Availability: 10/5/2005

Dear Mr. Unterman:

This is in response to your letters dated September 26, 2005 concerning the shareholder proposal submitted to Pall by David J. Green & Company, LLC. On September 20, 2005, we issued our response expressing our informal view that Pall could exclude the proposal from its proxy materials for its upcoming annual meeting. You have asked us to reconsider our position.

After reviewing the information contained in your letters, we find no basis to reconsider our position. In addition, under Part 202.1(d) of Section 17 of the Code of Federal Regulations, the Division may present a request for Commission review of a Division no-action response under rule 14a-8 if it concludes that the request involves "matters of substantial importance and where the issues are novel or highly complex." We have applied this standard to your request and determined not to present your request to the Commission.

Re: Pall Corporation / Division of Corporate Finance No-action letter September 20, 2005

Dear Sirs:

David J. Greene and Company, LLC ("Greene") a federally registered investment adviser, respectfully appeals to the full Commission from the decision dated September 20, 2005 issued by the Office of Chief Counsel, Division of Corporate Finance, which granted the no-action request submitted by the Pall Corporation ("Pall") in its letter to the Commission dated July 26, 2005 (hereinafter the Staff's no-action letter is referred to as the "September 20th letter"). For the reasons set forth below, Greene believes the Staff erred in finding that Greene "appears to have failed to supply support sufficiently evidencing that it satisfied the minimum ownership requirement continuously for the one-year period as of the date it submitted the proposal".

Contrary to the conclusion reached in the September 20th letter, Pall has been, and is now, well aware of Greene's status as a shareholder and Greene has submitted clear and unequivocal evidence of its continuous ownership of Pall stock for the requisite one-year period. Although the September 20th letter does not indicate the basis for the Staff's conclusion, since our initial letter to Pall setting forth the proposed shareholder resolution was both timely and contained the requisite representations under Rule 14a-8, we can only surmise that the reason the no-action request was granted was some confusion or misunderstanding as to whether Greene and that certain co-mingled account known as "the DJG Small Cap Fund", were, for 14a-8(b) purposes, one and the same (hereinafter the DJG Small Cap Fund is referred to as the "Fund").

This matter began with a letter from Greene to Pall dated June 7, 2005 containing a simple shareholder proposal calling for the annual election of directors (the "Proposal"). Thereafter, notwithstanding Pall's familiarity with Greene and its holdings, in presenting its no-action request to the Commission, Pall took the disingenuous position that Greene had not provided satisfactory evidence that it was a "record holder" of Pall shares so as to be eligible to submit the Proposal. In opposing Pall's no action request, Greene submitted the following documentation:

David J. Greene and Company

1. A letter dated June 7, 2005, signed by me on behalf of Greene stating that Greene had been a shareholder for more than one year, had held more than \$2,000 worth of Pall stock continuously since April 2004, and confirming our intent to maintain ownership of the required number of shares through the date of the next annual shareholders meeting. That letter further confirmed that Greene intended to be present at the 2005 annual meeting to present the Proposal. (For ease of review, a copy of the letter dated June 7, 2005 is annexed as Exhibit A)
2. A letter dated June 30, 2005, signed by me on behalf of both Greene and the Fund confirming that the Fund owned securities of Pall having a market value of more than \$2,000 and had continuously held such shares for more than a year, and further confirming that the Fund intended to hold the required number of shares through the date of the next annual shareholders meeting. That letter further confirmed that Greene and the Fund intended to be present at the 2005 annual meeting to present the Proposal. (For ease of review, a copy of the letter dated June 30, 2005 is annexed as Exhibit B)
3. Copies of the Fund's monthly brokerage statements from April 1, 2004 through May 31, 2005 evidencing the Fund's ownership of Pall shares. (For ease of review, a copy of those brokerage statements are collectively annexed as Exhibit C)
4. Copies of Greene's Form 13F for the quarters ending June 30, 2004 through the quarter ending March 31, 2005 (the most current 13F available at the time of the submission) evidencing Greene as having sole voting authority and discretion for Pall shares with a market value in excess of \$20 million. (For ease of review, a copy of those Forms 13F are collectively annexed as Exhibit D)
5. A copy of the Fund's Confidential Offering Memorandum dated June 7, 2004, including a copy of the DJG Small Cap Fund Agreement, confirming that Greene was the sole Sponsor and manager of the Fund, Greene was the only entity authorized to act for the Fund, and that no legal entity could hold, purchase or sell securities on behalf of the Fund other than Greene. (For ease of review, a copy of the Fund's Offering Memorandum is annexed as Exhibit E)

In connection with the instant appeal of the Staff's decision, we are assuming that the Staff took no issue with the sufficiency of the letters dated June 7, 2005 (Exhibit A) and June 30, 2005 (Exhibit B). We also assume that the twelve months of brokerage statements showing the Fund's continuous ownership of a substantial amount of Pall shares, when coupled with the aforementioned letters, would be sufficient to satisfy the eligibility requirements. We assume therefore, the only remaining basis for possibly concluding that Greene failed to make a satisfactory showing of eligibility would be the hyper-technical argument that Greene and the

David J. Greene and Company

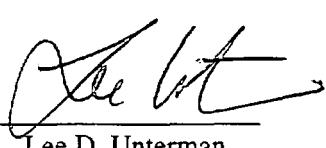

Fund are not one and the same for Rule 14a-8 purposes and that therefore, the Fund should have been the initial proponent of the Proposal, not Greene.

Assuming we understand the Staff's position correctly, we direct the Commission's attention to the Fund's Offering Memorandum and Agreement. The cover page of the Offering Memorandum makes it clear at the outset that the Fund is a co-mingled account and further, that investors in the Fund own Units representing an undivided interest that is non-transferable. On page 1 of the Memorandum, Greene is identified as the Sponsor, and on pages 12 – 13, Greene is identified as the manager of the Fund and the backgrounds of its principals who will act as "Fund Managers" are described in detail. Pages 3 and 4 of the Fund Agreement (also included as part of Exhibit E) make it clear that Greene is the only legal entity that can act for the Fund. The Fund simply has no way to act, or to sign documents, or to advance a shareholder proposal, or to make an application to the Commission, other than through Greene.

To grant Pall's no-action request under these circumstances, and to thereby deprive Pall's shareholders of the opportunity to vote on the issue of the annual election of directors for at least another year, is to favor form over substance and to ignore the Commission's public commitment to a fair and full consideration of shareholder proposals. Accordingly we respectfully urge you to reverse the Staff's determination and to deny the relief sought by Pall and direct that the Proposal submitted by Greene be placed before Pall's shareholders at the company's next annual meeting. Since that meeting is to occur in the very near future, we would further request that you act on this application as expeditiously as possible. In addition, please be advised that we have simultaneously requested that the Staff reconsider the decision that is the subject of this appeal.

Very truly yours,

David J. Greene & Company, LLC

Corporate Secretary
Pall Corporation

Dear Ms. Bartlett:

David J. Greene and Company, LLC ("DJG") is the owner of over 1 million shares of Pall Corporation stock. In that capacity, the attached proposal is submitted for inclusion in the 2005 proxy statement in accordance with Rule 14a-8 of the General Rules and Regulations of the Securities Act of 1934. DJG has been a shareholder for more than one year, and has held over \$2,000 worth of stock continuously since April 2004. In that regard, annexed hereto is a copy of our Form 13F as filed with the SEC showing our position in Pall for the quarter ending June 30, 2004. We will be happy to provide additional verification of our stockholding position should you so request. This letter will also confirm that DJG intends to maintain its ownership of the number of shares required by Rule 14a-8 through the date of the next annual shareholders meeting.

Mr. Benjamin Nahum, a principal of DJG, presently intends to be present at the 2005 annual meeting to personally move the accompanying resolution. Please let me know if you have any questions or require anything further with respect to our proposal.

Very truly yours,

Lee Unterman
General Counsel

**Annual Election of Directors
Pall Corporation**

RESOLVED: That the stockholders request that the Board of Directors promptly take all steps necessary to declassify the election of Directors by insuring that in future Board elections directors are elected annually and not by classes as is now provided. This declassification shall be phased in so that it does not effect the unexpired terms of Directors previously elected.

Supporting Statement

This resolution requests that the Board end the present staggered board system that presently provides that one-third of Directors are elected each year and instead, ensure that all Directors are elected annually. We believe shareholders should have the opportunity to vote on the performance of the entire board each year.

Increasingly, institutional investors are calling for the end of a classified system, believing it makes a Board less accountable to shareholders when directors do not stand for annual election. California's Public Employees Retirement System, New York City pension funds, New York State pension funds and many others, including the Council of Institutional Investors, and Institutional Shareholder Services, are among those that have supported resolutions calling for the annual election of directors.

Recent shareholder resolutions to end this staggered system of voting have received wide support. According to a news release issued by the Social Investment Forum in April 2005, in 2004 approximately 35 proposals asking companies to declassify their boards came to a vote and received average support of 70.4 percent of the votes cast. Numerous companies have demonstrated leadership in corporate governance by changing away from staggered boards. These include Pfizer, Bristol-Myers Squibb, Dow Jones, BellSouth, Coca-Cola and Dell, Inc. Other boards that are now similarly sponsoring resolutions to declassify the board include Yum Brands, Inc., Honeywell, Federated Department Stores, Inc. and Eastman Kodak.

We strongly believe that our company's financial performance is linked to its corporate governance policies and procedures and the level of Board and management accountability they establish. We also believe the Compensation, Nominating, and Audit Committees, as well as the full Board need to be fully and annually accountable to shareowners – another key reason for annually electing Directors.

We do not believe this reform would affect the continuity of director service since our Directors, like those at an overwhelming majority of companies, are routinely elected with strong shareholder approval.

We urge all shareholders to vote "For" this proposal.

Re: Pall Corporation

Dear Mr. Shelley:

This is to acknowledge receipt of, and to respond to, your letter dated June 20, 2005 responding to my letter dated June 7, 2005, which was addressed to Mary Ann Bartlett, the Corporate Secretary of Pall Corporation ("Pall").

Obviously, we are disappointed in what we consider to be the disingenuous nature of your reply on behalf of Pall. Over the past year, David J. Greene and Company, LLC ("DJG") has had a number of contacts with Pall's senior management, and Pall's management is well aware of the institutional nature of DJG's holdings. As you also know, Rule 13d-3 of the Securities Exchange Act of 1934, defines the beneficial owner of a security to be any person who, directly or indirectly, through any contract or arrangement, has the power to vote such security and/or the power to dispose, or direct the disposition of, such security. All of DJG's investment management agreements with its advisory clients grant a blanket power of attorney to DJG and specifically grant DJG sole voting power and investment discretion over securities owned in our portfolios. The 13F forwarded with my earlier letter is clear evidence of DJG having sole voting authority and investment discretion for Pall shares valued at more than \$21 million dollars as of the quarter ended June 30, 2004. Enclosed with this letter is a copy of DJG's 13F for the period ending March 31, 2005, which shows DJG having sole voting authority and investment discretion for Pall shares valued at more than \$22 million dollars.

Nonetheless, in an effort to avoid any ambiguity on the subject, enclosed with this letter are the relevant portions of brokerage statements for each month from April 2004 through June 2005 showing the portfolio holdings for the DJG Small Cap Fund. That "fund" is a commingled account of which DJG is the sole Sponsor and Fund Manager. That "fund" clearly held, and still holds, securities of Pall having a market value of more than \$2,000, and has continuously held such shares for more than a year. Although my earlier correspondence should have sufficed, please accept this letter as confirmation that the DJG Small Cap Fund intends to continue to own the number of shares required by Rule 14a-8 through the next annual meeting of the shareholders

David J. Greene and Company

of Pall. This will also confirm that DJG and the DJG Small Cap Fund intend to be present at the 2005 annual meeting to present the resolution that accompanied my earlier correspondence.

CONFIDENTIAL OFFERING MEMORANDUM

THE DJG SMALL CAP VALUE FUND
(A Diversified Co-mingled, Investment Account)

Sponsored by

DAVID J. GREENE AND COMPANY, LLC

Securities Offered: Units in the Fund

Minimum Purchase: Generally, \$1,000,000

THE FUND IS ADMINISTERED AS A CO-MINGLED INVESTMENT ACCOUNT IN WHICH EACH INVESTOR OWNS AN UNDIVIDED INTEREST. AN INVESTMENT IN THE FUND IS SIMILAR TO HAVING A MANAGED INVESTMENT ACCOUNT WITH AN INVESTMENT ADVISER. THE UNITS ARE NOT TRANSFERABLE.

YOU SHOULD READ THE COPY OF THE FUND AGREEMENT INCLUDED AS PART OF THIS MEMORANDUM FOR COMPLETE INFORMATION CONCERNING THE RIGHTS AND OBLIGATIONS OF THE PARTIES TO THE FUND AGREEMENT.

Name of Offeree

Memorandum No.

June 7, 2004

NOTICES

THE UNITS OF THE DJG SMALL CAP VALUE FUND (THE "FUND") OFFERED PURSUANT TO THIS CONFIDENTIAL OFFERING MEMORANDUM (THIS "MEMORANDUM") HAVE NOT BEEN RECOMMENDED, APPROVED OR DISAPPROVED BY THE SECURITIES AND EXCHANGE COMMISSION, ANY STATE SECURITIES COMMISSION OR ANY OTHER REGULATORY AUTHORITY. NO SUCH COMMISSION OR AUTHORITY HAS PASSED UPON THE ACCURACY OR ADEQUACY OF THIS MEMORANDUM.

THE UNITS HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933 (THE "1933 ACT") OR APPLICABLE STATE SECURITIES LAWS. THE UNITS MAY NOT BE RESOLD OR TRANSFERRED EXCEPT (1) PURSUANT TO REGISTRATION UNDER OR EXEMPTION FROM THE 1933 ACT OR APPLICABLE STATE SECURITIES LAWS AND (2) IN ACCORDANCE WITH THE TERMS OF THIS MEMORANDUM.

THE FUND IS EXEMPT FROM REGISTRATION FROM THE INVESTMENT COMPANY ACT OF 1940 (THE "COMPANY ACT"), PURSUANT TO SECTION 3(c)(7) THEREOF.

INVESTORS MUST BE U.S. PERSONS WHO ARE (1) "ACCREDITED INVESTORS" AS DEFINED UNDER THE 1933 ACT, (2) "QUALIFIED PURCHASERS" AS DEFINED UNDER THE COMPANY ACT, (3) KNOWLEDGEABLE AND EXPERIENCED IN FINANCIAL AND BUSINESS MATTERS SUCH THAT THEY ARE CAPABLE OF EVALUATING THE MERITS AND RISKS OF THE ACQUISITION OF UNITS, (4) WILLING AND ABLE TO BEAR THE ECONOMIC RISKS OF THIS INVESTMENT, AND (5) SOPHISTICATED INVESTORS WHO ARE ABLE TO BEAR A SUBSTANTIAL OR COMPLETE LOSS OF THEIR CAPITAL CONTRIBUTIONS. INVESTORS MUST ACQUIRE THE UNITS SOLELY FOR THEIR OWN ACCOUNT, FOR INVESTMENT PURPOSES ONLY AND NOT WITH AN INTENTION OF DISTRIBUTION, TRANSFER OR RESALE.

THIS MEMORANDUM CONSTITUTES AN OFFER ONLY IF THE NAME OF THE PROSPECTIVE INVESTOR APPEARS ON THE COVER PAGE AND ONLY IF DELIVERY OF THIS MEMORANDUM IS AUTHORIZED BY THE FUND. ANY REPRODUCTION OF THIS MEMORANDUM OR THE DIVULGENCE OF ANY OF ITS CONTENTS, WITHOUT THE PRIOR WRITTEN CONSENT OF THE FUND, IS PROHIBITED.

NO OFFERING LITERATURE OR ADVERTISING SHALL BE EMPLOYED IN THE OFFERING OF THE UNITS EXCEPT FOR THIS MEMORANDUM. NO PERSON HAS BEEN AUTHORIZED TO MAKE ANY REPRESENTATION OR WARRANTY OR PROVIDE ANY INFORMATION WITH RESPECT TO THE UNITS EXCEPT THE INFORMATION CONTAINED IN THIS MEMORANDUM. NEITHER THE DELIVERY OF THIS MEMORANDUM NOR ANY SALES MADE HEREUNDER SHALL CREATE AN IMPLICATION THAT THERE HAS BEEN NO CHANGE IN THE MATTERS DISCUSSED HEREIN SINCE THE DATE HEREOF.

THIS MEMORANDUM SHOULD NOT BE CONSTRUED AS INVESTMENT, LEGAL OR TAX ADVICE. EACH PROSPECTIVE INVESTOR IS URGED TO SEEK INDEPENDENT INVESTMENT, LEGAL AND TAX ADVICE CONCERNING INVESTING IN THE FUND.

THE FUND SHALL MAKE AVAILABLE TO EACH PROSPECTIVE INVESTOR PRIOR TO THE PURCHASE OF UNITS THE OPPORTUNITY TO ASK QUESTIONS AND RECEIVE ANSWERS CONCERNING THE OFFERING OF UNITS AND TO OBTAIN ADDITIONAL INFORMATION, TO THE EXTENT THE FUND POSSESSES SUCH INFORMATION OR CAN ACQUIRE IT WITHOUT UNREASONABLE EFFORT OR EXPENSE.

THIS MEMORANDUM DOES NOT CONSTITUTE AN OFFER OR SOLICITATION IN ANY STATE OR OTHER JURISDICTION IN WHICH AN OFFER OR SOLICITATION IS NOT LAWFUL OR AUTHORIZED OR IN WHICH THE PERSON MAKING SUCH OFFER OR SOLICITATION IS NOT QUALIFIED TO DO SO.

FOR FLORIDA RESIDENTS ONLY

SALES TO PERSONS IN FLORIDA ARE BEING MADE IN RELIANCE ON THE EXEMPTION FROM REGISTRATION CONTAINED IN SECTION 517.061(11) OF THE FLORIDA SECURITIES AND INVESTOR PROTECTION ACT. WHEN SALES ARE MADE TO FIVE (5) OR MORE PERSONS IN FLORIDA, ANY SUCH SALE IS VOIDABLE BY THE PURCHASER WITHIN THREE (3) DAYS AFTER (A) THE DATE THE PURCHASER FIRST TENDERS CONSIDERATION TO THE ISSUER, AN AGENT OF THE ISSUER OR AN ESCROW AGENT OR (B) THE DATE THE AVAILABILITY OF THAT PRIVILEGE IS COMMUNICATED TO SUCH PURCHASER, WHICHEVER OCCURS LATER

SUMMARY

The following summary is intended to highlight certain information contained in the body of this Memorandum and is intended for reference only. You should read the entire Memorandum including the Exhibits and Appendix I attached hereto carefully before determining whether to invest in the Fund. Defined terms not defined when first used are defined under the applicable headings below.

THE FUND

The Fund

The DJG Small Cap Value Fund is a diversified commingled investment account. The Fund was formed on July 9, 1997. The principals of the Sponsor, through an investment partnership, made an initial investment of \$500,000 and may make further investments as additional outside funding is received. Certain principals of the Sponsor have also made individual investments in the Fund. The aggregate amount of such investments is approximately 3% of the assets of the Fund.

Sponsor

David J. Greene and Company, LLC (the "Sponsor", "we" or "us"), 599 Lexington Avenue, 12th Floor, New York, New York 10022, 212-371-4200. The Sponsor is registered as an investment adviser under the Investment Advisers Act of 1940, as amended (the "Advisers Act").

Investment Objective

The Fund's investment objective is to achieve long-term capital appreciation by applying our long-held value disciplines to the small capitalization equities market. The Fund seeks to outperform the Russell 2000 Value or the Russell 2000 index over a complete market cycle. Our bottom-up approach to the analysis of equities, with an emphasis on special situations, focuses on small capitalization securities. We anticipate that the average weighted market capitalization for the Fund will be no more than two times the weighted average of the Russell 2000 Value index. We seek to identify companies that we believe are selling at significant discounts to their intrinsic

* Defined as securities of companies with total equity market capitalizations between \$100 million and \$4 billion at the time of purchase, though the Fund may, from time to time, invest in public companies with somewhat larger or smaller total equity market capitalizations.

Investments

values where managements' game plans will lead to narrowing of the price/value gap. Intrinsic value is based on our evaluation of fundamentals such as cash flow, free cash flow generation, returns on invested capital, and hidden asset value (i.e., franchise value).

There can, of course, be no assurance that the foregoing investment objective will be met.

To meet its objective, the Fund may purchase listed common and preferred stocks and fixed income securities listed on a national securities exchange or the NASDAQ National Market, including certificates of deposit, ADRs, commercial paper, fixed-income securities which are convertible into equity securities, government and other non-convertible debt securities and securities of companies in bankruptcy, and may purchase puts and write covered call options. In addition, the Fund may invest in "risk arbitrage positions," which include securities that may become exchangeable for cash or other securities as a result of the issuer being an announced candidate for a merger, acquisition, restructuring or similar transaction, or securities the issuer of which has been the subject of a filing on Schedule 13D under the Securities Exchange Act of 1934 (the "1934 Act") (collectively, "Securities").

Investment Selection Process

The Sponsor employs a systematic process of identifying small capitalization public companies. As a starting point, we screen for generally overlooked value indicators. Once attractive investment candidates are identified, intensive bottom-up fundamental research begins, including examination of financial statements, meetings with company management and evaluations of competitors. During the process, we also seek to identify event-driven stocks selling at discounts to their intrinsic values. Event-driven stocks include those related to significant corporate restructurings or the occurrence of other major non-operating events, such as major management changes, substantial share repurchases, spin-offs, split-ups and liquidations.

Dividends and interest are not prime considerations in the purchase of Securities, but they are considered in relation to the total expected return of the investment.

Investment Restrictions

The Fund will not:

- purchase or sell real estate or interests in real estate, (but may purchase marketable Securities of companies holding real estate or interests in real estate);
- make loans, except by the purchase of a portion of an issue of bonds, debentures or other debt Securities;
- borrow money, purchase Securities on margin or engage in repurchase transactions;
- sell any equity or debt Securities short;
- without the prior approval of the Sponsor's Investment Committee, invest more than 5% of the Fund's Net Asset Value (as defined below) (at the time of purchase) in the Securities of any one issuer;
- acquire interests in any equity securities of any partnerships, limited liability companies or any other entities classified as partnerships for income tax purposes;
- invest in Securities of any company whose defined contribution plan is an investor in the Fund unless the Plan's governing instrument contains a specific authorization for such an investment;
- purchase or sell commodities or commodity contracts, although the Fund may purchase marketable Securities of companies holding commodities or commodity contracts;
- invest in options (except the Fund may purchase puts and write call options against Securities held in its portfolio);
- invest in Securities of a foreign issuer, unless they are directly listed on a national security exchange or NASDAQ, or otherwise listed as ADRs;
- invest in initial or secondary public offerings which trade at a premium when secondary

market trading begins (so-called "hot issues");
or

- invest in unregistered "restricted" Securities or in private placements.

The foregoing are the only investment restrictions on the Fund.

Risk Factors

An investment in the Fund is very speculative and could involve the following risks to you:

- Loss of your investment and certain conflicts of interest. See the sections titled "Risk Factors" and "Conflicts Of Interest" for a more detailed discussion.
- Liquidity will be limited because of transfer restrictions and because of the absence of any market for the Units.
- You will have no control over the Fund's business.
- Your annual tax liability for any taxable income from your investment will likely exceed cash distributions to you from the Fund.

THE OFFERING

Securities Offered

Units in the Fund ("Units") are being offered to Eligible Investors pursuant to a private placement exemption under Regulation D of the Securities Act of 1933 (the "1933 Act").

The Offering

Units are being offered on the first day of each month at a price per Unit based on the Net Asset Value (as defined below) of the Fund at the last business day of the preceding month. We reserve the right to admit investors at other times. See "Administration of the Fund."

Units in the Fund are being offered only by the Sponsor. No selling fees or commissions will be charged.

Minimum Subscription

- The minimum initial subscription is \$1,000,000 for new subscribers.

- Lesser subscription amounts may be accepted subject to approval of the Sponsor.
- Any initial or additional subscriptions may be accepted or rejected in whole or in part in the sole and absolute discretion of the Sponsor.

Eligible Investors

"Eligible Investors" are required to be "U.S. persons" (as defined in the Subscription Agreement) and must qualify both as "qualified purchasers" under the Investment Company Act of 1940, as amended (the "1940 Act") and as "accredited investors" under the 1933 Act and come within one of the following categories:

- state and local pension funds; private pension, profit sharing and stock bonus trusts, including jointly administered multi-employer pension funds (the "Plans"), that are exempt from federal income taxation under section 501(a) of the Internal Revenue Code of 1986, as amended (the "Code");
- other entities, such as foundations, educational institutions and medical organizations, that are exempt from federal income taxation under section 501(c)(3) of the Code;
- Individual Retirement Funds (as defined under "ERISA Considerations");
- government plans; and
- individual investors.

Also, certain of our "knowledgeable employees" will be eligible to invest in the Fund even though they do not meet the qualified purchaser requirements.

Offering Limitations

The number of investors in the Fund will be limited to 100 in order to assure that the Fund will satisfy the safe harbor for avoiding publicly traded status set forth in Treas. Reg. § 1.7704-1(h) and will be excepted from registration as an investment company under Section 3(c)(1) of the 1940 Act.

Subscription Procedure

In order to purchase a Unit, you must:

- complete, execute and deliver to us two copies of

the Subscription Agreement, together with such other supplementary documents as we request; and

- pay the full amount of your subscription by check or wire transfer or as otherwise provided in accordance with the instructions in the Subscription Agreement.

ADMINISTRATION OF THE FUND

Fees and Expenses Payable by the Fund

Fund Management Fee. The Sponsor receives a Fund Management Fee, payable monthly, equal to the following percent per annum of the Fund's Net Asset Value:

- .85% on the first \$50,000,000 of assets,
- .80% on the next \$25,000,000 of assets; and
- .75% on the assets in excess of \$75,000,000.

Operating Expenses. The Fund pays all of its other expenses, including, brokerage and commission expenses in connection with transactions executed for the Fund (including brokerage commissions payable to the Sponsor at its competitive rate in the event the Sponsor effects transactions on behalf of the Fund), charges and expenses of the Fund's lawyers and accountants, and any Custodian, tax accounting, and transfer fees.

Custodian

Bear Stearns Securities Corp., a registered broker-dealer, serves as custodian of the assets of the Fund (the "Custodian") and as the Fund's prime broker in accordance with the terms of various agreements between the Custodian and the Fund. We reserve the right, in our sole discretion, to remove the Custodian and/or to replace the Custodian with another custodian and/or prime broker. Bear Stearns Securities Corp. has acted as the Sponsor's fully disclosed clearing agent since June, 2000.

Brokerage

The Fund will execute, clear and settle the Fund's transactions with firms that are registered under the 1934 Act as broker-dealers, including the Custodian. We also may act as a broker on behalf of the Fund at such times as we deem appropriate.

Withdrawal of Units

An investor may redeem all or a portion of its Units, without penalty, generally as of the last business day of any month ("Redemption Valuation Date") on at least 30 days' (60 days' in the case of a redemption in kind) prior written notice ("Redemption Notice"); provided, however, that no withdrawal, except a complete withdrawal, shall be permitted if the partial withdrawal would result in decreasing an investor's investment to less than \$1,000,000 immediately after such redemption. We may waive any of the withdrawal restrictions, including the minimum investment and the day of redemption.

Mandatory Withdrawals

We may direct the redemption, without charge, of all or any part of the Units of any investors as of the last business day of any month upon at least 30 days' prior written notice for any reason deemed necessary or appropriate by us in our sole discretion and in accordance with our fiduciary duty to the investors.

Distributions

Any distributions will be made in our sole and absolute discretion. We do not currently intend to make any distributions.

Transferability

The Fund will not register the transfer of any Unit to a transferee unless approved by us. There is no public or secondary market for the Units, and we do not believe a public or secondary market will develop for the Units.

Reports

Investors will receive quarterly updates, annual reports and all reports.

Federal Income Tax Considerations

The Fund will be treated as a partnership for Federal income tax purposes. You will be required to report on your own tax return and pay all applicable income taxes on your allocable share of the Fund's taxable income, whether or not any cash distributions are made to you. You should satisfy yourself as to the income tax consequences of an investment in the Fund with specific reference to your own tax situation by obtaining advice from your own tax counsel before purchasing each Unit.

Fiscal Year

The fiscal year of the Fund is the calendar year.

Auditors

BDO Seidman acts as auditors to the Fund and the Sponsor.

Legal Counsel

Katten Muchin Zavis Rosenman has passed upon legal matters for the Fund and the Sponsor.

Anti-Money Laundering

Verification of Subscribers' Identities and Subscription Sources. As part of your subscription and the Fund's responsibility for the prevention of money laundering, and to assist in the world-wide effort to combat terrorism, the Sponsor, on behalf of itself and the Fund, will require a detailed verification of your identity and the source of the funds for your payment. The amount of detail required will depend on the circumstances of each Subscriber.

By way of example, an individual will be required to produce a copy of a passport or driver's license, together with evidence of his/her address, such as a utility bill or bank statement and date of birth. Entity subscribers will be required to produce certified formation documents and information on their directors (or equivalent persons) and beneficial owners. References also may be requested.

The Sponsor reserves the right to request such information as it deems necessary to verify your identity and the source of your subscription payment. In the event of delay or failure by you to produce any information required for verification purposes, the Sponsor may refuse to accept your Subscription Application and all subscription monies relating thereto, or may refuse to honor a withdrawal request until proper information has been provided by you.

Suspicious Activities. If the Fund or the Sponsor has a suspicion that a payment to the Fund (by way of subscription or otherwise) contains the proceeds of criminal conduct, or knows or suspects that another person is engaged in money laundering, that person may report such suspicion to the appropriate authorities. The Fund, the Sponsor and any agent of the Fund will not incur any liability for adhering to the Fund's responsibilities under its anti-money laundering program, and will be indemnified by the Subscriber for any losses which the Fund or its principals or agents may incur for doing so.

Prohibited Investors. If the Fund determines that any investor is a Prohibited Investor as defined in Addendum I to the Subscription Documents, the Fund may, among other things, freeze that investor's assets

in the Fund and notify appropriate legal authorities.

Additional Information

You are invited to meet with us for a further explanation of the terms and conditions of this offering of Units and to obtain any additional information necessary to verify the information contained herein, to the extent we possess such information or can acquire it without unreasonable effort or expense. Requests for such information should be directed to Clarissa Moore, telephone 212-371-4200; facsimile 212-750-4331; or e-mail at: cmoore@djgreenec.com.

RISK FACTORS

The identification of attractive investment opportunities is difficult and involves a significant degree of uncertainty. Returns generated from the Fund's activities may not adequately compensate you for the business and financial risks assumed. The Fund will be subject to those market risks common to funds investing in all types of Securities, including the prospect that prices of the securities in which the Fund will invest may be volatile. Subscribers should consider the following risks before investing in the Fund.

Small Capitalization Securities

The Fund's Net Asset Value will fluctuate based on the market value of its portfolio positions. Smaller capitalization issues may be more volatile than the securities of larger companies due to, among other things, reduced liquidity of the shares traded. Such reduced liquidity and other factors could adversely affect the timing and price of the Fund's acquisition and disposition of Securities.

Smaller capitalization stocks as a group may not respond to general market rallies or downturns as much as larger capitalization issues due to, among other things, (1) a lack of diversification in the business activities, (2) limited product lines, (3) markets or financial resources of smaller capitalization companies, and (4) correspondingly greater susceptibility to changes in their business cycles.

Limited Investment History

The Fund has a limited operating history. There can be no assurance that the Fund will achieve its objectives or provide a return to subscribers. Though we have prior experience in managing investment advisory accounts, there can be no assurance that the Fund's future performance will be similar to the Fund's or our past performance.

Put and Call Options

The seller (writer) of a covered call option (i.e., the writer has a long position in the underlying security) assumes the risk of a decline in the market price of the underlying security to a level below the purchase price of the underlying security, less the premium received on the call option. The writer of a covered call option also gives up the opportunity for gain on the underlying security above the exercise price of the call. The buyer of a put option assumes the risk of losing the premium it paid to purchase the option. The loss on the put option is offset, in whole or in part, by any gain in the market price of the underlying security.

Risk Arbitrage Transactions

Securities may be purchased at prices below the anticipated value of the cash, securities or other consideration to be paid or exchanged for such Securities in a proposed merger,

exchange offer, tender offer or other similar transaction. If the proposed merger, exchange offer, tender offer or other similar transaction later appears likely not to be consummated or in fact is not consummated or is delayed, the market price of the Securities may decline and result in losses to the Fund if such Securities are sold, transferred or exchanged for Securities or cash, the value of which is less than the purchase price.

Indemnification of the Sponsor

The Sponsor, together with its members, principals, affiliates, officers and employees, will not be liable, responsible or accountable in damages or otherwise to the Fund or any of the investors for any act or omission performed or omitted by it in good faith on behalf of the Fund and in a manner reasonably believed by it to be within the scope of the authority granted to it, except when such action or failure to act constitutes negligence, gross negligence, fraud or willful misconduct. The will be indemnified by the Fund for any loss or expense suffered or sustained by it as a result of or in connection with any act performed by it within the scope of its duties including, without limitation, any judgment, settlement, reasonable attorneys' fees and other costs or expenses incurred in connection with the defense of any actual or threatened action or proceeding; provided, however, that such indemnity shall be payable only if the indemnitee acted in good faith and in a manner it reasonably believed to be in, or not opposed to, the best interests of the Fund and the investors.

CONFLICTS OF INTEREST

The Sponsor, and its principals, have in the past and may in the future act as sponsors of other funds engaged in trading Securities, or trade Securities on a discretionary basis for other clients. There is no restriction on the Sponsor, or on its members, principals, affiliates, officers or employees, with respect to purchasing or selling any Securities for their own accounts or for the account of any other client (advisory or otherwise) prior to, simultaneously with, or subsequent to any purchase or sale for the Fund, and there is no obligation to purchase or sell for the Fund any Security which the Sponsor, or its members, principals, affiliates, officers or employees, may purchase or sell for their own accounts or for the accounts for any other clients. In addition, the purchase of a Security for the Fund does not preclude subsequent purchases of such Security for any investor's individually-managed account with the Sponsor, should such Security be approved for the investor by its Investment Committee. Accordingly, the Sponsor, together with its principals may be making securities trading decisions for accounts other than the Fund's during the same period that it is managing the Fund's investments. In connection therewith, the Sponsor may use the same or different information and trading strategies as it utilizes in the performance of services for the Fund. It is likely that orders of the Fund may be executed in conjunction with orders for the accounts of other funds and clients managed by the Sponsor. The Sponsor and its principals will endeavor to achieve equitable treatment of all accounts (commensurate with size, investment objective and timing differences among such

accounts) and to avoid any conflicts with regard thereto. Further, the Sponsor may act as a broker on behalf of the Fund at such times as the Sponsor deems appropriate. This may cause a potential conflict of interest between the Sponsor's duty to seek best execution of the Fund's brokerage transactions and its desire to allocate transactions to itself.

REGULATORY MATTERS

The Fund is intended to be substantially free of the regulatory and administrative burdens of a public mutual fund (e.g., various securities law filings will be eliminated, and the confidentiality of the Fund and the investors will be preserved). However, as the Fund will not be registered under either the 1940 Act or the 1933 Act, certain protections that would otherwise be available to shareholders of a registered investment company or a public company will not be available to the investors in the Fund. Similarly, neither the proxy provisions nor the periodic reporting requirements provided for under the federal securities laws will be applicable to the Fund. The Sponsor is, nevertheless, subject to the anti-fraud provisions of the federal securities laws.

SPONSOR

The Sponsor's predecessor in interest was established in 1952. The Sponsor is registered as an investment adviser under the Investment Advisers Act of 1940, as amended and is a member of the NASD, Inc. ("NASD") with approximately \$2 billion under management. The Sponsor has eleven principals and a staff of approximately twenty professional and support persons, all of whom devote their full time to the business. The Sponsor views the Fund as a worthwhile adjunct to the investment advisory services it presently provides.

Set forth below is a brief description of the education and business background of the principals who serve as the managers of the Fund as well as the principals serving on the Investment Committee:

Fund Managers

Michael C. Greene. Mr. Greene is Chief Executive Officer and Chief Investment Officer of the Sponsor and is a member of the Investment and Executive Committees. He began his investment career at Drexel Burnham Lambert, where he gained substantial experience in fundamental analysis of companies, as well as perspective on the investment philosophies and

needs of institutional clients. He joined the Sponsor as a research analyst in 1985, and became a principal of the Sponsor in 1988. From 1995-1998, Mr. Greene served as Co-Chief Executive Officer of the Sponsor with Alan I. Greene. Mr. Greene graduated from Colgate University with a BA Degree in Economics and earned an MBA in finance from New York University Graduate School of Business.

Benjamin H. Nahum. Mr. Nahum is a principal and Executive Vice President of the Sponsor. He joined the firm in 1991 as a Senior Research Analyst and became a principal of the Sponsor in 1992. Prior to joining the Sponsor, Mr. Nahum spent eight years as an analyst and trader with R. Lewis Inc. and MKI Securities. Mr. Nahum holds a B.A. from Clark University and a JD from Brooklyn Law School.

Investment Committee (In addition to the above Fund Managers)

Alan I. Greene. Mr. Greene is Chairman of the Investment Committee of the Sponsor and a member of its Executive Committee. He joined the Sponsor as a securities analyst in 1952, handling investment research, account analysis, and portfolio management. Mr. Greene took over leadership of the Sponsor in 1965 and moved to solidify the firm's focus on providing institutional investment management services. Under his leadership, the firm's assets under management have grown from approximately \$100 million to close over \$2 billion. Mr. Greene holds a B.A. degree from Colgate University.

Erwin A. Zeuschner. Mr. Zeuschner is a principal and Senior Vice President of the Sponsor in charge of the Investment Advisory Department and a member of the Investment Committee. From the outset, his more than 30-year career has been focused on investment. He holds an undergraduate degree in economics and an MBA from New York University. His investment skills and philosophy were developed at The Chase Manhattan Bank, where he headed investment research. In 1978, he became Chief Investment Officer of Chase Investors Management Corp., the bank's money management subsidiary, and Chairman of its Investment Policy Committee. He joined the Sponsor in 1980 with a strong value philosophy. As one of the firm's senior investment professionals, he is actively engaged in research and portfolio management.

The Sponsor will also utilize certain of our own analysts and administrative personnel to assist the Fund Managers in managing the Fund. The original, in-depth research of the Sponsor will support the Fund Managers as part of their investment decision making as will the other resources of the Sponsor.

FEES AND EXPENSES PAYABLE BY THE FUND

Fund Management Fee

The Sponsor receives a Fund Management Fee, payable monthly, equal to the following percent per annum of the Fund's Net Asset Value:

.85% on the first \$50,000,000 of assets,

.80% on the next \$25,000,000 of assets; and

.75% on the assets in excess of \$75,000,000.

"Net Asset Value" means the total assets less the total liabilities of the Fund at any date based upon the accrual basis of accounting in accordance with generally accepted accounting principles consistently applied to reflect all gains and losses (whether realized or unrealized), income and expenses, liabilities and the Valuation of Securities (as defined below), with such adjustments as are necessary or advisable in the sole discretion of the Sponsor.

"Valuation of Securities" for purposes of determining the Net Asset Value of the Fund's Securities shall mean such value as the Sponsor may reasonably determine in accordance with the following:

In determining the value of Securities: Securities that are listed on a national securities exchange and/or the NASDAQ National Market and are freely transferable shall be valued at their last reported composite sales price used by the pricing service employed by the Custodian on the date of determination, or, in the case of listed options or if no sales occurred on such day, at the mean between the last "bid" and "ask" price at the close of business on such day. Securities traded over the counter other than on the NASDAQ National Market and which are freely transferable shall be valued at the mean between the last "bid" and "ask" price.

All values assigned to Securities and other assets by the Sponsor pursuant to this definition shall be final and conclusive as to all of the investors.

Operating Expenses

The Fund will pay all of its expenses, including the Fund Management Fee payable to the Sponsor, brokerage and commission expenses in connection with transactions executed for the Fund (including brokerage commissions payable to the Sponsor at its competitive rate in the

event the Sponsor effects transactions on behalf of the Fund), charges and expenses of the Fund's lawyers and accountants, and any Custodian, layered tax accounting and transfer fees.

BROKERAGE ARRANGEMENTS

The Fund will execute, clear and settle the Fund's transactions with firms that are registered under the 1934 Act as broker-dealers, including the Custodian. The Sponsor also may act as a broker on behalf of the Fund at such times as we deem appropriate. Currently, trades executed by us will be cleared by Bear Stearns Securities Corp., however, we reserve the right to clear trades through other clearing brokers without notice to the investors. In such event, we will be subject to the same standards as described immediately below. By becoming a party to the Fund Agreement, you will be consenting to our executing transactions on behalf of the Fund; provided that those transactions are effected in accordance with Section 11(a) of the 1934 Act and Rule 11a2-2(T) thereunder and, with respect to investors that are Plans, in accordance with the provisions of the Prohibited Transaction Exemption No. 86-128. The Fund will not permit any broker to cross trade with the trades of any individual accounts that are managed. In no event will transactions be effected between the Fund and any other individual account we manage.

In selecting brokers to execute transactions, we need not solicit competitive bids and do not have an obligation to seek the lowest available commission cost. It is not our practice to negotiate "execution only" commission rates, thus, the Fund may be deemed to be paying for other products and services provided by the broker which are included in the commission rate. We will, based on our knowledge of the industry, attempt to have the Fund's brokerage arrangements competitive with similar situated funds. In making its selection of brokers, we take into account the broker's reliability, accuracy of recommendations on particular securities, reputation, financial responsibility, stability, ability to execute trades, nature and frequency of sales coverage, commission rate and responsiveness. In addition, in selecting brokers, we may consider the value of the following, either provided by the broker, or paid for by the broker (either by cash payments or by commissions) to be provided by others (collectively, "Products and Services"): brokerage (such as clearing, order routing, custodial and settlement services, special executions and block positioning) and research and research products and services, as described below.

Research may include, among other things, proprietary research from brokers, which may be written, oral or on-line. Research products may include, among other things, computers or terminals, computer databases, financial publications, and quotation equipment, in each case, to access research or which provide research directly. Research services may include, among other things, research concerning market, economic and financial data, statistical information, data on pricing and availability of securities, financial publications, electronic market quotations, performance measurement services, analyses concerning specific securities, companies or

sectors, and market, economic and financial studies and forecasts. Research services may be in written or oral form or on-line.

We do not adhere to any rigid formulas in making the selection of brokers, but weighs a combination of the preceding criteria. The Fund has no fixed internal brokerage allocation procedures designating specific percentages of brokerage commissions to particular firms. We seek best execution in transactions for the Fund and will direct brokerage to firms providing Products and Services when they are able to provide best execution. In recognition of the value of Products and Services provided by a broker, we may effect securities transactions which cause the Fund to pay the broker an amount of commission in excess of the amount of commission another broker would have charged.

To the extent we can obtain Products and Services from, or to be paid for by, brokers at a commission rate which is not higher than the rate we customarily pay for brokerage services alone (although we may have to allocate more commission business to brokers who also provide Products and Services), we may do so. In exchange for the direction of commission dollars to certain brokers, credits may be generated which may be used by us to pay for the Products and Services provided by, or paid for by, such brokers. To the extent that such credits are generated or such Products and Services are obtained, we and the Fund will be receiving a benefit by reason of the direction of commissions. All such arrangements will comply with Section 28(e) of the 1934 Act.

Products and Services may be used by us in servicing some or all of our clients (including the Fund) and the clients of our affiliates. In addition, some Products and Services may not necessarily be used by the Fund even though its commission dollars provided for the Products and Services. The Fund, therefore, may not, in any particular instance, be the direct or indirect beneficiary of the Products or Services provided.

CUSTODIAN

Bear Stearns Securities Corp., a registered broker-dealer, serves as custodian of the assets of the Fund (the "Custodian") and as the Fund's prime broker in accordance with the terms of various agreements between the Custodian and the Fund, effective April 2, 2002. The agreements between the Custodian and the Fund authorize and direct the Custodian to accept into the Fund's account any cash and Securities delivered to it by or at our direction on behalf of the Fund and to effect transactions involving the Fund's assets on instruction. Among such transactions, we may from time to time direct the Custodian to invest cash assets of the Fund in short-term investment funds, including such investment funds created by the Custodian or its predecessors. We reserve the right, in our sole discretion, to remove the Custodian and/or to replace the Custodian with another custodian.

Under Section 15c3-3 of the 1934 Act, a broker-dealer such as the Custodian is required to segregate a customer's securities. If the Custodian fails to do so, the Fund may be subject to a risk of loss of the assets held by the Custodian in the event of the Custodian's bankruptcy. In the event of a failure of the Custodian, the United States Securities Investor Protection Corporation ("SIPC") provides a maximum of \$500,000 of account insurance, only \$100,000 of which may be taken in cash. A broker-dealer may also provide account insurance in excess of the SIPC amounts. For example, the Custodian currently provides an unlimited amount of excess account insurance for the Fund. The Custodian will also act as the prime broker for transactions handled for the Fund by unaffiliated broker-dealers. For a more detailed description please see "Brokerage Arrangements."

The Custodian has not participated in the sponsorship of the Fund or the formulation of the investment policies to be followed with respect to the Fund by the Sponsor. The investment management of the assets of the Fund is our exclusive responsibility. Furthermore, the Custodian has no duty, obligation or intention to review the investment of assets of the Fund, to advise us or to question our directions given to it.

PRIME BROKERAGE ARRANGEMENTS

The Custodian, as a prime broker, will, at our direction, enter into agreements to clear transactions for executing brokers (each, an "Executing Broker"). Each Executing Broker will carry an account, which will be treated as a broker-dealer credit account in the name of the Custodian for the benefit of the Fund. Pursuant to such agreements, the Custodian will accept for clearance and settlement trades executed for the Fund by the Executing Brokers. Further, the Custodian will be responsible for ensuring that each Fund transaction which it has not disaffirmed or given notice of an intention not to clear and settle because of the occurrence of certain events specified in such agreements, will be cleared and settled on behalf of the Fund and recorded on the Custodian's books in a cash account.

ADMINISTRATION OF THE FUND

The Fund will be administered as a co-mingled investment account in which each investor owns an undivided interest. An investment in the Fund is similar in various respects to having a managed investment account with an investment adviser. The Fund will file annual partnership income tax returns, will provide a Schedule K-1 to each investor in the Fund, and

will allocate gains and losses (as determined for income tax purposes) in accordance with the partnership tax provisions of the Code. See "Certain Tax Considerations." Investors do not have the ability to replace the Sponsor, by vote or otherwise, and do not have the ability to change or modify the Fund's investment objectives or the Sponsor's investment selection process.

Redemption of Investments in the Fund

An investor may redeem all or a portion of its investment in the Fund, without penalty, generally as of the last business day of any month ("Redemption Valuation Date") on at least 30 days' (60 days' in the case of a redemption in kind) prior written notice ("Redemption Notice"); provided, however, that no withdrawal, except a complete withdrawal, shall be permitted if the partial withdrawal would result in decreasing an investor's investment to less than \$1,000,000 immediately after such redemption. The Sponsor may waive any of the withdrawal restrictions, including the minimum investment and the day of redemption.

The Redemption Notice must specify the number of Units or dollar amount to be redeemed and the manner in which the redemption is to be affected (the date of receipt of the Redemption Notice is referred to as the "Redemption Notice Date"). The Sponsor will, based on such timely instructions, either (1) transfer (with a valuation as of the Redemption Valuation Date) to the investor's own account securities from the Fund's portfolio reflecting the undivided pro rata interest in the Fund represented by the Units to be redeemed (taking into account rounding to the nearest round lot, with cash adjustments), or (2) redeem (with a valuation as of the Redemption Valuation Date) the specified number of Units for cash (utilizing the Fund's available uninvested cash, if any).

Units will be redeemed for cash (by direct payment by the Fund or through an exchange arrangement upon the written direction to the Sponsor by all parties to the exchange) unless an investor requests, in the Redemption Notice, that its Units be redeemed in kind. Upon such a request, an investor will be entitled to receive its proportionate share of the assets that are held by the Fund on the applicable Redemption Valuation Date. Investors seeking payment in kind will be required to arrange for delivery of such Securities to a designated holder, such as a registered broker or sub-custodian. The Fund, through the Custodian, will provide such arrangements at an investor's request and expense. An investor may not make any redemptions of all or any part of its Units in the Fund except as described above.

The Sponsor may direct the redemption, without charge, of all or any part of the Units in the Fund owned by any or all investors as of the last business day of any month upon at least 30 days' prior written notice for any reason deemed necessary or appropriate by the Sponsor, in its sole discretion and in accordance with its fiduciary duty to the investors.

ERISA CONSIDERATIONS

The Sponsor may, subject to the limitations below and the other limitations herein, accept subscriptions from Employee Benefit Plans subject to ERISA ("ERISA Plans"), from IRAs, Keogh Plans which cover only self-employed persons and their spouses and other employee benefit plans which cover only the owners of a business and which are not subject to ERISA (collectively, "Individual Retirement Funds"), from government plans, church plans, foreign plans and any other employee benefit plans which are not subject to ERISA (collectively, "Non-ERISA Plans") and from other entities the assets of which are "plan assets" due to direct or indirect investments in such entities by ERISA Plans, Individual Retirement Funds, and Non-ERISA Plans (collectively, "Plan Assets Entities"). Individual Retirement Funds, ERISA Plans, Non-ERISA Plans and Plan Assets Entities are hereafter called "Plans".

Section 404(a)(1) of ERISA and the regulations promulgated thereunder by the United States Department of Labor (the "DOL") provide as a general rule that a fiduciary with respect to a Plan subject to ERISA must discharge his duties with respect to the Plan in a prudent manner and must consider several factors in determining whether to subscribe for Fund Units of the Fund. If a fiduciary with respect to any such Plan acts imprudently with regard to subscribing for Fund Units of the Fund, the fiduciary may be held personally liable for losses incurred by the Plan as a result of such imprudence. Among the factors that should be considered are (i) the diversification and liquidity of the Plan's portfolio; (ii) the potential returns on the proposed investment taking into account the risk of loss and opportunity for gain; (iii) the place the proposed investment would occupy in the Plan's portfolio taken as a whole; and (iv) whether the proposed investment is permitted under the documents and instruments governing the Plan.

The acceptance of a subscription by the Sponsor from a Plan does not constitute a representation or judgment by the Fund or the Sponsor that an investment in the Fund is an appropriate investment for that entity or that such an investment meets the legal requirements applicable to such entity. Those considering the purchase of Fund Units on behalf of a Plan remain responsible for the Plan's compliance with the legal requirements applicable to such entity. If the purchase of Fund Units is not prohibited under the governing documents of the entity or otherwise, the Plan fiduciary who decides to do so or who is instructed to do so can subscribe for Fund Units.

Plan Assets

Depending upon the relative Net Asset Value of Fund Units purchased by Plans, relative to purchases by other investors, the underlying assets of the Fund may be considered to be assets of the Plans investing in the Fund for regulatory compliance purposes. Under DOL regulations, when an ERISA Plan, Individual Retirement Fund or Plan Assets Entity acquires an equity interest in an entity such as the Fund, which interest is not a publicly offered security, as is the case with the Fund Units, the underlying assets of the entity will not be deemed "plan assets" if the "25% Ownership Limitation" is met. The 25% Ownership Limitation will be met if less than

25% of the aggregate equity interests in each class of equity of the entity are held by Plans (excluding equity interests held by any person with discretionary authority or control with respect to the entity, or affiliates of any such person). If the 25% Ownership Limitation is not met and Plans own Fund Units representing 25% or more of the aggregate Net Asset Value of all Fund Units (excluding any Fund Units held by the Sponsor or any of its affiliates), the underlying assets of the Fund will constitute "plan assets" of the investing ERISA Plans, Individual Retirement Funds and Plan Assets Entities. The 25% Ownership Limitation is applied when a person acquires or disposes of an equity interest in an entity.

The Sponsor will, in its sole discretion, determine whether to cause the Fund to comply with the 25% Ownership Limitation. The Fund expects that it will exceed the 25% Ownership Limitation, and consequently, it is likely that the underlying assets of the Fund will be treated as ERISA plan assets.

To the extent the assets of the Fund are deemed to be plan assets, the Sponsor will be a fiduciary with respect to each Plan subject to ERISA which holds Fund Units. In such circumstances, the general prudence and fiduciary responsibility provisions of ERISA will be applicable to the Sponsor with respect to each investment made by the Fund, and certain transactions entered into by the Fund may be prohibited transactions. In the event that any transaction would or might constitute a prohibited transaction under ERISA or the Code and no exemption for such transaction or transactions is readily available, the Sponsor reserves the right, upon notice to, but without the consent of, any investor, mandatorily to redeem any investor which is an ERISA Plan, Individual Retirement Fund, or Plan Assets Entity.

ERISA Investment Manager Status

Where (i) a fiduciary of a Plan subject to ERISA is a "named fiduciary," (ii) the fiduciary appoints an investment adviser to manage the assets of the Plan, and (iii) the investment adviser is a registered investment adviser under the Advisers Act (or under similar state law provisions) which acknowledges in writing that it is a fiduciary with respect to the Plan, the investment adviser can meet the requirements of an "investment manager" under Section 3(38) of ERISA and the fiduciary's liabilities can be partially limited with respect to the investment adviser's management of the Plan's assets. Thus, while the Plan fiduciary will remain responsible for the prudence of selecting the investment adviser, and for monitoring the investment adviser's actions, the fiduciary need not be responsible for any failure of the investment adviser to comply with ERISA's fiduciary standards or otherwise have any obligation to manage or invest any assets which are subject to the management of the adviser (unless the Plan fiduciary has actual knowledge of a breach of the investment adviser's fiduciary duties). In connection with the offering of the Fund Units, to the extent the Fund's assets are ERISA plan assets, the Plan fiduciary will have appointed the Sponsor as an investment adviser of the Plan's undivided interest in the Fund. However, if the Sponsor is not appointed as an ERISA investment manager, including if any of the conditions described above are not satisfied, the fiduciary of a Plan subject to ERISA will be responsible for both the selection and monitoring of the Sponsor as well as the Sponsor's compliance with the fiduciary standards and prohibited transaction rules of ERISA and the related provisions of the Code.

In the event of a breach of ERISA or the Code, a fiduciary of a Plan subject to ERISA can be personally liable for losses incurred by the Plan resulting from the fiduciary's breach of fiduciary duties (including lost profits) and a civil penalty imposed by the DOL, as well as significant excise taxes and other negative consequences.

Management of the Fund

As a fiduciary under ERISA, the Sponsor will be subject to ERISA's prohibited transaction provisions (and the generally mirror provisions of Section 4975 of the Code) in connection with the management of the Fund. Thus, unless an exception or exemption applies, the Sponsor is prohibited from allowing the Fund to engage in any transaction (including the buying or selling of securities or other property or any extension of credit) which it knows or should know is with a "party in interest," regardless of the reasonableness or fairness of the transaction. As a general matter, this would require the Sponsor to determine whether each transaction involving the assets of the Fund would give rise to a non-exempt prohibited transaction under ERISA. While blind open market trades should not cause prohibit transaction concerns, investments in other investment entities will need to be considered in light of the available exemptions. A party in interest, for these purposes, includes, without limitation: any fiduciary, administrator or service provider of any of the Plans or the Fund; an employer whose employees are covered by any of the Plans; and a union any of whose members are covered by any of the Plans. In addition, certain affiliates of the foregoing entities are also classified as parties in interest.

One available exemption might include the Department of Labor's Prohibited Transaction Class Exemption 84-14 ("PTCE 84-14"). Under PTCE 84-14, transactions entered into by the Sponsor involving unrelated parties in interest will be exempt, if the conditions of the exemption are met. Certain significant conditions of PTCE 84-14 include: (i) the Sponsor must be a "qualified professional asset manager" as defined in Part V(a) of PTCE 84-14 (which the Sponsor expects that it will be), (ii) the party in interest must not be the Sponsor or any of its affiliates, or any person that has, or has exercised, the authority to appoint or terminate the Sponsor as a fiduciary over the plan's assets or any person that exercises fiduciary authority in connection with the plan's decision to invest in, or maintain its investments in, the Fund. The result of these conditions are that the Sponsor will need to obtain representations, warranties and covenants from Plans that are subject to ERISA or the Prohibited Transaction provisions of the Code to facilitate compliance with these conditions.

Another available exemption might include the Department of Labor's Prohibited Transaction Class Exemption 86-128 ("PTCE 86-128"). PTCE 86-128 permits the Sponsor to act as broker-dealer on behalf of the Fund, if the conditions of the exemption are met. Certain significant conditions of PTCE 86-128 would include that the Sponsor be a broker-dealer and that certain additional reporting and disclosure requirements be met.

While the Sponsor will endeavor to comply with ERISA'S fiduciary standards and the prohibited transaction rules, there can be no guarantee that the good faith actions of the Sponsor will not result in a breach of fiduciary duty under ERISA. In this regard, the plan fiduciary is therefore urged to consult with its own legal counsel concerning these issues. Moreover, there

can be no absolute assurance that the Sponsor will be able to determine whether a nonexempt prohibited transaction has occurred or might occur.

ERISA Fidelity Bond

The Sponsor will not purchase a fidelity bond satisfying the requirements of Section 412 of ERISA with respect to the assets of the Fund owned by ERISA Plans. If you are an ERISA Plan you must cause the Sponsor to be covered under your bond with respect to assets invested by you in the Fund.

Additional Fiduciary Considerations

Certain prospective Plan investors may currently maintain relationships with the Sponsor or any of its affiliates under which the Sponsor or any such affiliate provides investment advisory and/or management services to such entity. These relationships may cause the Sponsor or its affiliates to be deemed to be a fiduciary with respect to such Plan. As a result, an investment in the Fund by a Plan for which the Sponsor or any of its affiliates provide investment advisory and/or management services could possibly be interpreted to constitute a prohibited use of the plan assets of such entity because it has the effect of benefiting them. The Sponsor has determined that neither it nor any affiliate will recommend investment of any Plan assets in Fund Units with respect to which assets the Sponsor or any such affiliate may be a fiduciary, nor will the Sponsor or any affiliate allocate any such assets over which they have discretionary control to the Fund. Plan fiduciaries should make their own determination regarding whether any relationship the Plan investor (or its fiduciaries) maintains with the Sponsor or any of its affiliates would constitute a prohibited use of plan assets.

Reporting and Disclosure

Plan fiduciaries are responsible for complying with any reporting and disclosure requirements under ERISA or the Code resulting from an investment in the Fund. A Form 5500 (Annual Return/Report) is required to be filed by certain Plans investing in the Fund. Pursuant to DOL regulations, ERISA Plans investing in the Fund would need to include on their Form 5500 information relating to the fair market value of the Plan's investment in the Fund as of the close of the Plan's fiscal year, and the Plan's acquisition or disposition of any Fund Units. Moreover, to the extent the assets of the Fund are treated as plan assets, detailed information regarding the Fund's assets and liabilities and even the Fund's investment transactions may need to be reported on the Plan's Form 5500, unless the Sponsor elects to make an alternative filing directly with the DOL. Presently, the Sponsor intends to make such filing with the DOL. If the Plan's fiscal year differs from the Fund's fiscal year, the Plan investor may not be able to obtain valuation information on its Fund Units or on the underlying assets of the Fund as of the last day of the Plan's fiscal year.

Special Rules for Individual Retirement Funds

Individual Retirement Fund fiduciaries should consider the unique rules applicable to their Individual Retirement Fund before making an investment in the Fund. Although Individual Retirement Funds are subject to the prohibited transaction rules of the Code, Individual

Retirement Funds are not subject to ERISA's fiduciary standards, but may be subject to additional rules and regulations that could impact a decision to invest in the Fund. For example, IRAs are subject to special custody rules and are prohibited from investing in certain commingled investments. A violation of these custody rules or a prohibited commingling of the assets of an IRA in other than a common trust fund or common investment fund could result in the disqualification of the IRA and a deemed distribution of the IRA's assets to the beneficiary of the IRA.

Exempt Plans

Certain Plans may include the assets of governmental plans which are not subject to ERISA and church plans which often will not be subject to ERISA. Also, the above-described prohibited transaction provisions do not apply to governmental plans or church plans. However, such Plans are subject to prohibitions against certain related-party transactions under Section 503 of the Code, which prohibitions operate similar to the above-described prohibited transaction rules. In addition, the fiduciary of any governmental or church plan must consider applicable state or local laws, if any, and the restrictions and duties of common law, if any, imposed upon such plan before making an investment in the Fund.

Information Request

The Sponsor reserves the right to request from any investor or potential investor in the Fund such information as the Sponsor deems necessary to monitor Fund investments relating to Plans or potential Plan-related compliance concerns.

* * *

Plan fiduciaries that are prospective investors should consult with their own counsel concerning the appropriateness of an investment in the Fund, and the consequences under ERISA or other applicable law of an investment in the Fund, including all compensation arrangements.

CERTAIN INCOME TAX CONSIDERATIONS

The following is a summary of certain United States income tax considerations which may be relevant to you. It is impractical to set forth all aspects of Federal, state and local income tax law which may bear upon an investment in the Fund. The income tax considerations discussed below are necessarily general and may vary depending upon your particular circumstances. Therefore, you should consult their own professional tax advisors as to your tax consequences of this investment.

The discussion of Federal income tax consequences that follows is based on the Internal Revenue Code of 1986, as amended (the "Code"), judicial decisions and administrative

regulations, rulings and practice, all of which are subject to change. The Fund has not sought a ruling from the Internal Revenue Service ("IRS") or an opinion of legal counsel as to any tax matters.

Treatment as "Partnership"

Under current U.S. Treasury Regulations, the Fund is classified as a partnership for Federal income tax purposes. The Fund also will be administered so that it should not be classified as a "publicly traded partnership" within the meaning of Section 7704(b) of the Code. Accordingly, the Fund will not be a taxable entity for Federal income tax purposes, but will be required to file an annual Federal and state partnership information income tax return. Each investor will be required to take into account in determining his or its income tax liability each year, his or its proportionate share of the Fund's income, gain and loss, whether or not any income is paid out to such investor.

As promptly as practicable after the end of each fiscal year, the Fund will provide each investor with a statement indicating the amounts representing such investor's share of the Fund's net capital gain or loss, dividends and other relevant information for purposes of enabling investors to report such amounts for income tax purposes.

The income tax returns of the Fund may be audited, and such an audit could lead to an audit of the tax returns of the investors. Such audits could result in the determination of tax deficiencies unrelated to the Fund. Furthermore, interest paid on tax deficiencies would likely not be deductible by most investors.

Tax Shelter Regulations; Disclosure

Recently finalized Regulations directed at abusive tax shelter activity and generally effective January 1, 2003 apply to transactions not conventionally regarded as tax shelters. Among other things, the Regulations require specified disclosures by certain persons that directly or indirectly participate in a "reportable transaction," as defined. A transaction involving an actual or deemed acquisition of an asset generally is a reportable transaction if it generates gross tax losses (whether or not offset by income or gains) equal to or greater than certain amounts (specified below), unless the transaction comes within one of several exclusions. While the exclusions generally cover most customary trading activity, they do not cover certain types of arbitrage and derivatives transactions, among others. Accordingly, it is possible that the Fund may participate in one or more reportable transactions. In that event, the Fund would be required to file an IRS Form 8886 with its tax return (which may increase its risk of being audited) and maintain a list identifying those investors (if any) that were allocated tax losses from the reportable transaction(s) equal to or greater than the specified amounts. (The amounts are, for taxpayers other than C corporations, \$2 million from one or more reportable transactions in any taxable year, \$4 million from one or more reportable transactions over any six-year period, or \$50,000 of ordinary loss from any foreign currency transaction that is not otherwise excluded from the application of these rules.) An investor that is allocated tax losses from reportable transactions equal to or greater than the specified amounts must file an IRS Form 8886 with its own tax return for each year that the investor reports tax losses from the reportable transaction(s).

Tax Considerations For Tax-Exempt Investors

The Fund does not expect to generate any unrelated business taxable income ("UBTI"). Assuming that no UBTI is generated, tax-exempt investors will be unable to deduct expenses and losses of the Fund, even though any such items allocated to them will reduce the Unit Value of their Units.

Considerations For Investors Not Exempt from Federal Taxation

The Fund will allocate its taxable income, gains and losses among the investors in accordance with the requirements of Section 704(b) of the Code and the Treasury Regulations thereunder. Since gain or loss on the Fund's Securities generally will not be recognized by the Fund for tax purposes until the Securities are sold or disposed of, discrepancies may result between an investor's economic gain or loss (as reflected in the Unit Value) and his share of the gain or loss reported by the Fund for tax purposes.

The Fund will utilize a variety of trading strategies that may produce both short-term and long-term capital gain, as well as ordinary income. The Fund's trading strategies are not developed with a view to generating income of any particular character.

Under current tax law, a tax rate of 35% generally applies to ordinary income and short-term capital gains of non-corporate taxpayers and a top rate of 15% generally applies to capital gains from property held for more than 12 months ("long-term gain"). The excess of Fund capital losses over capital gains is deductible by a non-corporate taxpayer against capital gains from other sources, plus up to \$3,000 of ordinary income each year. Unused capital losses may be carried forward indefinitely by a non-corporate investors, but may not be carried back by such investor. AS A RESULT OF THESE LIMITATIONS, AMONG OTHERS DESCRIBED HEREIN, AN INDIVIDUAL'S SHARE OF THE FUND'S CAPITAL LOSSES, IF ANY, WILL NOT MATERIALLY REDUCE HIS FEDERAL INCOME TAX ARISING FROM HIS ORDINARY INCOME FROM THIS AND OTHER SOURCES.

Under Code Section 67, an individual's miscellaneous itemized deductions for any year, including his investment expenses other than interest, are deductible in any year for regular income tax purposes only to the extent that they exceed 2% of his adjusted gross income, and are not deductible at all for alternative minimum tax purposes. The deductible portion, if any, of such expenses is further reduced by an amount equal to the lesser of 3% of an individual's adjusted gross income in excess of \$100,000 (indexed for inflation) or 80% of an individual's otherwise allowable miscellaneous itemized deductions. Miscellaneous itemized deductions for these purposes do not include expenses incurred in connection with a trade or business. Unless the Fund is considered to be engaged in the trade or business of trading Securities, an individual's ability to deduct his share of Fund expenses (other than interest) will be limited as described above. This could result in an individual investor's having to report taxable income in excess of his economic profits from the Fund.

The Fund will file tax returns reflecting the position that its trading activity is not a passive activity for purposes of the passive activity loss limitations of Section 469 of the Code. Accordingly, for most taxable investors, taxable income generated by the Fund's transactions

will not be permitted to be offset by passive activity losses from other investments, and tax losses generated by the Fund's transactions will not be affected by these limitations.

An investor generally will not recognize gain or loss on the receipt of marketable Securities upon a withdrawal from the Fund. An investor's basis in marketable Securities received upon withdrawal from the Fund generally will equal such investor's basis in his Units.

Future Tax Legislation

Legislation may be enacted in the future, and Treasury Regulations may be issued, that could be retroactive with respect to transactions entered into prior to the effective date thereof or could generally affect the Fund (or an investment therein). There can be no assurance that changes in the tax law applicable to this investment will not occur that could adversely affect the tax treatment of gains, losses and expenses arising from past or future activities of the Fund.

State and Local Taxes

In addition to the Federal income tax consequences described above, investors may be subject to various state and local taxes. (No such taxes are anticipated to be payable by the Fund in New York.) State and local tax laws may differ in various respects from Federal income tax law, and may impose additional limitations on the deductibility of various expenses and losses. Prospective investors should consult with their own professional tax advisors concerning the applicability of state and local taxes to an investment in the Fund.

The consequences of an investment in the Fund may vary depending on your particular circumstances. Accordingly, you are urged to consult your own tax advisor with respect to the effects of this investment on your own tax situation.

PLAN OF DISTRIBUTION

Units in the Fund are offered on behalf of the Fund by us, the Sponsor. No selling fees or commissions will be charged.

Units in the Fund generally are being offered on the first day of each month; provided, however, that we reserve the right to admit investors at other times. Investment funds received prior to 1:00 p.m. (New York time) on any business day will be deposited by us into the Fund's account on that day; investment funds received after 1:00 p.m. (New York time) will be so deposited as of the next succeeding business day (the date of deposit is referred to as a Contribution Date). Commencing on the Contribution Date, funds will be managed by the us pursuant to the Fund Agreement, the form of which is annexed hereto as Appendix L

The number of Units ascribed to each such investor on the Contribution Date will be calculated at a price per Unit based on the Net Asset Value of the Fund at the last business day preceding the Contribution Date (any such last business day is hereinafter referred to as a "Valuation Date"). The number of Units purchased on the Contribution Date by an investor will equal such investor's investment divided by the per Unit value (the "Unit Value") of the Fund on the Valuation Date (i.e., the Net Asset Value of the Fund on the Valuation Date, divided by the aggregate number of Units held by all investors in the Fund, excluding new investors and redeeming investors, on the Valuation Date).

SUBSCRIPTION PROCEDURE

In order to invest in the Fund, you must (1) complete, execute and deliver two copies of the Subscription Agreement, together with such other supporting documents as we may request; and (2) pay the full amount of your subscription, by check or wire transfer or otherwise provided in accordance with the instructions in the Subscription Agreement, to the Sponsor at 599 Lexington Avenue, 12th Floor, New York, New York 10022, Attn: Clarissa Moore.

By executing the Subscription Agreement, you will become a party to the Fund Agreement, which sets forth the terms of your participation in the Fund. The Fund Agreement generally provides that the operation of the Fund, and your rights and responsibilities, will be as described in this Memorandum. For full information as to the contents of the Fund Agreement, you should read the Fund Agreement annexed hereto as Appendix I. The term of the Fund Agreement is one year, with automatic successive one year renewals, unless you notify us in writing, not less than 30 days prior to the commencement of any such extension, of your intention not to renew the Fund Agreement, in which case you will be considered to have requested a redemption of all of your Units for cash.

REPORTS TO INVESTORS

The Fund will provide to each investor a quarterly report setting forth the Fund's Net Asset Value, the Unit Value and the number of Units held by such investor. At the end of each fiscal year, the Fund will provide to each investor (1) a copy of the Fund's annual financial statement with respect to such year audited by BDO Seidman, the Fund's independent financial auditors; (2) a copy of Part II of the Sponsor's Form ADV; and (3) a statement disclosing the aggregate compensation received by the Sponsor in effecting transactions on behalf of the Fund

on national securities exchanges on which the Sponsor is a member. In addition, as soon as practicable, but no later than 90 days after the end of each fiscal year, the Fund will furnish each investor with such information as may be necessary to enable the investor to file his federal income tax return and any required state income tax return. The Sponsor will provide copies of each of the foregoing to each subscriber prior to such subscriber's investing in the Fund. The Fund will also file with the DOL each year an auditor's report prepared by BDO Seidman as described in 29 C.F.R. §2550.103-12.

ADDITIONAL INFORMATION

You are invited to meet with the Sponsor for a further explanation of the terms and conditions of this offering of Units and to obtain any additional information necessary to verify the information contained herein, to the extent the Sponsor possesses such information or can acquire it without unreasonable effort or expense. Requests for such information should be directed to Clarissa Moore at the Sponsor, telephone 212-371-4200; facsimile 212-750-4331; or e-mail at: cmoore@djgreenecom.

**THE DJG SMALL CAP VALUE
FUND AGREEMENT**

David J. Greene and Company, LLC
The DJG Small Cap Value Fund
599 Lexington Avenue, 12th Floor
New York, New York 10022

Re: The DJG Small Cap Value Fund (the "Fund")

Gentlemen:

This letter when executed by you (the "Sponsor") will constitute an agreement between the Sponsor and the investor named in the Subscription Agreement (the "Subscription Agreement") dated of even date herewith, which is attached hereto as Exhibit A and made part hereof (the "Investor") relating to the Investor's subscription for Units in the Fund, a co-mingled investment account maintained and managed by the Sponsor. The terms of the operation and administration of the Fund and the rights and responsibilities of the investors in the Fund are set forth in the Fund's Confidential Memorandum dated June 7, 2004 (the "Memorandum"), which is attached hereto and made part hereof. Capitalized terms used herein and not otherwise defined shall have the meanings given to them in the Subscription Agreement and the Memorandum.

The Investor and the Sponsor hereby agree as follows:

1. Redemptions. (a) All or any portion of an Investor's interest in the Fund may be redeemed, without penalty, subject to the provisions set forth in the Memorandum under "Redemption of Investments in the Fund."

(b) Upon the request by the Investor for redemption, the Sponsor may, and the Investor authorizes the Sponsor, pursuant to the Redemption Notice to be delivered to the Sponsor as described in "Redemption of Investments in the Fund," to take all such action as may be required to effect the redemption of the Investor's interest in the Fund.

2. Expenses and Management Fees. For its services in administering and serving as the investment adviser to the Fund, the Sponsor shall be entitled to receive directly from the Fund an annual Fund Management Fee as described in the Memorandum under "Compensation of the Sponsor." The Fund will bear all expenses described in the Memorandum under "Expenses of the Fund" and "Compensation of the Sponsor."

3. Investment Objectives. The investment objective of the Fund and the policies that will be followed in seeking to meet such objective are set forth in the Memorandum under "Investment Objectives," "Investment Selection Process" and "Investment Restrictions."

4. Indemnification; Exculpation. (a) The Sponsor together with its principals, members, affiliates, officers and employees, will not be liable, responsible or accountable in damages or otherwise to the Fund or any of the investors for any act or omission performed or omitted by it in good faith on behalf of the Fund and in a manner reasonably believed by it to be within the scope of the authority granted to it, except when such action or failure to act constitutes negligence, gross negligence, fraud or willful misconduct. The Sponsor will be indemnified by the Fund for any loss or expense suffered or sustained by it as a result of or in connection with any act performed by it within the scope of its duties including, without limitation, any judgment, settlement, reasonable attorneys' fees and other costs or expenses incurred in connection with the defense of any actual or threatened action or proceeding; provided, however, that such indemnity shall be payable only if the indemnitee acted in good faith and in a manner it reasonably believed to be in, or not opposed to, the best interests of the Fund and the investors. The Sponsor, at its own cost, may acquire insurance against any liability relating to the Sponsor's activities with respect to the Fund.

(b) If the Investor is not a Plan, the Sponsor shall not have any responsibilities with respect to assets of the Investor other than the Investor's investment in the Fund and any other investment advisory accounts to which the Sponsor is an adviser.

(c) If the Investor is a Plan, the Sponsor shall not be considered a fiduciary or have any other responsibilities with respect to assets of the investor other than Investor's investment in the Fund, any other investment advisory account or funds to which the Sponsor has agreed to be a manager. Except as may otherwise be specifically required by the Employee Retirement Income Security Act of 1974 ("ERISA"), the Sponsor shall not be responsible for any loss incurred by reason of any act or omission of any broker-dealer, custodian, or the undersigned (or any custodian), or other fiduciary of the Plan. The Investor acknowledges that the Sponsor will not purchase independently a fidelity bond satisfying the requirements of section 412 of ERISA with respect to the assets of the Fund owned by a Plan. The Investor shall cause the Sponsor to be covered, while the Investor owns an interest in the Fund, under the Investor's ERISA section 412 fidelity bond and will provide evidence with respect thereto to the Sponsor, if so requested.

5. Plan Subscribers. If the Investor is a Plan and if the underlying assets of the Fund are deemed "plan assets" within the meaning of Department of Labor regulation 29 CFR 2510.3-101, the Sponsor is hereby appointed as an "investment manager," as defined in section 3(38) of ERISA, with regard to the portion of the Plan's assets allocated to the Fund. The Sponsor hereby acknowledges that it is a fiduciary within the meaning of section 3(21)(A) of ERISA with respect to the assets of the Plan allocated to the Fund and represents and warrants that it is a registered investment adviser under the 1940 Act and meets the standards established by the Department of Labor for a "qualified professional asset manager," as set forth in Prohibited Transactions Class Exemption No. 84-14.

6. Sponsor Effectuated Fund Transactions. The Investor specifically authorizes the Sponsor to effect transactions on behalf of the Fund as well as to perform investment advisory services for the Fund, and the Investor agrees that the Sponsor may retain compensation in connection with effecting securities transactions for the Fund; provided that those transactions are effected in accordance with Section 11(a) of the Securities Exchange Act of 1934 and Rule 11a2-2(T) thereunder and, with respect to Investors that are Plans, in accordance with the provisions of Prohibited Transaction Exemption No. 86-128, Fed. Reg. 41686 (November 18, 1986).

7. Non-assignability. The Investor's interest in the Fund is not transferable or assignable by the Investor without the prior written consent of the Sponsor.

8. Term. The term of this Agreement shall commence on the date hereof and shall terminate on the first anniversary of such date; provided, however, that, unless the Sponsor or the Investor shall, not less than 30 days prior to the expiration of the term hereof, notify the other of its intention not to renew the term hereof, each shall be deemed to have consented to the renewal of this Agreement for a period of one year, and these renewal provisions shall again apply at the end of each such one-year period. If the Investor notifies the Sponsor in writing upon at least 30 days' prior written notice of its intention to terminate this Fund Agreement, the Investor will be considered to have requested a redemption of all of its interest in the Fund for cash.

9. The Custodian. The Investor hereby ratifies the appointment of Bear Stearns Securities Corp. (the "Custodian") as custodian and prime broker of the Fund pursuant to various agreements among the Custodian, the Fund and the Sponsor, and hereby authorizes the Sponsor to enter into with the Custodian, on behalf of the Fund, such other usual and customary agreements regarding the Custodian's handling of the Fund's assets as the Sponsor shall deem necessary and appropriate. The Custodian shall not be subject to any liability of the Investor, the Sponsor, or to any other person, firm or organization (including beneficiaries of any Plan or trust) for any investment made at the direction of the Sponsor or for any loss or diminution of assets of the Fund resulting from any action taken or omitted by the Sponsor or the Custodian at the direction of the Sponsor. The Custodian has not participated in the sponsorship of the Fund or the formulation of the investment policies to be followed with respect to the Fund by the Sponsor. The investment management of the assets of the Fund is the exclusive responsibility of the Sponsor. Further, the Custodian has no duty, obligation or intention to review the investment of assets of the Fund, to advise the Sponsor or to question directions given to it by the Sponsor.

10. Miscellaneous. (a) The Sponsor may act as investment adviser to other persons, firms or corporations, including commingled investment pools or entities similar to the Fund.

(b) Neither this Fund Agreement nor the Sponsor's management of the Fund shall be assigned (as defined in the 1940 Act) by the Sponsor without the consent of the Investor.

(c) The Sponsor may retain appropriate professional advisors, including accountants and legal counsel, and is hereby authorized to accept their findings and conclusions, including, but not limited to, conclusions concerning the valuation of the assets of the Fund and allocations of gains and losses to the respective Investor, and shall incur no liability for so doing.

(d) All notices required or permitted pursuant to this Agreement shall be in writing and shall be addressed to the parties at their addresses set forth herein, or at such other address as either party shall so specify.

(e) The section headings in this Agreement are for convenience only and shall be given no effect in construing or interpreting the provisions of this Agreement.

(f) This Agreement constitutes the entire agreement between the parties with respect to the subject matter hereof. The provisions of this Agreement may not be modified or waived except by written agreement executed by the party to be bound thereby.

(g) Except as otherwise provided in Section 514 of ERISA, this Fund Agreement shall be governed by and construed in accordance with the internal laws of the State of New York (without giving effect to the conflict of laws principles thereof) applicable to contracts, transactions and obligations entered into, and to be wholly performed, in the State of New York.

(h) The parties agree that any action or proceeding arising, directly, indirectly or otherwise, in connection with, out of, related to, or from, this Fund Agreement, any breach hereof, or any transaction covered hereby, shall be resolved, whether by arbitration or otherwise, within the State of New York. Accordingly, the parties consent and submit to the jurisdiction of the federal and state courts located within the State of New York. The parties further agree that any such action or proceeding brought by either party to enforce any right, assert any claim, or obtain any relief whatsoever in connection with this Fund Agreement shall be commenced by such party exclusively within the State of New York.

Very truly yours,

INVESTOR

Re: Pall Corporation
Incoming letter dated July 26, 2005

Dear Sirs:

David J. Greene and Company, LLC ("Greene") respectfully requests reconsideration of your decision dated September 20, 2005, which granted the no-action request submitted by the Pall Corporation ("Pall") in its letter to the Commission dated July 26, 2005 (the "September 20th letter"). For the reasons set forth below, Greene believes the Staff erred in finding that Greene "appears to have failed to supply support sufficiently evidencing that it satisfied the minimum ownership requirement continuously for the one-year period as of the date it submitted the proposal".

Contrary to the conclusion reached in the September 20th letter, Pall has been, and is now, well aware of Greene's status as a shareholder and Greene has submitted clear and unequivocal evidence of its continuous ownership of Pall stock for the requisite one-year period. Although the September 20th letter does not indicate the basis for the Staff's conclusion, since our initial letter to Pall setting forth the proposed shareholder resolution was both timely and contained the requisite representations, we can only surmise that the reason the no-action request was granted was some confusion or misunderstanding as to whether Greene and that certain co-mingled account known as "the DJG Small Cap Fund", were, for 14a-8(b) purposes, one and the same (hereinafter the DJG Small Cap Fund is referred to as the "Fund").

As you know, this matter began with a letter from Greene to Pall dated June 7, 2005 containing a simple shareholder proposal calling for the annual election of directors (the "Proposal"). Thereafter, notwithstanding Pall's familiarity with Greene and its holdings, in presenting its no-action request to the Commission, Pall took the disingenuous position that Greene had not provided satisfactory evidence that it was a "record holder" of Pall shares so as to be eligible to submit the Proposal. In opposing Pall's no action request, Greene submitted the following documentation:

David J. Greene and Company

1. A letter dated June 7, 2005, signed by me on behalf of Greene stating that Greene had been a shareholder for more than one year, had held more than \$2,000 worth of Pall stock continuously since April 2004, and confirming our intent to maintain ownership of the required number of shares through the date of the next annual shareholders meeting. That letter further confirmed that Greene intended to be present at the 2005 annual meeting to present the Proposal. (For ease of review, a copy of the letter dated June 7, 2005 is annexed as Exhibit A)
2. A letter dated June 30, 2005, signed by me on behalf of both Greene and the Fund confirming that the Fund owned securities of Pall having a market value of more than \$2,000 and had continuously held such shares for more than a year, and further confirming that the Fund intended to hold the required number of shares through the date of the next annual shareholders meeting. That letter further confirmed that Greene and the Fund intended to be present at the 2005 annual meeting to present the Proposal. (For ease of review, a copy of the letter dated June 30, 2005 is annexed as Exhibit B)
3. Copies of the Fund's monthly brokerage statements from April 1, 2004 through May 31, 2005 evidencing the Fund's ownership of Pall shares. (For ease of review, a copy of those brokerage statements are collectively annexed as Exhibit C)
4. Copies of Greene's Form 13F for the quarters ending June 30, 2004 through the quarter ending March 31, 2005 (the most current 13F available at the time of the submission) evidencing Greene as having sole voting authority and discretion for Pall shares with a market value in excess of \$20 million. (For ease of review, a copy of those Forms 13F are collectively annexed as Exhibit D)
5. A copy of the Fund's Confidential Offering Memorandum dated June 7, 2004, including a copy of the DJG Small Cap Fund Agreement, confirming that Greene was the sole Sponsor and manager of the Fund, Greene was the only entity authorized to act for the Fund, and that no legal entity could hold, purchase or sell securities on behalf of the Fund other than Greene. (For ease of review, a copy of the Fund's Offering Memorandum is annexed as Exhibit E)

In connection with the Staff's reconsideration, we are assuming that the Staff takes no issue with the sufficiency of the letters dated June 7, 2005 (Exhibit A) and June 30, 2005 (Exhibit B). We also assume that the twelve months of brokerage statements showing the Fund's continuous ownership of a substantial amount of Pall shares, when coupled with the aforementioned letters, would be sufficient to satisfy the eligibility requirements. We assume therefore, the only remaining basis for possibly concluding that Greene failed to make a satisfactory showing of eligibility would be the hyper-technical argument that Greene and the

David J. Greene and Company

Fund are not one and the same for Rule 14a-8 purposes and that therefore, the Fund should have been the initial proponent, not Greene.

Assuming we understand the Staff's position correctly, we urge the Staff to again review the Fund's Offering Memorandum and Agreement. The cover page of the Offering Memorandum makes it clear at the outset that the Fund is a co-mingled account and further, that investors in the Fund own Units representing an undivided interest that is non-transferable. On page 1 of the Memorandum, Greene is identified as the Sponsor, and on pages 12 – 13, Greene is identified as the manager of the Fund and the backgrounds of its principals who will act as "Fund Managers" are described in detail. Pages 3 and 4 of the Fund Agreement make it clear that Greene is the only legal entity that can act for the Fund. The Fund simply has no way to act, or to sign documents, or to advance a shareholder proposal, or to make an application to the Commission, other than through Greene.

To grant Pall's no-action request under these circumstances, and to thereby deprive Pall's shareholders of the opportunity to vote on the issue of the annual election of directors for at least another year, is to favor form over substance and to ignore the Commission's public commitment to a fair and full consideration of shareholder proposals. Accordingly we respectfully urge you to reconsider this issue and to deny the relief sought by Pall and direct that the Proposal submitted by Greene be placed before Pall's shareholders at the company's next annual meeting. Since that meeting is to occur in the very near future, we would further request that you act on this application as expeditiously as possible.

Very truly yours,

Re: Pall Corporation / Division of Corporate Finance No-action letter September 20, 2005

Dear Sirs:

David J. Greene and Company, LLC ("Greene") a federally registered investment adviser, respectfully appeals to the full Commission from the decision dated September 20, 2005 issued by the Office of Chief Counsel, Division of Corporate Finance, which granted the no-action request submitted by the Pall Corporation ("Pall") in its letter to the Commission dated July 26, 2005 (hereinafter the Staff's no-action letter is referred to as the "September 20th letter"). For the reasons set forth below, Greene believes the Staff erred in finding that Greene "appears to have failed to supply support sufficiently evidencing that it satisfied the minimum ownership requirement continuously for the one-year period as of the date it submitted the proposal".

Contrary to the conclusion reached in the September 20th letter, Pall has been, and is now, well aware of Greene's status as a shareholder and Greene has submitted clear and unequivocal evidence of its continuous ownership of Pall stock for the requisite one-year period. 4. Copies of Greene's Form 13F for the quarters ending June 30, 2004 through the quarter ending March 31, 2005 (the most current 13F available at the time of the submission) evidencing Greene as having sole voting authority and discretion for Pall shares with a market value in excess of \$20 million. (For ease of review, a copy of the Fund's Offering Memorandum is annexed as Exhibit E)

In connection with the instant appeal of the Staff's decision, we are assuming that the Staff took no issue with the sufficiency of the letters dated June 7, 2005 (Exhibit A) and June 30, 2005 (Exhibit B). We also assume that the twelve months of brokerage statements showing the Fund's continuous ownership of a substantial amount of Pall shares, when coupled with the aforementioned letters, would be sufficient to satisfy the eligibility requirements. Fund are not one and the same for Rule 14a-8 purposes and that therefore, the Fund should have been the initial proponent of the Proposal, not Greene.

Assuming we understand the Staff's position correctly, we direct the Commission's attention to the Fund's Offering Memorandum and Agreement. The cover page of the Offering Memorandum makes it clear at the outset that the Fund is a co-mingled account and further, that investors in the Fund own Units representing an undivided interest that is non-transferable. On page 1 of the Memorandum, Greene is identified as the Sponsor, and on pages 12 – 13, Greene is identified as the manager of the Fund and the backgrounds of its principals who will act as "Fund Managers" are described in detail. Pages 3 and 4 of the Fund Agreement (also included as part of Exhibit E) make it clear that Greene is the only legal entity that can act for the Fund. The Fund simply has no way to act, or to sign documents, or to advance a shareholder proposal, or to make an application to the Commission, other than through Greene.

To grant Pall's no-action request under these circumstances, and to thereby deprive Pall's shareholders of the opportunity to vote on the issue of the annual election of directors for at least another year, is to favor form over substance and to ignore the Commission's public commitment to a fair and full consideration of shareholder proposals. Accordingly we respectfully urge you to reverse the Staff's determination and to deny the relief sought by Pall and direct that the Proposal submitted by Greene be placed before Pall's shareholders at the company's next annual meeting. Since that meeting is to occur in the very near future, we would further request that you act on this application as expeditiously as possible. In addition, please be advised that we have simultaneously requested that the Staff reconsider the decision that is the subject of this appeal.

Dear Ms. Bartlett:

David J. Greene and Company, LLC ("DJG") is the owner of over 1 million shares of Pall Corporation stock. In that capacity, the attached proposal is submitted for inclusion in the 2005 proxy statement in accordance with Rule 14a-8 of the General Rules and Regulations of the Securities Act of 1934. DJG has been a shareholder for more than one year, and has held over \$2,000 worth of stock continuously since April 2004. In that regard, annexed hereto is a copy of our Form 13F as filed with the SEC showing our position in Pall for the quarter ending June 30, 2004. We will be happy to provide additional verification of our stockholding position should you so request. This letter will also confirm that DJG intends to maintain its ownership of the number of shares required by Rule 14a-8 through the date of the next annual shareholders meeting.

Mr. Benjamin Nahum, a principal of DJG, presently intends to be present at the 2005 annual meeting to personally move the accompanying resolution. Please let me know if you have any questions or require anything further with respect to our proposal.

Very truly yours,

**Annual Election of Directors
Pall Corporation**

RESOLVED: That the stockholders request that the Board of Directors promptly take all steps necessary to declassify the election of Directors by insuring that in future Board elections directors are elected annually and not by classes as is now provided. This declassification shall be phased in so that it does not effect the unexpired terms of Directors previously elected.

Supporting Statement

This resolution requests that the Board end the present staggered board system that presently provides that one-third of Directors are elected each year and instead, ensure that all Directors are elected annually. We believe shareholders should have the opportunity to vote on the performance of the entire board each year.

Increasingly, institutional investors are calling for the end of a classified system, believing it makes a Board less accountable to shareholders when directors do not stand for annual election. California's Public Employees Retirement System, New York City pension funds, New York State pension funds and many others, including the Council of Institutional Investors, and Institutional Shareholder Services, are among those that have supported resolutions calling for the annual election of directors.

Recent shareholder resolutions to end this staggered system of voting have received wide support. According to a news release issued by the Social Investment Forum in April 2005, in 2004 approximately 35 proposals asking companies to declassify their boards came to a vote and received average support of 70.4 percent of the votes cast. Numerous companies have demonstrated leadership in corporate governance by changing away from staggered boards. These include Pfizer, Bristol-Myers Squibb, Dow Jones, BellSouth, Coca-Cola and Dell, Inc. Other boards that are now similarly sponsoring resolutions to declassify the board include Yum Brands, Inc., Honeywell, Federated Department Stores, Inc. and Eastman Kodak.

We strongly believe that our company's financial performance is linked to its corporate governance policies and procedures and the level of Board and management accountability they establish. We also believe the Compensation, Nominating, and Audit Committees, as well as the full Board need to be fully and annually accountable to shareowners – another key reason for annually electing Directors.

We do not believe this reform would affect the continuity of director service since our Directors, like those at an overwhelming majority of companies, are routinely elected with strong shareholder approval.

We urge all shareholders to vote "For" this proposal.

Re: Pall Corporation

Dear Mr. Shelley:

This is to acknowledge receipt of, and to respond to, your letter dated June 20, 2005 responding to my letter dated June 7, 2005, which was addressed to Mary Ann Bartlett, the Corporate Secretary of Pall Corporation ("Pall").

Obviously, we are disappointed in what we consider to be the disingenuous nature of your reply on behalf of Pall. Over the past year, David J. Greene and Company, LLC ("DJG") has had a number of contacts with Pall's senior management, and Pall's management is well aware of the institutional nature of DJG's holdings. As you also know, Rule 13d-3 of the Securities Exchange Act of 1934, defines the beneficial owner of a security to be any person who, directly or indirectly, through any contract or arrangement, has the power to vote such security and/or the power to dispose, or direct the disposition of, such security. All of DJG's investment management agreements with its advisory clients grant a blanket power of attorney to DJG and specifically grant DJG sole voting power and investment discretion over securities owned in our portfolios. The 13F forwarded with my earlier letter is clear evidence of DJG having sole voting authority and investment discretion for Pall shares valued at more than \$21 million dollars as of the quarter ended June 30, 2004. Enclosed with this letter is a copy of DJG's 13F for the period ending March 31, 2005, which shows DJG having sole voting authority and investment discretion for Pall shares valued at more than \$22 million dollars.

Nonetheless, in an effort to avoid any ambiguity on the subject, enclosed with this letter are the relevant portions of brokerage statements for each month from April 2004 through June 2005 showing the portfolio holdings for the DJG Small Cap Fund. That "fund" is a commingled account of which DJG is the sole Sponsor and Fund Manager. That "fund" clearly held, and still holds, securities of Pall having a market value of more than \$2,000, and has continuously held such shares for more than a year. Although my earlier correspondence should have sufficed, please accept this letter as confirmation that the DJG Small Cap Fund intends to continue to own the number of shares required by Rule 14a-8 through the next annual meeting of the shareholders.

David J. Greene and Company

of Pall. This will also confirm that DJG and the DJG Small Cap Fund intend to be present at the 2005 annual meeting to present the resolution that accompanied my earlier correspondence.

Very truly yours,

Lee Unterman

CONFIDENTIAL OFFERING MEMORANDUM

THE DJG SMALL CAP VALUE FUND

(A Diversified Co-mingled, Investment Account)

Sponsored by

DAVID J. GREENE AND COMPANY, LLC

Securities Offered: Units in the Fund

Minimum Purchase: Generally, \$1,000,000

THE FUND IS ADMINISTERED AS A CO-MINGLED INVESTMENT ACCOUNT IN WHICH EACH INVESTOR OWNS AN UNDIVIDED INTEREST. AN INVESTMENT IN THE FUND IS SIMILAR TO HAVING A MANAGED INVESTMENT ACCOUNT WITH AN INVESTMENT ADVISER. THE UNITS ARE NOT TRANSFERABLE.

YOU SHOULD READ THE COPY OF THE FUND AGREEMENT INCLUDED AS PART OF THIS MEMORANDUM FOR COMPLETE INFORMATION CONCERNING THE RIGHTS AND OBLIGATIONS OF THE PARTIES TO THE FUND AGREEMENT.

Name of Offeree

Memorandum No.

June 7, 2004

NOTICES

THE UNITS OF THE DJG SMALL CAP VALUE FUND (THE "FUND") OFFERED PURSUANT TO THIS CONFIDENTIAL OFFERING MEMORANDUM (THIS "MEMORANDUM") HAVE NOT BEEN RECOMMENDED, APPROVED OR DISAPPROVED BY THE SECURITIES AND EXCHANGE COMMISSION, ANY STATE SECURITIES COMMISSION OR ANY OTHER REGULATORY AUTHORITY. NO SUCH COMMISSION OR AUTHORITY HAS PASSED UPON THE ACCURACY OR ADEQUACY OF THIS MEMORANDUM.

THE UNITS HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933 (THE "1933 ACT") OR APPLICABLE STATE SECURITIES LAWS. THE UNITS MAY NOT BE RESOLD OR TRANSFERRED EXCEPT (1) PURSUANT TO REGISTRATION UNDER OR EXEMPTION FROM THE 1933 ACT OR APPLICABLE STATE SECURITIES LAWS AND (2) IN ACCORDANCE WITH THE TERMS OF THIS MEMORANDUM.

THE FUND IS EXEMPT FROM REGISTRATION FROM THE INVESTMENT COMPANY ACT OF 1940 (THE "COMPANY ACT"), PURSUANT TO SECTION 3(c)(7) THEREOF.

INVESTORS MUST BE U.S. PERSONS WHO ARE (1) "ACCREDITED INVESTORS" AS DEFINED UNDER THE 1933 ACT, (2) "QUALIFIED PURCHASERS" AS DEFINED UNDER THE COMPANY ACT, (3) KNOWLEDGEABLE AND EXPERIENCED IN FINANCIAL AND BUSINESS MATTERS SUCH THAT THEY ARE CAPABLE OF EVALUATING THE MERITS AND RISKS OF THE ACQUISITION OF UNITS, (4) WILLING AND ABLE TO BEAR THE ECONOMIC RISKS OF THIS INVESTMENT, AND (5) SOPHISTICATED INVESTORS WHO ARE ABLE TO BEAR A SUBSTANTIAL OR COMPLETE LOSS OF THEIR CAPITAL CONTRIBUTIONS. INVESTORS MUST ACQUIRE THE UNITS SOLELY FOR THEIR OWN ACCOUNT, FOR INVESTMENT PURPOSES ONLY AND NOT WITH AN INTENTION OF DISTRIBUTION, TRANSFER OR RESALE.

THIS MEMORANDUM CONSTITUTES AN OFFER ONLY IF THE NAME OF THE PROSPECTIVE INVESTOR APPEARS ON THE COVER PAGE AND ONLY IF DELIVERY OF THIS MEMORANDUM IS AUTHORIZED BY THE FUND. ANY REPRODUCTION OF THIS MEMORANDUM OR THE DIVULGENCE OF ANY OF ITS CONTENTS, WITHOUT THE PRIOR WRITTEN CONSENT OF THE FUND, IS PROHIBITED.

NO OFFERING LITERATURE OR ADVERTISING SHALL BE EMPLOYED IN THE OFFERING OF THE UNITS EXCEPT FOR THIS MEMORANDUM. NO PERSON HAS BEEN AUTHORIZED TO MAKE ANY REPRESENTATION OR WARRANTY OR PROVIDE ANY INFORMATION WITH RESPECT TO THE UNITS EXCEPT THE INFORMATION CONTAINED IN THIS MEMORANDUM. NEITHER THE DELIVERY OF THIS MEMORANDUM NOR ANY SALES MADE HEREUNDER SHALL CREATE AN IMPLICATION THAT THERE HAS BEEN NO CHANGE IN THE MATTERS DISCUSSED HEREIN SINCE THE DATE HEREOF.

THIS MEMORANDUM SHOULD NOT BE CONSTRUED AS INVESTMENT, LEGAL OR TAX ADVICE. EACH PROSPECTIVE INVESTOR IS URGED TO SEEK INDEPENDENT INVESTMENT, LEGAL AND TAX ADVICE CONCERNING INVESTING IN THE FUND.

THE FUND SHALL MAKE AVAILABLE TO EACH PROSPECTIVE INVESTOR PRIOR TO THE PURCHASE OF UNITS THE OPPORTUNITY TO ASK QUESTIONS AND RECEIVE ANSWERS CONCERNING THE OFFERING OF UNITS AND TO OBTAIN ADDITIONAL INFORMATION, TO THE EXTENT THE FUND POSSESSES SUCH INFORMATION OR CAN ACQUIRE IT WITHOUT UNREASONABLE EFFORT OR EXPENSE.

THIS MEMORANDUM DOES NOT CONSTITUTE AN OFFER OR SOLICITATION IN ANY STATE OR OTHER JURISDICTION IN WHICH AN OFFER OR SOLICITATION IS NOT LAWFUL OR AUTHORIZED OR IN WHICH THE PERSON MAKING SUCH OFFER OR SOLICITATION IS NOT QUALIFIED TO DO SO.

FOR FLORIDA RESIDENTS ONLY

SALES TO PERSONS IN FLORIDA ARE BEING MADE IN RELIANCE ON THE EXEMPTION FROM REGISTRATION CONTAINED IN SECTION 517.061(11) OF THE FLORIDA SECURITIES AND INVESTOR PROTECTION ACT. WHEN SALES ARE MADE TO FIVE (5) OR MORE PERSONS IN FLORIDA, ANY SUCH SALE IS VOIDABLE BY THE PURCHASER WITHIN THREE (3) DAYS AFTER (A) THE DATE THE PURCHASER FIRST TENDERS CONSIDERATION TO THE ISSUER, AN AGENT OF THE ISSUER OR AN ESCROW AGENT OR (B) THE DATE THE AVAILABILITY OF THAT PRIVILEGE IS COMMUNICATED TO SUCH PURCHASER, WHICHEVER OCCURS LATER

SUMMARY

The following summary is intended to highlight certain information contained in the body of this Memorandum and is intended for reference only. You should read the entire Memorandum including the Exhibits and Appendix I attached hereto carefully before determining whether to invest in the Fund. Defined terms not defined when first used are defined under the applicable headings below.

THE FUND

The Fund

The DJG Small Cap Value Fund is a diversified commingled investment account. The Fund was formed on July 9, 1997. The principals of the Sponsor, through an investment partnership, made an initial investment of \$500,000 and may make further investments as additional outside funding is received. Certain principals of the Sponsor have also made individual investments in the Fund. The aggregate amount of such investments is approximately 3% of the assets of the Fund.

Sponsor

David J. Greene and Company, LLC (the "Sponsor", "we" or "us"), 599 Lexington Avenue, 12th Floor, New York, New York 10022, 212-371-4200. The Sponsor is registered as an investment adviser under the Investment Advisers Act of 1940, as amended (the "Advisers Act").

Investment Objective

The Fund's investment objective is to achieve long-term capital appreciation by applying our long-held value disciplines to the small capitalization equities market. The Fund seeks to outperform the Russell 2000 Value or the Russell 2000 index over a complete market cycle. Our bottom-up approach to the analysis of equities, with an emphasis on special situations, focuses on small capitalization securities. We anticipate that the average weighted market capitalization for the Fund will be no more than two times the weighted average of the Russell 2000 Value index. We seek to identify companies that we believe are selling at significant discounts to their intrinsic

* Defined as securities of companies with total equity market capitalizations between \$100 million and \$4 billion at the time of purchase, though the Fund may, from time to time, invest in public companies with somewhat larger or smaller total equity market capitalizations.

Investments

values where managements' game plans will lead to narrowing of the price/value gap. Intrinsic value is based on our evaluation of fundamentals such as cash flow, free cash flow generation, returns on invested capital, and hidden asset value (i.e., franchise value).

There can, of course, be no assurance that the foregoing investment objective will be met.

To meet its objective, the Fund may purchase listed common and preferred stocks and fixed income securities listed on a national securities exchange or the NASDAQ National Market, including certificates of deposit, ADRs, commercial paper, fixed-income securities which are convertible into equity securities, government and other non-convertible debt securities and securities of companies in bankruptcy, and may purchase puts and write covered call options. In addition, the Fund may invest in "risk arbitrage positions," which include securities that may become exchangeable for cash or other securities as a result of the issuer being an announced candidate for a merger, acquisition, restructuring or similar transaction, or securities the issuer of which has been the subject of a filing on Schedule 13D under the Securities Exchange Act of 1934 (the "1934 Act") (collectively, "Securities").

Investment Selection Process

The Sponsor employs a systematic process of identifying small capitalization public companies. As a starting point, we screen for generally overlooked value indicators. Once attractive investment candidates are identified, intensive bottom-up fundamental research begins, including examination of financial statements, meetings with company management and evaluations of competitors. During the process, we also seek to identify event-driven stocks selling at discounts to their intrinsic values. Event-driven stocks include those related to significant corporate restructurings or the occurrence of other major non-operating events, such as major management changes, substantial share repurchases, spin-offs, split-ups and liquidations.

Dividends and interest are not prime considerations in the purchase of Securities, but they are considered in relation to the total expected return of the investment.

Investment Restrictions

The Fund will not:

- purchase or sell real estate or interests in real estate, (but may purchase marketable Securities of companies holding real estate or interests in real estate);
- make loans, except by the purchase of a portion of an issue of bonds, debentures or other debt Securities;
- borrow money, purchase Securities on margin or engage in repurchase transactions;
- sell any equity or debt Securities short;
- without the prior approval of the Sponsor's Investment Committee, invest more than 5% of the Fund's Net Asset Value (as defined below) (at the time of purchase) in the Securities of any one issuer;
- acquire interests in any equity securities of any partnerships, limited liability companies or any other entities classified as partnerships for income tax purposes;
- invest in Securities of any company whose defined contribution plan is an investor in the Fund unless the Plan's governing instrument contains a specific authorization for such an investment;
- purchase or sell commodities or commodity contracts, although the Fund may purchase marketable Securities of companies holding commodities or commodity contracts;
- invest in options (except the Fund may purchase puts and write call options against Securities held in its portfolio);
- invest in Securities of a foreign issuer, unless they are directly listed on a national security exchange or NASDAQ, or otherwise listed as ADRs;
- invest in initial or secondary public offerings which trade at a premium when secondary

market trading begins (so-called "hot issues");
or

- invest in unregistered "restricted" Securities or in private placements.

The foregoing are the only investment restrictions on the Fund.

Risk Factors

An investment in the Fund is very speculative and could involve the following risks to you:

- Loss of your investment and certain conflicts of interest. See the sections titled "Risk Factors" and "Conflicts Of Interest" for a more detailed discussion.
- Liquidity will be limited because of transfer restrictions and because of the absence of any market for the Units.
- You will have no control over the Fund's business.
- Your annual tax liability for any taxable income from your investment will likely exceed cash distributions to you from the Fund.

THE OFFERING

Securities Offered

Units in the Fund ("Units") are being offered to Eligible Investors pursuant to a private placement exemption under Regulation D of the Securities Act of 1933 (the "1933 Act").

The Offering

Units are being offered on the first day of each month at a price per Unit based on the Net Asset Value (as defined below) of the Fund at the last business day of the preceding month. We reserve the right to admit investors at other times. See "Administration of the Fund."

Units in the Fund are being offered only by the Sponsor. No selling fees or commissions will be charged.

Minimum Subscription

- The minimum initial subscription is \$1,000,000 for new subscribers.

- Lesser subscription amounts may be accepted subject to approval of the Sponsor.
- Any initial or additional subscriptions may be accepted or rejected in whole or in part in the sole and absolute discretion of the Sponsor.

Eligible Investors

"Eligible Investors" are required to be "U.S. persons" (as defined in the Subscription Agreement) and must qualify both as "qualified purchasers" under the Investment Company Act of 1940, as amended (the "1940 Act") and as "accredited investors" under the 1933 Act and come within one of the following categories:

- state and local pension funds; private pension, profit sharing and stock bonus trusts, including jointly administered multi-employer pension funds (the "Plans"), that are exempt from federal income taxation under section 501(a) of the Internal Revenue Code of 1986, as amended (the "Code");
- other entities, such as foundations, educational institutions and medical organizations, that are exempt from federal income taxation under section 501(c)(3) of the Code;
- Individual Retirement Funds (as defined under "ERISA Considerations");
- government plans; and
- individual investors.

Also, certain of our "knowledgeable employees" will be eligible to invest in the Fund even though they do not meet the qualified purchaser requirements.

Offering Limitations

The number of investors in the Fund will be limited to 100 in order to assure that the Fund will satisfy the safe harbor for avoiding publicly traded status set forth in Treas. Reg. § 1.7704-1(h) and will be excepted from registration as an investment company under Section 3(c)(1) of the 1940 Act.

Subscription Procedure

In order to purchase a Unit, you must:

- complete, execute and deliver to us two copies of

the Subscription Agreement, together with such other supplementary documents as we request; and

- pay the full amount of your subscription by check or wire transfer or as otherwise provided in accordance with the instructions in the Subscription Agreement.

ADMINISTRATION OF THE FUND

Fees and Expenses Payable by the Fund

Fund Management Fee. The Sponsor receives a Fund Management Fee, payable monthly, equal to the following percent per annum of the Fund's Net Asset Value:

.85% on the first \$50,000,000 of assets,

.80% on the next \$25,000,000 of assets; and

.75% on the assets in excess of \$75,000,000.

Operating Expenses. The Fund pays all of its other expenses, including, brokerage and commission expenses in connection with transactions executed for the Fund (including brokerage commissions payable to the Sponsor at its competitive rate in the event the Sponsor effects transactions on behalf of the Fund), charges and expenses of the Fund's lawyers and accountants, and any Custodian, tax accounting, and transfer fees.

Custodian

Bear Stearns Securities Corp., a registered broker-dealer, serves as custodian of the assets of the Fund (the "Custodian") and as the Fund's prime broker in accordance with the terms of various agreements between the Custodian and the Fund. We reserve the right, in our sole discretion, to remove the Custodian and/or to replace the Custodian with another custodian and/or prime broker. Bear Stearns Securities Corp. has acted as the Sponsor's fully disclosed clearing agent since June, 2000.

Brokerage

The Fund will execute, clear and settle the Fund's transactions with firms that are registered under the 1934 Act as broker-dealers, including the Custodian. We also may act as a broker on behalf of the Fund at such times as we deem appropriate.

Withdrawal of Units	An investor may redeem all or a portion of its Units, without penalty, generally as of the last business day of any month ("Redemption Valuation Date") on at least 30 days' (60 days' in the case of a redemption in kind) prior written notice ("Redemption Notice"); provided, however, that no withdrawal, except a complete withdrawal, shall be permitted if the partial withdrawal would result in decreasing an investor's investment to less than \$1,000,000 immediately after such redemption. We may waive any of the withdrawal restrictions, including the minimum investment and the day of redemption.
Mandatory Withdrawals	We may direct the redemption, without charge, of all or any part of the Units of any investors as of the last business day of any month upon at least 30 days' prior written notice for any reason deemed necessary or appropriate by us in our sole discretion and in accordance with our fiduciary duty to the investors.
Distributions	Any distributions will be made in our sole and absolute discretion. We do not currently intend to make any distributions.
Transferability	The Fund will not register the transfer of any Unit to a transferee unless approved by us. There is no public or secondary market for the Units, and we do not believe a public or secondary market will develop for the Units.
Reports	Investors will receive quarterly updates, annual reports and all reports.
Federal Income Tax Considerations	The Fund will be treated as a partnership for Federal income tax purposes. You will be required to report on your own tax return and pay all applicable income taxes on your allocable share of the Fund's taxable income, whether or not any cash distributions are made to you. You should satisfy yourself as to the income tax consequences of an investment in the Fund with specific reference to your own tax situation by obtaining advice from your own tax counsel before purchasing each Unit.
Fiscal Year	The fiscal year of the Fund is the calendar year.
Auditors	BDO Seidman acts as auditors to the Fund and the Sponsor.

Legal Counsel

Katten Muchin Zavis Rosenman has passed upon legal matters for the Fund and the Sponsor.

Anti-Money Laundering

Verification of Subscribers' Identities and Subscription Sources. As part of your subscription and the Fund's responsibility for the prevention of money laundering, and to assist in the world-wide effort to combat terrorism, the Sponsor, on behalf of itself and the Fund, will require a detailed verification of your identity and the source of the funds for your payment. The amount of detail required will depend on the circumstances of each Subscriber.

By way of example, an individual will be required to produce a copy of a passport or driver's license, together with evidence of his/her address, such as a utility bill or bank statement and date of birth. Entity subscribers will be required to produce certified formation documents and information on their directors (or equivalent persons) and beneficial owners. References also may be requested.

The Sponsor reserves the right to request such information as it deems necessary to verify your identity and the source of your subscription payment. In the event of delay or failure by you to produce any information required for verification purposes, the Sponsor may refuse to accept your Subscription Application and all subscription monies relating thereto, or may refuse to honor a withdrawal request until proper information has been provided by you.

Suspicious Activities. If the Fund or the Sponsor has a suspicion that a payment to the Fund (by way of subscription or otherwise) contains the proceeds of criminal conduct, or knows or suspects that another person is engaged in money laundering, that person may report such suspicion to the appropriate authorities. The Fund, the Sponsor and any agent of the Fund will not incur any liability for adhering to the Fund's responsibilities under its anti-money laundering program, and will be indemnified by the Subscriber for any losses which the Fund or its principals or agents may incur for doing so.

Prohibited Investors. If the Fund determines that any investor is a Prohibited Investor as defined in Addendum I to the Subscription Documents, the Fund may, among other things, freeze that investor's assets

in the Fund and notify appropriate legal authorities.

Additional Information

You are invited to meet with us for a further explanation of the terms and conditions of this offering of Units and to obtain any additional information necessary to verify the information contained herein, to the extent we possess such information or can acquire it without unreasonable effort or expense. Requests for such information should be directed to Clarissa Moore, telephone 212-371-4200; facsimile 212-750-4331; or e-mail at: cmoore@djgreenecom.

RISK FACTORS

The identification of attractive investment opportunities is difficult and involves a significant degree of uncertainty. Returns generated from the Fund's activities may not adequately compensate you for the business and financial risks assumed. The Fund will be subject to those market risks common to funds investing in all types of Securities, including the prospect that prices of the securities in which the Fund will invest may be volatile. Subscribers should consider the following risks before investing in the Fund.

Small Capitalization Securities

The Fund's Net Asset Value will fluctuate based on the market value of its portfolio positions. Smaller capitalization issues may be more volatile than the securities of larger companies due to, among other things, reduced liquidity of the shares traded. Such reduced liquidity and other factors could adversely affect the timing and price of the Fund's acquisition and disposition of Securities.

Smaller capitalization stocks as a group may not respond to general market rallies or downturns as much as larger capitalization issues due to, among other things, (1) a lack of diversification in the business activities, (2) limited product lines, (3) markets or financial resources of smaller capitalization companies, and (4) correspondingly greater susceptibility to changes in their business cycles.

Limited Investment History

The Fund has a limited operating history. There can be no assurance that the Fund will achieve its objectives or provide a return to subscribers. Though we have prior experience in managing investment advisory accounts, there can be no assurance that the Fund's future performance will be similar to the Fund's or our past performance.

Put and Call Options

The seller (writer) of a covered call option (i.e., the writer has a long position in the underlying security) assumes the risk of a decline in the market price of the underlying security to a level below the purchase price of the underlying security, less the premium received on the call option. The writer of a covered call option also gives up the opportunity for gain on the underlying security above the exercise price of the call. The buyer of a put option assumes the risk of losing the premium it paid to purchase the option. The loss on the put option is offset, in whole or in part, by any gain in the market price of the underlying security.

Risk Arbitrage Transactions

Securities may be purchased at prices below the anticipated value of the cash, securities or other consideration to be paid or exchanged for such Securities in a proposed merger,

exchange offer, tender offer or other similar transaction. If the proposed merger, exchange offer, tender offer or other similar transaction later appears likely not to be consummated or in fact is not consummated or is delayed, the market price of the Securities may decline and result in losses to the Fund if such Securities are sold, transferred or exchanged for Securities or cash, the value of which is less than the purchase price.

Indemnification of the Sponsor

The Sponsor, together with its members, principals, affiliates, officers and employees, will not be liable, responsible or accountable in damages or otherwise to the Fund or any of the investors for any act or omission performed or omitted by it in good faith on behalf of the Fund and in a manner reasonably believed by it to be within the scope of the authority granted to it, except when such action or failure to act constitutes negligence, gross negligence, fraud or willful misconduct. The will be indemnified by the Fund for any loss or expense suffered or sustained by it as a result of or in connection with any act performed by it within the scope of its duties including, without limitation, any judgment, settlement, reasonable attorneys' fees and other costs or expenses incurred in connection with the defense of any actual or threatened action or proceeding; provided, however, that such indemnity shall be payable only if the indemnitee acted in good faith and in a manner it reasonably believed to be in, or not opposed to, the best interests of the Fund and the investors.

CONFLICTS OF INTEREST

The Sponsor, and its principals, have in the past and may in the future act as sponsors of other funds engaged in trading Securities, or trade Securities on a discretionary basis for other clients. There is no restriction on the Sponsor, or on its members, principals, affiliates, officers or employees, with respect to purchasing or selling any Securities for their own accounts or for the account of any other client (advisory or otherwise) prior to, simultaneously with, or subsequent to any purchase or sale for the Fund, and there is no obligation to purchase or sell for the Fund any Security which the Sponsor, or its members, principals, affiliates, officers or employees, may purchase or sell for their own accounts or for the accounts for any other clients. In addition, the purchase of a Security for the Fund does not preclude subsequent purchases of such Security for any investor's individually-managed account with the Sponsor, should such Security be approved for the investor by its Investment Committee. Accordingly, the Sponsor, together with its principals may be making securities trading decisions for accounts other than the Fund's during the same period that it is managing the Fund's investments. In connection therewith, the Sponsor may use the same or different information and trading strategies as it utilizes in the performance of services for the Fund. It is likely that orders of the Fund may be executed in conjunction with orders for the accounts of other funds and clients managed by the Sponsor. The Sponsor and its principals will endeavor to achieve equitable treatment of all accounts (commensurate with size, investment objective and timing differences among such

accounts) and to avoid any conflicts with regard thereto. Further, the Sponsor may act as a broker on behalf of the Fund at such times as the Sponsor deems appropriate. This may cause a potential conflict of interest between the Sponsor's duty to seek best execution of the Fund's brokerage transactions and its desire to allocate transactions to itself.

REGULATORY MATTERS

The Fund is intended to be substantially free of the regulatory and administrative burdens of a public mutual fund (e.g., various securities law filings will be eliminated, and the confidentiality of the Fund and the investors will be preserved). However, as the Fund will not be registered under either the 1940 Act or the 1933 Act, certain protections that would otherwise be available to shareholders of a registered investment company or a public company will not be available to the investors in the Fund. Similarly, neither the proxy provisions nor the periodic reporting requirements provided for under the federal securities laws will be applicable to the Fund. The Sponsor is, nevertheless, subject to the anti-fraud provisions of the federal securities laws.

SPONSOR

The Sponsor's predecessor in interest was established in 1952. The Sponsor is registered as an investment adviser under the Investment Advisers Act of 1940, as amended and is a member of the NASD, Inc. ("NASD") with approximately \$2 billion under management. The Sponsor has eleven principals and a staff of approximately twenty professional and support persons, all of whom devote their full time to the business. The Sponsor views the Fund as a worthwhile adjunct to the investment advisory services it presently provides.

Set forth below is a brief description of the education and business background of the principals who serve as the managers of the Fund as well as the principals serving on the Investment Committee:

Fund Managers

Michael C. Greene. Mr. Greene is Chief Executive Officer and Chief Investment Officer of the Sponsor and is a member of the Investment and Executive Committees. He began his investment career at Drexel Burnham Lambert, where he gained substantial experience in fundamental analysis of companies, as well as perspective on the investment philosophies and

needs of institutional clients. He joined the Sponsor as a research analyst in 1985, and became a principal of the Sponsor in 1988. From 1995-1998, Mr. Greene served as Co-Chief Executive Officer of the Sponsor with Alan I. Greene. Mr. Greene graduated from Colgate University with a BA Degree in Economics and earned an MBA in finance from New York University Graduate School of Business.

Benjamin H. Nahum. Mr. Nahum is a principal and Executive Vice President of the Sponsor. He joined the firm in 1991 as a Senior Research Analyst and became a principal of the Sponsor in 1992. Prior to joining the Sponsor, Mr. Nahum spent eight years as an analyst and trader with R. Lewis Inc. and MKI Securities. Mr. Nahum holds a B.A. from Clark University and a JD from Brooklyn Law School.

Investment Committee (In addition to the above Fund Managers)

Alan I. Greene. Mr. Greene is Chairman of the Investment Committee of the Sponsor and a member of its Executive Committee. He joined the Sponsor as a securities analyst in 1952, handling investment research, account analysis, and portfolio management. Mr. Greene took over leadership of the Sponsor in 1965 and moved to solidify the firm's focus on providing institutional investment management services. Under his leadership, the firm's assets under management have grown from approximately \$100 million to close over \$2 billion. Mr. Greene holds a B.A. degree from Colgate University.

Erwin A. Zeuschner. Mr. Zeuschner is a principal and Senior Vice President of the Sponsor in charge of the Investment Advisory Department and a member of the Investment Committee. From the outset, his more than 30-year career has been focused on investment. He holds an undergraduate degree in economics and an MBA from New York University. His investment skills and philosophy were developed at The Chase Manhattan Bank, where he headed investment research. In 1978, he became Chief Investment Officer of Chase Investors Management Corp., the bank's money management subsidiary, and Chairman of its Investment Policy Committee. He joined the Sponsor in 1980 with a strong value philosophy. As one of the firm's senior investment professionals, he is actively engaged in research and portfolio management.

The Sponsor will also utilize certain of our own analysts and administrative personnel to assist the Fund Managers in managing the Fund. The original, in-depth research of the Sponsor will support the Fund Managers as part of their investment decision making as will the other resources of the Sponsor.

FEES AND EXPENSES PAYABLE BY THE FUND

Fund Management Fee

The Sponsor receives a Fund Management Fee, payable monthly, equal to the following percent per annum of the Fund's Net Asset Value:

.85% on the first \$50,000,000 of assets,

.80% on the next \$25,000,000 of assets; and

.75% on the assets in excess of \$75,000,000.

"Net Asset Value" means the total assets less the total liabilities of the Fund at any date based upon the accrual basis of accounting in accordance with generally accepted accounting principles consistently applied to reflect all gains and losses (whether realized or unrealized), income and expenses, liabilities and the Valuation of Securities (as defined below), with such adjustments as are necessary or advisable in the sole discretion of the Sponsor.

"Valuation of Securities" for purposes of determining the Net Asset Value of the Fund's Securities shall mean such value as the Sponsor may reasonably determine in accordance with the following:

In determining the value of Securities: Securities that are listed on a national securities exchange and/or the NASDAQ National Market and are freely transferable shall be valued at their last reported composite sales price used by the pricing service employed by the Custodian on the date of determination, or, in the case of listed options or if no sales occurred on such day, at the mean between the last "bid" and "ask" price at the close of business on such day. Securities traded over the counter other than on the NASDAQ National Market and which are freely transferable shall be valued at the mean between the last "bid" and "ask" price.

All values assigned to Securities and other assets by the Sponsor pursuant to this definition shall be final and conclusive as to all of the investors.

Operating Expenses

The Fund will pay all of its expenses, including the Fund Management Fee payable to the Sponsor, brokerage and commission expenses in connection with transactions executed for the Fund (including brokerage commissions payable to the Sponsor at its competitive rate in the

event the Sponsor effects transactions on behalf of the Fund), charges and expenses of the Fund's lawyers and accountants, and any Custodian, layered tax accounting and transfer fees.

BROKERAGE ARRANGEMENTS

The Fund will execute, clear and settle the Fund's transactions with firms that are registered under the 1934 Act as broker-dealers, including the Custodian. The Sponsor also may act as a broker on behalf of the Fund at such times as we deem appropriate. Currently, trades executed by us will be cleared by Bear Stearns Securities Corp., however, we reserve the right to clear trades through other clearing brokers without notice to the investors. In such event, we will be subject to the same standards as described immediately below. By becoming a party to the Fund Agreement, you will be consenting to our executing transactions on behalf of the Fund; provided that those transactions are effected in accordance with Section 11(a) of the 1934 Act and Rule 11a2-2(T) thereunder and, with respect to investors that are Plans, in accordance with the provisions of the Prohibited Transaction Exemption No. 86-128. The Fund will not permit any broker to cross trade with the trades of any individual accounts that are managed. In no event will transactions be effected between the Fund and any other individual account we manage.

In selecting brokers to execute transactions, we need not solicit competitive bids and do not have an obligation to seek the lowest available commission cost. It is not our practice to negotiate "execution only" commission rates, thus, the Fund may be deemed to be paying for other products and services provided by the broker which are included in the commission rate. We will, based on our knowledge of the industry, attempt to have the Fund's brokerage arrangements competitive with similar situated funds. In making its selection of brokers, we take into account the broker's reliability, accuracy of recommendations on particular securities, reputation, financial responsibility, stability, ability to execute trades, nature and frequency of sales coverage, commission rate and responsiveness. In addition, in selecting brokers, we may consider the value of the following, either provided by the broker, or paid for by the broker (either by cash payments or by commissions) to be provided by others (collectively, "Products and Services"): brokerage (such as clearing, order routing, custodial and settlement services, special executions and block positioning) and research and research products and services, as described below.

Research may include, among other things, proprietary research from brokers, which may be written, oral or on-line. Research products may include, among other things, computers or terminals, computer databases, financial publications, and quotation equipment, in each case, to access research or which provide research directly. Research services may include, among other things, research concerning market, economic and financial data, statistical information, data on pricing and availability of securities, financial publications, electronic market quotations, performance measurement services, analyses concerning specific securities, companies or

sectors, and market, economic and financial studies and forecasts. Research services may be in written or oral form or on-line.

We do not adhere to any rigid formulas in making the selection of brokers, but weighs a combination of the preceding criteria. The Fund has no fixed internal brokerage allocation procedures designating specific percentages of brokerage commissions to particular firms. We seek best execution in transactions for the Fund and will direct brokerage to firms providing Products and Services when they are able to provide best execution. In recognition of the value of Products and Services provided by a broker, we may effect securities transactions which cause the Fund to pay the broker an amount of commission in excess of the amount of commission another broker would have charged.

To the extent we can obtain Products and Services from, or to be paid for by, brokers at a commission rate which is not higher than the rate we customarily pay for brokerage services alone (although we may have to allocate more commission business to brokers who also provide Products and Services), we may do so. In exchange for the direction of commission dollars to certain brokers, credits may be generated which may be used by us to pay for the Products and Services provided by, or paid for by, such brokers. To the extent that such credits are generated or such Products and Services are obtained, we and the Fund will be receiving a benefit by reason of the direction of commissions. All such arrangements will comply with Section 28(e) of the 1934 Act.

Products and Services may be used by us in servicing some or all of our clients (including the Fund) and the clients of our affiliates. In addition, some Products and Services may not necessarily be used by the Fund even though its commission dollars provided for the Products and Services. The Fund, therefore, may not, in any particular instance, be the direct or indirect beneficiary of the Products or Services provided.

CUSTODIAN

Bear Stearns Securities Corp., a registered broker-dealer, serves as custodian of the assets of the Fund (the "Custodian") and as the Fund's prime broker in accordance with the terms of various agreements between the Custodian and the Fund, effective April 2, 2002. The agreements between the Custodian and the Fund authorize and direct the Custodian to accept into the Fund's account any cash and Securities delivered to it by or at our direction on behalf of the Fund and to effect transactions involving the Fund's assets on instruction. Among such transactions, we may from time to time direct the Custodian to invest cash assets of the Fund in short-term investment funds, including such investment funds created by the Custodian or its predecessors. We reserve the right, in our sole discretion, to remove the Custodian and/or to replace the Custodian with another custodian.

Under Section 15c3-3 of the 1934 Act, a broker-dealer such as the Custodian is required to segregate a customer's securities. If the Custodian fails to do so, the Fund may be subject to a risk of loss of the assets held by the Custodian in the event of the Custodian's bankruptcy. In the event of a failure of the Custodian, the United States Securities Investor Protection Corporation ("SIPC") provides a maximum of \$500,000 of account insurance, only \$100,000 of which may be taken in cash. A broker-dealer may also provide account insurance in excess of the SIPC amounts. For example, the Custodian currently provides an unlimited amount of excess account insurance for the Fund. The Custodian will also act as the prime broker for transactions handled for the Fund by unaffiliated broker-dealers. For a more detailed description please see "Brokerage Arrangements."

The Custodian has not participated in the sponsorship of the Fund or the formulation of the investment policies to be followed with respect to the Fund by the Sponsor. The investment management of the assets of the Fund is our exclusive responsibility. Furthermore, the Custodian has no duty, obligation or intention to review the investment of assets of the Fund, to advise us or to question our directions given to it.

PRIME BROKERAGE ARRANGEMENTS

The Custodian, as a prime broker, will, at our direction, enter into agreements to clear transactions for executing brokers (each, an "Executing Broker"). Each Executing Broker will carry an account, which will be treated as a broker-dealer credit account in the name of the Custodian for the benefit of the Fund. Pursuant to such agreements, the Custodian will accept for clearance and settlement trades executed for the Fund by the Executing Brokers. Further, the Custodian will be responsible for ensuring that each Fund transaction which it has not disaffirmed or given notice of an intention not to clear and settle because of the occurrence of certain events specified in such agreements, will be cleared and settled on behalf of the Fund and recorded on the Custodian's books in a cash account.

ADMINISTRATION OF THE FUND

The Fund will be administered as a co-mingled investment account in which each investor owns an undivided interest. An investment in the Fund is similar in various respects to having a managed investment account with an investment adviser. The Fund will file annual partnership income tax returns, will provide a Schedule K-1 to each investor in the Fund, and

will allocate gains and losses (as determined for income tax purposes) in accordance with the partnership tax provisions of the Code. See "Certain Tax Considerations." Investors do not have the ability to replace the Sponsor, by vote or otherwise, and do not have the ability to change or modify the Fund's investment objectives or the Sponsor's investment selection process.

Redemption of Investments in the Fund

An investor may redeem all or a portion of its investment in the Fund, without penalty, generally as of the last business day of any month ("Redemption Valuation Date") on at least 30 days' (60 days' in the case of a redemption in kind) prior written notice ("Redemption Notice"); provided, however, that no withdrawal, except a complete withdrawal, shall be permitted if the partial withdrawal would result in decreasing an investor's investment to less than \$1,000,000 immediately after such redemption. The Sponsor may waive any of the withdrawal restrictions, including the minimum investment and the day of redemption.

The Redemption Notice must specify the number of Units or dollar amount to be redeemed and the manner in which the redemption is to be affected (the date of receipt of the Redemption Notice is referred to as the "Redemption Notice Date"). The Sponsor will, based on such timely instructions, either (1) transfer (with a valuation as of the Redemption Valuation Date) to the investor's own account securities from the Fund's portfolio reflecting the undivided pro rata interest in the Fund represented by the Units to be redeemed (taking into account rounding to the nearest round lot, with cash adjustments), or (2) redeem (with a valuation as of the Redemption Valuation Date) the specified number of Units for cash (utilizing the Fund's available uninvested cash, if any).

Units will be redeemed for cash (by direct payment by the Fund or through an exchange arrangement upon the written direction to the Sponsor by all parties to the exchange) unless an investor requests, in the Redemption Notice, that its Units be redeemed in kind. Upon such a request, an investor will be entitled to receive its proportionate share of the assets that are held by the Fund on the applicable Redemption Valuation Date. Investors seeking payment in kind will be required to arrange for delivery of such Securities to a designated holder, such as a registered broker or sub-custodian. The Fund, through the Custodian, will provide such arrangements at an investor's request and expense. An investor may not make any redemptions of all or any part of its Units in the Fund except as described above.

The Sponsor may direct the redemption, without charge, of all or any part of the Units in the Fund owned by any or all investors as of the last business day of any month upon at least 30 days' prior written notice for any reason deemed necessary or appropriate by the Sponsor, in its sole discretion and in accordance with its fiduciary duty to the investors.

ERISA CONSIDERATIONS

The Sponsor may, subject to the limitations below and the other limitations herein, accept subscriptions from Employee Benefit Plans subject to ERISA ("ERISA Plans"), from IRAs, Keogh Plans which cover only self-employed persons and their spouses and other employee benefit plans which cover only the owners of a business and which are not subject to ERISA (collectively, "Individual Retirement Funds"), from government plans, church plans, foreign plans and any other employee benefit plans which are not subject to ERISA (collectively, "Non-ERISA Plans") and from other entities the assets of which are "plan assets" due to direct or indirect investments in such entities by ERISA Plans, Individual Retirement Funds, and Non-ERISA Plans (collectively, "Plan Assets Entities"). Individual Retirement Funds, ERISA Plans, Non-ERISA Plans and Plan Assets Entities are hereafter called "Plans".

Section 404(a)(1) of ERISA and the regulations promulgated thereunder by the United States Department of Labor (the "DOL") provide as a general rule that a fiduciary with respect to a Plan subject to ERISA must discharge his duties with respect to the Plan in a prudent manner and must consider several factors in determining whether to subscribe for Fund Units of the Fund. If a fiduciary with respect to any such Plan acts imprudently with regard to subscribing for Fund Units of the Fund, the fiduciary may be held personally liable for losses incurred by the Plan as a result of such imprudence. Among the factors that should be considered are (i) the diversification and liquidity of the Plan's portfolio; (ii) the potential returns on the proposed investment taking into account the risk of loss and opportunity for gain; (iii) the place the proposed investment would occupy in the Plan's portfolio taken as a whole; and (iv) whether the proposed investment is permitted under the documents and instruments governing the Plan.

The acceptance of a subscription by the Sponsor from a Plan does not constitute a representation or judgment by the Fund or the Sponsor that an investment in the Fund is an appropriate investment for that entity or that such an investment meets the legal requirements applicable to such entity. Those considering the purchase of Fund Units on behalf of a Plan remain responsible for the Plan's compliance with the legal requirements applicable to such entity. If the purchase of Fund Units is not prohibited under the governing documents of the entity or otherwise, the Plan fiduciary who decides to do so or who is instructed to do so can subscribe for Fund Units.

Plan Assets

Depending upon the relative Net Asset Value of Fund Units purchased by Plans, relative to purchases by other investors, the underlying assets of the Fund may be considered to be assets of the Plans investing in the Fund for regulatory compliance purposes. Under DOL regulations, when an ERISA Plan, Individual Retirement Fund or Plan Assets Entity acquires an equity interest in an entity such as the Fund, which interest is not a publicly offered security, as is the case with the Fund Units, the underlying assets of the entity will not be deemed "plan assets" if the "25% Ownership Limitation" is met. The 25% Ownership Limitation will be met if less than

25% of the aggregate equity interests in each class of equity of the entity are held by Plans (excluding equity interests held by any person with discretionary authority or control with respect to the entity, or affiliates of any such person). If the 25% Ownership Limitation is not met and Plans own Fund Units representing 25% or more of the aggregate Net Asset Value of all Fund Units (excluding any Fund Units held by the Sponsor or any of its affiliates), the underlying assets of the Fund will constitute "plan assets" of the investing ERISA Plans, Individual Retirement Funds and Plan Assets Entities. The 25% Ownership Limitation is applied when a person acquires or disposes of an equity interest in an entity.

The Sponsor will, in its sole discretion, determine whether to cause the Fund to comply with the 25% Ownership Limitation. The Fund expects that it will exceed the 25% Ownership Limitation, and consequently, it is likely that the underlying assets of the Fund will be treated as ERISA plan assets.

To the extent the assets of the Fund are deemed to be plan assets, the Sponsor will be a fiduciary with respect to each Plan subject to ERISA which holds Fund Units. In such circumstances, the general prudence and fiduciary responsibility provisions of ERISA will be applicable to the Sponsor with respect to each investment made by the Fund, and certain transactions entered into by the Fund may be prohibited transactions. In the event that any transaction would or might constitute a prohibited transaction under ERISA or the Code and no exemption for such transaction or transactions is readily available, the Sponsor reserves the right, upon notice to, but without the consent of, any investor, mandatorily to redeem any investor which is an ERISA Plan, Individual Retirement Fund, or Plan Assets Entity.

ERISA Investment Manager Status

Where (i) a fiduciary of a Plan subject to ERISA is a "named fiduciary," (ii) the fiduciary appoints an investment adviser to manage the assets of the Plan, and (iii) the investment adviser is a registered investment adviser under the Advisers Act (or under similar state law provisions) which acknowledges in writing that it is a fiduciary with respect to the Plan, the investment adviser can meet the requirements of an "investment manager" under Section 3(38) of ERISA and the fiduciary's liabilities can be partially limited with respect to the investment adviser's management of the Plan's assets. Thus, while the Plan fiduciary will remain responsible for the prudence of selecting the investment adviser, and for monitoring the investment adviser's actions, the fiduciary need not be responsible for any failure of the investment adviser to comply with ERISA's fiduciary standards or otherwise have any obligation to manage or invest any assets which are subject to the management of the adviser (unless the Plan fiduciary has actual knowledge of a breach of the investment adviser's fiduciary duties). In connection with the offering of the Fund Units, to the extent the Fund's assets are ERISA plan assets, the Plan fiduciary will have appointed the Sponsor as an investment adviser of the Plan's undivided interest in the Fund. However, if the Sponsor is not appointed as an ERISA investment manager, including if any of the conditions described above are not satisfied, the fiduciary of a Plan subject to ERISA will be responsible for both the selection and monitoring of the Sponsor as well as the Sponsor's compliance with the fiduciary standards and prohibited transaction rules of ERISA and the related provisions of the Code.

In the event of a breach of ERISA or the Code, a fiduciary of a Plan subject to ERISA can be personally liable for losses incurred by the Plan resulting from the fiduciary's breach of fiduciary duties (including lost profits) and a civil penalty imposed by the DOL, as well as significant excise taxes and other negative consequences.

Management of the Fund

As a fiduciary under ERISA, the Sponsor will be subject to ERISA's prohibited transaction provisions (and the generally mirror provisions of Section 4975 of the Code) in connection with the management of the Fund. Thus, unless an exception or exemption applies, the Sponsor is prohibited from allowing the Fund to engage in any transaction (including the buying or selling of securities or other property or any extension of credit) which it knows or should know is with a "party in interest," regardless of the reasonableness or fairness of the transaction. As a general matter, this would require the Sponsor to determine whether each transaction involving the assets of the Fund would give rise to a non-exempt prohibited transaction under ERISA. While blind open market trades should not cause prohibit transaction concerns, investments in other investment entities will need to be considered in light of the available exemptions. A party in interest, for these purposes, includes, without limitation: any fiduciary, administrator or service provider of any of the Plans or the Fund; an employer whose employees are covered by any of the Plans; and a union any of whose members are covered by any of the Plans. In addition, certain affiliates of the foregoing entities are also classified as parties in interest.

One available exemption might include the Department of Labor's Prohibited Transaction Class Exemption 84-14 ("PTCE 84-14"). Under PTCE 84-14, transactions entered into by the Sponsor involving unrelated parties in interest will be exempt, if the conditions of the exemption are met. Certain significant conditions of PTCE 84-14 include: (i) the Sponsor must be a "qualified professional asset manager" as defined in Part V(a) of PTCE 84-14 (which the Sponsor expects that it will be), (ii) the party in interest must not be the Sponsor or any of its affiliates, or any person that has, or has exercised, the authority to appoint or terminate the Sponsor as a fiduciary over the plan's assets or any person that exercises fiduciary authority in connection with the plan's decision to invest in, or maintain its investments in, the Fund. The result of these conditions are that the Sponsor will need to obtain representations, warranties and covenants from Plans that are subject to ERISA or the Prohibited Transaction provisions of the Code to facilitate compliance with these conditions.

Another available exemption might include the Department of Labor's Prohibited Transaction Class Exemption 86-128 ("PTCE 86-128"). PTCE 86-128 permits the Sponsor to act as broker-dealer on behalf of the Fund, if the conditions of the exemption are met. Certain significant conditions of PTCE 86-128 would include that the Sponsor be a broker-dealer and that certain additional reporting and disclosure requirements be met.

While the Sponsor will endeavor to comply with ERISA'S fiduciary standards and the prohibited transaction rules, there can be no guarantee that the good faith actions of the Sponsor will not result in a breach of fiduciary duty under ERISA. In this regard, the plan fiduciary is therefore urged to consult with its own legal counsel concerning these issues. Moreover, there

can be no absolute assurance that the Sponsor will be able to determine whether a nonexempt prohibited transaction has occurred or might occur.

ERISA Fidelity Bond

The Sponsor will not purchase a fidelity bond satisfying the requirements of Section 412 of ERISA with respect to the assets of the Fund owned by ERISA Plans. If you are an ERISA Plan you must cause the Sponsor to be covered under your bond with respect to assets invested by you in the Fund.

Additional Fiduciary Considerations

Certain prospective Plan investors may currently maintain relationships with the Sponsor or any of its affiliates under which the Sponsor or any such affiliate provides investment advisory and/or management services to such entity. These relationships may cause the Sponsor or its affiliates to be deemed to be a fiduciary with respect to such Plan. As a result, an investment in the Fund by a Plan for which the Sponsor or any of its affiliates provide investment advisory and/or management services could possibly be interpreted to constitute a prohibited use of the plan assets of such entity because it has the effect of benefiting them. The Sponsor has determined that neither it nor any affiliate will recommend investment of any Plan assets in Fund Units with respect to which assets the Sponsor or any such affiliate may be a fiduciary, nor will the Sponsor or any affiliate allocate any such assets over which they have discretionary control to the Fund. Plan fiduciaries should make their own determination regarding whether any relationship the Plan investor (or its fiduciaries) maintains with the Sponsor or any of its affiliates would constitute a prohibited use of plan assets.

Reporting and Disclosure

Plan fiduciaries are responsible for complying with any reporting and disclosure requirements under ERISA or the Code resulting from an investment in the Fund. A Form 5500 (Annual Return/Report) is required to be filed by certain Plans investing in the Fund. Pursuant to DOL regulations, ERISA Plans investing in the Fund would need to include on their Form 5500 information relating to the fair market value of the Plan's investment in the Fund as of the close of the Plan's fiscal year, and the Plan's acquisition or disposition of any Fund Units. Moreover, to the extent the assets of the Fund are treated as plan assets, detailed information regarding the Fund's assets and liabilities and even the Fund's investment transactions may need to be reported on the Plan's Form 5500, unless the Sponsor elects to make an alternative filing directly with the DOL. Presently, the Sponsor intends to make such filing with the DOL. If the Plan's fiscal year differs from the Fund's fiscal year, the Plan investor may not be able to obtain valuation information on its Fund Units or on the underlying assets of the Fund as of the last day of the Plan's fiscal year.

Special Rules for Individual Retirement Funds

Individual Retirement Fund fiduciaries should consider the unique rules applicable to their Individual Retirement Fund before making an investment in the Fund. Although Individual Retirement Funds are subject to the prohibited transaction rules of the Code, Individual

Retirement Funds are not subject to ERISA's fiduciary standards, but may be subject to additional rules and regulations that could impact a decision to invest in the Fund. For example, IRAs are subject to special custody rules and are prohibited from investing in certain commingled investments. A violation of these custody rules or a prohibited commingling of the assets of an IRA in other than a common trust fund or common investment fund could result in the disqualification of the IRA and a deemed distribution of the IRA's assets to the beneficiary of the IRA.

Exempt Plans

Certain Plans may include the assets of governmental plans which are not subject to ERISA and church plans which often will not be subject to ERISA. Also, the above-described prohibited transaction provisions do not apply to governmental plans or church plans. However, such Plans are subject to prohibitions against certain related-party transactions under Section 503 of the Code, which prohibitions operate similar to the above-described prohibited transaction rules. In addition, the fiduciary of any governmental or church plan must consider applicable state or local laws, if any, and the restrictions and duties of common law, if any, imposed upon such plan before making an investment in the Fund.

Information Request

The Sponsor reserves the right to request from any investor or potential investor in the Fund such information as the Sponsor deems necessary to monitor Fund investments relating to Plans or potential Plan-related compliance concerns.

* * *

Plan fiduciaries that are prospective investors should consult with their own counsel concerning the appropriateness of an investment in the Fund, and the consequences under ERISA or other applicable law of an investment in the Fund, including all compensation arrangements.

CERTAIN INCOME TAX CONSIDERATIONS

The following is a summary of certain United States income tax considerations which may be relevant to you. It is impractical to set forth all aspects of Federal, state and local income tax law which may bear upon an investment in the Fund. The income tax considerations discussed below are necessarily general and may vary depending upon your particular circumstances. Therefore, you should consult their own professional tax advisors as to your tax consequences of this investment.

The discussion of Federal income tax consequences that follows is based on the Internal Revenue Code of 1986, as amended (the "Code"), judicial decisions and administrative

regulations, rulings and practice, all of which are subject to change. The Fund has not sought a ruling from the Internal Revenue Service ("IRS") or an opinion of legal counsel as to any tax matters.

Treatment as "Partnership"

Under current U.S. Treasury Regulations, the Fund is classified as a partnership for Federal income tax purposes. The Fund also will be administered so that it should not be classified as a "publicly traded partnership" within the meaning of Section 7704(b) of the Code. Accordingly, the Fund will not be a taxable entity for Federal income tax purposes, but will be required to file an annual Federal and state partnership information income tax return. Each investor will be required to take into account in determining his or its income tax liability each year, his or its proportionate share of the Fund's income, gain and loss, whether or not any income is paid out to such investor.

As promptly as practicable after the end of each fiscal year, the Fund will provide each investor with a statement indicating the amounts representing such investor's share of the Fund's net capital gain or loss, dividends and other relevant information for purposes of enabling investors to report such amounts for income tax purposes.

The income tax returns of the Fund may be audited, and such an audit could lead to an audit of the tax returns of the investors. Such audits could result in the determination of tax deficiencies unrelated to the Fund. Furthermore, interest paid on tax deficiencies would likely not be deductible by most investors.

Tax Shelter Regulations; Disclosure

Recently finalized Regulations directed at abusive tax shelter activity and generally effective January 1, 2003 apply to transactions not conventionally regarded as tax shelters. Among other things, the Regulations require specified disclosures by certain persons that directly or indirectly participate in a "reportable transaction," as defined. A transaction involving an actual or deemed acquisition of an asset generally is a reportable transaction if it generates gross tax losses (whether or not offset by income or gains) equal to or greater than certain amounts (specified below), unless the transaction comes within one of several exclusions. While the exclusions generally cover most customary trading activity, they do not cover certain types of arbitrage and derivatives transactions, among others. Accordingly, it is possible that the Fund may participate in one or more reportable transactions. In that event, the Fund would be required to file an IRS Form 8886 with its tax return (which may increase its risk of being audited) and maintain a list identifying those investors (if any) that were allocated tax losses from the reportable transaction(s) equal to or greater than the specified amounts. (The amounts are, for taxpayers other than C corporations, \$2 million from one or more reportable transactions in any taxable year, \$4 million from one or more reportable transactions over any six-year period, or \$50,000 of ordinary loss from any foreign currency transaction that is not otherwise excluded from the application of these rules.) An investor that is allocated tax losses from reportable transactions equal to or greater than the specified amounts must file an IRS Form 8886 with its own tax return for each year that the investor reports tax losses from the reportable transaction(s).

Tax Considerations For Tax-Exempt Investors

The Fund does not expect to generate any unrelated business taxable income ("UBTI"). Assuming that no UBTI is generated, tax-exempt investors will be unable to deduct expenses and losses of the Fund, even though any such items allocated to them will reduce the Unit Value of their Units.

Considerations For Investors Not Exempt from Federal Taxation

The Fund will allocate its taxable income, gains and losses among the investors in accordance with the requirements of Section 704(b) of the Code and the Treasury Regulations thereunder. Since gain or loss on the Fund's Securities generally will not be recognized by the Fund for tax purposes until the Securities are sold or disposed of, discrepancies may result between an investor's economic gain or loss (as reflected in the Unit Value) and his share of the gain or loss reported by the Fund for tax purposes.

The Fund will utilize a variety of trading strategies that may produce both short-term and long-term capital gain, as well as ordinary income. The Fund's trading strategies are not developed with a view to generating income of any particular character.

Under current tax law, a tax rate of 35% generally applies to ordinary income and short-term capital gains of non-corporate taxpayers and a top rate of 15% generally applies to capital gains from property held for more than 12 months ("long-term gain"). The excess of Fund capital losses over capital gains is deductible by a non-corporate taxpayer against capital gains from other sources, plus up to \$3,000 of ordinary income each year. Unused capital losses may be carried forward indefinitely by a non-corporate investors, but may not be carried back by such investor. **AS A RESULT OF THESE LIMITATIONS, AMONG OTHERS DESCRIBED HEREIN, AN INDIVIDUAL'S SHARE OF THE FUND'S CAPITAL LOSSES, IF ANY, WILL NOT MATERIALLY REDUCE HIS FEDERAL INCOME TAX ARISING FROM HIS ORDINARY INCOME FROM THIS AND OTHER SOURCES.**

Under Code Section 67, an individual's miscellaneous itemized deductions for any year, including his investment expenses other than interest, are deductible in any year for regular income tax purposes only to the extent that they exceed 2% of his adjusted gross income, and are not deductible at all for alternative minimum tax purposes. The deductible portion, if any, of such expenses is further reduced by an amount equal to the lesser of 3% of an individual's adjusted gross income in excess of \$100,000 (indexed for inflation) or 80% of an individual's otherwise allowable miscellaneous itemized deductions. Miscellaneous itemized deductions for these purposes do not include expenses incurred in connection with a trade or business. Unless the Fund is considered to be engaged in the trade or business of trading Securities, an individual's ability to deduct his share of Fund expenses (other than interest) will be limited as described above. This could result in an individual investor's having to report taxable income in excess of his economic profits from the Fund.

The Fund will file tax returns reflecting the position that its trading activity is not a passive activity for purposes of the passive activity loss limitations of Section 469 of the Code. Accordingly, for most taxable investors, taxable income generated by the Fund's transactions

will not be permitted to be offset by passive activity losses from other investments, and tax losses generated by the Fund's transactions will not be affected by these limitations.

An investor generally will not recognize gain or loss on the receipt of marketable Securities upon a withdrawal from the Fund. An investor's basis in marketable Securities received upon withdrawal from the Fund generally will equal such investor's basis in his Units.

Future Tax Legislation

Legislation may be enacted in the future, and Treasury Regulations may be issued, that could be retroactive with respect to transactions entered into prior to the effective date thereof or could generally affect the Fund (or an investment therein). There can be no assurance that changes in the tax law applicable to this investment will not occur that could adversely affect the tax treatment of gains, losses and expenses arising from past or future activities of the Fund.

State and Local Taxes

In addition to the Federal income tax consequences described above, investors may be subject to various state and local taxes. (No such taxes are anticipated to be payable by the Fund in New York.) State and local tax laws may differ in various respects from Federal income tax law, and may impose additional limitations on the deductibility of various expenses and losses. Prospective investors should consult with their own professional tax advisors concerning the applicability of state and local taxes to an investment in the Fund.

The consequences of an investment in the Fund may vary depending on your particular circumstances. Accordingly, you are urged to consult your own tax advisor with respect to the effects of this investment on your own tax situation.

PLAN OF DISTRIBUTION

Units in the Fund are offered on behalf of the Fund by us, the Sponsor. No selling fees or commissions will be charged.

Units in the Fund generally are being offered on the first day of each month; provided, however, that we reserve the right to admit investors at other times. Investment funds received prior to 1:00 p.m. (New York time) on any business day will be deposited by us into the Fund's account on that day; investment funds received after 1:00 p.m. (New York time) will be so deposited as of the next succeeding business day (the date of deposit is referred to as a Contribution Date). Commencing on the Contribution Date, funds will be managed by the us pursuant to the Fund Agreement, the form of which is annexed hereto as Appendix I.

The number of Units ascribed to each such investor on the Contribution Date will be calculated at a price per Unit based on the Net Asset Value of the Fund at the last business day preceding the Contribution Date (any such last business day is hereinafter referred to as a "Valuation Date"). The number of Units purchased on the Contribution Date by an investor will equal such investor's investment divided by the per Unit value (the "Unit Value") of the Fund on the Valuation Date (i.e., the Net Asset Value of the Fund on the Valuation Date, divided by the aggregate number of Units held by all investors in the Fund, excluding new investors and redeeming investors, on the Valuation Date).

SUBSCRIPTION PROCEDURE

In order to invest in the Fund, you must (1) complete, execute and deliver two copies of the Subscription Agreement, together with such other supporting documents as we may request; and (2) pay the full amount of your subscription, by check or wire transfer or otherwise provided in accordance with the instructions in the Subscription Agreement, to the Sponsor at 599 Lexington Avenue, 12th Floor, New York, New York 10022, Attn: Clarissa Moore.

By executing the Subscription Agreement, you will become a party to the Fund Agreement, which sets forth the terms of your participation in the Fund. The Fund Agreement generally provides that the operation of the Fund, and your rights and responsibilities, will be as described in this Memorandum. For full information as to the contents of the Fund Agreement, you should read the Fund Agreement annexed hereto as Appendix I. The term of the Fund Agreement is one year, with automatic successive one year renewals, unless you notify us in writing, not less than 30 days prior to the commencement of any such extension, of your intention not to renew the Fund Agreement, in which case you will be considered to have requested a redemption of all of your Units for cash.

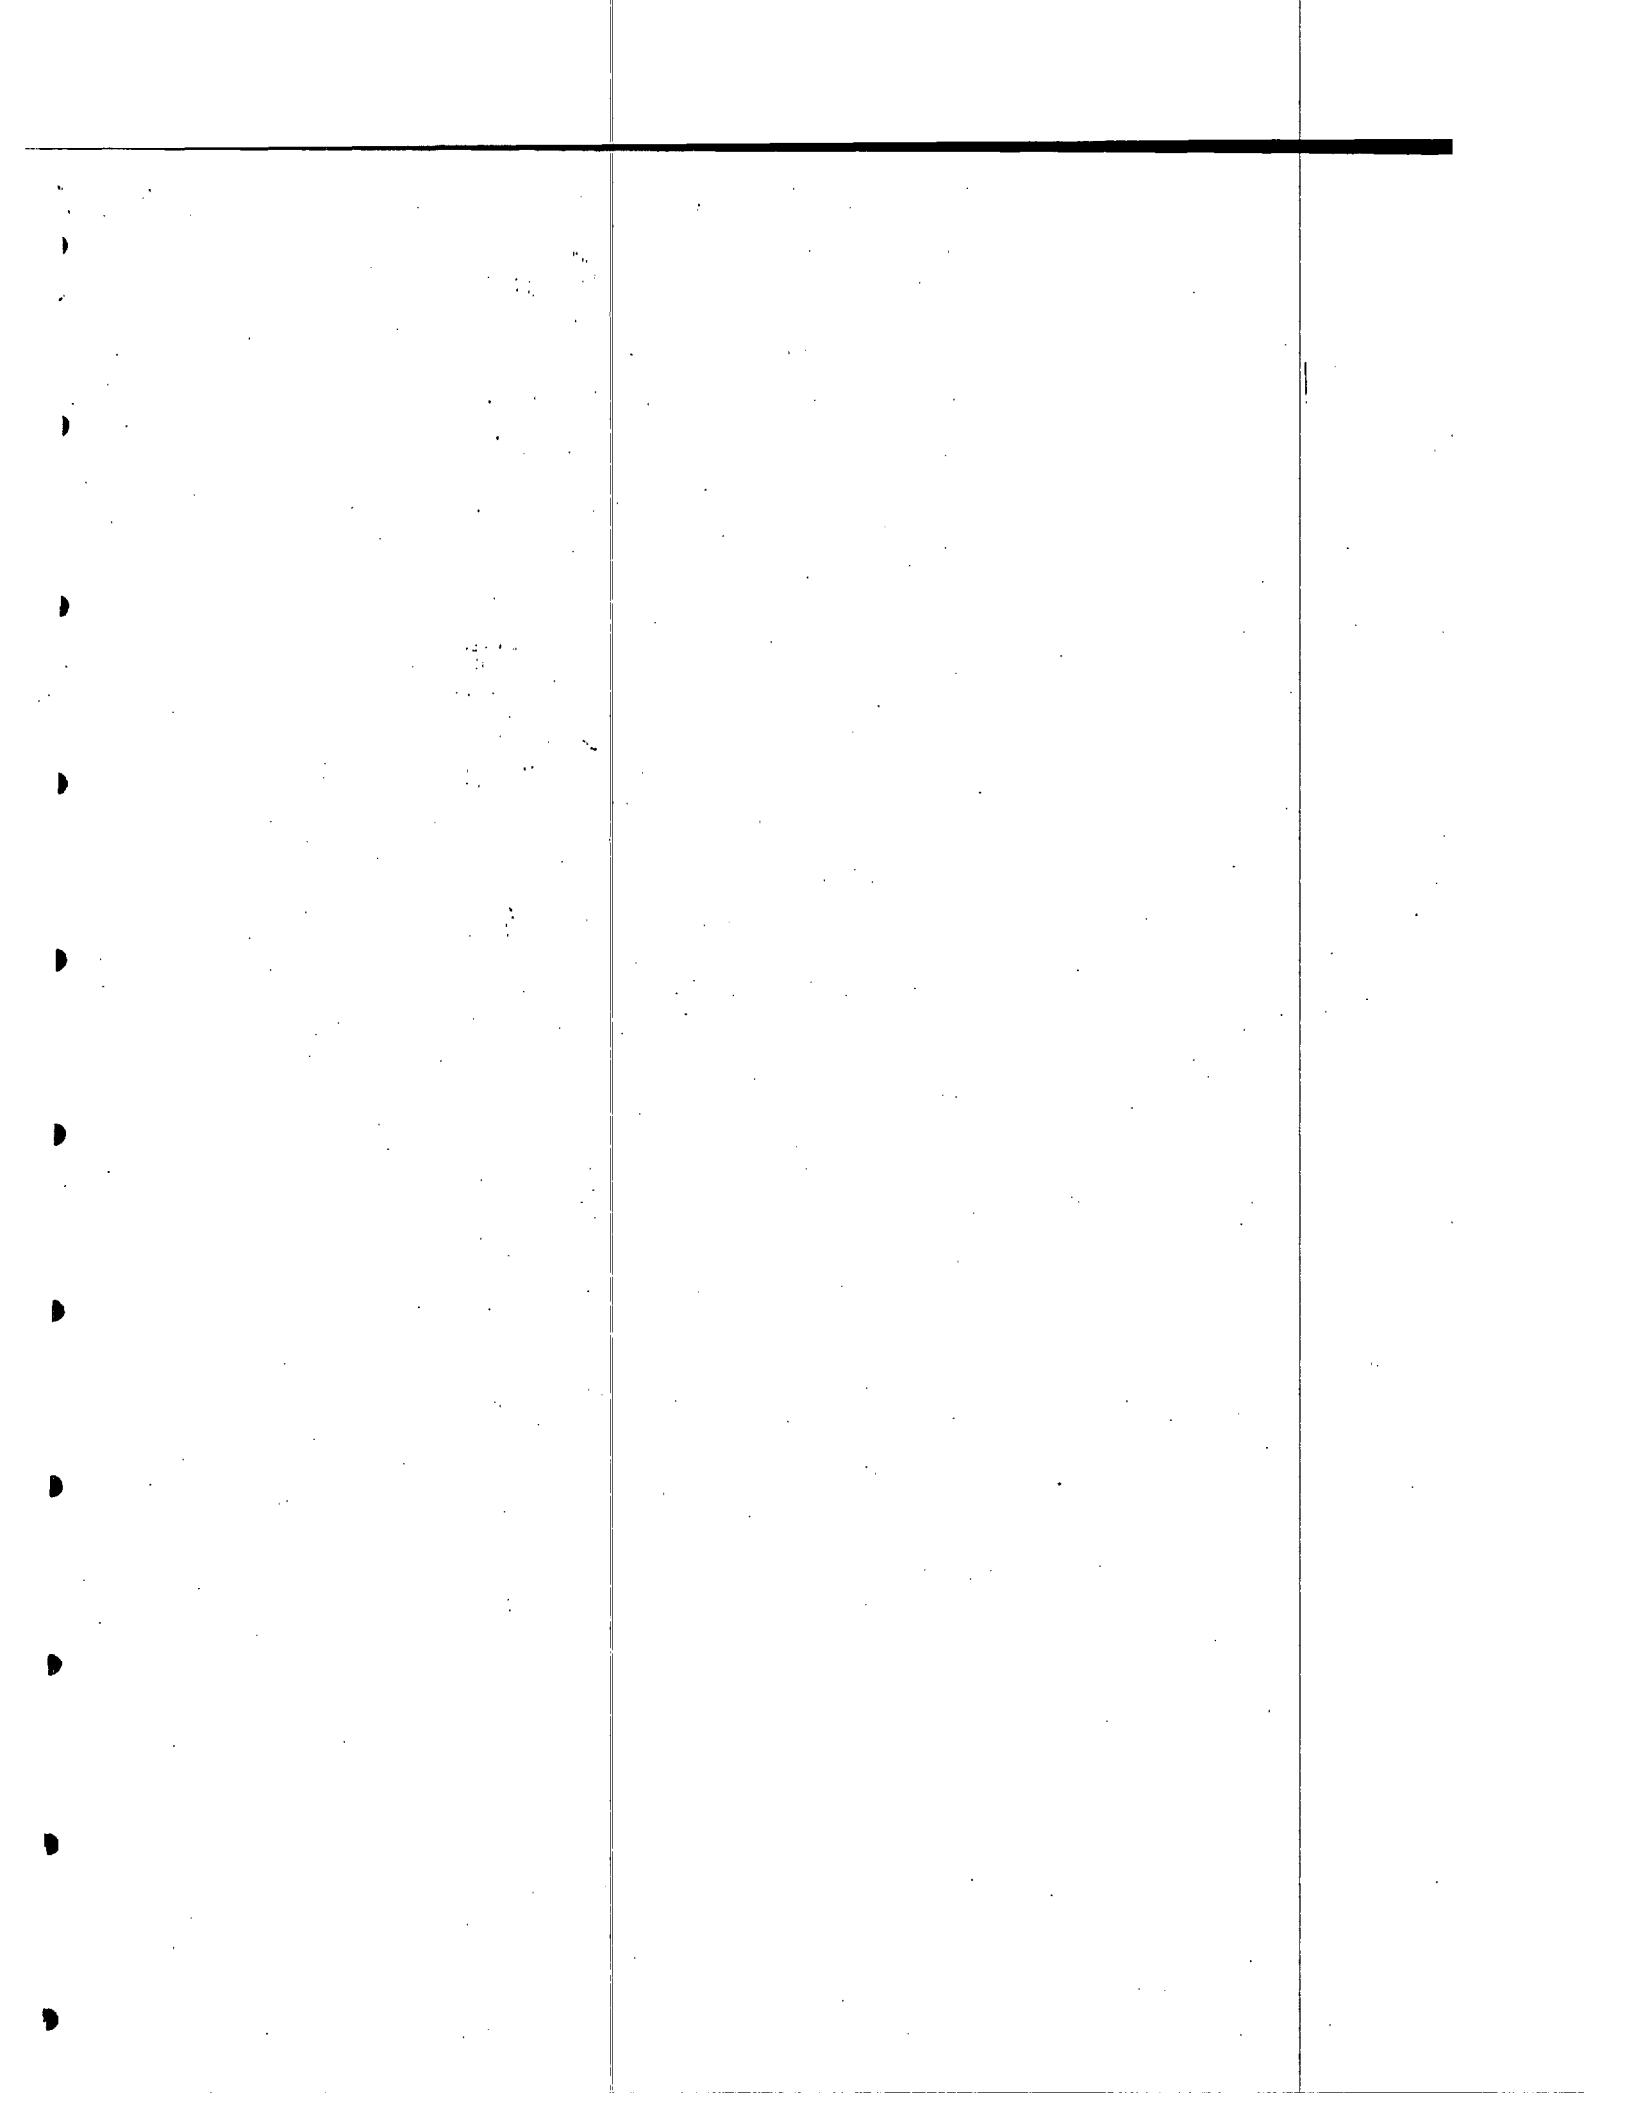

REPORTS TO INVESTORS

The Fund will provide to each investor a quarterly report setting forth the Fund's Net Asset Value, the Unit Value and the number of Units held by such investor. At the end of each fiscal year, the Fund will provide to each investor (1) a copy of the Fund's annual financial statement with respect to such year audited by BDO Seidman, the Fund's independent financial auditors; (2) a copy of Part II of the Sponsor's Form ADV; and (3) a statement disclosing the aggregate compensation received by the Sponsor in effecting transactions on behalf of the Fund

on national securities exchanges on which the Sponsor is a member. In addition, as soon as practicable, but no later than 90 days after the end of each fiscal year, the Fund will furnish each investor with such information as may be necessary to enable the investor to file his federal income tax return and any required state income tax return. The Sponsor will provide copies of each of the foregoing to each subscriber prior to such subscriber's investing in the Fund. The Fund will also file with the DOL each year an auditor's report prepared by BDO Seidman as described in 29 C.F.R. §2550.103-12.

ADDITIONAL INFORMATION

You are invited to meet with the Sponsor for a further explanation of the terms and conditions of this offering of Units and to obtain any additional information necessary to verify the information contained herein, to the extent the Sponsor possesses such information or can acquire it without unreasonable effort or expense. Requests for such information should be directed to Clarissa Moore at the Sponsor, telephone 212-371-4200; facsimile 212-750-4331; or e-mail at: cmoore@djgreenecom.

**THE DJG SMALL CAP VALUE
FUND AGREEMENT**

David J. Greene and Company, LLC
The DJG Small Cap Value Fund
599 Lexington Avenue, 12th Floor
New York, New York 10022

Re: The DJG Small Cap Value Fund (the "Fund")

Gentlemen:

This letter when executed by you (the "Sponsor") will constitute an agreement between the Sponsor and the investor named in the Subscription Agreement (the "Subscription Agreement") dated of even date herewith, which is attached hereto as Exhibit A and made part hereof (the "Investor") relating to the Investor's subscription for Units in the Fund, a co-mingled investment account maintained and managed by the Sponsor. The terms of the operation and administration of the Fund and the rights and responsibilities of the investors in the Fund are set forth in the Fund's Confidential Memorandum dated June 7, 2004 (the "Memorandum"), which is attached hereto and made part hereof. Capitalized terms used herein and not otherwise defined shall have the meanings given to them in the Subscription Agreement and the Memorandum.

The Investor and the Sponsor hereby agree as follows:

1. Redemptions. (a) All or any portion of an Investor's interest in the Fund may be redeemed, without penalty, subject to the provisions set forth in the Memorandum under "Redemption of Investments in the Fund."

(b) Upon the request by the Investor for redemption, the Sponsor may, and the Investor authorizes the Sponsor, pursuant to the Redemption Notice to be delivered to the Sponsor as described in "Redemption of Investments in the Fund," to take all such action as may be required to effect the redemption of the Investor's interest in the Fund.

2. Expenses and Management Fees. For its services in administering and serving as the investment adviser to the Fund, the Sponsor shall be entitled to receive directly from the Fund an annual Fund Management Fee as described in the Memorandum under "Compensation of the Sponsor." The Fund will bear all expenses described in the Memorandum under "Expenses of the Fund" and "Compensation of the Sponsor."

3. Investment Objectives. The investment objective of the Fund and the policies that will be followed in seeking to meet such objective are set forth in the Memorandum under "Investment Objectives," "Investment Selection Process" and "Investment Restrictions."

4. Indemnification; Exculpation. (a) The Sponsor together with its principals, members, affiliates, officers and employees, will not be liable, responsible or accountable in damages or otherwise to the Fund or any of the investors for any act or omission performed or omitted by it in good faith on behalf of the Fund and in a manner reasonably believed by it to be within the scope of the authority granted to it, except when such action or failure to act constitutes negligence, gross negligence, fraud or willful misconduct. The Sponsor will be indemnified by the Fund for any loss or expense suffered or sustained by it as a result of or in connection with any act performed by it within the scope of its duties including, without limitation, any judgment, settlement, reasonable attorneys' fees and other costs or expenses incurred in connection with the defense of any actual or threatened action or proceeding; provided, however, that such indemnity shall be payable only if the indemnitee acted in good faith and in a manner it reasonably believed to be in, or not opposed to, the best interests of the Fund and the investors. The Sponsor, at its own cost, may acquire insurance against any liability relating to the Sponsor's activities with respect to the Fund.

(b) If the Investor is not a Plan, the Sponsor shall not have any responsibilities with respect to assets of the Investor other than the Investor's investment in the Fund and any other investment advisory accounts to which the Sponsor is an adviser.

(c) If the Investor is a Plan, the Sponsor shall not be considered a fiduciary or have any other responsibilities with respect to assets of the investor other than Investor's investment in the Fund, any other investment advisory account or funds to which the Sponsor has agreed to be a manager. Except as may otherwise be specifically required by the Employee Retirement Income Security Act of 1974 ("ERISA"), the Sponsor shall not be responsible for any loss incurred by reason of any act or omission of any broker-dealer, custodian, or the undersigned (or any custodian), or other fiduciary of the Plan. The Investor acknowledges that the Sponsor will not purchase independently a fidelity bond satisfying the requirements of section 412 of ERISA with respect to the assets of the Fund owned by a Plan. The Investor shall cause the Sponsor to be covered, while the Investor owns an interest in the Fund, under the Investor's ERISA section 412 fidelity bond and will provide evidence with respect thereto to the Sponsor, if so requested.

5. Plan Subscribers. If the Investor is a Plan and if the underlying assets of the Fund are deemed "plan assets" within the meaning of Department of Labor regulation 29 CFR 2510.3-101, the Sponsor is hereby appointed as an "investment manager," as defined in section 3(38) of ERISA, with regard to the portion of the Plan's assets allocated to the Fund. The Sponsor hereby acknowledges that it is a fiduciary within the meaning of section 3(21)(A) of ERISA with respect to the assets of the Plan allocated to the Fund and represents and warrants that it is a registered investment adviser under the 1940 Act and meets the standards established by the Department of Labor for a "qualified professional asset manager," as set forth in Prohibited Transactions Class Exemption No. 84-14.

6. Sponsor Effected Fund Transactions. The Investor specifically authorizes the Sponsor to effect transactions on behalf of the Fund as well as to perform investment advisory services for the Fund, and the Investor agrees that the Sponsor may retain compensation in connection with effecting securities transactions for the Fund; provided that those transactions are effected in accordance with Section 11(a) of the Securities Exchange Act of 1934 and Rule 11a2-2(T) thereunder and, with respect to Investors that are Plans, in accordance with the provisions of Prohibited Transaction Exemption No. 86-128, Fed. Reg. 41686 (November 18, 1986).

7. Non-assignability. The Investor's interest in the Fund is not transferable or assignable by the Investor without the prior written consent of the Sponsor.

8. Term. The term of this Agreement shall commence on the date hereof and shall terminate on the first anniversary of such date; provided, however, that, unless the Sponsor or the Investor shall, not less than 30 days prior to the expiration of the term hereof, notify the other of its intention not to renew the term hereof, each shall be deemed to have consented to the renewal of this Agreement for a period of one year, and these renewal provisions shall again apply at the end of each such one-year period. If the Investor notifies the Sponsor in writing upon at least 30 days' prior written notice of its intention to terminate this Fund Agreement, the Investor will be considered to have requested a redemption of all of its interest in the Fund for cash.

9. The Custodian. The Investor hereby ratifies the appointment of Bear Stearns Securities Corp. (the "Custodian") as custodian and prime broker of the Fund pursuant to various agreements among the Custodian, the Fund and the Sponsor, and hereby authorizes the Sponsor to enter into with the Custodian, on behalf of the Fund, such other usual and customary agreements regarding the Custodian's handling of the Fund's assets as the Sponsor shall deem necessary and appropriate. The Custodian shall not be subject to any liability of the Investor, the Sponsor, or to any other person, firm or organization (including beneficiaries of any Plan or trust) for any investment made at the direction of the Sponsor or for any loss or diminution of assets of the Fund resulting from any action taken or omitted by the Sponsor or the Custodian at the direction of the Sponsor. The Custodian has not participated in the sponsorship of the Fund or the formulation of the investment policies to be followed with respect to the Fund by the Sponsor. The investment management of the assets of the Fund is the exclusive responsibility of the Sponsor. Further, the Custodian has no duty, obligation or intention to review the investment of assets of the Fund, to advise the Sponsor or to question directions given to it by the Sponsor.

10. Miscellaneous. (a) The Sponsor may act as investment adviser to other persons, firms or corporations, including commingled investment pools or entities similar to the Fund.

(b) Neither this Fund Agreement nor the Sponsor's management of the Fund shall be assigned (as defined in the 1940 Act) by the Sponsor without the consent of the Investor.

(c) The Sponsor may retain appropriate professional advisors, including accountants and legal counsel, and is hereby authorized to accept their findings and conclusions, including, but not limited to, conclusions concerning the valuation of the assets of the Fund and allocations of gains and losses to the respective Investor, and shall incur no liability for so doing.

(d) All notices required or permitted pursuant to this Agreement shall be in writing and shall be addressed to the parties at their addresses set forth herein, or at such other address as either party shall so specify.

(e) The section headings in this Agreement are for convenience only and shall be given no effect in construing or interpreting the provisions of this Agreement.

(f) This Agreement constitutes the entire agreement between the parties with respect to the subject matter hereof. The provisions of this Agreement may not be modified or waived except by written agreement executed by the party to be bound thereby.

(g) Except as otherwise provided in Section 514 of ERISA, this Fund Agreement shall be governed by and construed in accordance with the internal laws of the State of New York (without giving effect to the conflict of laws principles thereof) applicable to contracts, transactions and obligations entered into, and to be wholly performed, in the State of New York.

(h) The parties agree that any action or proceeding arising, directly, indirectly or otherwise, in connection with, out of, related to, or from, this Fund Agreement, any breach hereof, or any transaction covered hereby, shall be resolved, whether by arbitration or otherwise, within the State of New York. Accordingly, the parties consent and submit to the jurisdiction of the federal and state courts located within the State of New York. The parties further agree that any such action or proceeding brought by either party to enforce any right, assert any claim, or obtain any relief whatsoever in connection with this Fund Agreement shall be commenced by such party exclusively within the State of New York.

Very truly yours,

INVESTOR
