texas. The Company purchased the building in January 1992. All of the Company's other locations are leased under non-cancelable operating leases with terms ranging from 3 to 15 years.

The following table sets forth, as of December 31, 2004, the number of owned pawn and cash advance locations by state. In addition to the locations listed below, the Company operates six owned Mr. Payroll check cashing locations in Texas.

	<u>Pawnshop Locations</u>	<u>Cash Advance Locations</u>
Alabama.....	9	—
Arizona .....	10	—
California.....	1	32
Colorado .....	5	—
Florida.....	64	—
Georgia .....	17	—
Illinois.....	11	—

Texas .....	169	46
Utah .....	7	—
Washington.....	<u>4</u>	<u>—</u>
Total	<u>441</u>	<u>253</u>

The Company considers its equipment, furniture and fixtures and owned buildings to be in good condition. The Company has its own construction supervisors who engage local contractors to selectively remodel and upgrade its lending facilities throughout the year.

The Company's leases typically require the Company to pay all maintenance costs, insurance costs and property taxes. For additional information concerning the Company's leases, see Item 8. Financial Statements and Supplementary Data, Note 11 of "Notes to Consolidated Financial Statements."

### **ITEM 3. LEGAL PROCEEDINGS**

On August 6, 2004, James E. Strong filed a purported class action lawsuit in the State Court of Cobb County, Georgia against Georgia Cash America, Inc., Cash America International, Inc. (together with Georgia Cash America, Inc., "Cash America"), Daniel R. Feehan, and several unnamed officers, directors, owners and "stakeholders" of Cash America. The lawsuit alleges many different causes of action, among the most significant of which is that Cash America has been making illegal payday loans in Georgia in violation of Georgia's usury law, the Georgia Industrial Loan Act and Georgia's Racketeer Influenced and Corrupt Organizations Act. Community State Bank has for some time made loans to Georgia residents through Cash America's Georgia operating locations. The complaint in this lawsuit claims that Community State Bank is not the true lender with respect to the loans made to Georgia borrowers and that its involvement in the process is "a mere subterfuge." Based on this claim, the suit alleges that Cash America is the "de facto" lender and is illegally operating in Georgia. The complaint seeks unspecified compensatory damages, attorney's fees, punitive damages and the trebling of any compensatory damages. The Company believes that the claims in this suit are without merit and intends to vigorously defend this

lawsuit. Cash America removed the case to federal court and filed a motion to compel the plaintiff to arbitrate his claim, in addition to denying the plaintiff's allegations and asserting various defenses to his claim. The plaintiff has filed a motion to remand the case to Georgia state court. As of December 31, 2004, the parties await court rulings on the various motions. Because this case is at a very early stage, neither the likelihood of an unfavorable outcome nor the ultimate liability, if any, with respect to this litigation can be determined at this time.

The Company is a defendant in certain lawsuits encountered in the ordinary course of its business. Certain of these matters are covered to an extent by insurance. In the opinion of management, the resolution of these matters will not have a material adverse effect on the Company's financial position, results of operations or liquidity.

#### **ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS**

There were no matters submitted to the Company's security holders during the fourth quarter ended December 31, 2004.

## PART II

### ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

#### Market for Registrant's Common Equity

The New York Stock Exchange is the principal exchange on which Cash America International, Inc. common stock is traded under the symbol "CSH". There were 616 stockholders of record (not including individual participants in security listings) as of February 14, 2005. The high, low and closing sales prices of common stock as quoted on the composite tape of the New York Stock Exchange and cash dividend declared per share during 2004 and 2003 were as follows:

	First Quarter	Second Quarter	Third Quarter	Fourth Quarter
<b>2004</b>				
High.....	\$ 24.46	\$ 24.33	\$ 24.98	\$ 30.45
Low .....	18.85	18.60	20.00	23.85
Close.....	23.05	23.00	24.46	29.73
Cash dividend declared per share .....	0.0175	0.0175	0.3175	0.0175
<b>2003</b>				
High.....	\$ 9.99	\$ 13.50	\$ 18.49	\$ 21.50
Low .....	8.08	9.29	13.10	16.32
Close.....	9.48	13.22	16.40	21.18
Cash dividend declared per share .....	0.0125	0.0175	0.0175	0.0175

#### Issuer Purchases of Equity Securities

The following table provides the information with respect to purchases made by the Company of shares of its common stock during each of the months in the fourth quarter of 2004:

Period	Total Number of Shares Purchased	Average Price Paid Per Share	Total Number of Shares Purchased as Part of Publicly Announced Plan	Maximum Number of Shares that May Yet Be Purchased Under the Plan <sup>(1)</sup>
October 1 to October 31 .....	40,426 <sup>(2)</sup>	\$ 24.97	40,000	552,700
November 1 to November 30	36,215 <sup>(3)</sup>	26.56	34,700	518,000
December 1 to December 31.	1,269 <sup>(4)</sup>	28.23	—	518,000
Total.....	<u>77,910</u>	<u>\$ 25.76</u>	<u>74,700</u>	

<sup>(1)</sup> On July 25, 2002, the Company's Board of Directors authorized the Company to purchase up to 1,000,000 shares of its common stock in the open market and terminated the open market purchase authorization established in 2000.

<sup>(2)</sup> Includes 426 shares purchased on behalf of participants relating to the Company's Non-Qualified Savings Plan.

<sup>(3)</sup> Includes 376 shares received as partial payment for shares issued under stock option plans and 1,139 shares purchased on behalf of participants relating to the Company's Non-Qualified Savings Plan.

<sup>(4)</sup> Represents shares purchased on behalf of participants relating to the Company's Non-Qualified Savings Plan.

## ITEM 6. SELECTED FINANCIAL DATA

### Five-Year Summary of Selected Consolidated Financial Data of Continuing Operations

<sup>(a)</sup> In September 2004, the Company sold its foreign pawn lending operations. The amounts for all periods presented have been reclassified to reflect the foreign operations as discontinued operations. In addition, in September 2001, the Company announced plans to exit the rent-to-own business. The amounts for the years 2000 through 2002 also reflect the reclassified rent-to-own business as discontinued operations.

<sup>(b)</sup> See "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Financial Statements and Supplementary Data" for amounts related to details of discontinued operations for years 2002 through 2004 and the gain from disposal of asset for 2003.

<sup>(c)</sup> Includes only cash advance locations.

<sup>(d)</sup> Mr. Payroll locations only.

## ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

### GENERAL

---

The Company is a provider of specialty financial services to individuals in the United States. The Company offers secured non-recourse loans, commonly referred to as pawn loans, to individuals through its pawn lending operations. The pawn loan portfolio generates finance and service charges revenue. A related activity of the pawn lending operations is the disposition of merchandise, primarily collateral from unredeemed pawn loans. As an alternative to a pawn loan, the Company offers unsecured cash advances in selected lending locations and on behalf of third-party banks in other locations. The Company also provides check cashing and related financial services through many of its cash advance locations and through its franchised and company-owned check cashing centers. Prior to September 7, 2004, the Company also provided financial services to individuals in the United Kingdom and Sweden (the "foreign pawn lending operations"). The foreign pawn lending operations were sold to Rutland Partners LLP for approximately \$112.9 million, consisting of cash and notes receivable valued at \$8.0 million. See discussions of Discontinued Operations below and at Note 4 of Notes to Consolidated Financial Statements.

In December 2004, the Company completed the acquisition of the pawn operating assets of Camco, Inc., which operated under the trade name "SuperPawn" in four states in the western United States. SuperPawn is a 41-store chain based in Las Vegas, Nevada. This transaction provided the Company its initial entry into the western United States for pawn lending activities. The aggregate purchase consideration and costs totaled \$118.4 million, which consisted of \$104.8 million in cash, 578,793 shares of the Company's stock valued at \$12.6 million and acquisition costs of \$1.0 million. See Note 3 of Notes to Consolidated Financial Statements.

Effective August 1, 2003, the Company, through its wholly-owned subsidiary, Cashland Financial Services, Inc. ("Cashland"), completed the purchase of substantially all of the assets of Cashland, Inc., a privately-owned consumer finance company based in Dayton, Ohio. The aggregate initial purchase consideration and costs totaled \$50.5 million, which consisted of \$32.0 million in cash, 1.5 million shares of the Company's common stock valued at \$16.8 million and acquisition costs of \$1.7 million. The terms of the purchase included the potential for additional consideration to be paid based on the earnings performance of Cashland during the twelve months ending June 30, 2004. On February 2, 2004, the parties amended the purchase agreement to eliminate that provision and to provide instead for the Company to make a final payment of additional consideration in the amount of \$5.4 million. The payment consisted of \$2.9 million in cash and a subordinated note for \$2.5 million which increased the final total purchase price to \$55.9 million. See Notes 3 and 9 of Notes to Consolidated Financial Statements.

As of December 31, 2004, the Company's pawn lending operations consisted of 452 pawnshops, including 441 owned units and 11 unconsolidated franchised units in 21 states in the United States. For the three years ended December 31, 2004, the Company acquired 51 operating units, established 4 locations, and combined or closed 18 locations for a net increase in owned pawn lending units of 37. In addition, 5 franchise locations were acquired, 1 was opened, and 7 were either terminated and/or converted to Company-owned locations.

At December 31, 2004, the Company's cash advance operations consisted of 253 cash advance locations in 6 states. For the three year period ended December 31, 2004, the Company acquired 153 operating units, established 105 locations, and combined or closed 5 locations for a net increase in cash advance locations of 253.

As of December 31, 2004, Mr. Payroll operated 128 franchised and 6 company-owned check cashing centers in 20 states.

## **DISCONTINUED OPERATIONS**

---

In September 2004, in order to dedicate its strategic efforts and resources on the growth opportunities of its pawn lending and cash advance activities in the United States, the Company sold its foreign pawn lending operations in the United Kingdom and Sweden to Rutland Partners LLP for approximately \$104.9 million cash after paying off the outstanding balance of the multi-currency line of credit, and notes receivable valued at \$8.0 million. The Company realized a gain on the sale of \$19.0 million (\$15.4 million net of related tax). Additionally, in September 2001, the Company announced plans to exit the rent-to-own business in order to focus on its core business of lending activities. In June 2002, the Company sold the remaining assets of its "Rent-A-Tire" rent-to-own business. The results of the foreign pawn lending operations and the rent-to-own business have been reclassified as discontinued operations for all periods presented in accordance with the Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" in the accompanying consolidated financial statements. Income from discontinued operations was \$6.5 million (excluding gain on the sale), \$8.0 million, and \$7.4 million for 2004, 2003 and 2002, respectively. See Note 4 of Notes to Consolidated Financial Statements.

## **CRITICAL ACCOUNTING POLICIES AND ESTIMATES**

---

*Management's Discussion and Analysis of Financial Condition and Results of Operations* is based on the Company's consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. On an on-going basis, management evaluates its estimates and judgments, including those related to revenue recognition, merchandise held for disposition, allowance for losses on cash advances, long-lived and intangible assets, income taxes, contingencies and litigation. Management bases its estimates on historical experience, empirical data and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities. Actual results may differ from these estimates under different assumptions or conditions. The development and selection of the critical accounting policies and the related disclosures below have been reviewed with the Audit Committee of the Board of Directors.

Management believes the following critical accounting policies affect its more significant judgments and estimates used in the preparation of its consolidated financial statements.

*Finance and service charges revenue recognition.* The Company accrues finance and service charges revenue only on those pawn loans that the Company deems collectible based on historical loan redemption statistics. Pawn loans written during each calendar month are aggregated and tracked for performance. Loan transactions may conclude based upon redemption, renewal, or forfeiture of the loan collateral. The gathering of this empirical data allows the Company to analyze the characteristics of its outstanding pawn loan portfolio and estimate the probability of collection of finance and service charges. In the event the future actual performance of the loan portfolio differs significantly (positively or negatively) from expectations, revenue for the next reporting period would be likewise affected.

Due to the short-term nature of pawn loans, the Company is able to quickly identify performance trends. For 2004, \$109.4 million, or 99.0%, of recorded finance and service charges represented cash collected from customers and the remaining \$1.1 million, or 1.0%, represented an increase in the finance and service charges receivable during the year. At the end of the current year and based on the revenue recognition method described above, the Company had accrued \$20.5 million of finance and service charges receivable. Assuming the year-end accrual of finance and service charges revenue was over estimated by 10%, finance and service charges revenue would decrease by \$2.0 million in 2005 and net income would

decrease by \$1.3 million. Some or all of the decrease would potentially be mitigated through the profit on the disposition of the related forfeited loan collateral.

*Merchandise held for disposition.* Merchandise held for disposition consists primarily of forfeited collateral from pawn loans not repaid. The carrying value of the forfeited collateral is stated at the lower of cost (cash amount loaned) or market. Management provides an allowance for shrinkage and valuation based on its evaluation of the merchandise. Because pawn loans are made without the borrower's personal liability, the Company does not investigate the creditworthiness of the borrower, but evaluates the pledged personal property as a basis for its lending decision. The amount the Company is willing to finance is typically based on a percentage of the pledged personal property's estimated disposition value. The sources for the Company's determination of the estimated disposition value are numerous and include the Company's automated product valuation system as well as catalogues, "blue books", newspapers, internet research and previous experience with similar items. The Company performs a physical count of its merchandise in each location on a cyclical basis and reviews the composition of inventory by category and age in order to assess the adequacy of the allowance, which was \$1.4 million, representing 2.2% of the balance of merchandise held for disposition at December 31, 2004. Adverse changes in the disposition value of the Company's merchandise may result in the need to increase the valuation allowance.

*Allowance for losses on cash advances.* The Company maintains an allowance for losses on Company-owned cash advances (including fees and interest) and accrues losses for bank-owned cash advances at a level estimated to be adequate to absorb credit losses in the outstanding combined cash advance portfolio. The Company's cash advance product primarily services a customer base of non-prime borrowers. These advances are typically offered for a term of 7 to 45 days. Cash advances written during each calendar month are aggregated and tracked to develop a performance history. The Company stratifies the outstanding portfolio by age, delinquency and stage of collection when assessing the adequacy of the allowance for losses. Current portfolio performance as well as the performance of cash advances made in the same period twelve months ago and collection history are utilized to develop expected loss rates which are used for the establishment of the allowance. Increased defaults and credit losses may occur during a national or regional economic downturn, or could occur for other reasons, resulting in the need to increase the allowance. Unlike pawn loans, cash advances are unsecured, and the performance of the portfolio depends on the Company's ability to collect on defaulted loans. The Company believes it effectively manages the risks inherent in this product by utilizing a variety of underwriting criteria, maintaining a customer database of performance and by closely monitoring the performance of the portfolio. Any remaining unpaid balance of a cash advance is charged off once it becomes 60 days past due, or sooner if deemed uncollectible. At December 31, 2004, allowance for losses on cash advances was \$4.4 million and accrued losses on bank owned cash advances were \$0.3 million, in aggregate representing 9.1% of the combined cash advance portfolio.

During fiscal year 2004, the cash advance loss provision for the combined cash advance portfolio, which increases the allowance for loan losses, was \$23.5 million and reflects 3.6% of gross combined cash advances written by the Company and third-party banks. Assuming future loss rates increased, or decreased, by 10% (0.36%) for 2004, the cash advance loss provision would increase, or decrease, by \$2.3 million and net income would decrease, or increase, by \$1.5 million, assuming the same volume of cash advances written in 2004.

*Valuation of long-lived and intangible assets.* The Company assesses the impairment of long-lived assets whenever events or changes in circumstances indicate that the carrying value may not be recoverable. Intangible assets having an indefinite useful life are tested for impairment annually, or more frequently if events or changes in circumstances indicate that the assets might be impaired. Factors considered important which could trigger an impairment review include significant underperformance relative to expected historical or projected future cash flows, significant changes in the manner of use of the acquired assets or the strategy for the overall business, and significant negative industry trends. When management determines that the carrying value of long-lived and intangible assets may not be recoverable, impairment is measured based on the excess of the assets' carrying value over the estimated fair value.

*Income Taxes.* As part of the process of preparing the consolidated financial statements, the Company is required to estimate income taxes in each of the jurisdictions in which it operates. This process involves estimating the actual current tax exposure together with assessing temporary differences in recognition of income for tax and accounting purposes. These differences result in deferred tax assets and liabilities, which are included within the Company's consolidated balance sheet. Management must then assess the likelihood that the deferred tax assets will be recovered from future taxable income and, to the extent it believes that recovery is not likely, it must establish a valuation allowance. An expense, or benefit, must be included within the tax provision in the statement of operations for any increase, or decrease, in the valuation allowance for a given period.

Management judgment is required in determining the provision for income taxes, the deferred tax assets and liabilities and any valuation allowance recorded against net deferred tax assets. The Company has recorded a valuation allowance of \$0.2 million as of December 31, 2004, due to uncertainties related to the ability to utilize the deferred tax assets resulting from capital losses. The valuation allowance is based on Company estimates of capital gains expected to be recognized during the period over which the capital losses may be used to offset such gains. In the event that the Company determined that it would not be able to realize all or part of its other net deferred tax assets in the future, an adjustment to the deferred tax assets would be charged to provision for income taxes in the period that such determination was made. Likewise, should the Company determine that it would be able to realize its deferred tax assets in the future in excess of the net recorded amount, an adjustment to the deferred tax assets would reduce the provision for income taxes in the period that such determination was made.

## RESULTS OF CONTINUING OPERATIONS

The following table sets forth the components of consolidated statements of operations as a percentage of total revenue for the periods indicated.

	Year Ended December 31,		
	2004	2003	2002
<b>Revenue</b>			
Finance and service charges.....	23.6%	25.9%	27.0%

(a) Includes cash advances made by the Company and cash advances made by third-party banks offered at the Company's locations.

(b) Amounts recorded in the Company's consolidated financial statements.

(c) Includes only cash advance locations.

(d) Includes franchised and company-owned locations.

## OVERVIEW

**Components of Consolidated Net Revenue.** Consolidated net revenue is total revenue reduced by the cost of merchandise sold in the period. It represents the income available to satisfy expenses and is the measure management uses to evaluate top line performance. The growth in cash advance fees due to higher balances and the addition of new units, including the acquisition of Cashland in August 2003, has increased the comparative contribution from this product to the consolidated net revenue of the Company during 2004 compared to 2003 and 2002. While trending lower as a percent of total net revenue, pawn related net revenue, consisting of aggregate finance and service charges plus profit on the disposition of merchandise, remains the dominant source of net revenue at 65.6%, 78.5% and 88.6% for 2004, 2003 and 2002, respectively. The following graphs show consolidated net revenue and depict the mix of the components of net revenue for the years ended December 31, 2004, 2003 and 2002:

**Contribution to Increase in Net Revenue.** Cash advance fees have increased since 2002 as the result of the growth and development of newly opened units, the inclusion of Cashland since August 1, 2003, and the higher average cash advance balances. As illustrated below, these increases represented 65.1% of the Company's overall increase in net revenue from 2002 to 2003 and 70.2% of the overall increase from 2003 to 2004. The increase in pawn related net revenue in the aggregate, combined finance and service charges and profit from the disposition of merchandise, declined from 31.6% to 23.7% of the increase in net revenue from continuing operations for 2004 compared to 2003. Check cashing royalties and fees accounted for 6.1% and 3.3% of the increase in net revenue in 2004 and 2003, respectively. These trends are depicted in the following graphs:

### Year Ended 2004 Compared to Year Ended 2003

**Consolidated Net Revenue.** Consolidated net revenue is total revenue reduced by the cost of merchandise sold in the period. It represents the income available to satisfy expenses and is the measure management uses to evaluate top line performance. Consolidated net revenue increased \$74.4 million, or 30.8%, to \$315.6 million during 2004 from \$241.2 million during 2003. The following table sets forth 2004 and 2003 net revenue by operating segment (\$ in millions):

	<u>2004</u>	<u>2003</u>	<u>Increase</u>	
Pawn lending operations .....	\$ 239.9	\$216.3	\$ 23.6	10.9%
Cash advance operations .....	72.1	21.3	50.8	238.5
Check cashing operations .....	<u>3.6</u>	<u>3.6</u>	—	—
Consolidated net revenue .....	<u>\$ 315.6</u>	<u>\$241.2</u>	<u>\$ 74.4</u>	<u>30.8%</u>

The increase in consolidated net revenue was partially due to the consolidation of the operating results of Cashland for the entire year for 2004 as compared to only five months for 2003. Excluding the impact of Cashland, net revenue for 2004 was up \$31.0 million, or 14.0%, compared to 2003. Higher revenue from the Company's cash advance product, higher finance and service charges from pawn loans, and higher profit from the disposition of merchandise accounted for the increase in net revenue.

The components of net revenue are finance and service charges from pawn loans, which increased \$9.8 million; profit from the disposition of merchandise, which increased \$7.9 million; cash advance fees generated both from pawn locations and cash advance locations, which increased \$52.2 million; and check cashing royalties and fees, which increased \$4.5 million.

**Finance and Service Charges.** Finance and service charges increased \$9.8 million, or 9.8%, from \$100.7 million in 2003 to \$110.5 million in 2004. An increase in the average balance of pawn loans outstanding contributed \$7.5 million of the increase and the higher annualized yield of the pawn loan portfolio resulted in \$2.3 million of the increase.

The average balances of pawn loans were 7.5% higher in 2004 than in 2003. The increase in the average balance of pawn loans outstanding was driven by a 4.3% increase in the average number of pawn loans outstanding during 2004 coupled with a 3.0% increase in the average amount per loan. Management believes the higher average pawn loan balance outstanding is partially attributable to the current economic environment affecting the Company's customers, which was conducive to an increase in loan demand, and expects this trend of higher demand for pawn loans to continue in 2005. Pawn loan balances at December 31, 2004 were \$28.2 million, or 34.7% higher than at December 31, 2003, principally as a result of the acquisition of SuperPawn in December 2004. Annualized loan yield was 131.1% in 2004, compared to 128.4% in 2003. Favorable changes in the statutory rates and terms of pawn loans in some markets and improved performance of the pawn loan portfolio, including higher redemption rates and a slightly higher concentration of extended or renewed loans in the portfolio, contributed to the higher yield.

**Profit from the Disposition of Merchandise.** Profit from the disposition of merchandise represents the proceeds received from the disposition of merchandise in excess of the cost of disposed merchandise. The following table summarizes the proceeds from the disposition of merchandise and the related profit for 2004 as compared to 2003 (\$ in millions):

	Year Ended December 31,					
	2004			2003		
	Merchan- dise	Refined Gold	Total	Merchan- dise	Refined Gold	Total
Proceeds from disposition .	<u>\$ 208.6</u>	<u>\$ 41.7</u>	<u>\$ 250.3</u>	<u>\$ 202.3</u>	<u>\$ 33.7</u>	<u>\$ 236.0</u>
Profit on disposition .....	<u>\$ 83.4</u>	<u>\$ 13.0</u>	<u>\$ 96.4</u>	<u>\$ 79.0</u>	<u>\$ 9.6</u>	<u>\$ 88.6</u>
Profit margin.....	<u>40.0%</u>	<u>31.2%</u>	<u>38.5%</u>	<u>39.1%</u>	<u>28.5%</u>	<u>37.5%</u>

Total profit from the disposition of merchandise and refined gold increased \$7.8 million, or 8.8%, due to higher profit margins on the disposition of merchandise (from 37.5% in 2003 to 38.5% in 2004) and a 6.1% increase in total proceeds from the disposition of merchandise. Excluding the effect of the disposition of refined gold, the profit margin on the disposition of merchandise increased to 40.0% in 2004 from 39.1% in 2003 due predominately to a heavier mix of jewelry sales. The profit margin on the disposition of refined gold was 31.2% in 2004 compared to 28.5% in 2003 due to the prevailing higher market prices of refined gold in 2004 than in 2003. Proceeds from disposition of merchandise, excluding refined gold, increased \$6.3 million for 2004 due to higher levels of merchandise available for disposition and the acquisition of the SuperPawn stores in December 2004. Proceeds from disposition of refined gold increased \$8.0 million, or 23.7%, due to higher market prices for gold and an increase in the volume of refined gold sold. The consolidated merchandise turnover rate decreased slightly to 3.0 times during 2004 from 3.1 times during 2003.

Management anticipates that profit margin on the disposition of merchandise in the near term is likely to remain at or around current levels. Higher levels of merchandise available for disposition over the long term could result in lower profit margins which is generally offset by higher proceeds. The addition of SuperPawn operating results in 2005 should increase the average profit margin slightly due to a higher amount of jewelry sales which has historically produced higher gross profit margins. However, the increases in jewelry merchandise levels could reduce inventory turnover.

**Cash Advance Fees.** Cash advance fees increased \$52.2 million to \$99.2 million in 2004 as compared to \$47.0 million in 2003, an increase of 111.1%. The increase was primarily due to the growth and development of new cash advance units and the inclusion of Cashland for the full year in 2004, while only

five months of operating results of Cashland were included in 2003. Higher average cash advance balances outstanding during 2004 from new unit growth and from the acquisition of 32 California units during the third quarter also contributed to the increase in cash advance fees. As of December 31, 2004, the product was available in 678 lending locations, which included 425 pawnshops, and 253 cash advance locations. This included 366 units that offer the product on behalf of third-party banks for which the Company performs administrative services. Cash advance fees include revenue from the cash advance portfolio owned by the Company and fees for administrative services performed for the banks. See further discussion in Note 5 of Notes to Consolidated Financial Statements. (Although cash advance transactions may take the form of loans or deferred check deposit transactions, the transactions are referred to throughout this discussion as "cash advances" for convenience.)

The following table sets forth cash advance fees by operating segment for the years ended December 31, 2004 and 2003 (\$ in thousands):

	<u>2004</u>	<u>2003</u>	<u>Increase</u>	
Cash advance operations .....	\$ 66.2	\$ 20.0	\$ 46.2	231.0%
Pawn lending operations .....	<u>33.0</u>	<u>27.0</u>	<u>6.0</u>	<u>22.2</u>
Total .....	<u>\$ 99.2</u>	<u>\$ 47.0</u>	<u>\$ 52.2</u>	<u>111.1%</u>

The amount of cash advances written increased \$347.1 million, or 115.5% to \$647.6 million in 2004 from \$300.5 million in 2003. Included in the amount of cash advances written in 2004 and 2003 were \$238.9 million and \$157.5 million, respectively, extended to customers by the banks. The average amount per cash advance increased to \$336 from \$311 due to changes in permitted loan amounts and adjustments to underwriting. The combined Company and bank portfolio of cash advances generated \$106.6 million in revenue during 2004 compared to \$51.2 million in 2003. The outstanding combined portfolio balance of cash advances increased \$18.0 million, or 53.4%, to \$51.7 million at December 31, 2004 from \$33.7 million at December 31, 2003. Included in these amounts are \$40.8 million and \$31.8 million for 2004 and 2003, respectively, that are included in the Company's consolidated balance sheets. An allowance for losses of \$4.4 million and \$3.4 million has been provided in the consolidated financial statements for December 31, 2004 and 2003, respectively, which is netted against the outstanding cash advance amounts on the Company's consolidated balance sheets.

Management anticipates continued growth in cash advance fees for fiscal 2005 due to increased consumer awareness and demand for the cash advance product, higher outstanding balances at December 31, 2004 compared to December 31, 2003, and the growth of balances from new units opened in 2003, 2004, and planned openings in 2005.

**Check Cashing Royalties and Fees.** Check cashing fees for Mr. Payroll remained constant at \$3.6 million in 2004. Check cashing revenue for Cashland for 2004 and 2003 was \$5.8 million and \$1.4 million, respectively. The increase in fees for Cashland is due to the inclusion of the entire year for 2004 and the growth in the units. Cash America Payday Advance contributed \$0.1 million of the increase during 2004.

**Operations and Administration Expenses.** Consolidated operations and administration expenses, as a percentage of total revenue, was 45.4% in 2004 compared to 45.1% in 2003. These expenses increased \$38.1 million, or 21.7%, in 2004 compared to 2003. Pawn lending and Cash America Payday Advance operating expenses increased \$11.9 million, or 7.4%, primarily as a result of the net increase of 43 owned pawnshop locations and 59 Cash America Payday Advance locations. Slightly higher staffing levels and increased advertising expenditures for the cash advance product also contributed to the expense increase. Cashland accounted for \$26.1 million of the increase as a result of the establishment of 40 cash advance locations net of 5 closures and an additional seven months of expenses included for 2004 as compared to 2003 due to the acquisition on August 1, 2003. Mr. Payroll accounted for the remaining \$0.1 million increase.

As a multi-unit operator in the consumer finance industry, the Company's operations and administration expenses are predominately related to personnel and occupancy expenses. Personnel expenses include base salary and wages, performance incentives, and benefits. Occupancy expenses include rent, property taxes and insurance, utilities, and maintenance. The combination of personnel and occupancy expenses represents 82.0% of total operations and administration expenses in 2004 and 83.8% in 2003. The comparison is as follows (\$ in millions):

	<u>2004</u>	<u>% of Revenue</u>	<u>2003</u>	<u>% of Revenue</u>
Personnel .....	\$ 127.1	27.1%	\$ 105.9	27.2%
Occupancy .....	48.1	10.2	41.1	10.6
Other .....	<u>38.3</u>	<u>8.1</u>	<u>28.3</u>	<u>7.3</u>
Total .....	<u>\$ 213.5</u>	<u>45.4%</u>	<u>\$ 175.3</u>	<u>45.1%</u>

Of the \$21.2 million, or 20.0%, increase in personnel expense from 2003 to 2004, \$14.3 million is attributable to the addition of Cashland for twelve months in 2004 versus five months in 2003. The balance of the increase is due to unit additions during the year, an increase in staffing levels, slightly higher incentive expenses as a result of increased operating results, and normal recurring salary adjustments. Of the \$7.0 million, or 17.0%, increase in occupancy expenses from 2003 to 2004, \$5.1 million is due to the addition of Cashland for twelve months in 2004 versus five months in 2003. The balance of the increase is primarily due to unit additions.

**Cash Advance Loss Provision.** The Company maintains an allowance for losses on cash advances at a level projected to be adequate to absorb credit losses inherent in the outstanding combined cash advance portfolio. The cash advance loss provision is utilized to increase the allowance carried against the outstanding company owned cash advance portfolio and accrued losses on the bank owned portfolios. The cash advance loss provision increased \$12.7 million to \$23.5 million in 2004, compared to \$10.8 million in 2003, principally due to the significant increase in the size of the portfolio and the inclusion of Cashland for the full year in 2004, while only five months of operating results were included in 2003. Cashland provided \$12.7 million and \$3.9 million of the 2004 and 2003 loss provisions, respectively. The loss provision as a percentage of cash advance fees increased to 23.7% in the current year from 22.9% in the prior year. The increase in the loss provision as a percentage of cash advance fees is attributable to an emphasis on broadening the customer base for the payday loan product offered in pawnshops. On average, cash advance locations tend to originate more advances and experience lower loss rates than cash advances originated at pawnshop locations. Management expects that the addition of more cash advance locations will continue this trend.

**Depreciation and Amortization.** Depreciation and amortization expense as a percentage of total revenue was 3.7% in 2004 compared to 3.4% in 2003. Total depreciation and amortization expenses increased \$3.9 million, or 29.3%, primarily due to the increase in operating locations and the amortization of intangibles such as non-competition agreements and customer relationships acquired in the Cashland and other acquisitions.

**Interest Expense.** Interest expense as a percentage of total revenue declined to 1.7% in 2004 from 2.3% in 2003. Interest expense decreased \$0.7 million, or 8.0%, to \$8.1 million in 2004 as compared to \$8.8 million in 2003. The decrease was due to the lower debt balances outstanding as a result of the repayment of the outstanding U.S. line of credit upon the sale of the foreign pawn lending operations. The effective blended borrowing cost was 6.3% in 2004 and 6.1% in 2003 as a result of the increase in short-term borrowing rates. The average amount of debt outstanding decreased during 2004 to \$130.0 million from \$145.4 million during 2003.

**Interest Income.** Interest income increased \$0.3 million from \$0.3 million in 2003 to \$0.6 million in 2004, primarily due to the interest income totaling \$0.5 million recorded on the subordinated notes received in the sale of the Company's foreign pawn lending operations.

**Foreign Currency Transaction Gains.** The Company received two notes receivable denominated in Swedish kronor in the sale of the Company's foreign pawn lending operations. Exchange rate changes between the United States dollar and the Swedish kronor resulted in gains of \$1.1 million in 2004.

**Gain from Disposal of Asset.** During 2003, the Company sold real estate that was being held for investment purposes following the reconstruction of the corporate headquarters. The Company received cash proceeds of \$1.6 million and realized a gain of \$1.0 million.

**Income Taxes.** The Company's effective tax rate for continuing operations for 2004 was 36.5% as compared to 35.8% for 2003. The Company's consolidated effective tax rate for 2003 was affected by a reduction in the deferred tax valuation allowance for capital losses as a result of the recognition of the capital gain from the sale of real estate held for investment. The effective tax rate for 2003 would have been 37.3% excluding the gain and the related tax effect.

**Income from Continuing Operations.** Income from continuing operations was \$35.0 million and \$22.0 million for 2004 and 2003, respectively, up 59.1%. Diluted income from continuing operations per share was \$1.18 for 2004, as compared to \$0.83 for 2003, reflecting a 42.2% increase. Excluding the gain of \$1.0 million from the sale of the asset (\$1.1 million after income tax benefit), diluted income from continuing operations was \$0.78 per share for 2003.

## Year Ended 2003 Compared to Year Ended 2002

**Consolidated Net Revenue.** Consolidated net revenue increased \$42.8 million, or 21.6%, to \$241.2 million during 2003 from \$198.4 million during 2002. The following table sets forth 2003 and 2002 net revenue by operating segment (\$ in millions):

	<u>2003</u>	<u>2002</u>	<u>Increase/ (decrease)</u>	
Pawn lending operations .....	\$ 216.3	\$ 194.9	\$ 21.4	11.0%
Cash advance operations .....	21.3	—	21.3	—
Check cashing operations .....	<u>3.6</u>	<u>3.5</u>	<u>0.1</u>	<u>2.9</u>
Consolidated net revenue .....	<u>\$ 241.2</u>	<u>\$ 198.4</u>	<u>\$ 42.8</u>	<u>21.6%</u>

The increase in consolidated net revenue was partially due to the acquisition of Cashland on August 1, 2003 and the inclusion of their operating results for five months in 2003. Excluding the impact of Cashland, net revenue for 2003 was up \$22.8 million, or 11.5%, compared to 2002. The Company's lending operations contributed the majority of the increase in consolidated net revenue excluding Cashland. Higher revenue from the Company's cash advance product being offered in pawn locations, higher finance and service charges from pawn loans, and higher profit from the disposition of merchandise accounted for the increase in net revenue.

The components of net revenue are finance and service charges from pawn loans, which increased \$6.2 million; profit from the disposition of merchandise, which increased \$7.3 million; cash advance fees, which increased \$27.9 million; and check cashing royalties and fees, which increased \$1.4 million.

**Finance and Service Charges.** Finance and service charges increased \$6.2 million, or 6.6%, from \$94.5 million in 2002 to \$100.7 million in 2003. An increase in the average balance of pawn loans outstanding contributed \$4.3 million of the increase and the higher annualized yield of the pawn loan portfolio resulted in \$1.9 million of the increase.

The average balances of pawn loans were 4.6% higher in 2003 than in 2002. The increase in the average balance of pawn loans outstanding was driven by a 2.8% increase in the average number of pawn loans outstanding during 2003 coupled with a 1.8% increase in the average amount per loan. Management believes the higher average pawn loan balance outstanding is partially attributable to adverse trends in the U.S. economy, which were conducive to an increase in loan demand. As management expected, during the third quarter of 2003, the pawn lending operations experienced a slow down in the rate of growth of pawn loan balances due to the advance child tax credit payments distributed by the Internal Revenue Service to certain customers. Management believes that customers may have used these proceeds to repay loans and/or reduce demand for loans in that quarter. Pawn loan balances at December 31, 2003 were \$2.5 million, or 3.2% higher than at December 31, 2002 mostly due to unit additions during 2003. Annualized loan yield was 128.4% in 2003, compared to 126.0% in 2002. Improved performance of the pawn loan portfolio, including higher redemption rates and a slightly higher concentration of extended or renewed loans in the portfolio, contributed to the higher yield.

**Profit from the Disposition of Merchandise.** Profit from the disposition of merchandise represents the proceeds received from the disposition of merchandise in excess of the cost of disposed merchandise. The following table summarizes the proceeds from the disposition of merchandise and the related profit for 2003 as compared to 2002 (\$ in millions):

	Year Ended December 31,					
	2003			2002		
	Merchan- dise	Refined Gold	Total	Merchan- dise	Refined Gold	Total
Proceeds from disposition .	<u>\$ 202.3</u>	<u>\$ 33.7</u>	<u>\$ 236.0</u>	<u>\$ 206.8</u>	<u>\$ 26.6</u>	<u>\$ 233.4</u>
Profit on disposition .....	<u>\$ 79.0</u>	<u>\$ 9.6</u>	<u>\$ 88.6</u>	<u>\$ 76.6</u>	<u>\$ 4.7</u>	<u>\$ 81.3</u>
Profit margin.....	<u>39.1%</u>	<u>28.5%</u>	<u>37.5%</u>	<u>37.0%</u>	<u>17.7%</u>	<u>34.8%</u>

Profit from the disposition of merchandise and refined gold increased \$7.3 million, or 9.0%, due to higher profit margins on the total disposition of merchandise (from 34.8% in 2002 to 37.5% in 2003). Excluding the effect of the disposition of refined gold, the profit margin on the disposition of merchandise increased to 39.1% in 2003 from 37.0% in 2002 due predominately to lower levels of aged merchandise and the lower average cost of merchandise sold. Proceeds from disposition of merchandise, excluding refined gold, decreased \$4.5 million for 2003 due to lower average balances of merchandise available for disposition. The profit margin on the disposition of refined gold was 28.5% in 2003 compared to 17.7% in 2002 due to the prevailing higher market prices of refined gold in 2003 than in 2002. Proceeds from disposition of refined gold increased \$7.1 million, or 26.7%, due to higher market prices for gold and an increase in the volume of refined gold sold. The consolidated merchandise turnover rate increased to 3.1 times during 2003 from 2.9 times during 2002.

**Cash Advance Fees.** Cash advance fees increased \$27.9 million to \$47.0 million in 2003 as compared to \$19.1 million in 2002, an increase of 146.1%. The increase was primarily due to the addition of the operating results of Cashland beginning August 1, 2003. Excluding the impact of Cashland, cash advance fees for 2003 were \$28.3 million, up \$9.2 million, or 48.2%, due to higher average cash advance balances outstanding during 2003 resulting from higher demand for the cash advance product. The Company introduced cash advances to its broad group of locations in 2000. The product was available in 544 U.S. lending locations, which included 390 pawnshop locations and 154 cash advance locations. This included 304 units that offer the product on behalf of a third-party bank for which the Company performs administrative services. Cash advance fees include revenue from the cash advance portfolio owned by the Company and fees for administrative services performed for the bank. During the first quarter of 2003, the Company terminated its relationship with the national bank that had offered this product in many of its stores and entered into an agreement with a state chartered bank to offer the product in those stores.

The following table sets forth cash advance fees by operating segment for the years ended December 31, 2003 and 2002 (\$ in thousands):

	<u>2003</u>	<u>2002</u>	<u>Increase</u>	
Cash advance operations .....	\$ 20.0	\$ —	\$ 20.0	—%
Pawn lending operations .....	<u>27.0</u>	<u>19.1</u>	<u>7.9</u>	<u>41.1</u>
Total .....	<u>\$ 47.0</u>	<u>\$ 19.1</u>	<u>\$ 27.9</u>	<u>146.1%</u>

Excluding the cash advance activities of Cashland, the amount of cash advances written increased \$58.1 million, or 47.0%, to \$181.8 million in 2003 from \$123.7 million in 2002. Included in the amount of cash advances written in 2003 and 2002 were \$157.5 million and \$106.1 million, respectively, extended to customers by the bank. The average amount per cash advance increased to \$297 from \$284. The combined Company and bank portfolio of cash advances generated \$32.5 million in revenue during 2003 compared to \$21.7 million in 2002. The outstanding combined portfolio balance of cash advances increased \$2.9 million to \$15.0 million at December 31, 2003 from \$12.1 million at December 31, 2002. Included in these amounts are \$13.2 million and \$4.0 million for 2003 and 2002, respectively, that are included in the Company's consolidated balance sheets. An allowance for losses of \$1.5 million and \$1.7 million has been provided in the consolidated financial statements for December 31, 2003 and 2002, respectively, which offsets the outstanding cash advance amounts from these activities.

The amount of cash advances written by Cashland for the period from August 1, 2003 through December 31, 2003 was \$118.7 million. The average amount per cash advance was \$336. Cashland generated cash advance fees of \$18.7 million during the five-month period. At December 31, 2003, the Company's consolidated balance sheet included an outstanding portfolio of \$16.7 million, net of an allowance for losses of \$1.9 million, related to activities of Cashland.

**Check Cashing Royalties and Fees.** Check cashing fees for Mr. Payroll increased \$0.1 million in 2003. Check cashing revenue for Cashland for the period from August 1, 2003 through December 31, 2003 was \$1.4 million.

**Operations and Administration Expenses.** Consolidated operations and administration expenses, as a percentage of total revenue, were 45.1% in 2003 compared to 43.2% in 2002. These expenses increased \$23.9 million, or 15.8%, in 2003 compared to 2002. Pawn lending expenses increased \$12.0 million, or 8.0%, as a result of higher expenses related to the cash advance product, including advertising and the establishment of 17 new locations and increased incentive expenses associated with the improvement in operating results. Slightly higher staffing levels also contributed to the increase in pawn lending operating expenses. The addition of Cashland beginning August 1, 2003 contributed \$11.7 million of the increase. Mr. Payroll's expenses increased \$0.2 million.

As a multi-unit operator in the consumer finance industry, the Company's operations and administration expenses are predominately related to personnel and occupancy expenses. Personnel expenses include base salary and wages, performance incentives, and benefits. Occupancy expenses include rent, property taxes and insurance, utilities, and maintenance. The combination of personnel and occupancy expenses represents 83.8% of total operations and administration expenses in 2003 and 85.6% in 2002. The comparison is as follows (\$ in millions):

	<u>2003</u>	<u>% of Revenue</u>	<u>2002</u>	<u>% of Revenue</u>
Personnel .....	\$ 105.9	27.2%	\$ 91.8	26.2%
Occupancy .....	41.1	10.6	37.7	10.7
Other .....	<u>28.3</u>	<u>7.3</u>	<u>21.9</u>	<u>6.3</u>
Total .....	<u>\$ 175.3</u>	<u>45.1%</u>	<u>\$ 151.4</u>	<u>43.2%</u>

Of the \$14.1 million, or 15.4%, increase in personnel expense, \$6.2 million is attributable to the addition of Cashland in August 2003. The balance of the increase is due to unit additions during the year, higher incentive expenses as a result of the improved operating results, an increase in staffing levels, and normal recurring salary adjustments. Of the \$3.4 million, or 9.0%, increase in occupancy expenses, \$2.4 million is due to the addition of Cashland. The balance of the increase is primarily due to unit additions.

**Cash Advance Loss Provision.** The cash advance loss provision increased \$4.1 million to \$10.8 million in 2003, compared to \$6.7 million in 2002, principally due to the acquisition of Cashland at August 1, 2003 and the significant increase in the size of the portfolio. Cashland provided \$3.9 million of the 2003 loss provision. The loss provision as a percentage of cash advance fees decreased to 22.9% in the current year from 35.0% in the prior year. The decrease in the loss provision as a percentage of cash advance fees is due to lower loss rates experienced by the Company in the current year compared to the prior year. The Company continued to improve its collection performance in 2003. Also, the addition of Cashland for a partial year reduced the percentage of loss provision to cash advance fees due to their lower loss experience. The loss provision as a percentage of cash advance fees would have been 24.1% for the current year without Cashland. See Note 5 of Notes to Consolidated Financial Statements.

**Depreciation and Amortization.** Depreciation and amortization expense as a percentage of total revenue was 3.4% in 2003 compared to 3.6% in 2002. Total depreciation and amortization expenses increased \$0.8 million, or 6.3%, primarily due to the addition of Cashland beginning in August 2003.

**Interest Expense.** Interest expense as a percentage of total revenue declined to 2.3% in 2003 from 2.6% in 2002. Interest expense decreased \$0.2 million, or 2.2%, to \$8.8 million in 2003 as compared to \$9.0 million in 2002. Lower interest rates on floating rate debt and lower debt balances outstanding prior to the acquisition of Cashland on August 1, 2003 contributed to the decrease. The Company obtained cash of \$32.0 million for the acquisition of Cashland through the expansion of its U.S. line of credit from \$90.0 million to \$135.0 million. The effective blended borrowing cost was 6.1% in 2003 and 5.9% in 2002. The increase in blended borrowing cost was partially due to the Company's issuance of \$42.5 million of long-term fixed rate notes in July 2002 that replaced lower cost floating rate debt.

**Interest Income.** Interest income decreased \$0.2 million, from \$0.5 million in 2002 to \$0.3 million in 2003. The decrease is primarily due to the elimination of interest income from notes receivable repaid during 2003.

**Loss from Derivative Valuation Fluctuations.** There were no adjustments to the fair value of interest rate cap agreements during 2003, as compared to a loss of \$0.2 million in 2002. See Note 14 of Notes to Consolidated Financial Statements.

**Gain from Disposal of Asset.** During 2003, the Company sold real estate that was being held for investment purposes following the reconstruction of the corporate headquarters. The Company received cash proceeds of \$1.6 million and realized a gain of \$1.0 million.

**Income Taxes.** The Company's effective tax rate for 2003 was 35.8% as compared to 38.3% for 2002. The Company's consolidated effective tax rate for 2003 was affected by a reduction in the deferred tax valuation allowance for capital losses as a result of the recognition of the capital gain from the sale of real estate held for investment. The effective tax rate for 2003 would have been 37.3% excluding the gain and the related tax effect.

**Income from Continuing Operations.** Income from continuing operations was \$22.0 million and \$11.9 million for 2003 and 2002, respectively. Diluted income from continuing operations per share was \$0.83 for 2003, as compared to \$0.48 for 2002. Excluding the gain of \$1.0 million from the sale of asset (\$1.1 million after income tax benefit), diluted income from continuing operations was \$0.78 per share for 2003.

## LIQUIDITY AND CAPITAL RESOURCES

The Company's cash flows and other key indicators of liquidity are summarized as follows (\$ in millions):

	Year Ended December 31,		
	2004	2003	2002
Operating activities cash flows.....	\$ 80.7	\$ 69.8	\$ 39.4
Investing activities cash flows:			
Pawn loans.....	(10.3)	(5.1)	0.1
Cash advances .....	(28.4)	(23.6)	(7.2)
Acquisitions.....	(122.4)	(45.5)	(1.0)
Proceeds from sale of subsidiaries/non-operating asset .	104.9	1.6	—
Property and equipment additions.....	(28.5)	(16.0)	(9.1)
Financing activities cash flows.....	7.2	28.5	(25.4)
Working capital, excluding discontinued operations.....	\$ 209.5	\$ 156.1	\$ 118.6
Current ratio .....	4.6x	4.3x	4.0x
Debt/EBITDA <sup>1</sup> .....	2.1x	2.7x	3.4x
Merchandise turnover.....	3.0x	3.1x	2.9x

<sup>1</sup> Debt/EBITDA is a "non-GAAP" measure of liquidity. For the purpose of this analysis, EBITDA is calculated as follows:

Income from operations + depreciation and amortization

Management views this ratio as an important measure of liquidity. This term is commonly recognized by the capital markets for this purpose and, therefore, is deemed to be a relevant measure for disclosure.

Management is not aware of a comparable GAAP financial measure that would provide comparable information to investors.

**Cash flows from operating activities.** Net cash provided by operating activities of continuing operations was \$80.7 million for 2004. Net cash generated from the Company's pawn lending operations, cash advance operations and check cashing operations were \$57.9 million, \$22.1 million and \$0.7 million, respectively. The improvement in cash flows from operating activities in 2004 as compared to 2003 was due to the improvement in results of pawn lending operations, the growth and development of cash advance locations opened in recent periods as well as the addition of Cashland for twelve months in 2004 versus five months in 2003.

Historically, the Company's finance and service charge revenue is highest in the first and fourth fiscal quarters (October through March) due to higher average loan balances. Proceeds from the disposition of merchandise are also generally highest in the Company's fourth and first fiscal quarters (October through March) due to the holiday season and the impact of tax refunds. The net effect of these factors is that net revenues and net income typically are highest in the fourth and first fiscal quarters and likewise the Company's cash flow is generally greatest in these two fiscal quarters.

**Cash flows from investing activities.** Higher lending activities led to increases in the Company's investment in pawn loans and cash advances during 2004 that used cash of \$10.3 million and \$28.4 million, respectively. In addition, the Company acquired the assets of 42 pawnshops (including 41 SuperPawn locations in four western states) for a total of \$104.8 million of cash and Company stock valued at \$12.6 million. Of the total cash consideration, \$1.5 million is payable in early 2005 and is included in "Accounts payable and accrued expenses" in the accompanying Consolidated Balance Sheet as of December 31, 2004. The Company also acquired 32 cash advance locations in southern California operating under the trade names of Urgent Money and GoldX for \$14.6 million of cash. During the first quarter of 2004, the Company amended the Cashland asset purchase agreement and made a final payment of additional

consideration in the amount of \$5.4 million, consisting of \$2.9 million in cash and a subordinated note for \$2.5 million. The Company also invested \$28.5 million in property and equipment in 2004 for the establishment of 3 new pawnshop locations, 72 cash advance locations (27 Cash America Payday Advance and 45 Cashland), the remodeling of selected operating units and ongoing enhancements to the information technology infrastructure, and other property additions.

In September 2004, the Company sold its foreign pawn lending operations in the United Kingdom and Sweden to Rutland Partners LLP and received net cash proceeds of \$104.9 million after paying off the outstanding balance of the multi-currency line of credit.

Management anticipates that capital expenditures for 2005 will be approximately \$30 to \$40 million primarily for the establishment of approximately 75 to 85 combined total of new cash advance-only locations and pawnshops, for the remodeling of selected operating units, and for enhancements to communications and information systems. The additional capital required to pursue acquisition opportunities is not included in the estimate of capital expenditures because of the uncertainties surrounding any potential transaction of this nature at this time.

**Cash flows from financing activities.** During 2004, the Company had net borrowings of \$24.4 million on bank lines of credit, of which \$17.5 million was used to pay the additional cash portion of the acquisitions made during the year in excess of cash proceeds received upon the sale of the foreign lending operations. The Company made repayments of \$8.3 million on senior unsecured notes. Additional uses of cash included \$10.6 million (including a special dividend of \$8.6 million declared upon the sale of the foreign pawn lending operations) for dividends paid and \$4.3 million for the purchase of treasury shares (including \$0.3 million purchases on behalf of participants relating to the Non-Qualified Savings Plan). On July 24, 2002, the Company's Board of Directors authorized management to purchase up to one million shares of its common stock in the open market and terminated the open market purchase authorization established in 2000. During 2004, the Company purchased 173,200 shares for an aggregate amount of \$4.0 million under this authorization. Additional purchases may be made from time to time in the open market, and it is expected that funding will come from operating cash flow. During 2004, options for 707,199 shares were exercised by its current and former directors, officers and employees and generated proceeds of \$6.1 million of equity from the exercise of stock options.

Under the terms of its U.S. line of credit agreement, as of March 31, 2004, the Company's line of credit was reduced to \$130.0 million from \$135.0 million. At December 31, 2004, there was \$92.5 million outstanding on this line of credit. See Note 9 of Notes to Consolidated Financial Statements.

In February 2005, the Company amended and restated the existing line of credit agreement to increase the credit limit to \$250.0 million and extend the maturity to February 2010. Interest on the amended line of credit is charged, at the Company's option, at either LIBOR plus a margin or at the agent's base rate. The margin on the line of credit varies from 0.875% to 1.875%, depending on the Company's cash flow leverage ratios as defined in the amended agreement. The Company pays a fee on the unused portion ranging from 0.25% to 0.30% based on the Company's cash flow leverage ratios as defined in the amended agreement.

The credit agreement and the senior unsecured notes require the Company to maintain certain financial ratios. The Company is in compliance with all covenants and other requirements set forth in its debt agreements. A significant decline in demand for the Company's products and services may cause the Company to reduce its planned level of capital expenditures and lower its working capital needs in order to maintain compliance with the financial ratios in those agreements. A violation of the credit agreements could result in an acceleration of the Company's debt and increase the Company's borrowing costs and could even adversely affect the Company's ability to renew existing credit facilities, or obtain access to new credit facilities in the future. The Company does not anticipate a significant decline in demand for its services and has historically been successful in maintaining compliance with and renewing its debt agreements.

The following table summarizes the Company's contractual obligations of its continuing operations at December 31, 2004, and the effect such obligations are expected to have on its liquidity and cash flow in future periods, before giving effect to the February 2005 amendment to the Company's line of credit (in millions):

	<u>2005</u>	<u>2006</u>	<u>2007</u>	<u>2008</u>	<u>2009</u>	<u>Thereafter</u>	<u>Total</u>
Line of Credit.....	\$ —	\$ 92.5	\$ —	\$ —	\$ —	\$ —	\$ 92.5
Other long-term debt...	16.8	17.1	17.1	13.0	8.7	1.4	74.1
Non-cancelable leases.	<u>29.5</u>	<u>24.4</u>	<u>19.0</u>	<u>13.9</u>	<u>9.3</u>	<u>11.8</u>	<u>107.9</u>
Total .....	<u>\$ 46.3</u>	<u>\$134.0</u>	<u>\$ 36.1</u>	<u>\$ 26.9</u>	<u>\$ 18.0</u>	<u>\$ 13.2</u>	<u>\$274.5</u>

Management believes that borrowings available under the credit facilities, cash generated from operations and current working capital of \$209.5 million should be sufficient to meet the Company's anticipated future capital requirements.

## **RECENT ACCOUNTING PRONOUNCEMENTS**

See discussion in Note 2 of Notes to the Consolidated Financial Statements.

## **CAUTIONARY STATEMENT REGARDING RISKS AND UNCERTAINTIES THAT MAY AFFECT FUTURE RESULTS**

This Annual Report on Form 10-K, including Management's Discussion and Analysis of Financial Condition and Results of Operations, contains statements that are forward-looking, as that term is defined by the Private Securities Litigation Reform Act of 1995 or by the Securities and Exchange Commission in its rules. The Company intends that all forward-looking statements be subject to the safe harbors created by these laws and rules. When used in this Annual Report on Form 10-K, the words "believes", "estimates", "plans", "expects", "anticipates", and similar expressions as they relate to the Company or its management are intended to identify forward-looking statements. All forward-looking statements are based on current expectations regarding important risk factors. These risks and uncertainties are beyond the ability of the Company to control, and, in many cases, the Company cannot predict all of the risks and uncertainties that could cause its actual results to differ materially from those expressed in the forward-looking statements. Accordingly, actual results may differ materially from those expressed in the forward-looking statements, and such statements should not be regarded as a representation by the Company or any other person that the results expressed in the statements will be achieved.

### **Risk Factors**

Important risk factors that could cause results or events to differ from current expectations are described below. These factors are not intended to be an all-encompassing list of risks and uncertainties that may affect the operations, performance, development and results of the Company's business.

- **Changes in customer demand for the Company's products and specialty financial services could adversely affect results.** Although the Company's products and services are a staple of its customer base, a significant change in the needs or wants of customers and the Company's failure to adapt to those needs or wants could result in a significant decrease in the revenues of the Company.
- **The actions of third-parties who offer products, services or support at the Company's locations could adversely affect results.** The Company makes products and services available to its customers through various third parties. A failure of a third-party provider to provide its product or service or to maintain the quality and consistency of its product or service could result in a loss of customers and a related loss in revenue from those products or services. The Company also utilizes third parties to support and maintain certain of its computerized point-of-sale and information systems. The failure of

such a third party to fulfill its support and maintenance obligations could cause a disruption in the Company's unit operations.

- **Circumstances could adversely affect the ability of the Company to open and acquire new operating units in accordance with its plans.** The Company's expansion program is subject to numerous factors which cannot be predicted or controlled, such as the availability of attractive acquisition candidates and the Company's ability to attract, train and retain qualified unit management personnel. Another such factor is the availability of sites with acceptable restrictions and suitable terms and general economic conditions.
- **Changes in competition from various sources such as banks, savings and loans, short-term consumer lenders, and other similar financial services entities, as well as retail businesses that offer products and services offered by the Company, could put additional pressure on the Company.** The Company encounters significant competition in connection with its lending and merchandise disposition operations from other pawnshops, cash advance companies and other forms of financial institutions such as consumer finance companies. Significant increases in these competitive influences could adversely affect the Company's operations through a decrease in the number of cash advances and pawn loans originated, resulting in lower levels of earning assets in these categories.
- **Changes in economic conditions could reduce earnings.** While the credit risk for most of the Company's consumer lending is mitigated by the collateralized nature of pawn lending, a sustained deterioration in the economic environment could adversely affect the Company's operations through a deterioration in performance of its pawn loan or cash advance portfolios, or by reducing consumer demand for the purchase of pre-owned merchandise.
- **Adverse real estate market fluctuations could affect the Company's profits.** A significant rise in real estate prices could result in an increase in the cost of store leases as the Company opens new locations and renews leases for existing locations.
- **Interest rates could rise and affect earnings.** Although the softness in the U.S. economy over the past several years has resulted in relatively low interest rates offered by lending institutions, the Federal Reserve Bank has embarked on a program to gradually increase the federal funds rates. If current trends continue in interest rates, this could increase the cost of borrowing to the Company.
- **Changes in the capital markets or the Company's financial condition could reduce available capital.** The Company regularly accesses the debt capital markets to refinance existing debt obligations and to obtain capital to finance growth. Efficient access to these markets is critical to the Company's ongoing financial success; however, the Company's future access to the debt capital markets could become restricted should the Company experience deterioration of its cash flows, balance sheet quality, or overall business or industry prospects.
- **Changes in tax and other laws and governmental rules and regulations applicable to the specialty financial services industry can have adverse effects.** The Company's lending activities are subject to extensive regulation and supervision under various federal, state and local laws, ordinances and regulations. The Company faces the risk that new laws and regulations could be enacted that could have a negative impact on the Company's U.S. lending activities.
- **Other factors are discussed under Quantitative and Qualitative Disclosures about Market Risk.**
- **Other risks that are indicated in the Company's filings with the Securities and Exchange Commission may apply as well.**

## ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risks relating to the Company's operations result primarily from changes in interest rates and gold prices. The Company does not engage in speculative or leveraged transactions, nor does it hold or issue financial instruments for trading purposes.

**Interest Rate Risk.** Management's objective is to minimize the cost of borrowing through an appropriate mix of fixed and floating rate debt. Derivative financial instruments, such as interest rate cap agreements, may be used for the purpose of managing fluctuating interest rate exposures that exist from ongoing business operations. After considering the effectiveness, if any, of the interest rate cap agreements, the Company had net variable rate borrowings outstanding of \$92.5 million and \$68.1 million at December 31, 2004 and 2003, respectively. If prevailing interest rates were to increase 100 basis points over the rates at December 31, 2004 and 2003, respectively, and the variable rate borrowings outstanding remained constant, the Company's interest expense would increase by \$0.9 million and \$0.8 million, and net income after taxes would decrease by \$0.6 million and \$0.5 million in 2004 and 2003, respectively. If prevailing interest rates were to decrease 100 basis points from the rates at December 31, 2004 and 2003, respectively, the combined fair values of the Company's outstanding fixed rate debt (\$76.6 million and \$84.5 million, respectively) would increase by \$1.8 million and \$2.4 million as of December 31, 2004 and 2003, respectively.

**Gold Price Risk.** The Company periodically uses forward sale contracts with a major gold bullion bank to sell a portion of the expected amount of refined gold produced in the normal course of business from its liquidation of forfeited gold merchandise. A significant decrease in the price of gold would result in a reduction of proceeds from the disposition of refined gold to the extent that amounts sold were in excess of the amount of contracted forward sales. In addition, a significant and sustained decline in the price of gold would negatively impact the value of some of the goods pledged as collateral by customers and identified for liquidation as refined gold. In this instance, management believes some customers would be willing to add additional items of value to their pledge in order to obtain the desired loan amount. However, those customers unable or unwilling to provide additional collateral would receive lower loan amounts, possibly resulting in a lower balance of pawn loans outstanding for the Company.

**Foreign Exchange Risk.** The notes receivable received in the sale of the Company's foreign operations are subject to the risk of unexpected change in the Swedish kronor exchange rates. As a result of fluctuations in the Swedish kronor, the Company recorded foreign currency transaction gains of \$1.1 million in 2004. A hypothetical 10% decline in the exchange rate of the Swedish kronor at December 31, 2004 would have decreased net income by \$0.5 million.

## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

---

To the Board of Directors and Stockholders of  
Cash America International, Inc.

We have completed an integrated audit of Cash America International, Inc.'s 2004 consolidated financial statements and of its internal control over financial reporting as of December 31, 2004 and audits of its 2003 and 2002 consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Our opinions, based on our audits, are presented below.

### Consolidated financial statements

In our opinion, the accompanying consolidated balance sheets and related consolidated statements of operations, stockholders' equity, comprehensive income and cash flows present fairly, in all material respects, the financial position of Cash America International, Inc. and its subsidiaries (the "Company") at December 31, 2004 and 2003, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2004 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

### Internal control over financial reporting

Also, in our opinion, management's assessment, included in the accompanying Report of Management on Internal Control Over Financial Reporting, that the Company maintained effective internal control over financial reporting as of December 31, 2004 based on criteria established in Internal Control — Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO), is fairly stated, in all material respects, based on those criteria. Furthermore, in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2004, based on criteria established in Internal Control — Integrated Framework issued by the COSO. The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting. Our responsibility is to express opinions on management's assessment and on the effectiveness of the Company's internal control over financial reporting based on our audit. We conducted our audit of internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. An audit of internal control over financial reporting includes obtaining an understanding of internal control over financial reporting, evaluating management's assessment, testing and evaluating the design and operating effectiveness of internal control, and performing such other procedures as we consider necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinions.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation

of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

As described in the Report of Management on Internal Control Over Financial Reporting, management has excluded the pawn operating assets acquired from Camco, Inc. which operated under the trade name of SuperPawn ("SuperPawn") from its assessment of internal control over financial reporting as of December 31, 2004, because they were acquired by the Company in a purchase business combination during 2004. We have also excluded SuperPawn from our audit of internal control over financial reporting. SuperPawn is included in a consolidated subsidiary and SuperPawn's total revenues and total assets represented 1.2% and 21.2%, respectively, of the related consolidated financial statement amounts as of and for the year ended December 31, 2004.

## REPORT OF MANAGEMENT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Management is responsible for establishing and maintaining adequate internal control over financial reporting and for the assessment of the effectiveness of the Company's internal control over financial reporting. The Company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. The Company's internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of assets of the Company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Management assessed the effectiveness of the Company's internal control over financial reporting as of December 31, 2004. In making its assessment of the effectiveness of the Company's internal control over financial reporting, management of the Company has utilized the criteria established in Internal Control – Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Based on management's assessment, we concluded that, as of December 31, 2004, the Company's internal control over financial reporting is effective based on those criteria. Our assessment of the effectiveness of our internal control over financial reporting as of December 31, 2004 has excluded the pawn operating assets acquired from Camco, Inc., which operated under the trade name of SuperPawn ("SuperPawn"), because they were acquired by the Company in a purchase business combination during 2004. SuperPawn is included in a consolidated subsidiary and SuperPawn's total revenues and total assets represented 1.2% and 21.2%, respectively, of the related consolidated financial statement amounts as of and for the year ended December 31, 2004.

Our assessment of the effectiveness of the Company's internal control over financial reporting as of December 31, 2004 has been audited by PricewaterhouseCoopers LLP, an independent registered public accounting firm, as stated in their report which appears in this Form 10-K.

**CASH AMERICA INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

---

**1. Nature of the Company**

Cash America International, Inc. (the "Company") is a provider of specialty financial services to U.S. consumers. The Company offers secured non-recourse loans, commonly referred to as pawn loans, to individuals through its pawn lending operations. The pawn loan portfolio generates finance and service charges revenue. A related activity of the lending operations is the disposition of merchandise, primarily collateral from unredeemed pawn loans. As an alternative to a pawn loan, the Company offers unsecured cash advances in selected locations and on behalf of third-party banks in other locations. The Company also provides check cashing and other money services through many of its cash advance locations and through its franchised and company owned check cashing centers. Prior to September 7, 2004, the Company also provided financial services to individuals in the United Kingdom and Sweden (the "foreign pawn lending operations"). The foreign pawn lending operations were sold to an investor in the United Kingdom. See Note 4.

As of December 31, 2004, the Company's pawn lending operations consisted of 452 pawnshops, including 441 owned units and 11 franchised units in 21 states.

As of December 31, 2004, the Company's cash advance operations consisted of 253 locations, including 175 locations through Cashland Financial Services, Inc. ("Cashland"), a wholly-owned subsidiary, 32 southern California locations that have historically operated under the trade names "Urgent Money" and "GoldX", and 46 Cash America Payday Advance locations (collectively referred to as "cash advance locations").

As of December 31, 2004, the check cashing operations of Mr. Payroll Corporation ("Mr. Payroll"), a wholly-owned subsidiary, consisted of 128 franchised and 6 company-owned check cashing centers in 20 states.

**2. Summary of Significant Accounting Policies**

**Basis of Presentation** • The consolidated financial statements include the accounts of the Company's majority-owned subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation.

In September 2004, the Company sold its foreign pawn lending operations in the United Kingdom and Sweden. The results of the foreign pawn lending operations have been reclassified as discontinued operations for all periods presented in accordance with Statement of Financial Accounting Standards ("SFAS") No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets". See Note 4. Additionally, in September 2001, the Company announced plans to exit the rent-to-own business in order to focus on its core lending business. In June 2002, the Company sold the remaining assets of its rent-to-own business. The results of the rent-to-own business have been reclassified as discontinued operations in accordance with Accounting Standards Board ("APB") Opinion 30, "Reporting of Results of Operations—Discontinued Events and Extraordinary Items".

**Use of Estimates** • The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. On an ongoing basis, management evaluates its estimates and judgments, including those related to revenue

**CASH AMERICA INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

---

recognition, merchandise held for disposition, allowance for losses on cash advances, long-lived and intangible assets, income taxes, contingencies and litigation. Management bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities. Actual results may differ from these estimates under different assumptions or conditions.

*Foreign Currency Translations* ◦ Notes receivable and related interest receivable resulting from the sale of the Company's foreign pawn lending operations are denominated in the Swedish kronor. The balances are translated into U.S. dollars at the exchange rates in effect at the balance sheet date. Interest income on the notes is translated at the monthly average exchange rates. All realized and unrealized transaction gains and losses are included in determining net income for the reporting period.

For the periods prior to the sale of its foreign pawn lending operations, the functional currencies for the foreign subsidiaries are the local currencies. The assets and liabilities of those subsidiaries are translated into U.S. dollars at the exchange rates in effect at each balance sheet date, and the resulting adjustments are accumulated in other comprehensive income (loss) as a separate component of stockholders' equity. Revenue and expenses are translated at the monthly average exchange rates occurring during each year.

*Cash and Cash Equivalents* ◦ The Company considers cash on hand in operating locations, deposits in banks and short-term marketable securities with original maturities of 90 days or less as cash and cash equivalents.

*Revenue Recognition* ◦ Pawn loans are made on the pledge of tangible personal property. The Company accrues finance and service charges revenue only on those pawn loans that the Company deems collectible based on historical loan redemption statistics. Pawn loans written during each calendar month are aggregated and tracked for performance. The gathering of this empirical data allows the Company to analyze the characteristics of its outstanding pawn loan portfolio and estimate the probability of collection of finance and service charges. For loans not repaid, the carrying value of the forfeited collateral ("merchandise held for disposition") is stated at the lower of cost (cash amount loaned) or market. Revenue is recognized at the time that merchandise is sold. Interim customer payments for layaway sales are recorded as customer deposits and subsequently recognized as revenue during the period in which the final payment is received.

Cash advances provide customers with cash in exchange for a promissory note or other repayment agreement supported by that customer's personal check for the aggregate amount of the cash advanced plus a service fee. To repay the cash advance, customers may redeem their check by paying cash or they may allow the check to be presented for collection. The Company accrues fees and interest on cash advances on a constant yield basis ratably over their terms. For those locations that offer cash advances from third-party banks, the Company receives an administrative fee for services provided on the banks' behalf. These fees are recorded in revenue when earned.

The Company records fees derived from its owned check cashing locations and cash advance locations in the period in which the service is provided. Royalties derived from franchise locations are recorded on the accrual basis.

*Allowance for Losses on Cash Advances* • In order to manage its portfolio of cash advances effectively, the Company utilizes a variety of underwriting criteria, monitors the performance of the portfolio, and maintains an allowance for losses.

**CASH AMERICA INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

---

The Company maintains an allowance for losses on cash advances (including fees and interest) at a level estimated to be adequate to absorb credit losses inherent in the outstanding combined Company and bank portfolio. The allowance for losses on Company-owned cash advances offsets the outstanding cash advance amounts in the consolidated balance sheets. Active bank-originated cash advances that the Company doesn't have a participation interest in are not included in the consolidated balance sheet. Since losses on cash advances assigned to the Company by the banks are the Company's responsibility, an accrual for losses on bank-owned cash advances is maintained and included in "Accounts payable and accrued expenses" in the accompanying consolidated balance sheet. See Note 5.

Cash advances written by the Company during each calendar month are aggregated and tracked to develop a performance history. The Company stratifies the outstanding combined portfolio by age, delinquency, and stage of collection when assessing the adequacy of the allowance for losses. Historical collection performance adjusted for recent portfolio performance trends is utilized to develop expected loss rates, which are used for the establishment of the allowance. Increases in the allowance are created by recording a cash advance loss provision in the consolidated statements of operations. The Company charges off all cash advances once they are 60 days past due, or sooner if deemed uncollectible. Recoveries on losses previously charged to the allowance are credited to the allowance when collected.

The allowance deducted from the carrying value of cash advances was \$4,358,000 and \$3,393,000 at December 31, 2004 and 2003, respectively. The accrual for losses on bank-owned cash advances was \$342,000 and \$55,000 at December 31, 2004 and 2003, respectively. See Note 5.

**Merchandise Held for Disposition and Cost of Disposed Merchandise** • Merchandise held for disposition includes merchandise acquired from unredeemed loans, merchandise purchased directly from the public and merchandise purchased from vendors. Merchandise held for disposition is stated at the lower of cost (specific identification) or market. The cost of merchandise, computed on the specific identification basis, is removed from merchandise held for disposition and recorded as a cost of revenue at the time of sale. The Company provides an allowance for valuation and shrinkage based on management's evaluation of the characteristics of the merchandise. The allowance deducted from the carrying value of merchandise held for disposition amounted to \$1,445,000 and \$1,410,000 at December 31, 2004 and 2003, respectively.

**Property and Equipment** • Property and equipment is recorded at cost. The cost of property retired or sold and the related accumulated depreciation are removed from the accounts, and any resulting gain or loss is recognized in the consolidated statements of operations. Depreciation expense is generally provided on a straight-line basis, using the following estimated useful lives:

Buildings and building improvements <sup>(1)</sup> .....	7 to 40 years
Leasehold improvements <sup>(2)</sup> .....	2 to 10 years
Furniture, fixtures and equipment.....	3 to 7 years
Computer software.....	3 to 5 years

<sup>(1)</sup> Structural components are depreciated over 30 to 40 years and the remaining building systems and features are depreciated over 7 to 10 years.

<sup>(2)</sup> Leasehold improvements are depreciated over the terms of the lease agreements.

**Software Development Costs** • The Company develops computer software for internal use. Internal and external costs incurred for the development of computer applications, as well as for upgrades and enhancements that result in additional functionality of the applications, are capitalized. Internal and external training and maintenance costs are charged to expense as incurred. When an application is placed in service, the Company begins amortizing the related capitalized software costs using the straight-line method and an estimated useful life varying from 3 to 5 years.

**CASH AMERICA INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

---

**Goodwill and Other Intangible Assets** • SFAS No. 142, “*Goodwill and Other Intangible Assets*”, became effective January 1, 2002, and, as a result, the Company discontinued the amortization of goodwill as of that date. In lieu of amortization, the Company is required to perform an impairment review of goodwill at least annually. The Company completed its reviews during 2002, 2003 and 2004. Based on the results of these tests, management determined that there was no impairment as the respective fair values of each of the Company’s reporting units exceeded their respective carrying amounts. See Note 7.

The Company amortizes intangible assets with an estimable life on the basis of their expected periods of benefit, generally 2 to 10 years. Accumulated amortization of these intangible assets was \$1,947,000 and \$783,000 at December 31, 2004 and 2003, respectively.

The costs of start-up activities and organization costs are charged to expense as incurred.

**Impairment of Long-Lived Assets** • An evaluation of the recoverability of property and equipment and intangible assets subject to amortization is performed whenever the facts and circumstances indicate that the carrying value may be impaired. An impairment loss is recognized if the future undiscounted cash flows associated with the asset are less than the asset’s corresponding carrying value. The amount of the impairment loss, if any, is the excess of the asset’s carrying value over its estimated fair value.

**Income Taxes** • The provision for income taxes is based on income before income taxes as reported for financial statement purposes. Deferred income taxes are provided for in accordance with the assets and liability method of accounting for income taxes in order to recognize the tax effects of temporary differences between financial statement and income tax accounting.

**Hedging and Derivatives Activity** • As a policy, the Company does not engage in speculative or leveraged transactions, nor does it hold or issue financial instruments for trading purposes. The Company does periodically use derivative financial instruments, such as interest rate cap agreements, for the purpose of managing interest rate exposures that exist from ongoing business operations. At December 31, 2004, the Company entered into an interest rate cap agreement that is designated neither as a cash flow hedge nor a fair value hedge pursuant to SFAS No. 133, “*Accounting for Derivative Instruments and Hedging Activities*” (“SFAS 133”), and its corresponding amendments under SFAS No. 138 “*Accounting for Certain Derivative Instruments and Certain Hedging Activities – an Amendment of FASB Statement No. 133*” (“SFAS 138”) and SFAS No. 149 “*Amendment of FASB Statement No. 133 on Derivative and Hedging Activities*” (“SFAS 149”). The fair value of the interest rate cap agreement is recognized in the accompanying balance sheet and changes in its fair value are recognized in earnings. The Company may also periodically enter into forward sale contracts with a major gold bullion bank to sell fine gold that is produced in the normal course of business from the Company’s liquidation of forfeited gold merchandise. These contracts are not accounted for as derivatives because they meet the criteria for the normal purchases and normal sales scope exception in SFAS 133. In addition, the Company may periodically transfer funds between currencies and may concurrently enter into short-term currency swaps to eliminate the risk of currency fluctuations. See Note 14.

**Advertising Costs** • Costs of advertising are expensed at the time of first occurrence. Advertising expense for continuing operations was \$11,210,000, \$7,355,000 and \$3,811,000 for the years ended December 31, 2004, 2003, and 2002, respectively.

**Stock-Based Compensation** • The Company accounts for its stock-based employee compensation plans in accordance with APB Opinion No. 25, “*Accounting for Stock Issued to Employees*” (“APB 25”), often referred to as the “intrinsic value” based method, and accordingly, no compensation expense has been

**CASH AMERICA INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

recognized. In October 1995, the Financial Accounting Standards Board (“FASB”) issued SFAS No. 123, “Accounting for Stock-Based Compensation” (“SFAS 123”). SFAS 123 encourages expensing the fair value of employee stock options, but allows an entity to continue to account for stock based compensation under APB 25 with disclosures of the pro forma effect on net income had the fair value accounting provisions of SFAS 123 been adopted. In December 2002, SFAS 123 was amended by SFAS No. 148, “Accounting for Stock-Based Compensation – Transition and Disclosure, an amendment of FASB Statement No. 123”. The table below illustrates the effect on net income and earnings per share if the Company had applied SFAS 123 and calculated the fair value of options granted using the Black-Scholes option-pricing model (in thousands, except per share amounts).

Included in the pro forma amounts below for 2004 and 2003 is the effect of the vesting of 576,547 and 1,021,725 shares, respectively, which accelerated pursuant to the original terms of the options due to price performance of the shares of the Company. As a result, the pro forma compensation expense of those option shares is moved forward into the current year, eliminating it from future years had scheduled vesting occurred during the years 2005 through 2007.

	<u>2004</u>	<u>2003</u>	<u>2002</u>
Net income – as reported .....	\$ 56,835	\$ 30,036	\$ 19,309
Deduct: Total stock-based employee compensation expense <sup>(a)</sup> .....	<u>1,005</u>	<u>4,107</u>	<u>1,379</u>
Net income – pro forma .....	<u>\$ 55,830</u>	<u>\$ 25,929</u>	<u>\$ 17,930</u>
Net income per share –			
Basic:			
As reported .....	\$ 2.00	\$ 1.17	\$ 0.79
Pro forma .....	\$ 1.97	\$ 1.01	\$ 0.73
Diluted:			
As reported .....	\$ 1.92	\$ 1.13	\$ 0.78
Pro forma .....	\$ 1.88	\$ 0.97	\$ 0.72

<sup>(a)</sup> Determined under fair value based method for all awards, net of related tax effects. “All awards” refers to awards granted, modified, or settled in fiscal periods beginning after December 15, 1994, that is, options for which the fair value was required to be measured under SFAS 123.

The pro forma amounts of stock options granted were estimated on the date of grant using the Black-Scholes option-pricing model. No stock options were granted during 2004. For options granted during 2003 and 2002, the following weighted average assumptions were made:

	<u>2003</u>	<u>2002</u>
Expected term (years) .....	8.2	8.2
Risk-free interest rate .....	4.14%	5.23%
Expected dividend yield .....	0.54%	0.63%
Expected volatility .....	49.5%	56.7%

**Net Income Per Share** • Basic net income per share is computed by dividing net income by the weighted average number of common shares outstanding during the year. Diluted net income per share is calculated by giving effect to the potential dilution that could occur if securities or other contracts to issue common shares were exercised and converted into common shares during the year.

**CASH AMERICA INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

The following table sets forth the reconciliation of numerators and denominators of basic and diluted earnings per share computations for the three years ended December 31, 2004 (in thousands):

	<u>2004</u>	<u>2003</u>	<u>2002</u>
Numerator:			
Income from continuing operations available to common stockholders.....	\$ 34,965	\$ 22,030	\$ 11,917
Income from discontinued operations .....	<u>21,870</u>	<u>8,006</u>	<u>7,392</u>
Net income available to common stockholders.....	<u>\$ 56,835</u>	<u>\$ 30,036</u>	<u>\$ 19,309</u>
Denominator:			
Basic earnings per share computation —			
Weighted average common shares outstanding.....	<u>28,402</u>	<u>25,586</u>	<u>24,424</u>
Diluted earnings per share computation —			
Weighted average common shares.....	28,402	25,586	24,424
Dilutive effect of share-based compensation .....	1,116	1,039	350
Dilutive effect of non-qualified savings plan.....	<u>66</u>	<u>63</u>	<u>67</u>
Total diluted shares.....	<u>29,584</u>	<u>26,688</u>	<u>24,841</u>

As of December 31, 2004, no anti-dilutive shares were included in the above computations.

**Recent Accounting Pronouncements** • In December 2004, FASB issued Statement 123 (revised 2004), “Share-Based Payment” (“SFAS 123R”). SFAS 123R requires that the cost resulting from all share-based payment transactions be recognized in the financial statements over the period during which an employee is required to provide service in exchange for the award. SFAS 123R establishes fair value as the measurement objective in accounting for share-based payment arrangements and requires all entities to apply a fair-value-based method in accounting for share-based transactions with employees. SFAS 123R also amends FASB Statement No. 95, “Statement of Cash Flows”, to require that excess tax benefits be reported as a financing cash inflow rather than as a reduction of taxes paid. SFAS 123R is effective as of the beginning of the first interim reporting period that begins after June 15, 2005 and is not expected to have a significant impact on the Company’s consolidated financial position or results of operations because of the Company’s decision to transition from its stock option compensation program to a restricted stock unit compensation program that is recognized as an expense, prior to the implementation of the new pronouncement.

In December 2003, the Accounting Standards Executive Committee (“AcSEC”) issued Statement of Position 03-3 (“SOP 03-3”), “Accounting for Certain Loans or Debt Securities Acquired in a Transfer.” SOP 03-3 requires that the excess of contractual cash flows over cash flows expected to be collected not be recognized as an adjustment of yield, loss accrual, or valuation allowance. Subsequent increases in cash flows expected to be collected generally should be recognized prospectively through adjustment of the loan’s yield over its remaining life and decreases in cash flows expected to be collected should be recognized as impairment. SOP 03-3 is effective for loans acquired in fiscal years beginning after December 15, 2004 and is not expected to have a material effect on the Company’s consolidated financial position or results of operations.

**Reclassifications** • Certain amounts in the consolidated financial statements for 2003 and 2002 have been reclassified to conform to the presentation format adopted in 2004. These reclassifications have no effect on net income or stockholders’ equity previously reported.

**CASH AMERICA INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

**3. Acquisitions**

**SuperPawn** • In keeping with its business strategy to expand its service offerings to a larger number of potential customers, on December 10, 2004, the Company completed the acquisition of substantially all of the pawn operating assets of Camco, Inc., which operated under the trade name “SuperPawn” in four states in the western United States. SuperPawn is a 41-store chain based in Las Vegas, Nevada. The transaction provided the Company its initial entry into the western United States for pawn lending activities. The aggregate purchase consideration and costs totaled \$118,363,000, which consisted of \$104,802,000 in cash which includes a payable for \$1,500,000 that is to be reconciled upon post transaction accounting and settled in early 2005, 578,793 shares of the Company’s stock valued at \$12,562,000 and acquisition costs of \$999,000.

**Other Acquisitions** • The Company acquired, in two distinct transactions, the operating assets of 32 cash advance locations in southern California operating under the trade names “GoldX” (acquired on August 31, 2004) and “Urgent Money” (acquired on September 20, 2004) for \$14,628,000 in cash. The Company also acquired a pawnshop in Florida in November 2004 for \$589,000. The operating results of those locations have been included in the consolidated financial statements since the respective dates of acquisition.

The Company’s June 30, 2003 asset purchase agreement for the purchase of the assets of Cashland, Inc. through Cashland Financial Services, Inc. (“Cashland”), a wholly-owned subsidiary, contained a provision under which the seller could potentially have received additional consideration based upon the future earnings of the business. On February 2, 2004, the parties amended the asset purchase agreement to eliminate that provision and to provide instead for the Company to make a final payment of additional consideration in the amount of \$5,400,000. The payment consisted of \$2,900,000 in cash and a subordinated note for \$2,500,000 (see Note 9). The Company increased goodwill for the additional consideration and other cost adjustments totaling \$5,406,000.

The following table provides information concerning the acquisitions made by the Company’s continuing operations during 2004 and 2003 (\$ in thousands):

	<u>2004</u>	<u>2003</u>

Basic.....	\$ 1.23	\$ 1.45	\$ 0.86	\$ 1.04
Diluted .....	1.18	1.39	0.83	1.00

(a) Pro forma adjustments reflect:

- (i) the inclusion of operating results of Camco, Inc. for the period January 1, 2004 through December 10, 2004, the date of acquisition, for 2004 and for the entire year of 2003;
- (ii) the eliminations of certain general and administrative expenses of Camco, Inc. primarily consisting of compensation and related expenses of Camco, Inc.'s owner and other members of its management team not employed by the Company;
- (iii) the adjustments of depreciable asset bases and lives for property and equipment and amortization of intangible assets acquired by the Company;
- (iv) the additional interest incurred in the acquisition of Camco, Inc.'s operating assets;
- (v) the elimination of bad debt expense on receivables due from a Camco, Inc. affiliate not associated with the core business;
- (vi) the tax effect of Camco, Inc. earnings and net pro forma adjustments at statutory rate of 35%; and
- (vii) the weighted average number of shares of common stock issued in acquisition of Camco, Inc.'s operating assets.

#### 4. Discontinued Operations

In order to dedicate its strategic efforts and resources on the growth opportunities of pawn lending and cash advance activities in the United States, the Company announced in September 2004, the sale of its foreign pawn lending operations in the United Kingdom and Sweden to Rutland Partners LLP for \$104,908,000 cash after paying off the outstanding balance of the multi-currency line of credit, and two separate subordinated notes receivable valued at \$7,962,000. The Company realized a gain of \$19,023,000 (\$15,415,000 net of related taxes) upon the sale of the discontinued operations. The amount of goodwill included in the determination of the gain was \$18,479,000. In connection with the sale, the Company declared a special dividend of \$0.30 per share to its shareholders that was paid in December 2004. The special dividend reflects a share of the significant gain realized on the sale.

The subordinated notes received are the sole obligation of the company that acquired the Swedish pawn lending operations and are both subordinated as to rights and payment terms to certain senior lenders in the transaction. The senior subordinated note received in the maximum principal amount of SEK 80,400,000 (approximately \$10,685,000 face value at the date of sale with a discounted value of \$8,262,000 at December 31, 2004) bears a coupon rate of 8.33% per annum (effective yield of 16.4% per annum) payable quarterly with scheduled principal payments due between 2007 and 2011 subject to terms of the senior indebtedness. The convertible junior subordinated note received in the amount of SEK 13,400,000 (approximately \$1,781,000 face value at the date of sale with discounted value of \$874,000 at December 31, 2004) bears a coupon rate of 10.0% per annum (effective yield of 25.5% per annum) payable quarterly with the entire principal or remaining unconverted principal due in 2014. This subordinated note is convertible after two years, at the Company's option, into approximately 27.7% of the equity interest on a fully diluted basis in the acquiring company. Upon conversion to equity shares, the Company has no voting rights.

**CASH AMERICA INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

As the issuer of the two subordinated notes is heavily leveraged with minimal equity, and due to the subordination feature and the payment structure of the two notes, the Company has valued the notes based on comparable yields for securities of this nature and discounted the senior subordinated note with 8.33% coupon rate and face value of \$10,685,000 to \$7,197,000 at the date of sale to yield 16.4% per annum, and the junior subordinated convertible note with 10.0% coupon rate and face value of \$1,781,000 to \$765,000 at the date of sale to yield 25.5% per annum. Foreign currency transaction gains of \$1,116,000 on the U.S. dollar equivalent value of the subordinated notes and the accrued interest receivable at December 31, 2004 was recognized in the Company's consolidated statements of operations.

In addition, in September 2001, the Company adopted a formal plan to exit the rent-to-own business conducted by the Company's subsidiary, Rent-A-Tire, Inc. ("Rent-A-Tire"). The Company closed 21 Rent-A-Tire operating locations and held the remaining 22 locations for sale. In conjunction with the plan, a charge was recorded in the quarter ended September 30, 2001 to establish a reserve for the estimated loss on disposal of the rental business segment. This charge included a provision for operating losses subsequent to September 1, 2001, the effective date of the plan, and a provision for the estimated loss on the sale of remaining assets. On June 14, 2002, the Company sold the assets of the 22 Rent-A-Tire stores for proceeds of approximately \$3,000,000 in cash. During 2002, the Company recorded a \$1,214,000 (\$800,000 after income tax) reduction in the original charge to the reserve, due to both a decrease in the Company's expected future operating lease obligations (net of expected sublease income) for closed stores and proceeds from the sale of assets in excess of the original estimate. The remaining balance of the reserve of \$325,000 at December 31, 2004, consists primarily of expected future operating lease obligations (net of expected sublease income) for closed stores. The reserve is included in "Accounts payable and accrued expenses" in the accompanying consolidated balance sheets.

The carrying amounts of the major classes of the assets and liabilities for the discontinued operations at December 31, 2003 were as follows (in thousands):

<b>Assets</b>	
Pawn loans.....	\$ 60,717
Merchandise held for disposition, net.....	6,688
Finance and service charges receivable.....	7,901
Other current assets .....	<u>6,959</u>

<sup>(2)</sup> Rent-A-Tire.

**5. Cash Advances, Allowance for Losses and Accruals for Losses on Bank-Owned Cash Advances**

The Company offers the cash advance product through most of its pawnshops and cash advance locations. Cash advances are generally offered for a term of 7 to 45 days, depending on the customer's next payday. The Company originates cash advances in some of its locations and markets and services cash advances made by third-party banks in other Company locations. The Company entered into an agreement with a second third-party bank that began offering cash advances in some of those locations in the second quarter of 2004.

Under the banks' program, the banks sell participation interests in the bank originated cash advances to third parties, and the Company purchases sub-participation interests in certain of those participations. The Company also receives an administrative fee for its services. In order to benefit from the use of the Company's collection resources and proficiency, the banks assign cash advances unpaid after maturity to the Company at a discount from the amount owed by the borrower. Losses on cash advances assigned to the Company that prove uncollectible are the responsibility of the Company. To the extent that the Company collects an amount owed by the customer in excess of the amount assigned by the banks, the Company is entitled to the excess and recognizes it in income when collected. Since the Company may not be successful in the collection of the assigned accounts, the Company's cash advance loss provision

**CASH AMERICA INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

includes amounts estimated to be adequate to absorb credit losses from cash advances in the aggregate portfolio, including those expected to be assigned to the Company. The accrued losses on portfolios owned by the banks are included in "Accounts payable and accrued expenses" in the accompanying consolidated balance sheet.

Cash advances outstanding at December 31, 2004 and 2003, were as follows (in thousands):

	<u>2004</u>	<u>2003</u>
<i>Originated by the Company</i>

**7. Goodwill and Other Intangible Assets**

Effective January 1, 2002, all goodwill and other intangible assets having an indefinite useful life are no longer amortized to earnings but are tested for impairment annually at June 30, or more frequently if events or changes in circumstances indicate that the assets might be impaired, using a two-step impairment assessment. The first step of the goodwill impairment test, used to identify potential impairment, compares the fair value of a reporting unit with its carrying amount, including goodwill. If the fair value of a reporting unit exceeds its carrying amount, goodwill of the reporting unit is considered not impaired, and the second step of the impairment test is not necessary. If the carrying amount of a reporting unit exceeds its fair value, the second step of the goodwill impairment test is performed to measure the amount of impairment loss, if any. The useful lives of other intangible assets must be reassessed and the remaining amortization periods adjusted accordingly.

The Company adopted the provisions of SFAS 142 on January 1, 2002. Based on the results of the initial and the subsequent annual impairment tests, management determined that there have been no impairments.

*Goodwill* ◦ Changes in the carrying value of goodwill for the years ended December 31, 2004 and 2003, were as follows (in thousands):

	<u>Pawn Lending</u>	<u>Cash Advance</u>	<u>Check Cashing</u>	<u>Consolidated</u>
Balance as of January 1, 2004, net of amortization of \$20,788 .....	\$ 65,934	\$ 27,840	\$ 5,310	\$ 99,084
Acquisitions .....	48,425	16,860	—	65,285
Adjustments .....	(18)	(278)	—	(296)

Balance as of December 31, 2003 .....	<u>\$ 65,934</u>	<u>\$ 27,840</u>	<u>\$ 5,310</u>	<u>\$ 99,084</u>

**CASH AMERICA INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

**Acquired Intangible Assets** • Acquired intangible assets that are subject to amortization as of December 31, 2004 and 2003, were as follows (in thousands):

	2004			2003		
	Cost	Accumulated Amortization	Net	Cost	Accumulated Amortization	Net
Non-competition agreements .	\$ 7,085	\$ (680)	\$ 6,405	\$ 1,800	\$ (389)	\$ 1,411
Customer relationships.....	6,069	(1,197)	4,872	2,530	(339)	2,191
Other.....	<u>179</u>	<u>(70)</u>	<u>109</u>	<u>170</u>	<u>(55)</u>	<u>115</u>
Total .....	<u>\$13,333</u>	<u>\$ (1,947)</u>	<u>\$11,386</u>	<u>\$ 4,500</u>	<u>\$ (783)</u>	<u>\$ 3,717</u>

Non-competition agreements are amortized over the applicable terms of the contracts. Customer relationships are generally amortized over five to six years based on the pattern of economic benefits provided. Tradenames of \$4,326,000 and \$1,000,000 obtained in the acquisition of SuperPawn and Cashland, respectively, and licenses of \$7,649,000 obtained in the SuperPawn acquisition at December 31, 2004 are not subject to amortization.

**Amortization** • Amortization expense for the acquired intangible assets is as follows (in thousands):

Actual amortization expense for the year ended December 31,	
<b>2004</b> .....	<b>\$ 1,315</b>
2003 .....	600
2002 .....	478
Estimated amortization expense for the years ended December 31:	
2005 .....	\$ 3,155
2006 .....	2,660
2007 .....	2,188
2008 .....	1,078
2009 .....	634

**8. Accounts Payable and Accrued Expenses**

Accounts payable and accrued expenses at December 31, 2004 and 2003, were as follows (in thousands):

	2004	2003
Trade accounts payable .....	<b>\$ 8,560</b>	\$ 9,343
Accrued taxes, other than income taxes .....	<b>2,577</b>	3,615
Accrued payroll and fringe benefits .....	<b>15,077</b>	16,272
Accrued interest payable .....	<b>2,540</b>	2,696
Purchase consideration payable.....	<b>1,510</b>	—
Accrual for losses on bank-owned cash advances .....	<b>342</b>	55
Other accrued liabilities.....	<u><b>3,248</b></u>	<u>2,435</u>
Total .....	<u><b>\$ 33,854</b></u>	<u>\$ 34,416</u>

**CASH AMERICA INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

**9. Long-term Debt**

The Company's long-term debt instruments and balances outstanding at December 31, 2004 and 2003, were as follows (in thousands):

	<u>2004</u>	<u>2003</u>
U.S. line of credit up to \$130,000 due July 31, 2006 .....	<b>\$ 92,483</b>	\$ 68,111
8.14% senior unsecured notes due 2007 .....	<b>12,000</b>	16,000
7.10% senior unsecured notes due 2008 .....	<b>17,143</b>	21,429
7.20% senior unsecured notes due 2009 .....	<b>42,500</b>	42,500
12.0% subordinated note due 2014 .....	<b><u>2,500</u></b>	<u>—</u>
Total debt .....	<b>166,626</b>	148,040
Less current portion .....	<b><u>16,786</u></b>	<u>8,286</u>
Total long-term debt .....	<b><u>\$149,840</u></b>	<b><u>\$139,754</u></b>

In connection with the sale of the foreign pawn lending operations and the acquisition of SuperPawn, the Company entered into agreements to amend certain terms and calculations of covenants under the U.S. line of credit, and the 8.14%, 7.10% and 7.20% senior notes.

Under the terms of its U.S. line of credit agreement, as of March 31, 2004, the borrowing capacity was reduced to \$130,000,000 from \$135,000,000. In February 2005, the Company amended and restated the existing line of credit agreement to increase the credit limit to \$250,000,000 and extend the maturity to February 2010. Interest on the amended line of credit is charged, at the Company's option, at either LIBOR plus a margin or at the agent's base rate. The margin on the line of credit varies from 0.875% to 1.875%, depending on the Company's cash flow leverage ratios as defined in the amended agreement. The Company pays a fee on the unused portion ranging from 0.25% to 0.30% based on the Company's cash flow leverage ratios as defined in the amended agreement.

The credit agreements and the senior unsecured notes require the Company to maintain certain financial ratios. The Company is in compliance with all covenants or other requirements set forth in its debt agreements.

Pursuant to the amended Cashland asset purchase agreement, the Company issued a subordinated note for \$2,500,000 as a partial consideration of the final payment. Interest on this note accrues at 12% per annum and is payable semi-annually. The note principal is payable in nine equal annual installments beginning in February 2006. The final payment is due in February 2014. However, the note may be prepaid after February 1, 2006.

**CASH AMERICA INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

As of December 31, 2004, annual maturities of the outstanding long-term debt, including its lines of credit, for each of the five years after December 31, 2004 are as follows (in thousands):

2005.....	\$ 16,786
2006.....	109,546
2007.....	17,063
2008.....	13,064
2009.....	8,778
Thereafter.....	<u>1,389</u>
	<u>\$166,626</u>

**10. Income Taxes**

Valuation allowance .....	(166)	(487)	—
Other .....	<u>210</u>	<u>287</u>	<u>242</u>
Total provision .....	<u>\$ 20,058</u>	<u>\$ 12,295</u>	<u>\$ 7,396</u>
Effective tax rate .....	<u>36.5%</u>	<u>35.8%</u>	<u>38.3%</u>

As of December 31, 2004, the Company had net capital loss carryovers of \$1,017,000, principally related to a previous investment. These losses may only be used to offset net capital gains. Any unused losses expire in 2006 through 2007. The deferred tax valuation allowances at December 31, 2004 and 2003 were provided to reduce deferred tax benefits of capital losses that the Company does not expect to realize. During 2004 and 2003, the Company reduced the valuation allowance by \$6,979,000 and \$487,000, respectively, as a result of capital gains arising during those years. The decrease in the valuation allowance during 2004 includes \$6,813,000 attributable to gains recognized on disposal of discontinued foreign operations. The tax benefit resulting from that portion of the decrease reduced the tax provision on the gain from disposal of discontinued foreign operations (see Note 4). Upon adoption of SFAS 142 in 2002 (see Note 7) \$406,000 of deferred tax assets was eliminated through a corresponding increase in goodwill.

**CASH AMERICA INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

---

**11. Commitments and Contingencies**

*Leases* • The Company leases certain of its facilities under operating leases with terms ranging from 3 to 15 years and certain rights to extend for additional periods. Future minimum rentals due under non-cancelable leases for continuing operations are as follows for each of the years ending December 31 (in thousands):

2005.....	\$ 29,495
2006.....	24,344
2007.....	18,967
2008.....	13,934
2009.....	9,322
Thereafter .....	<u>11,841</u>
Total .....	<u>\$107,903</u>

Rent expense for continuing operations was \$24,734,000, \$21,151,000 and \$19,904,000 for 2004, 2003 and 2002, respectively.

*Guarantees* • The Company guaranteed obligations under certain operating leases for the premises related to the 22 Rent-A-Tire stores sold in June 2002. In the event the buyer is unable to perform under the operating leases, the Company's maximum aggregate potential obligation under these guarantees was approximately \$827,000 at December 31, 2004. This amount is reduced dollar-for-dollar by future amounts paid on these operating leases by the buyer. In the event that the buyer fails to perform and the Company is required to make payments under these leases, the Company will seek to mitigate its losses by subleasing the properties or buying out of the leases. See Note 4.

*Litigation* • On August 6, 2004, James E. Strong filed a purported class action lawsuit in the State Court of Cobb County, Georgia against Georgia Cash America, Inc., Cash America International, Inc. (together with Georgia Cash America, Inc., "Cash America"), Daniel R. Feehan, and several unnamed officers, directors, owners and "stakeholders" of Cash America. The lawsuit alleges many different causes of action, among the most significant of which is that Cash America has been making illegal payday loans in Georgia in violation of Georgia's usury law, the Georgia Industrial Loan Act and Georgia's Racketeer Influenced and Corrupt Organizations Act. Community State Bank has for some time made loans to Georgia residents through Cash America's Georgia operating locations. The complaint in this lawsuit claims that Community State Bank is not the true lender with respect to the loans made to Georgia borrowers and that its involvement in the process is "a mere subterfuge." Based on this claim, the suit alleges that Cash America is the "de facto" lender and is illegally operating in Georgia. The complaint seeks unspecified compensatory damages, attorney's fees, punitive damages and the trebling of any compensatory damages. The Company believes that the claims in this suit are without merit and intends to vigorously defend this lawsuit. Cash America has filed a motion to compel Mr. Strong to arbitrate his claim. Discovery has not yet commenced in this lawsuit, and as a result neither the likelihood of an unfavorable outcome nor the ultimate liability, if any, with respect to this litigation can be determined at this time. Cash America removed the case to federal court and filed a motion to compel the plaintiff to arbitrate his claim, in addition to denying the plaintiff's allegations and asserting various defenses to his claim. The plaintiff has filed a motion to remand the case to Georgia state court. As of December 31, 2004, the parties await court rulings on the various motions. Because this case is at a very early stage, neither the likelihood of an unfavorable outcome nor the ultimate liability, if any, with respect to this litigation can be determined at this time.

The Company is also a defendant in certain lawsuits encountered in the ordinary course of its business. Certain of these matters are covered to an extent by insurance. In the opinion of management, the resolution of these matters will not have a material adverse effect on the Company's financial position, results of operations or liquidity.

**CASH AMERICA INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

**12. Stockholders' Equity**

During 2004, the Company received net proceeds totaling \$6,067,000 from the exercise of stock options for 707,199 shares. The Company issued 578,793 and 1,533,333 treasury shares valued at \$12,562,000 and \$16,805,000, respectively, in connection with the acquisitions of SuperPawn in 2004 and Cashland in 2003.

The Company received 5,605 and 436 shares of its common stock valued at \$130,000, and \$8,000 during 2004 and 2003, respectively, as partial payment for shares issued under stock option plans. The Company also received 21,800 shares valued at \$200,000 as partial payment on officer loans.

On July 25, 2002, the Company's Board of Directors authorized management to purchase up to one million shares of its common stock in the open market and terminated the existing open market purchase authorization established in 2000. The following table summarizes the aggregate shares purchased under these plans during each of the three years ended December 31:

	<u>2004</u>	<u>2003</u>	<u>2002</u>
Shares purchased:			
Under 2000 authorization.....	—	—	176,700
Under 2002 authorization.....	<u>173,200</u>	<u>199,800</u>	<u>109,000</u>
Total shares purchased.....	<u>173,200</u>	<u>199,800</u>	<u>285,700</u>
Aggregate amount (in thousands).....	\$ 3,976	\$ 2,281	\$ 2,220
Average price paid per share.....	\$ 22.96	\$ 11.42	\$ 7.77

Periodically, shares are purchased in the open market on behalf of participants relating to the Non-Qualified Savings Plan. Certain amounts are subsequently distributed or transferred to participants' 401(k) account annually based on results of the plan's administration testing results. Activities during each of the three years ended December 31 are summarized as follows:

	<u>2004</u>	<u>2003</u>	<u>2002</u>
Purchases:			
Number of shares.....	13,355	13,756	24,206
Aggregate amount (in thousands).....	\$ 315	\$ 173	\$ 200
Distributions and transfers to 401(k) savings plan:			
Number of shares.....	8,162	15,834	27,855
Aggregate amount (in thousands).....	\$ 83	\$ 143	\$ 258

The Board of Directors adopted an officer stock loan program (the "Program") in 1994 and modified it in 1996, 2001 and 2002. The amendment in 2002 provided that no further advances would be made to existing participants and closed the plan to new participants. Prior to the 2002 amendment, Program participants utilized loan proceeds to acquire and hold the Company's and affiliates' common stock by means of stock option exercises or otherwise. Common stock held as a result of the loan is pledged to the Company in support of the obligation. Interest accrues at 6% per annum. The entire unpaid balance of principal and interest on these loans is due and payable on July 24, 2007. During 2003, the Chairman of the Board of Directors sold 139,400 shares of common stock that had been pledged to the Company to secure a loan under the Program. The proceeds of \$1,749,000 from the sale were used to repay the loan in full. The Company's Chief Executive Officer and other officers also made principal and interest payments totaling \$1,795,000 toward such loans during 2003. Amounts due under the Program are reflected as a reduction of stockholders' equity in the accompanying consolidated balance sheets.

**CASH AMERICA INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

**13. Employee Benefit Plans**

The Cash America International, Inc. 401(k) Savings Plan is open to substantially all employees who meet specific length of employment and age requirements. The Cash America International, Inc. Nonqualified Savings Plan is available to certain members of management. Participants may contribute up to 50% of their earnings to these plans. The Company makes matching cash contributions of 50% of each participant's contributions, based on participant contributions of up to 5% of compensation. Company contributions vest at the rate of 20% each year after one year of service; thus a participant is 100% vested after five years of service. The Company's total contributions to the 401(k) Savings plan for the continuing operations were \$952,000, \$716,000 and \$617,000 in 2004, 2003 and 2002, respectively.

In addition to the retirement plans mentioned above, the Company established a Supplemental Executive Retirement Plan ("SERP") for its officers in 2003. The Company makes an annual discretionary cash contribution to the SERP based on the objectives of the plan as approved by the Management Development and Compensation Committee of the Board of Directors. The Company recorded compensation expense of \$455,000 and \$432,000 for contributions to the SERP during 2004 and 2003, respectively.

The amounts included in the Company's consolidated balance sheets relating to the Nonqualified Savings Plan and the SERP were as follows (in thousands):

	As of December 31.	
	2004	2003
Other receivables and prepaid expenses .....	\$ 3,910	\$ 2,799
Accounts payable and accrued expenses .....	3,910	2,799
Other liabilities .....	630	412
Treasury shares .....	873	634

**14. Derivative Instruments and Hedging Activities**

The Company entered into an interest rate cap agreement on December 31, 2004 with a notional amount of \$12,000,000 of the Company's outstanding floating rate U.S. line of credit for a term of 12 months at a fixed rate of 4.0%. This interest rate cap is not designated as a cash flow hedge or a fair value hedge pursuant to SFAS 133, SFAS 138 and SFAS149. The fair value of the interest rate cap agreement of \$9,000 at December 31, 2004 is included in "Other assets" of the accompanying consolidated balance sheet. There was no derivative instrument outstanding at December 31, 2003.

The accompanying consolidated statements of operations include losses from derivative valuation fluctuations of \$177,000 during the year ended December 31, 2002 as a result of adjustments to the estimated fair value of interest rate cap agreements.

**15. Stock Purchase Rights**

In August 1997, the Board of Directors declared a dividend distribution of one Common Stock Purchase Right (the "Rights") for each outstanding share of its common stock. The Rights become exercisable in the event a person or group acquires 15% or more of the Company's common stock or announces a tender offer, the consummation of which would result in ownership by a person or group of 15% or more of the common stock. If any person becomes a 15% or more shareholder of the Company, each Right (subject to certain limits) will entitle its holder (other than such person or members of such group) to purchase, for \$37.00, the number of shares of the Company's common stock determined by dividing \$74.00 by the then current market price of the common stock. The Rights will expire on August 5, 2007.

**CASH AMERICA INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

**16. Stock Options and Restricted Stock Units**

Under various equity compensation plans (the "Plans") it sponsors, the Company is authorized to issue 8,300,000 shares of Common Stock pursuant to "Awards" granted as incentive stock options (intended to qualify under Section 422 of the Internal Revenue Code of 1986, as amended), nonqualified stock options and restricted stock units.

*Stock Options* ◦ Stock options granted under the Plans have contractual terms of 5 to 15 years and have an exercise price equal to or greater than the fair market value of the stock at grant date. Stock options granted vest over periods ranging from 1 to 7 years. However, the terms of options with the 7-year vesting periods and certain of the 4-year and 5-year vesting periods include provisions which accelerate vesting if specified share price appreciation criteria are met. During 2004 and 2003, 576,547 and 1,021,725 shares vested due to the acceleration provisions. No accelerated vesting of stock options occurred in 2002.

A summary of the Company's stock option activity for each of the three years ended December 31, is as follows (shares in thousands):

	2004		2003		2002	
	Shares	Weighted Average Exercise Price	Shares	Weighted Average Exercise Price	Shares	Weighted Average Exercise Price
Outstanding at beginning of year.	2,342	\$ 9.75	4,374	\$ 8.13	3,997	\$ 8.16
Granted .....	—	—	572	10.80	428	7.99

Forfeited.....	(2)	10.13	(39)	9.65	(44)	9.44
Outstanding at end of year .....	<u>1,633</u>	<u>\$ 10.26</u>	<u>2,342</u>	<u>\$ 9.75</u>	<u>4,374</u>	<u>\$ 8.13</u>
Exercisable at end of year .....	<u>1,583</u>	<u>\$ 10.04</u>	<u>1,559</u>	<u>\$ 9.29</u>	<u>2,898</u>	<u>\$ 7.54</u>
Weighted average fair value of options granted .....	<u>\$ —</u>		<u>\$ 7.37</u>		<u>\$ 6.22</u>	

Stock options outstanding and exercisable as of December 31, 2004, are summarized below (shares in thousands):

Options Outstanding				Options Exercisable	
Range of Exercise Prices	Number Outstanding	Weighted Average Exercise Price	Weighted Average Years of Remaining Contractual Life	Number Exercisable	Weighted Average Exercise Price
\$ 5.94 to \$ 9.41	329	\$ 7.94	5.2	329	\$ 7.94
\$ 9.42 to \$12.63	1,164	10.19	5.1	1,164	10.19
\$12.64 to \$17.14	140	16.32	7.0	90	15.86
\$ 5.94 to \$17.14	<u>1,633</u>	<u>\$ 10.26</u>	<u>5.3</u>	<u>1,583</u>	<u>\$ 10.04</u>

*Restricted Stock Units* ◦ In January 2004, the Company changed its approach to annual equity based compensation awards and granted restricted stock units to its officers under the provisions of the 1994 Long-Term Incentive Plan in lieu of stock options. In April 2004, the Company adopted the 2004 Long-Term Incentive Plan, which was approved by shareholders at the 2004 annual shareholders meeting held April 21, 2004 and granted restricted stock units to the non-management members of the Board of Directors.

**CASH AMERICA INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

The aggregate fair value of these restricted units was \$2,597,000 based on their market value as of the date of the grant. The amount attributable to officer grants is being amortized to expense over a four-year period, as the officer units vest on each of the first four anniversaries of the grant date. Director units have the same vesting schedule, but for directors with five or more years of service the vesting of units held for one year or more accelerates upon the director's departure from the Board. Because all of the Company's current directors have served for more than five years, the market value of the units attributable to directors is being amortized to expense over a one-year period.

In December 2003, the Company granted restricted stock units to its officers in conjunction with the adoption of the Supplemental Executive Retirement Plan. Each vested restricted stock unit entitles the holder to receive a share of the common stock of the Company to be issued upon termination of employment from the Company. The aggregate fair value of these restricted stock units was \$4,485,000 based on their market value as of the date of grant. This amount is being amortized to expense over the vesting periods of 4 to 15 years.

Compensation expense totaling \$1,199,000 (\$779,000 net of related taxes) and \$14,000 (\$9,000 net of related taxes) were recognized for 2004 and 2003, respectively, for all of the above restricted stock units granted.

The following table summarizes the restricted stock units activity during 2004 and 2003:

	2004		2003	
	Units	Weighted Average Fair Value at Date of Grant	Units	Weighted Average Fair Value at Date of Grant
Outstanding at beginning of year.....	233,223	\$ 19.23	—	\$ —
Granted	114,749	22.63	233,223	19.23
Forfeited .....	<u>(5,174)</u>	<u>22.84</u>	<u>—</u>	<u>—</u>
Outstanding at end of year .....	<u>342,798</u>	<u>\$ 20.31</u>	<u>233,223</u>	<u>\$ 19.23</u>
Restricted stock units vested at end of year .....	<u>26,111</u>	<u>\$ 19.23</u>	<u>—</u>	<u>\$ —</u>

**17. Supplemental Disclosures of Cash Flow Information**

The following table sets forth certain cash and non-cash activities for the years ended December 31 (in thousands):

	2004	2003	2002
Cash paid during the year for –			
Interest .....	\$ 8,274	\$ 11,238	\$ 7,769

Liabilities assumed in acquisitions .....	950	176	5

**CASH AMERICA INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

**18. Operating Segment Information**

During the quarter ended March 31, 2004, the Company realigned its segment reporting to reflect the business mix and management reporting structure. The Company's continuing operations has three reportable operating segments, the pawn lending operations; the cash advance operations; and the check cashing operations (Mr. Payroll). Cash advance and check cashing are managed separately due to the different operational strategies required and therefore, are reported as separate segments.

The accounting policies of the segments are the same as those described in Note 2. Management of the Company evaluates performance based on income from operations before net interest expense, other miscellaneous items of income or expense, and the provision for income taxes. There are no sales between operating segments.

As described in Note 4, the Company reclassified the results of operations of its foreign lending operations and rent-to-own business as discontinued operations. These businesses were previously reported as a separate operating segment. The segment data included below has been restated to exclude amounts related to these discontinued operations.

Information concerning the operating segments is set forth below (in thousands):

	<u>Pawn Lending</u>	<u>Cash Advance</u>	<u>Check Cashing</u>	<u>Consolidated</u>
<b><u>Year Ended December 31, 2004:</u></b>

**CASH AMERICA INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

---

**19. Related Party Transactions**

In December 1999, the Company sold three pawnshops, including certain real estate, for \$4,520,000 to Ace Pawn, Inc ("Ace") whose sole stockholder, J.D. Credit, Inc. ("J. D. Credit") is controlled by the Chairman of the Board of Directors of the Company. The purchase price was determined by independent appraisal and approved by the Board of Directors of the Company. A gain of \$2,224,000 was recognized on the transaction. The Company received promissory notes from Ace that were collateralized by all of its assets. In addition, J.D. Credit pledged the common stock of Ace and the Chairman of the Board provided a personal guaranty for repayment of the notes. The notes required quarterly principal payments and interest payments at 10% per annum with a final balloon payment due in December 2002. Ace paid off the notes in full on January 13, 2003. The Company recorded interest income from the notes of \$9,000 and \$285,000 in 2003 and 2002, respectively.

Upon completion of the sale, the three pawnshops were converted to Company franchise units. Royalties recorded by the Company for these units were \$54,000, \$77,000 and \$83,000 for 2004, 2003, and 2002, respectively. The Company has the right of first refusal in the event of a proposed resale of these pawnshops.

In October 2003, the Company purchased one of the pawnshops from Ace for \$2,461,000 cash. The purchase price was determined by independent appraisal and approved by the Board of Directors of the Company.

In February 2004, pursuant to the amended Cashland asset purchase agreement, the Company made a final payment of additional consideration in the amount of \$5,400,000 to the seller, who was a senior officer of the Company through January 31, 2005. The payment consisted of \$2,900,000 in cash and a subordinated note for \$2,500,000 (see Note 9). The Company recorded interest expense of \$275,000 in 2004. At December 31, 2004, the accrued interest payable on this note was \$125,000. The Company also paid rent of \$122,000 and \$51,000 during 2004 and 2003, respectively, for three Cashland administrative offices and facilities that are owned by the seller.

Under the Company's now discontinued officer stock loan program, the Company recorded interest income of \$150,000 and \$299,000, respectively, in 2004 and 2003. During 2003, the Company's Chief Executive Officer and other officers made total principal and interest payment of \$3,544,000 on these notes. At December 31, 2004 and 2003, the outstanding notes balance was \$2,488,000, and accrued interest on these notes was \$435,000 and \$286,000, respectively.

**CASH AMERICA INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

**20. Fair Values of Financial Instruments**

The carrying amounts and estimated fair values of financial instruments at December 31, 2004 and 2003, were as follows (in thousands):

	<u>2004</u>		<u>2003</u>	
	<u>Carrying Value</u>	<u>Estimated Fair Value</u>	<u>Carrying Value</u>	<u>Estimated Fair Value</u>
<b>Financial assets:</b>				
Cash and cash equivalents.....	\$ 15,103	\$ 15,103	\$ 11,959	\$ 11,959
Pawn loans .....	109,353	109,353	81,154	81,154
Cash advances, net .....	36,490	36,490	28,401	28,401
Subordinated notes receivable.....	9,136	9,243	—	—
Interest rate cap .....	9	9	—	—
<b>Financial liabilities:</b>				
Bank lines of credit .....	\$ 92,483	\$ 92,483	\$ 68,111	\$ 68,111
Senior unsecured notes.....	71,643	73,963	79,929	84,480
Subordinated note .....	2,500	2,683	—	—

Cash and cash equivalents bear interest at market rates and have maturities of less than 90 days. Pawn loans have relatively short maturity periods depending on local regulations, generally 90 days or less. Cash advances have maturity periods of 45 days or less. Finance and service charge rates are determined by regulations and bear no valuation relationship to the capital markets' interest rate movements. Generally, pawn loans may only be resold to a licensed pawnbroker.

The fair value of the subordinated notes receivables are estimated by taking the present value of the expected cash flow over the life of the notes discounted at a rate prevalent to financial instruments with similar credit profiles and like terms.

The Company's bank credit facility bears interest at a rate that is frequently adjusted on the basis of market rate changes. The fair values of the remaining long-term debt instruments are estimated based on market values for debt issues with similar characteristics or rates currently available for debt with similar terms.

**CASH AMERICA INTERNATIONAL, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

**21. Quarterly Financial Data (Unaudited)**

The Company's operations are subject to seasonal fluctuations. Revenue tends to be highest during the first and fourth calendar quarters, when the average amount of pawn loans and cash advance balances are the highest and consistent with heavier disposition of merchandise activities compared to the other two quarters. The following is a summary of the quarterly results of operations for the years ended December 31, 2004 and 2003 (in thousands, except per share data):

	<u>First Quarter</u>	<u>Second Quarter</u>	<u>Third Quarter</u>	<u>Fourth Quarter</u>
<b>2004 <sup>(1)</sup></b>

<sup>(1)</sup> On September 7, 2004, the Company sold its foreign pawn lending operations; all prior periods presented have been restated to reflect that business as discontinued operations.

<sup>(2)</sup> Income from discontinued operations includes a gain on sale of \$15,415 (after related taxes of \$3,608) for the quarter end September 30, 2004.

## **ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE**

None.

### **ITEM 9A. CONTROLS AND PROCEDURES**

Under the supervision and with the participation of the Company's Chief Executive Officer and Chief Financial Officer, management of the Company has evaluated the effectiveness of the design and operation of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934) as of December 31, 2004 ("Evaluation Date"). Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that, as of the Evaluation Date, the Company's disclosure controls and procedures are effective in timely alerting them to the material information relating to the Company required to be included in its periodic filings with the Securities and Exchange Commission.

The Report of Management on Internal Control Over Financial Reporting is included in Item 8 of this annual report on Form 10-K. There have been no significant changes during the fourth quarter of the year ended December 31, 2004 in the Company's internal control over financial reporting that was identified in connection with management's evaluation described in Item 9A above and has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting. Management's assessment of the Company's internal control over financial reporting excluded the pawn operating assets acquired from Camco, Inc., which operated under the trade name "SuperPawn," because they were acquired by the Company in a purchase transaction during 2004.

The Company's management, including its Chief Executive Officer and Chief Financial Officer, does not expect that the Company's disclosure controls and procedures or internal controls will prevent all possible error and fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected.

## **PART III**

### **ITEM 10. DIRECTORS AND EXECUTIVE OFFICERS OF THE REGISTRANT**

Information required by this Item 10 with respect to directors, the Audit Committee of the Board of Directors and Audit Committee financial experts is incorporated into this report by reference to the Company's Proxy Statement for the 2005 Annual Meeting of Shareholders ("Proxy Statement"), and in particular to the information in the Proxy Statement under the captions "Election of Directors" and "Meetings and Committees of the Board of Directors." Information concerning executive officers is contained in Item 1 of this report under the caption "Executive Officers of the Registrant." Information regarding Section 16(a) compliance is incorporated into this report by reference to the information contained under the caption "Compliance With Section 16(a) of the Securities Exchange Act of 1934" in the Proxy Statement.

The Company has adopted a Code of Business Conduct and Ethics that applies to all of its directors, officers, and employees. This Code is publicly available on the Company's website at [www.cashamerica.com](http://www.cashamerica.com). Amendments to this Code and any grant of a waiver from a provision of the Code requiring disclosure under applicable SEC rules will be disclosed on the Company's website. These materials may also be requested in print and without charge by writing to the Company's Secretary at Cash America International, Inc., 1600 West 7<sup>th</sup> Street, Fort Worth, Texas 76102.

## **ITEM 11. EXECUTIVE COMPENSATION**

Information contained under the caption "Executive Compensation" in the Proxy Statement is incorporated by reference into this report in response to this Item 11.

## **ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

Information contained under the captions "Security Ownership of Certain Beneficial Owners and Management" and "Executive Compensation – Equity Compensation Plan Information" in the Proxy Statement is incorporated into this report by reference in response to this Item 12.

## **ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

Information contained under the caption "Executive Compensation" in the Proxy Statement is incorporated into this report by reference in response to this Item 13.

## **ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES**

Information contained under the caption "Independent Registered Public Accounting Firm" in the Proxy Statement is incorporated into this report by reference in response to this Item 14.

## **PART IV**

## **ITEM 15. EXHIBITS, FINANCIAL STATEMENT SCHEDULES**

- (a) (1) Financial Statements: See Item 8, "Financial Statements and Supplementary Data," on pages 38 through 71 hereof, for a list of the Company's consolidated financial statements and report of independent registered accounting firm.
- (2) Financial Statement Schedule: The following financial statement schedule of the Company is included herein on pages 75 through 76.

Report of Independent Registered Public Accounting Firm on Financial Statement Schedule (page 75)  
Schedule II – Valuation Accounts (page 76)

All other schedules for which provision is made in the applicable accounting regulation of the Securities and Exchange Commission are not required under the related instructions, are inapplicable, or the required information is included elsewhere in the financial statements.

- (3) Exhibits required by Item 601 of Regulation S-K: The exhibits filed in response to this item are listed in the Exhibit Index on pages 77 through 79.

## SIGNATURES

Pursuant to the requirements of Section 13 or 15(d) of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized, on February 25, 2005.

CASH AMERICA INTERNATIONAL, INC.

By: /s/ DANIEL R. FEEHAN  
Daniel R. Feehan  
*Chief Executive Officer and President*

Pursuant to the requirements of the Securities and Exchange Act of 1934, the report has been signed by the following persons on February 25, 2004 on behalf of the registrant and in the capacities indicated.

<u>Signature</u>	<u>Title</u>	<u>Date</u>
<u>/s/ JACK R. DAUGHERTY</u> Jack R. Daugherty	Chairman of the Board of Directors	February 25, 2005

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM  
ON FINANCIAL STATEMENT SCHEDULE**

---

**To the Board of Directors of  
Cash America International, Inc.**

Our audits of the consolidated financial statements, of management's assessment of the effectiveness of internal control over financial reporting and of the effectiveness of internal control over financial reporting referred to in our report dated February 24, 2005 appearing in this Annual Report on Form 10-K also included an audit of the financial statement schedule listed in Item 15(a)(2) of this Form 10-K. In our opinion, this financial statement schedule presents fairly, in all material respects, the information set forth therein when read in conjunction with the related consolidated financial statements.

**CERTIFICATION**

I, Daniel R. Feehan, certify that:

1. I have reviewed this report on Form 10-K of Cash America International, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's fourth fiscal quarter that has materially affected, or is reasonable likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

AS ADOPTED PURSUANT TO  
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002**

In connection with the Annual Report of Cash America International, Inc. (the "Company") on Form 10-K for the year ended December 31, 2004, as filed with the Securities and Exchange Commission on the date hereof (the "Report"), I, Thomas A. Bessant, Jr, Executive Vice President – Chief Financial Officer of the Company, certify, pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that to my knowledge:

- (1) The Report fully complies with the requirements of Section 13(a) or 15(d) or 15(d) of the Securities Exchange Act of 1934, as amended; and
- (2) The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.

/s/ Thomas A. Bessant, Jr.  
Thomas A. Bessant, Jr.  
Executive Vice President and Chief Financial Officer

Date: February 25, 2005
