EVENT OF DISSOLUTION OF FLYCOM COMUNICACIONES S.A. E.S.P.

At Flycom's Stockholders' Meeting held on June 7th 2006, shareholders were advised that the Company's net equity has fallen below 50% of subscribed and paid-in capital, a fact that as provided en Article 457 number 2 of the Code of Commerce, constitutes an event of dissolution and that is further explained by the accumulated losses intrinsic to a process of consolidation in a highly competitive market.

Once aware of the situation, shareholders requested that alternatives be explored to thwart the event of dissolution before the expiration of the term established by the law.

The corporate purpose of Flycom Comunicaciones is the provision of value-added voice and data services for the business community (interconnectivity of offices and business centers and corporate Internet). In 2000 ISA acquired the LMDS (Local Multipoint Distribution Systems) license to provide telecommunication services nationwide through this company, by using wireless technologies as its main transmission medium.

75.04% of Flycom's capital is owned by ISA, 24.95% by First Mark Communications Latinoamerica S.A. (FMCLA) and 0.01% by other investors.

ISA ENTERS THE BRAZILIAN ENERGY MARKET

- *ISA acquired a controlling participation in Brazil's major electricity transmission company.*
- *Through this transaction Grupo ISA strengthened its position as the largest energy transporter in Latin America.*

With an offer close to R\$1,194 million (approximately US\$535 million) Interconexión Eléctrica S.A. –ISA– was awarded today the public bid for 50.1% of common shares of Companhia de Transmissão de Energia Paulista –CTEEP–, a company domiciled in Sao Paulo State. In this way ISA assumes control of the company, thus formalizing its entrance to Mercosur and underscoring its leadership as economic group in Latin America.

The auction conducted by the Sao Paulo Government is of special relevance since the company is Brazil's major electric power transmission company with a network of 11,800 km of transmission lines, 18,300 km of circuitry, 102 substations, 1,800 km of fiber-optic cable, 177 telecommunication stations, one system operation center and three regional operation centers.

This is the largest transaction ever in ISA's expansion process and it reinforces its position as Latin American leading international electricity transporter with about 29,000 km of transmission lines.

In the process in which ISA overpowered large Brazilian, Italian and Canadian capital companies among others, BBVA Brasil acted as ISA's investment banker

The operation will be financed through loan facilities from foreign banks.

Companhia de Transmissão de Energia Electrica Paulista –CTEEP—participates in the power sector of Sao Paulo, an organism that was restructured and privatized in the second half of the 1990s. As of the end of 2005 The company [sic] The remaining 49.9% of common shares belong to the Sao Paulo State Secretary of Finance, Electrobras and Uniao.

ISA's International Expansion

To Javier G. Gutiérrez P., ISA's General Manager, the award signals a new milestone in the Company's growth strategy, underlines its international presence and adds to its current participation in the Andean Community of Nations –CAN-- and Central America.

Grupo ISA, whose assets by the end of 2005 stood at US\$2,571 million, is the largest international transporter of electric energy in Latin America and is present in the Andean Community of Nations –CAN-- through its parent company ISA and its power sector affiliates Transelca, Red de Energia del Peru –REP--, ISA Peru, ISA Bolivia and XM, Compañía de Expertos en Mercados, and Flycom Comunicaciones and INTERNEXA in the telecommunications sector.

Grupo ISA is also a partner of Empresa Propietaria de la Red -EPR-, the entity working in Central America to operate a 1,830km grid in the region's six countries.

It has international interconnections linking Colombia with Ecuador and Venezuela and Peru with Ecuador, it is working to make viable international connections between Peru and Bolivia and between Colombia and Panama, and is currently building a 1,000km power corridor between Colombia's central region and the Atlantic Coast.

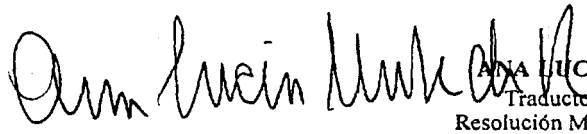

ISA's latest move in the international field took place last May when together with Empresa de Energia de Bogota reached an agreement with Canadian HQI for the acquisition of this company's 57% participation in Consorcio TransMantaro S.A., a power transmission company located in Peru. This operation, worth US\$ 67 million, shall materialize once all necessary governmental approvals are obtained.

Justificación

El 30 de junio de 2006 Standard & Poor's Ratings Services colocó su calificación BBB para el crédito corporativo en moneda local de Interconexión Eléctrica S. A. E. S. P. (ISA) bajo *CreditWatch* con implicaciones negativas, después de que la empresa adquiriera una mayoría del 50.1% en la Companhia de Transmissão de Energia Paulista (CTEEP, sin calificación) por cerca de US\$540 millones. CTEEP es la principal compañía de transmisión eléctrica de Brasil. Está localizada en el estado de Sao Paulo y tiene aproximadamente 11.800 kilómetros de líneas de transmisión. Durante los 12 meses terminados el 31 de marzo de 2006, CTEEP reportó US\$543 millones de ingresos, y un EBITDA de aproximadamente US\$283 millones.

En opinión nuestra, la adquisición de CTEEP refleja los continuos esfuerzos de ISA por obtener una diversificación geográfica y capitalizar las oportunidades de crecimiento en la región. Sin embargo, el *CreditWatch* negativo refleja nuestra preocupación de que la adquisición sólo tenga como resultado un mayor endeudamiento que podría debilitar el perfil financiero de la empresa. Se espera que parte de la adquisición de CTEEP será financiada con deuda. Reafirmamos la calificación 'BB' en moneda extranjera reflejando nuestra expectativa de que la rebaja estará limitada a un nivel.

Standard & Poor's monitoreará los desarrollos relacionados con el proceso de adquisición y cualesquier planes de financiación asociados, y resolverá el *CreditWatch* después de evaluar el efecto que tendrá la adquisición en el perfil de riesgo de la compañía. En particular, nos enfocaremos en la evaluación del endeudamiento de la compañía, así como en su capacidad de generar flujos de efectivo adecuados y de mantener indicadores rentabilidad consistentes con la categoría de calificación grado de inversión.

Las calificaciones de ISA reflejan su posición dominante en el Sistema de Transmisión Nacional colombiano, su importancia estratégica para la República de Colombia, su monopolio natural, y la propiedad del gobierno. Estas fortalezas están mitigadas por los riesgos de operar en el ambiente político y económico de Colombia, el riesgo cambiario relacionado con su deuda denominada en moneda extranjera, y su mayor exposición a economías más volátiles.

Local Currency	Foreign Currency
----------------	------------------

Credit Rating: BBB/Watch Neg/--	BB/Positive/--
--	----------------

Rationale

On June 30, 2006, Standard & Poor's Ratings Services placed its 'BBB' local currency long-term corporate credit rating on Interconexion Electrica S.A. E.S.P. (ISA) on CreditWatch with negative implications, following the company's acquisition of a 50.1% controlling stake in Companhia de Transmissão de Energia Paulista (CTEEP; not rated) for about \$540 million. CTEEP is the main electric transmission company in Brazil. Located in the state of Sao Paulo, it has roughly 11,800 kilometers of transmission lines. For the 12 months ended March 31, 2006, CTEEP posted \$543 million in revenues, and an EBITDA of about \$283 million.

In our opinion, the acquisition of CTEEP reflects ISA's continuous efforts to pursue geographic diversification and to capitalize growth opportunities throughout the region. However, the negative CreditWatch listing reflects our concern that the acquisition could also derive in higher leverage that could weaken the company's financial profile. It is expected that part of the CTEEP acquisition will be financed with debt. The 'BB' foreign currency rating is affirmed and reflects our expectation that the downgrade would be limited to one notch.

Standard & Poor's will monitor developments related to the acquisition process and any associated financing plans, and will resolve the CreditWatch after assessing the effect that the acquisition will have on the company's risk profile. In particular, we will focus on the evaluation of the company's indebtedness, as well as on its ability to generate adequate cash flow streams and to maintain profitability indicators consistent with the investment-grade rating category.

The ratings on ISA reflect the company's dominant position in Colombia's National Transmission System, its strategic importance for the Republic of Colombia, its natural monopoly, and the government's ownership. These strengths are mitigated by the risks of operating in the economic and political environment of Colombia, foreign-exchange risk related to its foreign-currency-denominated debt, and its increased exposure to more volatile economies.

Noviembre 20 de 1989

Dear Ms. Jeannette,

We hereby inform you that in today's meeting, the Board of Directors of Duff & Phelps de Colombia S.A., after conducting corresponding study and analysis for the special revision of the following bond issues carried out by INTERCONEXIÓN ELÉCTRICA S.A. – ISA S.A. E. S. P.:

\$180,000 million bond issue – 1999

\$130,000 million bond issue – 2001

\$850,000 million bond program -

decided to uphold the AAA rating previously given and to assign a negative perspective. Such rating means issues of the highest credit quality. Risk factors are virtually nonexistent.

By assigning a perspective to a rating, Duff & Phelps de Colombia indicates the direction where a rating can move along a period of one to two years. The perspective may be positive, stable or negative. Positive or negative perspectives do not necessarily mean that the rating will be inevitably changed.

The awarding of a negative perspective to the rating obeys to the possibility of a substantial increase in the company's debt, resulting from the financing of the recent acquisition of 50.1% of common shares of Companhia de Transmissão de

Energia Paulista -CTEEP- worth US\$535 million. Initially, such funds will be funded against ISA's balance sheet until ISA Capital do Brasil, the vehicle through which ISA has conducted the transaction, formalizes a loan of about US\$350 million.

The amount mentioned could be higher since in the second stage of the transaction, the seller of CTEEP's control is required to offer to CTEEP's employees 10% of the company's capital, including common and preferred shares; the new controlling shareholder must then reimburse the Government of São Paulo the discount over the common shares offered to the employees. The new controlling shareholder commits to purchase at the end of the offer any common shares not acquired by the employees at the minimum price set. The offer to the employees will be made between July and August of 2006, and it will be settled in September.

Additionally, the transaction has a further third stage, to be concluded not later than in November 2006, in which the new controlling shareholder must conduct a public tender offer to purchase the remaining shares held by the other shareholders.

ISA Capital do Brasil is currently under negotiations to find a partner who will contribute part of the funds necessary for the second and third stages of the transaction. Should such a partner not be found, ISA must assume all payments.

Although Duff & Phelps de Colombia is of the opinion that the transaction is a positive step towards ISA's regional consolidation specially given that CTEEP is a high-quality and profitable company, the size of financing needed, its structuring, and ISA's final participation in the business, may all result in a weakened credit profile.

In giving the ratings mentioned above, we maintain the rationale for the rating of 1999 and 2001 issues ratified in March of 2006 as well as the rating for the bond program ratified in December of 2005.

Truly yours,

(signed)

ISA'S SHAREHOLDERS WILL RECEIVE THEIR SECOND DIVIDEND PAYMENT

This Wednesday, July 19th, ISA's shareholders will receive the second of the four scheduled dividend payments. Payment is made in compliance with the decision of the Stockholders' Meeting held on March 27th 2006 approving a dividend of COL\$120 per share payable in four quarterly installments.

Who can collect dividends?

Every shareholder who as of July 5th, that is prior to the exdividend period (the period between the dividend payment date and ten (10) stock exchange business days immediately before) appears as holder of shares is entitled to dividend payment on July 19th. The exdividend period for this payment starts on July 5th and ends on July 18th 2006.

For further information shareholders can call toll free to 01 8000 11 5000 from Medellín dial 360 24 72.

Since uncollected dividends do not earn any return nor interest, ISA invites its shareholders to collect their dividends timely.

**PURCHASE PROCESS OF SHARES AT
COMPANHIA DE TRANSMISSÃO DE ENERGIA PAULISTA -CTEEP-**

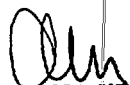

According to Edital SF/001/2006, through which capital stock of CTEEP-
Compañía de Transmisión de Energía Eléctrica Paulista- is transferred, the sale
process is divided into several stages:

The first stage comprises purchase of Control Block, which was reported as
"Other Relevant Information" on June 28th 2006.

The second stage comprises purchase of shares remaining after sale of shares
to CTEEP's employees.

Employees are offered 10% of CTEEP's capital stock through preferential offer,
according to proceedings described in the Edital and in the Prospect of Offer to
Employees. The new controlling shareholder (ISA CAPITAL DO BRASIL LTDA)
of CTEEP is required to purchase any common shares that remain unsold after
the Offer to Employees at the minimum auction price of R\$24.11 per 1,000
shares, to be paid on demand in full to respective sellers in national legal tender
(Reais) on the date stated in the timetable, as provided in the Instructions
Manual. According to the initial schedule, the deadline to start this sale process of
shares to employees is July 21st.

Once ISA is advised of the number of shares to be sold by the staffers of CTEEP,
it will disclose pertaining information.

Subject: 260 034 Internal Public Debt Program for ISA
 180 Public Offering in the Primary Market
 05 Certification

Dear Ms. Luz Stella:

In compliance with article 1.2.6.2. from the Resolution 400 of 1995, issued by the General Council of the former Colombian Securities and Exchange Commission, today Financial Superintendency of Colombia, and for the purpose of complying with article 5, numeral 5 from the Resolution 0205 as of February 18, 2004, issued by this Commission, we hereby certify that the proceeds obtained by Interconexión Eléctrica S.A. E.S.P., through the placement of the first lot, tranche 4 of the ISA's bond offering program that took place on April 7, 2006, reached a total amount of one hundred and eighteen thousand five hundred million Colombian pesos (\$118,500,000,000).

This certification is issued in Medellín, on April 26, 2006.

Yours truly,

CERTIFICATE OF THE STATUTORY AUDITOR

To the General Manager of
Interconexión Eléctrica S.A. E.S.P. "ISA"

April 24, 2006.

Acting in my capacity of Statutory Auditor for Interconexión Eléctrica S.A. E.S.P. "ISA", company identified with NIT 860.016.610-3 and in order to comply with article 1.2.6.2. from the Resolution 400 of 1995 and with article 5 from the Resolution 0205 of February 18, 2004, both issued by the former Colombian Securities and Exchange Commission, today Financial Superintendency of Colombia, I hereby certify accordingly to the accounting records and accounting supporting material number 800000740 and 800000741 as of April 7, 2006, that the company registered in its accounting books a liability due to a bond offering for a total amount of \$118,500,000,000.

These accounting records are being reviewed by me, in accordance with auditing standards generally accepted in Colombia, with the purpose of issuing an opinion on the financial statements of the company as of December 31, 2006, in order to determine if such financial statements present fairly the financial position and the result of its operations in conformity with accounting principles and practices generally accepted in Colombia for companies under the surveillance of the Colombian General Accounting Office. As a result, under the circumstances, I am not in the position of issuing an opinion on the reasonability of such accounting records, and consequently I do not issue such opinion.

This certification is issued at the request of the Company's management in order to comply with the request for information made by the Financial Superintendency of Colombia, and shall not be used for any other purpose, nor shall be distributed to third parties.

Yours truly,

(Original document duly signed)

Carlos Enrique Gordillo B.
