CSR plc  
(the Company)

Announcement of the award of ordinary shares and share options  
in the Company pursuant to the Company's Share Award and Share Option Plans

Following a meeting of a committee of the Remuneration Committee of the Company held on Wednesday 1 March 2006, approving the award of shares and share options to be effective 1 March 2006, invitations have today been issued to directors to accept awards of shares and share options, pursuant respectively to rules of the CSR Share Award Plan and the CSR plc Share Option Plan. In each case the vesting of awards is subject to a three year retention period and the fulfilment of performance conditions. The awards made to Mr Scarisbrick comprise the quarterly allotment of share options and share awards in accordance with the terms of his service agreement as previously announced.

Director	Share Options Awarded	Option Price	Nil Cost Share Awards	Awards Market Value (£)
John Scarisbrick	39,948	£9.99	19,974	199,540
Glenn Collinson	22,022	£9.99	16,516	164,995
James Collier	24,525	£9.99	18,393	183,746

For Immediate Release

28 February, 2006

**CSR PLC  
PRELIMINARY RESULTS FOR THE FOURTH QUARTER  
AND PERIOD ENDED 30 DECEMBER 2005**

**Record revenue, profit, cash flow and earnings per share for 2005. Strong growth outlook.**

**HIGHLIGHTS**

**Financial**

- **Revenue:** Q4 up 104% to \$162.9m (Q4 2004: \$79.8m). Full year up 92% to \$486.5m (2004: \$253.1m).
- **Gross margin:** Q4 up to 46.9% (Q4 2004: 46.6%). Full year maintained at 46.9% (2004: 46.8%).
- **Operating profit:** Q4 up 103% to \$38.1m (Q4 2004: \$18.8m). Full year up 91% to \$111.9m (2004: \$58.5m).
- **Operating margin:** Q4 23.4% (Q4 2004: 23.6%). Full year 23.0% (2004: 23.1%).
- **Profit before tax:** Q4 up 104% to \$38.6m (Q4 2004: \$18.9m). Full year up 94% to \$114.4m (2004: \$59.0m).
- **Diluted earnings per share:** Q4 \$0.21 (Q4 2004: \$0.16) reduced by \$0.04 for a non cash IAS 12 reclassification. Full year increased by 29% to \$0.62 (2004: \$0.48).
- **Operating cash:** Q4 up 300% to \$44.0m (Q4 2004: \$11.0m). Full year increased by 183% to \$95.0m (2004: \$33.6m).
- **Tax:** CSR became chargeable to tax for the first time at an effective rate of 27.3% (2004: tax credit of 4.4%).

**Operational**

- **Design wins:** secured over 460 new Bluetooth designs, 43% in handsets or headsets (2004: 346 and 31%).
- **Shipments:** shipped (directly and under manufacturing licence) over 150 million Bluetooth units.
- **Acquisitions:** significant IP and engineering resource gained with the acquisitions of Clarity Technologies, Inc. and UbiNetics' software business.
- **New products:** launched fifth generation of Bluetooth products, BlueCore5.

**CSR plc [LSE:CSR]**, the wireless solutions provider and the leader in Bluetooth technology, announces its unaudited preliminary financial results for the fourth quarter and its audited financial results for the 52 weeks ended 30 December 2005.

**Commenting, John Hodgson, CEO, said:**

*"These are very strong results with revenues and profit almost doubling, operating margin held virtually stable and record sales in the fourth quarter. They reflect the growth of the Bluetooth market, which we estimate has more than doubled in unit terms during the year, the strength of CSR's position within this market and our success in driving down the cost of our Bluetooth solutions, whilst simultaneously increasing their functionality and reducing their size and power consumption.*

*"During the year, we have continued to place emphasis on building research and development, sales and customer service, and this has delivered a strong flow of new products, design wins, and customer orders. We are also delighted with the progress made by our two acquisitions, Clarity Technologies, Inc, and UbiNetics' software business, which are now fully integrated into CSR and have broadened and deepened our technology resource.*

*"Looking ahead, we see the Bluetooth market continuing to expand. The 'attach rate' in mobile phones is increasing both as the demand for 'hands free calling' grows and as mobile phones increasingly move into services such as music streaming and gaming. Bluetooth is also being adopted in the wider electronic goods markets and in new application sectors such as automotive and consumer.*

*The combination of a fast growing Bluetooth market, our continued leadership in design wins and our knowledge of our customers' development programmes, make us confident for the outlook for 2006 as a whole.*

*"As planned, I am retiring from CSR at the end of this month, and John Scarisbrick is succeeding me. The handover process has worked very smoothly, aided by John's previous close familiarity with CSR through his time as a non-executive director, as well as his extensive knowledge and experience in the semiconductor industry. We have the right leader to take CSR forward and I can retire confident in the company's future while I look back over six years which I have enjoyed enormously."*

#### **About CSR**

CSR is the leading global provider of Bluetooth technology and has developed expertise in other single-chip wireless communication standards such as Wi-Fi (IEEE802.11). CSR offers developed hardware/software solutions for Bluetooth based around BlueCore, a fully integrated 2.4 GHz radio, baseband, microcontroller and software.

CSR has now launched its fifth generation BlueCore suite and is in volume manufacture of its fourth generation BlueCore devices. BlueCore4 supports the Enhanced Data Rate (EDR) standard which was ratified at the end of 2004. BlueCore4 remains the only EDR silicon to be shipping in volume today. In November 2004 CSR launched UniFi, the first single chip 802.11a/b/g embedded solution specifically targeting the mobile phone and consumer electronics markets.

BlueCore features in over 50 per cent of all Bluetooth devices shipped and over 60 per cent of all qualified Bluetooth enabled products and modules listed on the Bluetooth website with industry leaders including Nokia, Dell, Panasonic, Samsung, Sharp, Motorola, IBM, Apple, LG, NEC, Toshiba, RIM and Sony using BlueCore devices in their range of Bluetooth products.

In March 2005, CSR acquired Clarity Technologies Inc., for its Clear Voice Capture (CVC) technology that enhances the audio performance of any voice-based product or system. Applications for CVC include wireless headsets, handsets and automotive hands free systems.

In August 2005, CSR completed the acquisition of UbiNetics' software business, providing a strong R&D team to accelerate its existing software development in Bluetooth, Wi-Fi and UWB. The UbiNetics team gives CSR the capacity to extend its offering to mobile handset customers.

CSR has its headquarters and offices in Cambridge, UK, and offices in Japan, Korea, Taiwan, China, India, France, Denmark, Sweden and both Texas and Detroit in the USA.

More information can be found at [www.csr.com](http://www.csr.com) and the partner web site [www.btdesigner.com](http://www.btdesigner.com)

More information about Bluetooth technology can be found on the SIG web site at [www.bluetooth.com](http://www.bluetooth.com)

## Financial Review

### IFRS (International Financial Reporting Standards)

CSR adopted IFRS from 1 January 2005. All comparatives have been restated to comply with the requirements of IFRS. A full analysis of the restatements is given in note 8.

### Fourth Quarter ended 30 December 2005

#### Revenue

Revenue for Q4 2005 amounted to \$162.9 million, representing a slight increase from \$162.5 million in Q3 2005, and a 104% increase over Q4 2004 revenue of \$79.8 million. Once again the cellular market drove the strong revenue in the quarter with a slightly higher proportion of handset business to headset business compared to Q3 2005. Revenue phasing was concentrated towards the start of the quarter as consumer product seasonality resulted in a lower level of shipments leading up to the quarter end.

Revenue in Q4 2005 was derived predominantly from shipments of ICs. Royalty revenue resulting from shipments of BlueCore2 ROM parts under manufacturing licence reduced as expected to \$1.1 million in the quarter (Q3 2005: \$1.5 million).

Revenue shipped to the top 5 customers in the quarter represented 53% of total revenue (Q3 2005: 60%) with the largest customer representing 19% of total revenue (Q3 2005: 18%).

The blended average selling price (ASP) for CSR's products decreased by 7% from the Q3 2005 level as a result of a change in mix to lower value products. ASPs of individual products declined by on average between 3% and 4% compared to the prior quarter.

#### Gross Profit

Gross profit for the quarter was \$76.4 million compared to \$76.3 million in Q3 2005 and \$37.2 million in Q4 2004. Gross margin was 46.9% of revenue, down very slightly compared to 47.0% in Q3 2005 (Q4 2004: 46.6%). Gross margins were largely maintained quarter on quarter as a result of product cost reductions offsetting the impact of ASP reductions.

#### Operating Expenses

Research and development (R&D) expenditure was \$20.4 million in Q4 2005 compared to \$17.0 million in Q3 2005, an increase of 20% (Q4 2004: \$8.3 million). This increase results from a full quarter of UbiNetics' costs in Q4 2005 compared to half a quarter in Q3 2005, an increase in pre production engineering costs as well as costs relating to continued headcount growth. R&D expenditure represented 12.5% of revenue compared to CSR's long run R&D target of at least 17% of revenue. CSR is committed to continuing its investment in R&D.

Selling, general and administrative (SG&A) expenses were \$18.0 million for Q4 2005 compared to \$14.5 million in Q3 2005, an increase of 24% (Q4 2004: \$10.1 million). Excluding the \$1.1 million credit relating to the release of the onerous lease provision in Q3 2005 the quarter on quarter increase was \$2.4 million. This increase resulted from a full quarter of UbiNetics' costs, continued headcount growth as well as one off staff related costs of just under \$0.9 million including the share based payment charges as detailed below. SG&A costs represented 11% of revenue in Q4 2005 compared to CSR's long run target of between 10% and 12% of revenue.

Share based payment charges, recorded under IFRS 2, were \$1.1 million for Q4 2005 representing an increase of \$0.6 million compared to Q3 2005. This was a result of an additional non-cash charge of \$0.4 million following the remuneration committee's decision to accelerate vesting on all of the departing CEO's remaining share options and performance shares to the date of his retirement. This will also result in an additional charge of \$0.6 million in Q1 2006 up to the date of retirement on 28 February 2006.

#### Operating Profit

Operating profit for Q4 2005 was \$38.1 million compared to \$44.7 million in Q3 2005 and \$18.8 million in Q4 2004. Operating margin was 23.4% in Q4 2005 compared to 27.5% in Q3 2005 (Q4 2004: 23.6%).

## Earnings and Taxation

Profit before taxation in Q4 2005 was \$38.6 million compared to \$45.5 million for Q3 2005 and \$18.9 million for Q4 2005. The tax charge for the quarter was \$10.6 million giving an effective tax rate of 27.3%.

When UK employees exercise share options any gain they make is an allowable expense against corporation tax, thus reducing the corporation tax payable. Previously, CSR had credited the cash tax benefit relating to employee share option gains to the current year income statement tax charge. CSR's interpretation of the required accounting treatment under IFRS (specifically IAS 12) for this cash tax benefit has now changed; the revised treatment of the allowable gain (in excess of the related share option charges) is to credit equity rather than to credit the current year income statement. A cash tax benefit of \$5.5 million was credited directly to equity in Q4 2005. Q3 2005 has been restated to reflect the revised treatment, with cash tax benefit being reclassified from the income statement to equity. This resulted in a cash tax benefit of \$8.1 million being credited directly to equity in Q3 2005. The impact of this change on Q2 2005 and previous quarters was immaterial.

The total \$13.6 million cash tax benefit in the year gained from share option exercises remains deductible against corporation tax. CSR expects a long term effective tax rate in the region of 27%.

Fully diluted earnings per share for Q4 2005 were \$0.21 compared to \$0.24 for Q3 2005, as restated (see note 3). The effect of the revised treatment described above was to reduce Q4 2005 diluted EPS by \$0.04.

## 52 weeks ended 30 December 2005

### Revenues

Revenues for 2005 amounted to \$486.5 million, an increase of 92% (2004: \$253.1 million).

### Gross Profit

Gross profit for 2005 amounted to \$228.1 million, an increase of 93% (2004: \$118.4 million). Gross margin for 2005 increased to 46.9% from 46.8% in 2004.

### Operating Expenses

Total operating expenses in 2005 were \$116.2 million an increase of 94% (2004: \$59.9 million).

R&D expenses were \$60.3 million in 2005 representing 12.4% of revenue compared to \$27.6 million and 10.9% of revenue in 2004.

SG&A expenses were \$55.8 million in 2005 representing 11.5% of revenue compared to \$32.3 million and 12.8% of revenue in 2004.

### Operating Profit

Operating profit for 2005 was \$111.9 million compared to \$58.5 million in 2004. The operating margin for 2005 was 23.0% compared to 23.1% in 2004.

### Interest Receivable

Interest receivable for 2005 was \$3.2 million compared to \$1.2 million in 2004. The increase was predominantly due to the increased cash balance held by CSR during 2005 compared to 2004 as well as an increase in both GBP and USD interest rates.

### Earnings and Taxation

Profit before taxation was \$114.4 million or 23.5% of revenues in 2005 compared to \$59.0 million or 23.3% of revenues in 2004.

CSR's effective corporation tax rate was 27.3% for 2005.

CSR became chargeable to tax in 2005 having fully recognised its brought forward tax losses during 2004.

Fully diluted earnings for 2005 were \$0.62 per share compared to \$0.48 per share for 2004, an increase of 29%.

## Balance Sheet and Cash Flow

The aggregate of cash and cash equivalents and treasury deposits was \$124.4 million at 30 December 2005, compared to \$92.7 million at 30 September 2005 and \$110.1 million at 31 December 2004.

Net cash inflow from operating activities was \$44.0 million in Q4 2005 compared to \$28.7 million in Q3 2005 (an increase of 53.3%) and \$11.0 million in Q4 2004. Cash outflow on capital expenditure was \$12.5 million in Q4 2005 largely as a result of the acquisition of 3 production flex testers for consignment at ASE in Taiwan. CSR's longer term target spend on tangible and intangible (mainly CAD) assets is estimated at 4% to 5% of revenues.

Accounts receivable decreased to \$62.5 million at 30 December 2005 from \$77.2 million at 30 September 2005 reflecting the phasing of revenue in October and November. Days sales outstanding (DSO) were 42 days at 30 December 2005 compared to 40 days at 31 December 2004.

Closing inventory was \$69.7 million at 30 December 2005 compared to \$56.1 million at 30 September 2005 and \$30.1 million at 31 December 2004. In order to meet the frequent short lead time requests of our customers CSR aims to hold between 5 and 7 turns of inventory at any time. Inventory at 30 December 2005 represents just less than 5 turns. The increase in inventory year on year reflects the higher levels of business that CSR has achieved as well as a broader product range.

## Operating Review

### Marketplace

The Bluetooth market more than doubled in 2005 with market estimates of shipments of Bluetooth ICs of 317 million units compared to 142 million units in 2004 (source: IMS).

This considerable growth was driven largely by increased Bluetooth attach rates in mobile phones. Attach rates of Bluetooth into mobile phones grew to around 25% in 2005 from 14% in 2004. We expect that attach rates for 2006 will reach 35% for the year as a whole. Bluetooth is well established in all top tier mobile phone manufacturers' roadmaps with many high and mid-range phones now specifying its inclusion. The very low attach rates for Bluetooth in the US began to increase as the mono headset application gained some popularity.

Additionally, the mobile phone market is starting to see a trend towards handset manufacturers seeking space and cost efficiencies by specifying the integration of more than one non-cellular wireless technology onto one IC. This trend should favour suppliers such as CSR, with proven competence of wireless systems integration.

The headset market has also grown significantly in 2005 compared to 2004 driven by the proliferation of Bluetooth mobile phones. CSR's estimate is that the headset attach rate to Bluetooth enabled mobile phones was between 25% and 30% in 2005. The headset market continues to segment from very high end headsets with full feature sets to low cost headsets with less functionality. 2005 saw the introduction of the first stereo headphones which can be used for both voice calls and listening to music. We expect this market to show strong growth over the coming years.

The PC market for Bluetooth continues to grow with penetration of Bluetooth in laptops rising to the high teens percent in 2005 compared to 15% in 2004. We expect penetration rates to grow further as the stereo headphone market grows, VoIP calls using cordless headsets paired to PCs increase and the bandwidth of Bluetooth increases in 2007 and beyond, allowing very fast file transfer.

The automotive market provides a significant growth opportunity as the number of car manufacturers offering Bluetooth connectivity increases. In 2005 a number of mid-range car makers including Nissan, Renault, Ford and Toyota introduced Bluetooth connectivity as an optional extra for their customers. In addition to built-in Bluetooth, used predominantly for hands free calls via the car HiFi system, there is a significant aftermarket serviced by clip-on handsfree Bluetooth devices. At below 5%, attach rates are relatively low.

Music and gaming applications have started to appear in the consumer segment. Bluetooth connectivity for MP3 players is gaining traction, initially via plug-in adaptors enabling stereo headphones to be connected wirelessly. In the gaming segment, a console using an enhanced data rate Bluetooth wireless connection with the game-pads is due for launch in mid 2006.

The strong Bluetooth market opportunity is reflected by the high level of design activity. According to the Bluetooth Special Interest Group ([www.bluetooth.com](http://www.bluetooth.com)) qualified designs in 2005 increased by over 50% to 770.

## CSR's Operational Status and Design Wins

In 2005, as in 2004, CSR won the majority of designs for end products or modules in every market segment into which Bluetooth is shipped.

In total, CSR won over 460 new designs in 2005 of which 43% (2004: 31%) were in the cellular sector (mobile phones and mono headsets). Over 70% of CSR's unit shipments were shipped into the cellular sector. CSR has won significant design wins in 5 of the top 6 mobile phone manufacturers during 2005. CSR retained its significant lead in the headset segment as a result of its solutions based approach, offering customers the highest level of integration on the market. CSR has won designs for 69% of all EDR (enhanced data rate) Bluetooth end products, mainly in the mobile phone and PC segments. CSR achieved a share of over 71% of all laptop design wins in 2005 and won every design for the Japanese PC manufacturers. In the automotive sector 77% of the designs were awarded to CSR. In the stereo headphone market CSR secured 69% of the available designs including wins for customers such as Nokia, Samsung, GN Netcom (Jabra), Philips for Siemens as well as I-Tech dynamic. CSR has also won a number of designs for plug-in adaptors for MP3 players during the year, most notably with Griffin in Q4 2005.

During Q4 2005, CSR won 32 designs from mobile phone customers which is 13 designs more than CSR's highest ever quarterly performance to date. Over 60% of these wins were with top tier phone manufacturers. Notable wins in the quarter included Kyocera, LG, Nokia, Pantech Curitel, Philips, Purple Labs, Quanta, Samsung, Research in Motion and TCL. CSR also won a cordless phone design for Alcatel in Q4 2005.

CSR's design win record in the headset segment continued to be very strong in Q4 2005 with notable wins with customers including Gennum Corporation, i Tech Dynamic, Logitech, Motorola, Nokia, Pantech Curitel and Philips.

In the PC sector, CSR won laptop designs with Asustek and Hewlett Packard in the quarter and won 55% of the PC peripherals designs. Notable design wins included printers from Canon and Seiko Epson and a mouse and keyboard from Logitech.

In the automotive sector CSR continued to win notable designs for customers including Bury GmbH, Delphi Corporation, Motorola and Tom Tom.

As a result of CSR's leadership position in all applications for Bluetooth, its unit market share in 2005 increased to over 50% from a 2004 share of 45%.

CSR's strategy of providing customers with solutions (including hardware, software and considerable engineering support) as well as the highest level of integration at competitive prices has enabled a strong market position versus competition. With CSR's fifth generation of silicon BlueCore5 already sampling with customers, CSR is well placed to capitalise on the considerable market opportunity in 2006 and beyond.

### **UniFi**

Customers are in the process of laying out designs using UniFi, the industry's first single chip IEEE802.11a, b, g embedded solution specifically targeting the embedded market. UniFi's small size, low power, low cost and high performance together with CSR's ability to supply both Bluetooth and WiFi remains particularly attractive to a whole range of consumer electronics companies who cannot deploy existing PC centric WiFi solutions. At 3GSM in February 2006 CSR demonstrated Voice over WiFi (wVoIP) showing Bluecore and Unifi coexisting. In addition, Portalplayer demonstrated its reference design (expected availability in H2 2006) using CSR's UniFi and Portalplayer's core technology platforms to deliver wireless connectivity for multimedia devices with the optimum balance of battery life and performance.

CSR expects modest revenue from shipments of UniFi in 2006 becoming more significant in 2007.

### **People**

Headcount has increased from 650 at the end of Q3 2005 to 688 at the end of Q4 2005 largely as a result of continued investment in R&D. Headcount has more than doubled from the beginning of 2005 when it was 316. This increase represents both headcount growth through acquisition as well as organic growth. The acquisition of Clarity Technologies Inc at the end of Q1 2005 and UbiNetics' software business in mid Q3 2005 added 240 new employees, predominantly engineers based in Cambridge, Bangalore and Detroit. Additionally CSR has continued to grow its engineering talent organically by recruiting engineers to support new R&D projects in Cambridge, Lund in Sweden and Sophia Antipolis in France.

Headcount growth in research, sales, marketing, applications engineering and operations is planned to continue to drive and support CSR's business growth.

## **Outlook**

We expect the Bluetooth market to continue growing strongly in 2006 and estimate the year on year growth in unit shipments to be around 60%. Whilst the market is highly competitive, CSR's share of design wins remains strong. We will continue to drive down the average selling price of our products by between 15 and 20% in 2006 with the units shipped under manufacturing licence diminishing.

We expect CSR's revenue in Q1 2006 to be in the range of \$125 million to \$135 million, 88% to 104% higher than Q1 2005, and reflecting the established seasonality of the cellular market. As in Q1 2005, we have seen an acceleration in orders following the Chinese New Year and expect significant growth in Q2 2006.

The combination of a fast growing Bluetooth market, our continued leadership in design wins and our knowledge of our customers' development programmes, make us confident for the outlook for 2006 as a whole.

## **Forward looking statements**

*With the exception of historical information, the matters set forth in this news release are forward-looking statements that involve risks and uncertainties. A number of important factors could cause actual results to differ materially from those implied by the forward-looking statements. These factors include consumer and market acceptance of the Company's products and the products that use the Company's products; decreases in the demand for the Company's products; excess inventory levels at the Company's customers; declines in average selling prices of the Company's products; cancellation of existing orders or the failure to secure new orders; the Company's failure to introduce new products and to implement new technologies on a timely basis; the Company's failure to anticipate changing customer product requirements; fluctuations in manufacturing and assembly and test yields; the Company's failure to deliver products to its customers on a timely basis; disruption in the supply of wafers or assembly or testing services; the timing of significant orders; increased expenses associated with new product introductions, masks, or process changes; the commencement of, or developments with respect to, any future litigation; the cyclical nature of the semiconductor industry; and overall economic conditions.*

## Consolidated income statement

	Q4 2005 Period from 1 October 2005 to 30 December 2005 (unaudited) \$'000	Q3 2005 Period from 2 July 2005 to 30 September 2005 (unaudited) \$'000	Q4 2004 Period from 2 October 2004 to 31 December 2004 (unaudited) \$'000	2005 52 weeks from 1 January 2005 to 30 December 2005 (audited) \$'000	2004 Year ended 31 December 2004 (audited) \$'000

**Notes**

**1. Basis of preparation and accounting policies**

Information in this preliminary announcement does not constitute statutory accounts of the Group within the meaning of Section 240 of the Companies Act 1985. The financial information for the 52 weeks from 1 January 2005 to 30 December 2005 and the year ended 31 December 2004, presented in this preliminary announcement is extracted from, and is consistent with, that in the Group's audited financial statements for the 52 weeks from 1 January 2005 to 30 December 2005. The financial statements were approved by a duly appointed and authorized committee of the Board of Directors held on 27 February 2006; the auditors' report on these accounts was unqualified. The financial statements will be delivered to the Registrar of Companies following the Company's Annual General Meeting. Statutory accounts for the year ended 31 December 2004, which were prepared under accounting practices generally accepted in the UK, have been filed with the Registrar of Companies. The auditors' report on those accounts was unqualified and did not contain any statement under Section 237 of the Companies Act 1985.

**2. Earnings per ordinary share**

The calculation of earnings per share is based upon the profit for the period after taxation (see income statement) and the weighted average number of shares in issue during the period.

Period	Weighted Average Number of Shares	Diluted Weighted Average Number of Shares
1 January 2004 – 31 December 2004	117,081,552	127,674,118
1 January 2005 – 30 December 2005	124,190,594	133,605,176
2 October 2004 – 31 December 2004	121,812,491	132,508,152
2 July 2005 – 30 September 2005	124,572,255	134,522,410
1 October 2005 – 30 December 2005	126,904,603	135,014,245

The diluted weighted average number of shares differs from the weighted average number of shares due to the dilutive effect of share options and share awards.

### 3. Restatement of Q3 2005 tax charge

When UK employees exercise share options any gain they make is an allowable expense against corporation tax thus reducing the corporation tax payable. To date, CSR had credited the cash tax benefit relating to employee share option gains to the current year income statement tax charge. CSR's interpretation of the required accounting treatment under IFRS (specifically IAS 12) for this cash tax benefit has now changed; the revised treatment of the allowable gain (in excess of the related share option charges) is to credit equity rather than to credit the current year income statement.

Q3 2005 has been restated to reflect this correct treatment, which has resulted in \$8.1 million being credited directly to reserves in Q3 2005.

Extracts from Q3 2005	As previously stated \$'000	Adjustment \$'000	restated \$'000
Tax charge	(7,885)	(5,473)	(13,358)
<b>Profit for the period</b>	<b>37,616</b>	<b>(5,473)</b>	<b>32,143</b>
	\$	\$	\$
Basic EPS	0.30	(0.04)	0.26
Diluted EPS	0.28	(0.04)	0.24
	\$'000	\$'000	\$'000
Profit for the period	37,616	(5,473)	32,143
Current tax benefit taken directly to equity	-	8,053	8,053
<b>Shareholders' Equity</b>	<b>218,156</b>	<b>2,580</b>	<b>220,736</b>
	\$'000	\$'000	\$'000
Tax liabilities	(3,613)	2,580	(1,033)
<b>Net assets</b>	<b>218,156</b>	<b>2,580</b>	<b>220,736</b>

Q3 2005 has been restated such that the year to date (at 30 September 2005) effective tax rate was equal to the predicted full year effective tax rate of 27%. For the nine months ending 30 September 2005, an effective rate of 20% had previously been used, being 27% adjusted down for the expected effect of option exercises for the full year.

The effect of this correction is to increase the Q3 2005 tax charge by \$5,473k making the effective rate for the first 9 months 27% (Q3 2005 – 29.4%), record a credit to reserves of \$8,053k which represents the excess of deductible share option gains compared to the IFRS2 charges relating to those exercised options and a decrease in the corporation tax creditor of \$2,580k which represents the difference between the estimated effective tax rate for the year to date previously presented of 20% and the actual equivalent rate experienced to the end of Q3 2005 of 16.7%.

#### 4. CSR's Calendar

CSR operates a thirteen week quarter with 4 weeks (28 days) in the first 2 months and 5 weeks (35 days) in the final month of each quarter. The calculation of DSO therefore compares closing accounts receivable with revenue in the preceding 5 week period.

#### 5. Finance costs

	<b>Q4 2005</b>	<b>Q3 2005</b>	<b>Q4 2004</b>	<b>2005</b>	<b>2004</b>

## 8. Transition to International Financial Reporting Standards

For all periods up to and including the year ended 31 December 2004, CSR prepared its financial statements in accordance with UK generally accepted accounting practice (UK GAAP). From 1 January 2005 CSR is required to prepare its consolidated financial statements in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union.

Whilst the financial information included in this preliminary announcement has been computed in accordance with IFRSs, this announcement does not itself contain sufficient information to comply with IFRSs. The Company plans to publish full financial statements that comply with IFRSs in April 2006.

The financial information has been prepared on the basis of all applicable IFRS, including all International Accounting Standards (IAS), Standing Interpretations Committee (SIC) interpretations and International Financial Reporting Interpretations Committee (IFRIC) interpretations issued by the International Accounting Standards Board (IASB) before 30 December 2005.

The rules for first adoption of IFRS are set out in IFRS1, "First-time Adoption of International Financial Reporting Standards". IFRS1 requires use of the same accounting policies in the IFRS transition balance sheet and for all periods presented thereafter. The accounting policies must comply with all IFRS effective at the reporting date for the first financial reporting under IFRS, the 52 weeks from 1 January 2005 to 30 December 2005.

IFRS1 permits companies adopting IFRS for the first time to take exemptions from the full requirements of IFRS in the transition period. This financial information has been prepared on the basis of taking the following exemptions:

- (a) Business combinations prior to 1 January 2004 have not been restated to comply with IFRS3 "Business Combinations".
- (b) Cumulative translation differences on foreign operations are deemed to be zero at 1 January 2004. Any gains and losses recognised in the consolidated income statement on subsequent disposals of foreign operations will therefore exclude translation differences arising prior to the transition date.
- (c) IAS32 and IAS39 have been adopted from 1 January 2005. There is no effect on reported profits and no restatement of comparative information is required.
- (d) Fixed assets have not been revalued as at the date of transition. The depreciated cost has been assumed as the effective carrying value for IFRS purposes.

The financial information presented for the periods ended 31 December 2004 (Q4 2004 and full year 2004) has been restated to comply with IFRS.

The adjustments to the income statements for Q4 2004 and 2004 all related to the recording of share related charges in accordance with IFRS 2; adjustments are shown in the tables below:

**Q4 2004  
Income Statement**

	Under UK GAAP (unaudited) \$'000	IFRS 2 – Share based payment (unaudited) \$'000	Under IFRS (unaudited) \$'000
<b>Revenue</b>	79,793	-	79,793
Cost of sales	(42,566)	(14)	(42,580)
<b>Gross profit</b>	37,227	(14)	37,213
Research and development	(8,196)	(108)	(8,304)
Sales and marketing	(7,167)	(85)	(7,252)
Administrative expenses	(2,823)	(41)	(2,864)
<b>Operating profit</b>	19,041	(248)	18,793
Investment income	488	-	488
Finance costs	(366)	-	(366)
<b>Profit before tax</b>	19,163	(248)	18,915
Tax	2,159	74	2,233
<b>Profit for the period</b>	21,322	(174)	21,148
<b>Earnings per share</b>	\$		\$
Basic	0.18		0.17
Diluted	0.16		0.16

**Share-based payment**

A charge of \$248,000 was recognised in respect of share options falling within the scope of IFRS 2, this was allocated between cost of sales, research and development, sales and marketing and administrative expenses in line with staff costs.

**Deferred tax**

In accordance with IFRS 2, an increase of \$74,000 was made to the tax credit, being 30% of the charge above.

**Full year 2004  
Income Statement**

	Under UK GAAP (audited) \$'000	IFRS 2 – Share based payment (audited) \$'000	Under IFRS (audited) \$'000
<b>Revenue</b>	253,146	-	253,146
Cost of sales	(134,721)	(42)	(134,763)
<b>Gross profit</b>	118,425	(42)	118,383

Investment income	1,213	-	1,213
Finance costs	(690)	-	(690)
<b>Profit before tax</b>	59,255	(275)	58,980
Tax	2,496	83	2,579
<b>Profit for the period</b>	61,751	(192)	61,559
<b>Earnings per share</b>	\$		\$
Basic	0.53		0.53
Diluted	0.48		0.48

**Share-based payment**

A charge of \$700,000 was recognised in respect of share options falling within the scope of IFRS 2, this was allocated between cost of sales, research and development, sales and marketing and administrative expenses in line with staff costs.

A credit of \$425,000 was recorded in respect of the reversal of the UITF 17 share related charge, previously recognised under UK GAAP, as this transaction fell outside the scope of IFRS 2. This was allocated between sales and marketing and administrative expenses.

**Deferred tax**

In accordance with IFRS 2, an increase of \$83,000 was made to the tax credit, being 30% of the charge above.

Excluding reclassifications, the adjustments to the balance sheets for 2004 related to the recording of share related charges in accordance with IFRS 2. The IFRS 2 adjustments are shown in the tables below together with the reclassification adjustments:

**2004**

**Balance Sheet**

	Under UK GAAP 31 December 2004 (audited) \$'000	IFRS 2 – Share based payment (audited) \$'000	Other standards - Reclassifications (audited) \$'000	Under IFRS 31 December 2004 (audited) \$'000

Merger reserve	61,574	-	-	61,574
Share based payment reserve	-	759	-	759
Retained earnings	14,891	(676)	-	14,215
<b>Total equity</b>	<u>155,402</u>	<u>83</u>	<u>-</u>	<u>155,485</u>

**Share based payment**

A share based payment reserve of \$759,000 was recorded, representing the charge of \$248,000 for Q4 2004 and a charge of \$511,000 for all preceding periods.

**Deferred tax**

The deferred tax asset was increased by \$83,000 being the additional taxation benefit in the year from the recording of share based payment charges under IFRS 2.

\$8,029,000 was reclassified from trade and other receivables to deferred tax assets.

**Intangible assets**

At 31 December 2004, the adoption of IFRS resulted in the reclassification of \$6,350,000 of computer software as intangible assets, mainly being licences for CAD tools.

**Treasury deposits**

At 31 December 2004, the adoption of IFRS resulted in the reclassification of \$73,167,000 as cash and cash equivalents.

**Other changes**

Tax liabilities are shown separately on the face of the balance sheet, this resulted in the reclassification of \$71,000 from trade and other payables to tax liabilities.

Liabilities related to the purchase of intangible licences under payment plans have been reclassified as finance leases.

Under IFRS, provisions should be split between shorter than one year and greater than one year. At 31 December 2004, this resulted in the reclassification of \$2,346,000 to provisions less than one year.

The adjustments to the cash flow statements for Q4 2004 and 2004 related to the recording of share related charges in accordance with IFRS 2, the change in classification of intangible assets and finance leases and the change in definition of treasury deposits. The adjustments are shown in the tables below:

**Q4 2004**

**Cash flow statement**

CSR plc  
 (the Company)

Announcement of the award of share options  
 and ordinary shares in the Company to  
 Mr John Scarisbrick, CEO Designate

Following the appointment of Mr John Scarisbrick as CEO Designate, effective 1 December 2005 and in accordance with his service agreement, the terms of which were determined prior to Mr Scarisbrick joining the Company, awards of shares and share options have been made to Mr Scarisbrick as set out below.

Mr Scarisbrick has been awarded the first of four quarterly grants of options and shares pursuant respectively to rules of the CSR plc Share Option Plan and the CSR Share Award Plan. In each case, the vesting of his entitlements under these awards is subject to a three year retention period and the fulfilment of performance conditions. These awards are summarised in the table below.

In addition, in order to facilitate his recruitment, Mr Scarisbrick has also been awarded 100,000 ordinary shares in the Company. This award is subject to vesting after the satisfaction of conditions relating to service. Fifty per cent will vest on 30 November 2008, twenty five per cent will vest on 30 November 2009 and the balance will vest on 30 November 2010. Upon each vesting of the award, Mr Scarisbrick will subscribe for such shares in cash at a price per share equal to their nominal value.

Director	Share Options Awarded under the CSR Share Option Plan	Option Price	Nil Cost Share Awards under the CSR Share Award Plan	Share Awards Market Value
John Scarisbrick	45,114	£8.93	22,557	£201,434

About CSR

CSR plc is the leading global provider of Bluetooth technology and has developed expertise in other single-chip wireless communication standards such as Wi-Fi (IEEE802.11). CSR offers developed hardware/software solutions for Bluetooth based around BlueCore, a fully integrated 2.4 GHz radio, baseband and microcontroller.

CSR has now launched its fifth generation BlueCore suite and is in volume manufacture of its fourth generation BlueCore devices. BlueCore4 supports the Enhanced Data Rate (EDR) standard which was ratified at the end of 2004. BlueCore4 remains the only EDR silicon to be shipping in volume today. In November 2004 CSR launched UniFi, the first single chip 802.11a/b/g embedded solution specifically targeting the mobile phone and consumer electronics markets.

BlueCore features in over 50 per cent of all Bluetooth devices shipped and over 60 per cent of all qualified Bluetooth enabled products and modules listed on the Bluetooth website with industry leaders including Nokia, Dell, Panasonic, Sharp, Motorola, IBM, Apple, NEC, Toshiba, RIM and Sony using BlueCore devices in their range of Bluetooth products.

In March 2005, CSR acquired Clarity Technologies Inc., for its Clear Voice

automotive hands free systems.

In August 2005, CSR completed the acquisition of UbiNetics' software business, providing a strong R&D team to accelerate its existing software development in Bluetooth, Wi-Fi and UWB. The UbiNetics team gives CSR the capacity to extend its offering to mobile handset customers.

CSR has its headquarters and offices in Cambridge, UK, and offices in Japan, Korea, Taiwan, China, India, France, Denmark, Sweden and both Texas and Detroit in the USA.

More information can be found at [www.csr.com](http://www.csr.com) and the partner web site [www.btdesigner.com](http://www.btdesigner.com)

## UNAUDITED RESULTS FOR THE QUARTER ENDED 30 SEPTEMBER 2005 RECORD REVENUE, PROFIT AND CASH FLOW

CSR plc [LSE:CSR], a wireless solutions provider and leader in Bluetooth technology, today announces record results for the quarter ended 30 September 2005. In a separate release today, CSR announces the retirement of John Hodgson as of 28 February 2006 and the appointment of John Scarisbrick as his successor.

### HIGHLIGHTS

#### Third Quarter 2005 Financial Highlights

- Revenue increased by 109% to \$162.5 million (Q3 2004: \$77.7 million)
- Gross margin of 47.0% (Q3 2004: 46.2%)
- Operating profit increased by 150% to \$44.7 million (Q3 2004: \$17.9 million)
- Operating margin of 27.5% (Q3 2004: 23.1%)
- Profit before tax increased by 151% to \$45.5 million (Q3 2004: \$18.1 million)
- Diluted earnings per share of \$0.28 (Q3 2004: \$0.14)
- Operating cash inflow increased by 363% to \$28.7 million (Q3 2004: \$6.2 million)

#### Third Quarter 2005 Operating Highlights

- Exceeded 150 million ICs (integrated circuits) shipped since inception
- Maintained strong design win momentum including wins with BenQ, Kyocera, LG, Nokia, Motorola, Philips, Samsung and Siemens
- Achieved 55 cellular (handset and headset) design wins (Q3 2004: 22)
- Integration of UbiNetics' software business proceeding to plan
- Launched BlueCore5, CSR's fifth generation Bluetooth solution

#### Commenting on the results, John Hodgson, CEO said:

*"We are delighted to have delivered record revenue, operating profit and operating cash flow, all of which have more than doubled compared to the same quarter last year. We have seen strong demand for our Bluetooth solutions in the cellular sector and we remain well positioned to meet full year expectations as we move into the Christmas quarter.*

*We are confident in the outlook for continued revenue growth in 2006 and remain committed to further investment in R&D to drive revenue growth beyond 2006. The acquisition of UbiNetics' software business, the launch of our fifth generation Bluetooth solutions and the opening of a hardware design centre in Sophia Antipolis, France illustrate this commitment."*

## **About CSR**

CSR plc is the leading global provider of Bluetooth technology and has developed expertise in other single-chip wireless communication standards such as Wi-Fi (IEEE802.11). CSR offers developed hardware/software solutions for Bluetooth based around BlueCore, a fully integrated 2.4 GHz radio, baseband and microcontroller.

CSR has now launched its fifth generation BlueCore suite and is in volume manufacture of its fourth generation BlueCore devices. BlueCore4 supports the Enhanced Data Rate (EDR) standard which was ratified at the end of 2004. BlueCore4 remains the only EDR silicon to be shipping in volume today. In November 2004 CSR launched UniFi, the first single chip 802.11a/b/g embedded solution specifically targeting the mobile phone and consumer electronics markets.

BlueCore features in over 50 per cent of all Bluetooth devices shipped and over 60 per cent of all qualified Bluetooth enabled products and modules listed on the Bluetooth website with industry leaders including Nokia, Dell, Panasonic, Sharp, Motorola, IBM, Apple, NEC, Toshiba, RIM and Sony using BlueCore devices in their range of Bluetooth products.

In March 2005, CSR acquired Clarity Technologies Inc., for its Clear Voice Capture (CVC) technology that enhances the audio performance of any voice-based product or system. Applications for CVC include wireless headsets, handsets and automotive hands free systems.

In August 2005, CSR completed the acquisition of UbiNetics' software business, providing a strong R&D team to accelerate its existing software development in Bluetooth, Wi-Fi and UWB. The UbiNetics team gives CSR the capacity to extend its offering to mobile handset customers.

CSR has its headquarters and offices in Cambridge, UK, and offices in Japan, Korea, Taiwan, China, India, France, Denmark, Sweden and both Texas and Detroit in the USA.

More information can be found at [www.csr.com](http://www.csr.com) and the partner web site [www.btdesigner.com](http://www.btdesigner.com)

More information about Bluetooth technology can be found on the SIG web site at [www.bluetooth.com](http://www.bluetooth.com)

## Financial Review

### IFRS (International Financial Reporting Standards)

CSR adopted IFRS from 1 January 2005. All comparatives have been restated to comply with the requirements of IFRS. A full analysis of the restatements is given in note 7.

### Third Quarter ended 30 September 2005

#### Revenue

Revenue for Q3 2005 amounted to \$162.5 million, representing a 71% increase from \$94.8 million in Q2 2005, and a 109% increase over Q3 2004 revenue of \$77.7 million. Strong demand for Bluetooth products shipping into the high volume handset and headset markets drove the expected acceleration in revenue in Q3 2005 compared to Q2 2005. Revenue in Q3 2005 was slightly higher than expected as it included some shipments that were originally forecast in Q4 2005.

Revenue in Q3 2005 was derived predominantly from shipments of ICs. Royalty revenue resulting from shipments of BlueCore2 ROM parts under manufacturing licence was \$1.5 million in the quarter (Q2 2005: \$1.7 million).

Revenue shipped to the top 5 customers in the quarter represented 60% of total revenue (Q2 2005: 66%) with the largest customer representing 18% of total revenue (Q2 2005: 20%).

The blended average selling price (ASP) for CSR's products increased by 2% from the Q2 2005 level as a result of a change in mix to higher value products including flash memory. ASPs of individual products declined as expected by on average between 4% and 5% compared to the prior quarter.

#### Gross Profit

Gross profit for the quarter was \$76.3 million compared to \$44.5 million in Q2 2005 and \$35.9 million in Q3 2004. Gross margin was 47.0% of revenue, up very slightly from 46.9% in Q2 2005 (Q3 2004: 46.2%). Gross margin improved slightly in the quarter as a result of product cost reductions offsetting ASP reductions.

#### Operating Expenses

Research and development (R&D) expenditure was \$17.0 million in Q3 2005 compared to \$12.6 million in Q2 2005, an increase of 35% (Q3 2004: \$7.4 million). A large proportion of this increase was due to the acquisition, on 19 August 2005, of the software business of UbiNetics, the costs of which are predominantly R&D related. Other contributors to the increase include continued investment in headcount as well as higher engineering costs. R&D expenditure represented 10.5% of revenue compared to CSR's long run R&D target of up to 17% of revenue. CSR is committed to continuing its investment in R&D.

Selling, general and administrative (SG&A) expenses were \$14.5 million for Q3 2005 compared to \$13.0 million in Q2 2005, an increase of 12% (Q3 2004: \$10.6 million). Following the acquisition of UbiNetics' software business, CSR has decided to start to re-occupy its building on the Cambridge Science Park. As a result \$1.1 million of the onerous lease provision, created in Q3 2004, has been credited to SG&A expenses in Q3 2005. Excluding the impact of the creation of the provision in Q3 2004 and partial credit in Q3 2005, SG&A expenses have increased by 20% compared to Q2 2005 and 101% compared to Q3 2004. This increase in SG&A expenses in Q3 2005 compared to Q2 2005 resulted from additional costs relating to the acquisition of UbiNetics' software business, higher revenue related costs including increased sales commissions and higher accruals for sales and profit related incentive plans.

Share based payment charges, recorded under IFRS 2, were \$545,000 for Q3 2005 representing an increase of \$69,000 compared to Q2 2005 as a result of a full quarter's charge following the grant of the 2005 share options after the AGM in May 2005. The impact of charges under IFRS 2 is expected to be less than 5% of earnings during the 2005 financial year.

#### Operating Profit

Operating profit for Q3 2005 was \$44.7 million compared to \$18.9 million in Q2 2005 and \$17.9 million in Q3 2004. Operating margin was 27.5% in Q3 2005 compared to 19.9% in Q2 2005 (Q3 2004: 23.1%), as the growth in revenues more than offset the increase in operating expenses.

## **Earnings and Taxation**

Profit before taxation in Q3 2005 was \$45.5 million compared to \$19.4 million for Q2 2005 and \$18.1 million for Q3 2004.

CSR's effective corporation tax rate is now expected to be 20% for 2005. Although the longer term effective rate is estimated to be between 25% to 27%, the 2005 rate is now forecast at 20% as a result of the deduction available for share option gains made on options exercised by CSR employees in 2005 to date.

Fully diluted earnings for Q3 2005 were \$0.28 per share compared to \$0.11 per share for Q2 2005 (Q3 2004: \$0.14).

## **Balance Sheet and Cash Flow**

Cash and cash equivalents (including treasury deposits) were \$92.7 million at 30 September 2005, compared to \$111.6 million at 1 July 2005 and \$101.7 million at 1 October 2004.

Net cash inflow from operating activities was \$28.7 million in Q3 2005 compared to \$17.3 million in Q2 2005 (an increase of 66%) and \$6.2 million in Q3 2004. Cash outflow on capital expenditure was \$3.0 million in Q3 2005 and \$48 million was spent on the acquisition of UbiNetics' software business.

Accounts receivable increased to \$77.2 million at 30 September 2005 from \$28.5 million at 1 October 2004. Days sales outstanding (DSO) were 37 days at 30 September 2005 compared to 38 days at 1 October 2004 and 41 days at 1 July 2005 as a result of the payment of some September 2005 invoices by distributors to stay within credit limits.

Closing inventory was \$56.1 million at 30 September 2005 compared to \$32.9 million at 1 October 2004 and \$56.4 million at 1 July 2005. The broadly flat inventory balance at the end of Q3 2005 compared to Q2 2005 reflects CSR's expectations for Q4 2005 revenue.

## Operating Review

### Market Conditions

The high level of design activity in the Bluetooth market in Q2 2005 was again evident in Q3 2005 with a total of 196 end products and modules being qualified in Q3 2005 compared to 186 in Q2 2005, an increase of 5%. Estimates (source IMS) of Bluetooth shipments are 270 million units in 2005 rising to 470 million units in 2006.

### Operational Status and Design Wins

CSR's customers qualified 117 end products and modules in Q3 2005 (Q2 2005:109) using CSR's ICs (integrated circuits) (source Bluetooth Special Interest Group Website – [www.bluetooth.com](http://www.bluetooth.com)). This compares to 78 qualified end products and modules in Q3 2004, an increase of 50%. In the high volume cellular sector (mobile phones and headsets) CSR qualified 55 end products compared to 42 in Q2 2005 and 22 in Q3 2004.

Qualified products during the quarter included mobile phones, mono and stereo headsets, laptops, PDAs, PC peripherals, automotive and consumer products from 72 different customers.

In the mobile phone sector CSR continued its strong design win record with 19 (Q2 2005: 15) design wins representing more design wins than any other competitor. CSR's strong position with the top tier mobile phone manufacturers continued in Q3 2005 with notable wins with BenQ, Kyocera, LG, Nokia, Motorola, RIM and Samsung. CSR also achieved its first design win in a Philips mobile phone during the quarter.

CSR's design win record in the mono headset segment continued to be very strong with over 87% of available design wins. Notable design wins in the quarter included GN Netcom (Jabra brand), i Tech Dynamic, Logitech, Motorola, Nokia, Plantronics and Siemens. The US market is becoming increasingly aware of Bluetooth with TV advertising for Bluetooth headsets by both Motorola and Plantronics during the quarter.

In the PC sector, CSR won laptop designs with NEC and Sony in the quarter and won more PC peripherals (including PDAs, printers, cards and dongles) than any other competitor. Notable design wins included end products for Canon, Eastman Kodak, Fujitsu, MSI, NEC and RIM.

CSR won 13 designs with its BlueCore 4 solution with enhanced data rate (3MBPS) and shipments of BlueCore4 now exceed 8 million units to date.

In the automotive sector CSR won 93% of available designs in Q3 2005 (Q2 2005: 85%) including notable wins for customers including Bury GmbH, Delphi Corporation, Nokia and Tom Tom.

During Q3 2005 CSR passed the significant milestone of having shipped 150 million Bluetooth ICs since initial production of its first generation BlueCore1 IC in the year 2000.

### Launch of BlueCore5 product range

In late September 2005, CSR announced the next generation of its Bluetooth offering which is expected to start volume production in 2006. This fifth generation of BlueCore includes ROM (Read Only Memory) and Multimedia variants.

BlueCore5-ROM has continued CSR's drive to offer the lowest cost and smallest Bluetooth implementation in the market; essential factors for success in targeting the competitive mobile phone market.

CSR's BlueCore5-Multimedia offers significant audio enhancements. An enhanced version of CSR's "Kalimba" Digital Signal Processor (DSP) is integrated in the Bluetooth chip and brings marked improvements to stereo audio performance. CSR also announced BlueCore5 FM the first of a series of broadcast reception capable chips which will integrate different radio technologies into the Bluetooth device, part of CSR's "BlueMedia" vision.

Kalimba is the focal point of the major enhancements in multimedia variants of BlueCore5 and is a key competitive differentiator. Via the acquisition of Clarity Technologies in Q1 2005 CSR now has access to Clear Voice Capture (CVC) technology which enhances voice quality in noisy environments by substantially reducing both interference (noise) and echo. CVC technology is incorporated into the DSP inside BlueCore5-Multimedia bringing an important differentiator to designers of automotive and voice applications. The CSR DSP also offers support for a wider range of CODECs (formats of compressed data, usually music) which brings power consumption improvements. This is an important factor for designers implementing Bluetooth for portable stereo music applications, such as wireless headphones for MP3 players.

## **UniFi**

Customer interest continues to develop in UniFi, the industry's first single chip IEEE802.11a, b, g embedded solution specifically targeting the mobile phone and consumer electronics markets. The attraction of CSR's UniFi offering to mobile phone manufacturers is UniFi's small size, low power and low cost and CSR's ability to supply both Bluetooth and WiFi. Customers are in the process of laying out designs using UniFi. Modest revenue is expected in 2006 becoming more significant in 2007.

## **Acquisition of UbiNetics' Software Business**

On 19 August 2005, CSR completed the acquisition of the software business of UbiNetics Holdings Limited (UbiNetics), a leading provider of communication protocol software for mobile phone manufacturers for consideration of \$48 million payable in cash.

CSR plans to use UbiNetics' protocol software to provide multimode software to handset makers and to "bundle" UbiNetics' cellular multimode and HSDPA (high speed downlink packet access) stacks with CSR's existing wireless protocol and DSP software.

The UbiNetics R&D team will also develop UMA (Unlicensed Mobile Access) voice and data software for fixed-mobile convergence (FMC) handsets. CSR expects UMA to extend the potential market for its UniFi, BlueCore and, in the future, UWB (Ultra Wide Band) ICs.

Integration of UbiNetics' software business into CSR is progressing to plan and all UK based CSR and UbiNetics engineering staff are expected to be working together on the same site in Cambridge by the end of 2005.

## **People**

Headcount increased from 422 at the end of Q2 2005 to 650 at the end of Q3 2005. This reflects the addition of 200 new employees, predominantly engineers based in Cambridge and Bangalore, through the acquisition of UbiNetics. In addition CSR has continued to invest in engineers to support new R&D projects and during the quarter opened a wireless hardware design centre in Sophia Antipolis in France to work primarily on the design of UWB radios.

Further recruitment in research, sales, marketing, applications engineering and operations is expected to support the business growth.

## **Outlook**

The Bluetooth market in Q3 2005 has been particularly strong with significant demand for Bluetooth enabled mobile phones and headsets. CSR's continued market leading design win record in the cellular sector drove the expected increase in Q3 2005 revenues. Shipments at the beginning of Q4 2005 continue to reflect the increased end market demand for Bluetooth enabled products but as previously indicated, are expected to show some consumer product seasonality towards the end of the quarter and into January 2006. CSR is well positioned to meet full year expectations with Q4 2005 revenue at this stage expected to be in the range of \$155 million to \$165 million.

CSR has maintained its strong record of design wins in all applications throughout 2005 and the Board looks forward to 2006 with confidence.

## **Forward looking statements**

*With the exception of historical information, the matters set forth in this news release are forward-looking statements that involve risks and uncertainties. A number of important factors could cause actual results to differ materially from those implied by the forward-looking statements. These factors include consumer and market acceptance of the Company's products and the products that use the Company's products; decreases in the demand for the Company's products; excess inventory levels at the Company's customers; declines in average selling prices of the Company's products; cancellation of existing orders or the failure to secure new orders; the Company's failure to introduce new products and to implement new technologies on a timely basis; the Company's failure to anticipate changing customer product requirements; fluctuations in manufacturing and assembly and test yields; the Company's failure to deliver products to its customers on a timely basis; disruption in the supply of wafers or assembly or testing services; the timing of significant orders; increased expenses associated with new product introductions, masks, or process changes; the commencement of, or developments with respect to, any future litigation; the cyclicity of the semiconductor industry; and overall economic conditions.*

## Notes

### 1. Earnings per ordinary share

The calculation of earnings per share is based upon the profit for the period after taxation (see income statement) and the weighted average number of shares in issue during the period.

Period	Weighted Average Number of Shares	Diluted Weighted Average Number of Shares
1 January 2004 – 1 October 2004	115,516,042	126,107,092
1 January 2005 – 30 September 2005	123,285,924	133,760,961
3 July 2004 – 1 October 2004	121,299,799	132,537,279
2 April 2005 – 1 July 2005	123,061,867	132,309,450
2 July 2005 – 30 September 2005	124,572,255	134,522,410

The diluted weighted average number of shares differs from the weighted average number of shares due to the dilutive effect of share options.

### 2. CSR's Calendar

CSR operates a thirteen week quarter with 4 weeks (28 days) in the first 2 months and 5 weeks (35 days) in the final month of each quarter. The calculation of DSO therefore compares closing accounts receivable with revenue in the preceding 5 week period.

**3. Finance costs**

## 7. Financial information

The financial information contained in this statement does not constitute statutory accounts within the meaning of section 240 of the Companies Act 1985.

The financial information has been prepared on the basis of all applicable IFRS, including all International Accounting Standards (IAS), Standing Interpretations Committee (SIC) interpretations and International Financial Reporting Interpretations Committee (IFRIC) interpretations issued by the International Accounting Standards Board (IASB) before 30 September 2005. These include IFRS endorsed by the EU and those awaiting formal endorsement.

At this stage of the development of IFRS, matters such as the interpretation and application surrounding it are continuing to evolve. In addition, IFRS currently in issue and adopted by the EU are subject to interpretation issued from time to time by the IFRIC and further standards may be issued by the IASB that will be adopted by the EU during 2005. Given these uncertainties, the financial information is subject to possible change when applied in CSR's first financial reporting under IFRS, the period 1 January 2005 to 30 December 2005.

The rules for first adoption of IFRS are set out in IFRS1, "First-time Adoption of International Financial Reporting Standards". IFRS1 requires use of the same accounting policies in the IFRS transition balance sheet and for all periods presented thereafter. The accounting policies must comply with all IFRS effective at the reporting date for the first financial reporting under IFRS, the period 1 January 2005 to 30 December 2005.

IFRS1 permits companies adopting IFRS for the first time to take exemptions from the full requirements of IFRS in the transition period. This financial information has been prepared on the basis of taking the following exemptions.

- (a) Business combinations prior to 1 January 2004 have not been restated to comply with IFRS3 "Business Combinations".
- (b) Cumulative translation differences on foreign operations are deemed to be zero at 1 January 2004. Any gains and losses recognised in the consolidated income statement on subsequent disposals of foreign operations will therefore exclude translation differences arising prior to the transition date.
- (c) IAS32 and IAS39 have been adopted from 1 January 2005. There is no effect on reported profits and no restatement of comparative information is required.
- (d) Fixed assets have not been revalued as at the date of transition. The depreciated cost has been assumed as the effective carrying value for IFRS purposes.

The financial information presented for the periods ended 1 October 2004 (Q3 2004 and 9 months 2004) has been restated to comply with IFRS.

The adjustments to the income statements for Q3 2004 and 9 months 2004 all related to the recording of share related charges in accordance with IFRS 2, adjustments are shown in the tables below:

### Q3 2004

	Under UK GAAP (unaudited) \$'000	IFRS 2 – Share based payment (unaudited) \$'000	Under IFRS (unaudited) \$'000
<b>Revenue</b>	77,671	-	77,671
Cost of sales	(41,764)	(12)	(41,776)
<b>Gross profit</b>	35,907	(12)	35,895
Research and development	(7,317)	(91)	(7,408)
Sales and marketing	(5,186)	(74)	(5,260)
Administrative expenses	(5,283)	(32)	(5,315)
<b>Operating profit</b>	18,121	(209)	17,912
Investment income	352	-	352
Finance income	(198)	-	(198)
<b>Profit before tax</b>	18,275	(209)	18,066
Tax	254	63	317
<b>Profit for the period</b>	18,529	(146)	18,383
<b>Earnings per share</b>	\$		\$
Basic	0.15		0.15
Diluted	0.14		0.14

### Share-based payment

Under UK GAAP, an expense was recognised in the income statement for share options, excluding Save As You Earn options which were exempt, based on the difference between market price on the date of issue and the exercise price.

Under IFRS 2, an expense is recognised for all equity settled share options granted after 7 November 2002 which had not fully vested by 31 December 2004, based on the fair value of the options calculated using the appropriate pricing models.

A charge of \$209,000 was recognised in respect of share options falling within the scope of IFRS 2, this was allocated between cost of sales, research and development, sales and marketing and administrative expenses in line with staff costs.

### Deferred tax

In accordance with IFRS 2, an additional tax credit of \$63,000 was recorded, being 30% of the adjustment above.

**9 months 2004**

	Under UK GAAP (unaudited) \$'000	IFRS 2 – Share based payment (unaudited) \$'000	Under IFRS (unaudited) \$'000
<b>Revenue</b>	173,353	-	173,353
Cost of sales	(92,155)	(28)	(92,183)
<b>Gross profit</b>	81,198	(28)	81,170
Research and development	(19,085)	(194)	(19,279)
Sales and marketing	(13,543)	(69)	(13,612)
Administrative expenses	(8,879)	264	(8,615)
<b>Operating profit</b>	39,691	(27)	39,664
Investment income	725	-	725
Finance costs	(324)	-	(324)
<b>Profit before tax</b>	40,092	(27)	40,065
Tax	337	9	346
<b>Profit for the period</b>	40,429	(18)	40,411
<b>Earnings per share</b>	\$		\$
Basic	0.35		0.35
Diluted	0.32		0.32

**Share-based payment**

A charge of \$452,000 was recognised in respect of share options falling within the scope of IFRS 2, this was allocated between cost of sales, research and development, sales and marketing and administrative expenses in line with staff costs.

A credit of \$425,000 was recorded in respect of the reversal of the UITF 17 share related charge, previously recognised under UK GAAP, as this transaction fell outside the scope of IFRS 2. This was allocated between sales and marketing and administrative expenses.

**Deferred tax**

In accordance with IFRS 2, an additional tax credit of \$9,000 was recorded, being 30% of the net of the two adjustments above.

Excluding reclassifications, the adjustments to the balance sheets for Q3 2004 related to the recording of share related charges in accordance with IFRS 2. The IFRS 2 adjustments are shown in the tables below together with the reclassification adjustments:

**Q3 2004**

	Under UK GAAP 1 October 2004 (reviewed) \$'000	IFRS 2 – Share based payment (unaudited) \$'000	Other standards - Reclassifications (unaudited) \$'000	Under IFRS 1 October 2004 (unaudited) \$'000
<b>Non-current assets</b>

	<u>5,191</u>	<u>-</u>	<u>(2,235)</u>	<u>2,956</u>
<b>Total liabilities</b>	<u>50,541</u>	<u>-</u>	<u>-</u>	<u>50,541</u>
<b>Net assets</b>	<u>133,584</u>	<u>9</u>	<u>-</u>	<u>133,593</u>
<b>Equity</b>				
Share capital	217	-	-	217
Share premium account	77,274	-	-	77,274
Capital redemption reserve	950	-	-	950
Merger reserve	61,574	-	-	61,574
Share based payment reserve	-	511	-	511
Retained earnings	(6,431)	(502)	-	(6,933)
<b>Total equity</b>	<u>133,584</u>	<u>9</u>	<u>-</u>	<u>133,593</u>

**Share based payment**

A share based payment reserve of \$511,000 was recorded, representing the charge of \$452,000 for 9 months 2004 and a charge of \$59,000 for all preceding periods.

**Deferred tax**

The deferred tax asset was increased by \$9,000 being the additional taxation charge in the quarter from the recording of share based payment charges under IFRS 2.

Under IFRS, all deferred tax assets are shown as non-current assets, this resulted in the reclassification of \$2,950,000 from trade and other receivables to deferred tax.

**Intangible assets**

Under UK GAAP, computer software costs were capitalised as tangible fixed assets. Under IFRS, computer software costs are capitalised as intangible assets. At 1 October 2004, this resulted in the reclassification of \$6,532,000 of computer software as intangible assets, mainly being licences for CAD tools.

**Treasury deposits**

Under UK GAAP, treasury deposits are defined as all deposits with a maturity exceeding 24 hours at the balance sheet date. Under IFRS, treasury deposits are defined as all deposits with an initial term exceeding 90 days. At 1 October 2004, this resulted in the reclassification of \$75,483,000 as cash and cash equivalents.

**Other changes**

Liabilities related to the purchase of intangible licences under payment plans have been reclassified as finance leases.

Provisions have been classified between greater than one year and less than one year.

The adjustments to the cash flow statements for Q3 2004 and 9 months 2004 related to the recording of share related charges in accordance with IFRS 2, the change in classification of intangible assets and finance leases and the change in definition of treasury deposits. The adjustments are shown in the tables below:

### Q3 2004

#### Cash flow statement

	Under UK GAAP (unaudited) \$'000	Adjustments (unaudited) \$'000	Under IFRS (unaudited) \$'000

CSR PLC Board Appointment

[News releases](#)

The Board of CSR plc ('the company') today announces that John Hodgson, CEO, will retire from the company on 28 February, 2006 and that John Scarisbrick, currently a non-executive director of the company is appointed CEO Designate with effect from 1 December, 2005 and CEO of the company with effect from 1 March, 2006.

[Regulatory announcements](#)

[Financial Calendar](#)

[Financial information](#)

John Scarisbrick, aged 52, joined the board of CSR in June 2004. He has extensive experience in the telecommunications and semiconductor sectors, having worked for Texas Instruments for 25 years in a variety of senior roles including President TI Europe. He managed TI's \$5 billion Application Specific Products chip business and led the team which created TI's Digital Signal Processor business. He is currently a non-executive director of ARM Holdings plc, SonIM Technologies Inc and Intrinsicity Inc and is chairman of Cambridge Positioning Systems Limited.

John Hodgson, aged 62, joined CSR as CEO in February 2000 and has guided the company through its successful initial public offering on the London Stock Exchange in February 2004 and managed its continued growth into a company reporting third quarter 2005 revenues of \$162.5 million and an operating profit of \$44.7 million.

John Whybrow, Chairman of CSR said:

"I would like to extend the Board's thanks to John Hodgson for his invaluable contribution to CSR. John has successfully led CSR through a period of tremendous growth and development. The Board and employees of CSR are immensely grateful for his leadership and dedication, and we wish him all the best for his retirement."

"Equally, we are delighted that following a rigorous process, the Board has chosen John Scarisbrick to lead CSR through the next phases of growth. John brings a proven leadership capability in managing growing semiconductor businesses. I have no doubt that John's skills and experience will make a significant contribution to the development of CSR in the future and enable us to take full advantage of the opportunities which we anticipate in the current and emerging wireless technology markets."

## REG-CSR PLC CSR Launches BlueCore5

Released: 26/09/2005

RNS Number: 7182R  
CSR PLC  
26 September 2005

26 September 2005

### CSR LAUNCHES BLUECORE5

CSR plc (LSE: CSR.L) today launches its fifth generation of BlueCore, BlueCore5, the Bluetooth hardware and software solution. CSR also today launches its BlueMedia enhancements using new Digital Signal Processors (DSPs) embedded inside the Integrated Circuits (ICs) to bring both improved audio performance and added radio functionality.

The BlueCore5-Multimedia IC is aimed at the increasingly sophisticated Bluetooth accessory market including mono and stereo headsets, automotive systems and music players. This chip combines a fifth generation Bluetooth core, and uses the BlueMedia enhancement to embed CSR's latest generation ClearVoiceCapture (CVC) technology for improved on-chip echo cancellation and noise suppression.

BlueCore5-ROM is designed to provide the optimum low cost Bluetooth hardware solution. It features the fifth generation Bluetooth core as a stand-alone IC giving the lowest power consumption, cost and size in the industry, and is targeted for those applications, including the mobile phone, that already include a separate DSP co-processor.

BlueMedia enhanced DSP brings significant improvements to CSR's existing multimedia BlueCore silicon, which was launched 2 years ago. BlueCore5-Multimedia includes a doubling of the processing power of the DSP to 64 Million Instructions Per Second (MIPS). The memory in BlueCore5-Multimedia has also been upgraded and improvements to the internal stereo analogue now provide up to 90dB signal to noise ratio.

BlueMedia on-chip DSP enhancements are also used in its BlueCore5 ICs to offer other non-Bluetooth radios for broadcast reception. The first of these will be BlueCore5-FM, with FM radio embedded in the Bluetooth silicon. This IC is targeted at those applications that are looking to reduce the cost, size and power consumption of existing broadcast receivers at the same time as upgrading to include Bluetooth.

These features of BlueCore5 build on top of the now well-established Bluetooth v2.0+EDR (with faster 3Mbps data transfer rates). CSR remains the only company supplying EDR silicon in volume and has already shipped over 5 million chips.

BlueCore5-ROM will start sampling from Q4 2005. BlueCore5-Multimedia and BlueCore5-FM will start sampling in early 2006.

With BlueCore5-Multimedia and BlueMedia, headsets will be better sounding, longer lasting and cheaper to manufacture.

CSR's existing BlueCore solutions have more than 55% of the Bluetooth market and the overall market for Bluetooth enabled products continues to grow strongly. Annual Bluetooth IC shipments are forecast to increase by 93% to 270 million units in 2005 and by a further 63% to 470 million units in 2006 (source IMS).

Glenn Collinson, Co-founder and Sales Director, CSR commented, "BlueCore5 extends CSR's lead in Bluetooth with the first fifth generation Bluetooth solution with industry leading power figures as well as the first full support for the latest Bluetooth standard." Collinson continued, "this generation marks a significant step towards our vision of BlueMedia. By putting more focus on our strong DSP architecture we can integrate more technologies with the Bluetooth radio, and our customers can continue to improve their time to market even when the complexity of the modern device is exploding."

About CSR

CSR plc is the leading global provider of Bluetooth technology and has developed expertise in other single-chip wireless communication standards such as Wi-Fi (IEEE802.11). CSR offers developed hardware/software solutions for Bluetooth, based around BlueCore, a fully integrated 2.4 GHz radio, baseband and microcontroller.

CSR has now launched its fifth generation BlueCore suite and is in volume manufacture of its fourth generation BlueCore devices. BlueCore4 supports the Enhanced Data Rate (EDR) standard which was ratified at the end of 2004. BlueCore4 remains the only EDR silicon to be shipping in volume today. In November 2004 CSR launched UniFi, the first single chip 802.11a/b/g embedded solution specifically targeting the mobile phone and consumer electronics markets.

BlueCore features in over 50 per cent of all Bluetooth devices shipped and over 60 per cent of all qualified Bluetooth enabled products and modules listed on the Bluetooth website with industry leaders including Nokia, Dell, Panasonic, Sharp, Motorola, IBM, Apple, NEC, Toshiba, RIM and Sony using BlueCore devices in their range of Bluetooth products.

In March 2005, CSR acquired Clarity Technologies Inc., for its Clear Voice Capture (CVC) technology that enhances the audio performance of any voice-based product or system. Applications for CVC include wireless headsets, handsets and automotive hands free systems.

In August 2005, CSR completed the acquisition of UbiNetics' software business, providing a strong R&D team to accelerate its existing software development in Bluetooth, Wi-Fi and UWB. The UbiNetics team gives CSR the capacity to extend its offering to mobile handset customers.

CSR has its headquarters and offices in Cambridge, UK, and offices in Japan, Korea, Taiwan, China, India, France, Denmark, Sweden and both Texas and Detroit in the USA.

More information can be found at [www.csr.com](http://www.csr.com) and the partner web site [www.btdesigner.com](http://www.btdesigner.com).

#### Trading Update

CSR plc ("CSR"), a wireless solutions provider and leader in Bluetooth technology, announces the following trading update ahead of its close period for the third quarter ended 30 September 2005.

CSR indicated in its interim results announcement that it was well positioned in a growing Bluetooth market and expected significant acceleration of revenues in Q3 2005 to between \$125 and \$135 million compared to \$94.8 million in Q2 2005.

Increasingly strong end market demand for high volume Bluetooth applications so far during Q3 2005 has resulted in higher than expected shipments for CSR, particularly in the mobile phone and headset markets. Consequently, CSR now expects that revenue will grow to between \$155 and \$160 million in Q3 2005. As a result of higher revenues, operating profits will exceed previous expectations.

At this stage CSR expects strong shipments to continue in October and November 2005, with some seasonality expected towards the end of Q4 2005.

A further update of Q4 2005 outlook will be provided with CSR's Q3 2005 results which will be announced on 2 November 2005.

#### Forward looking statements

With the exception of historical information, the matters set forth in this news release are forward-looking statements that involve risks and uncertainties. A number of important factors could cause actual results to differ materially from those implied by the forward-looking statements. These factors include consumer and market acceptance of the Company's products and the products that use the Company's products; decreases in the demand for the Company's products; excess inventory levels at the Company's customers; declines in average selling prices of the Company's products; cancellation of existing orders or the failure to secure new orders; the Company's failure to introduce new products and to implement new technologies on a timely basis; the Company's failure to anticipate changing customer product requirements; fluctuations in manufacturing and assembly and test yields; the Company's failure to deliver products to its customers on a timely basis; disruption in the supply of wafers or assembly or testing services; the timing of significant orders; increased expenses associated with new product introductions, masks, or process changes; the commencement of, or developments with respect to, any future litigation; the cyclicity of the semiconductor industry; and overall economic conditions.

## REG-CSR PLC Acquisition

Released: 28/07/2005

RNS Number:4041P  
CSR PLC  
28 July 2005

28 July 2005

### CSR plc Acquisition of UbiNetics' software business for \$48 million

CSR plc ("CSR" or the "Company") (LSE:CSR), today announces that it has entered into an agreement with UbiNetics Holdings Limited to acquire UbiNetics' software business ("UbiNetics"), for a cash consideration of \$48 million (the "Acquisition"). UbiNetics is based in Cambridge UK and specialises in communication protocol software for mobile phone manufacturers. The Acquisition will be financed entirely from CSR's existing cash resources.

The Acquisition will provide CSR with a strong R&D team to accelerate its existing software developments in Bluetooth, Wi-Fi and UWB (Ultra Wide Band). UbiNetics' team will also give CSR the capacity to extend its software offering to mobile handset customers. UbiNetics has 170 engineers located in Bangalore India and Shenzhen China, in addition to its Cambridge UK headquarters.

UbiNetics has been developing protocol stacks for GSM, GPRS, EDGE, WCDMA (UMTS) and HSDPA since 1999 and this valuable expertise will help to reinforce CSR's offering to cellular handset customers. CSR plans to use this existing intellectual property to provide multimode software to handset makers and to "bundle" UbiNetics' cellular multimode and HSDPA stacks with CSR's existing wireless protocol and DSP software. CSR will support UbiNetics' existing customers for its cellular multimode software, and will seek new business in this area, licensing its software to mobile phone companies.

The Board believes that the Acquisition will provide CSR with significant additional research and development engineering talent. CSR expects that this additional resource will increase R&D expenditure by approximately \$4.5 million a quarter. UbiNetics currently has limited ongoing revenues.

Completion of the Acquisition is conditional inter alia on an agreed pre-sale reorganisation taking place within the UbiNetics group.

James Collier, Technical Director and Co-founder of CSR commented, "CSR continues to grow its software development activities. In the mobile phone market we see both call hand-off between cellular and local area networks and high speed data handling as key drivers for the widespread deployment of PAN and LAN. Together with UbiNetics, we will have all the experience, skills, track record and staff required to design the software for Universal Mobile Access and fixed-mobile converged phones. Looking ahead, we plan to extend the range of our products in order to simplify the complex integration task of the mixed hardware/software and multi-standard system that a cellular phone has become."

John Hodgson, CEO of CSR added, "In acquiring UbiNetics, we are exploiting our distinctive capabilities by extending CSR's capacity for sustainable innovation and by improving our ability to be flexible to market needs." Hodgson continued, "There is great synergy here, the UbiNetics team will join CSR to give us a world leading wireless software capability that will help sustain our clear competitive advantage."

JPMorgan Cazenove acted as financial adviser to CSR.

#### About CSR

CSR plc (Cambridge Silicon Radio) is a leading global provider of wireless personal area network technology including Bluetooth and Wi-Fi. CSR offers the market leading solutions for Bluetooth, based on BlueCore and UniFi for 802.11a/b/g.

CSR is now producing its fourth generation BlueCore devices for Bluetooth. BlueCore4 supports the Enhanced Data Rate (EDR) standard, which was ratified at the end of 2004. BlueCore4 remains the only EDR silicon to be shipping in volume today. In November 2004 CSR launched UniFi, the first single chip 802.11a/b/g embedded solution specifically targeting the mobile phone and consumer electronics markets.

BlueCore features in over 50 per cent of all Bluetooth devices shipped and over 60 per cent of all qualified Bluetooth enabled products and modules listed on the Bluetooth website with industry leaders including Nokia, Dell, Samsung, Panasonic, Sharp, Motorola, IBM, Apple, NEC, Toshiba, RIM and Sony using BlueCore devices in their range of Bluetooth products.

In March 2005, CSR acquired Clarity Technologies, Inc., for its Clear Voice Capture (CVC) technology that enhances the audio performance of any voice-based product or system. Applications for CVC include wireless headsets, handsets and automotive hands free systems.

CSR has its headquarters in Cambridge, UK, and offices in Richardson, Texas, and Detroit, Michigan, USA; Tokyo, Japan; Seoul, Korea; Taipei, Taiwan; Aalborg, Denmark and Lund, Sweden.

More information can be found at [www.csr.com](http://www.csr.com) and the partner web site [www.btdesigner.com](http://www.btdesigner.com)

More information about Bluetooth can be found on the SIG web site at [www.bluetooth.com](http://www.bluetooth.com)

#### About UbiNetics Holdings Limited

UbiNetics Holdings Limited is a Cambridge UK based company specialising in communication protocol software for mobile phone makers. In May 2005, UbiNetics Holdings Limited sold its test and measurement business which accounted for the majority of revenues and assets to Aeroflex Test Solutions Limited. The remaining business which is being acquired by CSR had gross assets of £3.6m and incurred an operating loss of £11.1m for the year ended 31 December 2004.

## Highlights

### Second quarter 2005

---

Revenue increased by 61% to \$94.8m (Q2 2004: \$58.9m)

---

Gross margin of 46.9% (Q2 2004: 46.7%)

---

Operating profit increased by 29% to \$18.9m (Q2 2004: \$14.7m)

---

56% unit market share (Q2 2004: 42%)

---

Exceeded 1,000 design wins to date including wins with BenQ, Nokia, Motorola, Samsung and Sony Ericsson

---

ASE fully recover assembly and test capacity following the fire on 1 May 2005

---

On 28 July 2005, CSR announced that it had entered into agreements under which it proposes to acquire UbiNetics software business for \$48m

---

### First half 2005

---

Revenue increased by 68% to \$161.1m (H1 2004: \$95.7m)

---

Gross margin of 46.8% (H1 2004: 47.3%)

---

Operating profit increased by 33% to \$29.1m (H1 2004: \$21.8m)

---

Diluted earnings per share of \$0.17 (H1 2004: \$0.18)

---

Operating cash inflow of \$22.3m (H1 2004: \$16.4m)

---

Won 61% of all mobile phone and headset design wins

---

## Chief Executive's statement

CSR's consistent focus on leading edge design of wireless solutions and highly efficient production, coupled with our strong customer relationships continues to pay off. We have achieved record results, despite the disruption to production caused by the fire on 1 May at ASE Chung Li, our most significant supplier of assembly and test services. CSR's production capacity was quickly recovered enabling us to satisfy customer demand. Integration of Clarity Technologies, Inc. is well advanced and we have already incorporated its Clear Voice Capture (CVC) technology into our BlueCore3 Multimedia chip.

Our market place remains buoyant, and we continue to grow our market share. We achieved a landmark 1,000th design win during the second quarter. Customer interest is also strong in our UniFi chip, the first in the world to embed IEEE802.11a,b,g in a single chip. We demonstrated the chip in April, and volume production remains on track for 2006.

Looking ahead, CSR is entering the third quarter with particularly strong bookings and we are confident of achieving significant growth in the second half of 2005.

**John Hodgson**  
Chief Executive Officer

## Financial Review

### Financial Review IFRS (International Financial Reporting Standards)

CSR adopted IFRS from 1 January 2005. All comparatives have been restated to comply with the requirements of IFRS. A full analysis of the restatements is given in note 7 on page 19.

### Second Quarter ended 1 July 2005 Revenue

Revenue for Q2 2005 amounted to \$94.8 million, representing a 43% increase from \$66.4 million in Q1 2005, and a 61% increase over Q2 2004 revenue of \$58.9 million.

The revenue expectation following the fire at ASE on 1 May 2005 was between \$80 million and \$90 million. The actual level of revenue shipped reflects the speed of recovery of production by ASE which was better than expected.

Q2 2005 customer demand for CSR's products recovered well from the seasonal downturn experienced in Q1 2005. The key driver of revenues was shipments into the cellular sector, including mobile phones and headsets, the latter growing very strongly during the quarter from the lower levels of shipments in Q1 2005.

Revenue in Q2 2005 was derived predominantly from shipments of ICs (integrated circuits). Royalty revenue resulting from shipments of BlueCore2 ROM parts under manufacturing licence was at the same level as in Q1 2005 (\$1.7 million).

Revenue shipped to the top 5 customers in the quarter represented over 65% of total revenue with the largest customer representing just over 20% of total revenue.

The blended average selling price (ASP) for CSR's products declined by 4.8% from the Q1 2005 level.

### Gross Profit

Gross profit for the quarter was \$44.5 million compared to \$30.9 million in Q1 2005 and \$27.5 million in Q2 2004. Gross margin was 46.9% of revenue, up slightly from 46.6% in Q1 2005 (Q2 2004: 46.7%). Gross margin improved slightly in the quarter as a result of product cost reductions and the positive impact of operational gearing as revenues increased.

### Operating Expenses

Research and development (R&D) expenditure was \$12.6 million in Q2 2005 compared to \$10.4 million in Q1 2005, an increase of 21% (Q2 2004: \$6.6 million). This increase was due primarily to continued investment in headcount, the effect of a full quarter of CSR Detroit (formerly Clarity Technologies, Inc.) costs, and higher levels of depreciation as a result of continuing investment in computer hardware, test equipment and CAD software as well as higher engineering costs. R&D expenditure represented 13.3% of revenue, below CSR's long run R&D target of up to 17% of revenue.

## Financial Review continued

Selling, general and administrative (SG&A) expenses were \$13.0 million for Q2 2005 compared to \$10.3 million in Q1 2005, an increase of 26% (Q2 2004: \$6.2 million). The increase in SG&A expenses in Q2 2005 resulted from a combination of the effect of a full quarter of CSR Detroit costs, increased travel and trade show costs, higher revenue related costs including increased sales commissions and higher accruals for sales and profit related incentive plans. An increase of \$0.13 million was taken in Q2 2005 following a review of the onerous lease provision relating to the vacant office space in Cambridge.

Share based payment charges, recorded under IFRS 2, were \$477,000 for Q2 2005 representing an increase of \$185,000 compared to Q1 2005 as a result of the grant of the 2005 share options following the AGM in May 2005. The impact of charges under IFRS 2 is expected to be less than 5% of earnings during the 2005 financial year.

### Operating Profit

Operating profit for Q2 2005 was \$18.9 million compared to \$10.3 million in Q1 2005 and \$14.7 million in Q2 2004. Operating margin was 19.9% in Q2 2005 compared to 15.5% in Q1 2005 (Q2 2004: 25.0%), as the growth in revenues more than offset the increase in operating expenses.

## Six months ended 1 July 2005 Revenue

Revenue for H1 2005 amounted to \$161.1 million, compared to \$157.5 million in H2 2004 and \$95.7 million in H1 2004. The growth in revenue in H1 2005 over H1 2004 represents an increase of 68%.

### Gross Profit

Gross profit for H1 2005 was \$75.4 million, up 3.1% from \$73.1 million for H2 2004 and up 67% from \$45.3 million for H1 2004. H1 2005 gross margins were 46.8% of revenue, compared to 46.4% for H2 2004 and 47.3% for H1 2004.

### Operating Expenses

R&D expenses were \$23.0 million representing 14.2% of revenue in H1 2005 compared to \$15.7 million and 10.0% of revenue in H2 2004. SG&A expenses in H1 2005 amounted to \$23.3 million representing 14.5% of revenue compared to \$20.7 million and 13.1% of revenue in H2 2004.

### Operating Profit

Operating profit for H1 2005 was \$29.1 million, compared to \$36.7 million achieved in H2 2004 and up 34.0% on the operating profit of \$21.8 million achieved in H1 2004. Operating margins were 18.1% in H1 2005 compared to 22.7% in H1 2004.

### Earnings and Taxation

For Q2 2005 profit before taxation was \$19.4 million compared to \$10.9 million for Q1 2005 and \$14.6 million for Q2 2004.

CSR's effective corporation tax rate is anticipated to be 24% for 2005. Although the longer term effective rate is estimated to be between 25% to 27%, the 2005 rate is now forecast at 24% as a result of the deduction available for share option gains made on option exercises by CSR employees in 2005 to date. The first payment of UK corporation tax has been made during July 2005.

Fully diluted earnings for Q2 2005 were \$0.11 per share compared to \$0.06 per share for Q1 2005 (Q2 2004: \$0.11).

#### **Balance Sheet and Cash Flow**

Cash and cash equivalents (including treasury deposits) were \$111.6 million at 1 July 2005, compared to \$96.8 million at 2 July 2004.

Net cash inflow from operating activities was \$17.3 million in Q2 2005 compared to \$4.9 million in Q1 2005 and \$13.9 million in Q2 2004. Cash outflow on capital expenditure was \$2.2 million in Q2 2005.

Net cash inflow from operating activities was \$22.3 million in H1 2005 compared to \$16.4 million in H1 2004. Cash outflow on capital expenditure was \$5.2 million and \$16.6 million was spent on the acquisition of Clarity Technologies, Inc. during the first quarter.

Accounts receivable increased to \$52.7 million at 1 July 2005 from \$26.4 million at 2 July 2004. Q2 2005 revenue was phased to the last month of the quarter as shipments increased following the recovery of assembly and test capacity at ASE.

Days sales outstanding (DSO) increased to 41 days at 1 July 2005 compared to 30 days at 2 July 2004 as a result of the higher level of shipments being made direct (as opposed to through distributors) to larger customers who can generally command longer credit terms.

Closing inventory was \$56.4 million at 1 July 2005 compared to \$24.3 million at 2 July 2004 and \$32.4 million at 1 April 2005. This quarter on quarter increase in inventory of \$24.0 million has been built in anticipation of strong customer demand in Q3 2005.

#### **Operating Review**

##### **Market Conditions**

Overall design activity in the market, as listed by the industry on the Bluetooth website, increased quarter on quarter and was particularly strong in the cellular segment. A total of 186 end products and modules were qualified in Q2 2005 compared to 158 in Q1 2005. Estimates (source IMS) of Bluetooth shipments in 2005 have increased to 270 million units, an increase of 93% over the 140 million unit shipments in 2004.

##### **Operational Status and Design Wins**

CSR achieved its landmark 1,000th design win during Q2 2005. Additionally CSR's customers qualified 109 end products and modules (Q1 2005: 100) using CSR's ICs (source Bluetooth Special Interest Group Website – [www.bluetooth.com](http://www.bluetooth.com)). Qualified products during the quarter included mobile phones, mono and stereo headsets, laptops, PDAs, PC peripherals, automotive and consumer products from 98 different customers.

During Q2 2005, CSR grew its unit market share from 51% in Q1 2005 to 56% (including units shipped under manufacturing licence).

## Operating Review continued

CSR continued its strong design win record in the mobile phone sector with 15 design wins in Q2 2005. CSR has achieved particular success in the higher volume GSM market, with a further 12 GSM mobile phone qualifications during Q2 2005 (Q1 2005: 19 wins).

CSR has won over 60% of the 50 GSM phones that have been qualified in the first half of 2005. CSR's strong position with the top tier mobile phone manufacturers continued in Q2 2005 with notable wins including BenQ, LG, Nokia, Motorola and Samsung.

CSR's design win record in the mono headset segment continued to be very strong with over 90% of design wins. Notably CSR achieved its first design win with Sony Ericsson during the quarter and other customers qualifying headsets with CSR's silicon included GN Netcom (Jabra brand), Motorola, Nokia, Plantronics and Samsung.

Design activity to incorporate Bluetooth into stereo headsets for use with phones, MP3 players and PCs is intensifying. Design wins in this sector included stereo headphones for Samsung which have been advertised on Korean TV and CSR has won designs with iTech, WiGear and Airlogic to use BlueCore for Bluetooth stereo headphones (and plug-in adaptors) designed to work with Apple's iPod as well as other MP3 players. A further notable design win in the consumer sector in Q2 2005 included a gamepad with a Taiwanese customer for use with a mobile phone or PDA.

In the PC sector, CSR won 75% of the laptops qualified in the quarter, including wins with NEC, Panasonic and Toshiba. CSR's BlueCore4 solution with enhanced data rate (3MBPS) has now shipped over 3 million units and customers who have qualified products using this part include Dell, MSI, Toshiba, NEC, Cellink, Hewlett Packard and Apple.

In the automotive sector CSR won 85% of available designs in Q2 2005 including notable wins for customers including Hyundai, Delphi Corporation, Nokia and Pioneer.

### Recovery from the fire at ASE Chung Li

The speed of recovery from the fire at ASE's Chung Li facility in Taiwan on 1 May 2005, which caused some damage to the materials processing plant, has exceeded CSR's initial expectations. ASE's recovery planning and execution have been exemplary and by the end of Q2 2005, CSR's assembly and test capacity had not only been recovered to pre-fire levels, but significantly more capacity had been made available to meet CSR's increasing customer demand. CSR remains very comfortable with its partnership with ASE, the world's largest assembly and test sub-contractor, and is in the process of continuing to qualify its products in multiple locations within both TSMC our wafer fabrication partner and ASE as part of its ongoing risk management programme.

### UniFi

Customer interest continues to develop in UniFi, the industry's first single chip IEEE802.11a,b,g embedded solution specifically targeting the mobile phone and consumer electronics markets. Interest is particularly significant from module suppliers and mobile phone manufacturers. Following the successful demonstration of UniFi-1 in April 2005 at the Wireless LAN Event at London's Olympia, CSR's lead customer has produced early samples of a very small form factor IEEE802.11b,g module. Volume production remains on track for 2006.

### Acquisition of Clarity Technologies, Inc.

On 15 March 2005, CSR acquired Clarity Technologies, Inc., a leading provider of software for improving the audio quality and performance of voice-based communications systems and products, for a consideration of \$17.1 million, payable in cash. Integration of Clarity Technologies, Inc. into CSR is at an advanced stage and the Clear Voice Capture (CVC) technology has already been ported to CSR's BlueCore3 Multimedia chip and incorporated in the BlueLab development environment.

### People

Headcount increased from 383 at the end of Q1 2005 to 422 at the end of Q2 2005. This reflects continuing investment in engineers to support new R&D projects and further recruitment in sales, marketing, applications engineering and operations is expected to support the business growth. 33 people joined CSR from Clarity Technologies, Inc. CSR expects to continue to expand its investment in engineering talent.

### Outlook

The continuing strength and quality of CSR's design wins, combined with ongoing engineering activity in top tier handset manufacturers mean that CSR is well positioned in the growing Bluetooth market. Consequently the Board expects a significant acceleration to revenues in the third quarter to between \$125 million and \$135 million. H2 2005 is expected to be strong compared to H1 2005, reflecting both industry growth and CSR's significant presence in high volume markets. The Board is confident in CSR's improving prospects for the full year 2005.

### Forward looking statements

With the exception of historical information, the matters set forth in this report are forward-looking statements that involve risks and uncertainties. A number of important factors could cause actual results to differ materially from those implied by the forward-looking statements. These factors include consumer and market acceptance of the Company's products and the products that use the Company's products; decreases in the demand for the Company's products; excess inventory levels at the Company's customers; declines in average selling prices of the Company's products; cancellation of existing orders or the failure to secure new orders; the Company's failure to introduce new products and to implement new technologies on a timely basis; the Company's failure to anticipate changing customer product requirements; fluctuations in manufacturing and assembly and test yields; the Company's failure to deliver products to its customers on a timely basis; disruption in the supply of wafers or assembly or testing services; the timing of significant orders; increased expenses associated with new product introductions, masks, or process changes; the commencement of, or developments with respect to, any future litigation; the cyclical nature of the semiconductor industry; and overall economic conditions.

# Independent Review Report to CSR plc

## Introduction

We have been instructed by the company to review the financial information for the six months ended 1 July 2005 which comprises the income statement, the statement of changes in shareholders' equity, the balance sheet, the cash flow statement and related notes 1 to 7. We have read the other information contained in the interim report and considered whether it contains any apparent misstatements or material inconsistencies with the financial information. This report is made solely to the company in accordance with Bulletin 1999/4 issued by the Auditing Practices Board. Our work has been undertaken so that we might state to the company those matters we are required to state to them in an independent review report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company, for our review work, for this report, or for the conclusions we have formed.

## Directors' responsibilities

The interim report, including the financial information contained therein, is the responsibility of, and has been approved by, the directors. The directors are responsible for preparing the interim report in accordance with the Listing Rules of the Financial Services Authority which require that the accounting policies and presentation applied to the interim figures are consistent with those applied in preparing the preceding annual accounts except where any changes, and the reasons for them, are disclosed.

## International Financial Reporting Standards

As disclosed in note 7, the next annual financial statements of the group will be prepared in accordance with International Financial Reporting Standards as adopted for use in the EU. Accordingly, the interim report has been prepared in accordance with the recognition and measurement criteria of IFRS and the disclosure requirements of the Listing Rules. The accounting policies are consistent with those that the directors intend to use in the annual financial statements. There is, however, a possibility that the directors may determine that some changes to these policies are necessary when preparing the full annual financial statements for the first time in accordance with IFRSs as adopted for use in the EU.

## Review work performed

We conducted our review in accordance with the guidance contained in Bulletin 1999/4 issued by the Auditing Practices Board for use in the United Kingdom. A review consists principally of making enquiries of group management and applying analytical procedures to the financial information and underlying financial data and, based thereon, assessing whether the accounting policies and presentation have been consistently applied unless otherwise disclosed. A review excludes audit procedures such as tests of controls and verification of assets, liabilities and transactions. It is substantially less in scope than an audit performed in accordance with International Standards on Auditing (UK and Ireland) and therefore provides a lower level of assurance than an audit. Accordingly, we do not express an audit opinion on the financial information.

## Review conclusion

On the basis of our review we are not aware of any material modifications that should be made to the financial information as presented for the six months ended 1 July 2005.

Legislation in the United Kingdom governing the preparation and dissemination of financial information differs from legislation in other jurisdictions.

## Notes to the Interim Financial Statements

### 1 Significant accounting policies

A summary of the principal accounting policies, all of which have been applied consistently throughout the periods are set out below.

#### *a) Basis of accounting*

The interim financial report has been prepared in accordance with International Financial Reporting Standards (IFRSs). The company has taken advantage of the exemption not to comply with IAS 34 'Interim Financial Reporting' for its first year of interim reporting under IFRS.

#### *b) Basis of consolidation*

The Group financial statements consolidate the financial statements of CSR plc and its subsidiary undertakings drawn up to the dates indicated in the primary financial statements. The results of subsidiaries acquired or sold are consolidated for the periods from or to the date on which control passed.

The combination of Cambridge Silicon Radio Limited and CSR plc has been accounted for as a merger in accordance with the Group reconstruction provisions of Financial Reporting Standard No.6 "Acquisitions and Mergers". As permitted by the exemptions contained within IFRS 1 "First-time Adoption of International Financial Reporting Standards", this combination has not been restated to comply with IFRS 3 "Business Combinations". Consequently, although CSR plc was not incorporated until 26 March 2001, the Group financial statements are presented as if the companies had always been part of the same Group.

Other acquisitions are accounted for under the acquisition method.

#### *c) Tangible fixed assets*

Tangible fixed assets are stated at cost, net of depreciation and any provision for impairment. No depreciation is provided on assets in the course of construction. On other fixed assets depreciation is provided at rates calculated to write off the cost, less estimated residual value, of each asset on a straight-line basis over its expected useful life as follows:

Computer hardware and test equipment	2 to 5 years
Office equipment	3 years
Furniture and fittings	5 years
Leasehold improvements	Minimum lease period

Residual value is calculated based on prices prevailing at the date of acquisition.

#### *d) Intangible fixed assets (excluding goodwill)*

Intangible fixed assets are stated at cost, net of amortisation and any provision for impairment. No amortisation is provided on assets in the course of construction. On other fixed assets amortisation is provided at rates calculated to write off the cost, less estimated residual value, of each asset on a straight-line basis over its expected useful life as follows:

Software licences	3 to 5 years
Customer relationships	3 years
Purchased R&D	4 years

Residual value is calculated based on prices prevailing at the date of acquisition.

## Notes to the Interim Financial Statements continued

### *e) Impairment of tangible and intangible assets excluding goodwill*

At each balance sheet date, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

The recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash generating unit) is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately.

### *f) Goodwill*

Goodwill arising on consolidation represents the excess of the cost of acquisition over the Group's interest in the fair value of the identifiable assets and liabilities of a subsidiary at the date of acquisition.

Goodwill is recognised as an asset and reviewed for impairment at least annually. Any impairment is recognised immediately in profit or loss and is not subsequently reversed.

### *g) Investments*

Treasury deposits represent amounts on deposit with banks, placed for periods exceeding 90 days.

### *h) Stocks*

Stocks are stated at the lower of cost and net realisable value. Net realisable value is based on estimated selling price, less further costs expected to be incurred to completion and disposal. Provision is made for obsolete, slow-moving or defective items where appropriate.

### *i) Taxation*

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the group's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

A net deferred tax asset is regarded as recoverable and therefore recognised only to the extent that, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is not recognised when fixed assets are revalued unless by the balance sheet date there is a binding agreement to sell the revalued assets and the gain or loss expected to arise on sale has been recognised in the financial statements. Neither is deferred tax recognised when fixed assets are sold and it is more likely than not that the taxable gain will be rolled over, being charged to tax only if and when the replacement assets are sold.

Deferred tax is recognised in respect of the retained earnings of overseas subsidiaries and associates only to the extent that, at the balance sheet date, dividends have been accrued as receivable or a binding agreement to distribute past earnings in future has been entered into by the subsidiary or associate.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is measured on a non-discounted basis.

*j) Revenue recognition*

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business, net of discounts, VAT and other sales related taxes.

Royalty income is recognised upon shipment of the royalty earning product by the licensee.

Revenue is shown net of estimated provision for credit notes and returns.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

*k) Pension costs*

The Company contributes to a contracted-in money purchase pension scheme (CIMP) where the amount charged to the profit and loss account in respect of pension costs is the contributions payable in the period. Differences between contributions payable in the period and contributions actually paid are shown as either accruals or prepayments in the balance sheet.

*l) Foreign currency*

The functional currency of the Group is the US dollar. Transactions in currencies other than US dollars are recorded at the rates of exchange prevailing on the dates of the transactions. At each balance sheet date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the balance sheet date. Non-monetary assets and liabilities carried at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when the fair value was determined. Gains and losses arising on retranslation are included in the net profit or loss for the period. In order to hedge its exposure to certain foreign exchange risks, the Group enters into forward contracts (see below for details of the Group's accounting policies in respect of such derivative financial instruments).

On consolidation, the assets and liabilities of the Group's overseas operations are translated at exchange rates prevailing on the balance sheet date. Income and expense items are translated at the average exchange rates for the period unless exchange rates fluctuate significantly. Exchange differences arising, if any, are classified as equity and transferred to the Group's translation reserve. Such translation differences are recognised as income or as expenses in the period in which the operation is disposed of.

## Notes to the Interim Financial Statements continued

### *m) Leases*

Rentals under operating leases are charged on a straight-line basis over the lease term, even if the payments are not made on such a basis.

Assets held under finance leases and other similar contracts, which confer rights and obligations similar to those attached to owned assets, are capitalised as tangible fixed assets and are depreciated over the shorter of the lease terms and their useful lives. The capital elements of future lease obligations are recorded as liabilities, while the interest elements are charged to the profit and loss account over the period of the leases to produce a constant rate of charge on the balance of capital repayments outstanding.

### *n) Research and development*

Expenditure on research activities is recognised as an expense in the period in which it is incurred.

An internally generated intangible asset arising from the Group's product development is recognised only if all of the following conditions are met:

- an asset is created that can be identified (such as a new device or software);
- the project from which the asset arises meets the Group's criteria for assessing technical feasibility;
- it is probable that the asset created will generate future economic benefits; and
- the development cost of the asset can be measured reliably.

Internally generated intangible assets are amortised on a straight line basis over their useful lives. Where no internally generated intangible asset can be recognised, development expenditure is recognised as an expense in the period in which it is incurred.

### *o) Derivative financial instruments*

The Group uses derivative financial instruments to reduce exposure to foreign exchange risk. The Group does not hold or issue derivative financial instruments for speculative purposes.

Derivative financial instruments are initially recorded at cost and are remeasured to fair value at subsequent reporting dates. Changes in the fair value of derivative financial instruments that are designated and effective as cash flow hedges are recognised directly in equity and the ineffective portion is recognised immediately in the income statement. If the cash flow hedge of a firm commitment or forecasted transaction results in the recognition of an asset or liability, then, at the time the asset or liability is recognised, the associated gains or losses on the derivative that had previously been recognised in equity are included in the initial measurement of the asset or liability. For hedges that do not result in the recognition of an asset or a liability, amounts deferred in equity are recognised in the income statement in the same period in which the hedged firm commitment or forecasted transaction affects net profit or loss.

Changes in the fair value of derivative financial instruments that do not qualify for hedge accounting are recognised in the income statement as they arise.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. At that time, any cumulative gain or loss on the hedging instrument recognised in equity is retained in equity until the forecasted transaction occurs. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognised in equity is transferred to net profit or loss for the period.

*p) Share related charges*

The Group has applied the requirements of IFRS 2 Share-based Payments. In accordance with the transitional provisions, IFRS 2 has been applied to all grants of equity instruments after 7 November 2002 that were unvested as of 1 January 2005.

The Group issues equity-settled share-based payments to certain employees. Equity settled share-based payments are measured at the fair value at the date of grant. The fair value determined at the grant date of the equity-settled, share-based payments is expensed on a straight-line basis over the vesting period, based on the Group's estimate of shares that will eventually vest.

Fair value is measured by use of a Black-Scholes model. The expected life used in the model has been adjusted, based on management's best estimate, for the effects of non-transferability, exercise restrictions, and behavioural considerations.

## 2 Earnings per Ordinary Share

The calculation of earnings per share is based upon the profit for the period after taxation (see income statement) and the weighted average number of shares in issue during the period.

Period	Weighted average number of shares	Diluted weighted average number of shares
1 January 2004 – 31 December 2004	117,081,552	127,674,118
1 January 2004 – 2 July 2004	112,485,247	121,672,033
3 July 2004 – 31 December 2004	121,556,145	132,527,399
3 April 2004 – 2 July 2004	120,820,631	130,999,773
1 January 2005 – 1 July 2005	122,642,758	132,454,646
1 January 2005 – 1 April 2005	122,223,650	132,736,554
2 April 2005 – 1 July 2005	123,061,867	132,309,450

The diluted weighted average number of shares differs from the weighted average number of shares due to the dilutive effect of share options.

## 3 CSR's calendar

CSR operates a 13 week quarter with 4 weeks (28 days) in the first two months and 5 weeks (35 days) in the final month of each quarter. The calculation of DSO therefore compares closing accounts receivable with revenue in the preceding five week period.

## 4 Finance costs

	Q2 2005 Period from 2 April 2005 to 1 July 2005 (unaudited) \$'000	Q1 2005 Period from 1 Jan 2005 to 1 April 2005 (unaudited) \$'000	H1 2005 Period from 1 Jan 2005 to 1 July 2005 (reviewed) \$'000	Q2 2004 Period from 3 April 2004 to 2 July 2004 (unaudited) \$'000	H2 2004 Period from 3 July 2004 to 31 Dec 2004 (unaudited) \$'000	H1 2004 Period from 1 Jan 2004 to 2 July 2004 (unaudited) \$'000	Year ended 31 Dec 2004 (unaudited) \$'000

## **7 Financial information**

The financial information contained in this statement does not constitute statutory accounts within the meaning of section 240 of the Companies Act 1985.

The financial information has been prepared on the basis of all applicable IFRS, including all International Accounting Standards (IAS), Standing Interpretations Committee (SIC) interpretations and International Financial Reporting Interpretations Committee (IFRIC) interpretations issued by the International Accounting Standards Board (IASB) before 1 July 2005. These include IFRS endorsed by the EU and those awaiting formal endorsement.

At this stage of the development of IFRS, matters such as the interpretation and application surrounding it are continuing to evolve. In addition, IFRS currently in issue and adopted by the EU are subject to interpretation issued from time to time by the IFRIC and further standards may be issued by the IASB that will be adopted by the EU during 2005. Given these uncertainties, the financial information is subject to possible change when applied in CSR's first financial reporting under IFRS, the period 1 January 2005 to 30 December 2005.

The rules for first adoption of IFRS are set out in IFRS 1, "First-time Adoption of International Financial Reporting Standards". IFRS 1 requires use of the same accounting policies in the IFRS transition balance sheet and for all periods presented thereafter. The accounting policies must comply with all IFRS effective at the reporting date for the first financial reporting under IFRS, the period 1 January 2005 to 30 December 2005.

IFRS 1 permits companies adopting IFRS for the first time to take exemptions from the full requirements of IFRS in the transition period. This financial information has been prepared on the basis of taking the following exemptions.

- (a) Business combinations prior to 1 January 2004 have not been restated to comply with IFRS 3 "Business Combinations".
- (b) Cumulative translation differences on foreign operations are deemed to be zero at 1 January 2004. Any gains and losses recognised in the consolidated income statement on subsequent disposals of foreign operations will therefore exclude translation differences arising prior to the transition date.
- (c) IAS 32 and IAS 39 have been adopted from 1 January 2005. There is no effect on reported profits and no restatement of comparative information is required.
- (d) Fixed assets have not been revalued as at the date of transition. The depreciated cost has been assumed as the effective carrying value for IFRS purposes.

The financial information presented for the periods ended 2 July 2004 (Q2 2004 and H1 2004) and 31 December 2004 (2004 and H2 2004) has been restated to comply with IFRS.

## Notes to the Interim Financial Statements continued

### 7 Financial information continued

The adjustments to the income statements for Q2 2004, H1 2004, H2 2004 and 2004 all related to the recording of share related charges in accordance with IFRS 2, adjustments are shown in the tables below:

Q2 2004	Under UK GAAP (unaudited) \$'000	IFRS 2 - Share-based payment (unaudited) \$'000	Under IFRS (unaudited) \$'000
<b>Revenue</b>	58,870	-	58,870
Cost of sales	(31,371)	(11)	(31,382)
<b>Gross profit</b>	27,499	(11)	27,488
Research and development	(6,499)	(72)	(6,571)
Sales and marketing	(4,526)	(58)	(4,584)

Finance income	(301)	-	(301)
<b>Profit before tax</b>	14,802	(171)	14,631
Tax	(31)	52	21
<b>Profit for the period</b>	14,771	(119)	14,652
<b>Earnings per share</b>	<b>\$</b>		<b>\$</b>
Basic	0.12		0.12
Diluted	0.11		0.11

#### Share-based payment

Under UK GAAP, an expense was recognised in the income statement for share options, excluding Save As You Earn options which were exempt, based on the difference between market price on the date of issue and the exercise price. Under IFRS 2, an expense is recognised for all equity settled share options granted after 7 November 2002 which had not fully vested by 31 December 2004, based on the fair value of the options calculated using the appropriate pricing models.

A charge of \$171,000 was recognised in respect of share options falling within the scope of IFRS 2, this was allocated between cost of sales, research and development, sales and marketing and administrative expenses in line with staff costs.

#### Deferred tax

In accordance with IFRS 2, an additional tax credit of \$52,000 was recorded, being 30% of the net of the two adjustments above.

### Share-based payment

A charge of \$243,000 was recognised in respect of share options falling within the scope of IFRS 2, this was allocated between cost of sales, research and development, sales and marketing and administrative expenses in line with staff costs.

A credit of \$425,000 was recorded in respect of the reversal of the UITF 17 share related charge, previously recognised under UK GAAP, as this transaction fell outside the scope of IFRS 2. This was allocated between sales and marketing and administrative expenses.

### Deferred tax

In accordance with IFRS 2, an additional tax charge of \$54,000 was recorded, being 30% of the net of the two adjustments above.

## **7 Financial information continued**

### **Share-based payment**

A share-based payment reserve of \$302,000 was recorded, representing the charge of \$243,000 for H1 2004 and a charge of \$59,000 for all preceding periods.

### **Deferred tax**

The deferred tax asset was decreased by \$54,000 being the additional taxation charge in the quarter from the recording of share-based payment charges under IFRS 2.

Under IFRS, all deferred tax assets are shown as non-current assets, this resulted in the reclassification of \$253,000 from trade and other receivables to deferred tax.

### **Intangible assets**

Under UK GAAP, computer software costs were capitalised as tangible fixed assets. Under IFRS, computer software costs are capitalised as intangible assets. At 2 April 2004, this resulted in the reclassification of \$6,696,000 of computer software as intangible assets, mainly being licences for CAD tools.

### **Treasury deposits**

Under UK GAAP, treasury deposits are defined as all deposits with a maturity exceeding 24 hours at the balance sheet date. Under IFRS, treasury deposits are defined as all deposits with an initial term exceeding 90 days. At 1 April 2004, this resulted in the reclassification of \$85,356,000 as cash and cash equivalents.

### **Other changes**

Tax liabilities are shown separately on the face of the balance sheet, this resulted in the reclassification of \$18,000 from trade and other payables to tax liabilities.

Liabilities related to the purchase of intangible licences under payment plans have been reclassified as finance leases.

Provisions have been classified between greater than one year and less than one year.

**7 Financial information continued**

**Share-based payment**

A share-based payment reserve of \$759,000 was recorded, representing the charge of \$248,000 for Q4 2004 and a charge of \$511,000 for all preceding periods.

**Deferred tax**

The deferred tax asset was increased by \$83,000 being the additional taxation benefit in the year from the recording of share-based payment charges under IFRS 2.

\$8,029,000 was reclassified from trade and other receivables to deferred tax assets.

**Intangible assets**

At 31 December 2004, the adoption of IFRS resulted in the reclassification of \$6,350,000 of computer software as intangible assets, mainly being licences for CAD tools.

**Treasury deposits**

At 31 December 2004, the adoption of IFRS resulted in the reclassification of \$73,167,000 as cash and cash equivalents.

**Other changes**

Tax liabilities are shown separately on the face of the balance sheet, this resulted in the reclassification of \$71,000 from trade and other payables to tax liabilities.

Liabilities related to the purchase of intangible licences under payment plans have been reclassified as finance leases.

Under IFRS, provisions should be split between shorter than one year and greater than one year.

At 31 December 2004, this resulted in the reclassification of \$2,346,000 to provisions less than one year.

## About CSR

CSR plc (Cambridge Silicon Radio) is a leading global provider of wireless personal area network technology including Bluetooth and Wi-Fi. CSR offers the market leading solutions for Bluetooth and 802.11a,b,g.

CSR is now producing its fourth generation BlueCore devices for Bluetooth. BlueCore4 supports the Enhanced Data Rate (EDR) standard, which was ratified at the end of 2004. BlueCore4 remains the only EDR silicon to be shipping in volume today. In November 2004 CSR launched UniFi, the first single chip 802.11a,b,g embedded solution specifically targeting the mobile phone and consumer electronics markets.

BlueCore features in over 50% of all Bluetooth devices shipped and over 60% of all qualified Bluetooth enabled products and modules listed on the Bluetooth website with industry leaders including Nokia, Dell, Samsung, Panasonic, Sharp, Motorola, IBM, Apple, NEC, Toshiba, RIM and Sony using BlueCore devices in their range of Bluetooth products.

In March 2005, CSR acquired Clarity Technologies Inc., for its Clear Voice Capture (CVC) technology that enhances the audio performance of any voice-based product or system. Applications for CVC include wireless headsets, handsets and automotive hands free systems.

CSR has its headquarters in Cambridge, UK, and offices in Richardson and Detroit, USA; Tokyo, Japan; Seoul, Korea; Taipei, Taiwan; Aalborg, Denmark; and Lund, Sweden.

More information can be found at [www.csr.com](http://www.csr.com) and the partner web site [www.bt designer.com](http://www.bt designer.com)

More information about Bluetooth can be found on the SIG web site at [www.bluetooth.com](http://www.bluetooth.com)

Correction

**Announcement of the exercise of share options  
and sale of ordinary shares in the Company**

The Company makes a correction to an announcement made on Wednesday 8 June 2005, concerning the exercise of share options by directors and the subsequent sale by directors and related parties separately of ordinary shares in the Company at a price of £3.75 per share. The stated holdings after the exercise of options and subsequent sale of shares include those of related parties. The correction accounts for a minor amendment to both the number of shares exercised by Mr P. Goodridge and shares sold by parties related to Mr Goodridge.

### REG-CSR PLC Increase to Q1 Market Share

Released: 24/05/2005

RNS Number:6583M  
CSR PLC  
24 May 2005

May 24 2005

#### CSR PLC - INCREASE TO PREVIOUSLY REPORTED Q1 MARKET SHARE

CSR plc (LSE:CSR), a wireless solutions provider and the leader in Bluetooth technology, has been advised by IMS of a correction upwards in its market share figure above the 47% reported in its Q1 results statement on 4th May 2005. CSR's revised market share for Q1 was 51%.

The revision follows a reduction in the actual shipment data supplied by another Bluetooth vendor in Q1 which had previously been overstated.

#### About CSR

CSR plc (Cambridge Silicon Radio) is a leading provider of single-chip radio devices for short range wireless communication. CSR offers developed hardware/software solutions for Bluetooth based around BlueCore, a fully integrated 2.4 GHz radio, baseband and microcontroller. BlueCore features in over 60 per cent of all qualified Bluetooth enabled products and modules listed on the Bluetooth website with industry leaders, including Nokia, Dell, Panasonic, Sharp, Motorola, IBM, Apple, NEC, Toshiba, RIM and Sony using BlueCore devices in their range of Bluetooth products. CSR is now producing its fourth generation of BlueCore devices to support the Enhanced Data Rate standard. In November 2004 CSR announced UniFi, the industry's first single chip IEEE802.11a, b, g embedded solution specifically targeting the mobile phone and consumer electronics markets.

CSR has its headquarters in Cambridge, UK, and offices in Richardson, Texas, and Detroit, Michigan, USA; Tokyo, Japan; Seoul, Korea; Taipei, Taiwan; Aalborg, Denmark and Lund, Sweden.

CSR acquired Clarity Technologies, Inc. on 15 March 2005. Clarity Technologies is a leading provider of software and services for improving the audio quality and performance of voice-based communications systems and products. Its voice extraction and echo cancellation software is based on its proprietary Clear Voice Capture ("CVC") technology, which enhances the audio performance of any voice-based product or system, including wireless headsets, wireless handsets and automotive hands free systems.

## REG-CSR PLC Award of Share Options

Released: 16/05/2005

RNS Number:3421M  
CSR PLC  
16 May 2005

16 May 2005

CSR plc  
(the Company)

Announcement of the award of share options  
and ordinary shares in the Company pursuant to the Company's Share Option and  
Share Awards Plans

Invitations have today been issued to directors for awards of shares options and shares over ordinary shares in the Company, pursuant respectively to rules of the CSR plc Share Option Plan and the CSR Share Award Plan. The awards are being made following a meeting of the remuneration committee of the Company held on Wednesday 4 May 2005, approving the award of shares and share options to be effective 5 May 2005. In each case the vesting of awards is subject to a three year retention period and the fulfilment of performance conditions.

Director	Share Options Awarded	Option Price (£)	Nil Cost Share Awards	Awards Market Value (£)
John Hodgson	89,000	3.21	44,850	3.18
Glenn Collinson	56,100	3.21	17,000	3.18
James Collier	62,350	3.21	18,850	3.18
Paul Goodridge	56,100	3.21	17,000	3.18

CSR PLC REVENUE GUIDANCE FOR Q2 2005 AS PRODUCTION RECOVERS AT SUBCONTRACT MANUFACTURING FACILITY

CSR plc (LSE:CSR), a wireless solutions provider and the leader in Bluetooth technology, provides Q2 revenue guidance as it recovers production following a fire at ASE Chung Li, a subcontract assembly and test facility.

Having reviewed the impact of this interruption to production on CSR's ability to meet a strong upsurge in demand, the Board now expects revenue of between \$80 million and \$90 million in Q2 2005, compared to an expectation of \$85 million to \$95 million prior to the fire.

CSR is pleased to announce that, as expected, limited production of CSR's BlueCore parts in BGA packages has been resumed by ASE and full production is expected to be resumed by the first week of June 2005.

As previously announced, the high level of design wins achieved during 2004 has been maintained (CSR achieved 74% of all handset and headset design wins in the last two quarters) and reinforces the Board's confidence in the outlook for the remainder of 2005.

CSR PLC  
 ANNUAL GENERAL MEETING

CSR plc (LSE:CSR), a wireless solutions provider and the leader in Bluetooth technology, announces the passing of all resolutions proposed at its Annual General Meeting held on Wednesday 4 May 2005.

The shareholder votes in favour of each resolution as a proportion of the total votes cast are shown below.

Ordinary Resolutions	Votes in favour as a percentage of total votes cast
1 To receive the financial statements and the reports of the directors and auditors	99.74
2 To approve the remuneration report for the year ended 31 December 2004	91.79
3 To elect as a director Mr Ron Mackintosh	100
4 To elect as a director Mr John Scarisbrick	100
5 To re-elect as a director Mr James Collier	99.90
6 To re-elect as a director Mr Glenn Collinson	99.90
7 To re-appoint Deloitte & Touche LLP as auditors and authorise the directors to determine their remuneration	93.16
8 To authorise the directors to establish the CSR Share Award Plan	94.57
9 To amend the CSR plc Share Option Plan	94.57
10 To authorise the directors to establish plans equivalent to the CSR Share Award Plan for employees resident or working outside the United Kingdom	96.83
11 To authorise the Company to make political donations	92.33
12 To grant to the directors authority under S 80 of the Companies Act 1985 Special Resolutions	94.13
13 To disapply S 95 of the Companies Act 1985	99.99
14 To grant to the Company authority to purchase its own shares under S166 of the Companies Act 1985	99.99

OPERATIONS

4 May 2005

**CSR PLC UNAUDITED RESULTS FOR THE QUARTER ENDED 1 APRIL 2005**

**CSR MEETS EXPECTATIONS IN Q1 2005 AND EXPERIENCES STRONG CUSTOMER DEMAND FOR Q2 2005**

CSR plc [LSE:CSR], a wireless solutions provider and the leader in Bluetooth technology, announces its unaudited financial results for the quarter ended 1 April 2005 (Q1 2005).

**HIGHLIGHTS**

**First Quarter 2005**

**Financial highlights**

- Revenue increased by 80% to \$66.4 million (Q1 2004: \$36.8 million)
- Gross margin of 46.6% (Q1 2004: 48.3%)
- Operating profit increased by 45% to \$10.3 million (Q1 2004: \$7.1 million)
- Operating margin of 15.5% (Q1 2004: 19.2%)
- Profit before tax increased by 47% to \$10.9 million (Q1 2004: \$7.4 million)
- Diluted earnings per share of \$0.06 (Q1 2004: \$0.06)
- Operating cash inflow of \$4.9 million (Q1 2004: \$2.5 million)

**Operational highlights**

- Acquired Clarity Technologies, Inc., a leading provider of software for improving audio quality
- 47% unit market share
- 100 design wins in Q1, with 48 in March 2005 alone
- Design win market share maintained at over 60%
- 19 mobile phone design wins including wins with LG, Motorola, NEC, Nokia, Panasonic and Samsung
- Fire at ASE Chung Li, Taiwan causes some interruption to assembly and test in Q2 2005

**Commenting on the results, John Hodgson, CEO said:**

"We are pleased to have delivered Q1 2005 revenue and profit in line with expectations. Customer orders picked up significantly after Chinese new-year and support our expectation of a sharp acceleration in revenue in subsequent quarters. Our design win record was again very strong which supports the Board's confidence in the full year. We had expected revenues in Q2 2005 of between \$85 and \$95 million but this will be impacted by the fire at ASE Chung Li and we will provide revised guidance as soon as practicable."

## Financial Review

### IFRS (International Financial Reporting Standards)

CSR adopted IFRS from 1 January 2005. All comparatives have been restated to comply with the requirements of IFRS. A full analysis of the restatements is given in note 6.

In summary, all adjustments to prior period income statements result from the implementation of IFRS 2 - Share-based Payment and relate to the recording of charges based on the fair value of option awards. The charge in Q1 2005 was \$292,000. For Q1 2004 and Q4 2004 the charges recorded were \$72,000 and \$248,000 respectively.

In 2005, the impact of IFRS on CSR's earnings is expected to be less than 5%.

### First Quarter ended 1 April 2005

#### Revenue

Revenue for Q1 2005 amounted to \$66.4 million, representing a 17% decrease from \$79.8 million in Q4 2004, and an 80% increase over Q1 2004 revenue of \$36.8 million.

The Q1 2005 revenue reflects the impact of lower levels of business between Christmas and Chinese new-year and lower headset shipments partly resulting from the utilisation of inventories built by headset customers at the end of 2004.

Revenue in Q1 2005 was derived predominantly from shipments of ICs (integrated circuits) with \$1.7 million (Q4 2004: \$1.5 million) of royalty revenue resulting from shipments of BlueCore2 ROM parts under manufacturing licence.

Customer concentration was unchanged quarter on quarter at 52% of revenue shipped to the top 5 end customers (Q4 2004: 52%).

The blended average selling price (ASP) for CSR's products declined by 10% from the Q4 2004 level. This decline was caused by a combination of a planned reduction in individual product ASPs and a change in the product mix to lower ASP ROM (read only memory) parts.

#### Gross Profit

Gross profit for the quarter was \$30.9 million compared to \$37.2 million in Q4 2004 and \$17.8 million in Q1 2004. Gross margin was 46.6% of revenue, unchanged from Q4 2004 (Q1 2004: 48.3%). Excluding royalty income, gross margin declined very slightly quarter on quarter. Individual product margins were maintained at or around Q4 2004 levels with the planned ASP declines being offset by product cost reductions.

#### Operating Expenses

Research and development (R&D) expenditure was \$10.4 million in Q1 2005 compared to \$8.3 million in Q4 2004, an increase of 25% (Q1 2004: \$5.3 million). The increase was due in part to additional employment and recruitment related costs in line with headcount growth and annual pay rises, as well as costs relating to the continuing development of new products. Additionally in Q1 2005, GBP denominated R&D expenses were approximately 15% higher than Q4 2005 as a result of an increase in the average USD exchange rate from 1.55 USD/GBP in 2004 to 1.78 USD/GBP in 2005.

Selling, general and administrative (SG&A) expenses were \$10.3 million for Q1 2005 compared to \$10.1 million in Q4 2004, an increase of \$0.2 million (Q1 2004: \$5.4 million). The cost increases associated with continued growth in our sales, applications and marketing teams were largely offset by a reduced level of sales commission and \$0.3 million of non-recurring office move costs which were charged in Q4 2004. A \$0.3 million charge in Q4 2004 relating to the revaluation of GBP payables reduced the inflationary impact of the increased exchange rate in Q1 2005.

Share based payment charges, recorded under IFRS 2, were \$292,000 for Q1 2005.

### **Operating Profit**

Operating profit for Q1 2005 was \$10.3 million compared to \$18.8 million in Q4 2004 and \$7.1 million in Q1 2004. Operating margin was 15.5% in Q1 2005 compared to 23.6% in Q4 2004 (Q1 2004: 19.2%), reflecting the 17% reduction in revenue in the quarter.

### **Interest Receivable**

Interest receivable for Q1 2005 was \$638,000 an increase of 31% compared to \$488,000 received in Q4 2004. The increase was due in large part to an increase in USD and GBP interest rates.

### **Earnings and Taxation**

For Q1 2005 profit before taxation was \$10.9 million compared to \$18.9 million for Q4 2004 and \$7.4 million for Q1 2004.

CSR charged corporation tax at an approximate effective rate of 27.6% for 2005 in Q1. The first payment of UK corporation tax is expected to be in July 2005.

Fully diluted earnings for Q1 2005 were \$0.06 per share compared to \$0.16 per share for Q4 2004 (Q1 2004: \$0.06).

### **Balance Sheet and Cash Flow**

Cash and cash equivalents (including treasury deposits) were \$96.1 million at 1 April 2005, compared to \$110.1 million at 31 December 2004.

Net cash inflow from operating activities was \$4.9 million in Q1 2005 compared to \$11.0 million in Q4 2004 and \$2.5 million in Q1 2004. Cash outflow on capital expenditure was \$3.2 million in Q1 2005, with a further \$17.1 million cash outflow for the acquisition of Clarity Technologies, Inc. (\$16.6 million net of cash acquired).

Accounts receivable increased to \$39.9 million at 1 April 2005 from \$31.8 million at 31 December 2004 as a result of the Q1 revenue being phased towards the end of the quarter following the seasonal downturn before Chinese new-year. Days sales outstanding (DSO) were 40 days at 1 April 2005 compared with 41 days at 31 December 2004.

Closing inventory was \$32.4 million at 1 April 2005 compared to \$30.1 million at 31 December 2004, an increase of \$2.3 million in anticipation of increased customer demand in Q2 2005.

## **Operating Review**

### **Market Conditions**

Design activity as listed by the industry on the Bluetooth website continued to be strong in Q1 2005 with 158 end products and modules qualified compared to 165 in Q4 2004. There were 31 mobile phone qualifications in Q1 2005, an increase of 63% over Q4 2004. The increased level of mobile phone qualifications, particularly in mid range phones, supports expectations that attach rates of Bluetooth in mobile phones will rise to between 20% and 30% in 2005.

Estimates (source IMS) of Bluetooth shipments in 2005 remain at 250 million units, an increase of 79% over the 140 million unit shipments in 2004.

### **Operational Status and Design Wins**

During Q1 2005, CSR's customers qualified 100 end products and modules (Q4 2004:114) using CSR's ICs (integrated circuits) (source Bluetooth Special Interest Group Website – [www.bluetooth.com](http://www.bluetooth.com)). These qualified products included mobile phones, mono and stereo headsets, laptops, PDAs, PC peripherals, automotive and consumer products from 65 different customers. During Q1 2005 CSR maintained its share of Bluetooth qualified end products and modules at over 60% for the seventh consecutive quarter.

The mobile phone segment is providing much of the growth in Bluetooth shipments in 2005. It is significant that CSR won 19 of the 31 mobile phone qualifications (61%) in Q1 2005 up from 14

qualifications in Q4 2004 and 5 qualifications in Q3 2004. Mobile phone customers qualifying products with CSR ICs in Q1 2005 included Nokia (8 models, 4 each with BlueCore2 and BlueCore3), Samsung (5 models being SGH-E530, SGH-E620, SGH-E720, SGH-E880, and SCH-i830), Motorola, LG, NEC, Panasonic and Vertu.

Other notable design wins in Q1 2005 included mono headsets for Jabra, LG, Nokia and Treo (palmOne); stereo headphones for Motorola, i.Tech; Dynamic and Fillony; printers for Canon, Seiko Epson, Panasonic and Ricoh; notebooks for ASUSTek; a mouse for Logitech; and, in the consumer segment, the Gizmondo mobile entertainment system.

CSR's unit market share in Q1 2005 was 47% (including units shipped under manufacturing licence).

### **UniFi**

Customer interest remains strong in UniFi, the industry's first single chip IEEE802.11a, b, g embedded solution specifically targeting the mobile phone and consumer electronics markets. CSR remains on schedule to commence production towards the end of 2005 and start to ship in volume during 2006. During April 2005, CSR demonstrated UniFi-1, at The Wireless LAN Event at London's Olympia. This system demonstrated the ease of voice calls over IP (VoIP), via Wi-Fi connection from the phone to an access point and combined with a Bluetooth connection between a headset and the smartphone. As well as the excellent Wi-Fi range, from the UniFi IC, the demonstration showed excellent co-existence between Wi-Fi and Bluetooth (also using CSR's IC, embedded in the XDA II).

### **Acquisition of Clarity Technologies Inc**

On 15 March 2005 CSR acquired Clarity Technologies, Inc., a leading provider of software for improving the audio quality and performance of voice-based communications systems and products, for consideration of \$17.1 million payable in cash. The benefits of the acquisition to CSR include;

- Ownership of Clear Voice Capture (CVC) technology, a patented and high profile audio solution that will allow CSR to enhance the features in its next generation of Bluetooth products.
- Established customer relationships in the automotive sector, especially in the US, giving CSR additional opportunities to increase its share of the market for Bluetooth solutions.
- Additional technical competencies in the operation of wireless headsets, which will further enhance CSR's position in this increasingly competitive market.

The fair value of the identifiable tangible and intangible assets acquired was \$1.9 million. The goodwill arising on the acquisition was \$15.5 million.

### **People**

Headcount increased from 316 at the end of Q4 2004 to 383 at the end of Q1 2005. 34 of this additional headcount joined CSR on the acquisition of Clarity Technologies, Inc. CSR expects to continue to recruit engineers in 2005 to support new R&D projects. Further recruitment in sales, marketing, applications engineering and operations is expected to support the business growth.

### **Incident at ASE Chung Li**

On May 1 2005 a fire caused some damage to the materials processing plant at ASE's Chung Li facility in Taiwan. On May 3 2005 CSR released a separate statement relating to the possible impact of this fire on its operations.

**Outlook**

As foreseen, CSR has experienced a significant increase in customer demand following Chinese new-year, which, before adjusting for the impact of the fire at ASE Chung Li, would have led the Board to expect revenues for Q2 2005 of between \$85 and \$95 million. Revised guidance on Q2 2005 revenue will be provided as soon as is practicable.

The level of design wins achieved during 2004 and the continuing high levels of design wins (amounting to 74% of all of headset and handsets in the last two quarters) reinforce our confidence in the outlook for the remainder of 2005.

**Forward looking statements**

With the exception of historical information, the matters set forth in this news release are forward-looking statements that involve risks and uncertainties. A number of important factors could cause actual results to differ materially from those implied by the forward-looking statements. These factors include consumer and market acceptance of the Company's products and the products that use the Company's products; decreases in the demand for the Company's products; excess inventory levels at the Company's customers; declines in average selling prices of the Company's products; cancellation of existing orders or the failure to secure new orders; the Company's failure to introduce new products and to implement new technologies on a timely basis; the Company's failure to anticipate changing customer product requirements; fluctuations in manufacturing and assembly and test yields; the Company's failure to deliver products to its customers on a timely basis; disruption in the supply of wafers or assembly or testing services; the timing of significant orders; increased expenses associated with new product introductions, masks, or process changes; the commencement of, or developments with respect to, any future litigation; the cyclicity of the semiconductor industry; and overall economic conditions.

## Notes

### 1. Earnings per ordinary share

The calculation of earnings per share is based upon the profit for the period after taxation (see income statement) and the weighted average number of shares in issue during the period.

Period	Weighted Average Number of Shares	Diluted Weighted Average Number of Shares
1 January 2004 – 2 April 2004	104,664,135	113,859,715
2 October 2004 – 31 December 2004	121,812,491	132,508,152
1 January 2005 – 1 April 2005	122,223,650	132,736,554

The diluted weighted average number of shares differs from the weighted average number of shares due to the dilutive effect of share options.

### 2. CSR's Calendar

CSR operates a thirteen week quarter with 4 weeks (28 days) in the first 2 months and 5 weeks (35 days) in the final month of each quarter. The calculation of DSO therefore compares closing accounts receivable with revenue in the preceding 5 week month.

### 3. Finance (costs) income (net)

## 6. Financial information

The financial information contained in this statement does not constitute statutory accounts within the meaning of section 240 of the Companies Act 1985.

The financial information has been prepared on the basis of all applicable IFRS, including all International Accounting Standards (IAS), Standing Interpretations Committee (SIC) interpretations and International Financial Reporting Interpretations Committee (IFRIC) interpretations issued by the International Accounting Standards Board (IASB) before 2 April 2005. These include IFRS endorsed by the EU and those awaiting formal endorsement.

At this stage of the development of IFRS, matters such as the interpretation and application surrounding it are continuing to evolve. In addition, IFRS currently in issue and adopted by the EU are subject to interpretation issued from time to time by the IFRIC and further standards may be issued by the IASB that will be adopted by the EU during 2005. Given these uncertainties, the financial information is subject to possible change when applied in CSR's first financial reporting under IFRS, the period 1 January 2005 to 30 December 2005.

The rules for first adoption of IFRS are set out in IFRS1, "First-time Adoption of International Financial Reporting Standards". IFRS1 requires use of the same accounting policies in the IFRS transition balance sheet and for all periods presented thereafter. The accounting policies must comply with all IFRS effective at the reporting date for the first financial reporting under IFRS, the period 1 January 2005 to 30 December 2005.

IFRS1 permits companies adopting IFRS for the first time to take exemptions from the full requirements of IFRS in the transition period. This financial information has been prepared on the basis of taking the following exemptions.

- (a) Business combinations prior to 1 January 2004 have not been restated to comply with IFRS3 "Business Combinations".
- (b) Cumulative translation differences on foreign operations are deemed to be zero at 1 January 2004. Any gains and losses recognised in the consolidated income statement on subsequent disposals of foreign operations will therefore exclude translation differences arising prior to the transition date.
- (c) IAS32 and IAS39 have been adopted from 1 January 2005, with no restatement of comparative information.

The financial information presented for the period ended 2 April 2004 (Q1 2004) and 31 December 2004 (Q4 2004) has been restated to comply with IFRS.

The adjustments to the income statements for Q1 2004 and Q4 2004 all related to the recording of share related charges in accordance with IFRS 2, adjustments are shown in the tables below.

#### Q1 2004

	Under UK GAAP (unaudited) \$'000	IFRS 2 – Share based payment (unaudited) \$'000	Under IFRS (unaudited) \$'000
<b>Revenue</b>	36,812	-	36,812

Investment income	140	-	140
Finance income	175	-	175
<b>Profit before tax</b>	7,015	353	7,368
Tax	114	(106)	8
<b>Profit for the period</b>	7,129	247	7,376
<b>Earnings per share</b>	\$		\$
Basic	0.07		0.07
Diluted	0.06		0.06

#### Share-based payment

Under UK GAAP, an expense was recognised in the income statement for share options, excluding Save As You Earn options which were exempt, based on the difference between market price on the date of issue and the exercise price. Under IFRS 2, an expense is recognised for all equity settled share options granted after 7 November 2002 which had not fully vested by 31 December 2004, based on the fair value of the options calculated using the appropriate pricing models.

A charge of \$72,000 was recognised in respect of share options falling within the scope of IFRS 2 this was allocated between cost of sales, research and development, sales and marketing and administrative expenses in line with staff costs.

A credit of \$425,000 was recorded in respect of the reversal of the UITF 17 share related charge, previously recognised under UK GAAP, as this transaction fell outside the scope of IFRS 2. This was allocated between sales and marketing and administrative expenses.

#### Deferred tax

In accordance with IFRS 2, an additional tax charge of \$106,000 was recorded, being 30% of the net of the two adjustments above.

**Q4 2004**

	Under UK GAAP (unaudited) \$'000	IFRS 2 – Share based payment (unaudited) \$'000	Under IFRS (unaudited) \$'000
<b>Revenue</b>	79,793	-	79,793
Cost of sales	(42,566)	(14)	(42,580)
<b>Gross profit</b>	37,227	(14)	37,213
Research and development	(8,196)	(108)	(8,304)

<b>Total equity</b>	<u>99,627</u>	<u>(106)</u>	<u>-</u>	<u>99,521</u>

**Share based payment**

A share based payment reserve of \$131,000 was recorded, representing the charge of \$72,000 for Q1 2004 and a charge of \$59,000 for all preceding periods.

**Deferred tax**

The deferred tax asset was decreased by \$106,000 being the additional taxation charge in the quarter from the recording of share based payment charges under IFRS 2.

Under IFRS, all deferred tax assets are shown as non-current assets, this resulted in the reclassification of \$270,000 from trade and other receivables to deferred tax.

**Intangible assets**

Under UK GAAP, computer software costs were capitalised as tangible fixed assets. Under IFRS, computer software costs are capitalised as intangible assets. At 2 April 2004, this resulted in the reclassification of \$6,888,000 of computer software as intangible assets, mainly being licences for CAD tools.

**Treasury deposits**

Under UK GAAP, treasury deposits are defined as all deposits with a maturity exceeding 24 hours at the balance sheet date. Under IFRS, treasury deposits are defined as all deposits with an initial term exceeding 90 days. At 1 April 2004, this resulted in the reclassification of \$82,319,000 as cash and cash equivalents.

**Other changes**

Tax liabilities are shown separately on the face of the balance sheet, this resulted in the reclassification of \$44,000 from trade and other payables to tax liabilities.

**Q4 2004**

	<u>5,112</u>	<u>-</u>	<u>(2,346)</u>	<u>2,766</u>
<b>Total liabilities</b>	<u>41,566</u>	<u>-</u>	<u>-</u>	<u>41,566</u>
<b>Net assets</b>	<u>155,402</u>	<u>83</u>	<u>-</u>	<u>155,485</u>
<b>Equity</b>				
Share capital	218	-	-	218
Share premium account	77,769	-	-	77,769
Capital redemption reserve	950	-	-	950
Merger reserve	61,574	-	-	61,574
Share based payment reserve	-	759	-	759
Retained earnings	14,891	(676)	-	14,215
<b>Total equity</b>	<u>155,402</u>	<u>83</u>	<u>-</u>	<u>155,485</u>

**Share based payment**

A share based payment reserve of \$759,000 was recorded, representing the charge of \$248,000 for Q4 2004 and a charge of \$511,000 for all preceding periods.

**Deferred tax**

The deferred tax asset was increased by \$83,000 being the additional taxation benefit in the year from the recording of share based payment charges under IFRS 2.

\$8,029,000 was reclassified from trade and other receivables to deferred tax assets.

**Intangible assets**

At 31 December 2004, the adoption of IFRS resulted in the reclassification of \$6,350,000 of computer software as intangible assets, mainly being licences for CAD tools.

**Treasury deposits**

At 31 December 2004, the adoption of IFRS resulted in the reclassification of \$73,167,000 as cash and cash equivalents.

**Other changes**

Tax liabilities are shown separately on the face of the balance sheet, this resulted in the reclassification of \$71,000 from trade and other payables to tax liabilities.

Under IFRS, provisions should be split between shorter than one year and greater than one year. At 31 December 2004, this resulted in the reclassification of \$2,346,000 to provisions less than one year.

The adjustments to the cash flow statements for Q1 2004 and Q4 2004 related to the recording of share related charges in accordance with IFRS 2, the change in classification of intangible assets and the change in definition of treasury deposits. The adjustments are shown in the tables below:

**Q1 2004**

**Cash flow statement**

	Under UK GAAP (unaudited) \$'000	Adjustments (unaudited) \$'000	Under IFRS (unaudited) \$'000

#### CSR PLC STATEMENT ON DISRUPTION TO SUPPLY FROM A SUBCONTRACT MANUFACTURING FACILITY

Regulatory announcements

Financial Calendar

Financial information

CSR plc (LSE:CSR), a wireless solutions provider and the leader in Bluetooth technology, reports on the impact to its business of a fire at a subcontract manufacturing plant in Taiwan.

Share information

FAQs

On 1 May, CSR was advised that a fire had occurred at one of the Taiwanese manufacturing facilities of Advanced Semiconductor Engineering Inc. (ASE), one of the world's largest operations for assembly and testing of integrated circuits. Fortunately there were no serious injuries to ASE employees. No CSR staff were involved.

Advisers

Alerts service

The fire took place in the materials processing plant at ASE's Chung Li (ASECL) facility and has caused some damage to the Ball-Grid Array (BGA) assembly lines located in the same building. ASECL is one of two ASE sites assembling and testing products for CSR, the other being at Kaohsiung (ASEK). CSR carries out conventional BGA assembly both at ASECL and ASEK, and WLCSP (Wafer Level Chip-Scale Packaging) at ASEK. Production at ASEK is unaffected.

Investor contacts

CSR estimates that up to 10 days of work in progress (WIP) may have been lost at ASECL, for which CSR has insurance cover.

CSR and ASE have been cooperating over the weekend to execute their pre-existing recovery plans. Inventory of finished goods and processed wafers amounts to approximately 40 days of production and is unaffected. Shipping of finished goods is continuing from both sites and production of BGA packages is expected to resume within 7 days at ASECL. Full production capacity is expected to be regained within 30 days. Orders have already been placed on CSR's wafer and substrate processing subcontractors to replace the lost material and support this plan.

#### Trading Update

CSR will announce its un-audited results for the quarter ended 1 April 2005 on Wednesday, 4 May 2005. These results will show that CSR has met expectations for Q1 revenues and profits and that its design win record was again very strong. Full details will be provided in the announcement.

In addition, CSR announces that it has experienced a significant pick up in customer demand which, before adjusting for the impact of the fire at ASE Chung Li, would have led the Board to expect revenues for Q2 2005 of between \$85 and \$95 million. Revised guidance on Q2 2005 will be provided as soon as practicable.

CSR plc (Cambridge Silicon Radio) is a leading provider of single-chip radio devices for short range wireless communication. CSR offers developed hardware/software solutions for Bluetooth based around BlueCore, a fully integrated 2.4 GHz radio, baseband and microcontroller. BlueCore features in over 60 per cent of all qualified Bluetooth enabled products and modules listed on the Bluetooth website with industry leaders, including Nokia, Dell, Panasonic, Sharp, Motorola, IBM, Apple, NEC, Toshiba, RIM and Sony using BlueCore devices in their range of Bluetooth products. CSR is now producing its fourth generation of BlueCore devices to support the Enhanced Data Rate standard. In November 2004 CSR announced UniFi, the industry's first single chip IEEE802.11a, b, g embedded solution specifically targeting the mobile phone and consumer electronics markets.

CSR has its headquarters in Cambridge, UK, and offices in Richardson, Texas, and Detroit, Michigan, USA; Tokyo, Japan; Seoul, Korea; Taipei, Taiwan; Aalborg, Denmark and Lund, Sweden.

CSR acquired Clarity Technologies, Inc. on 15 March 2005. Clarity Technologies is a leading provider of software and services for improving the audio quality and performance of voice-based communications systems and products. Its voice extraction and echo cancellation software is based on its proprietary Clear Voice Capture ("CVC") technology, which enhances the audio performance of any voice-based product or system, including wireless headsets, wireless handsets and automotive hands free systems.

- > When you have checked all the sections of this form, please complete this page and sign the declaration below.
- > If you want to change the made up date of this annual return, please complete 2 below.

**1. Declaration**

I confirm that the details in this annual return are correct as at the made-up-date (shown at 2 below). I enclose the filing fee of £30.

Signature *[Handwritten Signature]* Date 29 / 03 / 2005  
(Director / Secretary)  
*This date must not be earlier than the return date at 2 below*

**What to do now**  
Complete this page then send the whole of the Annual Return and the declaration to the address shown at 4 below.

**2. Date of this return**

This AR is made up to 26/3/2005 If you are making this return up to an earlier date, please give the date here

\_\_ / \_\_ / \_\_\_\_

*Note: The form must be delivered to CH within 28 days of this date*

**3. Date of next return**

If you wish to change your next return to a date earlier than **26th March 2006** please give the new date here:

\_\_ / \_\_ / \_\_\_\_

**4. Where to send this form**

Please return this form to:

Registrar of Companies Companies House Crown Way Cardiff CF14 3UZ	OR	For members of the Hays Document Exchange service DX 33050 Cardiff
--	----	--

**Have you enclosed the filing fee with the company number written on the reverse of the cheque?**

**Contact Address**

You do not have to give any contact information below, but if you do, it will help Companies House to contact you if there is a query on the form. The contact information that you give will be visible to searchers of the public record.

COMPANIES HOUSE

Form April 2002

004  
08/07/05

**Company Number**

† Directors only.

† Other directorships

**NOTES**

Show the full forenames, NOT INITIALS. If the director or secretary is a corporation or Scottish firm, show the name on surname line and registered or principal office on the usual residential line.

Give previous forenames or surname(s) except:

- for a married woman, the name by which she was known before marriage need not be given.
- for names not used since the age of 18 or for at least 20 years

A peer or individual known by a title may state the title instead of or in addition to the forenames and surname and need not give the name by which that person was known before he or she adopted the title or succeeded to it.

**Other directorships.**

Give the name of every company incorporated in Great Britain of which the person concerned is a director or has been a director at any time in the past five years.

You may exclude a company which either is, or at all times during the past five years when the person concerned was a director, was

- dormant
- a parent company which wholly owned the company making the return, or
- another wholly owned subsidiary of the same parent company.
