In particular, he spent 6 years as Vice President and General Manager of Asia Pacific Sales and Marketing Operations, resident in Hong Kong before becoming Vice President and General Manager of Corporate Marketing reporting directly to Andy Grove. He joined Bay Networks in 1996 where, as a member of the executive team, he developed and promoted the Adaptive Networking strategy, generating sales of \$2.4bn world wide. In 1998, Bay Networks was acquired by Nortel where Dave continued to work until 1999.

Mr Shrigley also has had considerable board level experience. As a director of SonicWall Inc. he was involved in their IPO on NASDAQ and as a general partner at Sevin Rosen Funds in California (1999 - 2005) was a portfolio director of several companies including SPI Lasers plc in the UK which listed on AIM in 2005.

David Milne founded Wolfson Microelectronics in 1984 and has served as CEO and Managing Director since that time, taking the Company public on the London Stock Exchange in 2003. David has managed the development of the Company which has grown to annualized revenues of over \$200m.

John Carey, Chairman of Wolfson Microelectronics, said: "I would like to extend the Board's thanks to David for his outstanding contribution to the development and success of Wolfson. The Company has grown from a design house to an international semiconductor business and has been one of the fastest growing companies on the London Stock Exchange since its IPO in 2003. We will benefit greatly from his continuing advice and input as a director of the Company.

"We are delighted that Dave Shrigley has agreed to join us as our new Chief Executive. He brings to Wolfson all-round expertise in the semiconductor industry as well as the experience of succeeding in large as well as smaller companies. We look forward to him inspiring the staff and building on David Milne's achievements."

David Milne, Chief Executive of Wolfson Microelectronics, commented: "I am delighted that Dave Shrigley is joining the Company to take it to even greater heights. He has world class experience of the industry and I have every confidence that his proven leadership skills, enthusiasm and ability will take the Company through its next stage of growth."

"In stepping down as CEO, I am honoured to have led such a tremendous team of people that have created an internationally recognised company based in Scotland. I would like to express my thanks to all the engineers and other colleagues that have made this possible."
