## 2.Changes to business segments

On October 1, 2005, the company integrated its energy-engineering business (pipelines, energy plants) and the same business of Sumitomo Metal Plantec Co., Ltd. to form Sumitomo Metal Pipeline and Piping, Ltd. and the energy-engineering business was transferred from the Engineering segment to Pipe & Tube Company.

As a result, the sales, operating expenses and operating profit pertaining to the energy-engineering business, which were recorded in the accounts of the Engineering segment until the end of the first half of the previous fiscal year, have been recorded in the Steel business segment since the second half of the previous fiscal year. The change will be applied to the previous first quarter and the previous fiscal year, and reflected in the Steel business segment's accounts, as shown below.
