REPORT OF INDEPENDENT REGISTERED ACCOUNTING FIRM

To: Participants and Administrator of the
SKF USA Inc. Pre-Tax Accumulation of
Capital for Employees Plan Single Plan A:

We have audited the accompanying statement of net assets available for benefits of SKF USA Inc. Pre-Tax Accumulation of Capital for Employees Plan Single Plan A (the "Plan") as of December 31, 2004 and 2003, and the related statement of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the auditing standards established by Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2004 and 2003, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the SKF USA Inc. Pre-Tax Accumulation of Capital for Employees Plan Single Plan A (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan that commenced January 1, 1985. It covers all salaried and nonunion employees of SKF USA Inc. (the "Company") except for those production workers employed in the following locations who are included in the SKF USA Inc. Pre-Tax Accumulation of Capital for Employees Plan Single Plan B: SKF/MRC Colebrook Plant, SKF/MRC Gainesville Plant, SKF Aiken Plant, Seals Division Warehouse, Roller Bearing Industries (RBI) and SKF/Twenty Century Machine Division employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective January 1, 2004, certain balances of the 20th Century Machine Company Profit Sharing and Deferred Salary Plan were transferred into the Plan and are shown as asset transfers from other Plan sponsor qualified plans in the statement of changes in net assets available for benefits for the year ended December 31, 2004.

Effective April 1, 2003, the balances of the Roller Bearing Industries Inc. Retirement Savings Plan and effective May 1, 2003, the balances of the Erin Engineering and Research Inc. 401(k) Plan were transferred into the Plan and are shown as asset transfers from other Plan sponsor qualified plans in the statement of changes in net assets available for benefits for the year ended December 31, 2003.

CAPITAL FOR EMPLOYEES PLAN SINGLE PLAN A
NOTES TO FINANCIAL STATEMENTS

CONTRIBUTIONS

Each year, participants may contribute 2% to 30% of pre-tax annual compensation, as defined by the Plan. Participants may also transfer amounts representing eligible distributions from other qualified plans. The Company matches 50% on the first 6% of employee contributions except for employees of Erin Engineering and Research Company Inc. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers eleven mutual funds, a common/collective trust and AB SKF ADR (Company stock) as investment options for participants. Contributions are subject to certain limitations.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution, the participant's share of the Company's contribution, and an allocation of plan earnings, which is based on the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their voluntary contributions, matching Company contributions, if applicable, and actual earnings thereon. Gilman participants are immediately vested in their voluntary and Company matching contributions and earnings thereon. Gilman pre-January 1, 2001, Company contributions and actual earnings thereon are subject to graduated vesting with 100% vesting after seven years of service. Gilman post-January 1, 2001 Company contributions are 100% vested after five years of vesting service. TCM pre-January 1, 2004 Company discretionary contributions are subject to graduated vesting at 20% per year with full 100% after 5 years of service. TCM post-January 1, 2004 Company discretionary contributions are 100% vested after five years of service.

PAYMENT OF BENEFITS

In event of death, disability resulting in termination or retirement, a participant or beneficiary may elect to receive a lump-sum amount equal to the vested value of the participant's account, roll over the amount into an IRA or other qualified plan, or leave the balance in the Plan until normal retirement (age 65), if the balance is greater than \$5,000. The Plan provides that under certain restricted conditions, participants may withdraw their account balance or portion thereof without penalty.

PARTICIPANT LOANS

Participants may borrow from their fund accounts (minimum \$1,000) up to 50% of their vested account balance or \$50,000, whichever is less. A fixed rate of interest adjusted monthly is determined by the prime rate of interest plus 1% (ranging from 5.00% to 10.5% at December 31, 2004 and 5.00% to 10.5% at December 31, 2003) as published on the first of the month in the Wall Street Journal. Interest payments are credited to the participant's account when received. Loans are secured by the balance in the participant's account.

ADMINISTRATION OF THE PLAN

The Company has been designated as the Plan Administrator of the Plan for ERISA purposes. The board of directors of the Company has appointed the Vanguard Fiduciary Trust Company as trustee of the Plan and to provide certain record-keeping services.

The Company pays all administrative expenses of the Plan, except for individual loan fees, which are paid by the participant obtaining the loan.

Certain Plan administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

FORFEITURES

When a participant who is not vested terminates, the non-vested portion of the participant's account, as defined, represents a forfeiture. Company contributions that are forfeited are used to reduce the amount of future Company contributions. Company contributions were reduced by \$ 1,065 and \$8,751 for 2004 and 2003, respectively, from forfeited nonvested accounts. At December 31, 2004, available forfeited non-vested accounts totaled \$1,184 that maybe used to reduce Company contributions in 2005.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities and changes therein. Actual results could differ from those estimates.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and may impact the amounts reported in the statement of net assets available for benefits.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value, with the exception of the Vanguard Retirement Savings Trust. The Vanguard Retirement Savings Trust is carried at contract value, which represents contributions made plus interest accrued at the contract rate. However, Plan management and The Vanguard Group, the Plan manager, believe that the fair value of the trust approximates contract value. The crediting interest rate and average yield were 3.93% and 4.25% for the years ended December 31, 2004 and 2003, respectively.

Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. The AB SKF ADR Fund is valued based on the quoted market price of the ADRs of AB SKF's unrestricted "B" stock. Loans to participants are valued at cost, which approximates fair value. Purchases and sales are recorded on a trade-date basis. Income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

CONTRIBUTIONS

Employee contributions are recorded in the period during which the Company makes payroll deductions from the Plan participant's earnings. Matching contributions are recorded in the same period. Annual Company contributions for a Plan Year are recorded annually after the close of the Plan Year and are reported as contributions receivable.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participant Company contributions become vested in accordance with ERISA provisions.

5. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter, dated March 13, 2001, that the Plan is designed in accordance with applicable sections of the *Internal Revenue Code (IRC)*. Although the Plan has been amended since receiving the determination letter, the Plan administrators and tax counsel believe that the Plan is designed and is currently being operated in accordance with the *IRC*. As a result, the Plan is qualified and the trust is exempt from taxes.

6. RELATED PARTIES

Certain Plan investments are shares of mutual funds and a common/collective trust managed by the Vanguard Group. Vanguard Fiduciary Trust Company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan invests in AB SKF ADRs (Company stock).
