Plan Committee
QCR Holdings, Inc.
401(k) Profit Sharing Plan
Moline, Illinois

We have audited the accompanying statements of net assets available for benefits of QCR Holdings, Inc. 401(k) Profit Sharing Plan as of December 31, 2004 and 2003, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2004 and 2003, and the changes in its net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental information is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is presented fairly, in all material respects, in relation to the basic financial statements taken as a whole.

401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2004 and 2003

NOTE 1 - PLAN DESCRIPTION

The following description of the QCR Holdings, Inc. 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of QCR Holdings, Inc., Quad City Bank & Trust Company, Quad City Bancard, Inc., and Cedar Rapids Bank & Trust Company (collectively referred to as "Company") who are at least 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Funding Policy

Participants may contribute up to 100 percent of their eligible pre-tax compensation in the form of a salary reduction, subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company makes matching contributions equal to 100 percent of the first 3 percent of the participant's contribution and 50 percent of the next 3 percent. The Company's profit sharing contribution to the Plan is discretionary and is determined annually by the Board of Directors. The Company's discretionary profit sharing contributions for the years ended December 31, 2004 and 2003 were \$89,000 and \$90,000, respectively. Participants must complete 1,000 hours of service during the plan year to be eligible to receive the profit sharing contribution. Additionally, participants must be actively employed on the last day of the plan year or have terminated employment due to death, disability, or retirement in order to receive matching or profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contribution, and allocations of the Company's discretionary profit sharing contribution, the nonvested profit sharing portion of terminated participants' accounts (forfeitures), and Plan earnings. Allocations of the Company's profit sharing contribution and forfeitures are based on participant eligible wages. Allocations of Plan earnings are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants were able to select from nine mutual funds and QCR Holdings, Inc. stock as of December 31, 2004 and nine mutual funds, one money market fund, and QCR Holdings, Inc. stock as of December 31, 2003. All contributions are allocated according to the participants' investment directions.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Vesting

Participants are immediately vested in their voluntary contributions and actual earnings thereon. Vesting in the Company's matching contribution, discretionary profit sharing contribution, and earnings thereon is based on years of service. The participant is fully vested after five years of credited service from the date of employment.

Participant Loans

The Plan allows eligible participants to borrow funds from the Plan. Under the terms of this provision, borrowings are subject to certain limitations, including a minimum borrowing of \$1,000 and a maximum term of five years or a reasonable period of time, which may exceed five years for loans used to acquire a principal residence. Interest rates are fixed at prime rate plus 2 percent at the loan inception date. Principal and interest is paid through payroll deductions.

Payment of Benefits

On termination of service due to death, retirement, or disability, participants or their beneficiaries may elect either a lump-sum payment equal to the value of their account or monthly installments over a period not to exceed their life expectancy. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures

The Company may elect to have forfeitures of terminated participants' nonvested employer match portions of their accounts used to reduce future Company matching contributions. Forfeitures of \$-0- and \$13,862 were used to reduce Company matching contributions for the years ended December 31, 2004 and 2003, respectively. Forfeitures of terminated participants' nonvested profit sharing portion of their accounts are either reallocated to participants as an additional employer profit sharing contribution or are used by the plan sponsor to offset the Company's matching contribution. There were no forfeitures of profit sharing contributions reallocated to participants for the years ended December 31, 2004 or 2003. Unallocated forfeitures as of December 31, 2004 and 2003 were \$24,740 and \$6,395, respectively.

December 31, 2004 and 2003

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are held in a trust. The custodian values all investments at fair value. Investments are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Participant loans are valued at their current balance, which approximates estimated fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date, if applicable.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Administrative and operating expenses are paid by the Plan's sponsor.

NOTE 3 - INVESTMENTS

The fair value of individual investments that represent 5 percent or more of the Plan's net assets as of December 31, 2004 and 2003 are as follows:

NOTE 4 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of the Company's stock. Additionally, certain Plan investments are shares of mutual funds managed by The Hartford. The Hartford is the third party administrator as defined by the Plan. Both of these qualify as party-in-interest transactions.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, the accounts of all participants shall become 100 percent vested and shall be distributed to the participants or their beneficiaries.

NOTE 6 - TAX STATUS

The Internal Revenue Service has determined in a letter dated July 13, 1995 that the Plan and the trust are qualified and exempt from income taxes under the provisions of Section 401(a) of the Internal Revenue Code. Although the Plan has been amended since receiving this determination letter, the Plan administrator believes that the Plan, as amended, continues to qualify under the applicable sections of the Internal Revenue Code.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
